# Final Investigation Report of Joint Investigation Team (Panama Case)

# FINAL INVESTIGATION REPORT OF

# JOINT INVESTIGATION TEAM - PANAMA CASE

1. In pursuance to the Order of the Honourable Supreme Court of Pakistan dated April 20th, 2017 and Implementation Bench Order dated May 5th, 2017 in case of **C.M.A. No. 2939 of 2017 in Constitution Petition No. 29 of 2016 etc.,** the Joint Investigation Team initiated the investigation into the affairs of the Panama Papers Case on May 8, 2017. The following members comprise the JIT:

i. Mr. Wajid Zia, PSP, Head of JIT (Addl. Director General, FIA).

ii. Brigadier Muhammad Nauman Saeed (R), Member (Rep. ISI)

iii. Brigadier Kamran Khurshid, Member (Rep. MI)

iv. Mr. Amer Aziz, Member (Executive Director, SBP)

v. Mr. Bilal Rasul, Member/Secretary (Executive Director, SECP)

vi. Mr. Irfan Naeem Mangi, Member (Director, NAB)

## The Scope and Key Focus Areas of JIT's Investigation Report

2. The JIT has completed the investigation, which culminates in its Final Report submitted herewith. The scope and mandate of the JIT has been focused on answering the following questions and addressing ancillary matters in the allotted time of sixty days by the Honorable Supreme Court:

i. how did Gulf Steel Mills come into being;

ii. what led to its sale;

JOINT INVESTIGATION TEAM PANAMA CASE

iii. what happened to its liabilities;

iv. where did its sale proceeds end up;

v. how did they reach Jeddah, Qatar and the U.K.;

vi. whether respondents No. 7 and 8 in view of their tender ages had the means in the early nineties to possess and purchase the flats;

vii. whether sudden appearance of the letters of Hamad Bin Jassim Bin Jaber Al-Thani is a myth or a reality;

viii. how bearer shares crystallized into the flats;

ix. who, in fact, is the real and beneficial owner of M/s. Nielsen Enterprises Limited and M/s. Nescoll Limited,

x. how did Hill Metals Establishment come into existence;

xi. where did the money for Flagship Investment Limited and other companies set up/taken over by respondent No. 8 come from,

xii. and where did the Working Capital for such companies come from and

xiii. where do the huge sums running into millions gifted by respondent No. 7 to respondent No. 1 drop in from.

3. In addition to above, the JIT also investigated the acquired assets of the Respondents and their interest therein disproportionate to their known means of income in light of the Order of the Court. Furthermore, it examined the evidence and material already available with FIA and NAB related to or having any nexus with the possession or acquisition of Avenfield properties or any other assets or pecuniary resources and their origin.

4. **The Final Investigation Report of the JIT:** The JIT declares that it has attempted to thoroughly answer and address all the queries of the Honorable Supreme Court by employing its best efforts and use of minimal resources through a course of exhaustive investigation inland and

abroad. The final investigation report has been preceded by three progress reports that were each submitted on a fortnightly basis (May 22, June 7 and July 22, 2017) per the directions of the Honorable Supreme Court. The final consolidated report of JIT comprising the following 10+2 volumes is submitted for kind perusal:

| | | |
|---|---|---|
| a. | Volume-I: | Summary of Investigation |
| b. | Volume-II: | Statements of Witnesses and Analysis |
| c. | Volume-III: | Gulf Steel Mills |
| d. | Volume-IV: | Ownership of Avenfield Apartments |
| e. | Volume-V: | Qatari Letters |
| f. | Volume-VI: | Hill Metals Establishment/ Gifts |

**Investigation Methodology:**

5. The Joint Investigation Team (JIT) conducting investigations on multiple prongs to find truth with reference to thirteen (13+2) Questions raised by the Honourable Bench along with the issue of acquiring assets disproportionate to known means of income, within the assigned period (60 days). The investigation was conducted with a view to collect evidence to i) corroborate or

JOINT INVESTIGATION TEAM PANAMA CASE

contradict the stance taken by the Respondents before the Honourable Supreme Court of Pakistan, and ii) ascertain how the events actually transpired. This was done by:

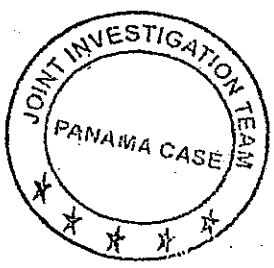
a. examining witnesses and collecting evidences;

b. confirming the events/chronology based on corroboration of statements by different witnesses;

c. seeking Mutual Legal Assistance (MLA) from foreign countries to acquire essential information and documents;

d. analysis/ forensics of available record/ documents (inquiry reports and tax returns etc.) acquired from various institutions/ Government Departments.

e. Seeking assistance of expert document examiner where required



6. **Initial planning and decisions**. In the initial meetings, the JIT deliberated on the course of action and strategy to be adopted. It was decided that, given the limited time available, the JIT must work simultaneously on all dimensions of the case and address the issues faced on an emergent basis. The following preliminary issues/requirements were identified:

a. Security protocols - to ensure security of personnel, material and information. This issue was resolved in the first meeting by deciding the protocols;

b. Ensuring independence of the JIT from executive interference;

c. Selecting a reputed overseas firm - to assist the JIT in issues related to overseas jurisdictions and procuring of evidence / material/ information related to Mutual Legal Assistance abroad; and

d. Associating experts from different departments - for supporting the investigation process. The progress attained in resolving these issues is discussed in detail in the following paragraphs.

7. Follow up Actions: The following methodology was adopted for undertaking the investigation within stipulated time (60 days):

a. **Identification and Summoning of Witnesses:** A total of 28 witnesses were summoned and examined in multiple sessions, who were either related to or acquainted with the facts of the case. It would be prudent to highlight, that despite repeated summons, following witnesses did not appear before the JIT:-

(1) Mr. Hamad Bin Jassin Bin Jaber Al-Thani (Qatari Prince);

(2) Sheikh Saeed (US national; close associate of Respondent No, 1 and required for Hudabiya Mills Case and Hill Metal Establishments money transactions);

(3) Mr. Moosa Ghani (nephew of the wife of Mr. Muhammad Ishaq Dar) in relation to his involvement in fraudulent. Fictitious money transactions associated with Hudabiya Mills Case and his role in Malik Abdul Ghani Trust;

(4) Mr. Kashif Masood Qazi (principle witness in Hudabiya Mills Case);

(5) Mr. Shezi Neckvi (plaintiff in Al-Towfeeq Case);

b. **Witnesses on ECL:** Mr. Javed Kiyani and Mr Saeed Ahmed, have been placed by the JIT on Exit Control List. It is requested that their names may continue to remain on the list till a decision of the Honorable Court is announced.

c. **Analysis of Documents/ Record Presented:** The JIT has invariably directed all witnesses to submit documents/record for the purpose of establishing the money trails and understanding th underlying transactions pertaining to loans, procurement of properties, transmitting gifts etc., that have surfaced over the course of the investigation process. However, selective documents/record have been furnished that are severely lacking in substance. The respondents have

PANAMA CASE

declined to produce further documents/record and have also denied access to any information that the JIT could obtain through formal channels with the consent of the witnesses.

d. **Collection of the case material:**

(1) Following records were obtained from various departments to further the investigation:

(a) All relevant material/ information filed in Honourable Supreme Court of Pakistan in Panama Case;

(b) Banking record from State Bank of Pakistan and other commercial banks including bank account details and bank statements of all individuals associated with Panama Case;

(c) FBR record including Income Tax Returns, Wealth Statements and Wealth Tax Returns of Respondents and others associated with the case;

(d) Companies record from SECP including old cases;

(e) Record of all cases/ inquiries pending/ ongoing in NAB and FIA;

(e) Record of assets' declaration of public office holders in nomination papers from ECP;

(2) It would also be pertinent to mention that most of the departments/ government institutions although provided the record asked for, however, it was provided selectively and in parts. Despite repeated reminders, FBR remained elusive with reference to the provision of complete Tax Returns of Mr. Ishaq Dar till the time he appeared before the JIT.

e. **Mutual Legal Assistance (MLA) Requests:**

(1) **Issuance of MLA Requests**

Consequent to the issuance of the Notification on the direction of the Honorable Supreme Court of Pakistan authorizing the Chairman, JIT to exercise the powers enumerated in section 21 of the NAO, 1999, the following MLA Requests have been initiated:

(a) Attorney General, British Virgin Islands; 3 requests
(b) Home Office, UK Central Authority; 7 requests
(c) Ministry of Interior, Kingdom of Saudi Arabia; 1 request
(d) Ministry of Justice, United Arab Emirates; 7 requests
(e) Central Authority, Switzerland; 2 requests and
(f) Prosecutor General, Luxemborg; 1 request

(2) **Response to MLA Requests**

The following jurisdictions have thus far responded to the MLA Requests:

(a) Attorney General, British Virgin Islands; 1 request
(b) Ministry of Justice, United Arab Emirates; 4 requests

e. **Investigation/collection of evidence from abroad**

(1) The JIT hired the services of a UK based solicitor firm namely; QUIST, London to pursue the MLA Requests, arrange forensic investigations, render legal advice and assist in collection and dispatch of relevant record/documents.

(2) An investigative firm was hired in UK to acquire relevant documents/record;

(3) A team of 2 JIT Members visited U.A.E. to investigate and acquire relevant record / evidence related to interest/involvement of Sharif family in businesses in Dubai with special emphasis on affairs of Capital FZE;

JOINT INVESTIGATION TEAM
PANAMA CASE

(4) A solicitor firm of BVI was hired to pursue/ investigate the queries related to BVI raised in the relevant MLA Requests;

(5) An acclaimed handwriting expert namely; The Radley Forensic Document Laboratory, Forensic Handwriting & Document Examination Experts was hired to analyze and comment on the documents produced by the witnesses pertaining to the UK jurisdiction.

8. **Experts from different institutions**. The JIT has associated the services of certain subject specialists / analysts from different institutions for assistance on need basis from parent departments of all Members of the JIT. These experts have provided invaluable services and input and have been a critical part of the investigation. Whereas, the threat to personal and job security of the JIT Members is in notice of the Honorable Supreme Court, these associated members (names provided earlier vide our letter No. JIT/PC/SC/01/17/ dated 07.7.17) may be subject to similar threats and victimization, therefore, the Honorable Supreme Court is requested to include the associated members/staff of JIT in Orders issued in this regard.

9. Submitted to the Honourable Implementation Bench, Supreme Court of Pakistan.

## NOTE BY

## THE HEAD OF THE JOINT INVESTIGATION TEAM, PANAMA CASE

I feel privileged, honored and proud to have been the Head of this Joint Investigation Team and take this opportunity to thank the Honorable Implementation bench for reposing unwavering trust in the JIT.

Investigation for me, is the finding out of truth, and Alhamdulillah, I feel that we have been successful to submit the truth today to the Honorable Supreme Court of Pakistan. This task could not have been accomplished without the exceptional abilities of all members of the JIT, and their utmost dedication to complete the investigation in an impartial and fair manner. I, as the Head of JIT, take full responsibility for all aspect of investigation and would like to thank all the members of the JIT as well as the associated staff from different departments. Without their support and dedication it would not have been possible to complete this task within the stipulated time.

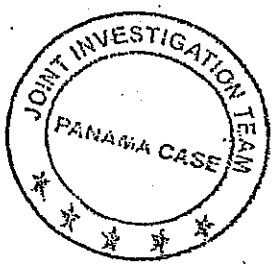
## Gulf Steel Mills

*Documentary Evidences, Annexures and details are covered in Volume III of Investigation Report of Joint Investigation Team, Panama Case*

*Documentary Evidences, Annexures and details are covered in Volume III of Investigation Report of Joint Investigation Team, Panama Case*



## GULF STEEL MILLS

The Honourable Bench has directed the JIT to probe following five (5) questions related to Gulf Steel Mills;

i) How Gulf Steel Mills came into being?
ii) What led to its sale?
iii) What happened to its liabilities?
iv) Where did its sale proceeds end up?
v) How did they reach Jeddah, Qatar and UK?

**Back ground of the questions**

1. Just before the publication of Panama Papers, Mr Hussain Nawaz Sharif, who otherwise did not appear much in media, gave a series of interviews to TV channels. After the publication of Panama Papers, where it was alleged that the Sharif family owned the Avenfield Apartments through offshore companies, the Prime Minister also addressed the nation on a number of occasions to answer these allegations. After the proceedings started in the Honourable Supreme Court of Pakistan, the Prime Minister and the members of his family became the Respondents and filed their defence. During all media interviews, addresses to the nation and the proceedings in the Honourable Supreme Court of Pakistan, the ownership of the apartments by the Sharif family was accepted. This, however, required the answer to the question as to what weres the sources of funds for the purchase of these apartments and how were those funds transferred abroad.

2. The Gulf Steel Mills became the cornerstone explanation as to the origin of funds that became available to the Sharif family, not only for the purchase of apartments, but also for other overseas businesses established by the family members of the Prime Minister including the Steel Mills in Kingdom of Saudi Arabia (KSA). With many shifting and sometimes conflicting positions, it was explained by the Respondents 7 & 8 that the sale proceeds of Gulf Steel Mills were invested, in cash and without paperwork, with the Al-Thani family of Qatar, and all subsequent ventures overseas including purchase of the apartments, setting up of the businesses in KSA and UK as well as out of court settlement with Al-Towfeek company were undertaken from the profits made from this investment.

**Methodology of Investigations - Gulf Steel Mills**

3. **Recording of Statements**:

a. **Recording of Statements**: JIT recorded statements of, i) Mr. Tariq Shafi, ii) Mian Muhammad Nawaz Sharif (Respondent No. 1), iii) Mian Muhammad Shahbaz Sharif, iv) Mr. Hussain Nawaz Sharif (Respondent No. 7) and, v) Mr. Hasan Nawaz Sharif (Respondent No. 8) for either being acquainted with the details of Gulf Steel Mills or having filed any document/ supporting evidence in Honourable Supreme Court of Pakistan during Panama Case proceedings. Excerpts of their statements related to Gulf Steel Mills are attached as *Annexure A*.

b. **Significance of the Statement of Mr. Muhammad Tariq Shafi:** Mr. Tariq Shafi son of Mr. Muhammad Shafi is the only witness from the side of the Respondents, who, through two Affidavits dated November 12, 2016 and January 20, 2017, (attached as ***Annexure B***) attempted to provide answers to the Honourable Supreme Court of Pakistan about the questions related to Gulf Steel Mills.

4. **Request for Mutual Legal Assistance (MLA) to Government of United Arab Emirates (UAE)**: The JIT requested Ministry of Justice, Government of UAE under MLA for authentications/ certification of documents submitted by Mr. Hussain Nawaz Sharif (Respondent No. 7) along with the Affidavit of Mr. Tariq Shafi.

**Findings of the JIT**

5. **Provision of Documents/ Records by the Respondents:**

a. Despite prior notice, Mr. Muhammad Tariq Shafi and Respondents (No. 1, 6, 7 & 8) failed to provide any additional document/ record or evidence before the JIT to substantiate their stated position on Gulf Steel Mills. Following documents/ records (only photocopies are provided to JIT), attached with two Affidavits of Mr. Tariq Shafi (CMA 7531 and CMA 432), are basis of the defence of Respondents about Gulf Steel Mills:-

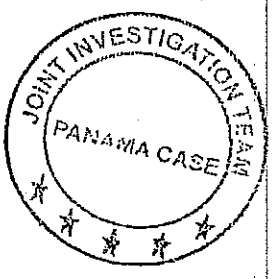
(1) License for establishment of Gulf Steel Mills

(2) Share Sale Agreement 1978

(3) Share Sale Agreement 1980

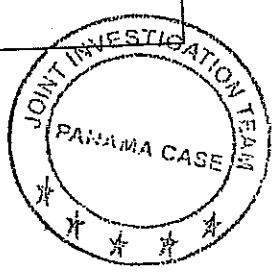
(4) LC for transportation of scrap machinery of Gulf Steel Mills from Dubai to Jeddah for Azizia Steel Mills.

b. Mr. Tariq Shafi, Mian Muhammad Nawaz Sharif (Respondent No. 1), Mr. Hussain Nawaz Sharif (Respondent No. 7) and Mr. Hassan Nawaz Sharif



(Respondent No. 8) failed to provide any additional evidence/proof about ownership and financial status of the Mills to substantiate their stated position.

c. This non-provision of asked corroborative documents/ record and refusal to give "Data Disclosure Consent" to the JIT corroborate the fact that they were consciously veiling the evidence and possibility of its access by JIT, which they were otherwise required to produce before the JIT in the light of Articles 117, 119 & 129 of Qanoon-e-Shahadat 1984 and Section-9(a)(5) of National Accountability Ordinance 1999.



6. **Unreliability of Two Affidavits of Mr. Tariq Shafi, Produced by Respondent No. 7 and ratified by Respondents No, 1, 6 & 8**: The defense of Respondents No. 1, 6, 7 and 8 about seed money (12 Million Dirhams) for their businesses and properties (especially Avenfield Apartments) hinges upon the Affidavits (including attached documents) submitted by Mr. Muhammad Tariq Shafi. Therefore, the statement of Mr. Tariq Shafi (sole witness from the side of the Respondents) was cross-analyzed with the statement given by Mian Nawaz Sharif, Mian Shahbaz Sharif, Mr. Hussain Nawaz Sharif and Mr. Hassan Nawaz Sharif etc, especially in respect of a specific question raised by Justice Ijaz Ehsan in the Court Judgment that whether Affidavits of Mr. Tariq Shafi can be relied upon as evidence? (paragraph xiv, page 461 of the Court Judgement). The findings of the JIT are as under:-

a. The Affidavits along with the Annexures of Tariq Shafi were drafted by Barrister Salman Akram Raja on behalf of Mr. Tariq Shafi. The witness has not read or understood the Affidavit before signing, hence, has failed to justify contents of these Affidavits while attributing the anomalies to his lawyer. The JIT finds that these documents are factually incorrect, speculative, tampered and misleading, hence cannot be relied upon.

b. The witness was asked to read both Affidavits and to clarify his position on each issue. The anomalies and contradictions as identified in the Affidavits vis-à-vis Mr. Tariq Shafi's statements are as under:-

| Serial | Excerpts from Affidavits | JIT observations / contradictions |
|---|---|---|
| | **Affidavit dated November 12th, 2016** | |
| | **(CMA 7531)** | |
| (1) | **Paragraph 3:**<br><br>.....During this period, Late Mian Muhammad Sharif decided to establish, in partnership with one Muhammad Hussain, a company in Dubai,..... under the name and style of Gulf Steel Mills (the Company)..... | • He repeatedly stated that Mian Sharif was the sole owner of Gulf Steel Mills, which was established by acquiring 100% loan without any equity/ collateral on personal guarantee of Mr Muhammad Sharif.<br>• He repeatedly stated that he has never met Mr. Muhammad Hussain neither he has seen his signatures on any document of the Company including the "Application of the Trade License" and subsequent "Agreements".<br>• The available evidence/ documents do not indicate that profit/ liabilities of the Company were shared with Mr. Hussain. |

| | | |
|---|---|---|
| | | • He failed to explain the role of Mr. Hussain in a business as a partner, which was running on 100% loan on personal guarantee of Mian Sharif.<br>• A word has been obliterated after the words "Gulf Steel Mills" which appears and about which the witness speculated it to be the word "Limited". This omission has serious implications on the limit of the liabilities of the Company referred to in subsequent agreements. |
| (2) | **Paragraph 4**:<br><br>In 1973, I was only 19 years old, and Late Mian Muhammad Sharif.....he gave my name, instead of his own, as a partner/shareholder in aforesaid business. | • He proceeded to Dubai in 1974 instead of 1973; he admitted it to be incorrect, terming it as a typographical error. Moreover, his age was not 19 years at the time, as stated.<br>• Contrary to his considered stance that Mian Sharif was the sole owner of this business, his assertion of being shareholder/partner is not in order. |
| (3) | **Paragraph 5:** | • He readily accepts himself to be *'Benamidar'* of only Mr. |

However, he could not produce any evidence that could corroborate his assertion especially in the backdrop of Mr. Shahbaz Sharif's role in the management/ affairs of the Company (especially from 1978 to 1980) and mention of his name as authorized representative of Mr. Tariq Shafi in the sale agreement.<br>• He kept reiterating that it was a family business and Mian Sharif was head of the family. However, when confronted with his statement in the Affidavit, he altered his stance and stated that Mian Sharif was the sole owner while all other family members were employees of the Company.<br>• He could not explain the literal meaning of "ostensible owner" as well as "to the extent of my late Uncles' share", which substantiates the fact that either he did not read or understand contents of the Affidavit before signing or intentionally attempted to |

| | | |

| | | mislead the Honourable Court.<br>• As the meanings were explained by JIT, he retracted to his initial position that Mr. Muhammad Sharif was the sole owner of the Company.<br>• He apprised that his lawyer, Barrister Salman Akram Raja, on his instruction drafted the Affidavit, but he only cursorily reviewed the document prior to signing it as he trusts his lawyer. |
| (4) | **Paragraph 6:**<br><br>Sometime after the establishment of the Company and commencement of its steel business, Mr. Muhammad Hussain, one of the partners of the Company expired, and pursuant to a cession letter by all his legal heirs, the entire business of the Company came to vest, along with all its obligations/ guarantees, in my name. | • He reiterated that Mian Sharif was the sole owner of the business and he neither knows nor has ever met Mr. Muhammad Hussain.<br>• He stated that Mr. Muhammad Hussain was the brother-in-law of Mian Sharif's wife (Mian Sharif's *humzulf*). However, he denied knowing Mr. Hussain or his family but subsequently mentioned the son of Mr. Hussain namely; Mr. Shahzad, who per his knowledge lives in Lahore. He claimed to have met Mr. Shahzad on a few occasions |

| (5) | **Paragraph 7:**<br><br>....the steel mill factory was set up from finances generated from loans obtained from Bank of Commerce and Credit International (BCCI) in Dubai. Thus, no amounts/ sums of money were transferred or remitted from Pakistan for the purpose of financing or running of business. | • He failed to produce any documentary record/ evidence to substantiate that the factory was established on 100% loan without any collateral/ equity; the statement is otherwise against banking and accounting rules/ norms. It becomes even more doubtful as there was another partner namely; Mr. Hussain whose role in the partnership remains unexplained. It has not been explained as to how shares of the company were issued and subsequently transferred when the Company has 0% paid-up capital (equity).<br>• He stated that there is no cutting or overwriting or deletion of any word while signing the Affidavit which is otherwise quite apparent. He attempted to explain, by stating that this may have been done by his lawyer subsequent to his signing.<br>• He repeatedly stated that he was only looking after administrative matters of the factory while financial matters |

He confessed that the facts have been wrongfully stated in the Affidavit regarding denial of transfer of funds from Pakistan, as he had no knowledge or access to related record/ information related to transfer of funds from Pakistan. |

The agreement is silent whether this consideration would be paid in cash or through normal banking channels. However, as stated in para 4 of the said agreement the entire payment of AED 12 M was to be secured against a bank guarantee issued by Union Bank of Middle East on behalf of Mr. Ahli in favor of Mr. Tariq Shafi.<br>• In his statement before the JIT, Mr. Tariq Shafi stated that he received the entire consideration of AED 12 |

He further added that no receipt was made out for these transactions.<br>• The above assertion made by Mr. Tariq Shafi does not correspond with the norms of commercial transactions keeping in view the fact that the entire sale consideration was to be secured against a bank guarantee mentioned in para 4 and the consequent actions mentioned in paras 7, 8, and 9 of the April 14, 1980 agreement. The main reason being the fact that the banking issuing the guarantee would require or insist upon some form of documentation in discharge of its obligations covered under the terms of guarantee.<br>• When this anomaly was pointed out to Mr. Tariq Shafi he shifted his stance by stating that no bank guarantee was arranged by Mr. Ahli and therefore the said agreement |

JOINT INVESTIGATION TEAM PANAMA CASE

7. **Authenticity of Documents Attached with Two Affidavits of Mr. Tariq Shafi:**

a. **Feedback of Ministry of Justice, UAE on MLA Requests:**

(1) In response to JIT's MLA, the Ministry of Justice, Government of UAE, after having scrutinized held record about Gulf Steel Mills have certified following facts vide their letter no. INA 68/2017 dated 28 Jun 2017 (certified true copy of letter is attached as ***Annexure C***):-

(a) There is case no 12/94 civil, the plaintiff/ BCCI – UAE, the defendants/ Muhammad Shafi Bin Mayan Muhammad Shafi executed against, whereas the court sentenced to oblige the defendants/ Muhammad Tariq Shafi as the owner of Al Omran Commercial; est, to pay an amount of AED 9.733.980.80 (nine million, seven hundreds and thirty two thousands, nine hundred and eight, eighty five) and interest of 9 percent from 2/2/1994 till the full payment and fees, and an amount of AED 500 for the lawyer fees and fix the attachment no. 340/94 9 date of sentence 15/8/2013.

(b) That share sale 25% agreement of 1980 of Ahli Steel Mills (erstwhile Gulf Steel Mills) dated on 14/4/1980 according to your request does not exist.

(c) That no transaction worth AED 12,000,000 (twelve million) as sale proceeds of 25% shares of Ahli Steel Mills (erstwhile Gulf Steel Mills) ever took place in name of Mr. Muhammad Tariq Shafi.

(d) That no record could be found which indicate that notarization of this document was done by Notary Public of Dubai Courts on 30/5/2016.

(e) After checking the Dubai Customs, it seemed that there wasn't any scrap machinery transported from Dubai to Jeddah in 2001-2002.

(2) **Conclusion**: The letter by the Ministry of Justice, Government of UAE, proves beyond doubt that the documents/ record produced by Respondents regarding 25% share sale agreement are unauthentic, unverified and, fake/ fabricated. Furthermore, attached Share Sales Agreement 1980 and LC for claimed transportation of scrap machinery from Dubai to Jeddah are fictitious. The only evidence produced by the defendants to support their contention that there were 12 million dirham, as sale proceed of the 25% shares, available for investment, has not been authenticated by the UAE authorites. Resultantly there exists not a single document to provide the basis for any money trail for the purchase of Avenfield properties and businesses of sons of the Respondent no 1. Hence the documents produced are fabricated/ fake.

b. **JIT's Observations on Authenticity of Documents based on the Statements of Respondents and Mr. Tariq Shafi**: Although there is no requirement to discuss the documents provided by the Respondents with regards to Gulf Steel Mills in the wake of the MLA received, yet the dichotomies in statements alone are enough to undermine the credibility/ authenticity of the documents produced and negate the narrative developed around Gulf Steel Mills:-

(1) Following inconsistencies/ contradictions in statements of Mr. Tariq Shafi and Mr. Hussain Nawaz Sharif with reference to visit to Dubai for procurement/ notarisation/ attestation of provided documents by Notary

Public Dubai and Pakistan Consulate Dubai seriously undermine the procedure (if any) adopted for notarization and attestation:-

(a) Neither did Mr. Tariq Shafi see the original documents nor did he have these notarised/ certified from Notary Public Dubai/ Pakistan Consulate, Dubai.

(b) Mr. Tariq Shafi stated that the documents were obtained by Mr. Hussain Nawaz Sharif who produced these documents as his defence. Mr. Hussain Nawaz Sharif, when asked for confirmation, plainly declined to confirm or name the individual, if any, who got these notarized/ certified. Hence, the notarization of the documents through legal means is questionable.

(c) Mr. Tariq Shafi stated that Mr. Hussain Nawaz Sharif accompanied him to Dubai in May/ June 2016 when they met Mr. Abdullah Kayed Ahli. Mr. Hussain Nawaz Sharif denied to have visited Dubai for purpose of notarization/ attestations.

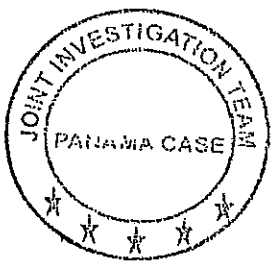
(d) Mr. Tariq Shafi and Mr. Hussain Nawaz Sharif stated that they never visited Pakistan Consulate Dubai for attestation of said documents therefore, the process becomes questionable.

(e) Mr. Tariq Shafi stated that Mr. Hussain Nawaz Sharif did not know Mr. Ahli while Mr. Hussain Nawaz Sharif stated that they know each other.

JOINT INVESTIGATION TEAM PANAMA CASE

(2) The permission letter (***Annexure D***) granted by the Government of Dubai is issued in favour of Mr. Tariq Shafi and Mr. Muhammad Hussain as partners/ shareholders of Gulf Steel Mills Limited as against the claims of Mr. Tariq Shafi about Mian Muhammad Sharif being the sole owner. The submitted document is neither attested nor notarized. The permission letter has been issued on April 28, 1974 whereas Mr. Tariq Shafi declared that he had not signed any application before June 1974, implying that the application for issuance of this letter was either signed by someone else or statement of Mr. Tariq Shafi is false.

(3) Professional License by Dubai Municipality (***Annexure E***) is also attested by Consular Attaché of Pakistan Consulate, Dubai (only signatures have been attested). However, Mr. Tariq Shafi stated that he never visited the Consulate for the purpose. Furthermore, he stated that he visited Dubai towards the end of May/ early June 2016 and it took between 1-2 weeks for verification of these from the Notary Public, Dubai. The Pakistani Consulate attested the document on 30 May 2016, indicating that he visited Dubai, at the earliest, in the first or second week of May 2016. Travel Record of Mr Tariq Shafi is attached (***Annexure F***).



(4) Paragraph 3 of the Approval Letter by the Government of Dubai (***Annexure G***) shows that "the Government of Dubai shall be entitled to 10% of net profits of the project to be paid yearly according to the accounts audited by a recognized auditor". Mr. Tariq Shafi could not produce any record/ document in this regard especially during the claimed boom period (from 1978 to 1980). Furthermore, the document is neither certified by the Notary Public, Dubai nor signatures of the Ruler of Dubai (page 14) are legible.

(5) The Share Sale Contract 1978 (***Annexure H***) is the first document which contains details of the sale of 75% shares by Mr. Tariq Shafi to Mr.

JOINT INVESTIGATION TEAM
PANAMA CASE

Abduallah Ahli. Page 2 of the document states "since the said share is registered in the name of second party and his partner Mr. Mohammad Hussain". It further enumerates the names of heirs of Muhammad Hussain (son Shahzad Hussain, widow and minors), who have signed a 'cession letter'. These are contrary to the statement of Mr. Tariq Shafi, who time and again, stated before the JIT that he never met Mr. Muhammad Hussain/ his heirs nor did he ever see the name or signature of Mr. Muhammad Hussain on any official document at the time of establishment of Gulf Steel Mill. Copy of cession letter was attached with original document but the same has not been provided by him as an annexure.

(6) It is worth noting that according to Mr Tariq Shafi, Mr Shahbaz Sharif was actively involved in the affairs of Gulf steel Mills especially from 1978 to 1980. Mr Shahbaz Sharif however distanced himself and stated that he did not play any role in functioning of Gulf Steel Mills and only assisted Mr. Tariq Shafi on direction of Mian Muhammad Sharif with reference to preparation of Shares Sale Agreement in 1980 (***Annexure I***). He did not verify his signatures (in Urdu) on Shares Sale Agreement of 1978 or being witness in subject deed. This further dilutes the credibility/ authenticity of this document produced on behalf of Mr. Tariq Shafi by Respondent No. 7. Similarly, although he acknowledged that his name was shown as "authorized representative of Tariq Shafi" in the opening statement as well as the signature block at the end of the 1980 sale agreement, he was quick to point out that he had not signed this document or had executed this sale. This, too, is inconsistent to the statement made by Mr. Tariq Shafi according to whom the sale was executed by Mr. Shahbaz Sharif on the direction of Mian Muhammad Sharif as his representative. It would seem that both Mr Tariq Shafi and Mr Shahbaz Sharif wanted to steer away from the issue of sale of gulf steel.

(7) Mr. Tariq Shafi was made to verify/ certify each page of documents/ record, attached with his under reference Affidavit. He verified all the documents, less signatures on agreement of 1980. The assertion by Mr. Tariq Shafi that he has problem with his signatures proved a lie as he signed over 50 pages before the JIT without any difference/ variation/ discrepancy. Furthermore, his denial to certify 'signatures' on the provided documents with his Affidavits and expressed uncertainty about correctness of 'signatures on the documents' indicates that someone else has been signing these documents of Gulf Steel Mills on behalf of Mr. Tariq Shafi.

8. **Cash Payment by Mr. Tariq Shafi to Qatari Prince during 1980:**

a. The letter by the Ministry of Justice, Government of UAE, after having verified the record of State Bank of UAE (***Annexure C***) certified that "The only evidence produced by the defendants to support their contention that there was 12 million dirham, as sale proceed of the 25% shares, available for investment in cash and 25% share sale agreement, have not been authenticated by the UAE authorities. Resultantly there exists not a single document to provide the basis for any money trail for the purchase of Avenfield properties and businesses of sons of the Respondent no 1. Moreover the statement of Mr. Tariq Shafi regarding receipt of the claimed cash received from Mr. Ahli and delivery of same to representatives of Mr. Thani is in stark contradiction to the one filed in Honourable Supreme Court in his Affidavit".

b. The statement of Mr. Tariq Shafi and his Affidavits; letters of the Mr. Al-Thani; and the Sale Agreement of Gulf Steel Mills produced by the Respondent are inconsistent with each other. The documentary and circumstantial evidence, when examined with provided record/ evidence, do not indicate any cash payment to Mr. Tariq Shafi by Mr. Ahli on account of sale of remaining 25% shares of Gulf Steel Mills in 1980.

(1) Accordingly, payment of 12 million Dirhams cash to Mr. Fahad Bin Jassim Bin Jaber Al Thani, which is claimed to be the source money for setting up the various businesses and ultimate ownership of Avenfield Apartments of the Sharif family, becomes a myth and not a reality.

(2) Furthermore, against the 12 million Dirhams received on account of sale of remaining 25% shares of Gulf Steel Mills (if any), there were liabilities to the tune of 14 Million Dirhams; hence, it is not plausible that this sum was transferred to Mr. Al-Thani for investment in Real Estate.

c. **Conclusion:** The inconsistencies in statements of witnesses when reviewed against available documentary evidence, definitively indicates that Mr. Tariq Shafi neither received 12 million Dirham from Mr. Ahli as sale proceeds of remaining 25% shares of Ahli Steel Mills (erstwhile Gulf Steel Mills) nor did he hand over this claimed amount to Mr. Al-Thani during 1980. He in fact tried to mislead the Honourable Supreme Court.

8. **Stance of Mian Nawaz Sharif about Gulf Steel Mills and its Proceeds**: Mian Nawaz Sharif was visibly evasive about most of the questions related to Gulf Steel Mills. Despite repeated questions, he stated that neither does he know Mr. Muhammad Hussain nor his partnership in Gulf Steel Mills, which is unlikely. After two and half hours of the interview, he admitted only to the extent of knowing Mr. Muhammad Hussain, as his uncle (Khaloo). His stance on various occasions about Gulf Steel Mills was as under:-

a. **Address in National Assembly (16 May 2016)**

(1) Our father reached Dubai for the purpose of business and established a factory with the name of Gulf Steel comprising of 10 lac square feet of area.

(2) This factory, in 1980, was sold for 33.37 million Dirhams or for 9 million Dollars.

b. **Statement before the JIT**

(1) The Gulf steel Mill was setup mainly from loans.

(2) I have neither owned nor held any beneficial interest in Gulf Steel Mills. I was also never involved in the running or operation of any of the foreign companies.

(3) I do not want to discuss the details of the sale proceeds of Gulf steel as they were best known to my father. All I know is that they were used for the businesses set up outside Pakistan later.

(4) I cannot however say when was the sale proceed of Gulf steel handed over to Al-Thani family; whether immediately after the sale or later on.

c. **Conclusion**: Mian Nawaz Sharif's statement that this factory (Gulf Steel Mills), in 1980 was sold for 33.37 million Dirhams or for 9 million Dollars cannot be corroborated..

9. **Ownership (*Benami*) Status of Gulf Steel Mills**:

a. The question as to why Mr. Tariq Shafi and Mr. Muhammed Hussain (partners in Gulf Steel Mills Limited) were chosen, as ostensible owners of Gulf Steel Mills, has been answered differently by various witnesses.

b. As far as Tariq Shafi is concerned, the reason has ranged from affection of Mian Muhammad Sharif towards Mr. Tariq Shafi to consideration and care for the

extended family etc. As far as Mr. Muhammad Hussain is concerned both Mr. Tariq Shafi and Mian Shahbaz Sharif have cited his British citizenship as the main reason for being a partner. Although both of them have not been able to provide the exact advantage likely to accrue from his being a British citizen, it seems that this arrangement might have been orchestrated to sever the link with Pakistan.

c. In his statement Mian Nawaz Sharif explained, at length, that Sharifs are well-knit, closely associated and a deeply interdependent monolithic family. Mian Sharif had been head of family, who solely decided about the shares of various family members in the businesses, and the entire family used to be the beneficiary. This is in line with the stated position of Mr. Tariq Shafi about Gulf Steel Mills as well. Therefore, it is fair to conclude that Gulf Steel Mills was also a family venture for the benefit of the whole family.

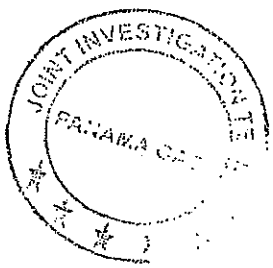
d. At the time of nationalization stringent regulations were put in place like The Foreign Assets' (Declaration) Regulation, 1972 issued on 10th January, 1972. The section 7 of the regulation states that "Any person who in contravention of any law for the time being in force in Pakistan acquires or attempts to acquire any movable or immovable property in a country other than Pakistan after the commencement of this Regulation shall be punished with transportation for life and also with confiscation either of the whole or any part of his property in Pakistan."

e. It is in this perspective that the role of the two ostensible owners and partners can be better understood. Thus, it can be inferred that nomination of a *Benamidar* owner (an orphan aged 18 years, and a foreign national) was to distance himself and his immediate family members from prosecution under the above-mentioned Regulation.

f. Notwithstanding the merit of the case, the irony is that this regulation is still effective, albeit almost forgotten, but still included in the list of the scheduled offences of FIA Act 1974. Perhaps it is time that this superfluous regulation is repealed and taken off the schedule of FIA.

10. **Transfer of Scrap Machinery of Erstwhile Gulf Steel Mills from Dubai to Jeddah for Azizia Steel Mills in 2001:**

a. The letter of Ministry of Justice, Government of UAE proves that scrap machinery of Ahli Steel Mills (erstwhile Gulf Steel Mills) was never transported from Dubai to Jeddah.



b. The statement of Mr. Hussain Nawaz Sharif is inconsistent with LC attached with Affidavits of Mr. Tariq Shafi. Mr. Hussain Nawaz Sharif stated the scrap machinery of erstwhile Gulf Steel Mills was transported from Dubai to Jeddah for Azizia Steel Mills in approximately 50 trucks. Contrarily, LC indicates that said machinery was transported in only two trucks.

c. **Conclusion:** Respondents have misstated about transportation of scrap machinery of Ahli Steel Mills (erstwhile Gulf Steel Mills) from Dubai to Jeddah. This also challenges their stated position about the establishment of Azizia.

11. **Decree of Dubai Court against Mr. Tariq Shafi;**

a. **Decree against Mr. Tariq Shafi:**

(1) In December 1994, Dubai Court passed a decree (copy is attached as ***Annexure J***) against Mr. Tariq Shafi for defaulting loans of BCCI. The

court decided that the respondents would pay an amount of AED 11,014,297. Brief detail of the case is as under:-

(a) In Feb 1989, Mr. Tariq Shafi requested BCCI for Personal loan of AED 4 Million dirham and signed letter of Credit for 889,000 German Franks on behalf of Truth Shailer. On his request, loan of AED 6,917,421 was granted and Letter of Credit amounting AED 2,816,558.

(b) Mr. Tariq Shafi and Imran Trade Organization defaulted in returning loan to the bank. Advocate agencies Zaid Galdari & Associates on behalf of BCCI filed a petition in court against Mr. Tariq Shafi & Imran Trading in Dubai court for implementation. Mr. Tariq Shafi according to his statement was working for Mian Shafi who had asked him to apply for the loan. The machinery reached Pakistan for Ittefaq group but LC but payment to Tariq Shafi was not made. This was because a dispute had started between the families over the businesses. When Tariq Shafi contacted Mian Shafi, the later told him that this transaction would be settled when the family settlement will take place.

(c) Bank of Credit & Commerce Luxemburg UAE (Abu Dhabi) requested the court to freeze all the accounts of Respondents. The Dubai Court placed name of Mr. Tariq Shafi on ECL and also order for attachment of his property.

(2) **Filing of Case against Mr. Tariq Shafi in Lahore High Court:** Government of Dubai filed a case in Lahore High Court against Mr. Tariq Shafi for defaulting bank loans. Later, Lahore High Court issued a "Stay Order" on the case.

(3) **Settlement of Liabilities:** BCCI petitioner requested the Dubai Court for stopping of implementation order of the case against Mr. Tariq Shafi and Imran Trading Organization in July 2012. Dubai Government requested the same from Dubai Court. Request of Dubai Government was approved with the file closure in August 2013.

b. **Findings of JIT:**

(1) As per banking rules, BCCI would not have given loan to Mr. Tariq Shafi until he cleared liabilities of erstwhile Gulf Steel Mills. Confronted with this evidence he accepted that he would not have been given loan if there had been liabilities against Gulf steel which he ostensibly owned. He however still did not disclose how the liabilities were cleared

(2) He failed to provide any evidence or money trail about equity related to his business. Therefore, it is fair to conclude that this new business might involve some part of sale proceeds of erstwhile Gulf Steel Mills.

(3) The settlement of loans by Dubai Court on the request of BCCI in August 2013, without any request or effort by Mr. Tariq Shafi, took place after assumption of power by Mian Muhammad Nawaz Sharif as the Prime Minister of Pakistan. This also coincided with the settlement between the Sharif and the Shafi family.

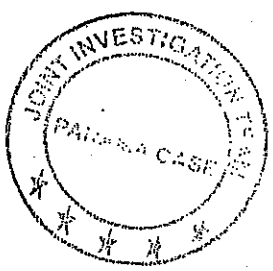
**Specific Answers of Questions Raised by Honourable Bench based on JIT's Findings**

12. **How Gulf Steel Mills came into being?** The respondents through the affidavits of Tariq Shafi claimed that the Gulf steel was established with zero equity and 100 % loan, a position that is not plausible. The underlying question is whether there was any money taken out of Pakistan to be used as equity in this business. The respondents were asked time and again to produce any

document to support their contention that the business was started with 100 % loan. They did not however produce any document which they were required to produce before the JIT in the light of Articles 117, 119 & 129 of Qanoon-e-Shahadat 1984 and Section-9(a)(5) of National Accountability Ordinance 1999.

13. **What led to its sale?**

a. **Stated Position of Mr. Tariq Shafi and Respondents**: Mr. Tariq Shafi and Respondents claimed that the Gulf Steel Mills was sold as business situation in Pakistan improved and Mian Muhammad Sharif reassumed the possession of his businesses in Pakistan (especially Ittefaq Foundry), which were earlier nationalized.



b. **Findings of the JIT**: The Gulf Steel Mills remained in loss since its establishment/ incorporation. Therefore, the shares in Gulf Steel Mills were sold:

(1) to clear the liabilities; liabilities of 21 million Dirham settled in 1978 while remaining liabilities of 14 million Dirham were ostensibly settled between 1978 to 1986 after 25% share sale of erstwhile Gulf Steel Mills.

(2) To focus on refurbishing the business in Pakistan, Ittefaq Foundry which was denationalized or invest in some new business in UAE.

14. **What Happened to its liabilities?**

a. **Detail of Liabilities**: The sale agreement with Mr. Kayed Ahli in 1978 placed the responsibilities of clearing all the liabilities including the electricity bills on the first party i.e Mr. Tariq Shafi, acting on behalf of Mian Sharif. The question arises, that if the AED 12 million were handed over to Mr. Fahad Al-Thani, how

document to support their contention that the business was started with 100 % loan. They did not however produce any document which they were required to produce before the JIT in the light of Articles 117, 119 & 129 of Qanoon-e-Shahadat 1984 and Section-9(a)(5) of National Accountability Ordinance 1999.

13. **What led to its sale?**

a. **Stated Position of Mr. Tariq Shafi and Respondents**: Mr. Tariq Shafi and Respondents claimed that the Gulf Steel Mills was sold as business situation in Pakistan improved and Mian Muhammad Sharif reassumed the possession of his businesses in Pakistan (especially Ittefaq Foundry), which were earlier nationalized.

b. **Findings of the JIT**: The Gulf Steel Mills remained in loss since its establishment/ incorporation. Therefore, the shares in Gulf Steel Mills were sold:

(1) to clear the liabilities; liabilities of 21 million Dirham settled in 1978 while remaining liabilities of 14 million Dirham were ostensibly settled between 1978 to 1986 after 25% share sale of erstwhile Gulf Steel Mills.

(2) To focus on refurbishing the business in Pakistan, Ittefaq Foundry which was denationalized or invest in some new business in UAE.

14. **What Happened to its liabilities?**

a. **Detail of Liabilities**: The sale agreement with Mr. Kayed Ahli in 1978 placed the responsibilities of clearing all the liabilities including the electricity bills on the first party i.e Mr. Tariq Shafi, acting on behalf of Mian Sharif. The question arises, that if the AED 12 million were handed over to Mr. Fahad Al-Thani, how

were the liabilities cleared which ran into millions of Dirhams? A table highlighting the liabilities is as below (detailed calculation at *Annexure K*):

| | |
|---|---|
| Total Liability of Gulf Steel Mills on the date of Share Sale Contract (1978)- see page 35 of CMA | 36,023,899.91 |
| Amount settled by Mr. Abdallah Kaid Ahli | 21,375,000.00 |
| Balance Deficit to be settled by M Tariq Shafi after payment to BCCI by Buyer of 21,375,000 being 75 % share | 14,648,899.91 |
| Net Consideration received under agreement dated 14.4.1980 for balance 25 % Shares | 12,000,000.00 |
| **Balance Deficit of Gulf Steel** | **(2,648,899.91)** |

b. **Stance of Mr. Tariq Shafi:**

(1) The liabilities calculated as per the sale agreements stand to the tune of AED 14.65 million (refer to Table at *Annexure K*). There is an evident mismatch between the liabilities of the Company and the position assumed by Mr. Tariq Shafi pertaining to the sale value of the Company i.e., AED 12 million in 1980.

(2) Moreover, Mr. Tariq Shafi stated that this amount was not utilized for clearing the outstanding liabilities, leaving the question as to how these were cleared as Mian Sharif did not have any other overseas business at that time? Mr. Tariq Shafi, in response to this query, mentioned that between 1978 and 1980 Ahli Steel Mills generated a profit of AED 5 million against his shares (25%) - the mismatch with the liabilities remains unexplained.

(3) He admitted that he obtained loans from BCCI on his name (4 million Dirham) and on name of Al-Imran Trade Organization in 1987-88. These loans were also obtained on instructions of Mian Muhammad Sharif. As per banking rules, BCCI would not have given loan to Mr. Tariq Shafi until he cleared liabilities of erstwhile Gulf Steel Mills. Confronted with this evidence he accepted that he would not have been given loan if there had been liabilities against Gulf steel which he ostensibly owned. He however still did not disclose how the liabilities were cleared.

(4) The fact that the liabilities were promptly cleared is also evident from the fact that Tariq Shafi was put on ECL and warrants were issued against him when he defaulted in 1989. It is therefore clear that he would not have been able to work in Dubai if the liabilities of gulf steel, which he ostensibly owned, were not cleared in time.

c. **Stance of Mian Muhammad Shahbaz Sharif:**

(1) He stated that Mr. Tariq Shafi was the owner and beneficiary of Gulf Steel Mills, hence responsible for clearing of liabilities as well. This statement is explicitly inconsistent with the statements of Mr. Tariq Shafi, Mian Muhammad Nawaz Sharif and Mr. Hussain Nawaz Sharif, filed in the Court and recorded before the JIT, who stated that Mian Sharif was the beneficiary.

(2) When asked about the settlement of liabilities of Gulf Steel Mills, he declined to have any knowledge vis-à-vis their settlement. It is not logical that while he admits to have assisted Mr. Tariq Shafi in preparation of the Shares Sale Agreement (1980) yet he remained oblivious about liabilities and their settlement. Prima facie, he tried to conceal facts by denying knowledge about liabilities.

(3) He stated that it was not character of his father Mian Muhammad Sharif to start another business without clearing liabilities of old business.

d. **Conclusion by JIT**: It can be fairly concluded that liabilities of Gulf Steel Mills were cleared between 1978 to 1986, without which Mr. Tariq Shafi could not have obtained a new loan from BCCI. The fact that he started a new business in Dubai in 1981-82 is also indicative that the liabilities were cleared otherwise he would face proceedings similar to the ones he faced in 1990s. The JIT envisage following possibilities with reference to settlement of liabilities of Gulf Steel Mills by Mian Muhammad Sharif;

(1) **Possibility-1**: The liabilities (approximately 14 million Dirham in 1980) might have been settled through share sale proceeds (if any) of Ahli Steel Mills (erstwhile Gulf Steel Mills) in 80s.

(2) **Possibility-2**: Part of liabilities of Gulf Steel Mills was settled by portion of sale proceeds of 25% of Ahli Steel Mills (erstwhile Gulf Steel Mills).

(3) **Possibility-3**: Liabilities were settled by Mian Sharif through undeclared wealth, transferred illegally from Pakistan to Dubai during 80s.

15. **Where did its sale proceeds end up?**

a. 75% share sale proceeds (21 million Dirham) of Gulf Steel Mills were used by Mian Muhammad Sharif/ Mr. Tariq Shafi to settle part of liabilities in 1978.

b. Remaining 25% shares of Ahli Steel Mills (erstwhile Gulf Steel Mills) belonging to Sharif family were ostensibly sold between 1978 to 1986, and were used

(1) to clear remaining liabilities (14 million Dirhams).

(2) to invest in new business in Dubai, owned by Mian Muhammad Sharif and operated by Mr. Tariq Shafi from 1980-81 to 1994. Mr. Tariq Shafi later defaulted the loans obtained by him for this business.

16. **How did they reach Jeddah, Qatar and UK?**

a. The UAE government in response to the MLA sent by the JIT has not verified the sale document of 25 % shares of gulf steel. This is the only document that the respondents have relied upon to explain the money trail for investment in Qatar, which in turn provided money for businesses and properties in Jeddah and UK. The respondents were asked to produce any documents to support their contention but did not do so despite the fact that they were required to produce this evidence before the JIT in the light of Articles 117, 119 & 129 of Qanoon-e-Shahadat 1984 and Section-9(a)(5) of National Accountability Ordinance 1999.

b. The clearance of liabilities of gulf steel as explained in the section above would have in any case wiped out almost all of the claimed proceeds of sale of gulf steel and therefore there was no money available to be invested in any case.

**Conclusive Findings by the JIT**

17. In view of the above, conclusive findings of the JIT are;

a. that Gulf Steel Mills was a family business; Mr. Tariq Shafi and Mr. Muhammad Hussain were the *Benami* owners, while Mian Muhammad Sharif was the actual owner, being head of the family. Mian Muhammad Sharif used the two *Benamidars* (an orphan aged 18 years, and a foreign national) presumably to distance himself and his immediate family members from prosecution under the Foreign Assets' (Declaration) Regulation, 1972 issued on 10th January, 1972;

b. that two Affidavits of Mr. Tariq Shafi, produced by Respondent No. 7 before the Honourable Supreme Court of Pakistan, are factually incorrect, speculative, tampered and misleading, hence cannot be relied upon;

c. As per information received from UAE Government, the Share Sale Agreement 1980 produced by the Respondents under an Affidavit in the Honorable Supreme Court of Pakistan, does not exist, hence the attached copy (*Annexure-I*) is unauthentic, fictitious, and fabricated. The notarization of the said document has also been proved to be fictitious and illegal;

d. that stated position of Respondents and Mr. Tariq Shafi about Gulf Steel Mills and proceeds thereto (12 million Dirham) is false, fabricated, inconsistent and factually incorrect, hence cannot be relied upon;

e. that Mian Muhammad Nawaz Sharif, during his address to the nation, stated that in 1980 this factory (Gulf Steel Mills) was sold for AED 33.37 million (US$ 9 million). This is not consistent with either the documents/ record provided by the Respondents themselves or the findings of the JIT;

f. that Mr. Tariq Shafi neither received AED 12 million from Mr. Ahli as sale proceeds of remaining 25% shares of Ahli Steel Mills (erstwhile Gulf Steel Mills) nor did he hand over this claimed amount to Mr. Al-Thani during 1980;

JOINT INVESTIGATION TEAM
PANAMA CASE

g. that Gulf Steel Mills had liabilities to the tune of AED 36.02 million; of these AED 21 million were cleared in 1978 while remaining AED 14 million were cleared after 1978, record or detail of which is not available;

h. that Mr. Tariq Shafi not only produced false and misleading affidavits in the Honorable Supreme Court but is also known to have a tainted reputation as he defaulted on loans of BCCI in 1987-88. Owing to his reputation and the fact that he remained an absconder from law and was placed on the exit control list by UAE authorities;

i. that Respondents have misstated about transportation of scrap machinery of erstwhile Gulf Steel to Jeddah. LC document of transportation of scrap machinery from Dubai to Jeddah is unauthentic and fictitious.

**Overall, the inconsistencies in the statements of Sharif family with reference to Gulf Steel Mills and the documents obtained from foreign jurisdiction by the JIT through Mutual legal Assistance legal conclusively prove that the story of Respondents about Gulf Steel Mills is unauthentic, lacks substance and seems fabricated. The available and produced documents / record, circumstantial evidence and discrepancies / inconsistencies of Mr Tariq Shafi and Respondents also establish that the sale proceeds of Gulf Steel Mills *NEVER* reached Jeddah, Qatar or UK.**

## Ownership of Avenfield Apartments

*Documentary Evidences, Annexures and details are covered in Volume IV of Investigation Report of Joint Investigation Team, Panama Case*

*Documentary Evidences, Annexures and details are covered in Volume IV of Investigation Report of Joint Investigation Team, Panama Case*

## OWNERSHIP OF AVENFIELD APARTMENTS

The Honourable Bench has directed the JIT to probe following three (3) questions related to Avenfield Apartments;

i. Whether Respondents No. 7 and 8 in view of their tender ages had the means in the early nineties to possess and purchase the flats?
ii. How bearer shares crystalized into flats?
iii. Who, in fact, is the real and beneficial owner of M/s. Nielson Enterprises Limited and M/s. Nescoll Limited?

### Back ground of the questions

1. The Panama Papers were released on 20th of April 2016 by ICIJ (International Consortium of Investigative Journalists). Prior to the publication of Panama Papers, Mr. Hussain Nawaz Sharif, who seldom appears in the media, gave a series of interviews to TV channels. Subsequent to the publication of the Panama Papers the Prime Minister also addressed the nation on a number of occasions to answer allegations that the Sharif family owns the Avenfield Apartments through offshore companies. After the legal proceedings started in the Honourable Supreme Court of Pakistan, the Prime Minister and the members of his family became the Respondents and filed their defence. During all media interviews, addresses to the nation and the proceedings in the Honourable Supreme Court of Pakistan, the ownership of the apartments by the Sharif family was admitted.

2. There however remained confusion as to who actually was the beneficial owner; Ms Maryam Safdar, who according to the leaked Panama Papers was identified as such by the

Financial Investigation Agency of British Virgin Islands or Mr. Hussain Nawaz who had publicly stated that he was the beneficiary of a trust of which his sister Maryam was the trustee. This, however, required an answer to the question as to what were the sources of funds for the purchase of these apartments and how were funds transferred abroad.

3. The family of Mian Sharif had taken over the possession of these apartments , soon after they were purchased in the period between 1993-96, through BVI companies, Neilson and Nescoll. The different media interviews by the Sharif family regarding the purchase and possession of the apartments throughout the period 1999 to 2016 and the addresses of the Prime Minister gave different versions which were often contradictory. During the proceedings of the case before the Honorable Supreme Court of Pakistan the respondent filed their responses which admitted not only possession but also the fact that the family had been paying some of the taxes like the ground rent etc., throughout. The main beneficiary of the apartments, however seemed to be Mr. Hussain Nawaz, who was the first occupier and Hasan Nawaz Sharif who continues to reside there. They however had started living in these apartments as students and the question arose how they were, despite their tender ages had the means in the early nineties to possess and purchase the flats.

4. The Qatari investment with Mr. Fahad Al-Thani became the primary explanation for the origin of funds that were available to the Sharif family, not only for the purchase of apartments, but also for other overseas businesses established by the family members of the Prime Minister including the steel mill in the Kingdom of Saudi Arabia (KSA). With many shifting and sometimes conflicting positions, it was explained by the Respondents 7 and 8 that the sale proceeds of the Gulf Steel Mills were invested, in cash terms and without documentation, with the Al-Thani family of Qatar, and all subsequent overseas ventures including purchase of the apartments, setting up of the businesses in KSA and UK were undertaken from the profits made from this investment.

5. The ownership however was admitted from 2006 onwards and it was claimed that the BVI companies who owned these apartments were purchased by the Qatari Al-Thani family who held the ownership through bearer certificates. It was further claimed that the ownership

JOINT INVESTIGATION TEAM
PANAMA CASE

changed hands through the handing over of bearer certificates as a result of final settlement between the Sharif family and Althani family.

**Methodology of Investigations**

6. **Recording of Statements**: The JIT recorded statements of, i) Mian Muhammad Nawaz Sharif (Respondent No. 1), ii) Mian Muhammad Shahbaz Sharif, iii) Ms. Maryam Safdar (Respondent No. 6), iv) Mr. Hussain Nawaz Sharif (Respondent No. 7), v) Mr. Hasan Nawaz Sharif (Respondent No. 8) and, vi) Captain (R) Muhammad Safdar ( Respondent no 9) for either being possibly acquainted with the details of Avenfield properties or having filed document(s)/ supporting evidence in the Honourable Supreme Court of Pakistan during the Panama Case proceedings as respondents. Excerpts of their statements related to Gulf Steel Mills are attached as *Annexure A*.

7. **Request for Mutual Legal Assistance (MLA)**: The JIT requested the British Virgin Islands (BVI), United Kingdom (UK) and Switzerland, for authentications/ certification of documents that had surfaced during the Panama Leaks or had been submitted by the Respondents in the Honourable Supreme Court of Pakistan during Panama Case hearing.

8. **Money Trail Leading to Ownership of Avenfield Properties by Respondents**:

a. The Respondents claimed that M/s. Nielson Enterprises Limited and M/s. Nescoll Limited which were sole shareholders (bearer shares) of Avenfield Apartments (Flat # 16, Flat # 16A, Flat # 17 and Flat # 17A) belonged to Qatari Prince.

b. The Avenfield Apartments were in possession of Sharif family since 1993 till to-date. In early 2006, as consequence of the settlement[1] with Mr. Hamad Al-Thani, the bearer shares of M/s. Nielson Enterprises Limited and M/s. Nescoll Limited

[1] The Respondents claimed to have invested AED 12 million by Mian Muhammad Sharif in Qatari Real Estate business in 1980.

were transferred to Mr. Hussain Nawaz Sharif in light of desire of late Mian Muhammad Sharif. Accordingly, Mr. Hussain Nawaz Sharif became the sole beneficial owner of M/s. Nielson Enterprises Limited and M/s. Nescoll Limited (owned Avenfield properties).

c. In 4 February 2006, a 'Trust Deed' was signed between Mr. Hussain Nawaz Sharif and Ms. Maryam Nawaz Sharif, declaring Ms. Maryam Nawaz Sharif as "Trustee" of Avenfield properties. Similarly, in 2008, another "Trust Deed" was signed between Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar. Ms. Maryam Safdar (Respondent No. 6) in response to specific summon to produce the original of i) Trust Deed document of M/s. Nielson Enterprises Limited and M/s. Nescoll Limited (***Annexure B***) and, ii) Trust Deed of Coomber Inc. (***Annexure C***) provided what she stated were the " Originals" but were in reality good quality photocopies of the originals.

**Documentary Evidence in the Case**

9. **Documents/ Record Provided by the Respondents**:

a. Despite prior notice, the Respondents (No. 1, 6, 7 & 8) and Mr. Hamad Al-Thani provided selected documents or record but failed to produce any additional document/ record or evidence before the JIT to substantiate their stated position on the ownership of the apartments. The following documents/ records (only photocopies provided to JIT) and the Honorable Supreme Court of Pakistan, attached with CMA 432, 7531 and 7511, are the main basis of the defence of the Respondents with regard to Avenfield properties:-

(1) Trust Deed; page 83-86 (CMA 7531, 7511)

(2) Share Certificates; Nescoll and Neilsen Enterprises; Page 63-72 (CMA 7531).

(3) Copy of Sheikh Hamad Bin Jasim Bin Jaber Al Thani letter; page 22 (CMA 432).

(4) Worksheet for settlement; page 63 (CMA 432).

10. **Documentary Evidence Acquired by the JIT**: There are two key documents which helped the JIT to draw conclusions about not only the ownership of the Apartments but also about nearly all the questions raised by the Honorable Supreme Court of Pakistan.

a. **Authentication of Letters of Mr. Errol George (Director, Financial Investigation Agency, BVI) and response thereto of Mossack Fonseca & Co. (BVI) ( released by ICIJ in Panama Papers)**:

(1) In response to JIT's MLA, Mr. Errol George (Director, Financial Investigation Agency, BVI) has certified/ verified his correspondence with Ms. J. Nizbeth Maduro [Money Laundering Reporting Officer, Mossack Fonseca & Co. (BVI)] during June 2012 as true copies (copies of the said letter/ correspondence is attached as ***Annexure D***.

(2) In his letter addressed to the JIT, Mr. Errol George has confirmed the following:-

(a) That a letter dated 12 June, 2012 (bearing reference "SAR#1478") was issued by the Financial Investigation Agency of the British Virgin Islands ("the Agency") signed by Mr. Errol George, Director, raising various queries in relation to both Nescoll Limited

and Nielson Limited to Ms. J. Nizbeth Maduro, Money Laundering reporting Officer, Mossack Fonseca & Co. (BVI) Ltd.

(b) That the Agency received a reply dated 22 June, 2012 from Mossack Fonseca & Co.(BVI) Ltd, responding to queries raised by the Agency in relation to Nielson Enterprises Limited; and

(c) That the Agency received a reply dated 22 June, 2012 from Mossack Fonseca & Co. (BVI) Ltd, responding to queries raised by the Agency in relation to Nescoll Limited.

(3) The letters certified/ verified by Mr. Errol George in response to MLA request indicate that Ms. J. Nizbeth Maduro [Money Laundering Reporting Officer, Mossack Fonseca & Co. (BVI)], in her two letters dated 22nd June 2012, has provided following information to FIA, BVI:-

(a) **Re: Nielson Enterprises Limited – BC# 114856 (copy attached):** Excerpts of the letter are as under:

i. The Beneficial Owner of the company is Maryam Safdar whose address is Saroor Palace, Bazoue al eman st. Ruwais, Jeddah, Kingdom of Saudi Arabia. Passport copy enclosed for ease of reference.

ii. Please be informed that we are not in receipt of the name(s), contact details and physical address of the Settler, Trustee and Beneficiary of any Trust(s) connected to or concerned with the aforementioned company.

(b) **Re: Nescoll Limited – BC# 77606 (copy attached):** Excerpts of the letter are as under:

i. The Beneficial Owner of the company is Maryam Safdar whose address is Saroor Palace, bazoue al eman st. Ruwais, Jeddah, Kingdom of Saudi Arabia. Passport copy enclosed for ease of reference.

ii. Please be informed that we are not in receipt of the name(s), contact details and physical address of the Settler, Trustee and Beneficiary of any Trust(s) connected to or concerned with the aforementioned company.

(4) **Conclusions:** The authenticated documents render incorrect, into, the defence of Ms. Maryam Safdar (Respondent No. 6) and Mr. Hussain Nawaz Sharif (Respondent No. 7), taken before the Honourable Supreme Court of Pakistan and the JIT with respect to the beneficial ownership of the apartments and the Trust Deed submitted, as under:-.

(a) The authentication of above documents by Mr. Errol George and their receipt through formal official channels of Attorney General Office of BVI, prove beyond doubt that Ms. Maryam Safdar was the real and Beneficial Owner of Nielson and Nescoll offshore companies in 2012 and thus owned Avenfield properties.

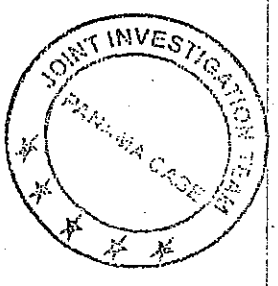
(b) It authenticates that there was no Trust/ Trustees associated with these companies.

(c) The address of Ms. Maryam Safdar as shown in the letters of Ms. J. Nizbeth Maduro (Mossack Fonseca & Co. BVI), is of Saroor

JOINT INVESTIGATION TEAM PANAMA CASE

Palace, Jeddah. Therefore, it can be assumed, if not contradicted by any documentary evidence, that Ms. Maryam Safdar remained the real and Beneficial Owner of the Avenfield properties under Nielson and Nescoll offshore companies, since she was living in Saroor Palace, Jeddah (between 2000 to 2005).

(d) The analysis of tax returns of Ms. Maryam Safdar shows that she had never declared Avenfield Apartments, as her overseas properties,



b. **Letter of SAMBA Financial Group, Tahlia Ladies Branch dated 3rd December 2005 addressed to Minerva Financial Services Limited (copy attached as *Annexure E*** In her statement before the JIT and CMA--- (page 18), Ms. Maryam Safdar (Respondent No. 6) has authenticated this letter to be true copy. However, she has taken up the position that she was given this letter on her request since she was Trustee of Avenfield properties, which were being looked after by Minerva.

(1) Excerpts of this letter are as under:-

(a) This is to certify that Maryam Mohammad Safdar is one of our valued customer in SAMBA Al-Tahlia Branch since 2002. And she is well known to us.

(b) full address: Saroor Palace, Bazoue al eman st. Ruwais, Jeddah, Kingdom of Saudi Arabia.

(c) This certificate was given to Maryam Mohammad Safdar based on her request without any responsibility on our part.

(2) **Conclusions:**

(a) The accepted letter establishes link of Ms. Maryam Safdar with Minerva Service since December 2005.

(b) Same address (Saroor Palace) is given in the SAMBA and Mr. Errol George letters (referred above), which indicates the timeframe of the linkage of Ms. Maryam Safdar with Minerva Service (2005).

(c) The contention of Ms. Maryam Safdar, of being Trustee of Avenfield properties, and that being the reason for her linkage with Minerva Services and the SAMBA letter is rendered totally incorrect by the authenticated letters of Mr. Errol George that plainly prove that she was the Beneficial owner of these properties, which were managed by Minerva Services.

(3) **Conclusions:** Ms. Maryam Safdar has submitted fake/ falsified documents to the JIT, which is a criminal offence. These documents are decoys to manipulate facts and camouflage truth. Mr Hussain Nawaz and Capt (R) Safdar as well as Ms Maryam safdar have also signed these falsified and misleading documents. Mr Hasan Nawaz Sharif, having submitted these documents as Respondent No. 8 is also prima facie involved in manipulating and misleading the Honorable Supreme Court of Pakistan.

11. **QC's Legal Opinion on Validity of the Nescoll/Nielsen Declaration of Trust under English law**; The defence of the Respondents with reference to the ownership of Avenfield properties hinges on Trust Declaration (Nielson and Nescoll Companies, ***Annexure B***) between

Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar, claimed to have been signed in 2006 and 2008 respectively.

12. The JIT has examined and considered the validity and authenticity of the Nescoll/Nielsen Declaration of Trust. With regard to its validity of the Nescoll/Nielsen Declaration of Trust, the JIT has considered the two "expert opinions" of English Queen's Counsel filed on behalf the Respondents No. 7 and 8 and by the Petitioner in CP 29/16 respectively. The "expert opinion" filed on behalf of the Respondents No. 7 and 8 is that of Stephen Moverley Smith QC dated 12-6-2017 is at page 107 of CMA 432/17 ***Annexure F***. The "expert opinion" filed on behalf of the Petitioner is of Gilead Cooper QC and is dated 13-2-2017. This was filed through a CMA and comprises of 22 pages. ***Annexure G***

13. The opinion of Stephen Moverley Smith QC is that there is no requirement, under either the laws of England and Wales, or under the laws of the British Virgin Islands, for trust instruments to be registered or filed with any authority and that there being no obligation to register or file a trust instrument, it becomes effective on the trustee agreeing by his signature to hold the assets of the trust on the terms of the written instrument. This opinion does not refer to either the Coomber Trust Declaration or the Nescoll/Nielsen Declaration of Trust nor does it state that the either was examined for the purposes of rendering that opinion. It is restricted to a general and broad statement of the English and BVI law as noted above.

14. The opinion of Gilead Cooper QC is substantially more detailed and refers at length to the pleadings of the Respondents No. 6 and 7 in CP 29/17 as well as specific provisions of the Nescoll/Nielsen Declaration of Trust. It also considers and comments on the opinion rendered by Stephen Moverley Smith QC. Upon examination of the said opinion the position that emerges under English law according to Gilead Cooper QC is that:

a. As a matter of English law, there are two methods by which a trust may be created: *either* a settlor may declare *himself* to be trustee of property belonging to him; or a settlor may *transfer* property to a trustee, who accepts the trust the case of bearer shares, the legal title is vested in whoever has physical possession of the

JOINT INVESTIGATION TEAM PANAMA CASE

share certificates, and in order for the trust to be fully constituted, the certificates must be physically handed to the trustee. There is no mention of the bearer shares in this case ever having been handed over to Respondent No. 6 in either the pleadings of Respondents No. 1, 6 or 7 nor in any statement made by them before the JIT. Consequently, "if this did not take place, there was no transfer, and consequently no trust." It is the opinion of this expert that neither the English nor the BVI jurisdiction will recognise a valid trust of which the Respondent No. 6 is the trustee unless there was physical delivery of the bearer shares to her.

b. The JIT having considered both "expert opinions" carefully is of the view that, on balance, the legal conclusions of Gilead Cooper QC appear to reflect the correct position as these have been reached by considering all of the available facts and are underpinned by English law. If this position is accepted, which the JIT tends to agree with, then the obvious consequence is that the Nescoll/Nielsen Declaration of Trust did not create any valid and lawful trust under English law.

c. The matter of the continued validity of the Nescoll/Nielsen Declaration of Trust does not, however, rest there. It is an admitted position as pleaded by the Respondents No. 6, 7 and 8 that the "bearer" shares of Nescoll Limited and Nielsen Enterprises Limited were "cancelled" in July 2006 and new "registered" shares were issued in the name of Minerva entities. Again, since to create a valid trust, English law requires the *transfer* of the trust property (in this case, after July 2006 being the "registered shares" of Nescoll Limited and Nielsen Enterprises Limited and not the "bearer" shares) to a trustee, who accepts the trust, the cancellation of the "bearer" shares would have terminated any trust that may have existed as it left Respondent No. 6 with nothing over which she could be a trustee: without the bearer shares, she had no interest in Nescoll Limited and Nielsen Enterprises Limited. Furthermore, by cancelling the bearer shares and giving instructions for the issue of new shares, it is the opinion of Gilead Cooper QC that Respondent No. 7 "was in effect exercising his right under *Saunders v Vautier* (1841) 4 Beav. 115. to wind up the trust as the absolute beneficial owner" and that

JOINT INVESTIGATIVE PANAMA CASE

would have "discharged" Respondent No. 6 "from any duties or obligations she might have had under the" Nescoll/Nielsen Declaration of Trust. The JIT, on balance, tends to agree with this opinion, the consequence of which is that even if *assuming arguendo* there was a valid trust over the "bearer" shares with effect from the date of purported execution of the Nescoll/Nielsen Declaration of Trust in February 2006, it would have terminated in July 2006, when the bearer shares were cancelled. Therefore, with effect from the date of cancellation of the "bearer" shares there was no lawful and valid trust and neither is such trust continuing to-date, contrary to the pleadings of the Respondents No. 6 and 7 and their respective statements before the JIT.

15. **Authenticity of the Trust Document Produced**: The JIT during examination of the document observed inconsistencies in the document produced by the Respondents as Nielson/ Nescoll Trust Deed and Coomber Inc, Trust Deed. Foregoing, the JIT underwent an exhaustive examination regime to include seeking comments from the solicitor (Jeremy Freeman), who had authenticated this Trust Deed and also the handwriting experts.

a. Mr Freeman's response was limited. ***Annexure H***.

(1) He stated: *"...We are in receipt of your email dated 27th June 2017 sent at 13:36 to our Mr Freeman. On 4th February 2006 Mr Hussain Nawaz Sharif and Mr Waqar Ahmed attended at these offices bearing the original Declarations of Trust, copies of which were attached to your email under reply and neither of which had Mr Freeman seen previously.....we do not propose corresponding with you any further.."*

(2) It is material to note that Freeman:

(a) Claims to have seen the 'original' documents which are identical to "copies" attached to Quist's letter.

(b) He had not seen the documents until they were allegedly produced by Hussain Sharif.

(c) Confirms being one of two witnesses who also signed the document.

(d) Confirms the contents of his 5 January are allegedly correct.

(e) Refuses to give detailed answers to Quist's questions and to entertain any further correspondence.

(3) **Conclusion**: At the time we therefore concluded that the failure by Mr Freeman to respond in comprehensive terms to Quist's letter was strongly indicative of the fact that to do so, namely, provide full and honest replies, would have incriminated not only Hussain Sharif and Mariam Safdar but also the other respondents in addition to Mr Freeman himself.

b. **Expert Opinion by Document Examiner of "Trust Declarations" of Nescoll & Nielson Limited and Coomber Inc., Provided by Ms. Maryam Safdar to the JIT;**

(1) Ms. Maryam Safdar, during her appearance before the JIT, provided following two documents, claiming these to be "Original Copies"

(a) "Nescoll/Nielsen Declaration" (copy attached as ***Annexure B***);

(b) "Coomber Declaration" (copy attached as ***Annexure C***);

(2) It is worth mentioning that the JIT had, after noticing some obvious cuttings in the dates in the photocopied documents presented by the

JOINT INVESTIGATION PANAMA CASES

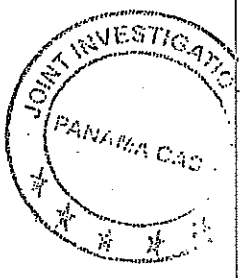
respondents in the Court proceedings had already got an expert opinion from "The Radley Forensic Document Laboratory (Forensic Handwriting & Document Examination Experts), London and had obtained the first report which is at ***Annexure I***. The JIT also sent, what was presented by Ms Maryam Safdar as "Original Documents" to "The Radley Forensic Document Laboratory (Forensic Handwriting & Document Examination Experts), London for examination. After forensic examination, the said Laboratory submitted a comprehensive report duly signed by ROBERT W. RADLEY (Forensic Handwriting & Document Examiner), profile at ***Annexure J***, and copy of report is attached as ***Annexure K***. Summary of their opinion is as under:-

(a) Both certified Declarations are bound with a staple and an eyelet binder in the top left hand corner which enclosed the pages of the Declaration within a green triangular corner piece. I am firmly of the opinion that both of the documents have been unbound with the removal of the eyelet in each case and the removal a number of staples and then rebound using the same eyelets and a single staple per document.

(b) I have identified the type font used to produce both certified Declarations as "Calibri". However, Calibri was not commercially available before 31st January 2007 and as such, neither of the originals of the certified Declarations is correctly dated and happy to have been created at some later point in time.

(c) It is not possible to determine when these copies would have been made unless, possibly, ink dating is undertaken.

(3) **Conclusions:**



(a) The report prepared by the UK based (Forensic Handwriting & Document Examiner) proves, beyond any doubt that presented documents by respondents in the Supreme Court and the documents presented to the JIT by Ms. Maryam Safdar were falsified to mislead the Court to believe that they were signed in 2006, whereas they could not have been typed in that font in that year as it was not yet introduced.

(b) The report by the Forensic Handwriting & Document Examiner further corroborates and substantiates the certified letters of Mr. Errol George, which indicate that Ms. Maryam Safdar was Beneficial Owner of Neilson/ Nescoll offshore companies (sole shareholders of Avenfield properties) and there was no trust or "Trustee".

16. **Conclusive Findings with reference to Authentication of Documents**: Following facts are proved beyond doubt;-

a. Ms. Maryam Safdar had been the real and Beneficial Owner of Neilson and Nescoll Offshore Companies and owned Avenfield properties in 2012 and before. Her present status with reference to ownership of these properties could not be checked/ verified in absence of record/ evidence, which the Respondents were required to provide in line with Qanoon-e-Shahadat.

b. Trust Declaration documents, presented by Ms. Maryam Safdar to the JIT, as well as the photocopies of these documents submitted in the Honorable Supreme Court of Pakistan, are fake and fabricated documents. These documents are decoys to

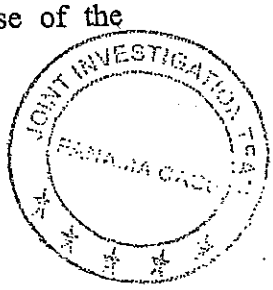
mislead the Honourable Supreme Court of Pakistan, manipulate facts and camouflage truth.

c. The non-provision of requested corroborative documents/ record and refusal to give "Data Disclosure Consent" to the JIT by the Respondents, corroborate the fact that Respondents were consciously veiling the evidence and its access by JIT, which they were otherwise required to produce before the JIT in the light of Articles 117, 119 & 129 of Qanoon-e-Shahadat 1984 and Section-9(a)(5) of National Accountability Ordinance 1999.

**JIT's Findings on the bases of Statements of the Respondents**

17. **Possession of Avenfield Properties**: Although rendered almost inconsequential due to the documentary evidence presented above, the investigation by JIT about the possession of the apartments is discussed below.

a. It is an accepted fact that Avenfied Apartments (Flats No. 16, 16a, 17 & 17a) are in possession of Sharif family since 1993. Mr. Hussain Nawaz Sharif claimed to have taken possession of first apartment (Flat # 17) in 1993. Later his brother, Mr. Hasan Nawaz Sharif joined him in 1994, and also his cousins Mr. Hamza Shahbaz and Mr. Haroon. He claimed to have taken possession of Apartment No. 16 during 1995, which was earlier in use by an Arab family. He claimed to have also taken possession of Apartment 17 A in the period 1995- 96. Some discrepancies and inconsistencies in the statement of Respondents with reference to possession of apartments are as under;



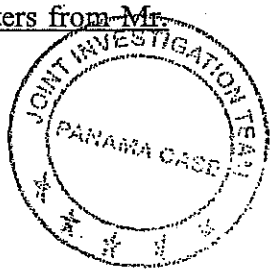
b. Mr. Hasan Nawaz Sharif has practically lived all of his adult life in the Avenfield apartment. He was however very evasive in answering the questions about the ownership of the apartments. He was asked about the interview that was aired in Tim Sabistian's BBC program "Hardtalk" attributed his answer to being very

young at that time and facing an anchor like Tim was not easy. He also said that the questions related to the Avenfield Apartments, in Hardtalk, were posed without any notice. He further stated that he should have stated the same thing that he has stated today before the JIT i.e he did not know who was paying the rent for the apartments. The claim of Mr. Hasan Nawaz Sharif, notwithstanding his age at that time, is not convincing as he did not acknowledge, in his statement before the JIT, that he had any knowledge, who owned Nielson and Nescoll at that time and even refused to acknowledge that he knew of these names at that time.

c. Mr. Hasan Nawaz Sharif (Respondent No. 8) contradicted the statement by Mr. Hussain Nawaz Sharif about possession of Avenfield Apartments, who had earlier stated that only Apartment No. 17 was in his possession in 1994. Contrarily, he confirmed that three Avenfield Apartments (No. 16, 16a & 17) were already in possession of Mr. Hussain Nawaz Sharif when he reached London in 1994 while they got possession of the fourth Apartment (No. 17a) over the next 6 months. It substantiates that Mr. Hussain Nawaz Sharif *prima facie* was not truthful to the JIT about possession of these Apartments.

d. Mian Nawaz Sharif distanced himself from the apartments and could not explain the timeframe and procedure adopted for obtaining possession of Avenfield Apartments by his sons namely; Mr. Hussain Nawaz Sharif and Mr. Hasan Nawaz Sharif and was even uncertain about which son claims the ownership of the flats now. He was unable to reply to questions with reference to possession of Avenfield Apartments vis-à-vis their management since 1993/94.

e. Mian Nawaz Sharif stated that he usually stayed in Apartment No. 16 (Avenfield) whenever he visited London. It is interesting to note that, except him, no one is ever stated to have lived in Apartment No. 16; the only exception was Mian Muhammad Sharif, who as per the statement of Mr. Hussain Nawaz Sharif stayed in this apartment while he was sick in nineties. This exclusive use of the



apartment makes him the sole beneficiary of the apartment as far as possession is concerned.

f. Mr. Hasan Nawaz Sharif stated that Mr. Hussain Nawaz Sharif had been paying for the ground rent and utilities of Avenfield Apartments from 1994 to 2000; thereafter he started himself paying it for which money also came from Mr. Hussain Nawaz Sharif. This contention is not consistent with the stance of Mr. Hussain Nawaz Sharif who stated that he did not pay these expenses after he left London in 1996. Both the brothers are supposed to be having firsthand knowledge about this aspect being personally involved in the said activity, hence cannot be given the benefit of doubt. Prime facie, either one or both of them has lied to hide some fact. On the other hand, Mian Nawaz Sharif was unable to reply to questions with reference to possession of Avenfield Apartments vis-à-vis their management since 1993/94.

g. Mr. Hussain Nawaz Sharif stated that he had been receiving money from his grandfather from the account of Ittefaq Group of Industries, 32 Empress Road Lahore for payment of ground rent and service charges for the Avenfield Apartments, which is in line with the statements of Mian Nawaz Sharif and Mian Shahbaz Sharif. Mian Nawaz Sharif reconfirmed that all expenses related to stay of Mr. Hasan Nawaz Sharif and Mr. Hussain Nawaz Sharif and the flats were being met by his father, Mian Muhammad Sharif. He stated that he knew that his family was paying the ground rent, service charges and utilities but did not know whether rent was being paid or not.

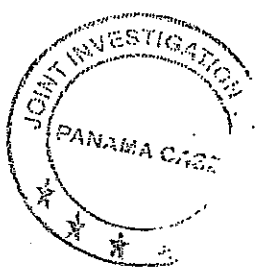
18. **Money Trail, as Claimed by the Respondents – Investment in Qatari Business by Mian Sharif and their Proceeds thereto**: The JIT, based on available documentary evidence and inconsistencies in the statements of the witnesses, has clearly concluded that the spreadsheet attached with Qatari letter (copy attached as ***Annexure L***) has been "*constructed*" as an afterthought to artificially connect missing dots in money trail of Sharif family with reference to the ownership of Avenfield Apartments. Therefore, the appearance of the two letters from Mr.

Al-Thani in the Honourable Supreme Court of Pakistan is a "Myth" and not a reality. Details along with corroborating evidence have been covered in Volume-IV (Qatari Letters) of the JIT's Investigation Report.

19. **Ownership of Avenfield Apartments and Trust Deed, as Claimed by the Respondents**: Although it has been proved beyond doubt that Ms. Maryam Safdar had been the owner of Avenfield properties and that documents filed by the Respondents (No. 6, 7 & 8) are fake and manipulated, yet, the statements by the Respondents/ witnesses have been analyzed as under, which further corroborate above referred authentic documentary evidence;

a. Mr. Hussain Nawaz Sharif stated that there was no written agreement prepared or signed between the parties about the settlement that was being made after about 25 years "to avoid future litigation by any party". This argument of not signing an agreement to settle an investment spread over decades and involving payments, for which no proof exists, is beyond comprehension and highly improbable.

b. Mian Nawaz Sharif was confronted with the relevant contents of his speech to the nation dated 5th April, 2016 and address in National Assembly dated 16th May, 2016. Initially, he claimed privilege of not replying but later gave vague answers stating that whatever he said was correct. He did not endorse the contents of interview by Mrs. Kalsoom Nawaz Sharif given to The Guardian newspaper in the year 2000 whereby she accepted ownership of Avenfield Apartments. He stated that she might not be in knowledge of actual situation. He also showed ignorance about claimed "Trust Deed" signed by Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar.



c. Mr. Hasan Nawaz Sharif stated that he first time came to know about "Trust Deed" with reference to Avenfield Apartments/ Nielson and Nescoll, in which Ms. Maryam Safdar was made "Trustee" by Respondent No.7. Furthermore, copy of this "Trust Deed" was not provided to Minerva (service provider Company) in 2006. The secrecy about the "Trust Deed" (if there was any) confirm about its

JOINT INVESTIGATION PANAMA CELL

very existence in 2006. His answer to the question whether he knew if any member of his family was the beneficial owner of Nielson and Nescoll, the companies who owned the Avenfield apartments, during the period 1994 to 2006 was not a plain negation. He rather chose to answer the question in an indirect way by saying that he had no means of knowing whether his family was the beneficial owner of Nielson and Nescoll, the companies who owned the Avenfield apartments, during the period 1994 to 2006. Mr. Hasan Nawaz Sharif's lack of direct response seemed to be a tactic to avoid questioning on the issue. His statement in this regard was not plausible.

d. Mian Nawaz Sharif explained, at length, that Sharifs are closely knit, and an interdependent monolithic family. Mian Sharif had been head of family, who solely decided about the shares of various family members in the businesses, and the entire family used to be the beneficiary; he explained by stating that even educational expenses of his children were being paid by Mian Muhammad Sharif. Mr Shahbaz Sharif also corroborated the fact that the Sharifs are a monolithic family and stated that the expenses of Mr. Hamza Shahbaz Sharif in UK were also borne by Mian Sharif. This analogy is further corroborated by the utilization of the Avenfield Apartments where the beneficial ownership is claimed by Mr. Hussain Nawaz while the beneficiary in terms of longest possession and use is Mr. Hasan Nawaz Sharif.

e. Captain (R) Muhammad Safdar (Respondent No. 9) misstated that even today he did not know about owner of Avenfield Apartments. He, along with the family, had been visiting London since 1993, but neither stayed nor was in knowledge that Apartments were in possession of Sharif family. In late 2007, he along with family (including Mian Nawaz Sharif) once stated in Avenfield Apartments and learnt that Apartments were in possession of Sharif family. Following serious inconsistencies have been observed:-

(1) He claimed to have signed a "Trust Deed between Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar" as witness relating to Avenfield Apartments in 2006. Therefore, his contention that he was oblivious about owner of Avenfield Apartment is absolutely untrue.

(2) The ownership of Avenfield Apartments has remained under discussion in the media since 90s. It is implausible that a close family member like him was completely unaware about this issue.

(3) He narrated all events leading to the "Trust Deed between Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar", which he signed as a witness but neither did he remember the contents of the Trust Deed, nor its date/ year of signing since he had quickly gleaned the document. He declined to have known the relationship of Avenfield Apartments with the Trust Deed. When confronted with the Trust Deed filed by the Respondents in CMA ---- , he initially kept arguing it to be incomplete and photocopied document. However, later when exclusively indicated by the JIT, he verified it to be true copy. He also failed to recall any other "Trust Deed" signed by him as witness. Important conclusions are as under:-

(a) His inability to recall contents of claimed "Trust Deed" vindicated that no trust deed existed. He might have been made to sign some document by the family which he signed without reading. A common pattern/ practice in Sharif family, whereby decision by head of family is blindly complied with. Following are few cases to cite:-

i. Mr. Tariq Shafi claimed that he had been signing different documents related to Gulf Steel Mills without even reading the contents, though, there are serious unanswered

questions about even genuineness of his signatures on these documents.

ii. Mr. Hasan Nawaz Sharif and Mr. Hussain Nawaz Sharif signed family "Assets' Settlement" document, but when asked, they refused to have even seen the document.

iii. Mian Muhammad Nawaz Sharif verified his signatures on family "Assets' Settlement" document, but failed to recall the contents of the documents or date/ year of its signing.

f. **Envisaged Reason of Conversion of Bearer Shares into Registered Shares of Nielson and Nescoll:**

(1) Government of BVI changed its policy with reference to bearer shares, whereby the bearer shares were required to be converted into registered shares by June 2006, hence there was no flexibility to go beyond 2006.

(2) In 2007, Avenfield Apartments were pledged and mortgaged by Coomber Inc, in 2007 and 2008 respectively.

20. **<u>Physical Transfer of the Bearer Shares of Nielson and Nescoll Offshore Companies</u>**: Although it has been established that Ms. Maryam Safdar was beneficial owner of Avenfield Apartments and that the story built by Mr. Hussain Nawaz Sharif and other Respondents is totally incorrect which have been attempted to be corroborated by false documents yet, the stated stance of Respondents is discussed below to highlight contradictions and inconsistencies in their statements.;

a. Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar stated that they never saw or possessed Bearer Shares of Nielson and Nescoll Offshore Companies after their

transfer as a consequence of settlement with Mr. Al-Thani. On other hand, Mian Muhammad Nawaz Sharif said that he did not know how the bearer certificates were transferred.

b. As claimed by Mr. Hussain Nawaz Sharif, in early 2006, these were sent in an envelope by Mr. Nasir Khamis (representative of Mr. Al-Thani. to Mr. Waqar Ahmed (representative of Mr. Hussain Nawaz Sharif and business manager of Mr. Hasan Nawaz Sharif), who in turn mailed this sealed envelope to Minerva.

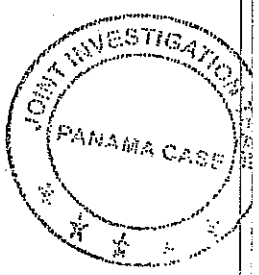
c. Mr. Hussain Nawaz Sharif confirmed, when repeatedly asked, that neither he nor Mr. Waqar Ahmed ever saw the Bearer Shares themselves.

d. He also stated that he along with Ms. Maryam Safdar (Respondent No. 6) had filled "Know Your Customer (KYC)" forms in Minerva. Ms. Maryam Safdar, however, negated this stating that she never filed any KYC. ***Annexure M***

e. **Conclusions:**

(1) Repeated change in stance of Mr. Hussain Nawaz Sharif before the JIT and even from the reply submitted in Honourable Supreme Court of Pakistan indicates possible efforts to conceal the facts.

(2) As per one of the clauses of the Trust Deed signed between Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar) produced by him, the "Trustee (Ms. Maryam Safdar)" was required to "hold" Bearer Shares on behalf of Mr. Hussain Nawaz Sharif. In the event, when both of them have never even seen these Bearer Shares, the document (Trust Deed) becomes unauthentic/illegality.



21. **Family Assets' Settlement**: Again, rendered almost inconsequential, another aspect that was investigated by the JIT is the Family asset settlement of the Sharif family. After the death of Mian Muhammad Sharif in 2004, Sharif family (sons, daughters and grandsons and granddaughters of Mian Sharif) reached a family assets settlement (copy attached as ***Annexure N***). However, the family asset settlement was executed in 2009 on an Affidavit, duly signed by all members of Sharif family;

a. Mian Nawaz Sharif stated that family "Assets Settlement" was agreed and executed after death of Mian Muhammad Sharif in 2005, which was inclusive of all properties and assets held by the family within Pakistan and abroad. He identified his signature on the "Assets Settlement" document accepting them to be his.

b. The said "Assets Settlement" document does not contain/ cover detail of any property outside Pakistan especially Avenfield Apartments. As per the statements of the Respondents, the apartments were transferred in the name of Sharif family (Mr. Hussain Nawaz Sharif) in 2006, much earlier than the execution of "Assets Settlement" document (signed in 2009) but there is no mention of these apartments in the document.

c. In the settlement document the female members of the family have surrendered their rights in favour of male members with reference to properties/ assets in Pakistan. It is however interesting to note that in case of apartments none of the legal heirs of Mian Muhammad Sharif including Mian Muhammad Nawaz Sharif and his brothers surrendered their claims on Avenfield Apartments in favour of Mr. Hussain Nawaz Sharif.

d. Mr Shahbaz sharif also verified "Assets Settlement" document, shown by the JIT as a true copy; the document was prepared in 2005 and executed in 2009 as shown on the Affidavit. Mian Shahbaz Sharif, however, also failed to justify non-

inclusion of Avenfield Apartments or investment with Mr. Al Thani in the said document.

**Al-Towfeek Case: Analysis of the English proceedings, the inclusion of Avenfield properties in proceedings and details of their ownership as held by the High Court, Queens Bench Division.**

22. Although the documentary evidence discussed above is conclusive the JIT investigated the Al Towfeek litigation (being case 1998-A-No. 991 before the Queens' Bench Division of the High Court of Justice (England) in which the Plaintiff was Al-Towfeek Company for Investment Funds Limited (Al-Towfeek) and Hudabiya Paper Mills Limited (Hudabiya), Mian Mohammad Shahbaz Sharif, Mian Mohammad Sharif and Mian Mohammad Abbas Sharif were arrayed as the First, Second, Third and Fourth Defendants respectively). The settlement of the litigation is an areas of investigation by the JIT in the context of identifying the true ultimate beneficial owners of the Mayfair apartments and assessing the veracity of the version presented before the Honourble Court with respect to these legal proceedings and the payment of US $ 8 million admittedly made to settle the same.

23. **Background of the Al-Towfeek Case:**

a. Proceedings were issued in London to recover a loan made by Al-Towfeek to Hudabiya Mills. Judgments were entered by the Plaintiff in the High Court on 20 October 1998 and 16 March 1999. On 26 October 1999, Mr. Shezi Nacqvi representing the Plaintiff filed witness statements with the High Court in support of an application for a charging order over the Mayfair apartments. His statements describe the interests of the Sharif family in the Mayfair apartments. On 5th November 1999 the High Court granted a "charging order nisi" over the Mayfair apartments in favour of the Plaintiff. The order expressly declared that " ...the

second defendant, third defendant/or fourth defendant has a beneficial interest in the [Mayfair apartments details of which were set out] in the schedule [to the order]". ***Annexure O***

b. There is a reference in the proceedings to the ownership of Hudabiya by the Sharif family and personal outstanding liabilities. Details of the parties and the liabilities are:

| | | |
|---|---|---|
| Hudabiya Paper Mills Limited, | First defendant | |
| Mian Mohammad Shahbaz Sharif | Second Defendant | US$18,673,203.86 |
| Mian Mohammad Sharif | Third Defendant | US$15,504,732.37 |
| Mian Mohammad Abbas Sharif | Fourth Defendant | S$15,504,732.37 |

c. The Plaintiff was also given permission to serve the charging order and Mr Nackvi's witness statements on the defendants in Pakistan and the JIT has obtained record which proves that this was indeed done and that, inter alia, Mr. Shahbaz Sharif was duly served with the same. It was further ordered that a complete set of the application documents should be served on the BVI companies at their registered office at Ansbacher BVI PO Box 659, Road Town, Tortola, British Virgin Islands. It appears, from available information, that the Defendants failed to respond to the assertions concerning the details and basis of their interests in the Mayfair apartments or otherwise to challenge or deny the same in any other way.

d. It is further worth noting that despite the Defendants' incarceration a settlement was reached between the parties and accordingly a Consent Order was filed with the High Court on 25 January 2000. The Consent Order had annexed to it a settlement deed. The deed is sealed and not available for public scrutiny. However, we now have a draft copy of the Consent Order ***Annexure P***, which we comment on below. The JIT has also submitted a Request for International

Mutual Legal Assistance to the UK Central Authority seeking record of the English High Court proceedings ***Annexure O***.

e. The draft Consent Order states that the charging order nisi granted by Master Trench on 5 November 1999 be discharged forthwith upon payment in accordance with clause 3 of the said deed with no order as to costs.

f. The cautions registered against the Mayfair apartments, therefore, are not required to be removed until payment is made to satisfy judgment. The security and the caution remain in place until the defendants make payment. The cautions are removed almost a month later on 21st February 2000.

24. **Analysis by JIT**:

a. According to the records made available to the JIT by SECP, Hudabiya Paper Mills had the following directors at the time of commencement of business in March 1992:

(1) Mian Muhammad Sharif
(2) Mian Shahbaz Sharif s/o Mian Sharif
(3) Mian Abbas Sharif s/o Mian Sharif
(4) Hussain Nawaz Sharif s/o Mian Nawaz Sharif
(6) Hamza Shahbaz Sharif s/o Mian Shahbaz Sharif
(7) Mrs. Shamim Akhtar w/o Mian Sharif
(8) Mrs. Sabiha Abbas d/o Mian Abbass

b. After commencement of business there was no change in the above until 1995. In October 1996, Mrs. Maryam (Nawaz) Safdar, was made director in place of Mr. Muhammad Shahbaz Sharif; thereafter as per the records filed with SECP there was no change in the director's status until 30 December 2000.

c. In his statement before the JIT, Mr. Shahbaz Sharif refused to answer questions concerning the Al-Towfeek litigation and related issues of registration of cautions against the registered titles of the Mayfair apartments. He refused to answer any questions relating to the English High Court proceedings involving Hudabiya in which he was personally arrayed as the Second Defendant (qua one of the Guarantors of the loan obtained by Hudabiya from Al-Towfeek) by claiming that the English High Court proceedings were quashed by the Pakistani High Court. This is a patently false and unsubstantiated statement belied by the available record which is to the contrary. Moreover, Mr. Shahbaz Sharif never produced the judgment of any High Court of Pakistan to this effect, nor is the JIT otherwise aware of any such judgment. Mr. Shahbaz Sharif, however, persisted that the JIT could not probe into this issue. Despite being made aware that JIT had been mandated in this regard by the Honorable Court, he remained adamant about not answering any questions concerning the placing of the caution over the Mayfair apartments. The said caution was placed in pursuance of the charging order of the English High Court on the basis that Nescoll Limited and Nielsen Enterprises Limited (the registered proprietors of the Mayfair apartments) were alleged to be vehicles for the Second, Third and Fourth Defendants in the said proceeding who were said to be the true beneficial owners. The emphatic and persistent refusal of Mr. Shahbaz Sharif to respond to this line of questions is construed by the JIT as an attempt to evade answering central questions about matters of which, according to the material on record discussed below, Mr. Shahbaz Sharif had due notice and knowledge. As it is now known that the English High Court proceedings were concluded through a Consent Order based on a Settlement Agreement to which all of the Defendants, including Mr. Shahbaz Sharif were a party, the nexus between: (a) Hudabiya, in which, at the relevant time, the interest of Respondent No. 1 was represented through Respondents No. 6 and No. 7 and the interests of the other two brothers was also directly or indirectly represented; and (b) the Mayfair apartments, which were the subject of a charge as a result of the English High Court proceedings, which was only vacated upon payment to Al-Towfeek on behalf of the Defendants of the settlement amount as per the

Settlement Agreement executed between Al-Towfeek and the four Defendants in the High Court proceedings, consequently also stands clearly established.

d. A similar pattern can be seen in the statement given by Hasan Nawaz Sharif (Respondent No. 8) who completely denied any knowledge concerning the payment in 2000 claimed by him and his brother Hussain Nawaz Sharif, before the Honorable Court through CMA 432/17, to have been made by the Al-Thani family to settle the Al-Towfeek litigation. This is in stark contradiction to the stance of both brothers in paragraph 8 of CMA 432/17 (submitted on behalf of Respondents No. 7 and No. 8) in which it was pleaded that the Respondent No. 7 was informed by the representative of the Al-Thani family that a sum of US $ 8 million has been paid during the year 2000 to the Al Towfeek Company for Investment Funds and that Respondent No. 7 was informed that this payment was made on the instructions of Mian Muhammad Sharif.

e. Mr. Hussain Nawaz Sharif's (Respondent No. 7) in his statement before the JIT also distanced himself from any knowledge of the English High Court proceedings and subsequent Settlement Agreement, while also explaining how Nasir Khamis, the representative of Mr. Thani, had recorded an expense of US $ 8 million representing the settlement payment in the Al Towfeek litigation. He maintained that his uncle, Mr. Shahbaz Sharif, who could otherwise have known about this payment was not present in Saudi Arabia at the relevant time and therefore he (Hussain) could not ask him to check the veracity of the details of the payment.

f. The Respondent No. 1, Mian Nawaz Sharif, also in his statement before the JIT - while acknowledging that he had heard about the Al Towfeek litigation - denied any knowledge of the details of the Settlement Agreement executed with Al-Towfeek.

g. We refer to the without prejudice draft of the Deed of Settlement and the Consent Order in respect of the English High Court proceedings marked 'Without prejudice - Draft 2, December 1999'("December 1999 draft consent order"). ***Annexure R***.

h. We do not believe it reflects the final terms reached and agreed upon by the parties to the Al-Towfeek Litigation, but it is nevertheless a helpful document as it underscores and proves the Defendants inaction when it comes to taking steps to dissociate themselves from having any nexus or beneficial ownership interest in the Mayfair apartments when they become aware of the English High Court proceedings, including the placing of a charge on the Mayfair apartments.

i. Nowhere in the December 1999 draft Consent Order - both in the draft Settlement Deed and the draft Consent Order - does it state that the Defendants do not have a beneficial interest in the Mayfair apartments.

j. The Mayfair apartments are not expressly excluded from being assets against which Al-Towfeek can enforce judgment in the event of a default by the Defendants to make payment.

k. This significant omission - expressly excluding the Mayfair apartments in the course of negotiations from the scope of legal proceedings supports, corroborates and reinforces the JIT's analysis and conclusion that the Defendants retained an interest in the Mayfair apartments as also held by the High Court in the 5 November Charging Order. That position remained unchallenged throughout, until final settlement, whether by Hudabiya (in which Respondent No. 1 held interest through his daughter and son), the Second, Third and Fourth Defendants (being the brothers and father of the Respondent No. 1) or by any third party such as any member of the Al-Thani family.

l. The JIT's investigation and analysis of documents / news report attached reveal that the Defendants made an application to set aside an order issued on 4 September 1998 and failed. They were ordered to pay the Plaintiff's legal costs. Nevertheless the Defendants did not appeal against the ruling. Subsequently the Defendants did not seek at any stage to appeal or set aside any further order made against them even though the High Court declared they had an interest in the Mayfair apartments.

m. The Settlement envisaged by the December 1999 draft consent order encompasses both sets of proceedings – 'the English Action' and 'the Pakistan Action'. *See paragraph D of Annexure P.*

n. Clause 2 of the draft Settlement Deed states that payment is to be made "from Hudabiya and/or the Guarantors in the sums particularised in clause 3 ... in full and final settlement" of all worldwide claims "arising out of or in connection with the subject matter of the English Action".

o. Notably therefore, the parties to the draft Settlement Deed (being the same as the Plaintiff and Defendants in the English High Court proceedings) treat the basis of the claim as that set out in the English proceedings and not any proceedings in Pakistan. The Pakistani proceedings were, therefore, only tactical in nature and not a serious attempt to challenge the substantive Al-Towfeek claim fought in the proper jurisdiction where it succeeded and where matters concerning the ownership of the Mayfair apartments were more properly considered.

p. Furthermore, it is significant to note that clause 2 of the draft Settlement Deed refers to payment being made by the Defendants and not the Al-Thani family or any other third party.

q. Clause 7(3) of the draft Settlement Deed requires the Plaintiff to remove the cautions registered against the Mayfair apartments. In reality however, this clause does not seem to have been kept in the final signed version of the Consent Order and the Settlement deed.

r. The investigation reveals that it is likely that the final order by the High Court stated that the charging order nisi granted by Master Trench on November 5,

1999, be discharged forthwith ***upon payment*** in accordance with clause 3 of the said deed with no order as to costs.

s. Accordingly, we continue to rely on our conclusion that the charging order and the caution registered against the Mayfair apartments provided the Plaintiff with security until payment was discharged.

t. The parties agreed to keep the terms of the Settlement Deed confidential. *(Clause16)* We conclude that in all of the circumstances this was an essential requirement for the Respondent No. 1, his father and brothers so that they could mask details of both their personal liabilities and their beneficial interests in the Mayfair apartments.

u. We refer to the Orr, Dignam & Co. (Advocates) letter dated 29 June 2017 addressed to the JIT together with the affidavit of service dated 7 December 1999 provided by the said law firm. ***Annexure S***

v. The affidavit of service sworn by Mr. Mazhar Bangash confirms personal service of the 5 November 1999 Charging Order Nisi and Mr Nackvi's witness statements dated 26 October 1999 and 5 November 1999 - on 26 November 1999 on the Third and Fourth Defendants and on 27 November 1999 on the Second Defendant. Various banks and institutions were also served on other dates. Accordingly, this document itself conclusively proves that the refusal by Mr. Shahbaz Sharif and others to answer questions in relation to the Al-Towfeek litigation is intentionally evasive as the entire matter was formally in his notice. The conclusion that the Respondent No. 1, No. 6, No. 7 and No. 8 as well as Mr. Shahbaz Sharif were fully aware of the English High Court proceedings is further established by the fact that Hudabiya (in which Respondents No. 6 and No. 7 represented the Respondent No. 1's interest in 1999-2000) and Mr. Shahbaz Sharif along with his brother and father are all parties to the Settlement Agreement which was filed upon their instructions in the Queens Bench Division to seek disposal of the Al-Towfeek litigation upon payment of an amount of US $ 8 million to settle the claim of Al-Towfeek.

w. The affidavit as ***Annexure T*** exhibits a sealed copy of the 5 November 1999 charging order, which give details of a further hearing on 16 December 1999

before a judge, which provided an opportunity for the Defendants to challenge the declaration that they had an interest in the Mayfair apartments. Currently, there is no evidence to suggest that the Defendants or their legal representatives either attended that hearing or otherwise successfully set aside the Charging Order Nisi. Any such challenge is highly unlikely given our analysis set out above.

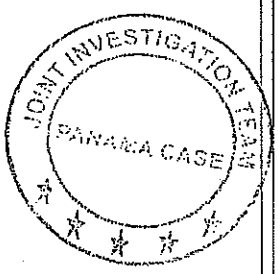
x. We also refer to the further explanatory note attached as ***Annexure U*** prepared by our UK legal advisors, Quist Solicitors.

25. **Conclusive Findings**: In the final analysis, on the basis of the material before the JIT, we conclude that:

a. the 'true' owners of the Mayfair apartments at the time of the Al-Towfeek litigation in early 1999 were members of the Sharif family, which included most likely the Respondent No. 1, who seems to be employing his children and the two BVI entities to conceal his true ultimate beneficial ownership in the Mayfair apartments.

b. the available record of the English High Court proceedings also strongly support the conclusion that members of the Al-Thani family or indeed any other third party had no real interest or nexus with the Mayfair apartments as, *inter alia*, no individuals other than members of the Sharif family were represented in the legal proceedings and subsequent negotiations which culminated in the referenced Settlement Agreement, which makes not even an oblique reference to the Al-Thani family.

c. no actual evidence of the remittance and payment of the US $ 8 million by the Al-Thani family on the instructions of Mian Muhammad Sharif, as claimed and pleaded before the Honourable Court has been produced by any of the Respondents or other individuals interviewed by the JIT. The language of the draft Settlement Agreement also fully corroborates the view that the payment was excepted to be made by one of the Defendants to the Al-Towfeek litigation and that one of the underlying objectives to confidentially conclude the said legal English High Court proceedings was to have the charge placed on the Mayfair



properties vacated without disclosing the identity of the Ultimate Beneficial Owners.

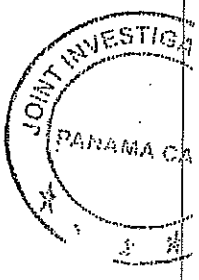
d. the absence of any established role, involvement or association of any member of the Al-Thani family in the ownership of the Mayfair apartments or of Nescoll Limited and Nielsen Enterprises limited even as far back as early 1999 is quite clearly established in the opinion of the JIT. The credibility of the version of events linking ownership of the Mayfair apartments and payment of the US $ 8 million settlement amount to the Al- Thani family is, therefore, further undermined and eroded by these proceedings, the conduct of the parties thereto and the available record relating to the same.

e. based on all the material and information now available with and before the JIT, it is quite evident that the Al-Thani family did not have any interest in the Mayfair apartments in 1999. Had that not been the case then the Al-Thani family or the BVI company agents and directors (upon whom the court orders and the Nacqvi witness statements were also served) would (it is a reasonable assumption by the JIT) have immediately applied to set aside the Charging Order on the basis that their interests had wrongly been interfered with, as the Al-Thani family admittedly had no nexus with the borrower of funds from Al-Towfeek (i.e. Hudaibia), the directors of the BVI entities were under a legal duty to take steps to protect the companies' assets. They also ran the real risk of the High Court ultimately ordering sales of the properties so that the proceeds could be applied to discharge the judgment debt. This however was not the case and a settlement was reached with the defendants without any contest by the Al-Thani family, whether directly or through Nescoll Limited and Neilson Enterprises Limited.

26. The obvious and very strong inference therefore is that the beneficial owners of the properties were not the Al-Thani family.

27. JIT has nevertheless moved a Request for Mutual Legal Assistance (MLA) to obtain specific details and record of the finally executed Settlement Agreement and Consent Order along with related record (update covered in Volume X). Another MLA has been issued to establish the real beneficiary and ultimate user of huge remittances made from fake/ fictitious

bank accounts amounting to US$ 3,462,968 in favour of Shamrock (an offshore company) to Lloyd Banks in London during the period between January 1993 to December 1995 (update covered in Volume X). It is pertinent to mention that Shamrock was ostensibly being managed by Mr. Urspeaker who also owned/ managed Ansbachar "the company which managed the Avenfield properties in 90s". The details of this connection have been covered in Volume pertaining to Hudabiya Case. Such request should however be kept confidential so as to prevent manipulation of record. Quist (Solicitors) are assisting JIT in efforts with the UK Central Authority. The UKCA has acknowledged receipt of the MLA and indicated that a reply to the MLA unfortunately would not be possible within the timeline set by the Honourable Court. Efforts to pursue the matter further are however underway.



**Specific Answers of Questions Raised by Honourable Bench based on JIT's Findings**

28. **Whether Respondents No. 7 and 8 in view of their tender ages had the means in the early nineties to possess and purchase the flats?**

a. Mr. Hasan Nawaz Sharif and Mr. Hussain Nawaz Sharif did not have any independent source of income/ businesses till 2000, and were dependent on their parents/ family. Their residence/ possession of Avenfield properties without payment of rent ostensibly was owing to ownership of the Sharif family at that time. It was only after 2001 that they claimed to have started independent businesses (Azizia Steel Mills and Flagship Investments respectively).

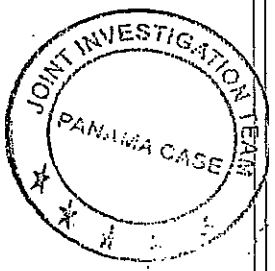
b. Hence it is conclusively established that Respondent No. 7 and 8 did not have any means to, individually or collectively, maintain, manage or purchase Avenfield properties. (answered in detailed in Assets Disproportionate Volume xx)

29. **How bearer shares crystalized into flats?** In light of the documentary evidence discussed in the sections above and the discussions in other volumes related to Gulf Steel sale,

the letters of the Qatari prince, the issue of how bearer shares crystalised into flats is fully answered that such claim by the respondent is found totally false. The fabrication of evidence to create trust deed of 2006 and the authentication by BVI authorities of FIA documents showing Ms Maryam Safdar as beneficial owner of the companies make it clear that the issue of bearer certificates crystallizing into flats is no more relevant. The flats were not the property of Qatari Prince and handing over of the bearer shares as settlement of Qatari investment is totally a myth.

30. **Who, in fact, is the real and beneficial owner of M/s. Nielson Enterprises Limited and M/s. Nescoll Limited?**

a. Mr. Hussain Nawaz Sharif who claims to be the ultimate beneficial owner of M/s. Nielson Enterprises and M/s. Nescoll Limited (owners of the properties) did not produce any document proving his ownership of the said companies/properties despite repeated demand by the JIT.



However, in the light of the authentication/ verification letters of Mr. Errol George (Director, FIA, British Virgin Islands) and Advocate General of BVI, it can be conclusively stated that Ms. Maryam Safdar was ( and probably still is) the real and ultimate beneficial owner of the Avenfield properties, through the ownership of by M/s. Nielson Enterprises Limited and M/s. Nescoll Limited (BVI Companies) and the claim of Ms Maryam Safdar being the "Trustee" was an attempt to mislead the Honorable Supreme Court of Pakistan by presenting falsified evidence.

## TWO LETTERS OF MR. HAMAD BIN JASSIM BIN JABER AL-THANI

The Honourable Bench, Supreme Court of Pakistan has directed the JIT to probe following question related to letters of Qatari Prince;

vi) Whether sudden appearance of his letters is a myth or a reality?

## PART-I

### Back ground and Significance of Letters of Mr Hamad Al-Thani

1. Panama Papers were released on 20th of April 2016 by ICIJ (International Consortium of Investigative Journalists). Even before the release, the Sharif family through the interviews of Mr. Hussain Nawaz Sharif had accepted the ownership of the Avenfield apartments. Mr Hussain's explanations were followed by the addresses of Mian Muhammad Nawaz Sharif (the Prime Minister of Pakistan), which tried to explain the means that were used to purchase these apartments. In all the media interviews and addresses, there was no mention of an investment with the Royal family of Qatar after the claimed sale of Gulf Steel Mills in 1980. As a matter of fact, the proceedings in Honourable Supreme Court of Pakistan had been well under way and no mention of this investment was made in the concise statement of Respondent No 1. It was on 5th of November 2016 that the council for Respondent No 6, 7 and 8 presented the first letter from Mr. Hamad Al-Thani (copy attached as ***Annexure A***), followed by another letter on 22nd of December 2016 (copy attached as ***Annexure B***). The letters are important as they are the final defence and explanation of Respondents of how the sale proceeds of Gulf steel, invested with the Royal family of Qatar in 1980, not only

JOINT INVESTIGATION TEAM PANAMA CASE

resulted in the Avenfield apartments becoming the property of Sharif family, but practically all other businesses that were set up by the father or sons of the Prime Minister Mian Muhammad Nawaz Sharif, abroad, after two decades.

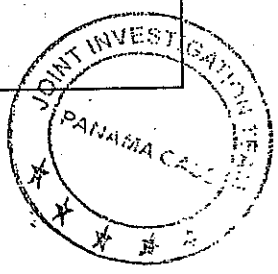
**Investigation Methodology**

2. **Recording of the statements of the witnesses**. The JIT recorded statements of, i) Mian Muhammad Nawaz Sharif (Respondent No. 1), ii) Mian Muhammad Shahbaz Sharif, iii) Mr. Hussain Nawaz Sharif (Respondent No. 7) and, iv) Mr. Hasan Nawaz Sharif (Respondent No. 8). Excerpts of their statements related to two Qatari letters are attached as ***Annexure C***.

3. **Acquisition of Documents/ Records by the Respondents**. Despite prior notices, the Respondents (No. 1, 6, 7 & 8) failed to produce any document/ record or evidence before the JIT to corroborate contents of Qatari letters, which they were otherwise required to produce before the JIT in the light of Articles 117, 119 & 129 of Qanoon-e-Shahadat 1984 and Section-9(a)(5) of National Accountability Ordinance 1999.

4. **Request for Mutual Legal Assistance (MLA) to Government of United Arab Emirates (UAE)**. The JIT initiated request for Mutual Legal Assistance (MLA) to British Virgin Island (BVI), United Kingdom (UK), United Arab Emirates (UAE) and Switzerland to obtain evidence to establish the ownership of Nielson and Nescoll Offshore Companies (shareholders of Avenfield Apartments) and to collect evidence that could corroborate or contradict the letters submitted by Althani; details are covered in Volume-9 of the JIT's Report.

**Findings of the JIT**



5. **Infirmities/ Contradiction in the two Qatari Letters**. The JIT analysed the two letters submitted by Althani in the Honorable Supreme Court of Pakistan, recorded and analysed the statements of the respondents, moved letters for mutual legal assistance to foreign jurisdiction. These are discussed as hereunder;

| a. | **Paragraph 2:**<br><br>....I was informed that during the year 1980, Mr. Mian Muhammad Sharif expressed his desire to invest a certain amount of money in real estate business of Al-Thani family in Qatar. | • *Hearsay;* no explanation has been given as to who informed him. |
| b. | **Paragraph 3:**<br><br>I understood at that time, that an aggregate sum of around 12 Million Dirhams (AED 12, 000, 000) was contributed by Mr. Mian Muhammad Sharif, originating from the sale of business in Dubai, UAE. | • *Hearsay*; |
| c. | **Paragraph 4:**<br><br>The properties Flat # 17, Flat # 17a, Flat # 16, Flat # 16a at Avenfield House, Park Lane, London were registered in the ownership of two offshore companies, bearer share certificates of which were kept during that time in Qatar. These were purchased from the proceeds of the real estate business. On account of relationship between the families, Mr. Mian Muhammad Sharif and his family used the Properties whilst bearing all expenses relating to the Properties, including the ground rent and service charges. | • *Hearsay*: did not mention how, when and from whom he learnt about this.<br>• The statement that the properties were purchased from the ***real estate business*** contradicts the position subsequently taken when a detailed investment on interest calculated at Libor was presented for calculation of profits.<br>• The claim that 'bearer shares' were kept in Qatar does not provide the details that who was the custodian of these shares at that time nor any record provided to support this claim. |

| d. | **Paragraph 5:**<br><br>I can recall that during his life time, Mr. Mian Muhammad Sharif wished that the beneficiary of his investment and returns in the real estate business is his Grandson, Mr. Hussain Nawaz Sharif. | • *Hearsay*: Does not provide who provided this information that is now being recalled.<br>• It is in contradiction to his subsequent letter dated 22 December 2016 wherein he introduced the "accruals and other distributions made over the term of the investment" which were later explained by introducing hand written notes and a worksheet. There is glaring contradiction as in the first letter Mr, Hussain Nawaz Sharif was supposed to be the sole beneficiary of the investment but the "distributions" made include payments made to Hasan Nawaz Sharif for setting up his business as well as payment made to settle the al Towfeek case in Queens Court, London. This raises serious doubts about the veracity of these letters. |

| f. | **Paragraph 3:**<br><br>At the end of 2005, after reconciling all accruals and other distributions made over the term of the Investment, it was agreed that an amount of approximately $ 8,000,000 was due to Mr. Sharif. In accordance with Mr. Sharif's wishes, the amount due to him was settled in 2006 by way of the delivery to Mr. Hussain Nawaz Sharif's representatives of bearer shares of Nescoll Limited and Neilsen Enterprises Limited, which had been kept during that time in Qatar. | • There is glaring contradiction as in the first letter Mr, Hussain Nawaz Sharif was supposed to be the sole beneficiary of the investment but the "distributions" made include payments made to Hassan Nawaz Sharif for setting up his business as well as payment made to settle the al Towfeek case in Queens Court, London. This serious inconsistency in the stance casts serious doubts about the veracity of these letters. |

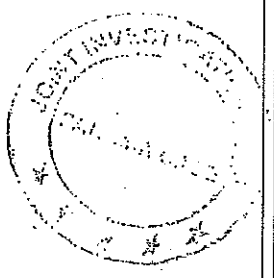
6. **The issue of lack of documentation of investment**. It was claimed that no documentation was made for the sizeable investment of AED 12 million made by Mian Sharif with the his father Mr. Fahad Al-Thani. Mr. Hussain Nawaz Sharif tried to explain that neither his grandfather believed in documentation nor was it a norm at that time in the Gulf for such documentation. This contention is, however, not tenable as documentation has been presented by the Respondents in their defence related to establishment and sale of Gulf Steel Mills, which is quite detailed and clearly shows that proper documentation about such investments was the norm. Keeping in view that Mian Sharif was the real owner of Gulf Steel Mills the contention that he was averse to any documentation also seems baseless. Regardless of what Mr Hussain Nawaz Sharif stated, lack of documentation for such a sizeable investment is implausible.

7. **The issue of Cash payment and transfer**. The statement of Mr. Tariq Shafi and his Affidavits; letters of the Mr. Al-Thani; and the Sale Agreement of Gulf Steel Mills (proved to be fake in response of MLA request) produced by the Respondents are inconsistent with each other. The documentary and circumstantial evidence, when examined with provided record/ evidence, do not indicate any cash payment to Mr. Tariq Shafi by Mr. Ahli on account of sale of remaining 25% shares of Gulf Steel Mills in 1980 for the following reasons;

a. In his statement before the JIT, Mr Tariq Shafi conceded that he neither had met Mr. Fahad Bin Jassim Bin Jaber Al Thani, especially during that period (1980) nor had ever made any direct payment to Al Thani. He stated that he used to receive instructions from Mian Sharif to deliver installments to different representatives of Al Thani, whom he neither knew nor had seen earlier. His claim in the affidavit of handing over the cash payments to Mr Fahad Althani is totally contradicted by his statement. He failed to produce any record/ receipt showing transfer of money from Mr. Ahli to him or from him to Al Thani.

b. Mr. Tariq Shafi himself admitted that he was authorized to handle only small amounts of payments, largest being AED 60,000 that he ever handled in the period between 1974 to 1980. It would be therefore very unlikely that he was asked to handle 2 million in cash all of a sudden and to handle AED 12 million in cash over a 6 month period. It also became clear that the reference made in the affidavit about the general practice of dealing in cash in the Gulf in those times is not consistent with his own assertion in the statement that he used to issue cheques for larger amounts.

c. Mr. Tariq Shafi's claim of carrying and handing over cash of AED 2 million without any receipt or written acknowledgement is not plausible as it has been clearly mentioned in the sale agreement of 1980 that bank guarantees were kept for payment from Mr. Ahli to him. This also belies his claim that all payments were made on verbal instructions and trust.



d. Against AED 12 million received on account of sale of remaining 25% shares of Gulf Steel Mills (if any), there were liabilities to the tune of AED 14 million; hence, it is not plausible that this sum was transferred to Mr. Thani for investment in Real Estate.

e. **Conclusion:** The inconsistencies in statements of witnesses when reviewed against available documentary evidence submitted by the respondents in the Honorable Supreme Court of Pakistan, definitively indicates that Mr. Tariq Shafi neither received AED 12 million from Mr. Abdullah Kayed Ahli as sale proceeds of remaining 25% shares of Ahli Steel Mills (erstwhile Gulf Steel Mills) nor did he hand over this claimed amount to Mr. Al-Thani during 1980. Moreover the documentary evidence procured as a result of MLA response by UAE government described later in this section conclusively rejects the possibility of any cash transfer.

8. **Failure of Mr. Hussain Nawaz to mention investment with Al-Thani family during TV interview with Javed Chaudhry**

a. Mr. Hussain Nawaz Sharif was asked by the JIT why, despite the fact that he had been asked about the sources of income that helped establish the factory in Jeddah, he had not mentioned in the interview that the major share came from part of the profit on the investment of AED 12 million; the sale proceeds of Gulf Steel Mills, which was placed with Mr. Al-Thani by his grandfather in 1980? Also he was categorically asked about any assistance that he received from any person(s) belonging to Qatar.

b. The response of Mr. Hussain Nawaz Sharif was that he felt that it would not have been appropriate to reveal this information to the media as it would have started unnecessary controversies.

**Question:** How do you then account for the fact that he has made no mention in his submission before the Supreme Court of Pakistan during the proceedings of the Panama Case of the investment made by your grandfather with Mr. Al-Thani and the settlement resulting in the ownership of the Mayfair Apartments?

**Answer:** He had a different Counsel. I think that he under the advice of his Counsel did not consider it appropriate to mention these facts in the submissions made before the Supreme Court of Pakistan.

**Conclusion**. This shows that the submissions were not made truthfully by at least one of the Respondents and the whole truth was not put before the Honorable Supreme Court.

b. **Shifting Stance of Mian Muhammad Nawaz Sharif (Respondent No. 1) before the JIT.** Although Mian Nawaz Sharif confirmed, in his statement before the JIT, that he had the knowledge of the investment made by Mian Sharif with the royal family of Qatar but he hardly seemed to remember any details.

(1) Although saying that the sale proceeds of Gulf steel were used for the businesses setup by his sons he did not remember the details. He did not remember having seen the worksheet submitted by his sons with the CMA but in the end said that he stood by all the submissions made by his sons and daughters in the Supreme Court.

(2) He remained completely non-committal about the two letters submitted by Mr. Hammad Bin Jassim Bin Al-Thani in Honourable Supreme Court of Pakistan for defence of Respondents Nos. 6, 7 and 8. He initially declined to have read the under reference two letters but later stated that he might

have seen these. He also endorsed the correctness of these two letters before the JIT, without being sure about the contents.

(3) **Conclusion**. His statement contradicted his stance taken in his submissions before the Honorable Supreme Court of Pakistan and seemed an effort to substantiate the stance taken by Mr. Hussain Nawaz Sharif and other respondents at this belated stage. Instead of lending any credence to the evidence (Qatari letters) his shifting of stance further weakened it.

c. **Implausible Stance of Mr. Muhammad Shahbaz Sharif.**

(1) In his statement before the JIT, he stated that he neither knew, nor could he confirm, when, by what means and how much money, did Mr. Tariq Shafi give to Mr. Al-Thani after the sale of Gulf Steel Mills. However, his father, Mian Sharif and Mr. Tariq Shafi did make mention about some investment in the '80s.

(2) Furthermore, he stated that he does not know whether proceeds from investment with Qatari Prince were used by Mr. Hassan Nawaz Sharif for establishment of his businesses in UK.

(3) **Conclusion**: The reluctance of key witnesses to discuss the details of this evidence seems to be a conscious effort to steer away from it to avoid further contradictions. This lack of knowledge about the investment with the Qatari family, by a witness so closely involved in the affairs of the family and the company.

10. **Discrepancy between first Qatari letter and Affidavit of Mr. Tariq Shafi submitted by the same respondent, a week apart**

a. The first letter of Mr. Hamad Al-Thani was submitted in the Honorable Supreme Court of Pakistan on 5 November 2016 by the Council representing Mr. Hussain Nawaz Sharif and other respondents, however, the first Affidavit of Mr. Tariq Shafi, again submitted on behalf of Mr. Hussain Nawaz Sharif dated 12/05/2017 did not find any mention of the Qatari investment.

b. This despite the fact that Mr Tariq Shafi and Mr. Hussain Nawaz Sharif, according to their statements, were together in Dubai soon after the release of ICIJ Panama Papers, to get the documents of sale of gulf steel mill. Thus, they had plenty of time for consultation and preparation of the contents of the Affidavit.

c. **Conclusion**. This omission in the affidavit of Mr. Tariq Shafi to refer to the Qatari investment despite the fact that the first Qatari letter had already been submitted in the Honorable Supreme Court of Pakistan ,therefore, is perplexing.

11. **Physical Transfer of the Bearer Shares of Nielson and Nescoll Offshore Companies**.

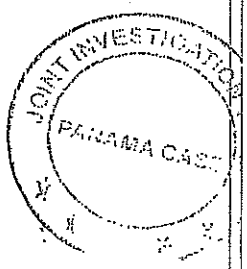
a. Contradictory stance of Mr Hussain Nawaz.

b. Mr. Hussain Nawaz Sharif in the CMA and his first statement before the JIT had asserted that the bearer shares had been exchanged in early 2006 between Mr. Nasir Khamis, the representative of Mr. Al-Thani and Mr. Waqar Ahmed, the business manager of Hassan's firm without any receipt, He was also unable to clearly explain as to how the shares were sent to Minerva, which was the holding company of Nescoll and Nielson. He also asserted that as far as the necessity of instructions to Minerva from Mr. Al-Thani regarding the transfer of bearer shares of Nescoll and Nielson are concerned, he did not think they were required as it

was the possession of bearer certificates that matters. Asked whether the possession of bearer shares by anyone like Waqar make him the owner Mr Hussain did not have any response.

c. Mr Hussain, however, in his statement dated 03 June 2017, changed his stance now insisting that on his instructions Mr. Waqar Ahmed received the bearer shares by courier and send them by mail to Minerva.

d. He confirmed, when repeatedly asked, that neither he nor Mr. Waqar Ahmed ever saw the Bearer Shares themselves.



e. In the statement Ms Maryam Nawaz also denied to have ever seen or possessed the bearer certificates. As per one of the clauses of the Trust Deed signed between Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar) produced by him, the "Trustee (Ms. Maryam Safdar)" was required to "hold" Bearer Shares on behalf of Mr. Hussain Nawaz Sharif. In the event, when both of them have never even seen these Bearer Shares, as per their statement, the authenticity/legality of the document (Trust Deed) becomes doubtful. The expert opinion filed on behalf of the petitioners of Gilead Cooper QC dated 13-2-17, filed through CMA to Honourable Supreme Court of Pakistan also substantiate this legal contention (copy of the document is attached as ***Annexure D***).

f. **Conclusions**

(1) Repeated change in stance of Mr. Hussain Nawaz Sharif before the JIT and even departure from the reply submitted in Honourable Supreme Court of Pakistan indicates possible efforts to conceal the facts.

(2) If Ms Maryam Safdar did not see, let alone, hold the bearer certificates means that the she did not fulfill the requirement of being a trustee.

(3) The stances of both these witnesses clearly show that they could not satisfactorily explain how the bearer certificates were supposed to have been transferred from Althani to them. The fact that this whole episode is taken out of the equation because of the response received from BVI

JOINT INVESTIGATION PANAMA CASE

establishing Ms Maryam as the beneficial owner of the two companies, as detailed in volume 4 of this report, further reinforces JIT's conclusion that the story of bearer certificate being handed over from Althani to Sharif's is totally false and cooked up. The attempt to use falsified documents to hoodwink the Apex Court of the land, as established by the expert's report also in the Volume-IV, also establishes that the Qatari letter and the issue of bearer certificate is nothing more than an attempt to cover up the facts.

12. **Authenticity of Entries in Spreadsheet Attached with the Second Qatari Letter dated 22 December 2016**. Mr. Al-Thani, through this spreadsheet, has tried to own/ justify various investments made by sons of Respondent No. 1 in their businesses and properties from 2000 to 2006 (as under). However, neither he himself nor the Respondents could provide even one corroborating document/ record to prove any banking transaction or connect the missing links. Findings of the JIT with reference to various entries in attached spreadsheet are as under:

a. **Admissibility as Evidence**. The document cannot be accepted as evidence for not fulfilling Qanoon-e-Shahadat 1984. The JIT's observations are as under;

(1) This spreadsheet is not an official document; it is submitted without any letterhead, date, signatures or certification etc.

(2) The returns in Real Estate business are not linear. Contrarily, the pattern of the rate of annual interest shown in the spreadsheet is consistent and linear, hence seems artificial.

b. **Inconsistencies in Statements of Sharif Family**. The two key witnesses, Mr. Hussain Nawaz Sharif and Mr. Hassan Nawaz Sharif gave conflicting statements with regards to their knowledge about entries/contents of the spreadsheet (Excel sheet) attached with the letters of Mr. Al-Thani which essentially was used to plug the gaps identified in the money trail;

(1) Mr. Hassan Nawaz Sharif (Respondent No. 8) is on record stating that he neither saw nor is aware about the existence of the said spreadsheet, let alone its contents.

(2) On the other hand, Mr. Hussain Nawaz Sharif (Respondent No. 7) stated that it was in late 2005, that he came to know about the details of the transactions made previously on the instructions of Mian Muhammad Sharif during the process of so called settlement with Mr. Al-Thani. However, according to him, he had no means to check authenticity of this document neither representative of Mr. Al-Thani showed him any ledgers or record to corroborate the entries in the spreadsheet.

(3) This makes the transactions given in the spreadsheet seriously questionable, which could have only been explained by Al-Thani himself.

JOINT INVESTIGATION TEAM PANAMA CASE

c. **Transactions shown for the Businesses/ Accounts of Mr. Hassan Nawaz Sharif (US $ 3.72 Million)**

(1) One of the expenditures that have been shown in the spreadsheet is the provision of money to Mr. Hassan Nawaz Sharif in the years when he was setting up his business in UK in the year 2000 to 2004.

(2) Mr Hassan Nawaz, in his statement before the JIT, explained that Mr. Hussain Nawaz Sharif had sent him about 2.4 million GBP to help him set up his business without disclosing the source where the money was coming from. He also confirmed that he did not receive any money from anyone else.

(3) Mr. Hussain Nawaz Sharif, on the other hand in his statement, said that after discussion, of the expenditures already made, with Mr. Nasir Khamis (the representative of Mr. Al-Thani), he had sent a fax of the spreadsheet to Mr. Hassan Nawaz Sharif to confirm this transaction.

(4) Mr. Hassan Nawaz Sharif, in his statement however, assuredly stated that he never remained involved, saw or possessed any documents/ record, which related to Qatari Prince or Mayfair properties.

(5) The conflicting accounts of Mr. Hassan Nawaz Sharif and Mr. Hussain Nawaz Sharif clearly show that the investment with Mr. Al-Thani and its disbursement to Mr. Hassan Nawaz Sharif for setting up business in UK is not factually correct.

(6) **Conclusion**: In view of the non- production of any documents to corroborate the claims made in the letters, the JIT believes that the narration of the letters submitted by Mr. Al-Thani is not based on facts.

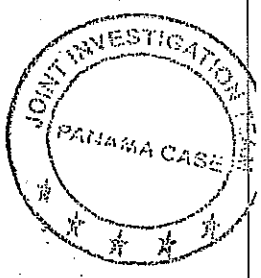
d. **Settlement of Al Towfeek Case (US $ 8 Million)**

(1) The spreadsheet also shows payment made for settlement of Al Towfeek Case, filed in Queens Bench Division (QBD), London. Mr Hussain Nawaz Sharif was asked whether he verified from someone in the family that this expenditure had been made. He stated that this verification could have

JOINT INVESTIGATION TEAM PANAMA CASE

been done by his uncle Mian Muhammad Shahbaz Sharif but such verification was not possible as he was not in Kingdom of Saudi Arabia at that time. This explanation also is not convincing.

(2) In audited accounts of Hudabiya Paper Mill Ltd for the year ended June 30, 2000, it was observed that an outstanding amount of Rs. 310.23 Million on June 30, 1999, on account of Liabilities Against Assets Subject to Finance Lease Payable to Al- Towfeek for Investment Funds, Bahrain and was settled and converted into a Long Term Loan of Rs.494.960 million during the year according to the audited accounts of the company. As per accounts of the company filed with the SECP, the aforesaid liabilities against assets subject to finance lease of Al-Towfeek were settled for US $ 8,000,000 on January 5, 2000. The settlement amount of US$ 8 million was converted in to PKR @ Rs. 53.80/US Dollar prevailing on the date of settlement. The long term loan of Rs.494.960 million was booked against the settlement of liabilities against assets subject to finance lease. The audited accounts do not disclose the identity of the lender who provided this long term loan to the company for adjustment of settlement amount to Al-Towfeek. The status of this loan remained unchanged till the last accounts were filed with SECP pertaining to the period ended June 30, 2005. The above disclosures are at variance from the stated positions taken by Respondent No. 6, 7 and 8 in their CMAs. According to Respondent No. 7, he was informed by a representative of Al Thani family of Qatar that US 8 Million were paid by that family to Al Towfeek Company in January 2000, in connection with the Decree issued by the High Court of Justice- Queen's Bench and the settlement agreement between the parties. Respondent No. 7 further stated that he was informed by the representative of Al Thani family that the payment was made on the instructions of Mian Sharif out of the funds placed by him with them.



(3) **Conclusion**: If the above stance taken by the Respondents is correct, than in that case, the settlement of Al Towfeek Company was made out of the proceeds received from Althanis on the instructions of Mian Sharif, then in that case, under the norms of accounting disclosures, it should have been reflected in the accounts of Hudabiya Paper Mills Ltd. as a Loan from Directors, as Mian Sharif was a Director of the company at the date of substitution, instead of a Long Term Loan payable to an undisclosed lender.

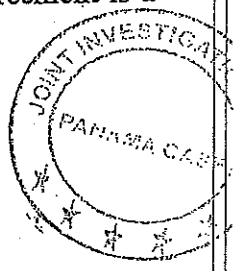
The legal aspects of Al towfeek case are discussed in the Volume 4 of this report.

13. **Response of UAE Government to MLA regarding Gulf steel**. The whole defence of Respondents hinged on investment of AED 12 million, from sale proceeds of 25 % shares of erstwhile Gulf Steel Mills in 1980, with Mr. Fahad Bin Jassim Bin Jaber Al Thani by Mian Sharif. A copy of the sale deed dated 14 April 1980 which was claimed to have been notorised by notary public of Dubai courts on 30 May 2016 was submitted in the Honorable Supreme Court of Pakistan by the respondents 6, 7, 8. This stated position of Respondents has been found without any substance due to the following facts:-

a. In response to the Mutual Legal Assistance (MLA) request by the JIT, the Ministry of Justice, Government of UAE, through a letter (***Annexure E***) has,after having verified the record of of competent authorities of UAE, namely the Dubai Courts system certified that;

(1) **Paragraph 1**: That share sale 25% agreement of 1980 of Ahli Steel Mills (erstwhile Gulf steel Mills) dated on 14/4/80 according to your (JIT) request does not exist.

(2) "That no transaction worth AED 12,000,000 (twelve million dirham) as sale proceeds of 25% shares of Ahli Steel Mills (erstwhile Gulf Steel Mills) ever took place in name of Mr. Muhammad Tariq Shafi."



(3) **Paragraph 3**: "That no record could be found which indicate that notarization of this document was done by Notary Public of Dubai Courts on 30/5/2016."

(4) **Conclusion**: The document that the respondents submitted before the Honorable Supreme Court of Pakistan as sale document of 25% shares of Erstwhile Gulf steel mill and its notorisation having been proven by the response of UAE government is not true and is an attempt to present false evidence. The attempt to present such false evidence is matched by presenting letters which are based on hearsay and not supported by any documentation. In any case the purported source of money for investing with the Qatari family does not have any document, genuine or false, to support it. All subsequent ventures like the setting up of the various businesses and ownership of Avenfield Apartments of the Sharif family also do not have any basis left.

14. **Specific Answer of the Question Raised by Honourable Bench based on JIT's Findings**

a. **Question:** Whether sudden appearance of his letters is a myth or a reality?

b. **Answer:** The facts that there were material contradictions in the statements of Respondents, the hearsay nature of the letters with no documents to support the contention, that the affidavits of Tariq Shafi were found totally wanting as evidence were in themselves quite sufficient to state that the letters seemed a myth rather than a reality. However the facts are that (1) the response by UAE authorities to the MLA sent by JIT establishes that the gulf steel agreement is a

false document , which has been submitted in the Apex Court by respondent 6, 7 & 8 , (2) the response to the MLA by the Financial Investigation Agency, BVI establishing that the panama leak document released by ICIJ showing Ms Maryam Safdar as the beneficial owner of the companies is genuine (discussed in detail in Volume-IV of this report) and lastly as per report of the document expert (also discussed in detail in volume 4 of the report) establishes that falsified document of the two trusts have been prepared by respondent no 6, 7 and 9 and submitted in the Apex court to mislead it to believe that the trusts documents were signed in 2006. On the strength of the overwhelming documentary evidence it is concluded that the appearance of letters of Qatari prince are totally a myth.

15. **Conclusive Findings by the JIT**. In view of the above, conclusive findings of the JIT are:-

a. that evidence gathered establishes that even the question of Mr. Tariq Shafi handing over AED 12 Million to Mr. Fahad Al-Thani in 1980 does not arise

b. that the spreadsheet is not an official document; it is submitted without any letterhead, date, signatures or certification etc. This spreadsheet has been "*constructed*" as an afterthought to artificially connect missing dots in money trail.

c. That after having investigated the case in detail, examination of other witnesses and receipt of irrefutable evidence from foreign jurisdiction, recording of the statement of Mr. Hamad Al-Thani has become inconsequential.

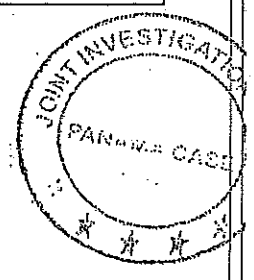
d. That the appearance of the two letters from Mr. Al-Thani in the Honourable Supreme Court of Pakistan is totally a "Myth" and not a reality.

JOINT INVESTIGATION TEAM PANAMA CASE

## Part II

16. **Efforts to Record Statement of Mr. Al-Thani for Verification of Qatari Letters:**

a. The JIT analyzed the two letters of Mr. Al-Thani minutely in light of the documents available to it and the statements of the witnesses. It was felt essential that Mr. Al-Thani be interviewed to ascertain the veracity of the contents of the letters submitted by him and acquire supporting documents/ record.



b. Special arrangements were made to ensure timely delivery of summons to Mr. Al-Thani. Contrarily, the response from Mr. Al-Thani remained wanting and lacked urgency. He was given adequate time and multiple opportunities to appear before JIT (even at Qatar), but to no avail.

c. Brief details along with of summons (copies attached as ***Annexure F***) issued to Mr. Al-Thani by the JIT and his responses (copies attached as ***Annexure G***) thereto are as under:-

d. **Legal Position on Response of Mr. Al-Thani to Fourth Summon:**(*Annexure H*)

(1) Mr. Thani, has adopted an evasive and evidently disingenuous stance with respect to his willingness to cooperate. His last letter was received, literally, less than 72 hours before the final report of the JIT.

(2) Besides employing dilatory tactics, Mr. Thani has also categorically refused to recognize to be subject to the "jurisdiction of Pakistani laws and Pakistani courts in any manner whatsoever".

(3) Mr. Thani has to-date also failed to formally confirm his acceptance of the proposed process and terms for the recording of his statement as set out in the JIT.

(4) In his letter dated 26-6-2017 (which reached the JIT on 3-7-2017) in which, for the first time, he raised a number of conditions, compliance with which was beyond the powers and remit of the JIT and which even otherwise were in conflict with and inimical to the proposed process and terms for the recording of his statement as set out in the JIT's letter of 22-6-2017.

(5) Significantly, Mr. Thani has never indicated that he has or will be providing any documentation to substantiate the contents of the Thani Letters. Instead, as is evident from the correspondence with him summarized above, he has simply "offered" to verify in person that he did sign the said letters and that he stands by their content but without any further elaboration at all.

(6) The legal status and utility of interviewing an individual in such circumstances, who had prior thereto, categorically refused to recognize,

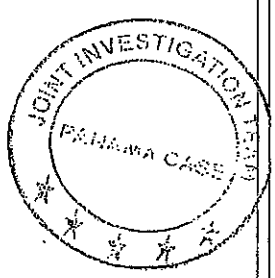
PANAMA CASE

accept or submit to the courts and laws of Pakistan or "to appear before any court or tribunal for any purpose whatsoever", in the JIT's humble assessment also seemed inappropriate and, potentially, an exercise in futility as refusal to appear in a Court or Tribunal would have defeated the very underlying objective for which the JIT intended and needed to record his statement.

(7) Mr Thani despite the best efforts of the JIT, as are clear from the above paras, chose to delay his responses or sideline the issue of recording of statement, by first refusing to give a statement , then accepting and asking for a date, then raising the legal issues of jurisdiction of Pakistani courts and finally sending his response at the last moment without acceding to the jurisdiction of Pakistani law and courts, that too , when the JIT had already started preparing its final report. This whole episode of avoidance to record his statement and delay it to the extent that the time given by the Honorable Supreme Court of Pakistan practically expires can only be seen as a tactical move to keep the defence of the respondents alive.



(8) The JIT in its investigations has collected sufficient evidence as detailed in this section and elsewhere in this report to conclude that the appearance or non-appearance of Mr Thani is not as significant as was assessed earlier.

(9) It has been proved through the acquired authentic documentary evidence and inconsistencies in the statement of witnesses that Mr. Tariq Shafi never handed over AED 12 million to father of Hamad Al-Thani. Hence, no question of any investment in Qatari business and proceeds thereto.

*Documentary Evidences, Annexures and details are covered in Volume VI of Investigation Report of Joint Investigation Team, Panama Case*

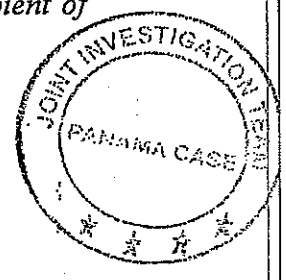
## HILL METAL ESTABLISHMENT (HME)

The Honourable Bench has directed the JIT to probe following two (2) questions related to Hill Metal Establishment (HME):-

i) How did Hill Metal Establishment (HME) come into existence? Where did its working capital come for?



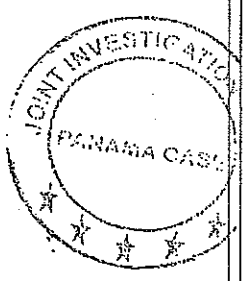
ii) Where do the huge sums running into millions gifted by Respondent No. 7 to Respondent No. 1 drop in from?

**Background of the question**

1. This Report deals with the subject of Hills Metals Establishment which was introduced into the Panama Case proceedings at a later stage when the issue of hundreds of millions of rupee gifts from Respondent No. 7 to Respondent No. 1 were being discussed. It was claimed that this was a successful concern and is generating huge amount of profits out of which he sends certain sums to Respondent No. 1 by way of gifts.

2. Being very pertinent, Para 79 from the separate declaration of Justice Ejaz Afzal Khan in the CP 29 of 2016 is quoted here:

> "....*The record is completely silent on the question how and when Hill Metals Establishment was set up by Respondent No.7, who are its shareholders, what was the source of funds which were used to set up this business and why such huge amounts of money are being circulated through the said company. It has also not been explained whether or not Respondent No.1 who is the recipient of*



*these funds has any direct, indirect, overt or covert nexus or connection with the said company. In today's world of offshore companies, dummy directors and elaborate devices to hide and camouflage financial transactions, as has been seen in this case, direct evidence is seldom found. However, there are telltale signs that may point towards the possibility of legal, beneficial or equitable interests in financial resources or assets.*

*Receipt and use of financial benefits is one such sign. Therefore, owing to admitted receipt of sums in excess of Rs.840 Million between 2011 to 2015 by Respondent No.1 from Respondent No.7, the possibility of a beneficial interest of Respondent No.1 in assets ostensibly held in the name of Respondent No.7 cannot be ruled out. As a corollary, if it is found that there is any such interest of Respondent No.1 in Hill Metals Establishment, his failure to declare the same in the Nomination Papers and Tax Returns could attract the provisions of Articles 62 and 63 of the Constitution for disqualification of Respondent No.1*" (Pg 526 to 528 Justice Ijaz Ul Hasan).

3. Relevant Para from Court Judgment into the matter is reproduced below, highlighting questions relating to HME:

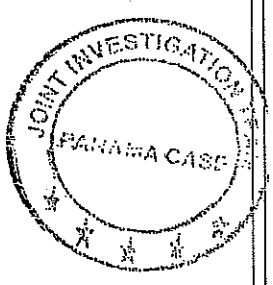
"*By a majority of 3 to 2 (Asif Saeed Khan Khosa and Gulzar Ahmed, JJ) dissenting, who have given separate declarations and directions, we hold that the questions how did Gulf Steel Mill come into being; what led to its sale; what happened to its liabilities; where did its sale proceeds end up; how did they reach Jeddah, Qatar and the U.K.; whether respondents No. 7 and 8 in view of their tender ages had the means in the early nineties to possess and purchase the flats; whether sudden appearance of the letters of Hamad Bin Jassim Bin Jaber Al-Thani is a myth or a reality; how bearer shares crystallized into the flats; who, in fact, is the real and beneficial owner of M/s Nielsen Enterprises Limited and Nescoll Limited,* ***how did Hill Metal Establishment come into existence; where did the money for*** *Flagship Investment Limited and other* ***companies set up/taken over by*** *respondent No. 8 come from, and* ***where did the Working Capital for such companies come from and where do the huge sums running into millions gifted by respondent No.***

*7 to respondent No. 1 drop in from, which go to the heart of the matter and need to be answered."*

4. The first two questions are interlinked. The third question is also related, being linked to the claimed income of HME. The first two questions are, therefore, reported upon cumulatively and below after which the third question is addressed.

**Methodology of Investigations - HME**

5. **Recording of Statements.** With regard to HME, JIT recorded the statements of following:-



a. Respondent No 1
b. Respondent No 7
c. Respondent No 8
d. Mr Rehman Malik
e. Mr Shahbaz Sharif

6. **Request for Mutual Legal Assistance (MLA) to Government of KSA** The JIT requested the government of KSA on 31 May 2005 to provide documents regarding ASCL and HME.

7. **Documents produced / acquired by JIT**

a. **Respondent No 7**. In his appearance before the JIT on 3 June, he produced the following additional documents, not filed with the Honorable Supreme Court of Pakistan, for the first time:

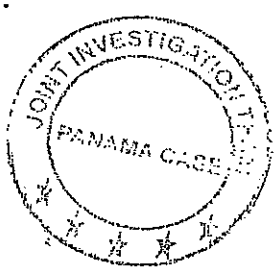
(1) Brief Answer to the Question How did Hill Metal Establishment come into existence? Where did the working capital come from? (***Annexure A***)

(2) Copy of the Agreement dated March 20, 2005 between ASCO and Al-Tuwarqi. ***(Annexure B)***

(3) Copy of the Pay Orders in favor of ASCO. ***(Annexure C)***

(4) Loan Agreement No. 2131 dated 3 January, 2010 with Saudi Industrial Development Fund. ***(Annexure D)***

(5) Loan Agreement No. 2131 dated 2 July 2012 with Saudi Industrial Development Fund ***(Annexure E).***



(6) Working Capital Loan Agreement dated 1 April 1 2014 with National Commercial Bank (NCB) Bank ***(Annexure F)***.

(7) Banking Facility Agreement dated 18 June 2013 with Bank Muscat ***(Annexure G)***

(8) Loan agreement with Al Rajhi Bank ***(Annexure H )***

(9) Brief answer to "where do the huge sums running into millions gifted by respondent No. 7 to respondent No. 1 drop in from?" ***(Annexure CC)***

b. **Sourced Documents.** The expression "sourced document" whenever employed in this Section refers to documents which have been obtained by the JIT as part of its investigations through employing the services of a consultant law firm (Guernica International Justice Chambers) engaged for the purpose. The terms on and process through which a document referred to as a "sourced document" was obtained by the said law firm is set out in a letter dated 30-6-2017 which is appended herewith as ***Annexure I***. The JIT respectfully refers the Honourable Supreme Court to the said letter so as to take note of the source and status of the "sourced document". In this context, it may be noted that law firm has confirmed to the JIT that documents have been obtained from a number of open and confidential sources and that the documents are copies of originals and their contents have been properly and extensively verified. In its analysis the JIT treats these documents as being of authentic whilst acknowledging that their direct and formal admissibility and evidentiary value would be subject to applicable law and the further process mentioned in the said letter.

8. **Stance of the Respondents No. 7 and No. 8 before the Honourable Supreme Court in CP 29/2016 in relation to HME and remittances to Respondent No. 1 through HME or Respondent No. 7**

a. In the pleadings of the Respondent No. 7 and No. 8 before the Honourable Supreme Court, HME is averred to briefly through Paragraph 15 of CMA No. 432 of 2017 in the following terms:

> *"In 2006 the Respondent No. 7 set up a new steel manufacturing business in Jeddah, Saudi Arabia by utilizing the sale proceeds of the Azizia Steel Company Limited. The annual cash flow and retained earnings from this business have enabled the Respondent No. 7 to send remittances to his father in Pakistan. Reference may kindly be made to an auditor's certificate placed herewith as **Annexure** - Q. The purpose of these remittances has been to free his father from any financial constraints, given his full time involvement in politics. It has been in the knowledge of the Respondent No. 7 that his father has used the gift remittances sent by Respondent No. 7 to equitably strengthen the financial position of his sister, Respondent No.6."*

b. The only document produced before the Honourable Supreme Court of Pakistan (Honourable Court) in support of the above statement by the Respondent No. 7 and 8 with regard to the source of funding for establishing HME was Annexure F to CMA No. 432 of 2017, being a photocopy of a Sale and Purchase Agreement dated 20-3-2005 (SPA) between Al Aziza Steel Company Limited (ASCL) and Al-Ittefaq Steel Products Company Limited (Purchaser)[2] ***(Annexure B)***.

c. In considering the question of establishment of HME it is pertinent to note the context that setting up HME was a project to set up a steel mill which, by its

[2] The terms and conditions of the SPA and the transaction contemplated therein are relevant to the explanation(s) and statements of the Respondent No. 7 with respect to the source of funds employed to set up HME and will be examined at some length below to consider the veracity of the explanation provided in the first sentence of Paragraph 15 of CMA No. 432 of 2017.

JOINT INVESTIGATION PANAMA CASES

nature, required very substantial initial capital expenditure accompanied by construction and commissioning of a moderately large and complex industrial facility. Such a project is both expensive and time consuming besides requiring specific skills and expertise. The initial stages of setting up HME included without limitation the acquisition of land for the steel mill and labour colony, procurement, erection and commissioning of the plant and machinery followed by commercial operations.

9. **Documents produced by Respondent No. 7 before the JIT with respect to HME**

a. At the time of his appearance for recording his statement before the JIT, Respondent No. 7 produced the following documents:

(1) A brief typed and unsigned response to the above mentioned three queries of the Honourable Court ***(Annexure A)***. This response to the extent that it relates to to the first two queries is reproduced below:

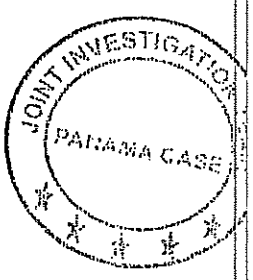
*"1. Hill Metals Establishment (HME) came into existence from funding from the following sources:*

*(a) Sponsor funding (HNS).*

*(b) Short term funding from friends and business associates.*

*(c) Saudi Industrial Development Fund (SIDF), a KSA Government Development Financial Institution in Saudi Arabia.*

*(d) National Commercial Bank, Saudi Arabia, the largest commercial bank in the region.*



*(e) Other commercial banks in Saudi Arabia.*

*2. The funds provided by the Sponsor were sourced from sale proceeds of Al-Aziza Steel Company Limited (ASCO). ASCO was sold in 2005 by way of Agreement of 20th March 2005 between ASCO and the Al-Twarqi Group of Companies, KSA. (Agreement Annexureed)*

*3. The total amount of Sale proceeds were SR 63.100 million equivalent to USD 16.827 million. Pay orders in favor of ASCO are listed below and attached as Annexureed.*

*Saudi Hollandi Bank*

| *Pay order no.* | *Date* | *Amount (SR) Million* |

| *000018717* | *22.3.2005* | *20.630* |
| | | *63.1000 Million* |

4. *SIDF sanctioned a Project loan of SR 149.4 million (USD 39 m) for HME as evidenced by the Loan Agreements Annexured. This loan was used for project funding.*

5. *Working Capital Loans of HME were sanctioned by the following:*

| *Bank* | *Amount* |
|---|---|
| *Al-Rajhi* | *SR 35 million* |
| *Bank Muscat* | *SR 40 Million* |
| *National Commercial Bank* | *SR 102 Million* |

*These loans were used for working capital financing."*

(2) Loan Agreement No. 2131 dated 3 January 2010 with Saudi Industrial Development Fund (SIDF) ***(Annexure D).***

(3) Loan Agreement No. 2131 dated 2 July 2012 with SIDF. ***(Annexure E).***

(4) Working Capital Loan Agreement dated 1 April 2014 with National Commercial Bank (NCB) ***(Annexure F).***

(5) Banking Facility Agreement dated 18 June 2013 with Bank Muscat ***(Annexure G).***

10. **Statement of Respondent No. 7 before the JIT with respect to HME**

a. The summary of statements and replies of the Respondent No. 7 being in addition to the abovementioned documents and as recorded by the JIT for the Honourable Court are appended herewith as ***Annexure DD***.

b. A summary of the substance of the key statements made and replies given by him before the JIT, germane to the first two queries under consideration is given below:

(1) That the sole source of the "sponsor funding" portion of the funds utilized for setting up and establishing HME[3] was the sale proceeds of the assets and properties of ASCL covered by the SPA, which assets and properties were handed over to the Purchaser in March 2005.

(2) That the entire net sale proceeds were received by the Respondent No. 7 for his sole benefit and the amount was SAR 63.100 million.

(3) The decision to sell ASCL was his grand father's and neither he nor other family members (who he later admitted had an interest and share in HME) were keen on its sale.

(4) That he conceived of the idea and embarked upon the project for setting up of HME as a steel mill after the sale of ASCL.

(5) That the land acquired for and on which the facilities of ASCL were erected and set up was barren agricultural land converted or permitted especially as a concession by the Kingdom of Saudi Arabia to be employed for industrial use which was purchased at a relatively low price by the Respondent No. 7.

c. It will be noted that, except for a few elaborations and deviations (and subject to some material contradictions that came in replies to questions from the JIT) the statements of the Respondent No. 7 broadly follow the content and contours of the information given and position set out in the unsigned document submitted by him before the JIT (i.e. the document appended herewith as ***Annexure A).***

11. **Statements of Respondents No. 1 and 8 in relation to source of funding of HME and any direct or indirect funding of HME.** In the context of the queries under examination it is pertinent to mention that the JIT also questioned the Respondents No. 1 and 8 in relation to

[3] As also stated in paragraph 1a of the unsigned document at **Annex A.**

HME[4]. The said Respondents denied having, directly or indirectly, provided any funding to HME whether for its establishment or for working capital requirements.

12. **Analysis by the JIT** With regard to the claimed source of funding for establishment, commissioning and operations of HME as a steel mill, the JIT's analysis, comments and findings are under:

a. **Establishment of ASCL**

(1) **Setting up of Azizia Steel Mills Limited**

(a) Mr. Hussain Nawaz Sharif failed to produce important documents such as the Memorandum and Articles of Association, documents of loans from the banks, the financial statements, etc., which are essential to ascertain the sources that were used to set up this factory in 2001. He, however, while explaining the availability of funds for setting up of the Azizia steel factory provided the following approximate figures of 2001 without any documentary support.

| Year | Expense detail | Amount | Remarks |
|---|---|---|---|
| 2001 | Purchase of land | A few hundred thousand dollars | Despite repeated questions, did not give even an approximate figure |
| 2001 | Cost of machinery | USD 0.65 Million | Purchased from Al Ahli |
| 2001 | Paid up capital | USD 5.3 Million | Eq to 20 Million riyals at 3.75 SAR eq to 1 USD ( historical rate in 2001) |

[4] There was, however, a significant admission with respect to the ownership interest of the other two brothers of the Respondent No. 1 by three separate individuals including the Respondent No. 7 which is also discussed in the analysis below.

| | | | |
|---|---|---|---|
| 2001 | Construction /infrastructure | USD 0.05 Million | Under construction |
| | Total expenditure in 2001 | Over USD 6.00 Million plus a few hundred thousand Dollars as cost of land | |

(b) Mr. Hussain Nawaz Sharif claimed that most of the initial funding for this project was made available by Mr. Al-Thani. The amounts provided by Mr. Al-Thani for 2001 and the loans that he mentioned from his unnamed friend are as below:

| Year | Source of loan | Amount | Remarks |
|---|---|---|---|
| 2001 | Qatari adjustment 1 | USD 0.65 Million | No documentation provided, no names provided |
| 2001 | Loan from unnamed Saudi friend | USD 0.8 Million max | |
| Total | | USD 1.45 Million | |

(c) While there is no documentary/circumstantial evidence to substantiate the provision of funds by Mr. Al-Thani and the Saudi friend in 2001, even the loan amount calculated, hypothetically, still falls short of the amount spent in the year 2001 by USD 4.55 million. If the unspecified amount of hundreds of thousands dollars for cost of land is included then this gap would further increase.

(2) **Transportation of Machinery to Jeddah.** The claim that the machinery for ASCL was brought from Dubai does not hold good as

according to his statement the machinery from Dubai was loaded on 50-60 trucks. However when the letter of credit was submitted by Hussain Nawaz in the same amount of money was for two truck load of machinery which proves that either ASCL was never established or it was established by money other than the one claimed. The story of setting up ASCL from scrapped machinery is false. This conclusion is proved by the response of UAE government to MLA forwarded by JIT requesting for confirmation of this transportation. The UAE government has categorically denied any such transportation. Document attached with volume iii (Gulf steel mill) of JITs report.

b. **Ownership of ASCL.** Although it has been claimed that the sole source of the "sponsor funding" portion of the funds utilized for setting up and establishing HME (or for "bringing it into existence") was the sale proceeds of ASCL, the following factors seriously contradict and materially undermine this stance and claimed version:

(1) The foundational basis for this claim is the SPA and the terms and conditions thereof relating to the sale and purchase of the assets and properties of the ASCL along with copies of three cheques referenced above. On this basis, it is claimed that, as a result of the transaction contemplated in the SPA, a net amount of SAR 63.10 million was received by Respondent No. 7 for his sole benefit, whose proceeds he invested as the "sponsor funding" portion of the funds required to set up HME as an operational steel mill.

(2) However, during the recording of statements of Respondents No. 1, 7, 8 and Mr. Shahbaz Sharif an admission was made by each of the said individuals to the effect that Respondent No. 7 was not the sole and exclusive owner of the entire interest and share in ASCL. Instead, to the extent of two-thirds of the total share and interest in HME, he was

holding the same effectively as a benami (or only ostensible owner) for and on behalf of the brother of the Respondent No. 1, Mr. Abbas Sahrif and Ms. Rabia Sharif, the daughter of the other brother of the Respondent No. 1 who were the real beneficial owners of all interest and share in ASCL to the extent of one-third each.

(3) This admission suggests and indicates that, in reality and in substance, Respondent No. 1 and his two brothers all had an equal share in ASCL which was held on their behalf through their respective children in the case of Respondent No. 1 and Mr. Shahbaz Sharif. In view of this admission the Respondent No. 7 was also queried by the JIT as to how could claim and justify being solely entitled to the entire claimed sale proceeds of ASCL since the sale proceeds would also have been liable to have been shared pro rata according to the respective agreed shares of the other two family members, to which his reply was that he was authorized to do so under a power of attorney document. However, in spite of a request for the same by the JIT, no such document to substantiate this statement was produced before the JIT.

(4) Unless there is an express waiver by the other two admitted beneficial owners of ASCL, the consequence of this admission is that, at most, Respondent No. 7 would have been entitled to only one-third of the net proceeds from the sale of ASCL. This, if the net proceeds are accepted to be SAR 63.10 million, would amount to SAR 21 million. If the net proceeds are taken to be SAR 42.470 million, the one-third share of Respondent No. 7 would amount to SAR 14.160 million. In either case, the net amount available to the Respondent No. 7 for funding the "sponsor funding" portion of the monies utilized to set up and establish HME as a steel mill reduces significantly and results in a material contradiction in the claim of the Respondent No. 7 with regard to the source of fund for setting up of HME. This also then gives rise to the

question whether this potion was funded through other undisclosed sources and by the other undisclosed persons.

(5) Notwithstanding the abovementioned factors and their consequences on the credibility of the related claims and statement of the relevant Respondents, according to the investigation of the JIT and the sourced documents[5] obtained by the JIT, it appears that the total net proceeds from the sale of ASCL paid by the Purchaser under the SPA was SAR 42.470 million rather than SAR 63.10 million. Whilst the Respondent No. 7 has maintained before the Honourable Court and the JIT that he received SAR 63.10 million through the three cheques mentioned in the unsigned document at ***Annexure A***, the investigation of the JIT and the sourced documents obtained by it shows that the Respondent No. 7 has concealed the existence and knowledge by him of three further agreements and instruments in relation to the sale and transfer of the assets of ASCL pursuant to the SPA to the Purchase.

(6) These documents conclusively establish that the net proceeds actually received by the Respondent No. 7 were only SAR 42.470 million. The first of these documents is an Amending Agreement dated 6-6-2005 amending the terms of the SPA which bears the signatures of the Respondent No. 7 on behalf of ASCL (the Seller[6] under the SPA), which

[5] The expression "sourced document" whenever employed in this Section refers to documents which have been obtained by the JIT as part of its investigations through employing the services of a consultant law firm (Guernica International Justice Chambers) engaged for the purpose. The terms on and process through which a document referred to as a "sourced document" was obtained by the said law firm is set out in a letter dated 30-6-2017 which is appended herewith as Annex I. The JIT respectfully refers the Hon'ble Court to the said letter so as to take note of the source and status of the a "sourced document". In this context, it maybe noted that law firm has confirmed to the JIT that documents have been obtained from a number of open and confidential sources and that the documents are copies of originals and their contents have been properly and extensively verified. In its analysis the JIT treats these documents as being of authentic whilst acknowledging that their direct and formal admissibility and evidentiary value would be subject to applicable law and the further process mentioned in the said letter at Annex I.

[6] The expression Seller is defined to mean ASCL rather than Respondent No.7 as essentially an 'asset sale" took place under the SPA, although ASCL is described in SIDF documents as a "sole proprietorship" registered under the laws of KSA.

is at ***Annexure R***. The second document is a Mandate to Act as an Attorney in Fact also dated 6-6-2005 (Attorney Mandate) which too bears the signatures of the Respondent No. 7 on behalf of ASCL), which is at ***Annexure R-1***. The third instrument is a Mandate to Act as Escrow Agent (Escrow Mandate) also signed on 6-June-2005 by the Respondent No. 7 on behalf of ASCL which is at ***Annexure R-2***.

(7) Upon a cumulative reading of the Preamble and Clauses 3 and 4 of the Amending Agreement, it is evident that, subsequent to the execution of the SPA, the Respondent No. 7 (qua Seller) agreed with the Purchaser that the two parties shall jointly instruct the Escrow Agent holding the two cheques both dated 14-3-2005 and bearing No. 18629 for SAR 21,235,000 and No. 18630 also for SAR 21,235,000 to the Respondent No. 7. However, significantly, with regard to the third cheque bearing No. 18717 for SAR 20,630,000 dated 20-3-2005, Clause 3 of the Amending Agreement specifically provides that the same shall be released to the Seller and, in exchange, simultaneously the Seller will make available to the Purchaser a certified cheque of equivalent value of SAR 20,630,000. Moreover, the Escrow Mandate confirms that the Escrow Agent did indeed release all of the cheques under and in accordance therewith. The Amending Agreement (in Clause 2) and the Attorney Mandate confirm that risk and title in the assets and properties of ASCL covered by the SPA stood vested in the Purchaser on 6-6-2005.

(8) These source documents, if accepted, completely negate and contradict the stance of the Respondent No. 7 with respect to the net amount received by him from the sale of ASCL and, hence, also the claimed amount of funds that were available for investing in the establishment of HME as the "sponsor funding". These three documents also contradict the statement of the Respondent No. 7 before the JIT to the effect that the assets and properties of ASCL covered by the SPA were handed over to

the Purchaser in March 2005. Moreover, these three documents prove as incorrect and misleading the statement of the Respondent No. 7 before the JIT to the effect that, except for the SPA produced by him, there was no other documents relating to the sale of ASCL, besides the fact that the Respondent No. 7 with a view to overstating the net proceeds received from the sale of the assets and properties of ASCL covered by the SPA, deliberately concealed the existence of the Amending Agreement, the Attorney Mandate and the Escrow Mandate even though all three of which bear his signature.

(9) In this context, it is also pertinent that the Respondent No. 7 was unable to produce before the JIT the relevant books of account and bank account statements showing the actual amounts credited in his favour or as received by him on account of the sale proceeds actually paid by the Purchaser to the Seller under the SPA. Additionally, it is relevant to underscore that the copy of the SPA provided to the JIT was neither the original nor a complete copy thereof in as much as Schedule 5 (referred to in Clause 1.1 of the SPA and which sets out details of the "Assets" to be sold and transferred under the SPA) and Schedule 7 (referred to in Clause 15.1 of the SPA and which sets out definitions employed in the SPA) - which are obviously integral and important parts of the SPA - have been withheld and neither produced before the Honourable Court nor the JIT. This raises further suspicions and undermines the credibility of the version and statements of the Respondent No. 7 vis-à-vis the SPA, its terms and implementation of the transaction and manner and mode of settlement of payments contemplated therein.

c. Although it has been claimed that the source of the "debt" or "borrowed" portion of the funds utilized for setting up and establishing HME (or "brining it into existence") was: (a) short term funding from friends and business associates; (b) SIDF, NCB and other commercial banks in KSA, the following factors appear to seriously contradict and materially undermine this claim:

(1) No documentary proof to substantiate or quantify the "short term funding from friends and business associates" claimed to have been obtained and utilized in "bringing it into existence" or setting up and commission of HME was ever produced before the JIT. No such document was produced before the Honourable Court during the hearing of CP 29/16 either. Hence, to this extent, the claim remains a bare and unsubstantiated statement of the Respondent No. 7. However, some further sourced documents throw light on this aspect which is discussed further below.

(2) **SIDF Loan.** As regards reliance on utilization of funds received under loans from SIDF for establishing and setting up of HME, the Respondent No. 7 has produced before the JIT following :-

(a) A Loan Agreement No. 2131 dated 3-1-2010 ***(Annexure D)*** which contemplates provision of a loan by SIDF of up to SR 90,000,000 to "Hussain Mohammad Nawaz Sharif Hill Metal Industry for Metal Establishment" a sole proprietorship establishment and organized under the laws of KSA and registered on 18-6-2005; and

(b) A further Loan Agreement ***(Annexure E)*** dated 2-7-2012 under which SIDF has agreed to lend a further sum of SAR 59,400,000 to "Hussain Mohammad Nawaz Sharif Hill Metal Industry for Metal Establishment", thereby makes the total loan amount of SAR 149,400,000.

(c) Whilst there is no further documentary proof provided by the Respondent No. 7 of actual disbursement and utilization of the loans contemplated in these two documents, in Paragraph 15 of CMA 432, the Respondents No. 7 and 8 submitted that HME was set up "in 2006" as a "new steel mill", the preamble of both of the

SIDF Loan Agreement state that HME was registered with the Commercial Registration of Jeddah on 16 Feb 2005.

(d) In any event, whether the "new steel mill" was set up in 2005 or 2006, either way, since the SIDF loans did not become available to Respondent No. 7 and HME until at least some time in 2010 (as regards the first loan of SAR 90,0000,000) and until after July 2012 (as regards the second loan of SAR 59,400,000), this statement and claim is contradicted and negated by the documents produced by the Respondent No. 7 himself before the JIT.

(e) It is also pertinent to mention that the signed originals of neither of the two SIDF Loan Agreement referred to above was submitted to the JIT. The documents provided were mere uncertified photocopies under cover of the unsigned document.

(3) **Al Rajhi Bank**

(a) As regards the source of "working capital" funding for HME, the Respondent No. 7 has claimed through the unsigned document at ***(Annexure A)*** that HME had, amongst others, access to a facility of SAR 35 million from Al-Rajhi Bank. However, during the course of investigation JIT discovered that the said loan was sanctioned in 2008 ***(Annexure H)*** and according to a source document ***(Annexure T)*** (being a copy of a signed letter from Al-Rajhi Bank) addressed to HME, this facility was canceled on or around 27-10-2009 and the security therefore being charged on: (i) factory land # 9709 in Jeddah; and (ii) residential villa in Al Hamra District was released. Hence, the impression being given of availability of working capital through above mentioned loan is selective narration to generate a false perception.

(b) Accordingly, at least to this extent a false or misleading impression has been sought to be created by the Respondent No. 7 with regard to the available sources of "working capital" for a project such as an operational steel mill, which requires large amounts of working capital to sustain itself

(4) **Non Provision of Audited Financial Statements of HME**

(a) A credible and useful source of authentic evidence regarding the source and quantum of equity and debt actually employed to set up, establish and operate HME is the audited financial statements of HME. These would also be relevant in verifying the contents of the response and replies of the Respondent No. 7 including the contents of and position depicted through the unsigned statement at ***Annexure A***.

(b) The audited financial statements would also shed light on the quantum source of initial funds and actual debt and equity portions and the actual project cost and allied matters. It is undeniable that the audited financial statements of HME are indeed prepared and exist as these are referred to in the document appended by Respondents No. 7 and No. 8 at Annexure Q to CMA 432/16[7]. The SIDF loan agreements also specifically require HME to maintain accounts.

(c) However, in spite of repeated requests by the JIT, the Respondent No. 7 failed and declined to produce certified true copies of the same before the JIT. The JIT draws a negative inference from

[7] At page 133 of CMA 432/16. This is a "Statement of Cash Balances and Net Profit After Tax for the Years Ended 31 December 2010 to 31 December 2014" in which the figures have been "traced" from respective "audited financial statement".

such failure, which appears intentional with the object of avoiding the complete truth from being discovered by the JIT regarding the source and quantum of funds, assets, liabilities and actual profitability of and dividends declared by HME. The absence of and failure to produce the audited financial statements of HME may also lead to undermining the credibility of the other limited information regarding the source of funds, assets, liabilities and actual profitability of HME furnished by the Respondent No. 7 or No. 8 before the Honourable Court or the JIT.

(d) The audited financial statements would also have revealed the actual and true cost of setting up of HME and then enabled verification of whether the claimed sources of funds were indeed even sufficient to completely fund such setting up and establishment of a steel mill. In this context, based on a source document ***Annexure J***, the acquisition cost of 59, 101 square meters of industrial land in Khumrah District, Jeddah was SAR 11.1 million, another 1, 750 square, meters of land was acquired for the labour colony at a cost of SAR 0.277 million, the cost of just one "shredder" for Jeddah was SAR 10 million. This does not include cost of civil works and cost of other plant, equipment, machinery and vehicles. If all of the costs mentioned in this document are accepted and taken into account, these far exceed the funds claimed to have been available to Respondent No. 7 to set up HME.

d. In addition to the above, during its investigations the JIT has also obtained two further sourced documents which tend to further undermine and contradict the statements and stance of the concerned Respondents *vis-à-vis* the source of funds employed to set up and operate HME. Each of these documents and its

implications *vis-à-vis* the questions of the Honourable Court and the stance of the concerned Respondents is given below.

e. **Hill Metal Establishment: Source of Funds**

(1) Appended as ***Annexure K***, this unsigned document shows that:

(a) During the period 21-9-2009 and 25-11-2008 HME received funds amounting to SAR 59,999,860 million (or US $ 15,999,963 million) in nine separate tranches from one Mr. Saeed Sheikh.

(b) There is reference to a "MD NCB's Account" which during the period 5-10-2009 to 16-3-2010 shows movement of SAR 36,456,741 (or US $ 9, 721, 797) in this account.

(c) A net amount of SAR 38,289,000 (or US $ 10,210,400) received by HME as SIDF Loan disbursements.

(2) With regard to the amount of SAR 59,999,860 million (or US $ 15,999,963 million) stated to have been received from Mr. Saeed Sheikh:

(a) The Respondent No. 7 did not mention this during any of his appearances before the JIT. Mr. Saeed Sheikh according to investigation of the JIT is the maternal uncle of Mr. Javed Kiyani. According to further investigation by the JIT into the matters reported in the "Rehman Malik Report" and statement of Javed Kiyani made before JIT, this same individual was involved in sending substantial amounts in traveler cheques to Mr. Javed Kiyani from outside Pakistan through a personal courier (Mr Phil Berry), which were deposited and converted into United States Dollar Bearer Certificates and liquidated and handed over to Sharif family at Model town. In addition large amounts were deposited in "fake accounts" opened in the names of Salman Zia,

Asghar Ali and Mohammad Rizwan. These deposits in "fake accounts" were then employed as collateral to raise loans for the companies of Sharif family.

(b) This is a very substantial amount of funding and its terms are not entirely clear. However, it appears that this "loan" is linked to another source document in (i.e. Guaranty dated 16-9-2009 at (Guaranty) apparently issued by Respondent No. 7 in favour of Colebrook Investments Limited (Colebrook) incorporated and existing under the laws of St. Vincent & the Grenadines. It appears that this "Guaranty" may have been issued by Respondent No. 7 to Colebrook to secure the amount of US $ 15,999,963 advanced to HME possibly by the (unnamed) owner of Colbrook. A related source document connected to the Guaranty is a Convertible Promissory Note also dated 16-9-2009 of US $ 10,000,000, at ***Annexure L***. The "Guaranty" provides option for conversion of loan into equity of HME or equivalent by the owner of Colebrook. The Balance Sheet of HME as of 31-7-2011 (another source document, at ***Annexure M*** shows a 'convertible borrowing' of SAR 60,000,000 which is may well be the same transaction.

f. **MD NCB's Account**

(1) With regard to the "MD NCB's Account" which during the period 5-10-2009 to 16-3-2010 shows movement of SAR 36,456,741 (or US $ 9, 721, 797) in this account, when the Respondent No. 7 was queried about the same, he denied knowledge thereof.

(2) However, according to the JIT's investigation, this apparently refers to Respondent No. 7's personal bank account with NCB which is also used

to inject funds (of unknown and undisclosed source) into HME by Respondent No. 7.

g. **Direct Nexus between HME and Respondent No 1**

(1) In the context of the "source of funds" for establishing or operating HME, there are two further source documents which, if accepted, establish a direct link between Respondent No. 1 personally and funding of HME and its operations.

(2) The first of these documents, at ***Annexure N***, is (an unsigned) copy of instructions dated 20-9-2010 issued by Respondent No. 1 to the "Private Banking" section of Al Raji Bank, Jeddah in terms of which the Respondent No. 1 is instructing "immediate" transfer of an amount of SAR 750,000 from his account No. 462 60801 3344552 to the account of Respondent No. 7 also maintained with Al Raji Bank.

(3) This second related source document, at ***Annexure O***, is (an unsigned) copy of instructions dated 20-9-2010 issued by Respondent No. 7 to Al Raji Bank instructing transfer of SAR 750,000 from the account of Respondent No. 7 to the account of HME maintained with Al Raji Bank.

(4) These two documents, if accepted, establish a direct nexus and link between HME and the Respondent No. 1 in which Respondent No. 7 is being employed as a conduit. This not only undermines and contradicts the statements and stance of the concerned Respondents with respect to the "source of funds" to establish and operate HME but is also relevant in the context of the massive remittances made by HME (or Respondent No. 7) to Respondent No. 1 during the period 2009, which aspect is discussed whilst addressing the third of the three queries being examined and addressed in this Section.

h. Receipts & Payments Account

(1) Another source document, at ***Annexure U***, is the "Receipts & Payments Account" of HME for the period 1-7-2009 to 17-8-2010. This document contains a table bearing the heading "Funds Returned" and which, amongst others, contains the following entries:

(a) Entry showing payment of SAR 903,834 to Pakistani Consultancy Firm, Sidat Hyder Morshed, Associates for SAP License & Maintenance8.

(b) Entry showing payment of £ 6000 to Flagship Investments Limited with comments "On Director's Current Account".

(c) Entry showing payment SAR 1,912,500 to "Hassan" with comment "Indsys".

(d) Entry showing payment of SAR 1,875,000 to HDS (Owned by Ali Dar son in law of Respondent No 1 and son of Respondent No 10) with comment "Indsys".

(e) Entry showing payment of SAR 560,000 to HDS with comment "Indsys".

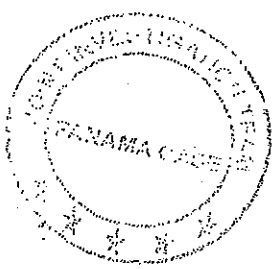
(f) Entry showing payment of SAR 3, 752, 300 (or US $ 1,000,613) to CFZ.

(2) These entries, if accepted, belie the statements and claims of the concerned Respondents in respect of not having any nexus with HME as the entries show that HME has borrowed or otherwise received funds which it has repaid (during the period to which the table relates) from the personal account of Respondents No. 7 and 8 besides Flagship

[8] **From the payment of SAR 903,834 for SAP, it appears that HME has one of the sophisticated Financial software SAP even then full details (as well as audited accounts) are not provided.**

Investments Limited (wholly owned by Respondent No. 8) and the amounts during the relatively brief period covered by this document.

(3) Moreover, the reference to "CFZ" in this document showing that an amount of SAR 3, 752, 300 (or US $ 1,000,613) has been returned or repaid to it by HME during 1-7-2009 to 17-8-2010 is also significant. The reference by "CFZ" in the view of the JIT is likely a reference to Capital FZE (Jabel Ali Free Zone entity) owned by Hassan Nawaz Sharif, regarding which the honaourable Justice Ijaz ul Ahsan had raised his concerns and had directed the JIT to collect evidence with regards to its business activities and role in transfer of funds to different entities controlled by Respondent 7 & 8. JIT during its investigation found out that the Chairman of the board of Capital FZE was Mian Nawaz Sharif (Respondent No 1).



(4) Copies of the following documents as certified by the Jabel Ali Free Zone Authority which have been obtained by the JIT as part of its investigation are appended herewith:

(a) Employment letter of Nawaz Sharif. ***Annexure X***

(b) Employment Contract of Nawaz Sharif with Capital FZE. ***Annexure Y***

(c) Employment Contract Amendment of Nawaz Sharif with Capital FZE ***Annexure Z***

(5) The above documents of Capital FZE and along with a copy of the resident visa ***Annexure P*** for the United Arab Emirates issued to Respondent No. 1 for the period 2009/20015 and which describes him as the Chairman of the Board of Directors of Capital FZE along with the employment agreements and amendments thereto which show that Respondent No. 1 was paid a salary of AED 10,000 per month by Capital FZE all cumulatively taken (along with the entries in "Receipts & Payments Account" of HME) prove and establish:

(a) That HME, Capital FZE, Flagship Investments Limited and HDS are linked and associated.

(b) The Respondents No. 1, 7,8 and 10 each are interconnected, they have common business interests which are undisclosed

(c) The Respondent No. 1 has direct, indirect, overt and covert association with and interest in businesses and entities which have not been declared or acknowledged in Pakistan by the Respondent No. 1; and that

(d) Respondent No. 1, Capital FZE and HME are interlinked and have nexus with each other.

(6) All of the foregoing, contradicts the statements of the Respondents No. 1, 7 and 8 in this regard.

13. **Stance of the Respondents No. 1, No. 7 and No. 8 before the Honourable Supreme Court in CP 29/2016 in relation to remittances to Respondent No. 1 through HME or Respondent No. 7**

a. In the pleadings of the Respondent No. 7 and No. 8 before the Honourable Supreme Court, this aspect is also covered, albeit briefly in Paragraph 15 of CMA No. 432 of 2017, which has been reproduced above. The stated purpose of these remittances or "gifts" was to free the Respondent No. 1 from any financial constraints, given his full time involvement in politics. Essentially, the stance taken was that in 2006 the Respondent No. 7 set up HME and that "the annual cash flow and retained earnings from this business have enabled the Respondent No. 7 to send remittances to his father in Pakistan".

b. **Aldar Audit Bureau**. In support of this instead of the complete audited financial statements of HME, a so called "Statement of Cash Balances and Net Profits after Tax of HME for the years 2010-2014" prepared by Aldar Audit Bureau (Abdullah

AlBasri & Co.) dated 19-1-2017 (HME Cash and Profit Statement) ***Annexure S***. The HME Cash and Profit Statement is misleadingly referred to in Paragraph 15 of CMA 432/17 as an "auditor's certificate", which in actual fact simply and only "traces" figures in the audited financial statements of HME for the period 2010 to 2014. The HME Cash and Profit Statement (at page 134 of CMA 432/17) only contain the claimed figures for "net profit after tax" and "cash and bank" balances in each year.

c. In the unsigned statement ***Annexure DD*** under cover of which various documents were submitted by the Respondent No. 7 to the JIT, a reply to the above question is also given, the material parts of which are reproduced below:

"1. Chart showing funds received 2009-16 from Respondent No. 7's (HNS) owned Hill Metal Establishment, KSA by Respondent No. 1 (MNS) is attached. ...

7. The funds transferred by MNS to MS were largely used to purchase landed property for herself by MS and are disclosed in her FBR returns for year to year.

8. These funds from HNS transferred to MNS did not 'drop in' from anywhere. These funds were transferred by Hills Metals Establishment owned 100% by HNS in KSA.

9. Hill Metal Establishment is a Steel Mill in KSA which manufactures and sells Reinforced Rebars. The establishment generates sufficient funds as evidenced by Certificates issued by Aldar Audit Bureau - A member firm of Grant Thornton, Chartered Accountants, KSA to be able to transfer valuable foreign currency to Pakistan."

**A brief analysis of the documents provided is depicted in the chart below**

14. **<u>Gifts by Respondent No.7 to Respondent No.1</u>**

a. Starting from year 2010, Respondent No.1 is receiving gifts and remittances from his son Respondent No.7 and his business entity named M/s Hill Metals

Establishment (HME) from Saudi Arabia. Up to May 2017, Respondent No.1 received Euro 1.267 million and US$ 10.148 million from Respondent No.7 & HME. The Rupee equivalent of these foreign currency receipts, come to around Rs.1.166 billion. In addition, to these, Respondent No. 7 also made remittances of around Rs.69.228 million to, his sister, Respondent No.6 (Mrs. Mariam Safdar (MS) from HME in 2008 and 2009.

b. As per statement of Respondent No.7 submitted at the Honorable Supreme Court of Pakistan, the amounts were transferred by him to Respondent No.1 as to free his father from any financial constraints, given his full time involvement in politics. However the scrutiny of Respondent No.1, bank records in Pakistan, revealed that more than 70% of the gifts received by Respondent No.1, were in turn gifted to Respondent No.6 as gifts. Moreover a substantial amount of Rs.100 million was given as donation to PML (N) in 2013.

c. Further, hefty amounts almost, 25% of the gifts received from Respondent No.7 were withdrawn in cash by respondent No.1.

d. **Comments.** Major observations related to transactions in the bank accounts of Respondent No.1 and Respondent No.6 are given below:

(1) Around 88% of total net profit earned by M/s HME during 2010 to 2015 was sent to MNS through gifts and remittances indicating his close association or beneficial interest in the company.

(2) A total amount of Rs.1,165 million was sent by Respondent No.7 to Respondent No.1 as gifts and remittances from 2010 till May 2017. Out of this amount, Rs.822.725 million were gifted by Respondent No.1 to Respondent No.6 during the same period *(Annexure V)*. Apparently Respondent No. 6 used the gifts received to acquire land. The declared land holding of Respondent No.6 increased from zero in 2010 to Rs.804.424 million in 2016 as per her tax returns filed with FBR.

(3) Rs.45 million were transferred from PML(N) account to Respondent No.1 on 10-Jun-2013. Considerations against this payment were not available on record.

(4) The amounts of gifts received by Respondent No.1 significantly increased after 2012-13.

(5) Till the year 2012-13, the gifts received by Respondent No.1 from Respondent No.7 & HME were declare as gifts whereas, the same amounts were termed as remittances after the year 2013-14 in tax returns of Respondent No.1 after he assumed charged as Prime Minister.

(6) Declared gifts were also used to repay the amounts to the person who gifted those amounts i.e. from Respondent No.6 (Rs.24.851M) to Respondent No.1 and from Respondent No.1 (Rs.19.460M) to Respondent No.7.

(7) The detailed pattern of transactions in bank accounts of Respondent No.1 and Respondent No.6 along with declared gifts and position of properties purchased is explained in flow chart at ***(Annexure AA & BB).***

15. **Analysis by JIT.** The analysis and comments of the JIT on the above are as under:

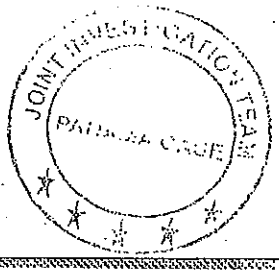
a. Contrary to the averments of the Respondent No. 7 at Para 15 of CMA 432/17, which attributed the "annual cash flows" and "retained earnings" from HME as the source of funds enabling the remittances to Respondent No. 1, the supporting evidence produced (i.e. HME Cash and Profit Statement) is neither the cash flows nor the retained earnings position of HME. Instead, as requested by the Respondent No. 7, the accounting firm has simply "traced" the yearly figures relating to "net profit after tax" and "cash and bank balances" at the respective year ends. In the absence of detailed financial statements disclosing, other vital information on the health and financial viability including its ability by having sufficient balances in the "retained earnings", mere year end cash and bank balances are insufficient (and irrelevant) to accurately establish and verify the fact whether, after disbursement through remittances of the lions share of the available

cash of HME in any given year as gifts to Respondent No. 1, there was enough working capital left to sustain and operate the usual business of HME.

b. Similarly, the "yearly net profit after tax" is certainly not a substitute for the "yearly retained earning" position of a business entity. The "retained earning position" reflects the cumulative position of the undistributed profits net of the accumulated losses, if any, as of a particular date. A business cannot distribute profits to the owners unless there is a balance available here. The HME Cash and Profit Statement, in other words, simply does not contain all of the necessary and relevant information and figures to enable due and proper verification of facts. The information is incomplete and inapt for the purpose for which it has ostensibly been submitted.

c. It is pertinent to note that while Respondent No.1 has shown these remittances were received as gifts from his son Respondent No.7, the records obtained from Respondent No.1 bank accounts in Pakistan ***(Annexure V)*** revealed that the above remittances included the payments made from the accounts of HME; a business entity9 as opposed to Respondent No. 7 personally.

d. Respondent No. 7, was unable to produce any banking record or relevant documents of the source at KSA, which may shed light on the so called huge gifts given to Respondent No.1.



e. Starting from year 2010, Respondent No.1 is receiving gifts and remittances from his son Respondent No.7 and his business entity i.e. HME from KSA. Up to May 2017, Respondent No.1 received Euro 1.267 million and US$ 10.148 million from Respondent No.7 and HME. The Rupee equivalent of these foreign currency receipts, come to around Rs.1.166 billion. In addition, to these, Respondent No. 7

[9] HME as aforesaid is described in the SIDF loan documents as a "sole proprietorship" under the laws of KSA.

also made remittances of around Rs.69.228 million to, his sister, Respondent No.6 from HME in 2008 and 2009.

f. As per statement of Respondent No.7 in CMA 432/17 the amounts were gifted by him to Respondent No.1 so as to free his father from any financial constraints, given his full time involvement in politics. However the scrutiny of Respondent No.1, bank records in Pakistan, revealed that more than 70% of the gifts received by Respondent No.1, were in turn gifted to Respondent No.6 as gifts. Moreover a substantial amount of Rs.100 million was given as donation to PML (N) in 2013. Moreover, approximately 25% of the "gifts" received from Respondent No.7 were withdrawn in cash by Respondent No.1.

g. Most significantly, around 88% of total net profit earned by HME during 2010 to 2015 was remitted as "gifts" to Respondent No. 1 directly from a bank account of HME or through Respondent No. 7. Since 88% of the total net profit, during the six years from 2010 to 2015 by HME was transferred to Respondent No. 1, it left just 12% for the purported sole owner i.e. Respondent No 7, based in the KSA to maintain and support his lifestyle and that of his immediate family. This figure of 89% give rise to a strong presumption or inference that in substance and in reality, the Respondent No. 1 has a beneficial and proprietary interest in HME. This view is further buttressed and reinforced if consideration and weight is given to the source documents: (a) at ***Annexure N***, being (an unsigned) copy of instructions dated 20-9-2010 issued by Respondent No. 1 to the "Private Banking" section of Al Raji Bank, Jeddah in terms of which the Respondent No. 1 is instructing "immediate" transfer of an amount of SAR 750,000 from his account No. 462 60801 3344552 to the account of Respondent No. 7 also maintained with Al Raji Bank; and (b) at ***Annexure O***, being (an unsigned) copy of instructions dated 20-9-2010 issued by Respondent No. 7 to Al Raji Bank instructing transfer of SAR 750,000 from the account of Respondent No. 7 to the account of HME maintained with Al Raji Bank. These two documents, if accepted, establish a direct nexus and link between HME and the Respondent No. 1 in which Respondent No. 7 is being

employed as a conduit and give much credence to the view that the Respondent No. 1 has significant beneficial interest in HME and that, contrary to the claimed position, Respondent No. 7 is not the true and sole owner of HME but a nominee or ostensible owner only with limited, if any, actual beneficial interest in HME.

h. Another source document being the Management Report of HME ***(Annexure O)*** for the quarter ended 31-3-2010 establishes that "after a long period of stress and strained performance" HME "finally came out of the red" in this quarter for the first time. Accordingly, this also creates doubts about the claimed success and profitability of HME to such as level as to enable it to remit an amount equivalent to Rs. 1,165.655 million over a period of six years.

i. Yet another factor which tends to throw the claimed source of the funds which were remitted as gifts to Respondent No. 1 (i.e. profits of HME) into serious doubt are, amongst others, the express restrictive covenants contained in the SIDF Loan Agreement dated 3-1-2010 expressly restrict maximum dividend to "the lessor of 25% of the paid in capital" or the total repayment of installments during the same fiscal year". An identical covenant is also found in the second SIDF Loan Agreement dated 2-7-2012. Moreover, even the maximum annual capital expenditure is also capped by a covenant. In terms of Clause 9, HME is even restricted from creating any encumbrance on the revenue or assets of HME without the prior approval of SIDF. It is axiomatic that the quantum of funds of HME claimed to have been 'gifted' to Respondent No. 1 would, if true, result in default by HME under the SIDF Loan Agreements. Accordingly, this factor too, tends to call into question the veracity of the claimed source of the 'gifts' remitted to Respondent No. 1 from KSA.

j. A total amount of Rs.1,165 million was sent by Respondent No.7 to Respondent No.1 as gifts and remittances from 2010 till May 2017. Out of this amount, Rs.822.725 million were gifted by Respondent No.1 to Respondent No.6 during the same period. Apparently, Respondent No. 6 used the gifts received to acquire

JOINT INVESTIGATION TEAM PANAMA CASE

land. The declared land holding of Respondent No.6 increased from zero in 2010 to Rs.804.424 million in 2016 as per her tax returns filed with FBR. During 2008-2009, an amount of Rs.69.228 million was directly remitted by HME to Respondent No.6.

k. Rs.45 million were transferred from PML(N) account to Respondent No.1 on 10-6-2013 and considerations against this payment were not available on record.

l. The amounts of gifts received by Respondent No.1 significantly increased after 2012-13.

16. **Conclusion.** The evidence brought on record by the Respondent, at best, is selective, incomplete, partial and inconclusive to form an objective conclusion by JIT on the veracity of the stance taken. In any case, if the SIDF loan agreements are taken at their face value, Respondent No. 7 did not produce any evidence or means establishing his personal capacity of meeting the SAR 90.4 M equity requirement as his share in the sale proceeds of Al Azizia Steel Company fell well short of this requirement.

17. Despite repeated requests, Respondent No. 7 did not produce the relevant corporate/business records. It is therefore not possible to ascertain:

a. The legal status of Hill Metals Establishment (HME) whether it's a sole proprietorship, partnership or a company limited by shares.

b. The sole beneficial status of Hussain Nawaz Sharif; whether he is the only owner, partner or in case of a limited company the only shareholder.

c. The actual equity injected in HME and the banking records showing that he has the means to inject that equity.

d. Though, the SIDF loan agreements clearly stipulate that HME has to get its accounts duly audited every year, the Respondent did not produce the audited financial statements, repeatedly requested by JIT. In the absence of audited financial statements since establishment of HME in 2006 to date it is not possible to quantify and place a monetary value on :

(1) Owner's equity injection.

JOINT INVESTIGATION TEAM
PAN ... CASE

(2) Actual status of borrowings from SIDF; the project financier.

(3) Borrowings from friends and business associates.

(4) Borrowings from National Commercial Bank, Saudi Arabia.

(5) Borrowings from other commercial banks in Saudi Arabia.

(6) Operating results after HME went into commercial operations.

18. Respondent No. 7, in the light of above, was found not to be forthcoming with truthful disclosure as to the sources and actual utilization of the funds and could not therefore establish the lawful means for his ownership of HME.

19. Similarly as regards the gifts extended, it is not possible to conclusively comment on the financial health of HME and its ability to extend such lavish gifts in the absence of the relevant corporate/business and banking records.

20. Therefore, in the absence of audited financial statements since establishment of HME till to date, it is not possible to conclusively quantify and place a monetary value on:

a. Owner's equity injection and status of the Retained Earning's from where the possibility of sending large monetary gifts can be established.

b. Operating results after HME went into commercial operations.

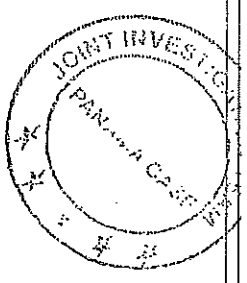
c. Accounting treatment and disclosure of the amounts remitted as gifts to Respondent No. 1 in the financial statements. This is essential in terms of understanding the nature of remittances. Whether they were owner's share of profit or shown as an expense in the books of accounts? If they were an expense eg. Fee or Commission than in that case Respondent No.1 who is a tax payer in Pakistan would be liable to all the applicable taxes.

(1) Whether the cash flows of the HME support the payments of gifts to Respondent No. 1.

JOINT INVESTIGATION TEAM PANAMA CASE

(2) Whether the retained earnings account balances support the payments of gifts to Respondent No. 1 and are in compliance with the loan covenants entered into with the lenders of HME, in particular, SIDF.

d. The pattern and the manner in which these remittances were made by between 2010 till May 2017 by Respondent No. 7 to Respondent No. 1, prima facie cannot be characterized as gifts from a son to a father. They keep coming at regular intervals, at times on a monthly basis, as if they were a regular source of income, without which, Respondent No. 1 would not be able to maintain his livelihood.



e. Respondent No. 1 on the other hand, recipient of these ostensible gifts, given to him "to free him from any financial constraints, given his full time involvement in politics", utilizes these hefty remittances in making equally hefty gifts to his daughter i.e. Respondent No. 6 who goes on to acquire huge land holdings to "equitably strengthen her financial position".

f. During the six years 2010 to 2015, 23 remittances, aggregating to US $ 8,913,301 million were made. The annual amounts of remittances bore no correlation with the profits of HME in that year. For example the Net Profit for the Year 2010 was US 588,589 but the remittance for that year was US $ 1,718,500. Similarly US $ 2,161,416 were remitted in the year 2015 in which HME incurred a loss of US $ 1,576,688.

g. On the basis the Aldar Audit Bureau's Statement produced by Respondent No 7 and the disclosure of Remittances Received in the Tax Returns and the entries in the bank statements of Respondent No. 1, it transpires that almost 88% of the total net profit made, during the six years from 2010 to 2015, by HME was transferred to Respondent No. 1. Leaving just 12% remaining profits for the purported sole owner i.e. Respondent No 7, based in the KSA to maintain and support his affluent lifestyle and that of his immediate family. The sheer quantum of the profits going to Respondent No. 1 in actual effect make him the significant

## Flagship Investments Limited & Companies

*Documentary Evidences, Annexures and details are covered in Volume VII of Investigation Report of Joint Investigation Team, Panama Case*

*Documentary Evidences, Annexures and details are covered in Volume VII of Investigation Report of Joint Investigation Team, Panama Case*

## FLAGSHIP INVESTMENTS LIMITED AND COMPANIES OF MR. RESPONDENT NO. 8

1. In pursuance of the decision of the Honorable Bench of the Supreme Court which states, ***"...where did the money for Flagship Investment Limited and other companies set up/taken over by respondent No. 8 come from, and where did the Working Capital for such companies come from"***; the JIT has carried out a detailed analysis of the companies, investments and financial transactions (Annexure A) of Mr. Respondent No. 8 (Respondent No. 8). A pictorial representation of the plethora of companies and elaborate network of transactions has been prepared.

2. This analysis is based on evidence from JIT's own sources as well as the limited information available publicly. It is imperative to highlight that the information submitted by the Respondents did not suffice for the purpose of the investigation and was found to be severely lacking and no effort has been made by the Respondents to provide the same. A summary of documents provided and the comments of the JIT are attached as **Annexure B**. In the absence of vital information, the **'Burden of Proof'** is on the Respondents. Ample opportunities have been afforded to the Respondents to present plausible explanations to the various observations raised by the JIT but remain unheeded.

## Dichotomies with regards to the sources of funds for establishment of Flagship Investments and other companies by Respondent No. 8

3. The Respondents, in their CMA filed before the Honorable Supreme Court of Pakistan, had described funds provided from the investment made with Al-Thani family of Qatar as the source for setting up Flagship Investments and other companies. However, in their statements in the appearances before the JIT, the said stance was neither qualified nor substantiated, Respondent No. 8 categorically and repeatedly confirmed that he requested Mr. Hussain Nawaz

Sharif, (Respondent No. 7) for the funds for setting up these companies and that he did not know from where Respondent No. 7 obtained these funds. On the contrary, when Respondent No. 7 was confronted with the same question, he denied ever being approached by Respondent No. 8 to provide the said funds. He went on to state that he learnt about the provision of funds to Respondent No. 8 for establishment of his companies through Mr. Nasir Khamis (representative of Al-Thani family) during the execution of settlement, and as it was never shared with him by Respondent No. 8 or anyone else in the family. Therfore, he immediately sent the papers provided by Nasir Khamis to Respondent No. 8 through facsimile transmission for confirmation of receipt of the said funds.

4. These dichotomies between the stance taken by the Respondents in the Honorable Supreme Court and their respective statements/narrations during their appearances before the JIT clearly indicates that the story of the utilization of Qatari funds for establishment of the companies is, prima facie, false and concocted. Nevertheless, irrespective of the source of funds an in-depth analysis of the establishment of the companies has been undertaken by the JIT in the subsequent paragraphs.

5. The table below encapsulates the movement of funds (inflow and outflow) of RESPONDENT NO. 8 based on his claim on the generation of capital from the proceeds received from Qatar and loans given by him to his companies in the United Kingdom and to a company incorporated in Pakistan namely Chaudhry Sugar Mills Limited:

| **2004-2005** | 936,766 | 1.9199 | 487,924 |

6. It is evident from the above that RESPONDENT NO. 8, except in the years 2001-2002, 2004-2005, 2007-2008, 2008-2009, 2011-2012 and 2012-2013, has extended more funds in the shape of subordinated loans to his companies in the UK and to Chaudhry Sugar Mills Limited in Pakistan, than were available to him after accounting for his claim of proceeds from Qatar. It may be noted that in all the UK companies, the paid up capital ranged from GBP 1 to GBP 100 only.

7. Another important factor that is revealed is that the aggregate profit/loss position of known UK companies of Respondent No. 8 for this period 2001-2016 is an **aggregate loss of GBP 10,551,540.** Despite such heavy losses, Respondent No. 8 has managed to erect an empire of real estate assets in UK through the conduit of numerous small size companies that require minimal regulatory reporting disclosures.

8. Furthermore, as per the information available on Respondent No. 8 to the JIT, it has been learnt that he started his business in the UK in the year 2001. Since then, he has remained associated as a shareholder, director and/or company secretary of the following UK Companies that he mostly acquired other than a few that were incorporated:

a. Flagship Investments Limited; paid up capital GBP 1 – year 2001;

b. Hartstone Properties Limited; ; paid up capital GBP 2 – year 2002;

c. Que Holdings Limited; paid up capital GBP 1 – year 2003;

d. Quint Eaton Place 2 Limited (formerly Quint Etam Place Limited); paid up capital GBP 100 – year 2003;

e. Quint Sloane Limited (formerly Quint Eaton Place Limited); paid up capital n/a – year 2003;

f. Quint Limited; paid up capital GBP 100 – year 2003;

g. Flagship Securities Limited; paid up capital GBP 100 – year 2005;

h. Quint Gloucester Place Limited; paid up capital GBP 1 – year 2006;

i. Quint Paddington Limited (Formerly Rivate Estates Limited); paid up capital GBP 100 – year 2006;

j. Flagship Developments Limited; paid up capital GBP 1 – year 2010;

9. Following is the list of Respondent No. 8's known properties in the UK owned/acquired/mortgaged by Respondent No. 8 and/or his companies:

a. **Properties used to Finance Respondent No. 8's UK Companies**. (Annexure C)

(1) Property located at 16 Avenfield House 118-127 Park Lane London W1K 7AF at the Land Registry with title number NGL338285;

(2) Property located at 16A Avenfield House 118-127 Park Lane London W1K 7AF at the Land Registry with title number NGL351184;

(6) Property located at Flat no. 10, Duke Mansions, Duke Street London at the Land Registry with title number NGL394460;

(7) Property located at Flat no. 2, Dunraven House, 36 Green Street, London W1K 7FX at the Land Registry with title number NGL832138;

(8) Property located at Flat no. 4, 69 Cadogan Square, London SW1X 0DY at the Land Registry with title number NGL569247;

(9) Property located at Upper Ground Floor, Stanhope House, Stanhope Place, London W2 2HH;

(10) Property located at 12A, Evenfield House, 118 Park Lane, London W1 at the Land Registry with title number NGL335917;

c. **Quint Gloucester Place Limited**. Property located at F/H117, Gloucester Place London W1U 6JU at the Land Registry with title number NGL417483;

d. **Quint Paddington Limited**

(1) Property located at F/H the Fettler & Firkin Public House, 15 Chilworth Street, London at the Land Registry with title number NGL818885;

(2) Property located at K/A the Fettler & Firkin Public House, 15 Chilworth Street, London at the Land Registry with title number NGL350124;

e. **Quint Limited**. Property located at Flats L&M, 17 Eaton Square, London SW1 at the Land Registry with title number NGL818885.

f. **Quint Eaton Place 2 limited (formerly Quint Etam Place Limited)**. Property located at Flats no.5, 97-99 Eaton Place, London SW1;

10. The aforementioned list of properties is based on the limited information that was available with the JIT; therefore it is a reasonable assumption that more properties in the UK have been or are held by Respondent No. 8 in his name or on the name of his companies/firms/sole proprietorship/partnership firms or in the name of his family members or other benamidars. Respondent No. 8 has failed to provide any documentary evidence (land registry, bank statements, and tax returns) to justify the sources used to own these properties.

11. The sources used for making investments in real estate business in UK companies were mainly bank borrowings, building society loans, inter-corporate financings and director's loans. Financial analysis of companies reveals that reliance was mainly on bank loans, as these companies were shell companies and not trading companies, which used external sources for making investments. Moreover, as per available disclosures given in the financial statements of the UK companies, Respondent No. 8 was not drawing any salary/emoluments from these companies. Hence, Respondent No. 8 had no known source of income to fund investments in real estate.

12. Investments in properties were primarily recorded on cost basis in the financial statements. However, without independent valuations of such investments in real estate, market values of such investments in real estate are not known and recorded in the financial statements.

13. Respondent No. 8 indulged heavily in inter-corporate movement/revolving of capital amongst his companies wherein links of two offshore BVI (British Virgin Islands) companies i.e. Alanna Services Limited and Lamkin SA are established as minority shareholders of Quint Eaton Place 2 Limited and Quint Limited, respectively (companies of Respondent No. 8). These BVI

companies forwarded funds to the UK companies, Respondent No. 8 was asked to explain this linkage but responded by denying the liabilities outstanding towards the BVI companies, which is contradictory to the financial position given in the accounts of the companies of which he is a major shareholder. It is interesting to note that Minerva Services Limited and Minerva Nominees Limited, the shareholders of Nielson Enterprises Limited and Nescoll Limited companies which owned the Avenfield flats at that time, were also the shareholders of the aforementioned companies (Allana Services Limited and Lamkin SA).

14. In addition, Quint Paddington Limited obtained funds/loan from Capital FZE; a UAE based offshore concern, which is also owned by Respondent No. 8. Interestingly, although Respondent No. 8 stated that Capital FZE was created by him in anticipation of buying some properties in U.A.E. which never materialized; was being dissolved; and had no association with any other family member, yet on investigation JIT was able to establish that not only the company remained functional till 2014 but it ostensibly was being managed by under direct control of Mian Nawaz Sharif, Respondent No. 1 as Chairman of the Board.

15. Another company by the name of Hiltern International Limited (an offshore entity) emerged in 2014 to extend a loan to Flagship Investments Limited. Respondent No. 8 did not provide any satisfactory explanation, evidence, document to explain these offshore companies to the JIT and in fact denied ownership of any offshore company.

16. The financials of Quint Limited and Quint Eaton Place 2 Limited for the year ended March 31, 2007 reported fee payable to M Safdar amounting to GBP 188,000 and GBP 170,000 respectively. However, Respondent No. 8 failed to provide explanation of the aforementioned reported transactions. Likewise other Respondents namely M Safdar and Maryam Nawaz themselves disassociated themselves from any business activity of Respondent No. 8. Therefore, the reported figures stand unjustified despite queries put forward by the JIT before the Respondents.

17. Financial accounts of Quint Sloane Limited, yet another company of Respondent No. 8, could not be found despite extensive search on the Companies House Database, UK and was also

JOINT INVESTIGATION TEAM PANAMA CASE

not provided by Respondent No. 8. Similarly, Respondent No. 8 failed to provide any information on the afore-stated BVI companies.

18. Furthermore, the financials of Chaudhry Sugar Mills Limited for the year ended September 30, 2010 discloses a loan from its sponsor 'Hasan Nawaz Sharif' of PKR 87,348,466 (GBP 658,219). The said loan remained outstanding in the financials of the company for the year ended September 30, 2011, until during the year ended September 30, 2012 where the loan is reported to be paid off, however, no evidence is available for the said loan's repayment to Respondent No. 8 (Annexure D).

19. The banking transactions trail record substantiates that Chaudhry Sugar Mills Limited had repaid PKR 70,000,000 to Maryam Safdar being in excess to the sum owned by it to Maryam Safdar amounting to PKR 41,066,200. The excess amount of PKR 28,933,800 paid to Maryam Safdar by Chaudhry Sugar Mills Limited has been reported as loan from Respondent No. 8 to Maryam Safdar in her income tax return for Tax Year 2012.

20. Following is the list of identified bank accounts of Respondent No. 8 for which he refused to provide any documents / statements to justify the reported funds movement in the financial returns of his companies:

a. Barclays Bank PLC A/c title: Quint Gloucester Place Limited, A/c no: 53644049, Sort Code 20-03-80;

b. Bank of Scotland A/c title: Quint Eaton Place 2 Limited, A/c no: 06104465, Sort Code 12-11-03;

c. An account in Midland Bank between years 1994-1998;

d. An account in Barclay's Bank, campus branch of City University in year 1998 or year 1999;

e. An account in Bank of Scotland;

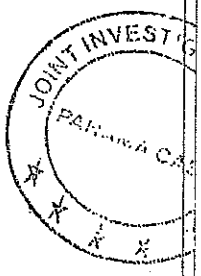
f. An account in Halifax Bank of Scotland;

g. An account in a South African Bank Invertec Bank;

h. An account in an Australian Bank Clydes dale Bank;

i. An account in Standard Chartered Bank - opened in year 2013;

j. An account in Royal Bank of Canada, Isles of Mann - opened in year 2000;



k. An account in Royal Bank of Canada;

21. The aforementioned list is not an exhaustive list as there are strong probabilities that Respondent No. 8, in addition to the aforementioned banks, may have been operating through several other bank accounts to execute the financial web.

22. In view of the preceding, it is imperative to obtain the complete certified bank record/ statements, certified tax returns and certified documents of sale/purchase of each property (ever owned by Respondent No. 8 or his companies).

23. Furthermore, other documentary evidences substantiating the receipts as loan from Respondent No. 8 by Chaudhry Sugar Mills Limited and its repayments made to the sponsors or other parties is also required as the non-availability of such information leads to gap in the sources available to Respondent No. 8 and his lending to associated companies in the UK and Pakistan, thereby triggering the suspicion of acquiring and possessing "assets disproportionate to the known sources of income" by the respondent.

24. Continuous revolving of funds by Respondent No. 8 amongst his UK companies clearly reveals that the purpose of formation of these companies with insignificant paid-up capital was (a) to evade the disclosure requirements for companies in UK, (b) to give an impression that the real estate empire was built owing to the successful businesses, (c) revolve funds inside and outside UK through his companies instead of his personal accounts to escape any probability of legal actions in-case of any legal proceedings and (d) to camouflage the real origin of funds and mix it with known business to layer the real transactions. Furthermore, it is beyond

comprehension as to how any person can manage to establish such a huge business empire comprising of such expensive properties when the business itself has minimal equity and has continuously been incurring losses. (Annexure E).

**Flagship Investments Limited**

25. An emphasis on Flagship Investments Limited has been made herein to explain the whole scheme of Respondent No. 8 in UK. Flagship Investments Limited was incorporated in 2001 by Respondent No. 8 with a paid-up capital of GBP 1 only. The beginning of this company is based on loan given by Respondent No. 8 amounting to GBP 705,071. (to which Respondent No. 8 has referred as proceeds from Qatar that has not been supported by any evidence by Respondent No. 8 and proved otherwise in Para 3 above).

26. The year wise important financial figures are as under:

27. The list of 10 known properties that were owned/mortgaged by Flagship Investments Limited are stated in Para 4 above. These are prime properties located in UK. The ownership documents / land registry papers showing the time, date, amount, party involved of the other parties from whom these properties were acquired/bought have not been shared by Respondent No. 8.

28. From the aforementioned, it is evident that Flagship Investments Limited mainly relied upon loans from Respondent No. 8. The total injection of funds by Respondent No. 8 in Flagship Investments Limited amounts to GBP 3,282,007, with the closing net position of loan from Respondent No. 8 to Flagship Investments Limited as at 2016 of GBP 1,972,279. It is pertinent to mention here that Respondent No. 8 did not provide evidence of the sources of funds (declared sources of income / funds, bank statements, tax returns etc.) through which he made such hefty amount of continuous loaning to Flagship Investment Limited. For this purpose, numerous advices and opportunities were given to Respondent No. 8.

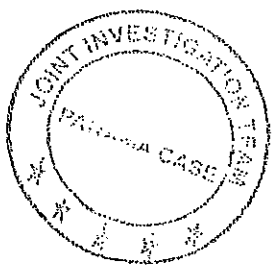
JOINT INVESTIGATION

29. Furthermore, Flagship Investments Limited was incurring losses which aggregated to the tune of GBP 1,268,940. It is prudent to say that if a company does not make profit then it becomes highly unlikely for it to remain a going concern. However, in the case of Flagship Investments Limited, not only it remained existent throughout the period under consideration but also mortgaged at-least 10 prime properties in UK to avail loans from the building societies and financial institutions (mainly banks).

30. Respondent No. 8, despite, numerous opportunities, failed to provide any documentary evidence to justify how, when and for what amount these properties were bought and subsequently sold. Furthermore, Respondent No. 8 also did not provide any record from the land registry to reveal the names of parties involved with Respondent No. 8 and/or Flagship Investments Limited for the sale/purchase of these properties. The banking record was also not made available by Respondent No. 8 regardless of persistence by the JIT.

31. **Conclusion**. The network of companies being established and dissolved over time appears to have been designed to camouflage the activities of Respondent No. 8 and his companies as well as to create a smoke screen in the way of discovering unaccounted wealth, the purchase of properties in the UK and amassing of wealth and properties. The analysis has shown that significant amounts of funds are involved and are being moved discreetly but continuously. The JIT has attempted to unearth the sources of funds and persons behind the underlying transactions but has been severely constrained due to the information that is being withheld from the JIT by the Respondents. Thus far, the Sharif family did not furnish the record that can provide a meaningful explanation of the sources of funds, the origin and acquisition of properties. The JIT has, at every stage of the investigation proceedings, provided Respondent No. 8 and his family the opportunity to produce evidence supporting the purchases but they have failed to do so. It is not fathomable that documentation of transactions and large purchases entailing millions of sterling are not available, and that these transactions were executed on the basis of verbal and mutual understanding.

JOINT INVESTIGATION TEAM
PANAMA CASE



32. Furthermore, a scheme of revolving funds through inter-corporate financing and through financing from financial institutions is also evident from the financials of the companies. Respondent No. 8 has failed to provide documentary evidence or motive behind revolving of funds in companies which are incurring losses on a consistent basis. It has also been observed that the underlying properties have been mortgaged numerous times to obtain loans from multiple financial institutions and subsequently the loans are retired in time or even before time. A pattern of incorporating loss making companies for revolving of funds and then subsequently ending up being dissolved is also observed.

33. Moreover, it appears that the multiple transactions with other associated companies of Flagship Investments Limited, which involved huge sums of money, was carried out to layer the flow of funds so that the real source / origin of funds and its utilization could not be easily identified. The JIT carried out a painstaking exercise of compiling the record / information of UK based companies and consolidated their financial position year wise, despite flagrant misreporting, misstatement and misrepresentation in the financial statements of the companies, to reveal the asset accumulation of Flagship Investments Limited and other subsequently acquired/incorporated companies in UK from unknown sources.

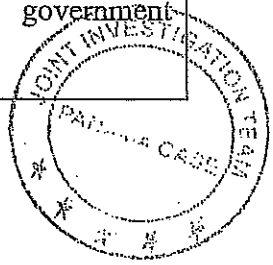
## NAB/ FIA CASES

### Back Ground

1. Honorable Supreme Court of Pakistan vide its order dated 20, April 2017, in constitution petition Nos. 29, 30 of 2016 and 03 of 2017, in addition to other directions, also ordered vide para 3, reproduced as under that;

***"….. the JIT may also examine the evidence and material, if any, already available with NAB and FIA relating to or having any nexus with the possession or acquisition of the aforesaid flats or any other assets or pecuniary resources and their origin…."***



2. In compliance to the above referred orders of the Honorable Apex Court, the record was requisitioned by JIT from NAB, FIA and SECP regarding cases inquired or investigated by these Departments against the Respondent No. 1 and others, on the allegations of corruption and corrupt practices.

3. It was noted that some of the cases originally initiated by the defunct Ehtesab Bureau, after the creation of NAB in 1999, were then transferred to it, which were subsequently processed by NAB. Similarly, some cases were initiated by NAB on its own and the same were referred to FIA for investigation and preparation of references under NAO, 1999. Similarly, FIA and SECP also conducted cases against the respondent No. 1, his family and their industrial / business concerns. The Summary of the cases as received is highlighted as under: -

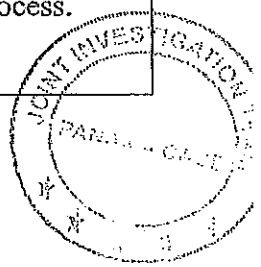
## Chapter 2

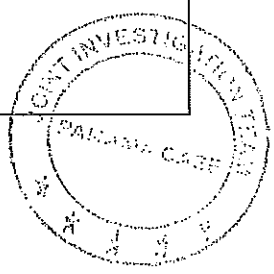
1. Categories of the Cases. All the 32 Cases received from NAB, FIA and SECP have been thoroughly examined by the JIT. The cases have been broadly divided by the JIT, into following three Categories.

a. Ongoing Cases
b. Challans / References Quashed by Courts
c. Investigations / Inquiries closed by the concerned Departments



The summary of all these received cases, as per above three categories is as follow:

2. Ongoing cases since 1999-2000 (NAB)



a. As per information provided by NAB vide letter dated 21 June 2017, 1x inquiry and 8x investigations are under process since 1999- 2000 and even after lapse of about 18 years, no worthwhile progress has been made till date.

b. These under process cases include the two most important cases pertaining to the domestic assets of Raiwand estate and offshore assets of Avenfield properties (the **primary matter of the constitution petition Nos. 29, 30 of 2016 and 03 of 2017, Panama Papers case)** but despite being authorized almost two decades earlier, they remained pended on one pretext or the other and no serious effort is on record to finalize these outstanding cases on merit. Following table shows list of Ongoing inquiries and investigations with NAB

c. <u>References Quashed or Respondents Acquitted by the Lahore High Court</u>. The Sharif family went into appeal in Lahore High Court in 6 cases from time to time. Out of these 6 cases, 4 were references filed by NAB and 2 were challans filed by FIA. The summary of these cases are as under: -

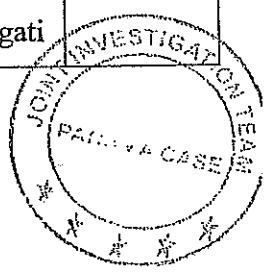
(1). <u>Quashed / Acquitted Cases of NAB</u>

(a) NAB had filed 4 references before the Accountability Courts, trial of only one reference i.e. Reference No. 2/2000, was held whereby the Accused Nawaz Sharif was convicted and sentenced to R.I. for 14 years along with imposition of fine to the tune of Rs. 20 Million and disqualified to hold public office for 21 years. (Later Acquitted by Lahore High Court in writ petition no. 2E of 2009)

(b) The rest of the three references never went under proper trial and appreciation of evidence filed therein, by the Accountability Courts, reason being that Mr. Nawaz Sharif and family was sent to exile in Saudi Arabia and these references were adjourned sine die. However, in 2011, 3x separate writ petitions were filed in Lahore High Court, praying for quashment of the references.

(c) The petitions were heard separately by two Member bench of Lahore High Court Comprising of Justice Kh. Imtiaz Ahmed and Justice Muhammad

Farrukh Irfan Khan. The Common feature of the Judgements of all these 3x petitions by Two-member bench was the split decisions and final decision by Referee judge. In references No. 5/2000 and 7/2000, the Justice Kh. Imtiaz Ahmed opined that the references stand quashed however NAB can re-investigate the matter. This was differed by Justice Muhammad Farrukh Irfan Khan who was of the view that NAB cannot be allowed to re-investigate the matter. The point was referred to referee judge Justice Sardar Shamim Khan who agreed with the view of Justice Muhammad Farrukh Irfan Khan and the reference was quashed and NAB was not allowed to re-investigate the matters.



(d) Matter related to reference No.11/2001, was also referred to same learned two-member bench vide a separate writ petition by the accused where again a split decision was reached by the learned bench. Justice Kh. Imtiaz Ahmed of the view that petition filed by the Accused should be dismissed and accused be directed to approach Accountability Court to make their pleas, whereas Justice Farrukh Irfan Khan was of the view that reference be quashed. The matter was again referred to referee judge Justice Sardar Muhammad Shamim Khan who agreed with the view taken by Justice Farrukh Irfan Khan and the reference was quashed by Honorable Lahore High Court.

(e) NAB never filed appeal against these decisions in Honorable Supreme Court despite having strong grounds.

(f) Following Table Shows List of four NAB references, which were filed in the Accountability Courts and subsequently acquitted / quashed by Honorable Lahore High Court.

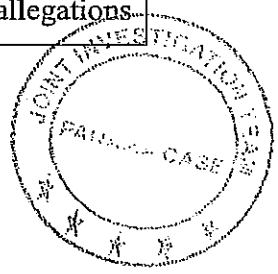
Though observations were not adequately addressed and were in field but in June 2016, the investigation was abruptly closed in back dates on 14.1.2013. |

## Chapter 3

### Analysis and Recommendations of JIT

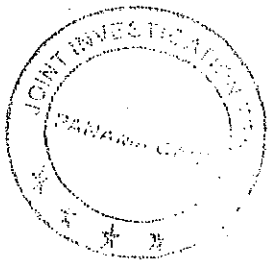
1. Voluminous record of each of the cases falling in above referred three categories as highlighted in Chapter 2 was thoroughly examined by JIT in pursuance to the orders of the Honorable Supreme Court and recommendations have been formulated for taking appropriate action under the directions of Honorable Supreme Court of Pakistan in cases;

a. Where JIT founds that the NAB inquiries / investigations have been considerably delayed and are still under process even after a passage of about 17-18 years.



b. Where no inquiry / investigation has been initiated by NAB despite the availability of relevant record.

c. The references / Challans which have been quashed / respondents acquitted by Honorable Lahore High Court but despite strong grounds, no appeal was preferred.



d. The cases which have been closed without any proper justification;

2. Recommendations on NAB Cases. Following Table shows status and recommendations of JIT with respect to the ongoing 8 investigations and 1 inquiry of NAB as well as 3 x quashed / acquitted references: -

Shamim Akhter and Mian Muhammad Nawaz Sharif Constructed Palatial Buildings Mansions and houses in Raiwand Estate which were grossly disproportionate to their known sources of income. Huge sums of money were invested in these buildings which are un accounted for. | Matter was referred by NAB to FIA for investigation. On completion of investigation a reference no. 7/2000 was filed by NAB in Accountability court, which was sine die adjourned due to non-availability of accused in the country. When the accused returned they filed a writ petition no. 2619/2011 in Lahore High Court. The court Quashed the reference. NAB did not file any appeal against the decision of High Court. | NAB may be ordered to review the case and file an appeal before Supreme Court for assailing the orders of the Honorable Lahore Court keeping in view the available incriminating evidence and matter be referred for re-investigation as evaluation reports of the properties by NESPAK viz a viz the financial resources of Sharif family as per their tax record are grossly disproportionate and remained un-explained by the Sharif family. Further ongoing cases with NAB on the same issue may be merged with this case if re-investigation is allowed. **(JIT Analysis along with relevant documents enclosed at *Annexure-I*)** |

e. In Addition to the cases mentioned above there is another case which has not been initiated by NAB despite availability of record with NAB. This case pertains to a "Trust" established in USA. As per available documents 6x companies of Sharif family entered into an agreement with this "Trust" for provision of security to banks in Pakistan on behalf of these companies so that companies could get loans against this security. This case seems to have strong connection with Hudabiya Paper Mills case, hence NAB may be directed that either a separate case be initiated or this matter may be merged with the Hudabiya Paper Mills case, if reopened. **(JIT Analysis along with relevant documents enclosed at *Annexure-J*).**

3. <u>Analysis and Recommendations on FIA Cases</u>. The scrutiny of record pertaining to the two FIRs as highlighted below, shows that Honorable Lahore High Court only discussed the jurisdiction of FIA regarding conducting investigations into the matters of foreign currency accounts of private individuals however, question regarding existence of the individuals in who`s name fake accounts were opened was not adequately addressed. It has been further noted that these cases have also been quashed without conducting a proper trial and without giving evidence a chance to come on record. Since these two cases are linked with chain of events which are part of bigger offence which has been thoroughly elaborated by NAB in its reference no. 5 of 2000 the JIT recommends that these two cases may also be opened and may be linked with case of Hudabiya Paper Mills (which has already been requested by JIT to be opened) so that a complete picture could be drawn regarding the transactions made of Sharif family in connection with accumulation of assets and money laundering.

4. Analysis and Recommendations on SECP Cases . Scrutiny of the record received from SECP Showed that the investigation related to Chaudhry Sugar Mills was closed by officers of SECP in connivance with each other and with mala fide intensions and despite the fact that the observations raised by SECP vide their letter dated 30.11.2012 were not addressed by Chaudhry Sugar Mills but still the matter was covered up by officers of SECP and investigation was shown to have been closed in back dates i.e. 14.01.2013. JIT is of the opinion the matter related to Chaudhry Sugar Mill was since closed by SECP prematurely with mala fide intentions, hence, recommends the re-opening of the case.

*Documentary Evidences, Annexures and details are covered in Volume VIII (A) of Investigation Report of Joint Investigation Team, Panama Case*

## ANALYSIS OF JIT ON FIA FIR'S AND NAB REFERENCE (HUDABIYA PAPER MILLS AND HUDABIYA ENGINEERING)

1. The Honourable Supreme Court of Pakistan in its Order dated 20 April 2017 in CMA No. 2939 of 2017 constituted a Joint Investigation Team to carry out a thorough investigation into the issues raised in its detailed judgment. The Honourable Court in addition to raising a number of specific questions directed the JIT in para 3 of its Order to:

"Also examine the evidence and material, if any, already available with the FIA and NAB relating to or having any nexus with the possession or acquisition of aforesaid flats or any other assets or pecuniary resources and their origin. The JIT shall submit its periodical reports every two weeks before a Bench of this Court constituted in this behalf. The JIT shall complete the investigation and submit its final report before the said Bench within a period of sixty days from the date of its constitution. The Bench thereupon may pass appropriate orders in exercise of its powers under Articles 184(3), 187(2) and 190 of the Constitution including an order for filing a reference against respondent 1 and any other person having nexus with the crime if justified on the basis of material thus brought on the record before it."

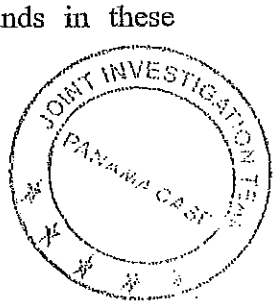
2. Accordingly, Chairman NAB and Director General FIA were requested to provide certified copies of all cases initiated against the respondents named in the Panama Case. In response to our request, the record of following cases was provided:

a. Copies of the complete case files of FIR No.12/94 dated 10-11-1994 and FIR No.13/94 dated 12-11-1994, PS FIA/SIU, Islamabad, by FIA.

b. Copy of NAB's Interim Reference 5/2000 (Hudabiya Paper Mills -105 pages) and copy of Final Reference No. 5/2000-3065 pages). Copies of order passed by the

Division Bench of Lahore High Court and Referee Judge in Writ Petition No. 2617/2011 – 52 pages)

3. Moreover, while going through the above case records, it transpired that State Bank of Pakistan, on receipt of a complaint forwarded by Chief Ehtesab Commissioner's Secretariat vide letter dated 23rd April, 1999, had also carried out a related enquiry. The certified copies of the said report and its underlying records were also obtained from State Bank of Pakistan.



4. **Final Challans of FIA and NAB Reference**. To reflect the brief of investigation of the FIA FIRs No 12/94 and 13/94 and NAB Reference 5 of 2000, the copies of final challans submitted in the Special Court by FIA and NAB reference filed in the Accountability Court are attached as ***Appendix-XXIII***

## ANALYSIS BY JIT

5. As directed by the Honourable Court, the JIT examined record of investigations of FIA cases and NAB Reference and the underlying evidence and material, including witness statements. The examination was essentially carried out with a view to ascertain the nexus of the respondents and their close family members, if any, with any other assets or pecuniary resources with their origin not disclosed, or disproportionate to their known sources of income.

6. During the course of examination of record received from different banks and departments the JIT has collected the following additional evidence which was not on record in the FIA and NAB investigations:

a. New bank accounts including an account of Mr. Mukhtar Hussain an employee of Ittefaq Group/Sharif Family Companies and three bank accounts of Mr. Saeed Ahmed, a confidante of Mr. Ishaq Dar, also mentioned in his statement u/s 164 in the Hudabiya Reference, were identified. The movement of funds in these

accounts have close linkages with the other already identified fictitious / fraudulently opened accounts mentioned in the subject investigations.

b. The JIT investigation revealed that the process of money laundering actually started in September 1991 as against the first identified transaction in August 1992 by FIA and NAB investigations. These transactions showed that funds to the tune of USD 2,238,333/- were deposited in the first two such accounts opened in the name of Saeed Ahmad and Mukhtar Hussain. Subsequently, the total funds from these account were transferred to the accounts of Musa Ghani and Talat Masud Qazi, two person already identified in the previous investigations, through Dollar Bearer Certificates (DBCs) in order to hide the source of funds. A chronology of events is furnished at the end.

c. Out of the total outflow outside the country, an amount of USD 3.907 million was sent to United Kingdom. This amount included USD 0.350 million to Shamrock Consulting Corporation, London already identified in FIA's challans. However, the JIT discovered an additional USD 3.557 million remitted to different companies and individuals in London during the period 1993 to 1995.

d. Parallel comparison of the cases filed by FIA in 1994 and NAB's final reference filed in the year 2000 revealed very strong inter linkages between the cases filed in different time frames, by two different investigating institutions. In fact substantive portion of the aggregate funds identified in FIRs of FIA were traced to the bank accounts used/mentioned in the NAB reference on Hudabiya Paper Mills. Investigations revealed for example DBCs of USD 3.800 million, bearing specific numbers, were issued from one account disclosed in the FIA case; subsequently, the DBC's bearing the same serial numbers were deposited in bank accounts of Qazi family mentioned in the NAB reference.

e. In addition to the new evidence brought on record, a comprehensive start-to-end trail of funds encapsulating the evidences covered by the FIA and NAB's

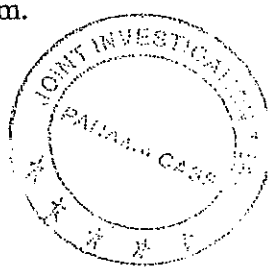
JOINT INVESTIGATION TEAM PANAMA CASE

investigations for the entire period from 1991 to 2000 depicted in a detailed flow chart of funds, with relevant evidences collected during the course of investigations, is placed from *Appendix-I to XXV*.

f. An evaluation of Mr. Ishaq Dar's statement made u/s 164 in the Hudabiya Reference was carried out with specific reference to the banking/ financial transactions mentioned therein. This evaluation revealed that the aforementioned statement was substantively corroborated by documented banking records/ evidence and witness statements forming part of the Reference.

g. It is also worth mentioning that soon after the Promulgation of Protection of Economic Reforms Act 1992 on 28-07-1992 when Respondent No. 1 was the then Prime Minister, majority of the fake/fictitious and fraudulent bank accounts were got opened. This fact was also mentioned in Mr. Ishaq Dar's Statement made u/s 164.

## CONCLUSION



7. In light of above findings, it can be safely concluded that since the inception in 1991 and culminating in 1998, various fictitious and fraudulent foreign currency accounts were opened and loans were obtained/secured with deposits therein used for the benefit of business concerns namely; Hudabiya Papers, Hudabiya Engineering, Chaudhry Sugar, Hamza Board Mills owned by the respondents and their close family members. Finally, the unwinding of intricate loan structure, set up by Respondent No. 10, was completed in 1998 whereby the entire remaining proceeds amounting to Rs.712 million approximately ended up in the two companies namely Hudabiya Paper Mills (Rs.642 million) and Hudabiya Engineering (Rs.70 million) as advance against share subscription.

8. Since 1998 both companies have not issued shares against the advance. According to the returns, including the audited financial statements submitted by these companies with the Securities and Exchange Commission of Pakistan, there is no claim made whatsoever by any

person against the companies demanding issuance of share certificates against the advance or return thereof. This indicates that the persons on record of the company i.e. Saddiqa Sayed Mahfoodh Hashim Khadem and members of the Qazi family transferring such huge funds in the accounts of the company (as advance against share subscription) were not the actual depositors of these funds. The actual persons making these deposits, apparently, intended to hide their true identities. It is evident that the real beneficiaries of these funds were the equity holders in the HPML. It may further be noted that the nexus of Respondents No.1, 6 and 7 is established by the fact that they are cited as accused while Respondent No.10 is cited as an approver in the NAB final Reference No.5 of 2000.

9. It is also pertinent to note that in audited accounts of Hudabiya Paper Mills Ltd., for the year ended June 30, 2000, it was observed that an amount outstanding to Rs.310.23 million on June 30, 1999, on account of liabilities against assets subject to finance lease payable to Al-Towfeek Company for Investment Fund, Bahrain and was settled and converted into a long term loan of Rs.494.960 million during the year according to the audited accounts of the company. As per accounts of the company filed with the SECP, the aforesaid liabilities against assets subject to finance lease of Al-Towfeek Company were settled for US$ 8 million on January 5, 2000. The settlement amount of US$ 8 million was converted into PKR @ Rs.53.80/US dollar prevailing on the date of settlement. The loan of Rs.494.960 million was booked against the settlement of liability, i.e. against assets subject to finance lease, plus loading of onetime cost of 15%. The audited accounts do not disclose the identity of the lender who provided this loan to the company for adjustment of settlement amount to Al-Towfeek. The status of this loan remained unchanged till the last accounts were filed with SECP pertaining to the period ended June 30, 2005. Audited accounts for the years ended June 30, 2000 and 2005 are attached at ***Appendix-XXIV & XXV***. The above disclosures are at a variance from the stated positions taken by Respondents No. 6, 7 and 8 in their CMAs. According to Respondent No. 7, he was informed by a representative of Al-Thani family of Qatar that US$ 8 million were paid by that family to Al-Towfeek Company in January 2000, in connection with the decree issued by the High Court of Justice-Queen's Bench and the out of court settlement agreement between the parties. The Respondent No. 7 further stated that he was informed by the representative of Al-Thani family that the payment was made on the instructions of Mian Sharif out of the funds placed by him with them.

10. If the above stance taken by the Respondents is correct, thus in that case, the outstanding liability to Al-Towfeek Company, was in fact taken over by Mian Sharif and under the norms of accounting disclosures, should have been reflected in the accounts of Hudabiya Paper Mills Ltd, as a Loan from Directors, as Mian Sharif was a director of the company at the date of substitution, instead of a long term loan payable to an undisclosed lender.

## RECOMMENDATIONS

11. The JIT has brought on record substantial additional evidence which substantiates and corroborates the FIA and NAB investigations and also establishes the linkages between the two investigations. It is recommended that all the three cases are fit to be reopened for investigation and trial on the basis of new additional evidence procured and brought on record by the JIT.. In view of the foregoing, the Honourable Bench may pass appropriate orders including filing of reference against the accused already identified in the referernce, if deemed fit.

12. In view of the significance of the key role played by Mr. Saeed Ahmad in light of evidences and witness statements already on record and additional evidence collected by JIT in the Hudabiya Paper Mills reference, his name also be added to the list of persons accused in the case.

13. Similarly, based on the significance of his role in the FIA FIRs and in light of new evidences collected by JIT the name of Mr. Javed Kayani may also be included in the list of persons already accused in the case.

JOINT INVESTIGATION TEAM
PANAMA CASE

## CHRONOLOGYOF EVENTS

1. Javed Kiyani, an account holder of Habib Bank AG Zuerich (HBAZ), Lahore having close relationship with the branch officials, assisted in opening of fictitious Foreign Currency Accounts (FCAs), remitting funds into these accounts and to further utilize Foreign Currency available in these accounts as collateral for loans to some of the Group companies of Sharif family.

2. Mr. Ishaq Dar (ID) submitted an affidavit under an Oath for the money laundering carried out by him through "Benami Accts" for the "Sharif Family". He completed his accountancy from Institute of Chartered Accountants in Wales, London UK. During his education he stayed with Masood Ahmed Qazi and his family and became friends. Mr Ishaq Dar who had been a class mate of Nawaz Sharif in Govt College Lahore, came back to Pakistan and worked his way through different jobs and businesses. He, after working with various companies, started his own Modaraba Company in year 1991 with the name of First Hajveri Modaraba Company with a capital of Rs.150 Million. In his confessional statement he admitted that he had been handling the money matters of the Sharif family and also alleged that Mian Nawaz Sharif and Mian Shahbaz Sharif were involved in money laundering worth at least USD14.886 Mn. (Ishaq Dar Affidavit attached at ***Appendix I***).

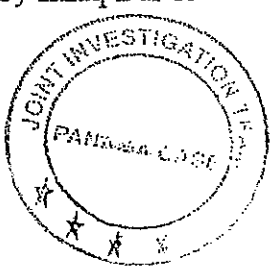
3. Naeem Mehmood, the then director of Hajveri Modarba, opened various "Benamidar" accounts in different banks on the directions of Ishaq Dar.

4. Javed Kiyani opened fictitious FCAs in the names of Sulman Zia, Muhammad Ramzan and Asghar Ali (account opening forms at ***Appendix II***) at HBAZ on 26 Aug 92, while maintaining old accounts of Attia Kiyani (wife), Begum Marium Kiyani (mother) and his own (Javed Kiyani) in same bank. Complete documentation for opening of accounts was done by Javed Kiyani himself as verified through the report of handwriting expert (report attached at ***Appendix-III***) and statements of bank staff responsible for accounts opening and subsequent transactions in the FCAs.

JOINT INVESTIGATION TEAM PANAMA CASE

5. During 1992. Javed Kiyani started transferring money from different accounts abroad into Benami FCAs opened at HBAZ in the form of Foreign Telegraphic Transfer (FTTs), Dollar Bearer Certificates (DBC) & Traveller Cheques (TCs). Multiple interbank transfers of large amount were carried out in order to create a cloud cover to hide the money trail.

6. Evidence of transactions worth USD 2,343,028/- in Sulman Zia account carried out during the period 1992-94 is attached at ***Appendix-IV***.



7. Evidence of transactions worth USD 1,562,477/- in Muhammad Ramzan account carried out during the period 1992-93 is attached at ***Appendix-V***.

8. Evidence of transactions worth USD 1,968,607/- in Asghar Ali account carried out during the period 1992-93 is attached at ***Appendix-VI***.

9. Evidence of transactions worth USD 775,560/- in Javed Kiyani account carried out during the period 1992-94 is attached at ***Appendix-VII***.

10. FCY funds accumulated in these fictitious FCA's/ DBCs of significant amount were issued. The issued DBCs were deposited in some of the fictitious FCAs of Qazi family. The FCY received in these accounts further utilized as collateral for loans to some of the Ittefaq Group companies. In addition, funds from these accounts were also remitted outside Pakistan through a draft in the name of Sara Sheikh (reportedly daughter of Sheikh Saeed), FTT in the name of Khedivial Mail Line Agency UK, FTTs to Shamrock Consulting, London and draft in the name of Star Trading & Merine Inc. Washington.

11. Ishaq Dar opened Benamidar FCAs in the names of Sikindra Masood Qazi & Talat Masood Qazi in BoA, Lhr (UK National) on direct instructions of Mian Muhammad Nawaz Sharif. During the same period, two Benamidar FCAs were opened by Naeem Mahmood in the names of Kashif Masood Qazi and Nuzat Gohar Qazi in same bank; details attached at ***Appendix-VIII***). These FCAs in the name of Qazi family were opened/ operated by Ishaq Dar &

Naeem Mehmood under the instructions of NS and were used for transfer of FCY funds of Mian Muhammad Nawaz Sharif abroad (for purchase of offshore companies/ properties). Two previously opened FCAs of Saeed Ahmad (former director and shareholder of Modabra Company and a close friend of Ishaq Dar) & Musa Ghani (nephew of wife of Ishaq Dar) were also used for same purpose. Various FCAs were opened in different banks.

12. Evidence of transactions in Kashif Masood Qazi account done during the period 1993-94 is attached at ***Appendix-IX***.

13. Evidence of transactions in Nuzhat Gohar Qazi account done during the period 1992-94 is attached at ***Appendix-X***.

14. Evidence of transactions in Sikindra Masood Qazi account done during the period 1992-94 is attached at ***Appendix-XI***.

15. Evidence of transactions in Talat Masood Qazi account done during the period 1992-94 is attached at ***Appendix-XII***.

16. Evidence of transactions in Musa Ghani account done during the period 1992-93 is attached at ***Appendix-XIII***.

17. On 23-9-1991, an FCA of Saeed[10]d Ahmad was opened in Bank of America, Lahore Branch. Almost all funds accumulated in this account were through FTTs. On 4-6-1992, DBCs of almost aggregate funds of USD 1,074,000/- were issued. On the same date, the same amounts of DBCs were deposited in the newly opened account of Musa Ghani. Subsequently, various other accounts of Saeed Ahmad were also opened in different banks.

18. Evidence of transactions in Saeed Ahmed accounts (Al-Baraka Islamic Bank, Emirates Bank, Bank of America and Al-Towfeek Bank) is attached at ***Appendix-XIV***.

[10] These evidences were identified by JIT after detailed probing of the facts.

19. Similarly, on 12-5-1992, an FCA of Mukhtar Hussain (a senior employee of Ittefaq Group Companies) was opened in Bank of America, Lahore Branch. Funds of USD 1,162,000/ accumulated in this account comprised of an FTT of USD 861,102/ and a cash deposit of USD 300,000/-. On 30-6-1992, DBCs of total accumulated amount of USD 1,162,000/- were issued. The same amount of DBCs on the same date was deposited in the account of Talat Masud Qazi in the same bank.

20. Evidence of transactions in Mukhtar Hussain account done during 1992 is at *Appendix-XV*.

21. Against marking lien on these Benami FCAs, credit lines (loans) worth more than Rs.300 Million for Hudabiya Engineering Mill, Hudabiya Paper Mill, Chaudhry Sugar Mills, Hamza Board Mills, Hajvery Holdings and First Hajvery Modaraba were acquired from multiple local banks during year 1991 onward (documentary evidence is attached at *Appendix-XVI*). Further, during this period, loans were also allowed to some individuals related to Sharif family group companies and Hajvery group companies by marking lien on deposits in these Benami FCAs.

22. In last quarter of 1993, credit facilities/ collateral (FCAs operated by ID & Naeem Mehmood) in Bank of America (BoA) were transfered to Al-Faysal Investment Bank and At-Towfeek Investment Bank (documented evidence is at *Appendix XVII*).

23. On 10 & 12 Nov 94, the FIA lodged FIR #12/94 against Benami FCAs of Sharif family and FIR #13/94 against the directors of Hudabiya Paper Mills owned by Sharif family (FIRs attached at *Appendix XVIII*)

24. FCY amount worth USD 350,000/- was transferred from Sulman Zia FCA to Shamrock Consulting Corporation London (presumably owned by NS) having account in Llyod Bank London in three different transactions (evidence attached at *Appendix XIX*).

25. During 1993-95, cash amounting USD 62,610/- was transferred from Sulman Zia account to Star Trading & Marine in Corporation Washington DC, USA (owned by Sheikh Saeed a UK

National and close friend of Ishaq Dar), amount worth USD150,000/- transferred from Asghar Ali account to Khedivial Mail Line Agency, UK, amount worth USD750,000/- each transferred from Kashif Masood Qazi and Mrs. Nuzat Gohar Qazi accounts to Imran R Khan (American Express Bank, London) and amount worth USD941,590/- from Sikandra Qazi, USD432,148/- from Mussa Ghani and $ 239,290 from Saeed Ahmed account was transferred to Steve (American Express Bank, London) (Evidence attached at ***Appendix-XX***)

26. According to Rehman Malik report filed by the petitioners, Hans Rudolf Wegmuller (reportedly direct contact of Mian Nawaz Sharif) registered Shamrock Consulting Corporation (an offshore company) in British Virgin Islands (BVI), having authorized capital of USD 50,000 on 15 May 92. Funds amounting $ 350,000 were transferred from Shamrock Consulting Corporation to Mr. Hans Rudolf Wegmuller account in Banque Poribasen-suisse Zurich, two different transactions in Feb 93. Nescoll Ltd & Nielsen Enterprises (presumably owned by Mariam Nawaz) were registered as off-shore companies in BVI through Hans Rudolf Wegmuller on 27 Jan 93 & 14 Apr 94, respectively. However when Mr. Rehman Malik appeared before the JIT, he stated that this information was provided by a source and there was no documentary evidence available except a couple of documents that he had handed over to General (R) Amjad, the then Chariman NAB. Gen Amjad however in his statement before the JIT stated that has met Rehman Malik only once and it was a chance meeting and no document was provided to him in that meeting.

27. In 1998, equity of $ 6.67 mn in Rupees was transferred to Hudabiya Paper Mills through Saddiqa Sayed Mahfoodh Hashim Khadem (resident of Middle East) as "Share Deposit Money (Evidence attached at ***Appendix XXI***).

28. Pak Rupee equivalent of the remaining money amounting to US $ 6.9 million were directly transferred in the account of Hudabiya Paper Mills Ltd in garb of investment from Qazi family account (Evidence attached at ***Appendix XXII***).

29. To reflect the brief of investigation of the FIA FIRs No 12/94 and 13/94 and NAB Reference 5 of 2000, the copies of final challans submitted in the Special Court by FIA and NAB reference filed in the Accountability Court are attached as ***Appendix-XXIII.***

30. The status of long term loans booked in PKR against the liabilities of USD 8 mn settled with Al-Towfeek as reflected on the audited accounts filed with SECP pertaining to the period ended June 30, 2000 & 2005. Copy of audited accounts for the years ended June 30, 2000 and 2005 are attached at ***Appendix-XXIV & XXV***.

## ASSETS BEYOND MEANS
## (MIAN NAWAZ SHARIF)

## ASSETS DISPROPORTIONATE TO KNOWN MEANS OF INCOME

Analysis based on:

i) Income/wealth statements
ii) Company information
iii) Bank account details of individuals and companies
iv) Family Settlement Document
v) Return of Personal Assets

## INTRODUCTION

1. In its Order dated April 20, 2017, the Honourable the Supreme Court of Pakistan, in addition to the thirteen questions posed to the JIT for investigation, tasked investigate the case and collect evidence, if any, showing that Respondent No. 1, or any of his dependents or benamidars, owns, possesses or has acquired any assets or any interest therein, disproportionate to his known means of income. The thirteen questions posed in the Order each are linked with this universal query.

2. The entire two-month long investigation proceedings have been focused on ascertaining means of income of especially Respondents No. 1, 6, 7, and 8, namely; Mian Nawaz Sharif, Prime Minister of Pakistan, Ms. Maryam Safdar, Mr. Hussain Nawaz Sharif and Mr. Hassan Nawaz Sharif, respectively. Extensive hearings have been held to record statements of the Respondents and accord them opportunities to provide documents/information that may prove as plausible explanations for amassing the wealth and income. All Respondents, as well as the persons connected with the affairs of the Sharif family, who were summoned by the JIT, did not or could not furnish relevant and requisite information. The record that was made available to the JIT by the Respondents was a duplication of that already available, with very few new documents made available, in the Honourable Court through their responses to the Constitution Petitions No. 29 of 2016 etc. Not even a remote content of plausibility was provided.

3. The new evidence collected by JIT (discussed in the relevant documents of the JIT Report (Panama Papers Pakistan) is as under:

i. **Confirmation of the beneficial ownership of Maryam Nawaz of BVI companies namely; Nielsen Enterprises Limited and Nescoll Limited by the Federal Investigation Agency, British Virgin Islands - (Volume V);**

ii. **Confirmation of Chairmanship of Mian Nawaz Sharif in offshore company namely; FZE Capital, U.A.E. by Jabel Ali Free Zone Authority (JAFZA) - (Volumes VI and IX);**

iii. **Confirmation of fictitious sale/purchase agreements submitted to Honourable Court by the Respondents, by the Ministry of Justice, U.A.E. - (Volume III); and**

iv. **Confirmation of forged/tampered documents submitted as Declarations of Trust by the Respondents, by the forensic expert, UK. (Volume IV)**

4. The evidence, especially pertaining to the Avenfiled properties at (i) above, undermines the saga of the Sharif family and questions the veracity of the entire documentation submitted by them in the Honourable Supreme Court of Pakistan in their defence to justify the proportion of the income and the assets. It is established that the children of Respondent No. 1 and were his dependents as they were minors/students with no independent sources of income of their own and during 1985-99 when Respondent No. 1 entered into politics. The group of companies owned by the respondent no 1 witnessed an exceptional growth spurt in terms of wealth and income. The assets grew geometrically but the declared wealth and known sources of Respondent's No. 1 income vis-à-vis the tax returns, company information, and bank account statements of Respondents collected from the FBR, SECP and SBP, respectively, state otherwise.

5. It would be in the fitness of things that in a disproportionate assets case such as this, the Respondents should seek recourse to discharging the burden to prove that the assets are proportionate to known sources of income. It is up to the Respondents to establish beyond reasonable doubt, the value of the assets possessed by them and sources of income from which these were procured. JIT does not believe that it is necessary for the Respondents to provide an absolute estimation of their income and assets but rather an explanation that is, at the least, reasonable and worthy of acceptance. It would have sufficed to provide, relevant income tax and wealth statements; accurate and up-to-date audited financial statements showing the profits and income generated by companies incorporated locally and abroad; documented cash-flows; documentation of facilities undertaken from financial institutions and their repayment; proof of collateral/security/guarantees provided for securing letters of credit and other credit; documented cross-border and intercorporate transfer of funds through banking channels, amongst other things. More specifically, proper documentation showing the establishment and sale of Gulf

Steel Mills, Al-Ahli Steel Mills, and Al-Azizia Steel Mills; sources of equity raised for establishment of Hill Metals Establishment, Jeddah, KSA, and Flagship Invesments Inc., and other companies in the UK, their profitability and remittances to Pakistan (detailed analyses of these issues are discussed in detail in the relevant volumes of the Final Report of the JIT). Yet another area of obscurity are the "SPVs" (Special Purpose Vehicles)/offshore companies identified by the JIT Capital FZE, Chadron Inc., Ansbacher Inc., Coomber Inc., Nielson Enterprises Limited and Nescoll Limited and other shelf companies procured in the UK, British Virgin Islands, Isle of Mann, Jersey, etc., , which played the role of conduits for transferring money to destinations around the world or back into Pakistan.

6. Nevertheless, an analysis of the tax and wealth returns, financial statements of the companies in Pakistan, bank account statements and record of the Respondents was undertaken to attempt to establish the money trail and account for the build-up of assets in Pakistan and abroad since the establishment of Ittefaq Foundries by Mian Sharif and other assets which were/are subsequently managed by the children of Respondent No. 1. The subsequent paragraphs present an expose of Respondents No. 1, 6, 7, 8, and 10 and any person who had any nexus with the asset accumulation with respect to his/her tax, company and banking records.

Respondent no. 1 (Mian Muhammad Nawaz Sharif)

7. The available record shows that Respondent No. 1 started filing returns from year 1983-84. Complete record of tax returns/ wealth statements were not furnished by FBR as for *assessment years 1997/98 - 2001/02 & from 2004/05 – 2007/08, wealth statements were not filed by Respondent No. 1*, more so, IT return for the year 2007 was not provided (details are at Annex A). In his statement made before the JIT on 15 June 2017, Respondent No.1 categorically stated that, initially, he had been a shareholder and/or director in a few of the companies established by his late father in Pakistan. However, he had not been actively involved in the business of any of those companies since the year 1985. He also stated that he had been actively involved in politics since 1981 and has devoted his entire life to his occupation as a politician. The same stance has been taken by him in various public speeches. His stance has also been reinforced by Respondents 6, 7, and 8 in their concise statements filed before the Honourable Supreme Court, that their father (Respondent No. 1) has no concern/ role in their business and properties. The JIT, during the course of investigation, analysis of available tax returns and available financial details of his companies with SECP and State Bank of Pakistan (SBP) has come across the following facts:-

a. Opening of accounts as CEO of Chaudhary Sugar Mills. During evaluation of evidences and record collected from different banks by the JIT, it was noted that he opened 5 PKR bank accounts and 3 Foreign Currency accounts in four different banks during the period from 1-7-2009 till date. In the bank account opening forms submitted to the bank, he mentioned his occupation as 'self-employed' and name of the employer/ business as 'Chaudhry Sugar Mills Limited' (CSML) in all the account opening forms. In two of the accounts opened at Standard Chartered Bank (Pakistan) Limited, he showed himself as CEO of the Chaudhary Sugar Mills Limited (Annex B) while in an account opened at ABL, he had showed his designation as a shareholder. In addition to the individual accounts of Respondent No.1, the account opening form of his joint account with Ms. Shamim Akhtar Sharif also reflect the above details. Further, the Taxpayer Registration Certificate of the Respondent No.1 printed on 26-09-2009 (Annex C) reflected his business has been named as Chaudhry Sugar Mills Limited and

address of taxpayer as 'c/o Chaudhry Sugar Mills Limited, 146, Abu Bakar Block, Garden Town, Lahore'. It may be noted that as on 31-12-2008, Respondent No. 1 held 1,600,000 shares of CSML, which increased to 2,012,538 shares on 31-1-13 and 12 million on 31-1-16 (Annex D).

b. Drawing of Salary from Chaudary Sugar Mills. While analyzing an account statement of Respondent No.1 (Annex E), it was noted that during 2010 to 2013, he has been receiving regular salary from CSML on a monthly basis (Rs.24.372 million in aggregate). It was observed that during 2010-11, an amount of Rs. 560,000/ per month was received by Respondent No.1 from CSML for nine months while the amount was increased to Rs.800,000/ per month during 2011-12. Similarly, Rs.820,417/- per month was received during the first 11 months of 2012-13. Contrary to his publicly held stance that he had no role or involvement with the family business; he was drawing monthly salary from CSML. The drawing of salary from CSML is also disclosed in the Income Tax returns filed by him.

c. Transaction showing involvement with CSML affairs. In addition, a couple of financial transactions of respondent No.1 with CSML were also observed. On 28-06-2010, CSML transferred Rs.5.670 million in his account. Similarly, on 23-09-2015, Rs.18.019 million was transferred by respondent No.1 to CSML (Annex F).

d. Capital FZE-Dubai: The Honourable Justice Ijaz-ul-Ahsan in his separate judgment specifically raised the issue of Capital FZE-Dubai; The relevant para(s) are reproduced below:

Quote:

*87. It is also an admitted position that Respondent No.8 set up a company under the name and style of Flagship Investments Limited which received substantial sums of money in the year 2001 when the said Respondent had no source of income. Over the course of the next few years, a number of other companies were set up/taken over by Respondent No.8 allegedly for the purpose of his real estate business. The sources from which the said companies/businesses*

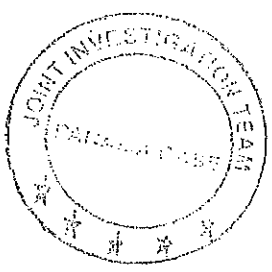
*were funded are also shrouded in mystery. There is yet another company under the name and style of Capital FZE, Dubai presumably registered under the laws of UAE. Funds also appear to have been routed through the said company from time to time by / and on behalf of Respondent No.7. The real ownership and business of the said company is unclear from the record which needs to be explained. No effort has been made on the part of the Respondents to answer the questions on the afore-noted matters.*

*89. Further, the source(s) of funding for Azizia Steel Mills and Hill Metals Establishment in Saudi Arabia, Flagship Investments Limited and a number of other companies set up/taken over by Respondent No.8 also need to be established. In addition to the affairs of Capital FZE, Dubai which also appears to be owned by Respondent No.7 need an inquiry.*

*90. Evidence shall also be collected by the JIT regarding source(s) of funding of Capital FZE, Dubai; its business activities and role in transfer of funds to different entities owned or controlled by Respondents No.7 & 8*

Unquote

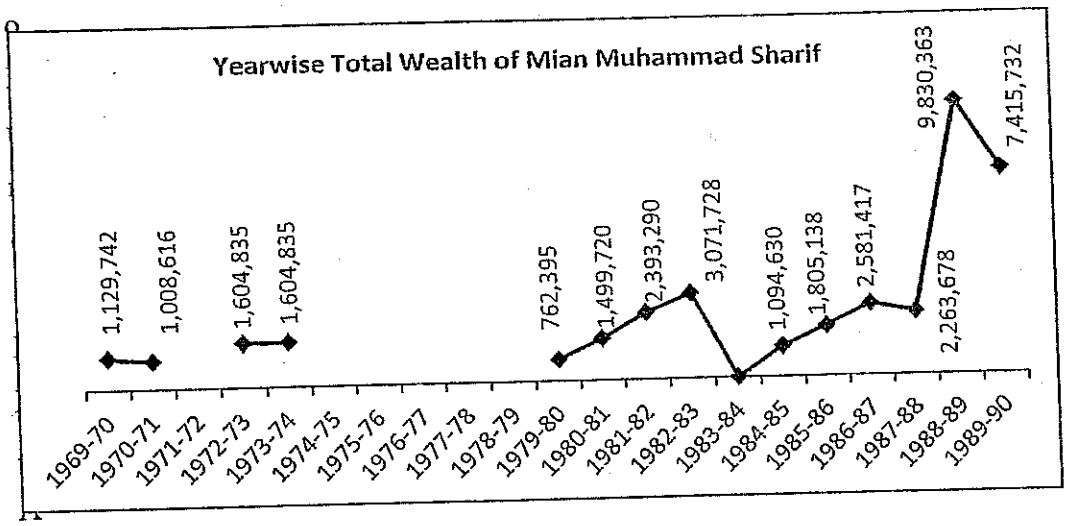
e. As also pointed out by Honourable Justice Ijaz-ul-Ahsan, the real ownership and business of the said company is unclear from the record which needs to be explained. No effort has been made on the part of the Respondents. The Honourable Justice also desired that evidence to be collected by JIT regarding FZE, Dubai; its business activities and role in transfer of funds to different entities owned or controlled by Respondents No. 7 and 8. These questions were posed to the aforesaid Respondents in their appearances before the JIT; however, despite repeated requests, no satisfactory evidence was produced by them.



f. However, JIT in the course of its investigations was successful in collecting evidence directly from the concerned Regulatory Authority i.e. Jebel Ali Free Zone Authority (JAFZA), in Dubai. The evidence provided revealed that Capital FZE was granted a Trading License, bearing Registration No. 561, on October 1, 2001. The license shows Respondent No. 8 as Manager. The authorized activities

included Metal Ores Trading, Basic Steel Products Trading, Basic Non Ferrous Metal Product Trading, Fencing and Barbed Wire Trading, Metal Cans and Containers Trading, Metal Alloys Trading and Metal Drums and Barrels Trading. Further, evidence thus procured reveals *that Mian Nawaz Sharif, Respondent No. 1, was the Chairman of the Board for Capital FZE from August 7, 2006 until April 20, 2014 at a salary of AED 10,000.* Further, evidence revealed that this salary was revised on February 02, 2007 vide Employment Contract Amendment – Form 9, duly signed by Respondent No. 1, filed with JAFZA. *On the basis of this employment Respondent No. 1 was able to procure "Iqama" dated 5-7-2009 and valid up to 4-6-2015 to work and reside in Dubai* (Annex G).

g. As discussed in detail under the Sections covering Hill Metals Establishment and "gifts" between the Respondents, a payment of USD 1,000,000 from the accounts of Hill Metals Establishment to Capital FZE was noted in the documents procured depicting an evidence of rotation of money between family businesses.



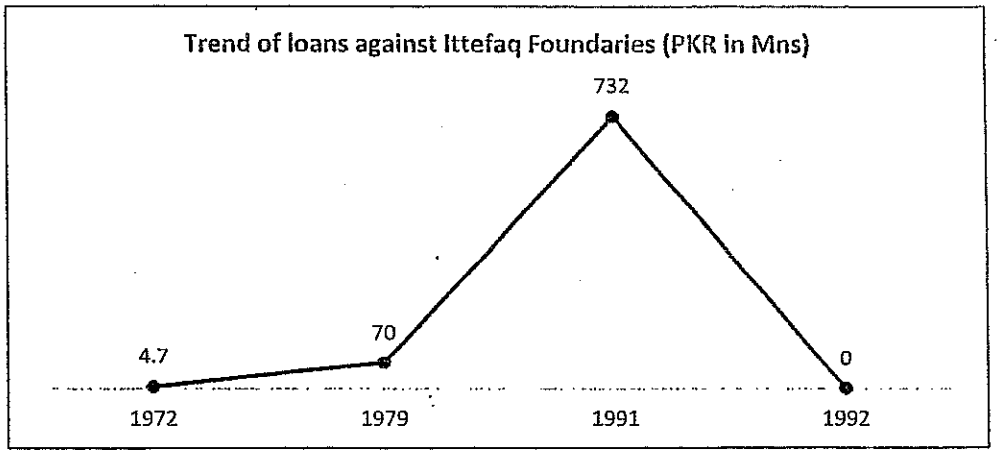
h. Another example of rotation of funds between the accounts of Respondents discussed in detail under the Section on Hill Metals Establishment that Respondent No. 1 instructed the Bank Manager Al Rahji-Jeddah to transfer SAR 750,000 from his account No. 462 60801 3344552 to Respondent No. 7 Account No. 462 60801 000 6782. Thereafter, Respondent No. 7, on the same day, through an Advice dated Sept 20, 2010 instructed Al Rajhi Bank to transfer SAR 750,000 from his account 462 60801 006782 to Hill Metals Establishment (Annex H).

i. <u>Flow of transactions between Respondents No. 1 and 6 in Pakistan</u>. Significant inter-linkages have been observed during detailed scrutiny of bank accounts of Respondents No. 1 and 6. Between the period of 2009 to May 2017, approximately Rs. 1.4 Billion landed in Respondent No. 1's bank account mainly from Respondent No. 7. Of these inflows, Respondent No. 1 transferred Rs. 822.726 million to the account of Respondent No. 6. For details, reference to the Section covering the issue of gifts/ remittances is made.

j. **Mis-declaration in Wealth Statement for the Tax Year 2013 and concealment of Rs 45 million by Main Nawaz Sharif**. As per Wealth Statement submitted by the Respondent No.1 for the tax year 2013, an amount of Rs.100 million was shown as donation given to PML (N). This fact was corroborated by the JIT from the statement of Wealth of the respondent (Annex I). During analysis of account statement, it was also observed that an amount of Rs.45 million was transferred back by the PML (N) on 10-6-2013 to Respondent No.1 (Annex J). This inflow of Rs.45 million, although reflected in the account statement, was not disclosed in the Wealth Statement. Hence, it appears that the *Respondent No.1 not only concealed his assets to the tune of Rs.45 million but also misreported in the Wealth Statement for the tax year 2013* submitted under Section 116 of the Income Tax Ordinance, 2001.

k. Respondent No. 1 in his address to the nation and speech on the floor of the National Assembly claimed that his father owned multimillion rupees assets in the 1970's before the industry was nationalized; a claim that cannot be ascertained through his personal Tax returns as well as of the parents. (Refer to Annex A of V

).

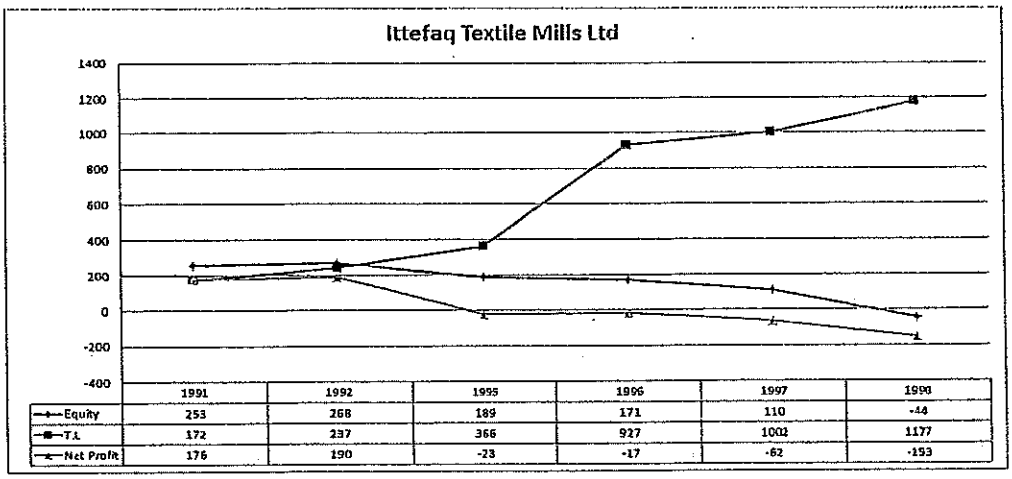


JOINT INVESTIGATION TEAM

2. The record made available to the JIT by the SECP (details and mis-statements made by SECP with regards to provision of documents/ information is attached as Annex K) revealed direct shareholding of Respondent No. 1 as under:-

| Name of Companies | Years of Shareholding |
|---|---|
| Chaudhary Sugar Mills Limited | 2000-2008, 2010-2013 |
| Mohammad Buksh Textile Mills Limited | 2011-2015 |
| Ittefaq Brothers Private Limited | 1976-1979, 1981-1985, 1987, 1989-90, 1992-1994, 1996 |
| Brothers Steel Mills Limited | 1984, 1986-1988, 1990, 1994 |
| Ittefaq Foundries Private Limited | 1980-1993 |
| Ramzan Sugar Mills Limited | 1992-1995 |
| Ittefaq Sugar Mills Limited | 1983-2015 |
| Hudabiya Paper Mills Limited | 2010-2014 |
| Hudabiya Engineering Private Limited | 2010-2016 |
| Ilyas Enterprises Private Limited | 1986-1993 |
| Ittefaq Textile Mills Limited | 1972, 1974-1976, 1979-1980, 1986, 1988-1989, 1993-1994, 1998 |

a. **Ittefaq Foundries (Private) Limited**. The company (incorporation on 6 Nov 1962) was the first company incorporated by Mian Muhammad Sharif; shares were equally distributed amongst seven brothers (Annex L). In 1966, 100 shares of this company were allotted to Respondent No. 1 thus he became the Director of the said company. Trend of loans obtained against Ittefaq Foundaries from 1972-1992 is reflected graphically below.

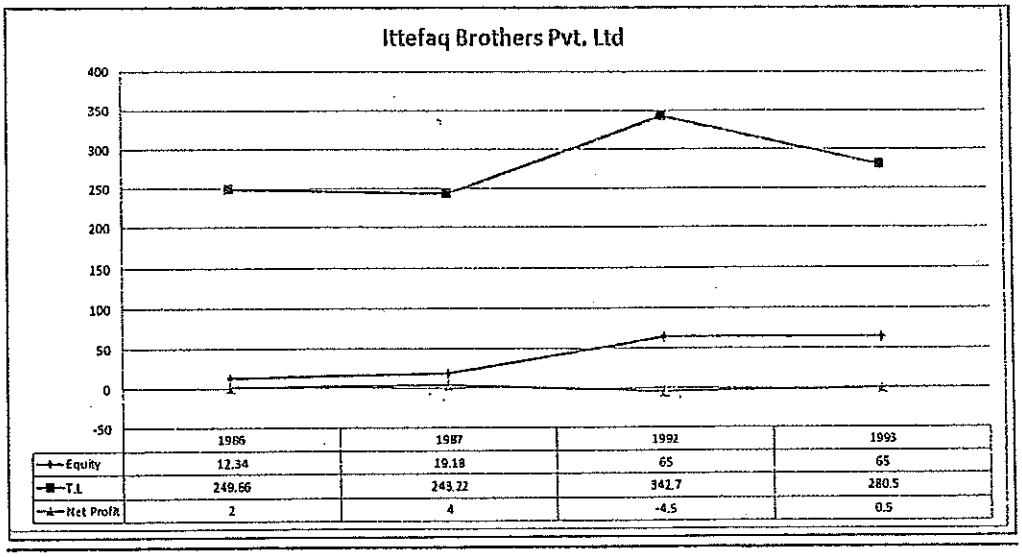


b. Prior to nationalization of the company in 1972, the bank loan was Rs. 4.7 million, however, after de-nationalization of the company in 1979, the loan of company was Rs. 70 million. Moreover, the said company obtained further loans and reported its loan liability of Rs. 732 million in the year 1991. Subsequently, the loan liability was reported as Nil in the year 1992 followed by winding-up petitions (Lahore High Court CO 109/94; CO 111/94; CO 120/94; CO 23/95) and recovery suits (390/94; 388/94; 359/94; 382/94) against the Company in 1996. It is pertinent to mention here Respondent No. 1 did not provide any financial statements of the said company to the JIT. After, Respondent's No. 1 rise to the political forefront of Pakistan, especially after 1985, this company obtained substantial loans. Thereafter, the said company was unable to pay off its liabilities, thus, winding up petition and recovery suits were filed against the said company in 1996. From the aforementioned, it appears that Respondent No. 1 used the loaning scheme to accumulate wealth. Moreover, major shareholding was kept in the names of other family members of Respondent No. 1, it would seem, to avoid any direct connection with the gains attained thereof. Thus a foundation for such ventures was laid by Ittefaq Foundries (Private) Limited.

c. <u>Ittefaq Textile Mills Limited</u>. Ittefaq Textile Mills Limited was incorporated on 30-April-1966 (Annex M). As per the available information provided by SECP, the shareholding of the Respondent No. 1 was 0.96% shares and he remained a director of the Company in the year 1972 and from 1986 to 1988 (Chief Minister Punjab). The financial review of the available record / information showed that in

JOINT INVESTIGATION TEAM

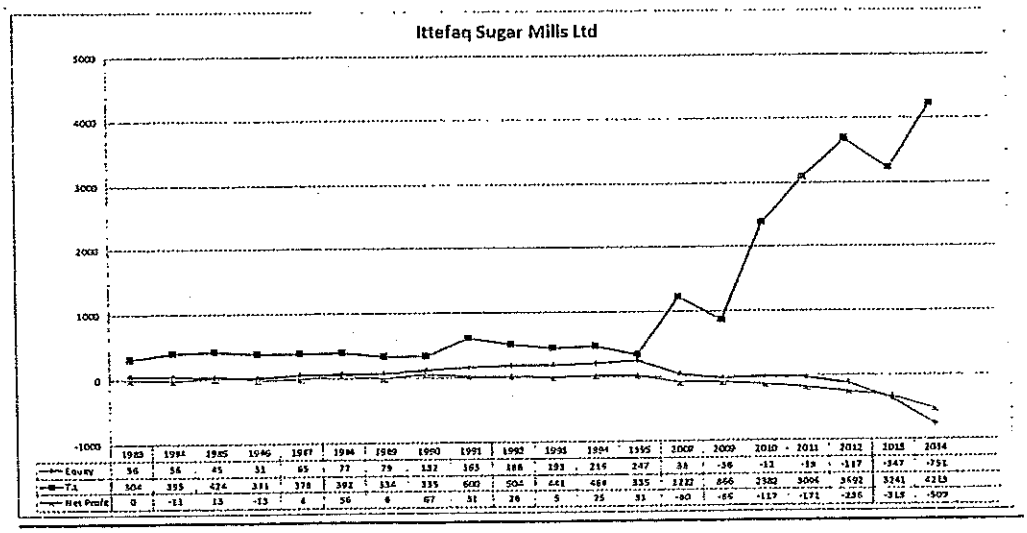
the year 1998, the Company has a negative equity of Rs. 44 million and total assets of Rs. 1,132 million. The Company has liabilities towards related parties amounting to Rs. 236 million and receivables from the related parties was Rs. 448 million. The available record revealed no payment of dividends by this company during the period of Respondent No. 1 held shares; and (Did we ask , if not then perhaps leave this out)The company's profits did not contribute towards the wealth accumulation of Respondent No. 1. The financial outlook of this company during the period when Respondent No. 1 had emerged as a leading political figure of Pakistan, has been a fund revolving company that is , prima facie, mainly used to move funds by creating liabilities on the company as figured below:



| | 1991 | 1992 | 1995 | 1996 | 1997 | 1998 |
|---|---|---|---|---|---|---|
| Equity | 253 | 268 | 189 | 171 | 110 | -44 |
| T.L | 172 | 237 | 366 | 927 | 1002 | 1177 |
| Net Profit | 176 | 190 | -23 | -17 | -62 | -193 |

d. <u>Ittefaq Brothers (Private) Limited</u>. Ittefaq Brothers (Private) Limited was incorporated on 23 May 1972 (Annex N). The available record of the said company showed Respondent No. 1 to be the shareholder (ranging between 9% to 35%) since 1973 to the last annual return recorded in 1998 and director of the Company from 1973 to 1986. In 1981, Ittefaq Brothers (Private) Limited had a loan liability of Rs. 15 million (an increase from Rs. 2 million) with a paid-up capital of Rs. 1.15 million. A similar pattern of loaning was observed after 1986 (when he prominently had risen on the political forefront of Pakistan) the loans due by the company were reported to be Rs. 210 million in 1989 and Rs. 236 million the following year. However, in 1991 till 1996, the loan liabilities were

reported as NIL. The company reportedly had negative equity and no dividend was paid to the shareholders. The said company subsequently filed a Winding-up Petition CO 6/95 and a Banking Tribunal Suit 113/95 followed thereafter. (Did we ask) The available record revealed no payment of dividend by this company during the period of Respondent No. 1 held shares of the company. After, Respondent's No. 1 rise to the political forefront of Pakistan especially after 1985, this company obtained substantial loans. Thereafter, the said company was unable to pay off its liabilities, thus, a winding up petition and recovery suits were filed against the company. Respondent No. 1 did not provide any profitability record of the said company to justify the income earned from it.



| | 1986 | 1987 | 1992 | 1993 |
|---|---|---|---|---|
| Equity | 12.34 | 19.18 | 65 | 65 |
| T.L | 249.66 | 243.22 | 342.7 | 280.5 |
| Net Profit | 2 | 4 | -4.5 | 0.5 |

e. <u>Ittefaq Sugar Mills Limited</u>. Ittefaq Sugar Mills Limited was incorporated on 04-May-1982 (Annex O). Respondent No. 1 was holding nominal shares in the company as his maximum shareholding was 188,000 shares in 1989 which declined to only 1000 shares in 2007 whereas Ittefaq Foundries Private Limited and Ittefaq Brothers Limited remained major shareholders in the said Company. As per the available information, the company had a paid-up capital of Rs. 56 million from the years 1982-1995. In the initial years, the said company borrowed funds from financial institutions, which increased from NIL to Rs. 248 million in the year 1983, and total assets increased from Rs. 27 million in 1982 to Rs. 360 million in 1983. It is pertinent to mention that it is one of the very few companies

JOINT INVESTIGATION TEAM PANAMA CASE

of the Sharif group that made profits however, the said company did not pay any dividend till the year 1988 and thereafter no substantial income could have been earned by Respondent No. 1 from this company due to his nominally changed shareholding. The available record revealed no payment of dividend by during the period of Respondent No. 1 was holding shares. It can be concluded that this company's profits did not contribute towards the wealth accumulation of Respondent No. 1.

f. Ramzan Sugar Mills. The Company was incorporated on 4-Aug-1990 (Annex P). As per the available information, the shareholding of Respondent No. 1 along-with his wife and children was 10% from 1993 to 1996 and about 8% from 1996 to 2014. During the afore-mentioned period, Respondents No. 7 & 8 remained as the directors of the Company for the year 1999 to 2001 and 2004 to 2005. In 2015 onwards, the family members of Mr. Shahbaz Sharif became the majority shareholders of the Company and the shareholding of Respondent No. 1 family reduced to NIL. The financial review of the available record / information reveal that the Company was initially in losses and the equity remained negative for the years 1992 to 1995. However, the Company became profitable and as per the 2015 financial statements the Company's equity improved to Rs. 875 million. The available record revealed no payment of dividends by this company during the period of Respondent No. 1 holding significant shares. The company's profits did

not contribute towards the wealth accumulation of Respondent No. 1. It has been observed that this is the only Pakistan-based company in which the Respondent No. 1 alongwith his family members were shareholders and its equity relatively improved over the years.

g. <u>Chaudhary Sugar Mills Limited</u>. Chaudhary Sugar Mills Limited is reported to be incorporated on 05-Aug-1991 (Annex Q). As per the information made available, Respondent No. 1 held approximately 7-8% shares of Chaudhary Sugar Mills Limited since 2000.

(1) In 1992, the said company mortgaged its properties located at plant site in Toba Tek Singh to secure a long-term morabaha finance from Faysal Al Islami of Bahrain E.C amounting to Rs. 309.813 million. However, Company's operating fixed assets were Rs. 15.587 million only and Rs. 652.064 million were disclosed as 'work-in-progress'. Moreover, an amount of Rs. 28.241 million long-term loan was secured from First Hajvery Modarba. In view of the fact that the Company's operating fixed assets (other than work in progress), borrowing under morabaha appears to be a suspicious arrangement as current assets were placed as security for the long-term morabaha loan.

(2) However, in the financial year 1993, a long-term loan secured from Faysal Al Islami of Bahrain was retired and loan was swapped with obtaining

loan amounting Rs. 401.257 million (USD 15.520 million) from Chadron Jersey Limited, St. Hellier, Jersey Island, a company incorporated in Channels Island. Foreign private loan secured from Chadron Jersey Limited was secured at interest rate of 10% per annum payable in 10 installments commencing from October 1, 1994. However, as per first supplemental letter of hypothecation dated January 30, 1995, payment schedule revealed five installments commencing from 1995 and ending on 1999.

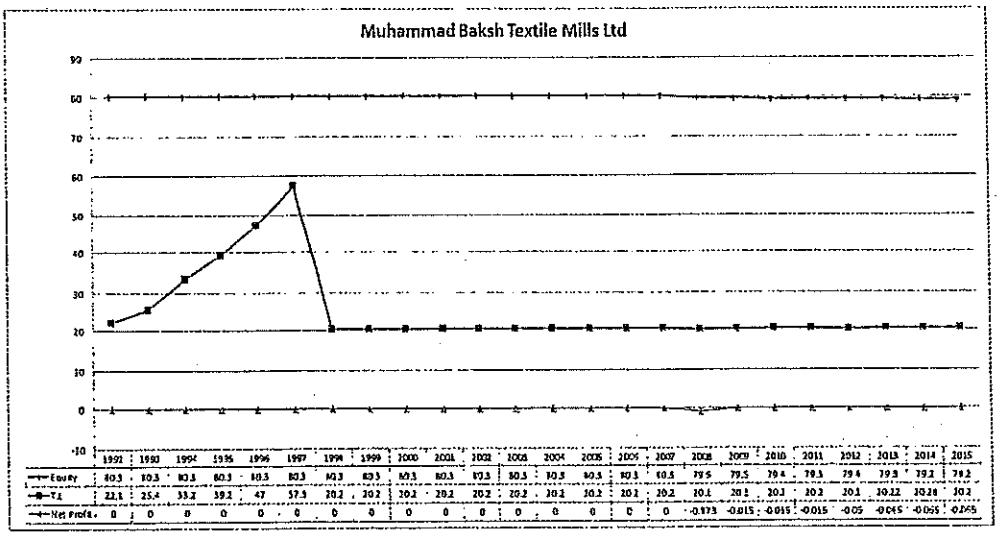
(3) The available financial record of the said company revealed that only dividends of Rs. 136.8 million were declared/ paid dividends during 1995-1999. However, no evidence of Respondent No. 1 holding shares during this period have been reported. Furthermore, financial statements of the said company do not provide any specific disclosure that Respondent No. 1 was drawing any emoluments/ other benefits from the Company.

(4) After, Respondent's No. 1 rise to the political forefront of Pakistan especially after 1985, this company obtained substantial loans

(5) From the aforementioned, it appears that Respondent No. 1 and his family members used this company as a loaning scheme to accumulate wealth. Moreover, major shareholding was kept in the names of other family members of Respondent No. 1 to avoid any direct connection with the gains attained thereof.

h. <u>Muhammad Buksh Textile Mills Limited</u>. The Company was incorporated on 8-Sept-1991 (Annex R). As per financial statements of 2015, the company did not commence operations of the business since incorporation. Moreover, it has been observed that the company submitted the accounts for the years 1992 to 2000 in year 2002. Respondent No. 1 along with his children and wife held 22-30% shares from 1994 to 2015. The majority of shares were held in the name of Ms. Shamim Akhtar (mother of Respondent No. 1) holding 26% shares. Individual shareholding of the Respondents are as follows:

JOINT INVESTIGATION TEAM PANAMA CASES



(1) Respondent No. 1: 6% from 2011 to 2015

(2) Respondent No. 7: 6% from 1994 to 2015

(3) Respondent No. 8: 6% from 1994-96 and 1% from 1997 to 2015

(4) Respondent No. 6: 6% from 1994 to 2015.

The Company has been dormant since incorporation; has never paid dividend to shareholders and has negative equity. The financial performance of the Company does not warrant any share in the increase of wealth of Respondent No. 1. The financial performance graph is as follows:

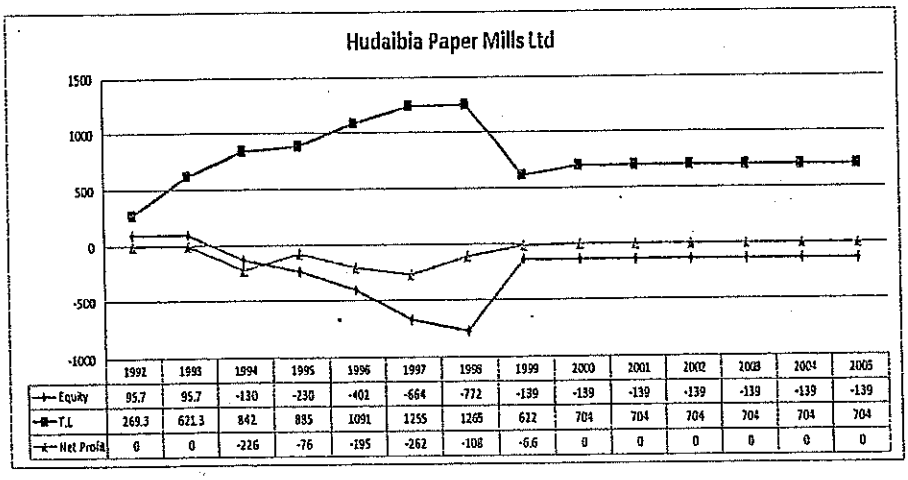
i. **Hudabiya Paper Mills Limited**. Hudabiya Paper Mills Limited was incorporated on 29-Jan-1992 (Annex S) (detailed analysis is in Volume xx).

(1) As on October 31, 1992, the company's fixed assets amounting to Rs. 98.708 million and its long-term secured loans were Rs. 184.247 million, which could have been possible by pledging any other asset that had not been disclosed in the financial statements. Moreover, 1993 was considerably variant financial year for the company as during the same year, the said company had long-term secured loans of Rs. 255.729 million, short term finances of Rs. 126.619 million and generated Rs.

JOINT INVESTIGATION ... PAN ... CASE

126.024 million from associated undertakings. Furthermore, the company secured a loan amounting to USD 10 million from Al-Towfeek Company for Investment Funds, Bahrain through Al-Baraka Islamic Investment Bank Lahore on November 23, 1992.

(2) It is pertinent to mention here that the said company did not reveal any disclosure on the legal proceedings of Queen's Bench, London whereby the Avenfield apartments were attached. In the financial year 2000, the Company disclosed that liabilities (relating to Al-Towfeek Company for Investments Funds Bahrain) were settled for USD 8 million on January 5, 2000. As per relevant disclosure given in Note 3 of financial statements for the year ended 2000, long term loan of Rs. 494.960 million was disclosed.



(3) The stance of Respondent No. 1 and his family members while responding to petitions CP 29/2016 & CP 30/2016 have been that Qatar's Prince Hamad Bin Jassim bin Jaber Al-Thani settled loan of the said company with Al-Towfeek Company. This stance has not been substantiated through any documentary evidence of transaction or arrangement by the Respondent No. 1 and his family members.

(4) It is noticed that a share deposit money of Rs. 642 million in 1998 was reflected in the accounts of the said company. This is contrary to adverse financial position of the said company as at that time the said company had negative equity of Rs. 772 million and operations of the said company had already been shut down. The said company went into negative equity in 1994 and closed its operations in 2000. Accumulated losses were Rs. 877.810 million as of June 30, 2005. Last available financial statements were filed for the financial year 2005. The Company did not file its accounts for the year 2006 and for subsequent years.

(5) The Respondent No. 1 and his family members failed to substantiate their stance through evidence that Qatar's Prince Hamad Bin Jassim bin Jaber Al-Thani settled loan of Al-Towfeek Company against the said company and it was disclosed in Note 3 to financial statements for the year 2000 that long term loan was converted at Rs. 53.80 per USD for USD 8,000,000 substituted loan. The actual liability recorded was for Rs. 494.960 million but liability of Rs. 430 million at the given USD conversion rate was reported to be settled.

(6) From the aforementioned, it appears that Respondent No. 1 and his family members used this company as a medium to revolve funds and accumulate wealth. Moreover, major shareholding was kept in the names of other family members of Respondent No. 1 to avoid any direct connection with the gains attained thereof.

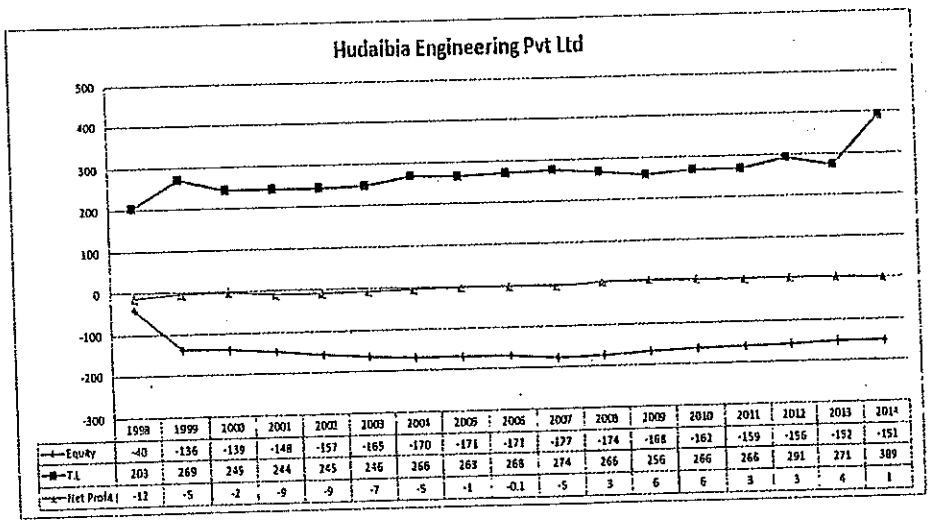
j. <u>Hudabiya Engineering Company (Private) Mills Limited</u>. Hudabiya Engineering Company (Private) Mills Limited was incorporated on 12-May-1992 (Annex T).

(1) As per the certified true copies of the annual returns provided by SECP, Respondent No. 1 along with his children owned 22% shares from year 2000 to 2009 and 33% from year 2010 to 2016. Shareholding pattern of the Respondents is as follows:

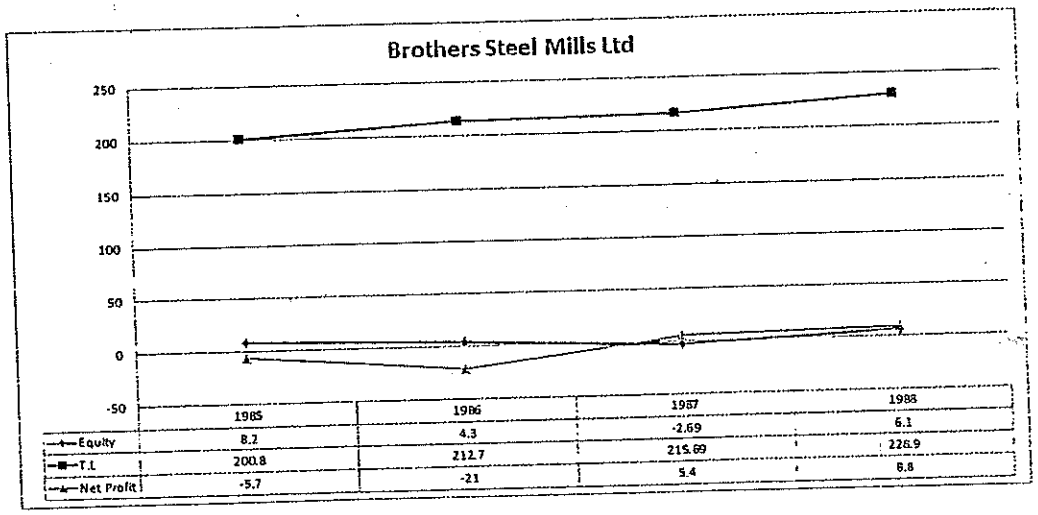


(a) Respondent No. 1: 11% holding from year 2010 till 2016.

(b) Respondent No. 6: 6% holding from year 2000 till 2016.

(c) Respondent No. 7: 12% holding from year 2000 till 2016.

(2) From the analysis of available data, the equity of the Company is negative by Rs. 40 million in 1998 and in 2014 it was negative Rs. 151 million. Additionally, share deposit money of Rs. 69 million was noticed in the 2014 accounts of the company. In 2014, related party liability of Rs. 159 million was payable by the said company.



(3) However, from the uncertified copies provided by SECP from the year 1993 to 1997, the receivables from related-party companies and sponsors were Rs. 242 million. It is also observed that the total sales in these years was Rs. 112 million and the company advances amount to Rs. 242 million. In the year 2007, the Company changed the classification and merged all Debtors with no party-wise breakup. The available record revealed no payment of dividends by this company. Similarly negative Equity was reported in the financials of the company, hence, it appears that financial performance of the Company could not contribute to the increase of wealth of Respondent No. 1.

k. <u>Brothers Steel Mills Limited</u>. Brothers Steel Mills Limited was incorporated on 28-Jul-1983 (Annex U). The only financial statements available with JIT were of 1985, 1986, 1987 and 1988. The company with a cumulative position of profit/loss during this period had losses of Rs. 12.5 million. Ittefaq Foundaries Private Limited was a major supplier of the Company. Brothers Steel Mills Limited had outstanding redeemable capital of Rs. 42.227 million in 1986. The Company proposed convertible preference shares of Rs. 11.797 million. Redeemable Capital was issued in the names; I.C.P Rs. 11.032 million, N.B.P Rs. 6.154 million, H.B.L Rs. 6.154 million, U.B.L Rs. 6.154 million, M.C.B Rs. 3.692 million, A.B.L Rs. 2.461 million and N.I.T Rs. 6.580 million. Further, it has been noted that sponsors loans amounting to Rs. 11.290 million (1985: Rs. 11.533 million). It is noteworthy, that despite significant sales, Brothers Steel Mills Limited recorded losses and did not declare dividends. The available record revealed non-payment of dividend by this company during the period of Respondent No. 1 holding significant shareholding.

l. In 1990, the income of Respondent No. 1 was Rs. 277,846/-; assets held worth were Rs 5.46 million only.

m. During 1991-92, transactions worth millions of US dollars were routed through Benami accounts in the businesses of Sharif family and amounts were invested into businesses as equity to increase the personal wealth. As these transactions

were routed through Benami accounts, hence, there was no footprint in the Tax Returns. Details/ statements of Benami accounts already submitted in Second Interim Report of JIT.

n. From 1992 to 1993, his wealth grew from Rs 8.33 million to Rs 68.027 million without any declared plausible source of income. More so, income declared by Respondent No. 1 in his tax returns was not commensurate with his and his family profile.

o. In the same year (1992-93), Respondent No. 1 declared total assets worth Rs. 68.027 in his Return of Wealth Tax, whereas Wealth Statement reflected assets worth Rs 5.328 million. His income does not complement his capacity to pay the tax on assets worth Rs 68,027 million while keeping in view his expenses as well. Return of wealth tax and wealth statement for year 1992/93 is at Annex V.

p. Since assessment year 1991, Respondent No. 1 was holding assets in the names of minors *(Hassan Nawaz and Asma Nawaz)*. During assessment year 1990/91 the value of these assets was declared as Rs 598,045 which appreciated to Rs 63.97 million is assessment year 1992/93 without any visible inflow. Return of wealth tax for assessment years 1990/91 at Annex W, return of wealth tax for assessment year 1992/93 is at Annex V.

q. In the year 1994-95, he paid Rs. 3.0 million as wealth tax, however, visible income was Rs. 5,000/-. According to the statement of personal expenses *(annexed with wealth statement,)* even his personal/ family expenses were borne by his sister in law, Ms. Sabiha Abbas. IT return and statement of personal expenses for year 1994/95 is at Annex X.

r. In the years 1992-95, total wealth tax payable was Rs. 4,561,802, whereas total wealth tax paid as per wealth tax returns for the same period was Rs. 2,352,982. A sum of Rs. 780,977 was reclaimed as refundable tax as reflected in wealth tax return of year 1994-95. Thus, a gap of **Rs. 2,208,820 in wealth tax payable is noted** during the period. Wealth Tax Returns for assessment year 1992/93 at Annex V and Wealth Tax Returns for assessment years 1993 -95 are at Annex Y.

| Assessment Year | Payable Tax | Tax Paid | Refund claimed |
|---|---|---|---|

s. As per financial details of Ittefaq Sugar Mills Limited, Respondent No. 1 was holding 48,000 shares in the years 2003 and 2004 and 1000 shares from 2009 - 2013, however, he did not declare ownership of these shares in his wealth statements for said tax years. Wealth statement for tax years 2002/03, 2003/04, tax years 2008/09 – 2011/2012 and Form A/ 29 of Ittefaq Sugar Mills Limited for the same years and Wealth statement for assessment years 2012/13 at Annex Z.

t. In years 2004-05 to 2007-08, Respondent No. 1 did not file his wealth returns.

u. Since year 2008, wealth started to pour in the form of heavy remittances from Hussain Nawaz and Hill Metals Establishment (KSA). Funds worth Rs 1.083 Bn were remitted into personal account of Respondent No. 1. There are anomalies in

these transactions which do not reconcile with the amounts declared in tax returns.

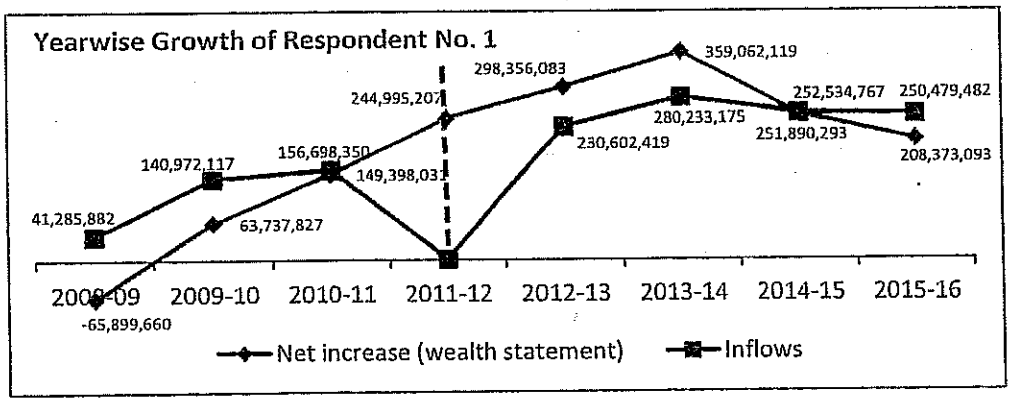
v. As per financial records of MBTML with SECP, Respondent No. 1 owned 467,950 shares in 2011 but were not declared in wealth statement for tax year 2011/12. Wealth statement for 2011/12 at Annex AA and MBTML Form A/ 29 are at Annex BB.

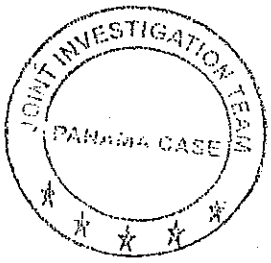
w. Loan worth Rs 110 million was taken from Ramzan Sugar Mills by Respondent No. 1 between 2001-03; out of the total, Rs 50 million was paid by Ramzan Sugar Mills to NAB on account of Respondent No. 1. These liabilities of RSML were settled in the year 2011/12 without any visible source of income. Wealth

JOINT INVESTIGATION TEAM PANAMA CASE



statement of Respondent No. 1 for the year 2011/12 at Annex AA, account statement of RSML and document of NAB is at Annex CC.

x. In year 2012/13, property worth Rs 63.75 million in Changla Gali was declared by Respondent No. 1 to be in the name of spouse in his wealth statement, however, same did not reflect in wealth statements of Kulsoom Nawaz from years 2013/14 - 2015/16. Wealth statement of Respondent No. 1 for the year 2012/13 is at Annex Z. Wealth statement of Kulsoom Nawaz and Respondent No. 1 for the year 2013/14 - 2015/16 are at Annex DD.



y. As per tax return of year 2012-13, Respondent No. 1 gave Rs 100 million as donation to PML (N) on 30 Apr 2013. Reporting of this entry in Return of Personal Assets *(ROPA)* in ECP needs to be counterchecked.

z. By year 2013/14, assets of Respondent No. 1 grew 6.59 times once compared with his assets of year 2008 (Rs 55 million in year 2008 to Rs 359 million in year 2012/13). Major source of increase was gift amounts sent by Hussain & HME (Hill Metals Establishment) from KSA *(Rs 457.3 million b/w 2009 - 14)*.

aa.

hange of gifts worth millions of rupees is observed from Mr. Hussain & HME to Respondent No. 1 and Maryam Nawaz and Respondent No. 1 to Hassan Nawaz. It is an abnormal pattern of exchanging gifts as why a company would gift such heavy amounts to individuals. Evidence for profitability of HME was not furnished; hence source of income of Hussain could not be ascertained. Heavy gifts in the form of cash raises eyebrows; likely attempt of money laundering. Inflow of gifts and their distribution/ utilization is at Annex EE.

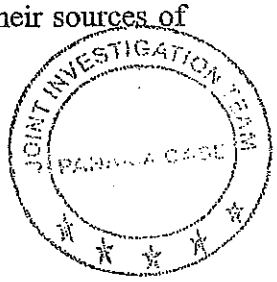
3. **Conclusion**. The facts provided by Sharif family show that Respondent No. 1, ostensibly has confined his role to that of an equity holder only in the family owned businesses, who does not hold any formal position or role in running the businesses and is not a Director on any Board. Apparently the objective of such stance is to distance himself from a formal role in running of the businesses in strictest regulatory and legal sense. However, on the other hand, it is also evident that he is enjoying pecuniary benefits, other than dividends from these businesses in the shape of unexplained inflows in his personal bank accounts, on a fairly regular basis, from the business profits of his son and businesses run by him purportedly as gifts.

4. The evidence collected reveals that he, in fact, was the Chairman of the Board, drawing salary from Capital FZE; a company owned by his son Respondent No. 8, is at variance with the stance taken in the CMAs filed, by Respondents No. 1, 6, 7 and 8. This fact was not disclosed in any statutory returns/declarations before the authorities in Pakistan; be it the Income Tax returns or the Filings before the Election Commission of Pakistan.

5. Respondent No. 1 in his tax returns filed before the authorities for the year 2013, claimed to have made a donation of Rs. 100 million to Muslim League (N) and concealing the fact that he received back Rs. 45 million from the same party account, before the close of the relevant financial year end; amounts to mis-declaration of wealth.

6. The above facts depict that Respondent No. 1was enjoying monetary benefits from the family businesses, other that dividends in his declared capacity of equity holder. Moreover, he was maintaining an active operational link with his family owned businesses, contrary to his publically held position, that he is not actively involved in the family business and is devoting his entire life to his occupation as a politician. \

7. As per claims of Mian Nawaz Sharif, his business empire/ assets is based on his inherited money from his father who owned millions of Rupees in the '70s. The financial analysis of Mian Muhammad Sharif does not substantiate this claim. An exorbitant hike in buildup of his assets is observed during his first tenure of premiership, however, inflows mentioned in his tax returns is not commensurate with his growth which leads to the presumption that this empire was not based on legal monetary sources. An anomaly of opening *benami* accounts in the names of Qazi family, Saeed Ahmed etc., and source of inflow in these accounts was not clarified by the



Respondents. These *benami* accounts were used as collateral for acquisition of loans and also for moving funds abroad to build Sharif family's assets in Pakistan as well as in UK.

8. From the record made available on Respondent No. 1 to the JIT, it is observed that Respondent No. 1 held minor direct shareholding in closely held family companies. These companies were not profit-bearing. However, these companies were continuously revolving funds amongst themselves, shareholders/ directors/ sponsors and offshore companies. Moreover, it can be seen from the available record that Respondent No. 1 kept shares in the name of his wife, sons and daughters who were not financially independent at that time; a move to delink him from the closely held family businesses yet he had control over the business due to his strong political and family influence. Another important factor noted here is that despite the adverse financial position of all closely held family businesses, Respondent No. 1 had phenomenal growth in accumulation of wealth by his direct family and other shareholders of the company, which were also his family members.

9. A detailed analysis of available financial details of Sharif family's companies with SECP and their tax/ wealth returns reflect serious dichotomies in declaring their assets (mis/ non-declarations of assets). Respondent No. 1 built assets and declared them on the names of his children, however, there was no plausible source of income with Respondent No. 1 or his children.

10. As per Lahore High Court case no W.P 3114 HPML vs NAB, Mian Nawaz Sharif paid 110 million to NAB as settlement in HPML case. Analysis of account details of RSML revealed that the company paid Rs 50 million to NAB as payment on behalf of Mian Nawaz Sharif as part of total 110 million. This use of RSML funds is in violation of company law as his personal liabilities were paid through the funds of RSML.

11. Another hike is seen in assets after Sharif family's political rejuvenation in 2007/08. Funds were shifted from their UK/ UAE empires to Pakistan in the form of gifts in excess of Rs. 880 million. Substantial funds were transferred in the accounts of Respondent No. 1 in the form of gifts from Hussain Nawaz and Hill Metals Establishment accounts, taking advantage of the tax exemption on foreign remittances/ gifts. Massive assets were built while showing the cost as nil being based on gifts. Moreover, the Respondents have failed to substantiate their sources of

income behind these gifts abroad if compared with the account details of their companies abroad, it is observed that these companies were in losses/ under liabilities and were not in a position to generate any dividend.

12. Having gone through financial details of his companies/ bank accounts and his declarations in FBR record, it seems that Respondent No. 1 is in possession of **'ASSETS BEYOND KNOWN SOURCES OF INCOME'.**

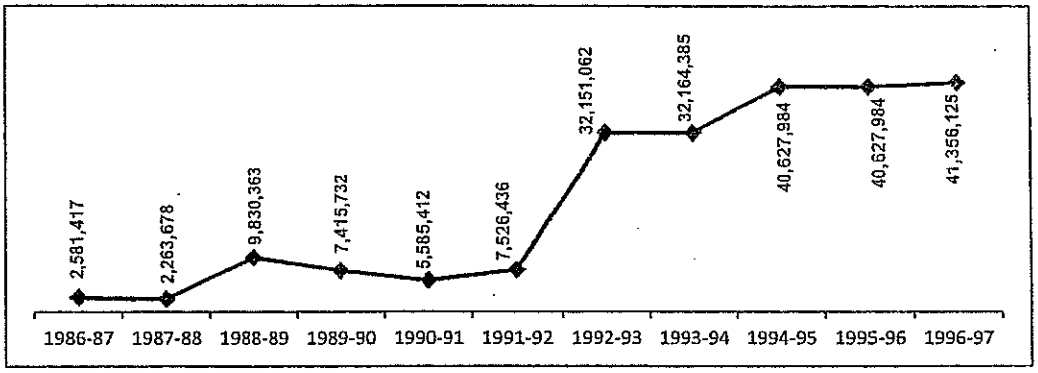
## ASSETS BEYOND MEANS - OTHER RESPONDENTS

### Mian Muhammad Sharif (Late)

13. Mian Muhammad Sharif had been filing tax returns/ wealth statements since the year 1969-70. Complete record of returns were not furnished by FBR as for assessment years 1971/72 & 1974/75 - 1978/79, returns of wealth tax were not filed by Mian Muhammad Sharif, more so, income tax (IT) returns for the assessment year 1969/70 - 1993/94 were not filed. Wealth statements for the assessment years 1969/70 - 1999/2000 were not filed (details are at Annex A). Analysis of returns of Mian Muhammad Sharif reveal the following:-



a. Respondent No. 1 claimed that his father owned assets in millions of rupees in the 1970's before the industry was nationalized; the tax returns of Mian Muhammad Sharif present a picture to the contrary, as assets held with Mian Muhammad Sharif were around Rs. 1 million since 1969-70. There was no drastic decline in his assets during the timeframe of Nationalization.

b. His wealth started to increase in the late eighties and early nineties. The wealth of Mian Muhammad Sharif multiplied 4.3 times during year 1992/93 i.e. from Rs. 7.53 million to Rs. 32.15 million and by Rs 8.5 million in 1995/96. Sources / income details were not available to determine the inflow.

JOINT INVESTIGATION TEAM PANAMA CASE

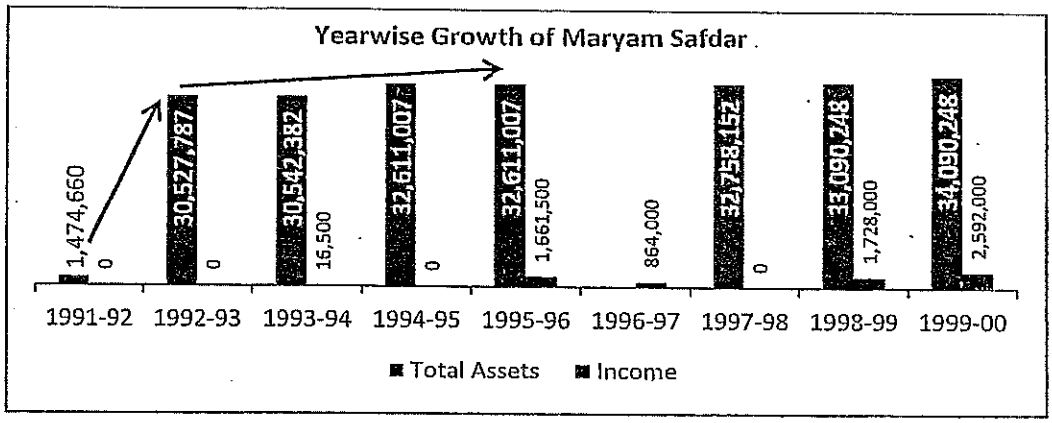
Yearwise growth of assets of Mian Muhammad Sharif

14. Findings

a. Although Mian Muhammad Sharif remained involved in the family business which evidently flourished considerably, he did not file IT returns for a major period of time.

b. Moreover, analysis of his companies' profile reflecting his source of income is not commensurate with the increase in his assets. A sharp increase in assets is seen in the years 1992-93.

c. Having analyzed his economic growth and available source of income, it can be ascertained that Mian Muhammad Sharif possessed, prima facie, ASSETS DISPROPORTIONATE AND BEYOND KNOWN SOURCES OF MEANS at the time.



Maryam Safdar (Respondent No. 6)

15. Respondent No. 6 started filing returns from year 1991-92. Complete record of tax returns/ wealth statements were not furnished by FBR as for assessment years 1991/92 - 92/93, 1995/96, 1998/99, 1999/2000 & 2004/05 - 2008/09, wealth statements were not filed by Respondent No. 6, more so, IT returns for the year 1991/92 & 2004/05 - 2008/09 were not filed (details are at Annex B). Analysis of financial details available with SECP and returns of Respondent No. 6 reveal following:-

JOINT INVESTIGATION TEAM

a. Maryam Safdar has been part of the family business since she was a student and possessed assets worth Rs 1.47 million since year 1991-92 and started filing return of wealth tax. It is significant to note that she owned assets worth millions with no visible source of income.

b. Her assets grew in year 1992/93; 21 times in a single year from Rs 1.47 million in year 1991/92 to Rs 30.5 million without any declared income. **Annex C.**

c. As per the details of assets reflected in her return of wealth tax, Maryam Safdar held 424,400/- shares in Hudabiya Paper Mills since year 1993/94 till date. She was also Director of the company during years 1996/98. **Annex D.**

d. As per financial records of MRTML with SECP, Maryam Safdar owned 1000 shares (worth Rs 10,000) in years 2001-2003 but then same were not declared in wealth statement for the same years. **Annex E.**

e. As per financial records of Ittefaq Sugar Mills Limited with SECP, Maryam Safdar owned 55,000 shares (worth Rs 550,000) in years 2001 - 2003 and 2010 - 2013, however, she did not declare these shares in the wealth statement for the assessment said years. **Annex F.**

f. As per financial records of CSML with SECP, Maryam Safdar owned 12,401,455 shares (worth Rs 20,710,429) in year 2010, however, she declared 5,401,455 shares in wealth statement for the assessment year 2009/10; amounts to concealment of aasets and tax evasion. **Annex G.**

g. Maryam Safdar owned a BMW car which was gifted to her by the UAE Royal Family and value of the car was declared as Rs 3.5 million in the Tax year 2009-

10; the same car was declared to be sold on a profit of Rs 19.66 million in year 2011-12. Such price escalation is abnormal, she declared the same BMW in her wealth statement in the next year 2012/13 as well. Moreover, Mr. Muhammad Safdar in his ROPA submitted to ECP in year 2008 declared worth of the same car as Rs 6.0 million. Wealth statements for years 2009/10 & 2011-13 are at **Annex H**, Muhammad Safdar ROPA for year 2013-16 at **Annex I**.

h. In the Return of Personal Assets (ROPA) filed with ECP, Muhammad Safdar declared owning that car ownership of the same BMW in year 2013-2016; whereas Maryam Safdar declared that she sold the car for Rs 28.164 million in the year 2011-12.

i. In ROPA, Muhammad Safdar declared that Ms. Maryam Safdar paid for the duty of the car i.e Rs. 3,412,418/- , whereas in the same year Maryam Safdar total declared income was Rs. 1,184,000/-, where did the money come from?

j. As per 2009/10 record, Maryam Safdar owned assets worth Rs 73.50 million, which also included a loan worth Rs. 42 million to Chaudhry Sugar Mills Limited, loan worth Rs 2.2 million to Mian Muhammad Nawaz Sharif and loan worth Rs 1 million to Ms. Kulsoom Nawaz. Income during the year was Rs 1.18 million. There no evidence of such inflow or a periodic source of income as IT returns and wealth statements for years 2004/05 - 2008/09 were not filed by Maryam Safdar.

k. Mian Muhammad Nawaz Sharif declared land worth Rs 24.85 million in his personal returns in the name of Maryam Safdar in his wealth statement for year 2010/11, same was not declared in wealth statement of Maryam Safdar for the said year which amounts to concealment of assets. **Annex J**.

| Year | Gifts received | Total Assets |
|---|---|---|
| 2010/11 | 31.7 million | **102.93 million** |
| 2011/12 | 51.6 million | 210.8 million |
| 2012/13 | 35.86 million | 236.5 million |
| 2013/14 | 192.05 million | 347.6 million |
| 2014/15 | 310.53 million | 654.32 million |
| 2015/16 | 172.52 million | **830.73 million** |

l. Maryam Safdar did not have a regular authentic source of income commensurate to her growth in wealth and even her spouse did not possess a source of income (declared by Muhammad Safdar, till year 2013-14). She had been receiving heavy gifts from Mian Muhammad Nawaz Sharif and brothers Hussain and Hassan. However, these gifts boosted her assets from Rs 73.50 million to Rs 830.73 million within the period of 2009-2016.

m. During the period, she purchased agriculture land worth Rs. 804 million *(1431 Kanals)*, which is her declared source of income.

## 4. Conclusion

a. Accumulation of Maryam Safdar's assets shows a drastic hike in early 90's with no declared source of income.

b. Analysis of financial details of her assets and record of FBR reflects dichotomies of mis/ non-declaration of assets which seemingly tantamount to hiding of assets and tax evasion.

c. Maryam Safdar declared ownership of a BMW car claimed to be gifted from royal family of UAE. Rs 3.5 million was paid by her as custom duty custom duty without any visible source of income. The same car was shown to be sold @ Rs 28 million in her wealth statement and assets were increased, however, the same is reflected in her wealth statements of subsequent years. Moreso, dichotomies are found in declaration/ value of this car in wealth statements of Maryam Safdar and Muhammad Safdar who declares the value of the car as Rs 6.0 million and ownership of car till 2016 seemingly tantamounts to hiding of assets and tax evasion.

d. Not only the assets are observed to be accumulated without any declared source of income, but she has been observed loaning millions of rupees without any substantial evidence on source of income.

e. Since year 2008, Maryam Safdar started receiving hefty gifts worth millions of rupees which were utilized to acquire agriculture land. Since agriculture land or its income is tax exempted, reflection of substantial amounts as agriculture income annually afforded her to legalize her funds.

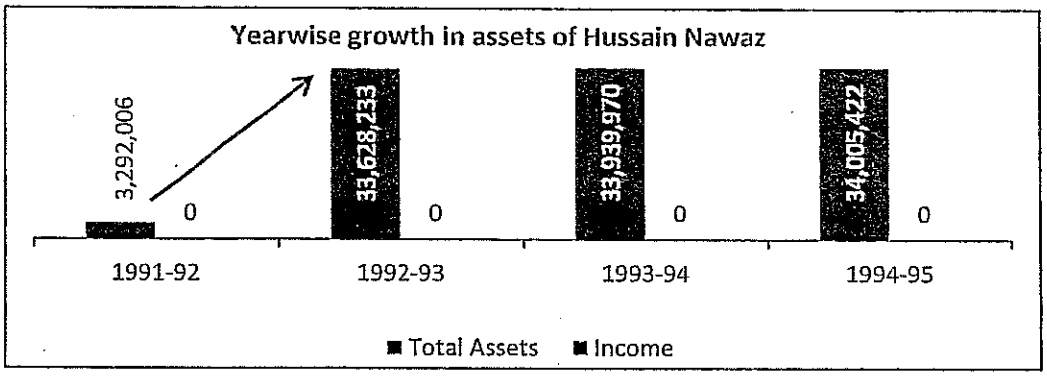
f. Financial analysis of Maryam Safdar's assets and her available record of FBR reflects that Maryam Safdar possesses, prima facie, ASSETS DISPROPORTIONATE AND BEYOND MEANS OF KNOWN SOURCES OF INCOME.

**Muhammad Safdar**

5. Mr. Muhammad Safdar, husband of Respondent No. 6, has filed his IT returns only for 2013/14 and 2014/15. The wealth statement was filed during tax year 2014/15 only. (details are at **Annex B**). Analysis of returns of Mr. Muhammad Safdar reveal following:-

a. Mr. Muhammad Safdar has not filed IT returns/ return of wealth tax and wealth statements since the 1990's though he was an officer of the Pakistan Army and was later inducted in the civil bureaucracy.

b. He contested general elections in 2008 and was elected as a Member of the National Assembly. He was drawing salary but did not file his returns in violation of income tax laws; though income tax was deducted at source, he did not file the returns. He did not disclose in his nomination papers that he had been paying tax since year 2008/09; it was revealed through copy of nomination papers submitted in ECP. Nomination papers submitted with ECP for General Elections 2013 are at **Annex K.**



c. As per ROPA submitted to ECP in year 2014/15 he declared his total assets worth Rs 12.26 million, however, in his wealth statement for same year he declared his assets as 13.19 million. Copy of ROPA submitted to ECP in year 2014/15 is at **Annex I** and wealth statement for year 2014/15 are at **Annex L.**

Hussain Nawaz Sharif

6. Mr. Hussain Nawaz Sharif, Respondent No. 7 started filing tax returns since the year 1991/92. He was a student at that time and owned assets in the form of shares of companies; value of these shares was Rs 3.3 million. He filed tax returns till year 2003. (details are at Annex M). Analysis of the financial details available with SECP and returns of Hussain Nawaz reveal following:-

a. His assets multiplied 10 times from Rs 3.3 million to Rs 33.63 million in year 1992/93, however, his income during the year was nil.

b. As per financial records of MRTML with SECP, Hussain Nawaz owned 1,000 shares (worth Rs 10,000) in years 2001 – 2003, however, he did not declare these shares in wealth statement for the said assessment years; amounts to concealment of assets and tax evasion. Wealth statement for assessment years 2001/02 till 2003/04 at Annex N and MRTML Form A for years 2001 - 2003 are at Annex O.

c. As per financial records of Ittefaq Sugar Mills Limited with SECP, Hussain Nawaz owned 55,000 shares (worth Rs 550,000) in years 2001 - 2003, however, he did not declare these shares in wealth statement for the said assessment years; amounts to concealment of assets and tax evasion. Wealth statement for assessment years 2001/02 till 2003/04 at Annex N and Ittefaq Sugar Mills Limited Form A for years 2001 - 2003 are at Annex P.

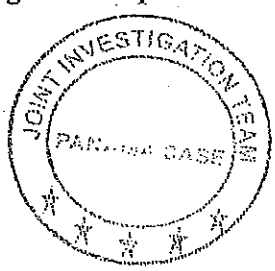
d. As per financial records of RBTML with SECP, Hussain Nawaz owned 225,000 shares (worth Rs 2,250,000) in years 2001 - 2003, however, he did not declare these shares in wealth statement for the said assessment years; amounts to concealment of assets and tax evasion. Wealth statement for assessment years

JOINT INVESTIGATION TEAM
PANAMA CASE

2001/02 till 2003/04 at Annex N and RBTML Form A for years 2001 - 2003 are at Annex Q.

7. Findings

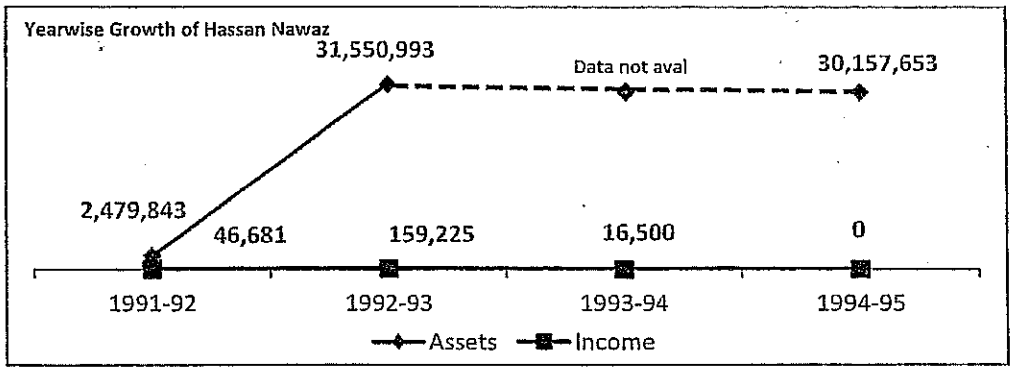
a. Accumulation of Hussain Nawaz's assets shows a drastic hike in early 90's and then in year 1997/98 with no declared source of income. Hussain Nawaz even failed to provide any details in this regard despite repeated requests/ advises. This is the time once Sharif family was part of ruling elite. Hence, JIT believes that this build up of assets was through irregular means and Hussain Nawaz was used as proxy to build family assets.



b. Analysis of financial details of his assets and record of FBR reflects dichotomies on mis/ non-declaration of assets tantamount to hiding of assets and tax evasion.

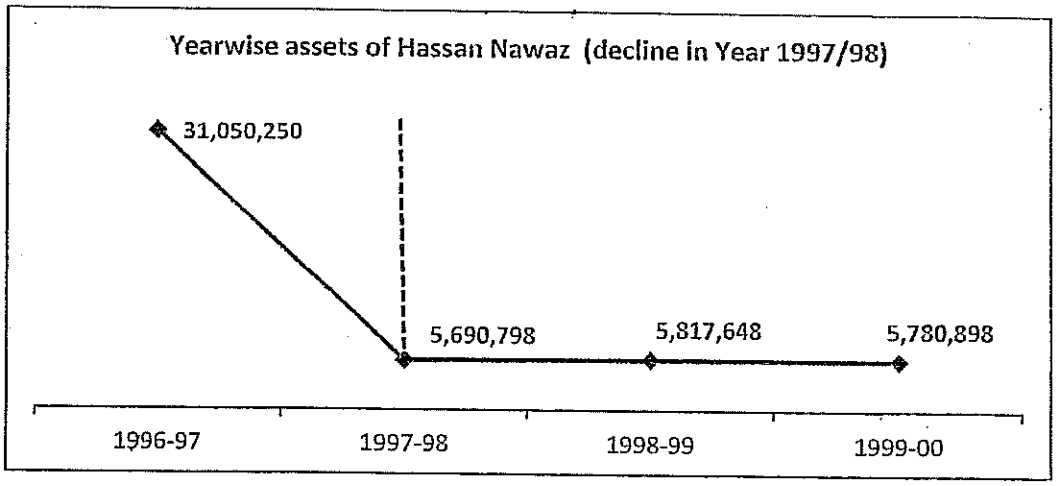
c. In year 1997/98, he was observed loaning Rs 1.4 million to Kulsoom Nawaz whereas his annual income for the year was Rs 400,000. In year 2001/02, his shares of MRTML were sold for Rs 51 million, this gain was not disclosed in his wealth statement and income tax return.

d. Financial analysis of Hussain Nawaz's assets and his available record of FBR reflects that Hussain Nawaz possesses, prima facie, ASSETS DISPROPORTIONATE AND BEYOND MEANS OF KNOWN SOURCES OF INCOME.



Hassan Nawaz Sharif

8. Hassan Nawaz Respondent No. 8 was a dependent child of Mian Muhammad Nawaz Sharif till year 1994; he started filing IT returns from year 1995-96 onwards. Mian Muhammad Nawaz Sharif was managing the assets owned by Hassan Nawaz till years 1995/96 as he was a minor. Mian Muhammad Nawaz Sharif has been filing IT returns of Hassan Nawaz since year 1989/90 till 1995/96 (details are at **Annex R**). Hassan Nawaz moved abroad (UK) in year 1994. After studies he started his business and established 10 known companies in UK till todate **(Yearwise fund flow charts, detailed financial analysis of UK companies of Hassan Nawaz and detailed analysis of his companies are covered in Volume VII of Investigation Report**



**of Joint Investigation Team, Panama Case).** Analysis of his returns and financial analysis of available record for the companies of Hassan Nawaz reveal following:-

a. Assets owned by Hassan Nawaz were worth Rs 2.4 million in year 1991/92, his assets grew 13.14 times in the year 1992/93 to Rs 31.55 million without any visible source of income. Return of wealth tax of Mian Muhammad Nawaz Sharif for assessment years 1991/92 & 1992/93 and IT returns of Hassan Nawaz for same years are attached as **Annex S.**

b. In the year 1995/96, Hassan Nawaz owned worth Rs 31.55 million which sharply declined to Rs 5.6 million in the next year *(1996/97)*; registering a decline of Rs 25.95 million. Details were not available; however, analysis of Hussain Nawaz's Wealth Statement reveals addition in shares of CSML, HEL and HPML, presumably transferred to him by Hassan Nawaz and a reason of decline in assets of Hassan Nawaz. This was not declared in the wealth statements of Hussain and Hassan Nawaz which is tantamount to concealment. Wealth tax returns of Hassan Nawaz and Hussain Nawaz for assessment year 1995/96 is at **Annex T.**

c. Financial analysis of the companies in UK for the period from 2001 till 2016 establishes that there has been a gap between Hassan Nawaz's available resources in the shape of funds claimed to be received from Qatar compared to his funding as director to his UK companies. Inflow from Qatar from 2001 till 2004 was GBP 2,477,307, however, his outflow/ loans to his own UK companies enters into a deficit of GBP 762,149 by year 2007. companies and additionally GBP 658,219 to CSML (as mentioned in accts of CSML where Hassan Nawaz is a sponsor) in Pakistan thereby overspending of GBP 696,543. Source of this overspending is not justified from financial statements of his companies. Ledger account of CSML for the year ended September 30, 2010 and breakup of loans from sponsors of CSML is at Annex V.

e. Another important factor revealed from financial analysis is the aggregate loss position of UK companies of Hassan Nawaz for the period from year 2001-2016 is GBP 10,551,540. Despite such heavy losses, Hassan Nawaz has managed to erect an empire of real estate in UK. From the available record it transpires that Hassan Nawaz has been associated with at least ten UK companies. Furthermore, the financial analysis of these known UK companies reveal underlining numerous properties. The aforementioned structure of properties against the companies is annexed at Annex W.

f. Financial information available on UK companies also reveals that links with certain BVI/ Gulf based companies. Movement of funds amongst UK companies and BVI/ Gulf based companies is reported in the financial statements of UK companies. Included in the BVI companies are Alanna Services Limited which is 20% shareholder in one of Hassan Nawaz company namely Quint Eaton Place 2 Limited. In addition to this another BVI company namely Lamkin S.A which is 30% shareholder in one of Hassan Nawaz company namely Quint Limited. Another BVI company namely Coomber Gp Inc (owned by Hussain Nawaz and Mian Muhammad Nawaz Sharif) has financed money to Flagship Securities Limited and Que Holdings Limited being owned by Hassan Nawaz. Furthermore, another company namely Hilton International Limited has forwarded loans to Flagship Investments Limited. Another company namely Capital FZE (Dubai based company) has given loan to Quint Paddington Limited being owned by Hassan Nawaz. This is explained in table below:-

| **Offshore Lender Companies** | **Relationship of Hassan Nawaz in Offshore Lender Company** | **Loan** | **Hassan Nawaz Owned Companies (Borrower)** | **Shareholding of Hassan Nawaz in Borrower Company** |

g. Reference is made to ICIJ Panama Papers wherein, it was revealed that a bank mortgage deed dated September 02, 2008 was executed by Nielson Enterprises Limited (Mortgagor & Borrower), Nescoll Limited (Borrower) and Coomber Group Inc., (Borrower) with Deutsche Bank (Suissc) SA. The lease hold properties known as 16 Avenfield House, 117 to 128 Avenfield, London, W1K 7AH and 16A Avenfield House, 117 to 128 Avenfield, London, W1K 7AH which were owned by Nielson Enterprises Limited, were mortgaged against a sum of GBP 7,000,000. It is pertinent to mention here that this mortgage deed, on behalf

JOINT INVESTIGATION TEAM PANAMA CASE

of Coomber Group Inc., was signed by Hussain Nawaz Sharif and Mian Muhammad Nawaz Sharif. Mortgage Deed at **Annex X**. The sum of GBP 7,000,000 was divided amongst Nielson Enterprises Limited (GBP 1,750,000), Nescoll Limited (GBP 1,750,000) and Coomber Group Inc (GBP 3,500,000). Letter from Farara Kerins (barrister and solicitor) is at **Annex Y**. Coomber Group Inc., further loaned GBP 1,700,000 to Que Holdings Limited (owned by Hassan Nawaz) in year 2009. The available financial statements of Que Holdings Limited for year 2012 reveals the full settlement of GBP 1,700,000 with Coomber Group Inc, however, no documentary evidence on the source was furnished by Hassan Nawaz to the JIT despite several advises/ opportunities.

h. Hassan Nawaz's claim on proceeds from Qatar has not been substantiated by him through any documentary evidence. Having analyzed financial details available/ above mentioned loaning of Coomber Group Inc, it can be assumed that members of Sharif have stakes in other offshore companies as well which are involved in loaning to Hassan Nawaz's UK based companies as these offshore companies have been seen loaning to Hassan Nawaz's companies on the same pattern as of Coomber Group Inc . However, details/ financial documents were not furnished by the respondents despite several requests.

i. In the year 2011/12, as per wealth statement of Maryam Safdar, Hassan Nawaz gave out a loan worth Rs28.94 million to her, however, same is not reconcilable as Hassan Nawaz is not filing IT returns/ wealth statement since year 2004/05.

9. **Findings**

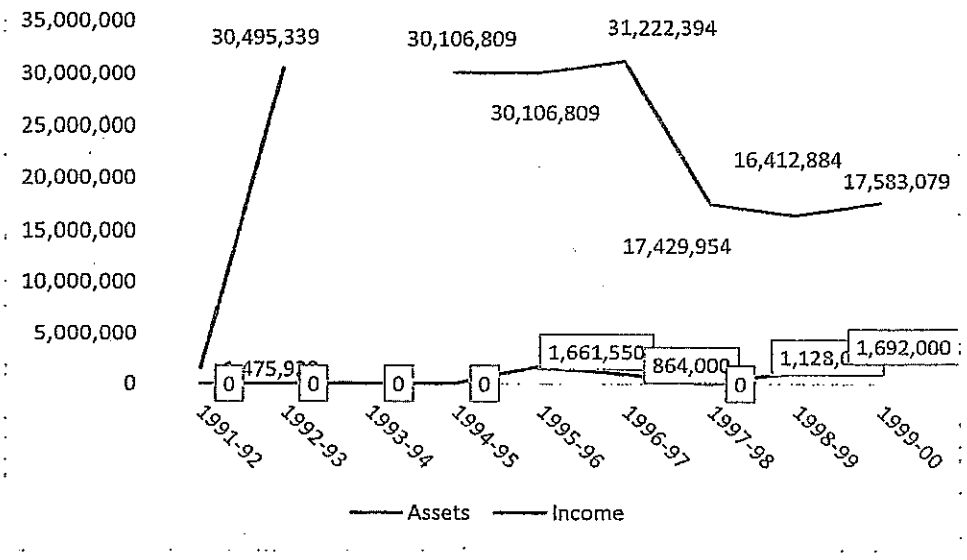
a. Accumulation of Hassan Nawaz's assets shows a drastic hike in early 90's with no declared source of income. This is the period Sharif family was part of the ruling elite. Hence, JIT believes that this build up of assets was through irregular means and Hassan Nawaz was used as a proxy to build family assets.

b. Analysis of financial details of his assets and record of FBR reflects dichotomies on mis-declaration of assets tantamount to hiding of assets and tax evasion.

JOINT INVESTIGATION TEAM

c. Detailed analysis of available financial details of Hassan's UK companies reveals a gap between claimed parent funds from Qatar and his funding to UK companies as Hassan has been observed over loaning than available funds. Moreover, the company's annual financial position reflects that most of the companies remained in losses. Despite these losses, these companies not only erected an empire and purchased properties in UK but Hassan was seen loaning to Sharif family's companies in Pakistan. Source/ details of these funds were not provided by the respondent despite repeated requests/ opportunities.

d. Financial analysis of Hassan Nawaz's assets and his available record of FBR reflects that Hassan Nawaz possesses, prima facie, ASSETS DISPROPORTIONATE AND BEYOND KNOWN SOURCES OF MEANS.



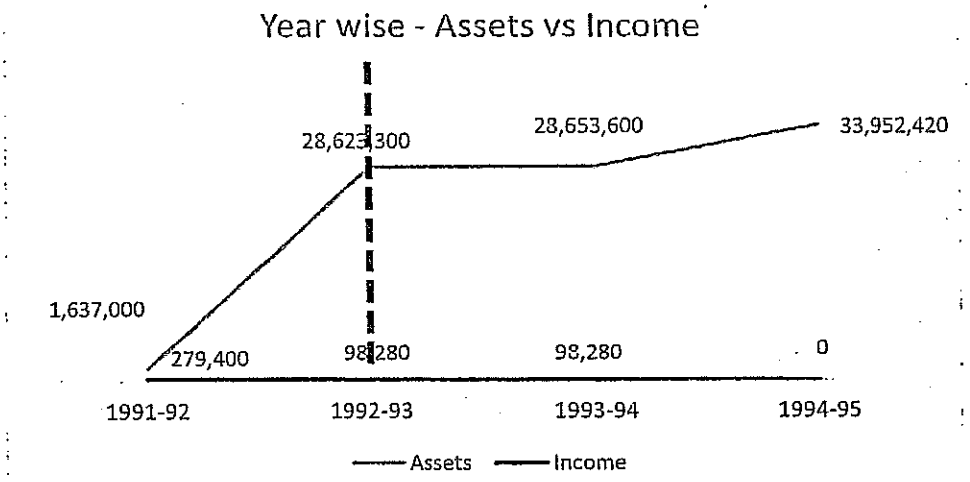
Ms Asma Nawaz (Dar) - d/o Mian Muhammad Nawaz Sharif

10. Asma Nawaz was dependant of Mian Muhammad Nawaz Sharif; her tax returns have been filed by his father from 1995-96, however she started filing her returns from 2001-02. She filed her IT Returns from 1995-96 till 2001-02 (Assessment years) and 2002-03 till 2005-06 were tax tears. She filed her Wealth Statement for assessment years 1996-97, 1997-98, 2000-01, 2001-02 and tax tear 2003-04, however, she never filed her Return of Wealth Tax; (details at **Annex Z**). Mian Muhammad Nawaz Sharif declared her assets in his Return of Wealth Tax. Analysis of available data reveals following:

a. It cannot be ascertained from where assets worth Rs. 1.47 million in year 1991/92 have been acquired by Ms. Asma/ Mian Muhammad Nawaz Sharif in her name as declared by Mian Muhammad Nawaz Sharif in his Return of Wealth Tax. Prima facie, it seemed an attempt to hide assets and move money.

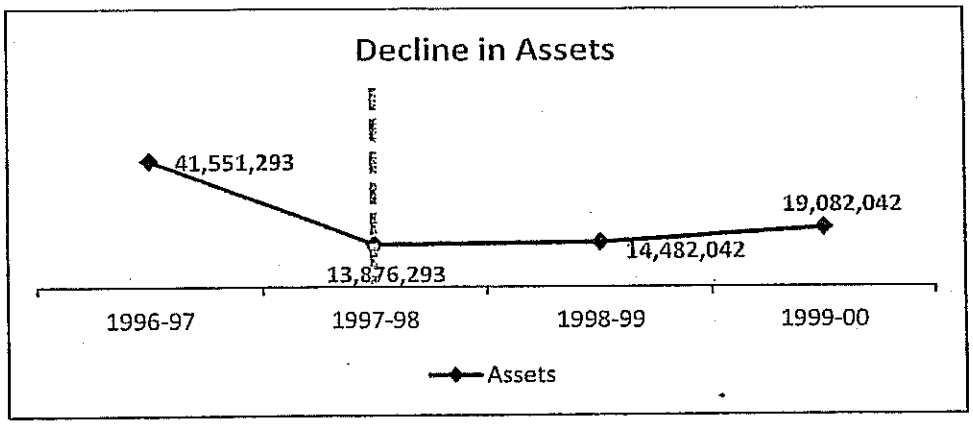
b. Assets owned by Ms. Asma Nawaz were worth Rs 1.47 million in year 1991/92; grew 21.7 times in the year 1992/93 to Rs 31.55 million without any visible source. Similarly, in the year 2000/01, Respondent No. 1 transferred assets Rs. 30.856 million in her name for which sources/ origin of assets were not declared by herself or her father. Returns of wealth tax of Mian Muhammad Nawaz Sharif for assessment years 1991/92 & 1992/93 are attached as **Annex S**.

c. In the year 2000/01, CSML was incurring a loss of Rs. 131.12 million, however Ms. Asma received dividends in the form of income worth Rs 1,128,000/- from the company. The same cannot be justified as a company in loss cannot provide profit to shareholders.



d. In the year 2000/01, Ms. Asma received dividends worth Rs 1,128,000/-; whereas outflow of income included worth Rs 1 million loan to her grandmother SA and Rs 1.2 million to her mother Ms. Kulsoom Nawaz totaling Rs. 2.2 million which also excludes the expenditure incurred during the year.

**Mrs. Kulsoom Nawaz**



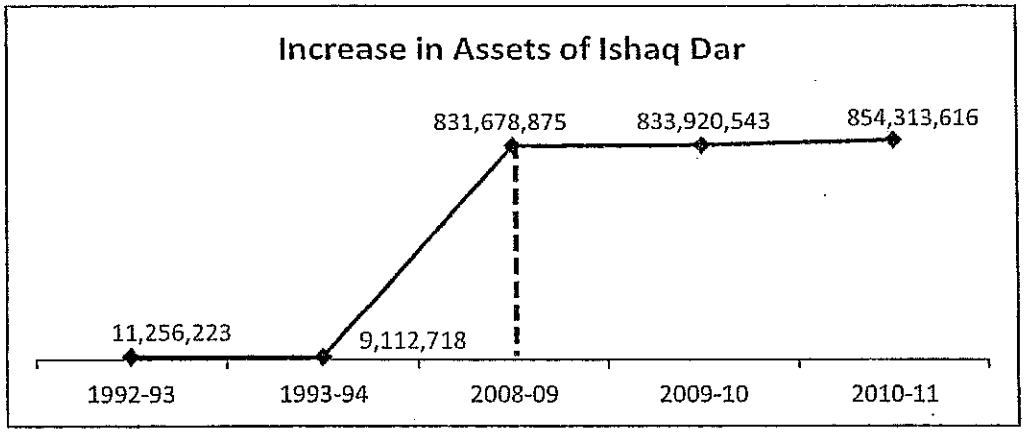
11. Mrs. Kulsoom Nawaz, wife of Respondent No. 1, has been part of the family business and had been filing return since year 1984-85. She owned assets worth Rs 747,231/- as per return of wealth for the year 1985/86. (details at **Annex AA**). Analysis of returns of Mrs. Kulsoom Nawaz reveal following:-

a. Total Assets of Mrs. Kulsoom Nawaz increased 17.5 times from Rs 1.64 million in year 1991-92 to Rs 28.62 million in year 1992-93, against the reported income of Rs 279,400/- only.

JOINT INVESTIGATION TEAM
PANAMA CASE

b. There was a sharp decline of Rs 27.67 million in assets in the assessment year 1997-98, details about the disposal in the form of transfer, sale or gift was not declared, hence cannot be ascertained.

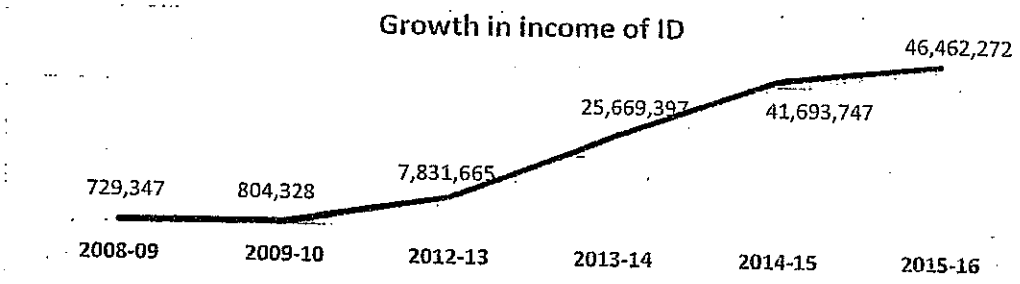
c. Mrs. Kulsoom Nawaz also owned property worth Rs 63.75 million in Changla Gali which was not declared in her Wealth Statement of tax year 2012/13, however is declared in the Wealth Statement of spouse; Mian Muhammad Nawaz Sharif. Wealth statement of Mian Muhammad Nawaz Sharif and Mrs. Kulsoom Nawaz for tax year 2013/14 are at **Annex BB**.



<u>Mr. Muhammad Ishaq Dar (Respondent No. 10)</u>

12. Limited Tax record of Mr. Muhammad Ishaq Dar was available with FBR. His IT returns are missing from 1981/82 till 1985/86. Wealth statements were not provided by FBR from assessment year 1994/95 till 2001/02 and tax year 2002/03 till 2007/08 despite

**repeated requests.** In order to ascertain the true picture of assets held, Return of Personal Assets (ROPA) was retrieved from Election Commission of Pakistan. (details at **Annex CC**).



a. In his wealth statement in 2008/09 an increase of 91 times in his assets was seen from Rs. 9.11 million to Rs. 831.70 million. This exorbitant leap in his assets is not clarified/ supported through any plausible financial documents. Wealth statement for assessment year 1981/82 is at **Annex DD**.

b. In ROPA of year 2005, he reported investment of GBP 5.5 million in BARAQ Holdings Limited *(investment with Shaikh Nahayan)*. In 2008, out of the same investment, he extended loan GBP 4.9 million to his son. Source of GBP 5.5 million was not declared. Prime facie, this capital became the source to build his empire in Dubai as well as his assets in Pakistan. ROPA for year 2005 and 2008 at **Annex EE**.

c. From 2006 till 2016, he has received remittances from UAE worth Rs 627 million (*source ROPA*), which included repayment of loan and gifts from his son. These remittances became prime source of assets build up and increase in his income from mere Rs. 0.7 million in 2009 to Rs. 46 million in 2015-16. These gifts and foreign remittances are tax exempted. Since source of parent capital (GBP 5.5 million) is not clarified by Respondent No. 10, ROPA for years 2006, 2007 & 2009 - 2016 and Wealth statement for year 2016 are at **Annex FF**. ROPA for year 2008 at **Annex GG**.

d. ROPA/ wealth statements from 2009/10 till 2015/16 reveals donation of Rs 169.276 million to various charities with major chunk to his own Hajveri Trust and Hajveri Foundation (*Rs 86.18 million, details are tabulated below*). Donations declared in ROPA of year 2012 - 16 were not declared in wealth statements of said years. These donations gave him tax exemptions while keeping such huge amounts within his own access; amounts to tax evasion. ROPA for years 2009, 2011 - 2016 and wealth statement for year 2016 at Annex FF and Wealth Reconciliation statements for tax year 2008/09, 2010/11 & 2012/ 13 and Wealth statements for years 2013/14-2015/16 are at **Annex HH**.

| Year | Donation to | Amount |
|---|---|---|
| 2009 | Hajveri Trust | Rs. 0.3 million |
| | CM Punjab Relief Fund for IDPs of NWFP | Rs. 50.0 million |
| 2011 | Hajveri Trust | Rs. 1.929 million |
| | Helpline Charitable Organization | Rs. 1.0 million |
| | CM Punjab Flood Relief Fund | Rs. 10.0 million |
| 2012 | Senate Emergency Relief Fund | Rs. 1.025 million |
| | Indus Foundation Trust | Rs. 0.25 million |
| | Ramzan Ration / Food distribution | Rs. 2.285 million |
| | Hajveri Foundation | Rs. 4.0 million |
| | Hajveri Trust | Rs. 2.5 million |
| 2013 | Ramzan Ration / Food distribution | Rs 2.33 million |
| | Hajveri Foundation | Rs 5.0 million |
| | Hajveri Trust | Rs 3.0 million |
| 2014 | National Assembly Employees Welfare Fund | Rs 0.5 million |
| | Senate Secretariat Employees Welfare Fund | Rs 0.5 million |
| | Mst Naziran Bibi | Rs 0.05 million |
| | Hajveri Foundation | Rs 9.3 million |
| | Hajveri Trust | Rs 2.26 million |
| 2015 | Hajveri Foundation | Rs 50 million |

| | | |
|---|---|---|
| | Hajveri Trust | Rs 1.39 million |
| | PM Relief Fund for TDPs | Rs 0.127 million |
| | CM (Punjab) Fund for Flood Relief | Rs 10 million |
| 2016 | Hajveri Foundation | Rs 10 million |
| | Hajveri Trust | Rs 1.53 million |
| | **Total** | **Rs 169.276 million** |

13. **Findings**

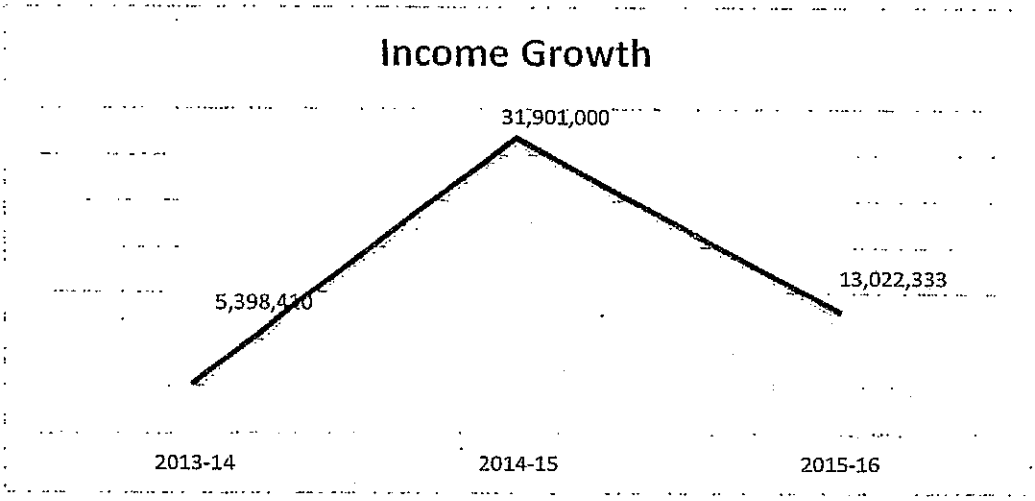
a. Mr. Muhammad Ishaq Dar did not file income tax returns from 1981/82 to 2001/02. Being an expert in economics and part of ruling elite is, prima facie, tantamount to tax evasion.

b. An exorbitant increase in his assets has been observed since year 2008/09 for which source of funds/ income and details were not furnished despite repeated requests/ opportunities.

c. Analysis of financial details of his assets and record of FBR reflects dichotomies on mis-declaration of assets is tantamount, prima facie, to hiding of assets and tax evasion.

d. Respondent No. 10 invested GBP 5.5 million in BARAQ Holdings in UAE. Source of these funds was not disclosed by him despite repeated requests. Out of these funds, GBP 4.97 million were given by him to his son. After year 2008, he started receiving funds and payment of loans from his son which became a source for his assets build up in Pakistan.

e. Respondent No. 10 gave substantial amount of funds (Rs 169.27 million) in Charity. Major chunk of charity was given to his own organisation and keeping the funds within his own access. These donations were mentioned in his personal expenses in his wealth statements. Thus, availing tax exemption on these hefty amounts is, prima facie, tantamount to tax evasion.



f. Financial analysis of Respondent's No. 1 assets and his available record of FBR reflects that Ishaq Dar possesses, prima facie, ASSETS DISPROPORTIONATE AND BEYOND KNOWN SOURCES OF MEANS.

Mr. Saeed Ahmed

14. Mr. Saeed Ahmed, currently the President of National Bank of Pakistan, registered as a tax payer in 2015, therefore, no record of prior to tax year 2015 is available.

a. In his IT Return for 2014-15, he declared foreign income amounting to Rs. 20 million but no evidence regarding source of this income is available.

b. Moreover, in his wealth statement for same year, he declared foreign remittances worth Rs. 17.13 million for which sources cannot be ascertained.

c. A detailed account of the role and activities of Mr. Saeed Ahmed in the wealth accumulation of the Sharif family have been discussed in detail in the Hudabiya Paper Mills Limited case at Volume VIII A.

16. Detailed financial analysis of these companies from the record made available to the JIT is at **Annex II**:-

a. The companies, wherein respondents were acting as shareholders/directors/beneficial owners are primarily family owned businesses. These companies were mainly incorporated in 1980s and 1990s when respondent number 1 was holding public office.

b. The respondents being shareholders injected nominal capital as seed money and these companies were mainly entrusted with borrowed funds from bank/financial institutions/ foreign financial institutions or foreign incorporated special purpose vehicles.

c. The companies also borrowed funds at inception stages and rolled over funds with other facilities. Foreign currency funds were generated to install plants and machinery. However, going forward, majority of the companies were either non-operational or were not functioning at the maximum capacity and were in loss having negative equity. Such companies included Mohammad Buksh Textile Mills Limited, Hudaibya Paper Mills Limited Hudaibya Engineering Company Private Limited, Hamza Board Mills Limited, Mehran Ramzan Textile Mills Limited.

d. Due to weak performance and in absence to accumulated or operational profits, dividends were not declared except in few years. These companies are mainly loss making units and almost last twenty year no significant turnaround was observed.

## CONCLUSIONS

17. As per the afore-stated detailed analysis, significant gap / disparity amongst the known and declared sources of income and the wealth accumulated by the Respondent No. 1, 6, 7 and 8 have been observed. The financial structure and health of companies in Pakistan

JOINT INVESTIGATION TEAM
PANAMA CASE

having linkage to the Respondents also do not substantiate the wealth of the Respondents. There exists a significant disparity between the wealth declared by the Respondents and the means though which the Respondents had generated income from known/declared sources.

18. Moreover, irregular movement of huge amounts in shape of loans and gifts from Kingdom of Saudi Arabia based company (Hill Metals Establishment), United Kingdom based Companies (Flagship Investments Limited and others) and United Arab Emirates based Company (Capital FZE) to Respondent No. 1, Respondent No. 7 and Pakistan based companies of Respondent No. 1 and family have been highlighted.

19. The role of off-shore companies is critically important as several off-shore companies (Nescoll Limited, Nielsen Enterprises Limited, Alanna Services Limited, Lamkin S.A., Coomber Group Inc., Hiltern International Limited) have been identified to be linked with their businesses in UK while conducting this investigation. These companies were mainly used for inflow of funds into UK based companies; which not only acquired expensive properties in UK from such funds but also revolve these funds amongst their companies of UK, KSA, UAE and Pakistan.

20. In addition to the companies, Respondent No. 1 and 7 have been found to be recipients of these funds movement into Pakistan as gifts/loans whose purpose/reason have not justified by them before the JIT. Needless to say, these UK companies were loss-making entities with heavily engaged in revolving of funds vis-à-vis creating a smoke screen that the expensive properties of UK were due to the business operations of these UK companies.

21. The JIT is compelled to refer to:

> *Section 9(a)(v) of the National Accountability Ordinance, 1999:*
> "A holder of a public office, or any other person, is said to commit or to have committed the offence of corruption and corrupt practices:-

(v) if he or any of his dependents or benamidars owns, possesses, or has acquired right or title in any assets or holds irrevocable power of attorney in respect of any assets or pecuniary resources disproportionate to his known sources of income, which he cannot reasonably account for or maintains a standard of ASSETS beyond that which is commensurate with his sources of income ---"

*Section 14(c) of the National Accountability Ordinance, 1999:*

"In any trial of an offence punishable under clause (v) of sub-section (a) of Section 9 of this Ordinance, the fact that the accused person or any other person on his behalf, is in possession for which the accused person cannot satisfactorily account, of assets or pecuniary resources disproportionate to his known sources of income, or that such person has, at or about the time of the commission of the offence with which he is charged, obtained an accretion to his pecuniary resources or property for which he cannot satisfactorily account, the Court shall presume, unless the contrary is proved, that the accused person is guilty of the offence of corruption and corrupt practices and his conviction therefor shall not be invalid by reason only that it is based solely on such presumption."

21. The Qanun-e-Shahadat Order, 1984 and the following provisions are also relevant:

*Article 122 of the Qanun-e-Shahadat Order, 1984:*

"122. Burden of proving fact especially within knowledge. When any fact is especially within the knowledge of any person the burden of proving that fact is upon him.

*Article 117 of the Qanun-e-Shahadat Order, 1984:*

"117. Burden of proof. (1) Whoever desires any Court to give judgment as to any legal right or liability dependent on the existence of facts which he asserts, must prove that those facts exist.

(2) When a person is bound to prove the existence of any fact, it is said that the burden of proof lies on that person."

*Article 129 of the Qanun-e-Shahadat Order, 1984:*

"129. Court may presume existence of certain facts. The Court may presume the existence of any fact, which it thinks likely to have happened, regard being had to the common course of natural events, human conduct and public and private business, in their relation to the facts of the particular case.

*Article 2(4), (7) and (8) of the Qanun-e-Shahadat Order, 1984:*

Definition of "proved":

"(4) A fact is said to be proved when, after considering the matters before it, the Court either believes it to exist, or considers its existence so probable that a prudent man ought, under the circumstances of the particular case, to act upon the supposition that it exists.

(7) Whenever it is provided by this Order that this Court may presume a fact, it may either regard such fact as proved, unless and until it is disproved, or may call for proof of it.

(8) Whenever it is directed by this Order that the Court shall presume a fact, it shall regard such fact as proved, unless and until it is disproved."

22. **Failure on the part of all Respondents to produce the requisite information confirming "known sources of income" is prima facie tantamount to not being able to justify assets and the means of income.**

# JIT's ANALYSIS OF JIT OF STATEMENT OF MR. MUHAMMAD TARIQ SHAFI SON OF MUHAMMAD SHAFI

**(Recorded on 16th May, 23rd May and 2nd July 2017)**

1. **Significance of the Statement of Mr. Tariq Shafi.** The Honorable Supreme Court of Pakistan in its Order dated April 20, 2017 had raised 5 questions about Gulf Steel Mills; how did Gulf Steel Mills come into being; what led to its sale; what happened to its liabilities; where did its sale proceeds end up; how did they reach Qatar, Jeddah and the U.K. The sale of Gulf Steel Mills in 1980 is the basis of all subsequent questions that have been given to the JIT for investigation by the Honorable Supreme Court of Pakistan.

2. Mr. Tariq Shafi is the only witness from the side of the Respondents, who, through two Affidavits dated November 12, 2016 and January 20, 2017, attempted to provide answers to the Honorable Supreme Court of Pakistan about the questions related to Gulf Steel Mills.

3. The JIT, after examining the documents filed by the Petitioners and CMAs by the Respondents, summoned Mr. Muhammad Tariq Shafi, while also asking for relevant record/ documents. Mr. Tariq Shafi appeared before the JIT and his statements were recorded 16th May, 23rd May and 2nd July 2017 respectively. Despite prior notice, he failed to produce any record, documents or material before the JIT to substantiate his statement.

4. **JIT's Findings/ Analysis of Statement of Mr. Tariq Shafi on 16 May**: After having examined the witness and the Affidavits along with annexures of Mr. Tariq Shafi, produced by Respondent No. 7 (CMA 7531, pages 59 and CMA 432 pages 20-21), the JIT observes:-

   a. He remained evasive and kept changing his stance most of the time, while responding to various questions. He tried to manipulate facts and hide truth on few accounts.

   b. The Affidavits along with the Annexures of Tariq Shafi were drafted by Barrister Salman Akram Raja on behalf of Mr. Tariq Shafi. He has not read or understood the Affidavit before signing, hence, has failed to justify contents of these Affidavits while attributing the anomalies to his lawyer. Therefore, these documents cannot be relied upon being factually incorrect, speculative, tampered and misleading. He was asked to read both Affidavits and to clarify his position

on each issue. The anomalies and contradictions as identified in the Affidavits vis-à-vis Mr. Tariq Shafi's statement are as under:-

| Serial | Excerpts from Affidavits | JIT observations / contradictions |
|---|---|---|
| | **Affidavit dated November 12th, 2016 (CMA 7531)** | |
| (a) | Paragraph 3:<br>.....During this period, Late Mian Muhammad Sharif decided to establish, in partnership with one Muhammad Hussain, a company in Dubai,..... under the name and style of Gulf Steel Mills [ ](the Company)..... | • He repeatedly stated that Mian Sharif was the sole owner of Gulf Steel Mills, which was established by acquiring 100% loan without any equity/ collateral on personal guarantee of Mr Muhammad Sharif.<br>• He repeatedly stated that he has never met Mr. Muhammad Hussain neither he has seen his signatures on any document of the Company including the "Application of the Trade License" and subsequent "Agreements".<br>• The available evidence/ documents do not indicate that profit/ liabilities of the Company were shared with Mr. Hussain.<br>• He failed to explain the role of Mr. Hussain in a business as a partner, which was running on 100% loan on personal guarantee of Mian Sharif.<br>• A word has been obliterated after the words "Gulf Steel Mills" which appears and about which the witness speculated it to be the word "Limited". This omission has serious implications on the limit of the liabilities of the Company referred to in subsequent agreements. |
| (b) | Paragraph 4:<br>In 1973, I was only 19 years old, and Late Mian Muhammad Sharif.....he gave my name, instead of his own, as a partner/shareholder in aforesaid | • He proceeded to Dubai in 1974 instead of 1973; he admitted it to be incorrect, terming it as a typographical error. Moreover, his age was not 19 years at the time, as stated.<br>• Contrary to his considered stance that |

| (c) | **Paragraph 5:**<br>.....I signed this agreement being the ostensible owner to the extent of my Late Uncles' share in the Company. | • He readily accepts himself to be *'Benamidar'* of only Mr. Muhammad Sharif. However, he could not produce any evidence that could corroborate his assertion especially in the backdrop of Mr. Shahbaz Sharif's role in the management/ affairs of the Company (especially from 1978 to 1980) and mention of his name as authorized representative of Mr. Tariq Shafi in the sale agreement.<br>• He kept reiterating that it was a family business and Mian Sharif was head of the family. However, when confronted with his statement in the Affidavit, he altered his stance and stated that Mian Sharif was the sole owner while all other family members were employees of the Company.<br>• He could not explain the literal meaning of "ostensible owner" as well as "to the extent of my late Uncles' share", which substantiates the fact that either he did not read or understand contents of the Affidavit before signing or intentionally attempted to mislead the Honorable Court.<br>• As the meanings were explained by JIT, he retracted to his initial position that Mr. Muhammad Sharif was the sole owner of the Company.<br>• He apprised that his lawyer, Barrister Salman Akram Raja, on his instruction drafted the Affidavit, but he only |

| (d) | Paragraph 6:<br>Some time after the establishment of the Company and commencement of its steel business, Mr. Muhammad Hussain, one of the partners of the Company expired, and pursuant to a cession letter by all his legal heirs, the entire business of the Company came to vest, along with all its obligations/ guarantees, in my name. | • He reiterated that Mian Sharif was the sole owner of the business and he neither knows nor has ever met Mr. Muhammad Hussain.<br>• He stated that Mr. Muhammad Hussain was the brother-in-law of Mian Sharif's wife (Mian Sharif's *humzulf*). However, he denied knowing Mr. Hussain or his family but subsequently mentioned the son of Mr. Hussain namely; Mr. Shahzad, who per his knowledge lives in Lahore. He claimed to have met Mr. Shahzad on a few occasions at family events but did not possess his contact details.<br>• He was asked to check and confirm Mr. Muhammad Hussain's date of death. In response he informed that Mr. Muhammad Hussain died in July 1977 and the exact date is unknown. The Gulf Steel Mills was inaugurated and started its production on July 7, 1977, contradicting the fact that the expiry of Mr. Muhammad Hussain was "some time after..." He could not provide any documentary evidence of the death of Mr. Muhammad Hussain.<br>• He stated that he did not obtain the 'cession letter' from the family of Mr. Muhammad Hussain and had not personally confirmed the veracity of the contents of the 'cession letter' when it was provided to him by Mian Sharif.<br>• He failed to produce a copy of the |

| | | 'cession letter' and could not elaborate the timeframe/ date of its signing.<br>• He could not explain the expression "the entire business of the Company came to vest, along with all its obligations/ guarantees, in his name" which is another attempt to mislead the Honorable Court. |
| (e) | **Paragraph 7:**<br>....the steel mill factory was set up from finances generated from loans obtained from Bank of Commerce and Credit International (BCCI) ~~and Union Bank of Middle East (UBM)~~ in Dubai. Thus, no amounts/ sums of money were transferred or remitted from Pakistan for the purpose of financing or running of business. | • He failed to produce any documentary record/ evidence to substantiate that the factory was established on 100% loan without any collateral/ equity; the statement is otherwise against banking and accounting rules/ norms. It becomes even more doubtful as there was another partner namely; Mr. Hussain whose role in the partnership remains unexplained. It has not been explained as to how shares of the company were issued and subsequently transferred when the Company has 0% paid-up capital (equity).<br>• He stated that there is no cutting or overwriting or deletion of any word while signing the Affidavit which is otherwise quite apparent. He attempted to explain, by stating that this may have been done by his lawyer subsequent to his signing.<br>• He repeatedly stated that he was only looking after administrative matters of the factory while financial matters were exclusively supervised by Mian Sharif (from 1974 to 78) and occasionally by Mr. Shahbaz Sharif (from 1978 to 80) assisted by his Bengali accountant namely; Mr. Shafi Alam.<br>• When confronted on the basis for making |

| | | the emphatic assertion that no funds were transferred from Pakistan, especially in view of his young age and his own repeated claims that he had no knowledge of the financial dealings of Mian Sharif and his partner Mr. Hussain with the bank, he could not explain his position. He confessed that the facts have been wrongfully stated in the Affidavit regarding denial of transfer of funds from Pakistan, as he had no knowledge or access to related record/ information related to transfer of funds from Pakistan. |
| (f) | **Paragraph 8:**<br>In the year 1978, Late Mian Muhammad Sharif decided to sell off 75% of the shares of this Company to one, Mr Abdallah Kaid Ahli, inter alia, to settle the Company's outstanding liabilities with the banks in Dubai. | • The word "banks" implies that the loan was acquired from more than one bank (BCCI and possibly UBM due to strikethrough of words) in contradiction to his statement. |
| (g) | **Paragraph 9:**<br>.... With the execution of tri-partite agreement, it was agreed that the business of the factory henceforth will be run in the name of "Ahli Steel Mills Company", and that the capital of the new Company will be 28,500,000 Dirhams of which Mr. Abdallah Kayd Ahli will subscribe 75% share while remaining 25% of this capital, in the form of remaining part of the Company, would be treated as contributed by myself.....<br>In pursuance thereof, afresh | • He narrates the financial details (in UAE Dirhams) of the Company, which he himself stated that he was not privy to.<br>• Summary of transactions is given in subsequent paragraphs reflecting that there was a balance deficit to be settled by Tariq Shafi after payment to BCCI - AED 14,648,899.91. |

However, following questions remained unanswered:-<br>o Why was the Company sold when it was earning good profits?<br>o Why he, in almost every paragraph, of his Affidavit, exclusively writes "as desired/instructed/directed by Mian Sharif".<br>o From 1978 to 1980, he spent most of his time in Pakistan as Mr. Abdallah Ahli took charge of the Company. | | | Union Bank of Middle East on behalf of Mr. Ahli in favor of Mr. Tariq Shafi.<br><br>In his statement before the JIT, Mr. Tariq Shafi stated that he received the entire consideration of AED 12 million in six installments of AED 2 million each in cash from Mr. Ahli. He further added that no receipt was made out for these transactions.<br><br>The above assertion made by Mr. Tariq Shafi does not correspond with the norms of commercial transactions keeping in view the fact that the entire sale consideration was to be secured against a bank guarantee mentioned in para 4 and the consequent actions mentioned in paras 7, 8, and 9 of the April 14, 1980 agreement. The main reason being the fact that the banking issuing the guarantee would require or insist upon some form of documentation in discharge of its obligations covered under the terms of guarantee.<br><br>When this anomaly was pointed out to Mr. Tariq Shafi he shifted his stance by stating that no bank guarantee was arranged by Mr. Ahli and therefore the said agreement could not be acted upon. He further stated that consequently another agreement was signed between the parties wherein it was agreed that Mr. Ahli would be making six monthly installments of AED 2 M each in cash. He was asked to provide a copy of this agreement the following day but submitted a copy of the same agreement already produced in the Court earlier. |

Moreover, per his own statement he was authorized to handle only small amounts of payments, largest being AED 60,000 which is further negates the claim of handling AED 12 million in cash over a 6-month period of time. Moreover, the reference made to the general practice of dealing in cash in the Gulf in those times is contradictory to his own statement of issuing cheques for large amounts.<br>• He stated that he used to receive instructions from Mian Sharif to deliver instalments to different representatives of Al Thani, whom he neither knew nor had seen earlier.<br>• He further stated that he was told by Mian Sharif that people who collected money (Dh 12 million) from him were representatives of Al Thani and Qatari nationals, however, he neither had any information on their identities nor had any prior acquaintance with them. He failed to produce any record/ receipt showing transfer of money from Mr. Ahli to him or from him to Al Thani. He claims that all payments were made on verbal instructions and trust, which is not in line with the agreement mentioning that Bank Guarantees were kept for payment from |

However, there is visible cutting (~~12~~) on the document, which tantamount to tampering. When asked to explain, the witness stated that "this cutting could have been done by his lawyer after he had signed the document", however, he was unaware about this change. |

ii. Observations/ anomalies in the attached documents with Affidavits of Mr. Tariq Shafi are as under:-

(a) The permission letter granted by the Government of Dubai presented by Mr. Tariq Shafi is issued in favor of Mr. Tariq Shafi and Mr. Muhammad Hussain as joint owners of Gulf Steel Mills Limited as against the claims of sole ownership

of Mian Muhammad Sharif declared by Mr. Tariq Shafi. The submitted document is neither attested nor notarized. The permission letter has been issued on April 24, 1974 whereas Mr. Tariq Shafi declared that he had not signed any application before June 1974, implying that the application for issuance of this letter was either signed by someone else or statement of Mr. Tariq Shafi is false.

(b) Professional License by Dubai Municipality (CMA 7531, page 10). The document (signature of UAE Government only) is also attested by Consular Attaché of Pakistan Consulate, Dubai. However, Mr. Tariq Shafi stated that he never visited the Consulate for the purpose. Furthermore, he states that he visited Dubai towards the end of May/ early June 2016 and it took between 1-2 weeks for verification of these from the Notary Public, Dubai. The Pakistani Consulate attested the document on 30 May 2016, indicating that he visited Dubai, at the earliest, in the first or second week of May 2016.

(c) Paragraph 3 of the Approval Letter by the Government of Dubai (CMA 7531, page 13) shows that "the Government of Dubai shall be entitled to 10% of net profits of the project to be paid yearly according to the accounts audited by a recognized auditor". The Company never paid any profit to the Government of Dubai even during the claimed boom period (from 1978 to 1980). Mr. Tariq Shafi could not produce any record/ document in this regard. Furthermore, the document is neither certified by the Notary Public, Dubai nor signatures of the Ruler of Dubai (page 14) are legible.

(d) The Share Sale Contract (CMA 7531, page 21) is the first document which contains details of the sale of 75% shares by Mr. Tariq Shafi to Mr. Abduallah Ahli. Page 2 of the document states "since the said share is registered in the name of second party and his partner Mr. Mohammad Hussain". It further enumerates the names of heirs of Muhammad Hussain (son Shahzad Hussain, widow and minors), who have signed a 'cession letter'. These are contrary to the statement of Mr. Tariq Shafi, who time and again, stated before the JIT that he never met Mr. Muhammad Hussain/ his heirs nor did he ever see the name or signature of Mr. Muhammad Hussain on any official document. Copy of cession letter was attached with this document but the same has not been provided by him as an annexure.

(e) The sale agreement with Mr. Kayed Ahli in 1978 placed all the responsibilities of clearing all the liabilities including the electricity bills on the first party i.e Mr. Tariq Shafi, acting on behalf of Mian Sharif. The question arises, that if the AED 12 million were handed over to Mr. Fahad Al-Thani, how were the liabilities cleared which ran into millions of Dirhams? A table highlighting the liabilities is as below (detailed calculation at *Appendix-I*):

| | |
|---|---|
| Total Liability of Gulf Steel Mills on the date of Share Sale Contract (1978)- see page 35 of CMA | 36,023,899.91 |
| Amount settled by Mr. Abdallah Kaid Ahli | 21,375,000.00 |
| Balance Deficit to be settled by M Tariq Shafi after payment to BCCI by Buyer of 21,375,000 being 75 % share | 14,648,899.91 |
| Net Consideration received under agreement dated 14.4.1980 for balance 25 % Shares | 12,000,000.00 |
| **Balance Deficit of Gulf Steel** | **(2,648,899.91)** |

The liabilities calculated as per the sale agreements stand to the tune of AED 14.65 million (refer to Table at *Appendix-I*). There is an evident mismatch between the liabilities of the Company and the position assumed by Mr. Tariq Shafi pertaining to the sale value of the Company i.e., AED 12 million in 1980. Moreover, Mr. Tariq Shafi stated that this amount was not utilized for clearing the outstanding liabilities, leaving the question as to how these were cleared as Mian Sharif did not have any other overseas business at that time? Mr. Tariq Shafi, in reponse to this query, mentioned that between 1978 and 1980 Ahli Steel Mills generated a profit of AED 5 million against his shares (25%) - the mismatch with the liabilities remains unexplained.

5. **JIT's Findings/ Analysis of Statement of Mr. Tariq Shafi on 23 May 2017**: Mr. Muhammad Tariq Shafi appeared before the JIT in response to the 3rd Summon, which required complete list of relevant documents/ record, to be produced by him before the JIT. However, he again failed to provide any document/ record with reference to Gulf Steel Mills on the pretext that he was not in possession of any documents/ record of under reference property/ Company, which ceased to exit four decades ago. Mr Tariq Shafi, after consulting his lawyer on mobile phone in a separate room declined to provide "Data Declaration Consent" to JIT when so asked.

JOINT INVESTIGATION TEAM PANAMA CASE

He again retracted from his position about certified copies of Gulf Steel documents/ record, which have recently been acquired from Dubai in 2016 and are attached with Affidavits of Mr. Tariq Shafi in favour of Respondent No. 7 in CMA 7531 & 432. He now stated that these documents/ record were neither acquired by him from Dubai nor he got these attested/ certified from Notary Public Office, Dubai and Pakistan Consulate, Dubai. He stressed that he never visited Pakistan Consulate Dubai for the purpose.

6. He was made to verify/ certify each page of documents/ record, attached with his under reference Affidavit before the JIT in the wake of his above stated stance. He verified all the documents, less signatures on agreement of 1980). He also stated that he did not divulge any information about proceedings/ investigations of JIT with reference to his appearances on 16 May 2017 and – May 2017 with anyone except his lawyer namely Muhammad Nawaz Chaudhary, whom he considers highly trustworthy. He assured the JIT that he did not meet or talk on telephone with any family members of Sharif family including Mr. Hussain Nawaz Sharif. Concurrently, the lawyer of the witness namely Mr. Muhammad Nawaz Chaudhary submitted 3x applications to JIT on behalf of his client (Mr. Tariq Shafi) objecting to the JIT proceedings and provision of documents/ record by the witness (copies of under reference applications are attached as *Appendix-X.* The Application filed by Respondent No.7 reflects facts to be contrary and indicates that Mr. Tariq Shafi has not been truthful yet again.

7. Some of the observations/ findings of JIT on the basis of this statement by Mr. Muhammad Tariq Shafi are as under:-

a. Mr. Taiq Shafi remained evasive, non-committal, speculative, and inexact during his statement. He tried to parry most of the questions by the JIT by giving indefinite answers for hiding truth, manipulating facts and concealing evidence.

b. Mr. Tariq Shafi is attempting to conceal some documents/ record of Gulf Steel Mills, which either have yet not been provided by the witness and the Respondents or do not tally with provided documents. His non-provision of documents/ record and plain refusal to give "Data Disclosure Consent" to the JIT corroborates the fact that he was consciously veiling the evidence and possibility

of its access by JIT, which he was otherwise required to produce before the JIT (refer to Qanon-e-Shahdat and burden of provision on the witness).

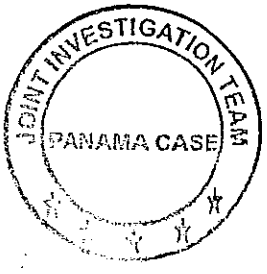
c. As a standing procedure, Notary Public or even Pakistan Consulates do not certify/ attest any document without presence/ appearance of the actual holder of the documents. This statement of Mr. Tariq Shafi cast further suspicion about the credibility of attached documents/ record with Affidavits (Licence of Gulf Steel Mills, Tripartite Agreement etc) as he assuredly stated that he did not personally go to Notary Public, Dubai or Pakistan Consulate, Dubai. Thus either the provided documents/ record are un-authentic or have been obtained by Respondents bypassing legal procedures.

d. The assertion by Mr. Tariq Shafi that he has problem with his signatures proved a lie as he signed over 50 pages before the JIT without any difference/ variation/ discrepancy. Furthermore, his denial to certify 'signatures' on the provided documents with his Affidavits and expressed uncertainty about correctness of 'signatures on the documents' smells a fish and indicates that someone else has been signing these documents of Gulf Steel Mills on behalf of Mr. Tariq Shafi. This conclusion draws strength from page 26 of Agreement (CMA 432), where Mr. Mian Muhammad Shahbaz Sharif signed the document "as representative of Mr. Tariq Shafi". However, instead of putting his own signatures of Mr. Shahbaz Sharif, the document contains apparently forged signatures of Mr. Tariq Shafi (the witness also declined to certify correctness of these signatures).

e. The statement by Mr. Muhammad Tariq Shafi that he did not divulge any details of investigation to anyone (including Respondent No.7) except his lawyer is very critical. When reviewed in conjunction with the Application submitted by Respondent No.7 dated 20 May 2017 about mistreatment of JIT with Mr. Tariq Shafi, the authenticity of the Application by Respondent No.7 and its contents becomes non-credible.

f. The applications submitted by Mr. Muhammad Nawaz Chaudhary on behalf of Mr. Tariq Shafi with reference to alleged mistreatment/ high headedness by JIT

JOINT INVESTIGATION TEAM PANAMA CASE



and violation of laws during investigations are factually incorrect. The investigations are being conducted by JIT (all 6 members as a team) in light of the Order by the Honourable Supreme Court of Pakistan under NAO-1999, FIA Act-1974 and CrPC, taking due cognizance of legal formalities/ procedural protocols. Furthermore, list of specific documents required to be produced before the JIT was also given in the second Summon by JIT (*Appendix-XI*), which the witness failed to produce during 3rd appearance.

8. **Analysis of Statement of Mr. Tariq Shafi dated 2 July:**

a. Mr. Tariq Shafi has stated that he continued to work in Dubai in 1980s and remained involved in import of scrap from Dubai for Ittefaq foundry and remained associated with a general trading company in the name and style of Al Imran for opening LCs for importing, Machinery and equipment which is used for setting up sugar mills.

b. He admitted that he obtained loans from the BCCI bank in his own name as well as in the name of company (Al Imran) in 1989. However, he defaulted on this loan and payment has never been made to the BCCI. It is also on record that BCCI moved a case against him and his company in the Dubai courts, he was placed on ECL and Warrants of Arrests were issued against him by the UAE Government in 1990s while he was in Lahore. This loan has never been repaid by Mr. Tariq Shafi and in 2012, according to him this loan was settled by the Ruler of Dubai on his own.

c. The above mentioned facts clearly negate the stance taken by Mr. Tariq Shafi in his earlier statements that he received the entire amount of 12 million Dirhams in 1980 from the sale of 25% shares of Al Ahle Steel (Gulf Steel) which he deposited with Qatari prince without making settlement of outstanding liabilities, including the loan of BCCI at that time. It is an established banking norm that a bank never extends a loan to a defaulter hence if earlier settlement had not been made with BCCI at the time of sale of 25% shares then how the BCCI extended him another huge loan. Similarly, if the dues of the government of Dubai, water

and electricity bills regarding Gulf Steel were not cleared by him then how he was allowed to continue to work in Dubai and no punitive action was taken against him at that time.

d. This further establishes that Mr. Tariq Shafi has never been fair in his business dealings and is in habit of twisting the facts and making concocted statements, which is already established from the analysis of his two affidavits submitted in the Supreme Court.

9. **Conclusive Findings**:

a. Mr. Taiq Shafi remained evasive, non-committal, speculative, and inexact during his statement.

b. The statement of Mr. Tariq Shafi and contradictions in his statements validate that neither Mr. Tariq Shafi nor his given Affidavits can be relied upon as credible evidence. These documents are factually incorrect, speculative, tampered and misleading.

c. This sole evidence (Affidavits of Mr. Tariq Shafi) about Gulf Steel Mills being the basis of the defence of the other Respondents (Respondents No 1, 6, 7 & 8) before the Honourable Supreme Court of Pakistan, is the lynch pin for providing the seed money for all subsequent, otherwise unexplained, transactions, including the purchase of Mayfair apartments, setting up of businesses in Saudi Arabia and United Kingdom, is conclusively unreliable, in the absence of any corroboratory record or evidence provided by Mr. Tariq Shafi.

10. The analysis of Statement of Mr Tariq Shafi is based on his statement cross analysed cross analysed with some with other witness statements and documents. The JIT's recent acquisition of key documents like the MLA response from UAE, have significantly altered the overall investigation of the case where it has become very clear that major parts of the statement of Mr Shahbaz Sharif are not based on facts.

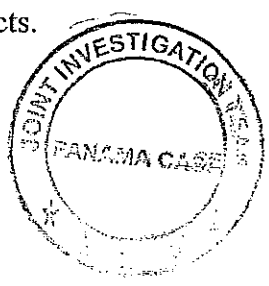
## JIT's ANALYSIS OF STATEMENT OF
## MIAN MUHAMMAD NAWAZ SHARIF S/O MIAN MUHAMMAD SHARIF



**(Statement Recorded on 15th June, 2017)**

1. Mian Muhammad Nawaz Sharif (Respondent No. 1), the Prime Minister of Pakistan, is alleged of owning assets disproportionate to known sources of income in his name or in the name of his dependents or Benamidar and rotation of ill-gotten money from/ to various countries. He is specifically alleged of not being truthful in his statements before the National Assembly (dated 16 May, 2016) and other public forums with reference to money trail leading to business empire of Sharif family, ownership of Avenfield Apartments and receipt of millions of dollars as gift from his son namely; Mr. Hussain Nawaz Sharif (Respondent No. 7).

2. Contrary to these allegations, Mian Muhammad Nawaz Sharif, in his written statements filed by his lawyer in the Honorable Supreme Court of Pakistan (CMA 7244) copiously endorsed (is it correct?) the stance of his children namely; Ms. Maryam Safdar (Respondent No. 6), Mr. Hussain Nawaz Sharif (Respondent No 7) and Mr. Hassan Nawaz Sharif (Respondent No. 8) with reference to Panama Case, to be correct. Hence, by doing this, he voluntarily owned and authenticated every word stated by the Respondents No. 6, 7 & 8 in the Honorable Supreme Court of Pakistan.

3. Apropos, he appeared before the JIT on 15th June 2016 and also produced copies of his Income Tax Returns/ Wealth Tax Returns since 1985. Some of the observations/ findings of JIT on the basis of this statement by Mian Muhammad Nawaz Sharif are as under:-

a. He could not satisfactorily answer most of the questions of the JIT. He was generally evasive and seemed preoccupied during the interview. Major part of his statement was based on "*hearsay*". He remained non-committal, speculative, and at times non-cooperative while recording his statement before the JIT. He tried to parry most of the questions of the JIT by giving indefinite answers or by stating that "he does not remember", ostensibly to conceal facts.

19

b. He explained, at length, that Sharifs are well-knit, closely associated and a deeply interdependent monolithic family. Mian Sharif had been head of family, who solely decided about the shares of various family members in the businesses, and the entire family used to be the beneficiary; he explained by stating that even educational expenses of his children were being paid by Mian Muhammad Sharif. This analogy is corroborated by analysis of Income Tax Returns whereby Mian Muhammad Nawaz Sharif, Mr. Hussain Nawaz Sharif, Mr. Hassan Nawaz Sharif and Mrs. Shamim Sharif (mother of Mian Muhammad Nawaz Sharif) have been gifting huge sums of money worth millions of dollars amongst family members including Ms. Maryam (Nawaz) Safdar; same is the case with utilization of the Avenfield Apartments and receipt of pocket money/ day to day expense by all family members from head of family especially during exile period, as stated by Captain (R) Muhammad Safdar. Therefore, it is fair to conclude that while the sons of Mian Muhammad Nawaz Sharif ostensibly own and operate independent businesses, the complete family of Mian Nawaz Sharif is directly or indirectly beneficiary of these businesses and properties or have beneficial interests.

c. He claimed to have disassociated himself from business affairs after stepping into active politics since 1985; similar expressions had earlier been made by him in various public statements. He stated to have relinquished managerial/ administrative portfolios in family business but did maintain shares in various businesses, whereas this statement is not consistent with held record.

d. His endorsement of statements filed by Respondents Nos. 6, 7 & 8 are mere "*hearsay*", hence cannot be relied upon.

e. He was confronted with the relevant contents of his speech to the nation dated 5th April, 2016 and address in National Assembly dated 16th May, 2016. Initially, he claimed privilege of not replying but later gave vague answers stating that whatever he had said was correct.

JOINT INVESTIGATION TEAM
PANAMA CASE

20

f. He did not endorse the contents of interview by Mrs. Kalsoom Nawaz Sharif, given to The Guardian newspaper in the year 2000, whereby she accepted ownership of Avenfield Apartments. He stated that she might not be in knowledge of actual situation.

g. He was visibly evasive about most of the questions related to Gulf Steel Mills. Whereas he remembered his participation in inauguration ceremony of Gulf Steel Mills Dubai but declined to confirm whether Mr. Muhammad Hussain (partner in Gulf Steel Mills and relation of Mian Muhammad Sharif) was present in said ceremony or not. Despite repeated questions, he stated that neither does he know Mr. Muhammad Hussain nor his partnership in Gulf Steel Mills, which is unlikely since, i) Mr. Muhammad Hussain (late) was the uncle of Mian Muhammad Nawaz Sharif, ii) Mian Muhammad Nawaz Sharif had been visiting Dubai from 1974 onwards, iii) Mr. Muhammad Hussain died in 1977 and his family rendered a cessation certificate in favour of Mr. Tariq Shafi; given the family relation and importance of the issue, the stance of Mian Muhammad Nawaz Sharif lacks substance, and iv) his lack of knowledge about affairs of Gulf Steel is contradictory to the culture of their (joint) family, as explained by all Respondents. After two and half hours of the interview, he admitted to know Mr. Muhammad Hussain, as his uncle (Khaloo) when explicitly confronted.

h. He stated that his father Mian Muhammad Sharif established Azizia Steel Mills in 2001. Mian Muhammad Sharif was a principled person, who believed in just distribution of assets. Accordingly, the benefits and sale proceeds of Azizia Steel Mills Jeddah were distributed amongst partners/ shareholders (Mr. Hussain Nawaz Sharif, Mr. Muhammad Abbas Sharif and Ms. Rabia Shahbaz Sharif).

(1) This statement is not consistent with the statements given by Mian Muhammad Shahbaz Sharif and Mr. Hussain Nawaz Sharif, who claimed that two partners surrendered their right and the sale proceeds of Azizia Steel Mills only went to Mr. Hussain Nawaz Sharif in line with the desire of Mian Muhammad Sharif.

(2) This part of the statement by Mian Muhammad Nawaz Sharif contradicts the arguments of Mr. Hussain Nawaz Sharif, who claimed to have established Hill Metals Establishment from the sale proceeds of Azizia Steel Mills. In this case, the shares of Mr. Hussain Nawaz Sharif in sale proceeds of Azizia Steel Mills are likely to be far less than the acclaimed spending on establishment of Hill Metals Establishment (i.e. SAR 43 Million).

i. He was completely non-committal about the two letters submitted by Mr. Hammad Bin Jassim Bin Al-Thani in Honourable Supreme Court of Pakistan for defence of Respondents Nos. 6, 7 and 8. He initially declined to have read the under reference two letters but later stated that he might have seen these. He also endorsed the correctness of these two letters before the JIT, without being sure about the contents. Such efforts to substantiate any evidence indicate the intention to subdue and thus dilute the credibility of the evidence (Qatari letters) itself (suggested to be rephrased as not very clear ). Furthermore, he could not explain the timeframe and procedure adopted for obtaining possession of Avenfield Apartments by his sons namely; Mr. Hussain Nawaz Sharif and Mr. Hassan Nawaz Sharif and was even uncertain of the actual ownership of the flats.

j. Mian Muhammad Nawaz Sharif although confirmed that he had the knowledge of the investment made by Mian Sharif with the royal family of Qatar but he hardly seemed to remember any details. Although saying that the sale proceeds of Gulf steel were used for the businesses set up by his sons he did not remember the details. He did not remember having seen the worksheet submitted by his sons with the CMA but in the end said that he stood by all the submissions made by his sons and daughters in the Supreme Court.

k. He stated that all expenses related to stay of Hasan and Hussain and the flats were being met by his father, Mian Sharif. He stated that he knew that his family was paying the ground rent, service charges and utilities but did not know whether rent was being paid or not. He knew that it was an arrangement made by the Qatari

Sheikh and his father. He also did not know how the bearer certificates were transferred.

l. Mian Muhammad Nawaz Sharif did not properly address the question of not mentioning of the Qatari investment in his speeches and interviews, and remained evasive.

m. He was unable to reply to questions with reference to possession of Avenfield Apartments vis-à-vis their management since 1993/94. He also showed ignorance about claimed "Trust Deed" signed by Mr. Hussain Nawaz Sharif on behalf of Ms. Maryam Safdar, thus diluting the credibility of the document (Trust Deed) and his own statement before the court whereby he authenticated correctness of the statements by the other Respondents.

n. He stated that he usually stayed in Apartment No. 16 (Avenfield) whenever he visited London. It is interesting to note that, except him, no one ever lived in Apartment No. 16; the only exception was Mian Muhammad Sharif, who as per the statement of Mr. Hussain Nawaz Sharif stayed in this apartment while he was sick in nineties.

o. He stated that family "Assets Settlement" was done and executed after death of Mian Muhammad Sharif in 2005, which was inclusive of all properties and assets held by the family within Pakistan and abroad. He identified his signatures on the "Assets Settlement" document accepting these to be his (the document has been acquired by the JIT, copy attached as Appendix-I). Following deems due cognizance:-

(1) The "Assets Settlement" document acquired by the JIT stands authenticated as, i) Mian Muhammad Nawaz Sharif himself verified his signatures on the document to be true, ii) the assets details of various family members are in line with their tax returns of Sharif family, and iii) Mian Shahbaz Sharif has also authenticated correctness/ genuineness of this document during his statement before the JIT..

JOINT INVESTIGATION TEAM
PANAMA CASE

(2) Contrary to the claim by Mian Muhammad Nawaz Sharif, the said Assets Settlement document was executed in 2009, as is evident from the signed "Affidavit".

(3) The said "Assets Settlement" document does not contain/ cover detail of any property outside Pakistan especially Avenfield Apartments. As per the statements of the Respondents, the apartments were transferred in the name of Sharif family (Mr. Hussain Nawaz Sharif) in 2006, much earlier than the execution of "Assets Settlement" document (signed in 2009) but there is no mention of these in the document.

(4) Whereas the document also elucidate surrender of rights by female members of the family in favour of male members with reference to properties/ assets in Pakistan, none of the legal heirs of Mian Muhammad Sharif and Mian Muhammad Nawaz Sharif surrendered their claims on Avenfield Apartments in favour of Mr. Hussain Nawaz Sharif.

p. He produced his Income Tax Returns/ Wealth Tax Returns before the JIT and stated that he is not in possession of any other documents/ record associated with the Panama case. He also parried questions about entries in his Tax Returns, stating that his accountant would be in knowledge about these questions.

(1) From 2001 to 2003, Rs. 110 million have been shown paid to NAB on behalf Mian Muhammad Nawaz Sharif by Ramzan Sugar Mills. When asked, Mian Nawaz Sharif failed to give any justification/ answer or background of this transaction.

(2) In 2013, he received Rs. 201.54 million from Hussain Nawaz Sharif. Of these, he donated Rs 100 million to his political party PML (N). Later, Rs 45 million were returned by PML-N to Mian Muhammad Nawaz Sharif. Details are covered in Section 3 of the Report.

JOINT INVESTIGATION TEAM
PANAMA CASE

4. **Conclusive Findings**:

a. He is associated with businesses of his family in one way or the other. Sons of Mian Muhammad Nawaz Sharif ostensibly own and operate independent businesses, however, the complete family of Mian Nawaz Sharif is directly or indirectly beneficiary of these businesses and properties or have beneficial interests.

b. He statement during address to the nation dated 5th April, 2016 and speech in National Assembly dated 16th May, 2016, as sale proceeds of Gulf Steel Mills are not the "resources of the businesses of his sons and purchase of Avenfield Apartments" is not verified.

c. He statement that he did not know Mr. Muhammad Hussain (uncle of Mian Muhammad Nawaz Sharif) being the partner in Gulf Steel Mills later found to be incorrect.

d. According to his version the benefits and sale proceeds of Azizia Steel Mills Jeddah were distributed amongst partners/ shareholders (Mr. Hussain Nawaz Sharif, Mr. Muhammad Abbas Sharif and Ms. Rabia Shahbaz Sharif).

e. His validation of two Qatari letters and investment made by his father with Qatari Prince are based on "hearsay".

f. He declined to have any knowledge about "Trust Deed", signed between Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar about Avenfield properties.

g. Sharif's family "Assets Settlement" document acquired by the JIT through sources stands authenticated. The document does not contain details about settlement of Avenfield properties, indicating that these were not inherited properties.

h. He could not explain/ address observations of JIT on his Income Taz/ Wealth Taz Returns.

The analysis of Statement of Mian Muhammad Nawaz Sharif is based on his statement cross analysed c analysed with some with other witness statements and documents. The JIT's recent acquisition of key documents like the MLA response from UAE, BVI and the document forensic expert report have significantly altered the overall investigation of the case where it has become very clear that some parts of the statement of Mian Nawaz Sharif are not based on facts.

## JIT's ANALYSIS OF CONSOLIDATED STATEMENT BY MR. HUSSAIN NAWAZ SHARIF SON OF MIAN MUHAMMAD NAWAZ SHARIF, RESPONDENT NO. 7

**(Recorded on 30 May 2017, 01 June 2017, 03 June, 09 June & 04 July 2017)**

1. Mr. Hussain Nawaz Sharif was investigated by the JIT in five different sessions, being the key witness involved in all the questions raised by the Honorable Supreme Court. The statement made by Mr. Hussain Nawaz Sharif was not only found inconsistent with the defense filed by his Counsel in the Honorable Supreme Court but, was also contradictory to the statements made by other witnesses. Analysis of the statement made by Respondent No. 7 in a chronological order on the anvil of events / queries is appended below for ease of reference:

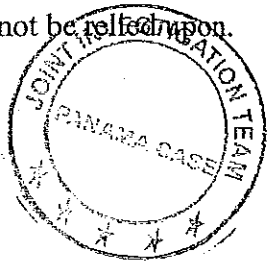
2. **JIT's Findings/ Analysis of Statements on 30 May 2017, 01 June 2017, 03 June:**

   a. **Lack of Documentation between Mian Sharif and Sheikh Jasim Al-Thani**: Mr. Hussain Nawaz Sharif stated that neither his grandfather believed in documentation nor was it a norm at that time in the Gulf. This contention is not tenable as documentation has been presented by the Respondents in their defence related to establishment and sale of Gulf Steel Mills Limited.

   b. **Lack of documentation of settlement agreement in 2005-06**: Mr. Hussain Nawaz Sharif stated that there was no written agreement prepared or signed between the parties about the settlement that was being made after about 25 years "to avoid future litigation by any party". This argument of not signing an agreement to settle an investment spread over decades and involving payments, for which no proof exists, is beyond comprehension and highly improbable.

   c. **Contradiction between the Statements of Mr. Hussain Nawaz Sharif with Mr. Hassan Nawaz Sharif regarding money sent to Mr. Hassan Nawaz Sharif for his businesses**: Mr. Hassan Nawaz Sharif while explaining his own investment in the companies set up in the initial years 2000-2004 stated that Mr. Hussain Nawaz Sharif sent him about 2.4 million GBP to help with his business

JOINT INVESTIGATION TEAM PANAMA CASE



without disclosing from the source where the money was coming from. Mr. Hassan Nawaz Sharif also confirmed that he did not receive any money from anyone else. This position is in contradiction to the statement of Mr. Hussain Nawaz Sharif who stated before the JIT that after discussion with Mr. Nasir Khamis the representative of Mr. Al-Thani, about the settlement, he sent a facsimile message to Mr. Hassan Nawaz Sharif for confirmation as he had learnt about the said payments for the first time. Moreover, his explanation of not being able to verify the amount of settlement of Al-Towfeeq case because his uncle Mr. Shahbaz Sharif was not in Saudi Arabia is also not plausible. The conflicting accounts of Mr. Hassan Nawaz Sharif and Mr. Hussain Nawaz Sharif clearly show that the investment with Mr. Al-Thani and its disbursement to Mr. Hassan Nawaz Sharif for setting up business in UK is not factually correct. No record of these transactions has been provided to corroborate the Qatari narration or their own contentions. In view of the non-appearance of Mr. Al-Thani before the JIT and non- production of any documents to corroborate the claims made in the letters, the JIT believes that the narration of the letters submitted by Mr. Al-Thani are not based on facts.

d. **Physical Transfer of Bearer Shares**: In the initial version of the events, Mr. Hussain Nawaz Sharif in his statement dated 01 June 2017 stated that somewhere in early 2006 Nasir Khamis, the representative of Mr. Al-Thani and Mr. Waqar Ahmed, the business manager of my brother Hasan's firm, met in the office of Hasan and the bearer certificates were handed over by Nasir to Waqar. He stated that no receipt was prepared and was also unable to clearly state as to how the shares were sent to Minerva, which was the holding company of Nescoll and Nielson. He was also unable to explain whether the mere possession of bearer certificates is sufficient proof of ownership and if it was so, would it mean that their possession by Mr. Waqar Ahmed made him the owner. He was also unable to explain what documentation would be required to establish the bonafide ownership of the bearer certificates in case there is a dispute due to possession and whether there are any other documents that are required to prove the ownership of the companies and the properties. He also stated that he was not

aware of any other documents that were handed over by Mr. Nasir Khamis to Mr. Waqar Ahmed. He also asserted that as far as the necessity of instructions to Minerva from Mr. Al-Thani regarding the transfer of bearer shares of Nescoll and Nielson are concerned, he did not think they were required as it was the possession of bearer certificates that matters. Mr. Hussain Nawaz Sharif, however, in his statement dated 03 June 2017 before the JIT, took a totally different stance, now stating that somewhere around end of 2005 or early 2006 he called Mr. Waqar Ahmed and told him that Mr. Nasir Khamis would be sending the bearer shares through a courier and instructed him to send them to Minerva by post. He further stated that Mr. Waqar Ahmed confirmed the receipt of the envelop from Mr. Nasir Khamis and its onward dispatch to Minerva without even opening the envelop. He stated further that he "thinks" that he received a phone call from Minerva confirming that they had received the shares but was unsure whether they had sent any email or written communication to confirm receipt.

e. **Gulf Steel Mills:** Although he had no direct link with the establishment, operation and sale of Gulf Steel Mills owing to his tender age at that time, yet Mr. Tariq Shafi in his statement had said that he had gone to Dubai with Mr. Hussain Nawaz Sharif on his direction, to acquire the record / documents pertaining to Gulf Steel Mills. He had further informed that he only attended the meeting along with Mr. Hussain Nawaz Sharif with Mr. Ahli and all subsequent actions i.e. acquisition of documents, their notarization by Notary Public Dubai and attestation by High Commission of Pakistan was obtained by Mr. Hussain Nawaz Sharif. However, when Mr. Hussain Nawaz Sharif was confronted with the question, he simply declined to answer any questions on the subject, even though he was warned that his refusal to answer the said questions may lead JIT to draw negative inferences on the subject owing to obvious inconsistencies in the statement of Mr. Tariq Shafi. However, Mr. Hussain Nawaz Sharif chose to decline except mentioning that he already knew Mr. Ahli which is again contrary to the statement made by Mr. Tariq Shafi. The aforementioned inconsistencies and reluctance to answer basic questions on the subject clearly indicate that the documents have not been acquired as stated and cannot be relied upon.

f. **Azizia Steel Mills Limited.** Mr. Hussain Nawaz Sharif again failed to produce important documents such as the Memorandum and Articles of Association, documents of loans from the banks, the financial statements, etc., which are essential to corroborate his assertions.

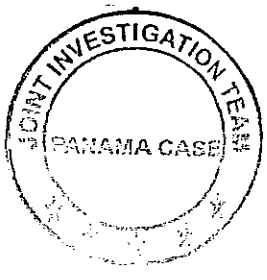
(1) **Setting up of Azizia Steel Mills Limited:**

(a) He, however, while explaining the availability of funds for setting up of the Azizia steel factory provided the following approximate figures of 2001 without any documentary support.

| Year | Expense detail | Amount | Remarks |
|---|---|---|---|
| 2001 | Purchase of land | A few hundred thousand dollars | Despite repeated questions, did not give even an approximate figure |
| 2001 | Cost of machinery | USD 0.65 Million | Purchased from Al Ahli |
| 2001 | Paid up capital | USD 5.3 Million | Eq to 20 Million riyals at 3.75 SAR eq to 1 USD ( historical rate in 2001) |
| 2001 | Construction /infrastructure | USD 0.05 Million | Under construction |
| | Total expenditure in 2001 | Over USD 6.00 Million plus a few hundred thousand Dollars as cost of land | |

(b) Mr. Hussain Nawaz Sharif claimed that most of the initial funding for this project was made available by Mr. Al-Thani. The amounts provided by Mr. Al-Thani for 2001 and the loans that he mentioned from his an unnamed friend are as below:

| Year | Source of loan | Amount | Remarks |
|---|---|---|---|
| 2001 | Qatari adjustment 1 | USD 0.65 Million | No documentation provided, no names provided |
| 2001 | Loan from unnamed Saudi friend | USD 0.8 Million max | |



JOINT INVESTIGATION TEAM PANAMA CASES

| | | | |
|---|---|---|---|
| Total | | USD 1.45 Million | |

(c) While there is no documentary/circumstantial evidence to substantiate the provision of funds by Mr. Al-Thani and the Saudi friend in 2001, even the loan amount calculated, hypothetically, still falls short of the amount spent in the year 2001 by USD 4.55 million. If the unspecified amount of hundreds of thousands dollars for cost of land is included then this gap would further increase.

(2) **Transportation of Machinery to Jeddah:** The LC shows that the machinery brought from Al-Ahli Steel Mills in 2001 cost USD 650,000 and was transported on only two trucks, which is in stark contradiction to the statement of Mr. Hussain Nawaz Sharif who stated that the machinery was transported from Dubai to Jeddah on 50-60 truckloads.

(3) **Issue of Shareholders of Azizia Steel Mills Limited:** The failure to produce the complete relevant record for examination by the JIT means that no corroboratory evidence has been produced to support the assertion of the number of shareholders, the extent of their interest in the factory, the distribution of profit and loss during the years 2002 to 2004 and the exact terms under which the power of attorney was issued, if at all. This submission photocopies of incomplete and vague record of choice, rather than the whole record; not only in this agreement but also in the sale agreements of Gulf Steel Mills, shows a pattern which can only be termed as concealment. The failure to produce the complete record despite the fact that the burden of proof lies at their doorstep has adversely affected their case to provide the money trail. Moreover, Mr. Hussain Nawaz Sharif could not explain as to why according to him the other two shareholders of the company i.e., Mian Abbass Sharif (33%) and Ms. Rabia Shahbaz Sharif (33%) ended up receiving nothing out of the sale proceeds of the properties and assets of the company in 2005.

(4) **Conclusion**: There exist dichotomies in the limited and incomplete documents submitted in the Honourable Supreme Court of Pakistan vis-à-vis statements of Mr. Hussain Nawaz Sharif made before the JIT without any documentary support. This clearly indicates that the narrative about setting up of Azizia Steel Mills Limited with funds provided by Mr. Al-Thani, from scrap machinery bought from Dubai, is factually incorrect and cannot be substantiated. Moreover, the reluctance of Respondent No. 7 to provide the missing Schedules of the Sale Agreement, other relevant documents to substantiate the pay orders provided and the arrangement/ accounts from which about SAR 20.63 million was released to the buyer to settle the outstanding liability, cast serious doubt about the authenticity of the narrative regarding establishment of Hill Metals from the proceeds of the sale of Azizia Steel Mills Limited.

g. **Disclosure regarding sending money to UK through Coomber Inc, Jersey**: Mr. Hussain Nawaz Sharif disclosed that he owns the majority shares of Coomber Inc., which started in 2004. The purpose of that company at that stage was to shift the proceeds of the sale of Azizia Steel Mills Limited to United Kingdom. At that stage the family had decided to move from Saudi Arabia to United Kingdom, after the sale of the company, to start the business there. After the sale of the factory in 2005 he stated that he sent about 6.5 million GBP from the Saudi Hollandi Bank account to Coomber's Inc., Union Bank of Switzerland (UBS) account in London, United Kingdom. Coomber Inc., also had another account in Deutsche Bank in the UK. Out of this amount GBP 1.5 million were transferred either to Mr. Hasan Nawaz Sharif's own account or in the account of one of his companies. The remaining GBP 5 million were transferred back to Saudi Arabia in 2006-7 as the family could not start the business in UK and had started the Hill Metals company. This statement shows that Mr. Hussain Nawaz Sharif had used an offshore account to anonymously transfer a huge amount through an offshore company to UK. Again no records of this transfer were provided. The assertion that this was the money generated from sale proceeds of Azizia Steel Mills

JOINT INVESTIGATION TEAM PANAMA CASE

Limited is also contradictory to the fact that record provided by Mr. Hussain Nawaz Sharif to JIT shows that all SAR 63.1 million were utilized for setting up the Hill Metals and pay orders of this entire amount were issued in the month of March, 2005. This disclosure during the investigation, if supported by evidence, gathered through MLA, would be additional unexplained wealth transferred surreptitiously through a BVI account to United Kingdom.

h. **Failure to mention investment with Al-Thani family during TV interview with Javed Chaudhry:** Mr. Hussain Nawaz Sharif had been asked why he had not mentioned in the interview, despite the fact that he had been asked about the sources of income that helped establish the factory in Jeddah, that the major share came from part of the profit on the investment of AED 12 million; the sale proceeds of Gulf Steel Mills, which was placed with Mr. Al-Thani by his grandfather in 1980. The response of Mr. Hussain Nawaz Sharif was not satisfactory as he instead of telling the truth felt that it would not have been appropriate to reveal this information to the media as it would have started unnecessary controversies. This was despite the fact that in the interview he was categorically asked about any assistance that he received from any person(s) belonging to Qatar. This concealment of facts during the interview casts doubt on the veracity of his stance before the Honorable Supreme Court of Pakistan and the JIT.

i. **Contradiction with the submissions of Respondent No. 1 in the Supreme Court of Pakistan:** The text of questions and answers relating to Mr. Hussain Nawaz Sharif are reproduced below:

**Question:** Did your father know when the settlement was made with Mr. Al-Thani in 2006 regarding the investment made by your grandfather and that as a result the Mayfair Apartments have been adjusted against the residual amount and ownership has been transferred in your name?

**Answer:** He had the knowledge of the settlement as these things are discussed in the family. I don't think that he knew the details like the amounts of disbursement made.

**Question:** How do you then account for the fact that he has made no mention in his submission before the Supreme Court of Pakistan during the proceedings of the Panama Case of the investment made by your grandfather with Mr. Al-Thani and the settlement resulting in the ownership of the Mayfair Apartments?

**Answer:** He had a different Counsel. I think that he under the advice of his Counsel did not consider it appropriate to mention these facts in the submissions made before the Supreme Court of Pakistan.

This answer is highly unsatisfactory as it shows that the submissions were not made truthfully by at least one of the Respondents and the whole truth was not put before the Honorable Supreme Court.

3. **JIT's Findings/ Analysis of Statements on 09 June 2017**: Mr. Hussain Nawaz Sharif appeared before the JIT on 9th June 2017 to investigate the remaining part of his statement especially with reference to incorporation of Hill Metals Establishments in Jeddah. He again failed to provide asked documents/ record with reference to Hill Metals Establishments on the pretext that he had provided all documents/ record possessed by him and there was no more document/ record which could be made available to the JIT. Some of the observations/ findings of JIT on the basis of this statement by him are as under:-

a. He stated that he had been receiving money from his grandfather from the account of Ittefaq Group of Industries, 32 Empress Road Lahore for payment of ground rent and service charges for the Avenfield Apartments, which is in line with the statements of Mian Nawaz Sharif and Mian Shahbaz Sharif. However, it also corroborates that complete family including family of Mian Nawaz Sharif was beneficiary of businesses established by Mian Sharif or thereafter. Therefore, it can be fair to conclude that Gulf Steel Mills, Azizia Steel Mills, Hill Metals

JOINT INVESTIGATION TEAM PANAMA CASE

Establishments and Avenfield Apartments etc., were/are also family businesses, and were/are not the independent assets/ businesses owned by any specific family members, making Mr. Tariq Shafi, Mr. Hussain Nawaz Sharif, Mr. Hassan Nawaz Sharif and others as *benamidars* on behalf of the family.

b. He stated that he came back to Pakistan in 1996. He can only assume that it would be either Mr. Hassan Nawaz Sharif, staying in Apartment 17, or Mr. Hamza Shahbaz Sharif, living in 17A who would have been paying for the ground rent and other utilities after his departure. This statement is completely in contradiction to the statement of Mr. Hassan Nawaz Sharif, who stated that until 2000, ground rent etc., were paid by Mr. Hussain Nawaz Sharif till year 2000 through some special arrangement even after his departure from London in 1996. Such inconsistencies with reference to basic facts, plainly indicate that truth is being manipulated or concealed.

c. He again changed his earlier stance about transfer of Bearer Shares of Nielson and Nescoll offshore companies from Mr. Ahli to his authorized offshore company (Minerva Holding) in 2005/2006. In his new version, he stated that Mr Nasir Khamees, the representative of Prince Hamad Al-Thani, sent Bearer Shares in a sealed envelope to Mr. Waqar Ahmed (Business Manager of Mr. Hassan Nawaz Sharif) through a courier service, who despatched the same envelope to Minerva without opening the envelope. He confirmed, when repeatedly asked, that neither he nor Mr. Waqar Ahmed ever saw the Bearer Shares themselves. He also stated that he along with Ms. Maryam (Nawaz) Safdar, Respondent No. 6 had filled "Know Your Customer (KYC)" forms in Minerva. Following conclusions are drawn from these revelations:-

(1) Repeated change in stance of Mr. Hussain Nawaz Sharif, even from the reply submitted in Honourable Supreme Court of Pakistan indicates possible efforts to conceal the facts.

(2) This stance seriously challenges the authenticity of "Trust Deed" document, signed by Mr. Hussain Nawaz Sharif and Ms. Maryam

JOINT INVESTIGATION TEAM PANAMA CASE

(Nawaz) Safdar in January 2006. As per one of the clauses of the document (Trust Deed) produced by him, the "Trustee" was required to "hold" Bearer Shares on behalf of Mr. Hussain Nawaz Sharif. In the event, when both of them have never even seen these Bearer Shares, the authenticity/legality of the document (Trust Deed) becomes doubtful.

(3) Mr. Hassan Nawaz Sharif refused to confirm or negate involvement of his business manager namely; Mr. Waqar Ahmed in transfer of Bearer Shares on the pretext that sometimes Mr. Hussain Nawaz Sharif used to directly task for his assistance even without his knowledge. This seems highly implausible due to nature and significance of task and joint family structure of Sharif family.

(4) Mr. Hussain Nawaz Sharif declined to name the person, who introduced him with Minerva, claiming his privilege nor did he provide any agreement signed between him and the Minerva. This reluctance on his part is an effort to hide truth.

d. The question about the actual beneficiary of sale proceeds of Azizia Steel Mills (Mr. Hussain Nawaz Sharif, Ms. Rabia Shahbaz Sharif and Mr. Abbas Sharif were the shareholders) remained unanswered/ unexplained as he failed to produce any document/ power of attorney whereby other two partners had surrendered their rights in favour of Mr. Hussain Nawaz Sharif. In absence of any legal document, it cannot be granted that he was the beneficiary of the complete sale proceeds of Azizia Steel Mills, which later led to establishment of Hill Metals Establishments.

e. He declined to have acquired land for Azizia Steel Mills as a Royal gift from the Government of KSA/ or any Royalty. This aspect needs corroboration.

f. He acknowledge gifting huge sums of money worth millions of dollars to Mian Muhammad Nawaz Sharif from the account of Hill Metals and his personal account. However, he failed to produce any document, which could establish the

JOINT INVESTIGATION TEAM
PANAMA CASE

financial health of Hill Metals Establishment. All the documents so far provided by him are unverified/ uncertified copies.

6. **JIT's Findings of the Statement on 04 July 2017:**

a. Mr. Hussain Nawaz once again did not produce any documentary evidence in support of his previous as well as this statement despite repeated requests. He remained evasive and did not give straight answers to various questions regarding Neilson and Nescol trusts, transaction with HDS a business concern of son of Mr. Ishaq Dar. Similarly, his explanation of so called transfer of 49 shares of Coomber Inc. to his sister Ms. Maryam Nawaz is not plausible.

b. He refused to provide the information about the trusts regarding the law firm which prepared them however, he has explained his relationship with Freeman Box and Jeremy Freeman. However, As regards whether an appointment could be set up on a holiday or a weekend he said that it is not possible in United Kingdom. As a matter of fact, no one answer phone call on a holiday. He further stated that he never requested to have an appointment with Mr. Jeremy Box on a holiday. Keeping in view this contention of Mr. Hussain Nawaz, attestation by Jeremy Freeman on a holiday, on 4th of February 2006 being Saturday, itself explains the malafide and cast doubts on the authenticity of said deeds, which the JIT has otherwise proved to be fake and forged.

7. **Conclusive Findings**: In the light of the major contradictions in the statements and the incomplete and generally irrelevant, uncertified and photocopied documents provided, JIT concludes that the statement and the available documents produced by Mr. Hussain Nawaz Sharif cannot be relied upon as evidence, owing to the inconsistencies, factual errors and material discrepancies. Some conclusive findings are as under:-

a. Neither any written agreement signed about the claimed settlement between Mr. Hussain Nawaz Sharif and Mr. Al-Thani in 2006 nor any record/document/ evidence about transfer of Nielson and Nescoll (Avenfield Apartments) to Mr. Hussain Nawaz Sharif exists; making the complete story dubious and mere a "*hearsay*", thus cannot be relied upon.

JOINT INVESTIGATION TEAM PANAMA CASE

b. Investment with Mr. Al-Thani and its disbursement to Mr. Hassan Nawaz Sharif for setting up business in UK is not factually correct.

c. Transfer (if any) of Bearer Shares from Mr. Al-Thani to Mr. Hussain Nawaz Sharif could not corroborated. The authenticity of "Trust Deed" (if any) has also been seriously challenged as Ms. Maryam Safdar never had possession of the Bearer Shares (if any).

d. Neither he nor Mr. Tariq Shafi went to Notary Public Dubai for notarization/ attestation of documents/ record of Gulf Steel Mills in 2016, hence no evidence about authenticity of notarization.

e. Narrative about setting up of Azizia Steel Mills Limited with funds provided by Mr. Al-Thani, from scrap machinery bought from Dubai, is factually incorrect and cannot be substantiated.

f. Unexplained wealth was transferred surreptitiously through a BVI account (Coomber Inc,.) from KSA to UK and back.

g. Gulf Steel Mills, Azizia Steel Mills, Hill Metals Establishments and Avenfield Apartments etc., were/are also family businesses, and were/are not the independent assets/ businesses owned by any specific family members.

h. He failed to produce any evidence/ document/ record for proving that he was sole beneficiary of sale proceeds of Azizia Steel Mills.

The analysis of Mr Hussain Nawaz Sharif is based on his statement cross analysed with other witness statements and documents. The JIT's acquisition of key documents like the MLA response from UAE, BVI and the document forensic expert report have significantly altered the overall investigation of the case where it has become very clear that very little of what Mr. Hussain had stated about the facts of the case was very true.

JOINT INVESTIGATION TEAM
PANAMA CASE

## JIT's ANALYSIS OF STATEMENT BY

## MR. HASSAN NAWAZ SHARIF SON OF MIAN MUHAMMAD NAWAZ SHARIF, RESPONDENT NO. 8

**(Statements Recorded on 2nd & 8th June and 3 July, 2017)**

1. Mr. Hassan Nawaz Sharif (Respondent No. 8) is living in Mayfair Apartment No. 17 since 1994 and is presently running a business empire in United Kingdom (UK). He was summoned to investigate allegations about ownership of Avenfield Apartments, money trail of seed money for his business (especially Flagship Investments Company) and corroboration of position taken by Respondents No. 1, 6 & 7 during Panama Case in Honourable Supreme Court of Pakistan.

2. When summoned, he failed to appear before the JIT on 31 May 2017, taking the plea that he required minimum two days for preparation for his appearance before the JIT. On 31 May 2017, he was served with the second summon, upon which; he appeared before the JIT on 2 June 2017 for recording of statement. He also handed over two folders containing documents/ record of his businesses.

3. **JIT's Analysis/ Findings of Statement of 2nd June 2017**:

   a. -He contradicted the statement by Mr. Hussain Nawaz Sharif about possession of Avenfield Apartments, who had earlier stated that only Apartment No. 17 was in his possession in 1994. Contrarily, he confirmed that three Avenfield Apartments (No. 16, 16a & 17) were already in possession of Mr. Hussain Nawaz Sharif when he reached London in 1994 while they got possession of the fourth Apartment (No. 17a) over the next 6 months. It substantiates that Mr. Hussain Nawaz Sharif *prima facie* was not truthful to the JIT about possession of these Apartments.

   b. Provision of source money (approximately US$ 1 Million) to Mr. Hassan Nawaz Sharif for Flagship Investments company by Mr. Hussain Nawaz Sharif, becomes seriously questionable, undermining the authenticity of spreadsheet (Excel sheet) - the purported settlement with Al-Thani. Mr. Hassan Nawaz Sharif stated that Mr.

JOINT INVESTIGATION TEAM PANAMA CASE

Hussain Nawaz Sharif provided him the money for establishment of Flagship Investments Company, and not Mr. Al-Thani. On the other hand, Mr. Hussain Nawaz Sharif stated that he never provided any money to Mr. Hassan Nawaz Sharif in 2001 and had no knowledge about it until 2005 when the settlement was executed with Mr. Al-Thani.

c. Mr. Hassan Nawaz Sharif had not read the reply submitted by his Counsel on his behalf in the Honourable Supreme Court of Pakistan (CMA 7319, page 5). The same was read over to him by the JIT. A few contradictions observed based on his replies thereto are as under, which indicate that this statement cannot be completely relied upon:-

| Serial | Reply of Respondent No. 8 | Excerpts of his Statement |
|---|---|---|
| (1) | I received/ sent following amounts to Pakistan | • He stated that he did not send/ receive money to/from Pakistan.<br>• He does not verify this part of his statement submitted by his Council as correct. |
| (2) | Maryam Nawaz Sharif does not have any property in UK. | • He stated that he did not see any document/ record to prove this statement as correct. He learned about it during family gathering.<br>• This part of his statement cannot be relied upon, being a hearsay. |

d. Mr. Hussain Nawaz Sharif assuredly stated that he never remained involved, saw or possessed any documents/ record, which related to Qatari Prince or Avenfield properties. This contradicts the statement by Mr. Hussain Nawaz Sharif, who stated that he sent settlement of documents/ record (spreadsheet) to Mr. Hassan Nawaz Sharif for confirmation about provision of source money for Flagship by Qatari Prince.

JOINT INVESTIGATION TEAM PANAMA CASE

40

e. Mr. Hassan Nawaz Sharif stated that he first time came to know about "Trust Deed" with reference to Avenfield Apartments/ Nielson and Nescoll, in which Maryam Nawaz Sharif was made "Trustee" by Mr. Hussain Nawaz Sharif (Respondent No.7). Furthermore, copy of this "Trust Deed" was not provided to Minerva (service provider Company) in 2006. The secrecy about the "Trust Deed" (if there was any) raises suspicion about its very existence in 2006.

f. He stated that most of his companies were/are making profits does not corroborate with the provided account details (graph showing details at Appendix-I).

g. He has been asked to provide loan record/ financial trail concerning purchase/expansion of 1-Hyde Park property, money for Flagship Investments Company and gift money GBP 800,000 to Ms. Maryam Nawaz Sharif, which he promised to provide in due course. However, in subsequent appearance as well, he did not provide any record/ document to these effects.

h. He attributed his answer which he gave to Tim Sebastian by claiming that he was very young at that time and facing an anchor like Tim was not easy. The questions related to the Avenfield Apartments were posed without any notice. He stated that he should have stated the same thing that he has stated today before the JIT i.e he did not know who was paying the rent for the apartments. His claim, notwithstanding his age at that time, is not convincing as he even today did not acknowledge that he had any knowledge who owned Nielson and Nescoll at that time and even refused to acknowledge that he knew of these names at that time. His answer to the question whether he knew if any member of his family was the beneficial owner of Nielson and Nescoll, the companies who owned the Avenfield apartments, during the period 1994 to 2006 was not a plain negation. He rather chose to answer the question in an indirect way by saying that he had no means of knowing whether his family was the beneficial owner of Nielson and Nescoll, the companies who owned the Avenfield apartments, during the period 1994 to 2006. His lack of direct response seemed to be a tactic to avoid questioning on the issue. His statement in this regard was not plausible.

JOINT INVESTIGATION TEAM
PANAMA CASE

41

i. The facts that there are material contradictions in the statements of Mr. Hassan Nawaz Sharif and Mr. Hussain Nawaz Sharif; no documents are made available by the respondents to support the contention that there was an investment, disbursements from time to time on the request of Mian Sharif, and finally a settlement; as well as the refusal of Mr. Al-Thani to attend the proceedings of the JIT for examination of the contents of his letters makes the appearance of the two letters from Mr. Al-Thani in the Supreme Court of Pakistan, more like a myth than a reality.

4. **JIT's Analysis/ Findings of Statement Recorded on 8th June, 2017:** . Mr. Hassan Nawaz Sharif appeared before the JIT for the second time on 8th June 2017. He was called to investigate leftover part of his statement especially with reference to his stay in Avenfield Apartments, ownership of 1-Hyde Park and corroboration of few aspects stated by Mr. Hussain Nawaz Sharif etc. He did not bring along any additional documents about his businesses/ companies. Some of the observations/ findings of JIT on the basis of this statement by Mr. Hassan Nawaz Sharif are as under:-

a. He stated that Mr. Hussain Nawaz Sharif had been paying for the ground rent and utilities of Avenfield Apartments from 1994 to 2000; thereafter he started himself paying it for which money also came from Mr. Hussain Nawaz Sharif. This contention is not consistent with the stance of Mr. Hussain Nawaz Sharif who stated that he did not pay these expenses after he left London in 1996. Both the brothers are supposed to be having firsthand knowledge about this aspect being personally involved in the said activity, hence cannot be given the benefit of doubt. Prime facie, either one or both of them are lying to hide some fact.

b. Mr. Hassan Nawaz Sharif and Mr. Hussain Nawaz Sharif did not have any source of income/ businesses till 2001, and were dependent on their parents/ family.

c. He opened an account in Royal Bank of Canada, Isle of Mann in year 2000. However, he did not make any significant transactions in that account relevant to

JOINT INVESTIGATION TEAM PANAMA CASE

42

him or his business account. The Royal Bank of Canada did not have a branch in United Kingdom. The account is not operational anymore.

(1) The purpose of opening of account remains unexplained as the bank did not have any branch in UK or Pakistan or was neither used for business purposes nor had started any business then.

(2) According to information collected by JIT through a source, transaction of USD 7 million was executed from the said account.

d. He stated that he did not own any offshore company. However, he incorporated Capital FZE in UAE during 2000-01, but it never had any assets or liabilities attached to it. He made a transaction of approximately GDB 650,000 from Capital FZE to Quint Paddington as loan, which was never returned to Capital FZE. One-way transaction of GBD 650000 to Quint Paddington, especially when Capital FZE neither had assets nor liabilities, is unexplained. Furthermore, it is interesting to note that Mian Muhammad Nawaz Sharif had been paid employee/ Chairman of Capital FZE.

e. He stated that he knew Sheikh Saeed since he was just four years old, however, he had no business relations with him. This corroborates the long-term association of Mian Muhammad Nawaz Sharif with Sheikh Saeed (US national and uncle of Mr. Javed Kayani who is linked with Hudabiya Mills Case and was source of all traveller's cheques which were being deposited in fictitious accounts by Mr. Javed Kiyani on his instructions).

f. He gave a detailed account of the purchase and sale of 1-Hyde Park, being his property and tried to explain reasons of exceptional sale proceeds. However, he did not produce any loan documents or sale proceed agreement to substantiate his claims. Therefore, the exceptional sale proceed vis-à-vis sale of this property to Mr. Ali Riaz (son of Malik Riaz, property tycoon) raises questions. Hasan Nawaz stated that he had purchased this property for about 10.5 million GBP in August 2007 and after major renovations and uplift sold it to ultimate holding, a BVI company for 42 GBP. During the course of his statement he disclosed that the

JOINT INVESTIGATION TEAM PANAMA CASE

purchaser of the said property actually was Ali Riaz S/o Malik Riaz. The JIT through its law firm has obtained a copy of the title deed showing the signatures of Ali Riaz. The existence of a BVI offshore company controlled by Ali Riaz, who is the son of a property tycoon, who purchased a prime property in London from the son of the incumbent Prime Minister of Pakistan, merits further investigation which is beyond the scope of the JIT. However, the matter of the source and money trail of such huge amount relating to Ali Riaz who ended up with an offshore company for purchase of prime property in London does merit a full-fledged investigation.

5. **JIT's Analysis/ Findings of Statement Recorded on 8th June, 2017:**

a. Mr. Hassan Nawaz remained evasive during the interview and avoided direct and clear answers to the questions put forward to him by the JIT.

b. The documents of Quint Ltd. and Quint Eaton clearly show the payments of GBP 188,000/- and GBP 177,000/- to one M. Safdar(which could be Muhammad Safdar or Maryam Safdar). When confronted with this fact Mr. Hassan Nawaz straight forwardly denied having paid any amount to Muhammad Safdar or Maryam Safdar and stated that they were never engaged with his businesses. Similarly, his narration regarding receipt of money from Hussain Nawaz or sending of money by him to Pakistan is incomplete and factually incorrect as evident from his transfer of money to Chaudhry Sugar Mills Ltd.

c. He again failed to provide any document or evidence in support of his contentions.

6. **Conclusive Findings:**

a. Mr. Hussain Nawaz Sharif and Mr. Hassan Nawaz Sharif were dependent on Mian Muhammad Nawaz Sharif till 2001.

b. Contradictions with reference to possession and payments of Council Tax & other utilities of Avenfield Apartments make the position of Respondent highly dubious. Effort is being made to conceal truth.

PANAMA CASE

44

c. His statement that he had no means of knowing whether his family was the beneficial owner of Nielson and Nescoll, the companies who owned the Avenfield apartments, during the period 1994 to 2006, is not plausible

d. Mr. Hussain Nawaz Sharif provided of source money (approximately US$ 1 million) to Mr. Hassan Nawaz for establishment of Flagship in 2001, and not Mr. Al-Thani as claimed by him.

e. CMA 7319, filed by his Counsel in Honourable Supreme Court of Pakistan, is mostly based on "*hearsay*" and cannot be relied upon.

f. Veracity of Qatari letters and Trust Deed about Avenfield Apartment remains unconfirmed.

g. His non-provision of loan record/ financial trail concerning purchase/expansion of 1-Hyde Park property, money for Flagship Investments Company, gift money GBP 800,000 to Ms. Maryam Safdar and his own tax returns indicate that these transactions are not legally reconcilable.

h. He incorporated Capital FZE in UAE. Mian Muhammad Nawaz Sharif had been paid employee/ Chairman of this company till April 2014.

i. Sheikh Saeed is a family friend of Mian Muhammad Nawaz Sharif since 80s.

j. The exceptionally high sale proceeds vis-à-vis purchase of this property by Mr. Ali Riaz (son of Malik Riaz, property tycoon) raises questions, which merits full-fledged separate investigations.

The analysis of Mr Hasan Nawaz Sharif is based on his statement cross analysed with other witness statements and documents. The JIT's acquisition of key documents like the MLA response from UAE, BVI and the document forensic expert report have significantly altered the overall investigation of the case where it has become very clear that significant facts as stated by Mr Hasan are factually incorrect.

JOINT INVESTIGATION TEAM PANAMA CASE

## Analysis of Statement of Ms. Maryam Safdar wife of Captain Muhammad Safdar

Ms. Maryam Nawaz has submitted two trust deeds to JIT, showing them as Original documents of the trust and stating that they were in her possession. However, later on it has been established by JIT that these documents are not original and in fact falsified and thus an attempt to mislead not only JIT but also the Honorable Supreme Court of Pakistan.

She claimed herself to be trustee of Coomber inc. but failed to give any satisfactory detail about this company.

She remained evasive regarding the questions about Avenfield properties and shifted the responsibility on her brother, stating that she acted on his advice. However, she stated that she has never seen or possess the bearer certificates of Neilson and Nescol or their transfer as registered Shares. She also asserted that she is not the beneficial owner of the said two offshore companies. However, the documentary evidence provided by the office of Attorney General Chambers and Financial Investigation Authority of BVI proved otherwise.

She remained evasive and gave inconclusive replies to pertinent questions on topic of gifts to her from her father and back to the father. Similarly, she has shown ignorance regarding her transactions related to Chaudhry Sugar Mills. She has failed to provide any documentary evidence in support of her contentions.

## JIT's ANALYSIS OF STATEMENT OF
## MIAN MUHAMMAD SHAHBAZ SHARIF S/O MIAN MUHAMMAD SHARIF

**(Statement Recorded on 17th June, 2017)**

1. Mian Muhmmad Shahbaz Sharif, Chief Minister of Punjab, has directly or indirectly remained involved in sale of Gulf Steel Mills, Hudabiya Mills Case and Al-Towfeeq Case filed in Queens Bench Division, United Kingdom (UK). His son namely; Mr. Hamza Shahbaz Sharif maintained possession of Avenfield Apartment No. 17A during 1995 to 1998 while his daughter namely Ms. Rabia Shahbaz was the shareholder in Azizia Steel Mills Jeddah.

2. Apropos, he appeared before the JIT on 17th June 2016. Some of the observations/ findings of JIT on the basis of this statement by Mian Muhmmad Shahbaz Sharif are as under:-

a. He was confident, balanced but evasive on various accounts especially Gulf Steel Mills, Hudabiya Mills Case, Avenfield Apartments and Assets Settlement amongst the family. He tried to give an impression that he had no linkage with the Panama Papers Case, hence his appearance was meaningless.

b. He stated that Gulf Steel Mills was established by his father Mian Muhammad Sharif, wherein Mr. Muhammad Tariq Shafi and Mr. Muhammad Hussain were the partners. The Gulf Steel Mills was paying 10% of the profit to Government of Dubai as per contracted agreement. These narrations corroborate with the documents produced by Mr. Tariq Shafi along with his Affidavits. However, his contemplation that Mr. Muhammad Hussain, being a British citizen, was consciously made partner for security of the business is not plausible. On death of Mr. Muhammad Hussain in 1977, his shares were transferred to Mr. Tariq Shafi instead of his son who himself was a British citizen.

c. He stated that Mr. Tariq Shafi was the owner and beneficiary of Gulf Steel Mills, hence responsible for clearing of liabilities as well. This statement is explicitly inconsistent with the statements of Mr. Tariq Shafi, Mian Muhammad Nawaz

JOINT INVESTIGATION TEAM
PANAMA CASE

47

Sharif and Mr. Hussain Nawaz Sharif, filed in the Court and recorded before the JIT, who stated that Mian Sharif and the family were the beneficiaries.

d. He stated that he did not play any role in functioning of Gulf Steel Mills and only assisted Mr. Tariq Shafi on direction of Mian Muhammad Sharif with reference to preparation of Shares Sale Agreement in 1980. This is in contradiction to the statement of Mr. Tariq Shafi, who stated that Mian Shahbaz Sharif used to visit Dubai and oversee the financial affairs especially from 1978 to 1980 when Mian Sharif returned to Pakistan.

e. He did not verify his signatures (in Urdu) on Shares Sale Agreement of 1978 or being witness in subject deed. This further dilutes the credibility/ authenticity of this document produced on behalf of Mr. Tariq Shafi by Respondent No. 7. Similarly, although he acknowledged that his name was shown as "authorized representative of Tariq Shafi" in the opening statement as well as the signature block at the end of the 1980 sale agreement, he was quick to point out that he had not signed this document or had executed this sale. This, too, is in stark contradiction to the statement made by Mr. Tariq Shafi according to whom the sale was executed by Mr. Shahbaz Sharif on the direction of Mian Muhammad Sharif as his representative.

f. He stated that he neither knew nor could he confirm when, by what means and how much money did Mr. Tariq Shafi give to Mr. Al-Thani after sale of Gulf Steel Mills. However, his father and Mr. Tariq Shafi did make mention about some investment in the '80s, which is just a "*hearsay*".

g. When asked about the liabilities of Gulf Steel Mills, he declined to have any knowledge vis-à-vis their settlement. It is not logical that while he admits to have assisted Mr. Tariq Shafi in preparation of the Shares Sale Agreement (1980) yet he remained oblivious about liabilities and their settlement. Prima facie, he tried to conceal facts by denying knowledge about liabilities.

h. He was non-committal and looked concerned when asked about any decree in Dubai courts. He stated that there was no court decree with reference to default on

payment of Gulf Steel Mills or BCCI loan against him in Dubai or Pakistan. At the same time, he did not rule out existence of any decree about Gulf Steel Mills and stated that a case registered with regards to such a decree does 'ring a bell'.

i. He confirmed that Mr. Hussain Nawaz Sharif, Ms. Rabia Shahbaz Sharif and Mr. Muhammad Abbas Sharif were partners in Azizia Steel Mills. However, Ms. Rabia Shahbaz Sharif and Mr. Abbas Sharif surrendered their right in favour of Mr. Hussain Nawaz Sharif in line with the will of Mian Sharif. Though this is consistent with the stance of Mr. Hussain Nawaz Sharif, the same was neither corroborated by Mian Muhammad Nawaz Sharif nor through any document.

j. He declined to give answers to any questions related to Hudabiya Mills Case or Al-Towfeeq Queen's Bench Division Case. He was repeatedly asked questions about Queen's Bench Division (infamous Al-Towfeeq case) due to their relevance with Avenfield Apartments but he blatantly refused to answer any question stating that he will not answer any questions pertaining to Hudaibiya Mills case as it does not fall under JIT's mandate. This reluctance to reply asked questions, further reinforce suspicion about questionable role of Mian Shahbaz Sharif in Al-Towfeeq and Hudabiya Mills Case.

k. He corroborated the fact that the Sharifs are a monolithic family, as was stated by Mian Muhammad Nawaz Sharif as well. He stated that the expenses of Mr. Hamza Shahbaz Sharif in UK were also borne by Mian Sharif. He himself stayed in Apartment No. 17A, whenever he visited London.

l. He stated that he never questioned Mian Muhammad Nawaz Sharif about Avenfield Apartments. He learnt about the settlement of Apartments only in 2006. Furthermore, he does not know whether proceeds from investment with Qatari Prince ever used by Mr. Hussain Nawaz Sharif and Mr. Hassan Nawaz Sharif for establishment their businesses (Flagship etc.) except Azizia Steel Mills.

m. He verified "Assets Settlement" document, shown by the JIT as a true copy; the document was prepared in 2005 and executed in 2009 as shown on the Affidavit.

JOINT INVESTIGATION TEAM PANAMA CASE

Mian Shahbaz Sharif failed to justify non-mention of Avenfield Apartments or investment with Mr. Al Thani in the said document.

3. **Conclusive Findings**: Mian Muhammad Shahbaz Sharif failed to satisfy questions of the JIT about Gulf Steel Mills, Hudabiya Mills Case, Al-Towfeeq settlement and Assets Settlement of Sharif family. Prime facie, effort was made to evade questions and hide truth with reference to under reference issues. Inconsistencies of Sharif family with reference to Gulf Steel Mills further reinforce that the story about Gulf Steel Mills is unauthentic and lacks substance. Similarly, Hudabiya Mills Case is another major grey area, about which Sharifs and other witnesses (Mr. Tariq Shafi and Mr. Javed Kayani) remained shy and apprehensive;

a. Mian Shahbaz Sharif, though not a Respondent, but has connection with Panama Case; his role in Gulf Steel Mills, Hudabiya Mills Case and Al-Towfeeq Case filed in Queens Bench Division (QBD) London makes him important witness for investigations.

b. He misstated that Mr. Tariq Shafi was the owner and beneficiary of Gulf Steel Mills.

c. Shares Sale Agreement of 1978 is an unauthentic document or has been tampered as he declined to verify his signatures (Urdu) on the document, as witness.

d. His knowledge about some investment with Qatari Prince is based on "*hearsay*" only. He did not verify how, when and how much money was transferred from sale proceeds of Gulf Steel Mills to Mr. Al-Thani in 1980.

e. His blatant denial to reply asked questions about Al Towfeeq Case and Hudabiya Mills Case validate JIT's findings about established illegal money circulation in Hudabiya Case.

f. He corroborated statement of Mr. Hussain Nawaz Sharif about settlement of sale proceeds of Azizia Steel Mills; however, the same is inconsistent with stated position of Mian Muhammad Nawaz Sharif.

g. He corroborated the fact that the Sharifs are a monolithic family.

JOINT INVESTIGATION TEAM
PANAMA CASE

50

h. Authenticity of Sharif family's "Assets Settlement" document (dated 2009) stands proven to be a true copy. Non-mention of Avenfield properties or investment with Mr. Althani indicate that these were not inherited properties from Mian Muhammad Sharif.

4. The analysis of Statement of Mr Shahbaz Sharif is based on his statement cross analysed cross analysed with some with other witness statements and documents. The JIT's recent acquisition of key documents like the MLA response from UAE, BVI and the document forensic expert report have significantly altered the overall investigation of the case where it has become very clear that some parts of the statement of Mr Shahbaz Sharif are not based on facts.

51

## JIT's ANALYSIS OF STATEMENT OF CAPTAIN (R) MUHAMMAD SAFDAR

1. Captain (R) Muhammad Safdar is Respondent No. 9 in Panama Case. His role in this case is required to be investigated with reference to, i) claim of signing two trust deeds, presented by the Respondents as evidence before the Honourable Bench, ii) role in establishment and functioning of Azizia Steel Mills Jeddah, iii) his sources of income, iv) information about ownership of Avenfield Apartments, being a family member and, v) linkage of his wife with Avenfield Apartments and receipt of hefty gifts of millions of dollars from her family members namely Mian Muhamamd Nawaz Sharif (Respondent No. 1), Mr. Hussain Nawaz Sharif (Respondent No. 7) and Mr. Hasan Nawaz Sharif (Respondent No. 8).

2. Accordingly, he summoned for appearance before the JIT on ---- June 2016 along with relevant documents. Some of the observations/ findings of JIT on the basis of this statement by Captain (R ) Muhammad Safdar are as under:-

a. He was absolutely evasive, non-committal and speculative while recording of his statement. He was untruthful, dishonest, deceitful and shifty on many accounts, displaying wanting conduct. His emphasis was on propagating that he was highly upright, self-contained and independent person, which was inconsistent to the facts brought out by him during the proceedings. He did not bring along any document or record to substantiate his statement.

b. He declined to have any knowledge or his or his wife's role in Panama Case. When confronted with Court Record, showing him to be Respondent No. 9 in Panama Case, he not only refused to have knowledge about it, rather disowned four CMAs filed in Honourable Supreme Court of Pakistan. Furthermore, he refused to have known or contracted three lawyers namely Mr Shahid Hamid, Mr. Syed Rafaqat Hussain Shah and Ms Ayesha Hamid, who submitted four CMAs on his behalf in Honourable Supreme Court of Pakistan in Panama Case. This in view, it is fair to conclude that:

JOINT INVESTIGATION TEAM PANAMA CASE

52

(1) Either he is blatantly lying,; OR

(2) His CMAs were filed without his knowledge on instructions of Respondents 1 or 7; similar anomaly was observed in case of Mr. Hassan Nawaz Sharif and Mr. Tariq Shafi as well, who were found oblivious about the detail/contents of their CMAs, filed in Honourable Supreme Court of Pakistan during Panama Case. This pattern also reinforces the conclusion that Sharifs are monolithic family, and all decisions are taken/ executed by head of the family (in this case Respondent No. 1) without consent/ knowledge of other members. The presence of all the key family witnesses including Mr. Tariq Shafi at Prime Minister's House before and after recording of statements further corroborates the fact.

c. He stated that he along with all other family members including Mr. Shahbaz Sharif, Mr. Hussain Nawaz Sharif, Mr. Abbas Sharif and other female members/ children were receiving pocket money/ subsistence allowance from Mian Muhammad Sharif during exile in Jeddah and thereafter. This was in addition to the day to day expenses, being provided by Mian Sharif to family members including clothes etc. He was receiving about 1500 Saudi Riyals per month and this practice is still continuing. However, despite repeated question by the JIT, he did not divulge the source of this "pocket money" after death of Mian Muhammad Sharif. Following can be concluded in this context;

(1) All family members were dependent on Mian Muhammad Sharif and were beneficiary of his businesses including Azizia Steel Mills. Mian Muhammad Nawaz Sharif, who did not own or operate any business at that time, was also the beneficiary.

(2) After death of Mian Muhammad Sharif, Mian Muhammad Nawaz Sharif became the head of family, as stated by Mian Shahbaz Sharif as well. Continuation of pocket money/ subsistence allowance since 2004 indicates that head of family (Mian Muhammad Nawaz Sharif) continues to support/ make up for the expenses of all family members. This is further

JOINT INVESTIGATION TEAM PANAMA CASE

53

corroborated by the exchange of gifts worth millions of dollars within the family.

d. He stated that he was not involved in establishment or functioning of Azizia Steel Mills Jeddah. This is in contradiction to the statement of Mr. Hussain Nawaz Sharif, who categorically stated that he was helped by Captain (R) Muhammad Safdar in functioning of the Mills.

e. He prima facie lied that he still does not know about owner of Avenfield Apartments. He, along with the family, had been visiting London since 1993, but neither stayed nor was in knowledge that Apartments were in possession of Sharif family. In late 2007, he along with family (including Mian Nawaz Sharif) once stated in Avenfield Apartments and learnt that Apartments were in possession of Sharif family. Following serious inconsistencies have been observed:-

(1) He claimed to have signed a "Trust Deed between Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar" as witness relating to Avenfield Apartments in 2006. Therefore, his contention that he was oblivious about owner of Avenfield Apartment is absolutely untrue.

(2) The ownership of Avenfield Apartments has remained under discussion in the media since 90s. It is implausible that a close family member like him was completely unaware about this issue.

f. He narrated all events leading to the "Trust Deed between Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar", which he signed as a witness but neither did he remember the contents of the Trust Deed, nor its date/ year of signing since he had quickly gleaned the document. He declined to have known the relationship of Avenfield Apartments with the Trust Deed. When confronted with the Trust Deed filed by the Respondents in CMA ----- , he initially kept arguing it to be incomplete and photocopied document. However, later when exclusively indicated by the JIT, he verified it to be true copy. He also failed to recall any other "Trust Deed" signed by him as witness. Important conclusions are as under:-

JOINT INVESTIGATION TEAM PANAMA CASE

54

(1) His inability to recall contents of claimed "Trust Deed" vindicated that either he signed the document without reading or someone else signed it to be him. A common pattern/ practice in Sharif family, whereby decision by head of family is blindly complied with. Following are few cases to cite:-

(a) Mr. Tariq Shafi claimed that he had been signing different documents related to Gulf Steel Mills without even reading the contents, though, there are serious unanswered questions about even genuineness of his signatures on these documents.

(b) Mr. Hassan Nawaz Sharif and Mr. Hussain Nawaz Sharif signed family "Assets' Settlement" document, but when asked, they refused to have even seen the document.

(c) Mian Muhammad Nawaz Sharif verified his signatures on family "Assets' Settlement" document, but failed to recall the contents of the documents or date/ year of its signing.

(2) His inability to recognize "Trust Deed" document raises serious questions about the authenticity/ genuineness of the document.

(3) As per available record, he signed "Trust Deed" relating to Coomber Offshore Company. His failure to recall this "Trust Deed" signed by him as witness also substantiate that he either did not sign it or signed it without reading, making it unauthentic document.

g. He failed to justify purchase of land in Rojhan during 2001-02. His claim that he bought the land from his savings of pocket money then given Mian Muhammad Sharif does not justify the actual source of income for this purchase, as the value of land was much higher than his savings. Concurrently, he failed to justify increase in his assets from 12 million to 25 million in the year -----. Despite reassurance to JIT, he did not explain his sources of income till to-date.

h. He stated that he was neither aware nor ever discussed properties inherited by his wife from Sharif family. He also confirmed that his wife had no business concern

PANAMA CASE

55

outside country, nor have business relationship or dealing with his brothers or received any gifts. He attached file of her assets with his nomination paper without having a look at this. Following

(1) He tried to disown the file of assets of his wife attached with his nomination papers by stating that he did not had a look on it. While this does not absolve him from responsibility of its correctness, Ms. Maryam Safdar also becomes equally responsible in case of any inconsistency.

(2) It has been established that his wife had been getting huge sums as gifts from his brothers directly or indirectly, making her beneficiary of their businesses. Furthermore, until ownership of Avenfield is settled consequent to this investigation, his claim that his wife had no business concern outside country cannot be accepted on face value.

3. Captain (R) Muhammad Safdar remained evasive and also lied on few accounts. Hence, most of his stated details cannot be relied upon.

4. It may be added that investigation in to the matter by the JIT has revealed that the Trust deeds submitted by the respondents before the Honorable Supreme Court of Pakistan showing Maryam Nawaz as Trustee of the Avenfield properties has been found fake and forged, this explains the deceptive stance taken by Mr. Safdar in his statement to hoodwink the facts and mislead the JIT.

## Analysis of Statement of Ishaq Dar

Federal board of Revenue, a subordinate department of Ministry of Finance did not provide the record related to Income tax returns of Mr. Ishaq Dar who is the sitting Finance Minister. It is astonishing to note that FBR does not have the income tax returns of a sitting Finance Minister.

In his statement before JIT Mr. Ishaq Dar admitted that Mr. Moosa Ghani is his nephew, whose accounts were used for illegal transfer of money in the case of Hudabiya paper Mills. However, he failed to provide the whereabouts of Mr. Moosa Ghani.

He further admitted that Saeed Ahmed was a Director in Hajveri Mudarba who later went to UK and been working there in old age home for 10-15 years. After PML(N) came in to Power and he was brought back to Pakistan and was posted as Deputy Governor of State bank of Pakistan. Later on, he was posted as President of National Bank of Pakistan.

57

## JIT's ANALYSIS OF STATEMENT OF
## MR. JAVED KAYANI SON OF FAKHAR UDDIN KAYANI
## (Recorded on 18th May, 2017)

1. Mr. Javed Kayani was accused in Hudabiya Mills Case, which had a linkage with Al Towfeeq Case and possible link with Avenfield Apartments. He was alleged of circulating money by operating fictitious and few family bank accounts for making fraudulent transactions, acquiring loans for Hudabiya Mills and transferring of millions of dollars abroad to offshore companies.

2. Above in backdrop, he was summoned to appear on 18th May 2017 to record the statement before the JIT. JIT's findings/ observation on his statement are as under:-

a. He misrepresented on different accounts before the JIT, attempted to hide facts and manipulate events, while being highly evasive. He voluntarily confessed before the JIT that he opened fictitious bank accounts on the directions of Sheikh Saeed, maternal uncle of Javed Kayani and friend of Mian Muhammad Nawaz Sharif (Respondent No. 1). Mian Muhammad Nawaz Sharif corroborated this by accepting his acquaintance with Sheikh Saeed, as friend, in his statement before the JIT.

b. Mr. Javed Kayani disclosed that, Mr. Phil Barry, a US national and old acquaintance, acted as a 'courier' to bring 'unsigned' Traveller's Cheques from the USA to Lahore on instructions of his uncle Mr. Sheikh Saeed during 1992-1993 at least 3-4 times a year. Upon receipt, Mr. Javed Kayani used to deposit the Traveller's Cheques, and other foreign remittances worth millions of dollars, in his Benami bank accounts and thereafter draw Dollar Bearer Certificates (DBCs). He then used to hand over the DBCs to Mr. Phil Barry, who used to take them to the Prime Minister's House, Model Town Lahore.

c. Mr. Phil Barry had a very old relationship with Mian Muhammad Nawaz Sharif (Respondent No.1) from the time the latter was CM Punjab. Mr. Phil Barry had visited and met Respondent No.1 on quite a few trips to Pakistan during 1985-88. During the period 1992-93, Mr. Phil Barry visited and met Mr. Javed Kayani at least 4 to 5 times each year. Around 2 to 3 times he also met Mian Muhammad Nawaz Sharif in Lahore. According to the witness, Mr. Phil Barry met the PM in Islamabad and went back without coming to Lahore and meeting Mr. Javed Kayani on some occasions. Respondent No. 1

JOINT INVESTIGATION TEAM PANAMA CASE

58

met Mr. Sheikh Saeed at his hotel once but mostly met him on a daily basis whenever Sheikh Saeed was in town.

d. The statement by Javed Kayani before the JIT confirmed his involvement in opening fictitious accounts, receiving and depositing unsigned Traveller's Cheques and facilitating fraudulent transactions on behalf of Mr. Sheikh Saeed with some nexus with Mian Muhammad Nawaz Sharif. This nexus of Mr. Sheikh Saeed, Phil Barry, Javed Kayani and Mian Muhammad Nawaz Sharif raises suspicion on the involvement of all four in fraudulent transactions.

e. Mr. Javed Kayani voluntarily divulged that the fictitious accounts created by him were also used for the purpose of receiving foreign remittances, sources of which he was not very certain about. However, he did confirm that he used to circulate these funds on the instructions of his uncle Mr. Sheikh Saeed and also used to make payments to various accounts. A few major transactions were also executed in favor of Shamrock Consulting Corporation, London from the fictitious accounts under the name of Salman Zia.

f. The money so illegally circulated in various accounts by Mr. Javed Kayani, Mr. Sheikh Saeed and Mr. Phil Barry was used for obtaining loans for Hudabiya Mills and other business concern of Mian Nawaz Sharif. Therefore, he was the actual beneficiary of these fraudulent transactions/ bank accounts.

g. A graphic illustration of the money trail and fictitious accounts as revealed by Mr. Javed Kayani is placed at *Annexure-A*.

3. **<u>Conclusive Findings</u>:**

a. Mr. Javed Kayani blatant admission of opening and operating fictitious/ Binami bank accounts, on direction of Sheikh Saeed (maternal uncle and close friend of Mian Muhammad Nawaz Sharif) for fraudulent transaction, acquiring loans and transferring money in foreign banks (Shamrock Consulting Corporation), in itself, is a criminal offence.

b. Mr. Phil Barry, US national acted as courier of Sheikh Saeed to bring unsigned Travellers' Cheques from abroad, get these changed in DBCs with help of Mr. Javed Kayani and deliver at residence of Mian Muhammad Nawaz Sharif Model Town.

c. Illegally circulated money in various fictious/ Benami and/ few family accounts was used to acquire loan for Hudabiya Mills. Huge sum of this money was transferred from

JOINT INVESTIGATION TEAM PANAMA CASE

59

Benami account of Salman Zia and others (opened and operated by Mr. Javed Kayani) to Shamrock and other offshore companies.

d. The illegal/ fraudulent transactions from accounts of local banks to foreign bank accounts were executed during 1992-1993-1994; time when Avenfield Apartments were purchased.

e. The shady role of Mr. Javed Kayani in opening and operating fictitious, Benami and family bank accounts for illegally circulating and making fraudulent transactions has been proved beyond doubt through available certified banking record (attached with the report as a separate folder).

f. Mian Muhammad Nawaz Sharif and his family were the actual beneficiary of these fictitious accounts and fraudulent transactions.

# JIT's ANALYSIS OF STATEMENT BY MR. SAEED AHMED S/O MUHAMMAD SHAFI, PRESIDENT NATIONAL BANK OF PAKISTAN

**(Statement Recorded on 30th May, 2017)**

1. Mr. Saeed Ahmed is a UK National Actuary by profession and reportedly, a close friend of Mr. Ishaq Dar. He has been working in various banks and institutions in the Middle East and Europe. In 2014, he was appointed as Deputy Governor of State Bank of Pakistan. After completing his term of 3 years in SBP, he is currently serving as President of National Bank of Pakistan since February 2017. He is also serving on Boards of various financial institutions in Pakistan such as HBFC, ZTBL etc.

2. Mr. Saeed Ahmed, during his appearance before the JIT remained elusive and denied most of the facts related to his banking transactions. He even denied existence of his bank accounts and said that it was the first time that he became aware of the existence of these accounts and the massive inflow/outflow of funds through them. He stated that he has only one account in the Emirates Bank International, Gulberg Branch, which was opened on the directions of Mr. Ishaq Dar for the benefit of the company wherein deposits were used as collateral. However, he continued to deny knowledge of the transactions executed even through this account. He failed to explain as to why deposits in his private account were being used as collateral for subsequent loans to companies and individuals. He categorically stated that he left his cheque book with the company and it 'might' have been used by Mr. Naeem Mahmood on directions of Mr. Ishaq Dar. Mr. Saeed Ahmed even refused to acknowledge his signatures on the account opening forms of various accounts used in shady and fraudulent transactions. His statement, when analysed against the available record, is found to be preposterous and absolutely false.

3. A detailed analysis of bank account statements and record acquired from SBP and various commercial banks by the JIT is as follows:

a. Mr. Saeed Ahmed remained closely associated with Mr. Ishaq Dar and Hajvery Group. During the 1990s, he had 50,000 shares of M/s. Hajveri Modaraba

JOINT INVESTIGATION TEAM PANAMA CASE

61

Management Company (Pvt.) Ltd and was its first director along with Ishaq Dar, Naeem Muhammad and Abdul Rashid Mian.

b. As per assessment of available documents and record, five accounts of Mr. Saeed Ahmed in five different banks were used for movement of funds associated with different fake accounts of Qazi family, fake accounts opened by Mr. Javed Kayani and accounts of Mr. Moosa Ghani and Mr. Mukhtar Hussain. The first such account was opened in Bank of America in 1991. Amount of USD 1,127,231 was received in this account mostly through Foreign Telegraphic Transfers (FTTs). Loan was extended to Mr. Ishaq Dar against lien on this deposit. In June 1992, the available amount in this account was withdrawn mainly through Dollar Bearer Certificate (DBCs) (USD 1,074,000). DBCs of same amount were credited into the newly opened account of Mr. Moosa Ghani (nephew of the wife of Mr. Ishaq Dar) on same date. Loan of Mr. Ishaq Dar continued against lien on this deposit in the account of Mr. Moosa Ghani.

c. Thereafter, no significant activity was observed in the above mentioned Foreign Currency Accounts (FCY) of Mr. Saeed Ahmed till 1995 when he opened various other FCYs in different banks. In the year 1995, a cash amount of USD 1,023,452 was credited in his account at Al-Baraka Islamic Investment Bank. Thereafter, frequent transactions took place in his various accounts with Mr. Moosa Ghani and loan facilities were extended to Mr. Ishaq Dar and different companies of Hajvery Group against lien on deposits available in accounts of Mr. Saeed Ahmed. As per available record, Hajvery Group companies extended loans to companies of Sharif family. There were a large number of transactions from the accounts of Mr. Saeed Ahmed to the accounts of the Qazi family opened during 1992 to 1994.

d. Movement of funds was also observed in his accounts at Al Tawfeeq Investment Bank limited, Atlas BOT Investment Bank and Emirates Bank International. Amount of USD 4.200 million was transferred from accounts of Mr. Moosa Ghani, Ms. Nuzhat Gohar Qazi and Mr. Kashif Masud Qazi in the account of Mr.

JOINT INVESTIGATION TEAM PANAMA CASE

62

Saeed Ahmed maintained with Atlas BOT Investment Bank. These deposits of Ms. Nuzhat Gohar and Mr. Kashif Masud were under lien against the loan of Hajveri Group Companies. After transfer of deposit, the account of Mr. Saeed Ahmad remained under lien for the same loan.

e. It was identified by FIA & NAB that the accounts of Ms. Nuzhat Gohar & Mr. Kashif Masud Qazi were fraudulently opened and were disowned by Qazi family. Receipt of funds from those fraudulently opened accounts of Qazi family by Mr. Saeed Ahmed reflect that either he himself was beneficial owner of those accounts or he was receiving funds from fake accounts on behalf of someone else. Or at least he knew about the actual beneficial owner of these fake accounts of Qazi family.

f. Most of the amounts available in various accounts of Mr. Saeed Ahmed were consolidated in his account maintained with Emirates Bank International during 1995-97. Amounts of around USD 6.765 million were transferred abroad from his account at Emirates Bank through FTTs. As per NAB Reference 5/2000 and statements of various money changers and bankers recorded by NAB, most of this amount was brought back into the account of Hudabiya Paper Mills through equity injection by one Ms. Saddiqa Syed Mahfoodh Hashim Khadim by arranging funds through money changers. There is no plausible explanation of this huge money by Ms. Saddiqa Syed as till-date as this amount was shown to be lying in advance share account, even after 20 years, neither this huge amount was returned nor any share issued. In addition, amount of USD 533,530 were also sent to London during August and September 1995, from the accounts of Mr. Saeed Ahmed maintained at Al Baraka Bank and Al Tawfeeq Investment Bank.

g. This substantial loans were provided to different companies of Mr. Ishaq Dar/ Hajvery Group against the lien on deposits of Mr. Saeed Ahmed as elaborated below:

| Sr. No. | Company Name | Loan Limit as of 31-12-97 (PKR) | Period of Loan Facility | Deposits under Lien (USD) |
|---|---|---|---|---|
| a. | Hajvery Holding Pvt. Ltd. | 65.8 million | April 1995 to March 1998 | 1.804 million |
| b. | First Hajvery Modaraba | 124.168 million | July 1995 to April 1998 | 3.065 million |
| c. | Hajvery Modaraba Management | 7.0 million | April 1996 to March 1998 | 0.185 million |
| d. | Saeed Ahmed | 15.0 million | August 1996 to December 1998 | 2.250 million |
| e. | Mrs. Tabassum Ishaq Dar | 11.87 million | April 1996 to March 1998 | 0.326 million |
| | **TOTAL** | **223.838 million** | | **7.620 million** |

h. Loans worth Rs.223.838 million as reflected in the table were thus extended to Hajvery Group Companies and related individuals against lien on the deposits of Mr. Saeed Ahmed in Emirates Bank International. During 1996 to 1998, average balance in the account of Mr. Saeed Ahmed with Emirates Bank International remained around USD 7 to 8 million (the deposit was as high as USD 11.7 million in Oct 1997). However, as per available record and documents, the source of this deposit and its appropriate reflection in income tax returns and wealth statements of Mr. Saeed Ahmed needs to be verified.

i. Total inflow of USD 11,545,683 was observed in various accounts of Mr. Saeed Ahmed. Source of funds mostly remained cash, FTTs and transfers from other accounts. Whereas, the funds were withdrawn mostly through FTTs, DBCs and transfers to other accounts. The existence of fake accounts, unknown remittances as source of funds since established.

j. In the years 1997-98, the amounts available in the accounts of Mr. Saeed Ahmed started to decline and mostly the amounts were transferred abroad through FTTs while the loans extended against these deposits were also adjusted.

k. From the analysis of the accounts of Mr. Saeed Ahmed and movement of funds in his various accounts, it can be concluded that he used his various accounts for movement of funds for the illegal benefit of Mr. Ishaq Dar and Sharif family. As

per confessional statement of Ishaq Dar, Mr. Saeed Ahmed was his close friend and he himself was operating Mr. Saeed's accounts which were ultimately used for the benefit of Sharif family.

4. **Conclusion**: In the light of the above stated facts it can be concluded that statement made by Mr. Saeed Ahmed is factually incorrect and misleading, the documentary evidence available in the shape of Banking Record provides clear evidence against wilful involvement of Mr. Saeed in fraudulent transactions. Therefore, the JIT recommends that his name needs to be included in the list of accused in the said case.

## JIT's ANALYSIS OF STATEMENT OF
## LIEUTENANT GENERAL SYED MUHAMMAD AMJAD (RETD), FORMER CHAIRMAN NAB

**(Recorded on 29 June 2017)**

1. Lieutenant General Syed Muhammad Amjad (Retd) is the former Chairman NAB, who personally dealt and had firsthand knowledge about Hudabiya Mills Case and Confessional Statement (under Section-164 of CrPC) of Mr. Muhammad Ishaq Dar. He was called upon to ascertain whether Confessional Statement (under Section-164 of CrPC) of Mr. Muhammad Ishaq Dar was taken under duress or otherwise.

2. Accordingly, he recorded his statement before the JIT on 29th June 2017; JIT's findings/ observations on basis of statement are as under:-

a. He stated that he met Mr. Ishaq Dar in the office of DG NAB, Punjab's office for about 15 minutes. He was satisfied that his statement was not being recorded under any pressure or compulsion. As to the reason why he wanted to make that statement; he knew that he was in trouble as he had opened those accounts.

b. He met with the Qazi family in London to corroborate that whatever Mr. Ishaq Dar had said about the opening of the account without their knowledge and consent was true. They had absolutely no idea about the opening of the accounts and they had not even visited Pakistan when the accounts were opened.

c. He met Senator Rehman Malik only once coincidently when he visited Qazi family at London. Senator Rehman Malik did not hand over any document/ evidence/ material with reference to Hudabiya Case. However, it was possible that Senator Rehman Malik might have handed over some documents to some other official of NAB.

3. **Conclusive Finding**: Mr. Mr. Muhammad Ishaq Dar signed Affidavit under Section-164 of CrPC 164, voluntarily without any duress.

## JIT's ANALYSIS OF STATEMENT OF DIRECTOR BASHARAT SHAHZAD, FIA

**(Recorded on 17th May 2017)**

1. Mr. Basharat Shahzad, Director FIA, KPK, was Investigation Officer (IO) of the Hudabiya Mills Case. He was called upon to verify the records provided by the National Accountability Bureau (NAB) about Hudabiya Mills Case and ascertain whether Confessional Statement (under Section-164 of CrPC) of Mr. Muhammad Ishaq Dar was taken under duress or otherwise.

2. Accordingly, he recorded his statement before the JIT on 17th May 2017; JIT's findings/ observations on basis of statement are as under:-

a. He confirmed that all legal procedures/ laws were followed while obtaining Affidavit from Mr. Muhammad Ishaq Dar in connection with the Hudabiya case. Mr. Muhammad Ishaq Dar voluntarily submitted a hand- written confessional statement on April 20, 2000 to then Chairman National Accountability Bureau (NAB) and pleaded to become "Approver".

b. The fact that Mr. Ishaq Dar voluntarily gave the statement without any duress has also been corroborated by Lieutenant General Syed Muhammad Amjab (then Chairman NAB) before the JIT. However, he stated that he did not take hand written statement of Mr. Ishaq Dar.

c. Upon this the, Chairman NAB tendered him full pardon.

d. Mr. Basharat Shahzad took Mr. Muhammad Ishaq Dar to the Magistrate Mr. Tahir in his custody as IO and his statement was recorded under section 164 of CrPC on April 25, 2000. The Magistrate independently examined/ interacted with Mr. Muhammad Ishaq Dar.

e. Mr. Basharat stated that Mr. Muhammad Ishaq Dar was not coerced to give the confessional statement. Furthermore, he stated that the voluntary statement made by Mr. Muhammad Ishaq Dar corroborates with the bank record through forensic report. His

JOINT INVESTIGATION TEAM PANAMA CASE

hand writing sample was also confirmed by the Hand Writing Expert to be corroborating with the signature used for operating fake bank accounts.

f. He also certified that the copies of the reference along with all documents provided by NAB to the JIT are the same which have been filed as Reference No. 5/2000.

3. **Conclusive Finding**: All legal procedures/ laws were followed while then obtaining Affidavit from Mr. Muhammad Ishaq Dar in connection with the Hudabiya Case and he signed the document voluntarily without any duress.

# JIT's ANALYSIS OF STATEMENT OF SENATOR REHMAN MALIK

**(Statement Recorded on 23rd June, 2017)**

1. Senator Rehman Malik, as former official of Federal Investigation Agency, conducted an enquiry which formed the basis of his report, commonly known as Rehman Malik Report encompassing money trail of Hudabiya Mills Case. This report had been submitted by the Petitioners in Honourable Supreme Court of Pakistan during proceedings of Panama Case. On analysis of this report vis-à-vis additional evidence acquired through banking record, the JIT called upon Senator Rehman Malik to, i) verify authenticity of document/ report, ii) seek information/ evidence about money trail from Shamrock Consulting Corporation to Ansbacher/ Nielson and Nescoll Limited companies, and iii) acquire any additional evidence/ information, held by him with reference to alleged money laundering by Mian Muhammad Nawaz Sharif (Respondent No. 1) or his other family members.

2. Accordingly, he appeared before the JIT on 23rd June 2016. Some of the observations/ findings of JIT on the basis of this statement by Senator Rehman Malik are as under:-

a. He was clever, speculative, self-projectionist, and politically motivated. He prima facie gave misleading answers, generally based on "*hearsay*". He was more inclined towards drawing political mileage rather than making any substantive contribution in the investigations.

b. He verified the authenticity of report filed by the Petitioners as his. Copies of documents/ Dollar Bearer Certificate, provided by him to the JIT, are already held, hence no tangible addition/ lead for investigations beyond his old report.

c. He prima facie lied that he handed over a document to Lieutenant General Syed Muhammad Amjad (Retd), former Chairman NAB, containing information that Shamrock Consulting Corporation was registered c/o Ansbacher. When asked,

Lieutenant General Syed Muhammad Amjad (Retd), during his statement before the JIT, declined to have received any letter from Rehman Malik.

d. He stated that following information given on page 2 and page 3 respectively in the summary of his report (commonly known as Rehman Malik Report) was acquired from his source, hence cannot be relied upon as evidence, being a '*hearsay*' until corroborated by some document or other source:

**Page-2**: "US$ 350,000 was then transferred from Lloyds Bank to one Mr Hans Rudolf Wegmuller, a Director of Banque Paribas en Suisse Zurich who is also a Director of Ansbacher Switzerland, a fiduciary company which acts on behalf of the Sharif family."

**Page-3**: "It has also come to light that the Sharif family, in order to acquire property in the UK, utilized the services of Mr Urs Specker, the General Manager of Ansbacher Switzerland. According to the records of HM Land Registry in the UK and other official documents it was established that this individual purchased for the Sharif family four luxury flats – 16, 16a, 17 and 17a Avenfield House, London situated in very costly and upmarket area, for a total sum of $ 5 million, equivalent to Rs 30 crores.

e. He prima facie lied that he handed over Council Tax Record of Avenfield Apartments to Lieutenant General Syed Muhammad Amjad (Retd), former Chairman NAB. When asked, Lieutenant General Syed Muhammad Amjad (Retd), during his statement before the JIT, declined to have received any such record from Rehman Malik.

f. He declined to have possessed any document/ evidence which could authenticate following information contained on page 12 of his report under the heading 'THE CORRUPT ACTIVITIES OF MIAN NAWAZ SHARIF's FAMILY':-

"He takes his directions from Hans-Rudolph Wegnmuller of Zurich, a Director of Banque Paribas en Suisse and Ansbacher (Schweiz) AG, who deals directly with Mian Sharif. Mr. Wegmuller manages Sharif's $50 million overseas investments."

JOINT INVESTIGATION TEAM
PANAMA CASE

g. He stated that following information given in Annexure I of his report (commonly known as Rehman Malik Report) was acquired from his source, hence is based on the '*hearsay*':-

| PAYMENT FROM SHAMROCK TO WEGMULLER | | DATES OF PURCHASE OF PROPERTIES | |
|---|---|---|---|
| DATES FROM BANK | AMOUNT TO BANK | DATES PURCHASED | NAME OF THE PROPERTIES |
| 3-2-93 | $200,000 | 1-6-93 | 17 |
| 26-2-93 | $150,000 | 31-7-95 | 16 |
| Lloyds Bank Plc Stock Exchange Branch, London | Banque Paribas en-Suisse, Zurich | 31-7-95 | 16A |
| | | 23-7-96 | 17A Avenfeild House Park Lane, London W1 |

h. He stated that initially an amount of Rs. 140 million, realized through corrupt practices, was siphoned off through the Peshawar Hawala group to Bank of Oman, Sharjah. It was then remitted as foreign exchange in the form of FEBCs in the name of real brother, sisters and other close relatives (in all 43 family members) of Mian Muhammad Nawaz Sharif. However, he failed to produce any document/ record of this evidence to substantiate his statement.

4. **Conclusive Findings**

a. Senator Rehman Malik is ostensibly an unreliable and clever character, who failed to contribute towards investigation process.

b. His report (commonly known as Rehman Malik Report) contains authentic record/ evidences, which have been corroborated by Banking Record. However, money trail shown from Shamrock Consulting Corporation to Ansbacher and beyond remains uncorroborated in absence of any documentary evidence.

c. His assertion with reference to two documents (paragraph 3c & 3e above), which he claimed to have handed over to Lieutenant General Syed Muhammad Amjad (Retd), former Chairman NAB was found to be untrue.

# JIT's ANALYSIS OF STATEMENT OF UMAR CHEEMA, ICIJ

**(Recorded on May 17th, 2017)**

Journalist Umar Cheema is an authorized representative of the International Consortium for Investigative Journalists (ICIJ) in Pakistan since 2014 and was the case officer on Panama Leaks related to Pakistan. He stated that all documents circulating in the media commonly known as the Panama Papers were actually released by ICIJ and agreed to certify these after having consulted ICIJ. He has provided copies of his e-mails sent to Respondents No. 6 and 7 on March 5/6, 2016 along with the ICIJ questionnaire to seek their viewpoint/ position before releasing the Panama Papers (*Appendix-I*).

## JIT's ANALYSIS OF STATEMENT BY
## MS. MAHEEN FATIMA, EXECUTIVE DIRECTOR SECP
**(Statement Recorded on 27th May, 2017)**

1. Ms. Maheen Fatima was summoned to appear before the JIT with a view to enquire case details of Chaudhry Sugar Mills, which was taken up with UK Central Authority (UKCA) by her (then Director Enforcement, SECP) on behalf of SECP on suspicion of money laundering.

2. The statement of Ms. Maheen Fatima was recorded by the JIT before examining Mr. Abid Hussain (Executive Director/ HOD, Corporate Supervision Department, SECP). Therefore, the analysis/ findings of JIT are based on the facts corroborated during the statements of Ms. Maheen Fatima and Mr. Abid Hussain:-

a. Ms. Maheen Fatima was most of the time evasive and sometimes untruthful while recording her statement before the JIT. She tried to cover up facts, manipulate events and concealed evidence, either under pressure or apparently under directions of Mr. Zafar-ul-Haq Hijazi, Chairman SECP.

b. Ms. Maheen Fatima confessed to have opened a politically motivated case against Chaudhry Sugar Mills in 2011 under pressure of then Chairman SECP/ Commissioner SECP, referring it to UKCA and pursuing till late 2012.

c. In June/ July 2016, upon few media reports, Chairman SECP called Ms. Maheen Fatima and Mr. Abid Hussain in his office and observed that case file of Chaudhry Sugar Mills Inquiry was not officially closed in relevant dates. Later on the same day, Ms. Maheen Fatima and Mr. Ali Azeem Ikram maliciously closed said case in back dates (i.e 8 January 2013) on the directions of Mr. Zafar-ul-Haq Hijazi, Chairman SECP.

d. Case file of Chaudhry Sugar Mills Inquiry was closed in backdates disregarding procedures and without any formal investigation report due to political reasons, possibly to favour Prime Minister Mian Muhammad Nawaz Sharif (Respondent No.1) / Sharif family, by abusing their official position by Mr. Hijazi and Ms. Maheen Fatima.

JIT INVESTIGATION TEAM PANAMA CASE

e. The 'irregular closing of said case in backdates' is a misconduct on part of Mr. Zafar-ul-Haq Hijazi (Chairman SECP), Mr. Ali Azeem Ikram (Executive Director/HOD), Ms Maheen Fatima (Executive Director/ HOD) and Mr. Abid Hussain (Executive Director/ HOD), inspired by malafide intent. There is also a need to investigate the role of Mr. Tahir Mahmood (Commissioner) in this affair.

f. Mr. Abid Hussain and Ms. Maheen Fatima had a meeting prior to appearing before the JIT, as stated by them. Prima facie, they were tutored to conceal truth and present manipulated facts, especially on Chaudhry Sugar Mills Case.

3. **Conclusive Findings**:

a. Ms. Maheen Fatima is a dicey character, who confessed to have opened a fictitious case on flimsy ground against Chaudhry Sugar Mills in 2011 on the instructions of Mr. Ali Azeem Ikram, under influence of then Chairman SECP.

b. The circumstantial evidence also indicates that, during 2016, she maliciously closed said case in back dates (i.e 8 July 2013) again under influence; this time by the incumbent Chairman SECP. This besides reflecting the character of Ms. Maheen Fatima, Mr. Ali Azeem Ikram, Mr. Hijazi (Chairman SECP) and few others, also mirrors the fact that the institution is extremely politicized.

## ~~JIT's ANALYSIS OF STATEMENT BY~~

## MR. ABID HUSSAIN, EXECUTIVE DIRECTOR SECP

**(Statement Recorded on 27th May, 2017)**

1. Mr. Abid Hussain was summoned in backdrop of a letter (signed by him) received from SECP in response of JIT's request for provision of documents/ record of all cases/ inquiries ever conducted by SECP against Sharif family in addition to Chaudhry Sugar Mills Case. Mr. Abid Hussain on behalf of SECP officially intimated the JIT through a letter from SECP certifying that no inquiry report against Sharif family (other than Chaurdhry Sugar Mills and Ramzan Sugar Mills) was held in SECP (*Appendix-VI*). On suspicion, Mr. Abid was summoned/ made to appear before JIT on 27 May 2017 for recording of his statement and production of record (if any).

2. The statement of Mr. Abid Hussain was recorded in succession to the statement by Ms Maheen Fatima (now Executive Director/ HOD, Internal Audit & Compliance Department, SECP), who handled Chaudhry Sugar Mills Case in 2011-13 being Director (Enforcement).

a. Initially, Mr. Abid Hussain was evasive and tried to initially mask the facts during the investigation but later brought out facts, which either corroborated or contradicted parts of the statement made by Ms. Maheen Fatima before the JIT.

b. Mr. Abid Hussain and Ms. Maheen Fatima had a meeting prior to appearing before the JIT, as stated by them. Prima facie, they were tutored to conceal truth and present manipulated facts, especially on Chaudhry Sugar Mills Case.

c. In June/ July 2016, when matter surfaced in the media, investigations of Chaudhry Sugar Mills was maliciously closed by Ms Maheen Fatima and Mr. Ali Azeem Ikram in back dates (i.e 8 January 2013) on the directions of Mr. Zafar-ul-Haq Hijazi, Chairman SECP. Mr. Abid Hussain was present in the meeting where these instructions were passed, hence, Mr. Abid Hussain also knew about this irregularity but did not take any step to address this criminal act. The JIT considers the 'irregular closing of said case in backdates' to be misconduct on part of Mr. Zafar-ul-Haq Hijazi (Chairman SECP), Mr. Ali Azeem Ikram (Executive Director/ HOD), Ms Maheen Fatima (Executive Director/ HOD), and

Mr. Abid Hussain (Executive Director/ HOD), inspired by malafide intent. Furthermore, there is also a need to investigate the role of Mr. Tahir Mahmood (Commissioner) in this affair.

d. Case file of Chaudhry Sugar Mills Inquiry was closed in backdates disregarding procedures and without any formal investigation report due to political reasons, possibly to favour Prime Minister Mian Muhammad Nawaz Sharif (Respondent No.1) / Sharif family.

e. Mr. Abid Hussain, under the directions of Mr. Zafar-ul-Haq Hijazi (Chairman SECP), despite being cognizant of the irregularity in the case file of Chaudhry Sugar Mills, submitted the forged documents/ record to the JIT to de-track investigation and mislead the JIT.

f. Mr. Abid Hussain, under the directions of Mr. Zafar-ul-Haq Hijazi (Chairman SECP), did not check/ scrutinize documents/ record possibly available in various departments of SECP about cases against Sharif family to consciously hide the evidence against Sharif family. This besides being an effort to camouflage truth, is a mischievous act in favour of Sharif family, bringing disrepute to the official position of Mr. Hijazi and Mr. Abid Hussain.

g. Analysis of Chaudhry Sugar Mills Case indicates that the SECP, under influence of its Chairman, had been found opening/ closing cases under political influences. The institution is being used as a tool in hand of the sitting government.

3. **<u>Conclusive Findings</u>**:

a. Mr. Abid Hussain was present in the meeting where Chairman SECP Mr. Hijazi ordered to close the Chaudhry Sugar Mills Limited in backdates. Mr. Abid Hussain also knew about this irregularity but did not take any step to address this criminal act.

b. Mr. Abid Hussain, under the directions of Mr. Zafar-ul-Haq Hijazi (Chairman SECP), despite being cognizant of the irregularity in the case file of Chaudhry Sugar Mills, submitted the forged documents/ record to the JIT to de-track investigation and mislead the JIT.

c. Mr. Abid Hussain, under the directions of Mr. Zafar-ul-Haq Hijazi (Chairman SECP), did not check/ scrutinize documents/ record possibly available in various departments of SECP about cases against Sharif family to consciously hide the evidence against Sharif family.

d. The 'irregular closing of said case in backdates' is misconduct on part of Mr. Zafar-ul-Haq Hijazi (Chairman SECP), Mr. Ali Azeem Ikram (Executive Director/ HOD), Ms Maheen Fatima (Executive Director/ HOD), and Mr. Abid Hussain (Executive Director/ HOD), inspired by mala fide intent.

## Analysis of the Statement of Mr. Qamar Zaman Chaudhry, Chairman NAB

1. Despite the fact that all the cases against Sharif family have been initiated in 1999-2000 but since beginning, except filing four references in 1999-2000, no serious effort has ever been made regarding rest of the cases by the successive NAB authorities. In fact, most of the time these cases remained dormant or pended on one pretext or the other.

2. Even the primary allegations, on which the Honorable Supreme Court has taken cognizance of the Panama case i.e. the ownership of the Avenfield Properties, are very much the same on which an investigation was authorized by the NAB, about 17 years back in 2000. Similarly, the allegations of local assets beyond legal sources of income against the Sharif family are the subject matter of another ongoing investigation of the NAB.

3. Though as informed by the present Chairman NAB, who took over in the last quarter of 2013, that an SOP regarding completion of NAB cases in 10 months has been introduced but apparently the cases against the Sharif family remained beyond the scope of this SOP.

4. Further, the grounds on which the references were quashed by the Lahore High Court not in the distant past, were the non-association of the accused during investigation against them and recording their plea, by NAB. It has been noted that though these decisions are very much in field, still in all the present ongoing cases against Sharif family, again NAB despite the after the lapse of 17-18 years has not associated the accused with the investigations even once, which will result in the inherent weaknesses in the cases.

5. Regarding the matter of non-filing of appeals against the quashment of 3 x references by the Honorable Lahore High Court, Chairman NAB stated that he acted upon the advice of Mr. K.K Agha the then PGA of NAB that not to file appeal against quashed references pertaining to Raiwand Estate, Hudabiya Paper Mills and Willful Loan default of Ittefaq Foundry. As per his statement it is binding on him under the law to act according to the advice of PGA. In this regard he has quoted section 8 and section 32(a) of NAO,1999. The bare perusal of these sections highlight the fact that section 8 and 32(a) of NAO, 1999, nowhere describe the advice of PGA as binding and thus does not bar Chairman NAB to act against the advice of PGA.

6. Lastly, even after highlighting of Panama issue in the media and cognizance by the Honorable Courts, the basic information has not even been collected till date, rather on the pretext of Panama case, these investigations against Sharif family have been allowed to remain on the back burner. Thus it can be concluded that NAB is not actively pursuing the cases and matters are being delayed on flimsy pretexts, right from day one.

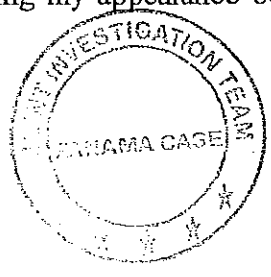
**Statement Recorded by the JIT in Pursuance of the Honorable Supreme Court of Pakistan's Order dated April 20, 2017 and May 05, 2017 in case CMA 29 of 2016 (Panama Papers)**

**Supplementary Statement of Mr. Tariq Shafi son of Mian Muhammad Shafi**



**Recorded on May 23, 2017**

1. I had stated in my previous statement before the JIT on 16th May 2017 that I do not possess any additional documents / record with reference to Gulf Steel Mills that I can produce before the JIT. I had only provided two (2) Affidavits to lawyer of Respondent No.7 for submission in the Supreme Court of Pakistan. However, the Licence, agreements and other documents/ record attached with the Affidavits in CMA7531 and CMA 432 have not been provided by me.

2. I want to explain further that after the shares were sold to Mr. Abdullah Kayed Alhi, 75 % in 1978 and remaining 25% in 1980, the documents and other record were also transferred to Mr. Ahli. I also acknowledge that the documents/ records of Gulf Steel Mills, attached with my Affidavits, were neither acquired by me from Dubai Notary Republic nor got verified/ attested by me from any public or private office including Pakistan Consulate, Dubai. I am also unaware, who got the documents of Share Sale Contract of Gulf Steel Mill of 1978 and Final Sale Agreement of Gulf Steel Mill of 1980) attested/ certified from Pakistan Consulate, Dubai.

3. I have, during my appearance before the JIT today, seen, understood and signed/ verified the documents/ record of Gulf Steel Mills, comprising of 47 pages, which were attached by Respondent No.7 with my two Affidavits and acknowledge that these are the copies of the original documents of licence of Gulf Steel Mills as well as those which were signed during the sale of Gulf steel Mill in 1978 and 1980.

4. As far as the signatures on the original documents/ record of the sale agreements of 1978 and 1980 is concerned, I had myself signed only two agreements, Land Rent Agreement dated 12 June 1974 & Share Sale Contract of Gulf Steel Mill, for transfer of 75% in 1978 and 25% shares in 1980 to Mr. Ahli. I however recollect that at the time of finalization of the document, I was in Pakistan and therefore, had authorized Mr. Shahbaz Sharif as my authorised representative for signing the final agreement document. I have, during my appearance before

80

the JIT today, seen the signatures on agreement of Final Sale Agreement of Gulf Steel Mill dated 14 April 1980 but do not acknowledge the veracity of the signature.

5. Real owner of Gulf Steel Mills was Mr. Mian Muhammad Sharif, whereas my name was used for documentation purposes only. I do understand that all the parties involved in the agreement signed and retained a set of signed documents with them. I do not know where our set of retained documents went. I am not in possession of any documents/ record of Gulf steel Mills which ceased to exit four decades ago.

6. The document/ record of the Gulf Steel Mills, if any, might be in possession of the Company which now cease to exist or with the heirs of Mian Sharif. As I had stated earlier that I was only looking after technical and administrative matters of the Company and never handled any financial aspects which were decided by Mian Sharif himself. At the time of sale of 25 % shares in 1980 I do not know how the liabilities were cleared by Mian Sharif, or whether they had been cleared at all.

**Questions & Answers**

Question: Are you willing to authorise JIT to seek documents/ record of Gulf Steel Mills on your behalf by giving "DATA DISCLOSURE CONSENT" as you are not in possession of any documents/ record of Gulf Steel Mills?

Answer: No, I have consulted my lawyer by calling him through my mobile phone and he has advised me not to give 'Data Disclosure Consent" to JIT

Question: On the four page document of Final Sale Agreement of Gulf Steel Mill dated 14 April 1980, where Shahbaz Sharif is shown as your authorised representative, do you see the signatures of Shahbaz Sharif?

Answer: No, I do not see his signature on them.

Question: Where were Mian Muhammad Nawaz Sharif and Mian Muhammad Shahbaz Sharif living during the period 1974-77?

JOINT INVESTIGATION TEAM PANAMA CASE

81

Answer: Mian Nawaz Sharif and Shahbaz Sharif were living in Lahore during these years. ~~Mian Shahbaz Sharif did visit Dubai occasionally but Mian Nawaz Sharif did not~~ vist Dubai during this period.

Question: You are well aware of the confidentiality of JIT proceedings. Have you divulged any of its details to anyone?

Answer: I did not divulge any information about proceedings/ investigations of JIT with reference to his appearances on 16 & 17 May 2017, with anyone except my lawyer namely Muhammad Nawaz Chaudhary, whom I consider highly trustworthy. I did not meet or talk on telephone with any family members of Sharif family including Mr. Hussain Nawaz Sharif.

**Statement recorded by the JIT in pursuance of Honorable Supreme Court of Pakistan's order dated 20 April 2017 and 05 May 2017 in case CMA 29 of 2016 (panama paper)**

**Supplementary Statement of Mr Tariq Shafi s/o Late Mian Shafi**

**(recorded on 02 July 2017)**

1. It is stated that after the sale of Gulf Steel in Dubai I continued to work for Mian Muhammad Shafi in Ittefaq foundries. I was the CEO and director and my major responsibility was to make arrangements for the scrap and machinery to be imported from abroad. I had made good contacts in Dubai and in the initial years after 1981, I mainly used those contacts to import scrap from Dubai, for Ittefaq foundry, but later on machinery and scrap from different other countries like Russia, USA and Germany etc. was also imported. I used to go to Dubai regularly for making arrangements for purchasing of scrap and then opening an LC in the name of a company named Eastern Supplies Company (ESSCO) owned by my friend Mr. Ahmed M Habib which dealt in trade business. He would arrange for the scrap and I would also use my own contacts to arrange from other parties as well. Once these arrangements were made I would open an LC in favor of ESSCO from Ittefaq foundry. After the shipment reached Pakistan the payment used to be made. Mr. Habib would deduct the price of scrap that he had arranged and the rest of the money would be deposited by him in my account in Bank of Oman, Dubai. I would make payments to the other parties who had provided the Scrap in Dubai. The remaining amount i.e. the profit would remain available for subsequent use in Dubai.

2. During this time I was receiving regular monthly remuneration, like all my cousins and family members, from Mian Sharif. I do not now remember exactly how much I received but it was equal for all the cousins. I travelled to Dubai every couple of months for making arrangements for the next shipment. It was a business which was being run by Mian Sharif Sahib and all decisions were made by him. I was working on his behalf in this business in Dubai and it was again a joint family business controlled by him.

JOINT INVESTIGATION TEAM
PANAMA CASE

3. I had also developed good relations with Mr. Khawaja Muhammad Sadiq, now living in Gujranwala, who was a jeweler in Dubai but also had a license for a General trading company named Al-Imran. I had started to also work with his company for opening LCs from Dubai in 1984. By the year 1987 the business of Ittefaq Group had expanded a lot and we were importing not only scrap but also machinery and equipment which were used for setting up sugar mills. These included motors and centrifuges. With this expansion Mian sharif asked me to open up a bank account in BCCI Dubai in my own name as well a joint account in the name of Al Imran. I had the power of attorney from Al Imran company to deal on its behalf. We used to open up a LC by utilizing the Dubai BCCI credit line and once the machinery reached Pakistan the payments were made by the Ittefaq group to Al-Imran to settle the loan.

4. In 1989, we got a LC opened for about 9 Million dirham which included about 4 lac dirham loan in my name and the remaining in the name of Al Imran. It was for importing a blower room, a machinery used in the manufacturing of textile industry, for Ittefaq group, from Germany. Khalid Siraj used to manage the textile industry in the Ittefaq group. Mian Sharif had asked me to get this credit for the import of machinery by opening LC by Al Imran. However by the time the machinery reached there, serious disputes surfaced between the family over the businesses and the properties. The payment to Al Imran was not made and when I requested Mian Sharif he told me that this would be adjusted once the settlement was made in the family. This non payment resulted in default of payment and the BCCI moved the case against me and Al Imran in the courts in Dubai and warrant of arrests were issued against me and I was placed on Exit Control List. I was in Lahore at that time and therefore could not travel to Dubai after that.

5. As regards the case that was filed by BCCI in the Lahore High Court, I did not follow the proceedings in the court. I may have given power of attorney for a council but I do not recall. I do not remember when was this proceeding started in the High Court or what was the outcome. I do remember that when I had received the notice I had sent it to Mian Sharif who had again told me that this matter will be adjusted when the dispute be settled between the families.

INVESTIGATION TEAM

This default continued and the payment was not made. I do not remember the exact year when the settlement between the family was finally made. I think, it was 2012, when I received a call from Mr Nawabi, who had been the manager in BCCI Dubai and had moved the case of default against us. He told me that all matters had been settled by the ruler of Dubai and my name had been taken out of the ECL. I do not know how this happened, I had not moved any petition to write off this loan.

6. I have been shown a copy of the order of Dubai court issued against me and note that the amount of default is about 9 million UAE Dirham.

7. Further, I do not know Musa Ghani. As far as Sheikh Abdul Ghani is concerned he is an old family friend. He was originally from Amritsar India and had migrated to Pakistan but later had gone and settled in Saudi Arabia and became a Saudi Citizen. He had a steel trunk business and lived in Macca. He was very close to me and was a relative of my wife. I respected him a lot and treated him like my father. He was a very wealthy man.

8. As far as signing on any document related to any business or trust deed with reference to him is concerned, I do not recall, but he could have asked me as I was very close to him. If there is a document with my signature in original then perhaps I would be able to comment. I have been now shown the photocopy of a document which bears apparently my signature but I do not recall any thing about this document or trust. Like I said, maybe he had asked me to sign but I do not recall anything about this document or what this is all about.

Question. At the time of sale of remaining 25 % shares of Gulf steel in 1980 there were about 14 million Dirham of liabilities including a liability from the loan from BCCI. You had shown ignorance about whether this liability was settled and by what means by Mian Sharif. You were able to later open an account in BCCI, the same bank that you had outstanding liability in 1980 at the time of sale of gulf steel. Does not this clearly show that the liabilities of gulf steel were cleared?

85

Answer: Yes, it does mean that the liability was cleared but I do not know how and who cleared it.

Question: You were placed on the ECL and had to stay away from Dubai to avoid arrest because of default on loan. On the other hand you as ostensible owner of gulf steel had huge outstanding liabilities to settle even after its sale in 1980, however you were able to continue with your business activities immediately after 1980, without any hindrance, does not it imply that that the liabilities were cleared after the sale? Otherwise would not you have faced action by the authorities?

Answer: yes, I think the liabilities were cleared but I do not know how.

Question: ~~You~~ have already stated that Mian Sharif did not go to Dubai after 1978? Was there anyone else, other than you, who looked after his interests in Dubai after 1980, and could have settled the liabilities?

Answer: It was only me who was looking after all the business interest of Mian Sharif in Dubai after 1980. I however do not know how the liabilities were settled.

# Statement Recorded by the JIT in Pursuance of the Honorable Supreme Court of Pakistan's Order dated April 20, 2017 and May 05, 2017 in case CMA 29 of 2016 ( Panama Papers)

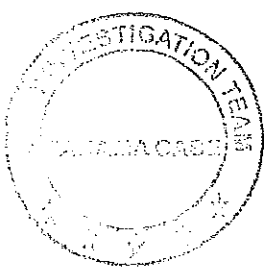
## Statement of Mr. Tariq Shafi s/o Mian Shafi (Late)

## Recorded on May 16, 2017

1. My father died (in 1970) when I was very young and I was looked after and supported by my Uncle Late Mian Sharif. Due to hostile domestic political conditions and nationalization of Ittefaq Foundry, our family business, Mian Sharif, who was the Chairman of Ittefaq Foundry, moved to Dubai in 1973. I was a student of F.A. in Government College, Lahore at that time.

2. In Dubai, Mian Sharif acquired a piece of land on rent-basis for establishment of a steel factory with the name and title of Gulf Steel Mills from the then Ruler Sheikh Rashid. I learned that Mian Sharif had managed to arrange a loan from BCCI on zero-equity basis, by providing personal guarantee as a sole security against the loan. I was in Pakistan at that time and was asked by Mian Sharif to sign a couple of documents, he also himself put my signatures on some documents while arranging for loan, trade licence and land acquisition. Mian Sharif arranged my visa for Dubai and I arrived at Dubai on 9 July, 1974. Prior to my arrival everything had already been arranged by my Uncle Mian Sharif.

3. The factory was established by Mian Sharif as sole owner using my name for documentation purposes. In fact, it was a family business and as Mian Sharif was head of the family so he could nominate anybody to run any of the family businesses. Additionally, many of the family members (Mian Bashir, Mian Iqbal Barkat, Mian Pervez Shafi and Mian Abbas Sharif) were part of this business. Later on I learned that one Mr. Hussain, brother-in-law of wife of Mian Sharif and his *Humzulf* was also shown as a partner, whom I had never seen or met. This arrangement was decided by Mian Sharif to which I never objected and simply



complied with. All the loans/credit facilities were provided by the defunct BCCI being the sole bank of the company, without any collateral, solely on personal guarantee of Mian Sharif. Though it is correct that such loaning arrangement is not a banking norm and is considered an abnormal transaction but this is what I was informed by Mian Sharif and it is not in my knowledge how he arranged this loan without equity, as I was never associated with the financial matters of the company.

4. It is correct that the sons of Mian Sharif, that is, Nawaz Sharif, Shahbaz Sharif, and Abbas Sharif were more educated and also older in age than me, however, it was Mian Sharif's decision to choose me to be the major shareholder of the company instead of his sons, for reasons best known to him.

5. The construction work of the Gulf Steel was started in 1974 and trial production started in 1976. However, it was in July 1977 that the factory was formally inaugurated by Sheikh Rashid, the Ruler of Dubai and the factory started its commercial production. Though I do not remember the exact dates but during that period, I was informed that Mr. Hussain, the other shareholder had died and in this regard I received a cession certificate from Pakistan purported to be given by the legal heirs of Mr. Hussain and I became the sole owner. I was unaware of the authenticity and contents of the said cession certificate and I did not personally meet any of the heirs to confirm the same. Again this arrangement was carried out by Mian Sharif as I have no clue as to what financial or any other arrangement was made between the heirs of Mr. Hussain and Mian Sharif. It is reiterated that I have never ever seen or met Mr. Hussain. I never saw his signature on any document of the company including the 'application of the trade license'.

6. In fact, all the financial matters were looked after by Mian Sharif himself and I was never made privy. I was receiving about AED 2,000 or so, as my personal expenses on a monthly basis. It is again added that I was only looking after the technical side and Mian Sharif never involved me in the financial issues of the factory which were totally managed by him. Though I signed some cheques of the factory but since I was the sole owner, on paper, hence, it was a legal requirement. I always signed the cheques on the instructions of Mian Sharif.

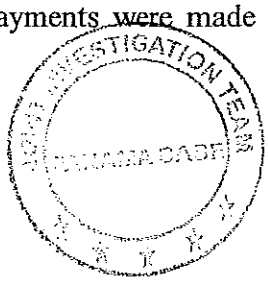
7. The major payments of higher amounts were always made through cheques. As far as my cash handling is concerned I usually handled cash of about AED 20,000. Only once do I recollect that I had gone to the bank and brought AED 60,000 and that is the maximum that I carried on my person at one time.

8. It is correct that I have no documentary evidence or proof which suggests that all the affairs of the Gulf Steel were managed by Mian Sharif and not by me. I was shown to be the owner in the documents of the factory, and therefore it can be said that I was the *benamidar* of Mian Sharif regarding Gulf Steel.

9. As I have stated earlier the Gulf Steel started its production in 1977, however, soon after the production started, steel business was badly affected by recession. The cost of electricity provided to the factory also increased from Fils 7 to Fils 35 per unit. Due to these factors the cost of production increased from AED 80 to AED 300 per tonne. There was also a great fall in steel prices in the market as well. Since the factory was running in huge losses and was unable to repay the loans it acquired from the BCCI, it was decided to sell 75% of the shares of the factory to one Mr. Ahli, a local citizen of UAE.

10. In 1978, through a tri-partite agreement amongst Mr. Ahli, myself and BCCI, 75% shares were transferred to Mr. Ahli and payment of those shares were directly made to the bank and I did not receive a single Dirham from this transfer. It is correct that Gulf Steel was in total loss at the time with huge liabilities, the 75% of the shares of Gulf Steel were sold for a total consideration of about AED 21 million which as per agreement were paid directly by Mr. Ahli, the buyer, to the bank authorities. It is correct that even after the payment of aforementioned liabilities, still liabilities amounting to about AED 14 million remained outstanding against Gulf Steel, which as per agreement were our responsibilities to pay back and the buyer Mr. Ahli had no concern with it. No liability of Gulf Steel was transferred to Mr. Ahli who changed the name and style of Gulf Steel to Ahli Steel. However, I remained a shareholder of 25% of Ahli Steel after this arrangement/sale of Gulf Steel as per the agreement.

11. Immediately after the sale of our factory there was a boom in the steel market, the rates of electricity also were reduced and the factory became a profitable unit. However, since the



89

management was with Mr. Ahli, therefore, I have no knowledge whatsoever regarding earnings of the factory, and the profitability, audits, profit/loss statements, board of directors or any other information relating to financial matters. As a matter of fact I came back to Pakistan in 1978 and went to Dubai only for a few trips for a few days. During that time Mian Sharif sahib had also came back to Pakistan. The affairs of the company were being looked after by Shafi Alam, a Bangladeshi. Mr Shahbaz Sharif occasionally went to Dubai to deal with the issues of Gulf steel. As per my knowledge during the boom period the factory made profits from which I calculate the share of Mian Sharif to be to the tune of AED 5 million in 2 years. It is also correct that after the sale Mr. Ahli held 75% of the shares of the factory. Though the factory was earning handsome profits in 1980 but Mian Sharif decided to sell the remaining 25% shares held by me and on his instructions I sold these shares to Mr. Ahli for a total consideration of AED 12 million to be paid by Mr. Ahli to me in six equal installments. As per agreement, Mr. Ahli had to provide us with a bank guarantee to cover the payments of AED 12 million.

12. I do not know of any other business of Mian Sharif in the Middle East at that time. I do not know how the outstanding liabilities of Gulf Steel were settled by Mian Sharif.

13. After the sale of 25% of my shares I used to go to the office of Mr. Ahli to receive the payments of installments in cash, as and when directed by Mian Sharif. It is correct that the first agreement of sale of 25% shares is silent about the mode of payment but since there was some issue in the provision of bank guarantee by Mr. Ahli, I remember that another agreement of cash payment was signed between Mr. Ahli and myself, however, I do not possess a copy of this cash agreement with me.

14. On the instructions of Mian Sharif I used to receive the cash amount of AED 2 million each time from the office of Mr. Ahli, and carried it in a briefcase. I used to hand it over to the representatives of Mr. Fahad, a Qatari prince. On each occasion the representative of Mr. Fahad was a different person. All of them were total strangers to me and I had not seen them before the transaction were made nor have I seen them afterwards. I did not give a receipt for receiving the AED 2 million from Mr Ahli. Also I did not get a receipt from the representatives of Mr. Fahad. There were a total of six such occasions on which I received payments from Mr. Al Ahli and handed over the payments to the representatives of Mr. Fahad. The payments were made in

different hotels. I never made any of the payments to Mr. Fahad directly or personally. I have never met him in person.

15. Regarding submission of documents of Gulf Steel before the Honorable Court it is stated that at the time of sale of Gulf Steel, I had handed over all the documents of the factory to Mr. Ahli and kept no document with me. Mr. Hussain Nawaz Sharif son of Mian Nawaz Sharif contacted me in May/June, 2016 and asked me to reach Dubai without informing the purpose of the visit. Once I was in Dubai, Mr. Hussain Sharif took me to the office of Mr. Ahli where Mr. Ahli, along with his team including Chief Accountant, Mr. Shafi Alam, a Bangladeshi national, who used to be an accountant in Gulf Steel were present. Since the sale of my shares to Mr. Ahli I had no contact with him and it was Mr. Hussain who had confirmed the whereabouts of Mr. Ahli and arranged this meeting.

16. I had been asked to accompany Mr. Hussain as my presence being the previous owner was essential. During the meeting Mr. Hussain requested for some documents relating to the establishment of Gulf Steel and sale agreements from Mr. Ahli. After a week or so Mr. Ahli handed over some documents to Mr. Hussain Sharif. However, on the request of Mr. Hussain I got those documents notarized from the notary public at Dubai and handed them over to Mr. Hussain. I did not go to the Pakistan Consulate for getting attestation of the documents. To the best of my knowledge those documents are the same which have been submitted by Mr. Salman Raja, the lawyer of Mr. Hussain, who also happens to be my lawyer as well, before the Supreme Court of Pakistan.

17. Regarding my two affidavits submitted in the Supreme Court of Pakistan, it is stated that I voluntarily submitted these. However, after the JIT has pointed out the inconsistencies in the affidavits I now realize that there are some major omissions or misstatements in these affidavits. It is correct that my age has been wrongly cited. I had also stated earlier that there is no cutting on the Affidavit but now realize that there is cutting in paragraph 7 where the words, "and Union Bank of Middle East (UBM)" have been struck out and there omission of a word after the words, "Gulf Steel Mills..." in paragraph 3 which I believe is the word "Limited". I also now realize that there is also a visible cutting where the date of the Affidavit i.e., "12th" has been struck through and "20" has been written. Further, I do not know the meaning of the word "ostensible"

used in the affidavit as it was drafted by my lawyer Mr. Raja on my instructions. I had only cursorily reviewed the document before signing it as I trust my lawyer. It is also correct that I was never ever associated with the finances or accounts. Hence, the categorical statement, as reflected in my affidavit submitted before the Supreme Court of Pakistan, that no money was transferred or remitted from Pakistan for the purpose of financing or running this business is incorrect.

18. Though I agree with the grave mistakes and omissions in my affidavits submitted before the Honorable Supreme Court of Pakistan but they were drafted by my lawyer on information provided by me and I relied upon his draft. Further, I need more time to submit the relevant documents as I am coming directly from Saudi Arabia in compliance of the summons issued by the JIT and had no time to collect the related documents.

**Questions & Answers**

**Question**: You signed an affidavit, in which you said you were 19 years old in 1973. What is your date of birth and how old were you when you moved to Dubai?

**Answer**: It was an omission in affidavit that I was 19 years old in 1973 as I was born on 05 March 1955 and was 19 years old in 1974 when moved to Dubai.

Question: You have repeatedly stated that it was a family business, then were the family members partners and were the proceeds divided amongst them?

**Answer**: No, it was solely owned and headed by Mian Sharif and other family members were just like paid employees, and my name, being the servant of Mian Sharif was used for the purpose of ownership/ partnership.

**Question**: Can you provide more details about your partner Hussain who had died?

Answer: He was a British national who, now I recall,had a son named Shahzad. I met him in some of the family functions. I have checked his date of death from one of my friends on phone and it is 18 july 1977.

92

**Question**: Under the terms of the sale agreement of 1980 it was stipulated that the net consideration of AED 12 million was to be paid in 6-monthly installments of AED 2 million each. These future payments were to be secured against a bank guarantee issued by Union Bank of Middle East. Moreover, the guarantee provision was also stipulated in paragraph 7-9 of the agreement. Was the guarantee arranged by Mr. Ahli and why was the payment made in cash in the end?

**Answer**: No bank guarantee was arranged by Mr. Ahli and therefore the said agreement could not be acted upon. He further stated that consequently another agreement was signed between the parties wherein it was agreed that Mr. Ahli would be making six monthly installments of AED 2 M each in cash. I do not have a copy of this agreement.

JOINT INVESTIGATION TEAM
PANAMA CASE

93

**Statement recorded by the JIT in pursuance of Honorable Supreme Court of Pakistan's Order dated 20 April 2017 and 05 May 2017 in case CMA 29 of 2016 (Panama Papers)**

**Statement of Mian Nawaz Sharif s/o Mian Muhammad Sharif**

**(Recorded on 15 June 2017)**

1. As per paragraph 3 of the Order of the Supreme Court of Pakistan, dated 20 April 2017, the Joint Investigation Team has been tasked to investigate the case and collect any available evidence showing, inter alia, if I own, possess or have acquired assets, or any interest therein, disproportionate to my known means of income.

2. The assets that I own, possess or have acquired are, in their entirety, reflected in my income tax returns and wealth reconciliation statements. Similarly, the means by which I have come to own, possess or acquire such assets are reflected by way of entries in my income tax returns and wealth reconciliation statements.

3. My income tax returns and wealth reconciliation statements conclusively establish that the assets owned, possessed and acquired by me are not disproportionate to my known means of income.

4. Initially, I had been a shareholder and/or director in one or more companies established by my late father in Pakistan. However, for approximately three decades, I have not been a director in any of those companies. In any case, I have not been actively involved in the business of any of those companies since the year 1985.

5. I have brought with me, copies of my income tax returns and wealth reconciliation statements for the years 1985 - 1999 and 2009 to 2016, which I hereby produce.

6. As I was not resident in Pakistan from 2000 to 2008, I did not file any income tax returns and/ or wealth reconciliations statements for those years.

7. I do not own or possess, nor have acquired any assets or interests therein other than those mentioned in my income tax returns and wealth reconciliation statements.

JOINT INVESTIGATION TEAM PANAMA CASE

94

8. In particular, I have neither owned nor held any beneficial interest in Gulf Steel Mills, Al Azizia Steel, Flagship Investments (Private) Limited, Hill Metals or Apartments No.16, 16A, 17 and17A Avenfield House, 118 Park Lane, London, United Kingdom or any other foreign company, including Nielsen Enterprises Limited and Nescoll Limited. I was not involved in any transaction by virtue of which the aforementioned companies or apartments were acquired by their respective owners.

9. I was also never involved in the running or operation of any of the foreign companies mentioned above.

10. I have been actively involved in politics since 1981 and have devoted my entire life to my occupation as a politician.

11. I completed my education in 1968 by graduating from Government College Lahore. Before December 1971 our family had businesses in Dacca and Lahore, mostly related to Engineering, Iron and steel. Due to the war and then the nationalization of factories by the Bhutto government, my father, Mian Muhammad Sharif, decided to move and set up a steel mill in Dubai. Before setting up the factory in Dubai we had no business setup outside Pakistan. We had been exporting Diesel engines to Saudi Arabia, Iraq, Iran and Afghanistan.

12. After the factory was established I visited Dubai for a couple of times for very short stays, perhaps spanning a couple of days each time. I did not oversee any industrial unit in Pakistan myself at that time. I did however spend time in Ittefaq Textile Mills, which was more like a training period. I think this was. I soon got in politics and was the candidate for the National Assembly in 1977, but the elections got cancelled. I became the Finance Minister in 1981. I was not overseeing any businesses myself after 1981, although I may have been the director of some companies. I however disassociated myself from all businesses in 1998. I think I had made that announcement in the address after the nuclear detonations. As far as the meaning of disassociation from business is concerned, it is true that it is more in terms of disassociation from any management function, rather than in terms of holding financial interests in a company. After all how can you make a living if you disassociate yourself from the financial interest like holding of shares in a business? I am sure that I do not have any designated position like a director or a CEO except perhaps in Chaudary sugar mills, where I might have a position.

JOINT INVESTIGATION TEAM PANAMA CASE

95

13. The Gulf Steel Mills was setup mainly from loans. I know that Tariq Shafi, who is my cousin, was assisting my father. As far as why Tariq Shafi was chosen to be the owner, instead of Shahbaz Sharif or me, it was the decision of my father. The distribution of the share in any investment amongst the family members was always the sole decision of my father which he always tried to do in an equitable manner.

14. I remember that I participated in the inauguration ceremony of Gulf Steel Mills Dubai but I do not know who is Mr. Muhammad Hussain and whether he was present in the ceremony or not. I also do not have any knowledge about his role in Gulf Steel. These matters were dealt with by my father and I do not know any details about them. As far as my uncle Muhammad Hussain is concerned, he had died a long time ago and his family, who lives abroad, still visit us when they come to Pakistan.

15. As far as relationship between my father and the Al Thani family of Qatar is concerned, it dates back a long time. Sheikh Hamad was the first person who had met me in custody after the 1999 Coup. I do not want to discuss the details of the sale proceeds of Gulf Steel as they were best known to my father. All I know is that they were used for the businesses set up outside Pakistan later. As far as the letter of Prince Hamad Al Thani submitted in the Supreme Court is concerned I do remember that I had seen them but do not remember the details. I have been read out the letter of Prince Hamad Bin Jasim Al Thani dated 5 November 2016 and I confirm that I had the knowledge that beneficiary of the investment was to be Hussain Nawaz. I cannot however say when was the sale proceed of Gulf Steel handed over to Al Thani family; whether immediately after the sale or later on. I do not remember the details of the second letter of Prince Hamad dated 22 December 2016. As far as the worksheet, submitted in the Supreme Court of Pakistan, submitted by my sons, is concerned I do not recall having seen it or know of its contents. I can however say that this investment was the basis of subsequent businesses set up by Hasan and Hussain. I stand by all the submissions made by my sons and daughter before the Supreme Court of Pakistan during the proceeding of this case.

16. As far as the shareholders of Al Azizia factory which was set up after 2000 is concerned, they were, my son Hussain, the daughter of Shahbaz Sharif and I think my brother Abbass Sharif. The fact that my father always wanted to have equitable division of business interest in the family is evident in this distribution of shares. I think that the profit and the sale proceeds

INVESTIGATION TEAM
PANAMA CASE

were distributed after the sale of the factory amongst the shareholders. At about this time there was also the distribution of the family assets, after the death of my father. This was amicably settled and this agreement was also executed. I have been shown the family "Assets Settlement" document by the JIT and identify my signature on this document.

17. As far as my visits to United Kingdom are concerned, the first time I had gone there was in 1969. In the 1990s, I do not remember the exact year; I had gone and stayed in the Avenfield apartments. I knew that Hussain and then Hasan, who were studying in London, were living in those apartments. All the expenses related to their stay were met by the money my father used to send them. I know broadly that we were paying the ground rent, service charges and utilities but do not know whether rent was being paid or not. Hussain was dealing with these issues and he knows the most. I knew that it was an arrangement made by Mr. Al Thani and my father. I do not however know about how the bearer certificates were transferred.

18. As far as my not referring to the investment between the Qatari family and my grandfather in the speeches is concerned, I had at that time said that I would tell the details when the time comes. With regard to the international media interviews about the Avenfield apartments in the 1990s where we did not mention the Qatari investment in our responses; all I can say is that there is a story behind how that interview that you are referring to happened and who sponsored it. I do not want to discuss the details. In relation to the news report of the guardian which quoted my wife as saying that the Avenfield apartments were purchased for Hasan and Hussain in 2000 while they were studying in London; my response is that sometimes these things are said because of lack of knowledge.

19. I do not find any issue with the fact that my son Hussain sends me money as gifts which I either spend myself or gift it to my daughter Maryam. It is foreign exchange coming into Pakistan and the money was sent through the official banking channels.

20. As far as the construction of Raiwind Estate is concerned the work was done in the mid-1990s and the funds were provided by my father. I do not think that there were any loans involved but I am not certain. I did not however deal with payments in cash personally. It must be understood that our father provided for all the family.

## Questions & Answers

Question: In your speeches you had mentioned that all record relating to Azizia and Gulf Steel was available but later your Counsel stated in the Supreme Court that no such record was available. Can you explain this contradiction?

Answer: I am not sure, maybe I had given the record to the speaker, but I am not sure about this.

Question: you have stated that you stand by whatever Respondents 6, 7 and 8 have submitted before the Supreme Court of Pakistan during the proceeding of the case, about Gulf Steel and Azizia etc. Did you personally see what they have submitted before the Supreme Court of Pakistan or your knowledge is based on family discussions?

Answer: I had not seen the submissions, my knowledge is based on the family discussions but I endorse whatever has been submitted by them.

Question: Do you have any other documents that you want to produce in addition to the ones you have brought today?

Answer: There are no further documents to be produced. We have already provided all the documents we had.

Question: In 1999, the Queens Bench Division had put a caution on the Avenfield properties which was removed on the basis of a settlement. What is your knowledge about the terms of the settlement?

Answer: I have heard about it but I do not know about the terms of settlement.

Question: You had referred to the settlement of family assets in 2005. Was the matter of investment of proceeds of Gulf Steel discussed especially with regards to Avenfield properties?

Answer: Yes, perhaps it was discussed and since they had remained in the possession of Hasan and Hussain. I think Hassan is the owner but I'm not sure.

Question: Hussain claims to own the apartments now but practically Hasan has lived in one of the apartments for decades now. Don't you find this a bit odd?

Answer: It is not unusual for brothers.

Question: Do you know about the Trust Deed signed between Mr. Hussain Nawaz Sharif and Ms. Maryam Nawaz Sharif with reference to the companies of Mr. Hussain?

Answer: I have no knowledge of the "Trust Deed" signed by Mr. Hussain Nawaz Sharif on behalf of Maryam (Nawaz) Safdar.

Question: Do you know Saeed Ahmed of National Bank of Pakistan and did you have any business with him?

Answer: I know Saeed Ahmed since a very long time but I do not have any business links with him.

Question: Do you know the Qazi family?

Answer: I do not know them. I meet a lot of people and do not remember them all.

Question: Do you know Sheikh Saeed?

Answer: Yes, I know him since a long time, but I do not have any business relationship with him.

Question: A settlement with NAB was carried out on your behalf in 2001-2 for the case of Hudabiya paper mills and payment was made through loans taken from Chaudary and Ramzan Mills. Please apprise us with the details of this settlement.

Answer: I do not know if there was a loan. I do not have any knowledge of this matter.

Question: Did you send any money abroad to any of your family members?

Answer: No I did not.

Question: Was a portion of money received from Hill Metals used for political funding?

Answer: No, but if I did, is it a crime.

Question: Would it not come under foreign funding?

No reply was made.

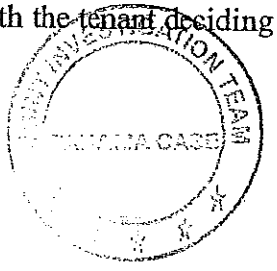
**Statement recorded by the JIT in pursuance of Honorable Supreme Court of Pakistan's order dated 20 April 2017 and 05 May 2017 in case CMA 29 of 2016 ( panama paper)**

**Statement of Hussain Nawaz Sharif s/o Mian Nawaz Sharif**

**(Recorded on 30 May 2017, 01 June 2017 and 03 June 2017)**



1. I studied in Atchison College, Lahore from 1978 to 1990 and after passing the intermediate exams then graduated from Government College , Lahore. In the years 1992 to 1995 I studied in London School of Economics (LSE) and got a LLB Honors degree. I joined the LSE somewhere around September 1992 and for the first year or so stayed in the Pass field LSE Hostel. My monthly expense was about 500 to 600 GBP.

2. I am not sure about the exact time but after about one year of stay at the hostel, sometime in 1993,I moved into Park Lane flat no 17. A little earlier than that I had been asked by my grandfather, Mian Sharif, to get in touch with Mr. Harry Anderson and visit this apartment as I had to start living there. I found the apartment furnished but requiring some cleaning which was got done in a few days.

3. I do not know whether Mr Harry Anderson was a property dealer or a property manager. He did not have an office and worked from his house which I remember was close to the Park Lane Apartment building. In case there was a major repair work to be done or some other problem, he used to resolve the issues. I turned to the flats portal service for minor problems.

4. I was asked to pay the utilities bills and ground rent of the apartment. The utility bills were in the name of a company Nescol. I did not find this very unusual as in the year 1991 when our family had stayed in an apartment in London , while spending holidays, I had seen the utility bills of that apartment bore the name of a company and not a real person. I am not sure but I think the yearly ground rent was about 3 to 4 thousand pounds, which was paid on quarterly basis.

5. I do understand that the ground rent and service charges are usually to be paid by the owner of the property and that usually they enter into an agreement with the tenant deciding who

would be paying these charges. However in this case I did not enter into any agreement with Neilson or Nescol. I can only say that no authorities ever objected as the taxes were paid regularly.

6. I lived in that apartment for the most part of the next year alone. Later my brother, Hasan joined me in 1994, and also my cousins Hamza and Haroon. I also remember that my grandfather Mian Sharif also stayed in that apartment for a few months in 1994 while he was in London to get medical treatment. We also used the apartment No 16 in 1995 which was in use by an Arab family previously. I think we also took possession of this apartment and apartment 17 A in the period 1995- 96. I paid the bills and ground rent for these apartments as well.

7. As far as the source of purchase of these apartments is concerned they came in our ownership as a result of settlement of money that was placed by my grandfather with Sheikh Jasim Althani who was the ruler of Qatar at that time. No paperwork or any kind of agreement was signed and it was a totally verbal arrangement. My grandfather was a man of action and averse to documentation. I first learnt about this arrangement from my grandfather, somewhere after the year 2000, when we were living in exile in Saudi Arabia. He told me that after deducting the amount of money taken back from the Sheikh for meeting essential requirements, I would be entitled to whatever is the residual amount. He did not mention about when this arrangement was to end and a settlement to be made. As to the question why he chose me over others to be the sole beneficiary of Azizia steel and the residual amount, it must be understood that, out of respect, no one in the family asked any question about his decisions.

8. I do not remember the exact date but sometime around March 2005 Nasir Khamees (a representative of Mr. Hamad Bin Jassim Bin Al-Thani) met me in Saudi Arabia along with some other persons in his team to discuss the terms of settlement of the money that had been placed by my grandfather. I was the only one who was representing our family. Nasir told me that the Prince Hamad bin Jasim Althani, wanted to reach a settlement on the arrangement of investment that had been made between my grandfather and his father. He did not provide any details of the amount that had been already used and the residual amount. In the next 6 months a couple of meetings were held and details were discussed. I think that it was in October 2005 that in a meeting the details of expenses were worked out between our teams. As far as the involvement of the Prince Hamad bin Jasim Althani in the negotiation process is concerned, I think during the

time this negotiation was taking place, we met on some social event but this matter was never discussed with him.

9. Although I tried to ask for the details of the investment portfolio, but Nasir and his team politely presented the summary. I must emphasise that we were totally dependent on whatever calculations were made by Nasir and I was not in a position to challenge any of the calculations as there was no written agreement between my grandfather and Sheikh Jasim Althani. In any case if you consider the environment of Middle East, where the investors do not have much protection and rights, the settlement offer was a very noble initiative by the Qatari Prince, which can only be attributed to the sense of religious obligation to settle this longstanding investment fairly.

10. In the end we prepared the summary of investment made, the profit, the amount already returned from time to time, and the residual amount. This was a hand written document that formed the basis of the Excel worksheet. I do not remember when this work sheet which was presented in the Supreme Court was prepared. It must be understood, and I have already stated it, that there existed no written agreement for the investments made by my grandfather with the Qatari Ruler and therefore we practically had to agree whatever was being offered. I think the reason for not inking an agreement was to avoid future litigation by any party.

11. The residual amount calculated was 8 million USD, roughly equivalent to 4.8 million GBP. During the negotiations Nasir had offered and we accepted to adjust this amount against the Mayfair apartments. We did not get the proper evaluation of the flats done but I think that it was a fair assessment of their value. As far as the amounts that were shown to have been already paid to our family, I had the knowledge of the money provided for Azizia factory. As far as amounts paid to Hasan are concerned I think I had sent a mail or fax to him. I am not sure but I think he confirmed the amounts. As far as the amount shown to have been provided for settlement of Al toufeeq case is concerned, I had no means to verify it as I was alone at that time in Saudi Arabia and my uncle Shahbaz Sharif, who could had known about it, was not there.

12. I do not remember the exact dates but somewhere in early 2006 Mr Nasir Khamees , the representative of Prince Hamad Al-Thani and one Waqar Ahmed , the business manager of my brother Hasan's firm, met in the office of Hasan. The bearer certificates were handed over by

Nasir to Waqar. I do not think that Hasan Nawaz Sharif was present at the occasion. I do not think that there was any proper receipt made out.

13. I am not sure how but the bearer shares were then sent to Minerva, which was the holding company of Nelson and Neilson. As far as the question whether the mere possession of bearer certificate is sufficient proof of ownership is concerned I find it hard to explain. If they were in the possession of Waqar for a few days it does not make him the owner. In case of dispute the previous owner can go to the police and an investigation can establish the bona fides of transaction. I cannot explain what documentation would be required to establish the bona fide ownership of the bearer certificates in case there is a dispute due to possession. I cannot explain whether there are any other documents that are required to prove the ownership of the companies and the properties through bearer certificates. I am not aware of any other documents that were handed over by Nasir to Waqar.

14. As far as the necessity of instructions to Minerva from Prince Hammad bin Jasim regarding the transfer of bearer shares of Nescol and Neilson are concerned, I do not think that they were required as it is the possession of bearer certificate that matters. I recall that somewhere later in the year Mr Sahi alongwith two or three other representatives of Minerva met me in Hasan's office in London.

15. I had already filled out the forms and made arrangements with Minerva office limited, a BVI company, to receive the bearer shares. I had multiple meetings and conversations with the Minerva representatives to finalize these arrangements in late 2005 and early 2006. I had filled out the know your customer forms. The Minerva office representatives had not asked about the beneficial owner of Neilson and Nescol nor had I disclosed it to them as it was not required.

16. The representatives of Minerva office had suggested that two ordinary shares each of Neilson and Nescol would be issued and two companies Minerva Nominee and Minerva Services would hold one share each. This arrangement according to them was for better security. I do not know how this arrangement enhanced the security but I followed their advice. I had given the verbal instructions to Minerva as I was the beneficial owner. I do not have any document to show that I was the sole beneficial owner at that time i.e in the year 2006 but I would try and provide it.

17. I was the sole beneficial owner at that time but I signed a trust deed with my sister Maryam during January 2006 to ensure that my family is not deprived of their rightful share in the properties. Maryam had become an authorized signatory as she was the trustee. I do not think that she ever did exercise this authority. I do not know whether she had also filled a 'know your customer' form. I however confirm that she never had any meetings with Minerva office limited.

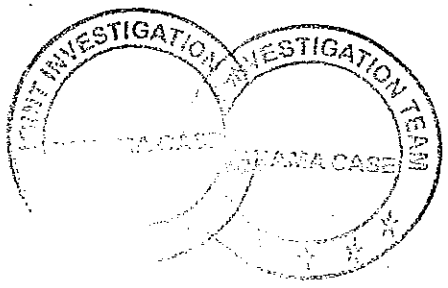
18. Regarding Azizia Steel Mills, it is stated that I have provided all the photocopied record that is available with me regarding Azizia Steel factory. It is not possible to get the records as the statutory limit of ten years has already elapsed. To the question that my father had claimed, in a public address, that all records pertaining to this factory was available, think that he had meant the record that was available with him and not all the record.

19. As far as the availability of funds for setting up of the Azizia steel factory is concerned I want to explain that initially we negotiated a proposal with the Saudi Investment Development Fund (SIDF) which stipulated 60 million Riyals as our equity, 60 million as loan from Banks and an equivalent amount of 120 million Riyals to be provided as loan by SIDF. The proposal could not materialize as we were not able to raise the required equity and loan as we did not have a credit history at that time.

20. The factory was registered as a limited liability company in 2001 with three shareholders namely Mian Abbass Sharif, Ms Rabia Shahbaz Sharif and myself with about equal shares of 33 % each. I cannot provide the record showing the details of distribution of shares amongst the share holders. I was the Madeer, which can be translated as the Director or the manager, of the company. Mian Sharif was very old at the time and it was I who was given the full responsibility of managing the factory. I was responsible for the paperwork, administration, finances and all other allied managerial work of the factory.

21. The land measuring 2 lac sq meter for the factory was purchased in 2001 for, as far as I remember, a few hundred thousand dollars. I managed to get the machinery of the Al ahli factory, Dubai , which we had sold to Al Ahli in 1980, at a very cheap rate. The cost of this machinery was USD 650,000 and an LC was opened in 2001. The machinery was transported in dozens of trucks. I think that about 60 trucks would have been employed to transport the machinery of the factory from Dubai to Jeddah. The cost of construction of the infrastructure for

JOINT INVESTIGATION TEAM PANAMA CASE



the factory was about 100,000 USD. The paid up capital of the company was about 20 million Riyals in the initial stage in 2001.

22. We managed to refurbish the machinery and after completion of the construction, the factory went into production in mid 2002. I must mention here that most of the initial funding for this project was made available by Prince Hamad Bin Jasim Al-Thani. I do not remember which account was used to receive payment from the Prince or make payment for the land. There were multiple accounts, numbering about eight, that were maintained for the factory to facilitate the customers as accounts in the same bank meant the transactions could get completed quickly. The payments received from Mr. Hamad Al-Thani were made on the instructions of my late grandfather. My grandfather did not have his own account in Saudi Arabia.

23. Two of our family friends, I do not want to reveal their names, provided us with a loan of about two to six million Riyals. I remember that the first friend had provided about two to three million riyals in the period 2001 to 2002 while the second friend provided the loan in 2002. These loans were paid off in installments after the sale of the factory and were completely paid off by 2007 or 2008. A bank provided us with credit facility in 2002 for meeting the operational costs. I do not remember how much credit facility was provided and do not have any records related to this facility available.

24. The factory started its production in July 2002. It was capable of maximum production of about 6000 tons but sometimes production up to 7500 tons a month achieved. At the end of the year 2002 it had not yielded any profit as it was not possible to go into profit in such a short time. By the end of the year 2003 it gave some profit but I would not term it as a handsome profit. I am not sure how much the figure of profit exactly was but I think it would have been somewhere around 1.5 million riyals. I do not have any records to support my claim. The year 2004 was a loss year as the cost of production went up and we did not have the working capital at that time to produce on full capacity.

25. It was somewhere around mid 2004 that my grandfather decided to sell the factory. As I have explained it was making losses at that time but since it was constructed through conversion of agricultural land to industrial land, and for other factors, it had a good and attractive paper value, for any prospective buyer. A loan facility of about 103 million riyal was also made

available in late 2004 by SIDF but we could only avail upto 21 million. I was not in favor of selling the factory but my grandfather had decided that it should be sold. He had also decided in 2004 that I would be the sole beneficiary owner of the factory.

26. As regards the interview with Javed Chaudary , where I stated that I was not in fovour of selling the factory but that I was outnumbered, I only state that it was the decision of my grandfather and no one objected to it. As for the opinion of other share holders is concerned my uncle Abbas usually did not take much interest in these matters. As for the opinion of my cousin Ms Rabia Shahbaz Sharif about the sale of the factory, she knew that she would not get any share from the sale proceeds of the factory and therefore her opinion was immaterial. My answer to the repeated question that, at that time did I know whether she favored or opposed the sale of the factory is the same, that she knew that she would not get any share from the sale proceeds of the factory and therefore her opinion was immaterial. My answer to other repeated question is that since I was the actual beneficial of the company, therefore, Mr. Abbas Sharif and Ms. Rabia Shahbaz who owned 33% shares each in the factory did not get any Sale proceeds. It is also true that they did not gave any attorney in my favour but since it was a family affair therefore I received all of sale proceeds.

27. My grandfather died in October 2004. We managed to negotiate a very good sale price of the factory to Alitifaq steel product company limited, part of Altuwirqi group, for 63 million riyals. Since I had got the power of attorney from the other share holders, I signed the sale agreement. I do not have a copy of the power of attorney. Although the agreement I have provided mentions the value of sale as 63 million riyals and my liability to clear the 21 million riyal of loan from SIDF, I insist that I got the whole 63 million as my share. I do not have any record to substantiate this claim the three pay orders that I have already provided. However, I have no record of their credit. I also have been made aware that the schedules no 5 , 6 and 7 mentioned in the sale agreement are not annexed with the sale agreement that I have provided.

28. The transcript of my interview with Javed Chaudary on 7 March 2016 has been read to me and on my request the same portion has also been played twice on the computer where I answered the questions that

س.حسین نواز صاحب ہمارے ساتھ تشریف رکھتے ہیں یہ فرمائیے گا سر جی کہ آپ کا یہ فرمانہ ہے کہ جب جدہ گئے تھے اور آپ کی ساری فیملی جدہ چلی گئی تھی اور جنرل پرویز مشرف صاحب نے آپ کو جدہ روانہ کردیا تھا پاکستان سے جیب آپ کی خالی تھی لیکن وہاں پر آپ نے اربوں روپے کی سٹیل مل بنائی اور بہت mega پروجیکٹ تھا جو آپ نے شروع کیااور جب آپ نے اس کو فررخت کیا تو اتنے پیسے تھے آپ کو حاصل ہوئے کہ آپ نے لند ن میں فلیٹس لے لئے تھے تو سر یہ کوئی ایسا نسخہ کہ خالی جیب بندہ دوسرے ملک میں جائیں اور billionaire ہوجائے دیکھتے ،دیکھتے چند سالوں میں اور وہ قوم معلوم کرنا چاہتی ہے نسخہ تاکہ اور billionaire بن سکیں اس ملک میں ۔

ج.اللہ خیر کرے اس ملک میں دنیا سے زیادہ billionaire اسی ملک میں ہومیری دعا ہےلیکن یہ چیز ایک دفعہ نہیں کئی دفعہ ہوئی ہمارے اپنے خاندان کے اندر ایسا ہوا جس وقت جاتی مراء ہمارے سر کے پاس جو ایک گاؤں ہے

میاں محمد شریف جب وہان سے آئے تھے تو وہ بھی خالی جیب تھے عرض یہ ہے میں جس وقت یہاں سے وہاں گیا۔

س.تو آپ خالی جیب تھے ؟

ج. میرے پاس نہ کوئی خاص اپنا خزانہ نہیں تھا ۔

س.آپ کی پوری فیملی خالی جیب تھی؟

ج.یعنی میں یہ تو نہیں کہوں گا بالکل ہی خالی جیب تھے یعنی اپنا انسان کو تھوڑے بہت استعمال کے لئے پیسے رکھتا ہی ہے اپنے پاس اور ۔

س.نہیں سر بلین تو نہیں تھے آپ کے پاس کروڑوں تھے ۔

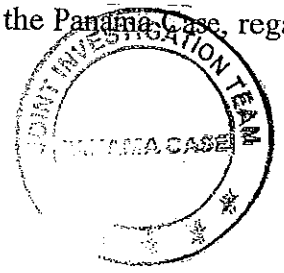
29. I have been asked why I did not mention in the interview, despite the fact that I was asked about the sources of income that helped to establish the factory in Jeddah. I want to

INVESTIGATION TEAM

emphasize that I did not feel it appropriate to reveal this information to the media as it would have started unnecessary controversies. My non disclosure in that interview may contradict the stance that was taken in the Supreme Court or before this JIT but I did not feel it necessary to disclose this information to the media at that time.



30. As regards the Coomber company, Jersey is concerned I owned majority shares of that company which started in 2004. The purpose of that company at that stage was to shift the proceeds of the sale of Azizia Steel limited to United Kingdom. As our family had decided to move from Saudi Arabia to United Kingdom after the sale of the company to start the business there. From the Sale proceeds of the factory, I sent in 2005 about 6.5 million GBP from the Saudi Hollandi Bank account to Coomber's Union Bank of Switzerland (UBS) account in London, United Kingdom. Coomber also had another account in Deutsche bank in the UK. Out of this amount 1.5 million GBP were transferred to Hasan's own account or in the account of one of his companies. The remaining 5 million pounds were transferred back to Saudi Arabia in 2006-7 as we could not start the business in United Kingdom and had started the Hill Metal company, at Saudi Arabia.

31. I am not going to answer the questions regarding the way the documents attached with the CMA regarding gulf steel were acquired and whether I had got them from Kaid Ahli myself or with the help of Tariq Shafi and who got them attested from Notary public and Pakistan High Commission? I am also not going to answer the question that are being asked regarding whether it was I or Tariq Shafi who brought these documents to Pakistan and attach them with CMAs for submission in the court ?

**Question:** Did your father know when the settlement was made with the Prince Hamad Bin Jasim Althani in 2006 regarding the investment made by your grandfather and that as a result the Mayfair Apartments have been adjusted against the residual amount and ownership has been transferred in your name?

**Answer:** He had the knowledge of the settlement as these things were discussed in the family. I don't think that he knew the details like the amounts of disbursement made.

**Question:** How do you then account for the fact that he did not mention in his submission before the Supreme Court of Pakistan during the proceeding of the Panama Case, regarding

investment made by your grandfather with Sheikh Jasim Althani and the settlement resulting in the ownership of the Mayfair Apartments?

**Answer:** He had a different Council. I think that he under the advice of his council did not consider it appropriate to mention these facts in the submissions made before the Supreme Court of Pakistan.

**Recorded on 9th June, 2017**

1. In my previous appearance I had stated that the Apartment No. 16, which actually comprises of 16 and 16 A, remained mostly unoccupied. However, I remember that when my grandfather was ill and had come to London for treatment he had stayed in that apartment in 1996 for a few months. The Apartment 16 and Apartment 17 are on the same floor and they are situated across the corridor opposite each other. I had come back to Pakistan in 1996 and had closed my personal bank account which was maintained in National Westminster Bank. During my stay I had been receiving money from Pakistan from the account of Ittefaq Group of Industries, 32 Empress Road and I paid the ground rent and service charges for the Apartments.

2. I do not know who paid the ground rent and the services charges once I came back to Pakistan. I can only assume that it would be either Hassan, staying in Apartment 17, or Hamza, living in 17A who would have paid these charges. Hamza had also come back to Pakistan in 1998. I do not know who paid these charges after 2000.

3. As far as the handing over of the bearer shares is concerned I do not remember the exact dates but somewhere around end of 2005 or early 2006 I called Waqar Ahmed, who works in the office of Hassan and told him that Mr. Nasir Khamees, the representative of Prince Hamad Al-Thani would be sending the bearer shares through a courier service and instructed him to send them to Minerva by post. I think that Waqar confirmed that he had received the envelope from Nasir and had sent it to Minerva. I do not think that he had opened the envelope. I am not aware if there was anything else that was sent by Nasir. I think that I received a phone call from

Minerva confirming that they had received the shares. I am not sure whether they had sent any email or written communication to confirm receipt.

4. As far as Hill Metals is concerned it was established as a sole proprietorship and not a limited liability company. After the sale of Azizia Steel Mills I managed to get the paperwork done in the next few months and also managed to purchase the land by the end of 2005. The cost of land was millions of riyals but I do not remember the exact figure now. Initially an automatic shredder scrap processing plant, which cost about GBP half a million, was installed with a capacity of 300 tons/ day. Later in 2008, a steel mill melting facility was added. In the same year the building comprising of 14,000 sq. ft. was constructed which cost 3 to 4 million riyals. Two more furnaces were added, one in 2010-11, and the other in 2014.

5. SIDF provided a loan of 90 million riyals for Hill Metals and two other banks had also provided loan. The proceeds of Azizia Steel Mills were also utilized in establishing Hill Metals.

**Questions & Answers**

Question: You had stated previously that you had sent 6.5 million GBP from the sale proceed of Azizia to UK out of which GBP 5 million were returned to Saudi Arabia in 2006-7? If that was the case how could the sale proceed of Azizia be used for establishing Hill Metals in 2005?

Answer: What I told you is the truth. The money was used for setting up Hill Metals once it was sent back to Saudia.

Questions: You had in your previous statement narrated a totally different way the bearer shares came in the possession of Waqar Ahmed and how they were sent to Minerva.

Answer: I confirm the narration I have given today as the correct one.

Question: In your previous statement you had stated that the scrap machinery bought from Dubai was transported to KSA on 50-60 trucks, do you confirm this?

Answer: Yes I do.

Question: While you were negotiating with Minerva, did you or any family member fill any documents, signed any agreements, or fill any KYCs?

Answer: Yes, I remember signing some documents which probably included some sort of agreement as well, I do clearly remember that I and Maryam also filled "Know Your Customer (KYC)" forms as required by Minerva.

Question: Did Hassan know that his business manager Mr. Waqar was being tasked by you to facilitate transfer bearer shares?

Answer: I don't remember but I could task Waqar directly, but I might have discussed it with Hassan.

Question: Who introduced you to Minerva?

Answer: I decline to name the person as it is privileged information.

Question: You must have signed an agreement or passed some written instructions to the service provider (Minerva), do you have the aforementioned documents?

JOINT INVESTIGATION TEAM PANAMA CASE

Answer: No, I do not remember passing any instructions in writing or signing any specific agreement other than the documents provided by the company that I signed.

Question: You had stated that you would be able to produce the Power of Attorney given to you by your partners authorizing sale of assets and properties of Azizia Steel Mills on their behalf. Have you brought the document?

Answer: No, I have not been able to find it.

Question: Was the land for Azizia Steel Mills bought by you as stated earlier or was it a Royal gift?

Answer: It was bought and was not a Royal gift.

**Supplementary Statement of Mr. Hussain Nawaz Sharif s/o Main Nawaz Sharif**

**recorded on 04 July 2017**

I have been asked whether I have brought the two original trust deeds that I had signed on 4 February 2006 in united London. I explain that the original trust deeds are with the trustee, i.e my sister Maryam Safdar and she would produced them tomorrow.

These trust deeds were prepared by my lawyer on my direction. As I had explained, in my earlier statement, the purpose of the preparation of the trusts was to ensure that my property, related to United Kingdom could be distributed according to sharia law, in case of my death, between my two wives. I had married a second time in 2001 but had not made it public till 2004 or maybe 2005.

I am not prepared to tell the name of the lawyer or the firm that prepared these trust deeds, as this is privileged information between me and my lawyer. I do not want to answer the question whether these trust were drafted by Freeman box. The prepared drafts were sent to Saudi Arabia, I think by email. They were signed by my sister, Maryam Safdar, as trustee and her husband Capt Safdar witnessed it. I received the signed papers and signed the deeds as beneficiary and Mr. Waqar signed them as witness in the presence of Mr. Jeremy Freeman who was our solicitor on 4th of February 2006.

As regards what was the hurry to get the papers signed as indicated by signing of the papers on 2nd Feb 2006 in Saudi Arabia and 4th February in London, I cannot say what the reason could be. Maybe it had to do something with my travel plan or some other reason that I do not remember. I can however say that it was a legal requirement and I wanted to get it done with.

As regards my relationship as a client with Freeman Box and Jeremy Freeman is concerned, it is a very old relationship. Usually a prior appointment is made but in case there was an urgent issue we could check the availability in office and request an urgent meeting. Due to the good

relationship such requests would be acceded to if he was in available in office. As regards whether an appointment could be set up on a holiday or a weekend I would say that it is not possible in United Kingdom. As a matter of fact no one answers your phone call on a holiday. As to whether I had ever requested to have an appointment with Mr, Jeremy Box on a holiday I can say positively that I did not.

As regards the Coomber, it was a shelf company with 100 shares that I bought in 2003 or 2004. As I had explained in my previous statement, the purpose to set this company was that we were thinking of buying property or setting up business after selling the Azizia factory in Saudi Arabia.

In the case of the trust regarding Neilson and Nescol, as I had stated in my previous statement, I was the beneficial owner and I gave the verbal instructions that Maryam is the signatory and she and I had filled in the "know your customers" forms. As a trustee she had the authority to give instructions but she never used it. I however had not registered the trust deed and had not provided it to Minerva at that stage. I had given the trust deed to Minerva after quite a lot of time.

As far as the house that I live in now is concerned I do not want to answer any questions as I am a non resident Pakistani and not bound to disclose whether I own it and when I shifted in it. All I can tell is that none of the people you are investigating is the owner of the house.

I confirm that I have no business transaction/ loan arrangements with Sheikh Saeed, Mr. Ishaq Dar, His son Ali Dar. I have never received any money as investment or loan that I used in Hill metal and he has nothing to do with my business. As far as Hassan is concerned I and he do send each other money but he has not send me money that I used in Hill metal as investment or loan. I have not heard about Colebrook. As far as HDS is concerned I know that it is a group of son of Mr. Ishaq Dar, but I do not have any business dealings with it.

Question: The Coomber trust deed signed by you as a beneficiary stated that "the beneficiary is the beneficial owner and holder of 49 share(s), for all intents and purposes, of Coomber Group Inc. hereby referred to as the "Company". Does not this mean that you only had 49 shares of the company?

Answer: No, I had all 100 shares but was giving only 49 of them to my sister Maryam as a trustee. If I would had given her all 100 shares or majority shares, then she would have become the signatory as well. This deed was without any underlying property at that time and since we were thinking of buying property or business therefore she would have to be unnecessarily involved in the paperwork. It was to avoid this eventuality that she was given only 49 shares.

Question: But would not that defeat the very purpose of the trust that is to divide the property according to the sharia, in case of death of the beneficiary, because the division would then be applicable only for the 49 shares that are given to the trustee?

Answer: No because she had the 49 shares in case of death of the beneficiary she would have got the control of the rest of the shares. In any case the fact that at that time it did not have any underlying property meant that it could be amended at a later stage.

Question: You have stated in previous statement that after the sale of Azizia 6.5 million GBP were sent from Saudia to Coomber out of which 1.5 were given to Hasan while 5 million remained in the account till 2006-7 when they were sent back to Saudia. That be the case, at the signing of the trust in Feb 2006 it had about 5 million pounds as its property. So it is not just a hypothetical question and would not have that meant only 49 % would had been the subject of trust in case of death of beneficiary?

Answer: That is not my understanding.

Question: In the case of Neilson and Nescol Trust, your statement today is in contradiction with the position you had taken in the CMA 432 where on page 10 you have taken the position that " in anticipation of transfer of the shares of Neilson and Nescoll Respondent no 7 had requested his sister, Marium Safdar to act as his authorized signatory/ in matters pertaining to the management of the two companies,. For this purpose, it was decided to appoint Minerva as the service provider, after acquisition of the said companies. does not this contradict the stance that you have taken today?

Answer: You are trying to distort the facts. There is no contradiction at all.

Question: The same para continues to read as "Consequently, Samba Financial Group, with whom the family of the respondents no 7 had banking relations, was requested to introduce

Respondent no 6 to Minerva. This resulted in the letter dated 3 December, 2005 addressed by Samba Financial group to Minerva. At the time of the letter dated 3 December 2005, respondent no 7 had not acquired possession or ownership of the shares of Neilson or Nescoll. Respondent no 7 met with the Director of Minerva Mr. U. Sahai in Jan 2006 in order to finalize the appointment of Minerva. Respondent no 7 requested respondent no 6 to act as his authorized signatory and to communicate his instruction to Minerva." Does not this also contradict what you have stated today before the JIT?

Answer: I do not think there is any contradiction.

PANAMA CASE

Statement recorded by the JIT in pursuance of Honorable Supreme Court of Pakistan's order dated 20 April 2017 and 05 May 2017 in case CMA 29 of 2016 ( panama paper)

**Statement of Hassan Nawaz Sharif s/o Mian Nawaz Sharif**

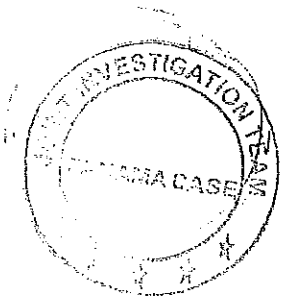
Recorded on 02 June , 2017.

1. I studied in Atchison College from 1982 to 1994. After FSC I went to London in 1994 where I did my "A" levels and graduated from City University, London in the year 1999. I started living in 17 Avenfield Apartment in 1994 where my elder brother Hussain Nawaz Sharif had already been residing since 1993, also we had access and possession of apartment 16, which consisted of two titles 16 and 16 A. At that time Hussain was dealing with all the issues relating to the said apartments like payment of ground rent. About 2 years later, I think in 1996, Hamza Shahbaz also started living with us in Apartment 17. About 6 months later, he however shifted to Apartment 17 A, which had also come into our possession by that time. Hamza used that apartment till 1998. The apartment no.16 has not been in use by anyone over the years.

2. As far as paying any tax on rental income is concerned the UK Tax authorities does not require filing of any returns or declaration if the building is not rented. As far as the arrangement for payment of ground rent and service charges is concerned it is always a matter that is decided between the owner and the tenant. It is possible for them to agree and share the expenses or to decide that either the owner would pay or may be tenant or occupier will pay exclusively. I am not aware of any document setting out the terms and conditions for payment of quarterly ground rent and service charges between Neilson and Nescol as owner and Hussain for the period 1994 to 1997. I am also unaware of any document setting out the terms and conditions for quarterly service charges and ground rent payments during the period 2000 and 2005 when I was making these payments.

3. In 1997 Hussain, after completing his studies, went back to Pakistan. I do not know who was dealing with the issues of paying the ground rent etc during the period 1997 to 2000. I am also not sure but I think it must have been the Managing agent of BVI companies.

JOINT INVESTIGATION TEAM
PANAMA CASE



120

4. As far as the details of apartments and approximate payments that were being made related to the apartments in 1994 is concerned it is stated that the Apartment 17 consisted of 3 bedrooms with a quarterly ground rent of 1500 to 1800 GBP and a service charge of about 200 to 300 per quarter. Apartment 17 A consisted of 2 bedrooms with a quarterly ground rent of about 1000 to 1500 per quarter and service charges of about 200 to 300 GBP per quarter. The apartment 16 consisted of 4 bedrooms, later converted to 5 bed in 2003-4, with an approximate quarterly ground rent of 2000 GBP and service charges of about 300 GBP. In addition the council tax was also paid. I must however emphasize that these are my estimates based on my knowledge of property generally in London. I was not involved in the process of payments at that time and Mr. Hussain was dealing with these issues.

5. Although I did hear the names Neilson and Nescol but I did not see any bills in the name of these companies sent to our apartment . Though I was aware of the allegations surfacing in the news media in late 1990s regarding the ownership of these apartments through these companies, but I did not discuss these issues much with other family members. It must be understood that I was very young at that time, and allegations similar in nature had been leveled against our family in the past, too.

6. As far as my interview in the Hard Talk with Tim Sabistian is concerned it must be appreciated that I was very young at that time and facing an anchor like Tim was not easy and the questions related to the Mayfair Apartments were posed without any notice. I have stated today that I did not know who was paying the rent at that time and I should have said the same thing in the interview withTim Sabistian.

7. In or around the year 2000 I took over the responsibility of paying the quarterly ground rent and service charges for the apartments. It must be understood that it was not a big deal as it require spending few minutes on signing the cheques on quarterly basis. In the year 2003 I bought a one bedroom apartment 12 A, Avenfield, through my company Flagship Investment. This apartment has always been rented out. I think that in 2006 I gave the responsibility of settling the accounts, making the payments of ground rent etc of the apartments to Arrina limited.

121

I fail to understand why I was made a respondent in this case. I went to United Kingdom at a very young age and after completing my studies settled there with my own business. I, unlike Hussain, had opted to live in UK as I did not want to settle in the Middle East. I during the hearing of the case was asked to provide a lot of documents that related to United Kingdom. I was witnessing all the events regarding the Panama leaks and the hearings of the Supreme Court from London. I was not dealing directly with the Council appointed on my behalf. I had given my authorization for appointment of the Council but I did not read the Affidavits that were filed individually in my name or jointly with Hussain, before they were submitted in the Court nor did I see the documents that were attached with such submissions.

9. As far as my knowledge about the settlement between Hussain and Prince Hamad bin Jasim Althani, in 2005-06, is concerned I was not involved in the process and did not know any of the details but knew of the bigger picture that Hussain is going to be the beneficial owner of those apartments. Although I had previously known of the close relations between our family and Althani family of Qatar, I became aware about the arrangement of investment between my grandfather and Althani family at the time of final settlement. Previously I had not come across any event that would have made me aware of Althani investment. I am not aware that the bearer shares of Neilson and Nescol ever have been handed over to Waqar, who works as my assistant.

10. As to my setting up of business in the United Kingdom is concerned, I started the flagship investment limited in 2001-02 and I owned it exclusively with no family interests involved. At that time the Banks were providing loans on very easy term and conditions and I availed this facility by getting loan from the Halifax bank. As far as my own investment in the company is concerned, Hussain used to send me the money that I required in the client accounts of my solicitor's firm. I have had three law firms that worked for my companies namely, Sassco and Klinger, Ferara kerins and Freeman bon Solicitor. During the initial years of my business i.e in the year 2000 to 2004 Hussain sent me about 2.4 million GBP to help me with my business. I am not sure whether he had sent the money in the client account of my solicitors firm, Ferara kerins , from an account in Saudi Arabia or from within the United Kingdom. The funds were sent from Hussain and deposited in the Solicitor's Client Account, whenever a property was to be acquired as in UK every transaction to buy property has to involve a Solicitor. The funds did not have to be declared as they were "gifts" from Hussain. The same client account was also

JOINT INVESTIGATION TEAM PANAMA CASE

122

used whenever any of our family members visited UK and needed the money. Hussain never disclosed wherefrom he was getting this money. I did not receive any money from anyone else. I do not have any documents to show that this amount was sent to me by Hussain and it was not entered as a loan from him in any of the papers. As far as return of the money is concerned , the relationship between us is such that there is no need to mention such transactions. He basically is a father like figure to me.

11. I agree that in 2001, I set up the Flagship Investment Company, and twelve companies in the subsequent years which were setup with minimal paid-up capital of £1 or £100. The purpose of these companies was to acquire properties that I developed after purchase. As regards why these properties do not appear on the balance sheets of the accounts I state that my accountants prepare the accounts and I do not really know much about accounting. I however do confess that it is a way of avoiding the stamp duties. My main focus however was developing these properties. I did make some profits but things slowed down in the UK and property prices slumped which was aggravated by the financial slowdown in 2008. I took loans from the Halifax and Bank of Scotland as well and mortgaged the properties against the loans. I had become a British citizen in 2007 or 2008. Lately my focus of investment now is mostly in trading commodities and that is the reason I have set up Flagship Securities. I earned over 14 million pounds in this business last year. Being a British Citizen my tax return and related information is privileged and I am not bound to disclose it. As far as sending money to Pakistan, to my family members is concerned, I had sent about 800,000 GBP to my sister Maryam in 2012-13 as a gift only once.

12. Further, the collateral for the loans were always the assets. My main business at that time was to buy a property, refurbish it and then sell it on profit. All of the companies except Quint Paddington made profit. The reason for Quint Paddington to have run in losses was that the bank insisted to get the loan back nearly overnight and that created problems for the company.

13. As far as the caution over the properties in Altoufeeq case is concerned, I have no knowledge about it whatsoever and there was no correspondence from the court that I noticed which was sent at our residential address.

JOINT INVESTIGATION TEAM PANAMA CASE

123

14. As far as 1 Hyde Park and Hangon BVI is concerned I acquired Hangon BVI and 1 Hyde Park came with it for £11m. I got loan for this purpose from local banks and did major expansion work. I will provide details of loans acquired and supporting documents when summoned again for appearance. I sold it after two years for approximately £42.5 million.

**Question:** Do you know if any member of your family was the beneficial owner of Nelson and Neilson, the companies who owned the Avenfield apartments, during the period 1994 to 2006?

**Answer:** I had no means of knowing whether my family was the beneficial owner of Nelson and Neilson, the companies who owned the Avenfeild apartments, during the period 1994 to 2006.

**Question:** Have you seen any document relating to the period 2006 to 2013 that shows Hussain as the beneficial owner of Neilson and Nescol?

**Answer:** I have never seen any documentation, whatsoever, of the two companies Neilson and Nescol as it does not concern me at all.

**Question:** You have stated before the JIT that you did not vet or see the submission that were being made on your behalf jointly with Hussain and also did not see the documents that were attached with those submissions. Had you seen, before its submission in the Supreme Court on behalf of respondent no 7 and 8, the copy of witness statement of Shezi Nackvi filed in the High Court of Justice, Queen's Bench Division, London?

**Answer:** I did not see that document before it was submitted in the Supreme Court on my behalf. I however do remember that I had come across this document on the internet on my own.

**Question:** Had you seen the copy of letter of Sheikh Hamad bin Jassim Al Thani dated 22 December 2016 and the work sheet for settlement with Prince Hamad, submitted on your behalf and respondent no 7, in the Supreme Court of Pakistan?

**Answer:** Although I have seen the letter of Sheikh Hamad bin Jassim on the internet and in the media on my own, I did not physically see this as a document being submitted on my behalf in the Supreme Court of Pakistan. I would add that I was never presented physically these documents for my perusal before they were being submitted in the court on my behalf. As

Regards the work sheet for settlement, I am hearing about it for the first time today and have never come across it before and I am not aware of its contents.

**Question:** You were living in the United Kingdom and that would have made you a logically choice for being a trustee on behalf of Hussain for the companies Nelson and Neilson who own the Avenfeild Apartment. Why was it that Maryam was made the trustee instead of you?

**Answer:** I think the reason is that I am a British Citizen paying taxes and if I were to be the trustee there would have been tax liabilities in case of settlement.

**Question:** your director's report of flagship investment limited, signed by you, and included in the financial statement of accounts of 31 March 2003 under the heading " Director's interest in the shares "states that, " Director's interests in the shares of the company, including family interests, .....". How do you explain the family interest that you mentioned in your report signed on the same page?

**Answer:** I have not read in detail this statement as it was prepared by the accountant. Furthermore, I have checked the documents that I submitted today and somehow this document has inadvertently been not submitted.

PANAMA CASE

125

**Statement recorded by the JIT in pursuance of Honorable Supreme Court of Pakistan's order dated 20 April 2017 and 05 May 2017 in case CMA 29 of 2016 (Panama Papers)**

**Supplementary Statement of Hassan Nawaz Sharif s/o Mian Nawaz Sharif**

**Recorded on 8th June, 2017**

1. I have explained in my previous statement that in the period 1997 to 2000 I do not know what the arrangements for paying the ground rent and service charges for the Avenfield Apartments were. Since Hussain was handling them before he left for Pakistan in 1997, I guess he would know better, what arrangements were in place. I am not sure but perhaps he made some arrangement with some off shore Management Company.

2. As I had explained before I was looking after the payment of ground rent and service charges for the apartments in the year 2000. I was paying the bills, which were in the name of the companies Nielson and Nescoll. I had asked the management company to send these bills to my address for payment. I paid through my personal bank accounts for a few years till the time arrangements were made for payments to be made by Arrina. As far as my expenses in the initial years were concerned I used to get the money in my bank account. Later when I started to pay for the ground rent and services charges, as I had stated previously, got money sent to me by Hussain. I explained that it was 'as and when' required arrangement. I would have the money sent in the client account of my solicitor firm, like Ferrer and company, which I could use for any purpose. Although in the initial years while we were studying, we could be called dependent on our family for expenses, but I must explain that we belong to a very rich family. We were, it can be said, literally born with a silver spoon in the mouth, so never really were dependent financially. We did not have a monthly salary or stipend; we got the money as and when required.

126

3. In my initial years, 1994 to 1998, I had an account in Midland Bank, which later became HSBC. This account was closed around 1997 or 1998. I then opened an account in Barclay's Bank, campus branch of City University for convenience. Later, in 2000, at the time when I started my business I opened many accounts. The reason was that whenever I applied for a loan for a company from a bank, in addition to the company account, the bank asked me to open a personal account. I recall that I had opened personal accounts in this manner with many banks including Bank of Scotland, Halifax Bank of Scotland, a South African Bank Invertec Bank, an Australian Bank Clydesdale Bank. As far as Standard Chartered Bank is concerned I opened an account in it in 2013.

4. As far as opening an account in Royal Bank of Canada, Isle of Mann is concerned, I recall that it was opened in, I think the year 2000. I got and filled the forms during a flight. I do not remember the mode of payment for opening the account, perhaps through a cheque for some thousand dollars, but I am sure that I did not make any transactions in that account which had a particular relevance to me or my business account. The Royal Bank of Canada did not have a branch in United Kingdom. I cannot say why I opened this account except that I just decided it during the flight. I do not think that this account is operational anymore.

5. I do not own any off Shore Company. As far as Capital FZE is concerned, it was during 2000-01, the time when my family was living in exile in Saudi Arabia, and I had thought of moving to Dubai, so that I could be near them. I did not want to live in Saudi Arabia. I opened this company but it never had any assets or liabilities attached to it. I do confirm that I had made a transaction of sending approximately GBP 650,000 from Capital FZE to Quint Paddington as loan. The background of this transaction is that Allied Irish Bank had provided a loan to my company Quint Paddington but due to its own circumstances it asked the loan to be returned almost overnight. I made this arrangement to loan money from Capital FZE to Quint Paddington. I however had to sell that property at a loss, the only time I recall I made a loss on a property, to pay to the bank. Quint Paddington did not pay back that loan to Capital FZE as this amount was deposited in Capital FZE by me to purchase some property at Dubai which later I decided not to.

JOINT INVESTIGATION TEAM
PANAMA CASE

Therefore there was no need to return the loan. As regards, the current status of Capital FZE, it is either dormant or is in the process of being dissolved.

6. As far as the learning of my business model, where a sprouting of companies is seen right from the very start, I explain that I had a lot of advice from my accountant and tax advisor, Baker Telly. Every company that is created is a special purpose vehicle (spv) with the purpose of saving on taxes. This model gives the buyer an opportunity to purchase a company, which has a property attached to it, rather than the property itself. This results in saving on payment of stamp duty which is about 3 to 4 % and instead the buyer can pay only half a percent of the value of the company that he buys.

7. I know Sheikh Saeed, perhaps since I was a child of four years of age, as a close friend of my father. I however have had no business or personal transaction with him.

8. As far as the purchase and sale of 1 Hyde Park Place is concerned I had purchased it for about 10.5 million GBP in August 2007. I had bought it for personal use. The whole building consisted of about 10,000 square feet with offices in lower ground floor, first and second floor, and residential apartments on 3rd and 4th floor. The building was not in good shape and required major uplift. I moved into one 3 bed apartment and stayed there for a few months. I however had continued to maintain 17 Avenfield during this period.

9. I applied and got permissions by 2009, an arduous exercise, for a major uplift of the building which increased the area of the building from 10,000 square feet to 16,000 sq. feet by adding a basement and creating terraces. The work was completed in 2014 at an approximate cost of about 8 million GBP. During 2015 , Ali Riaz s/o Malik Riaz, showed interest in the purchase of this property. My law firm started negotiations with the law firm Michcon de Riya representing a BVI company Ultimate Holdings. They were offering about 40 million GBP while

JOINT INVESTIGATION TEAM PANAMA CASE

our asking price was about 45 million. It was somewhere in November 2015 that Ali Riaz met me in my office and after subsequent negotiations our law firms agreed on a exchange of contract for about 42 million Pound with an agreed completion date of 31st March 2016. About 5 % of the contract value i.e about 2 million pound was agreed as the amount to be held in their solicitor account for this purpose. Ali Riaz however informed me that although they have arranged payment of about 30 million GBP before the agreed date but the full payment would be delayed for a few weeks.

10. Although the Title deed may have been registered in the name of Ultimate Holdings at that time but since the full payment had not been made, I think , there was a caution till full payment was made. I think after a few weeks full payment was made and I remember that I handed over the key in a celebration ceremony to Ali Riaz. I had consulted my father, my brother Hussain and other family members regarding this deal and whether they had any objections to it but there were none.

11. I had about 21 million pound of loan to cover the purchase as well as refurbishing of the property I had also arranged an additional 5 million pounds loan on this property to settle the loan from Deutsche Bank, who wanted the loan on Nielson and Nescoll to be returned. This meant that the total loan on the property was GBP 26 million when it was sold.

**Questions & Answer**

Question: You had stated in your previous statement that no one lived in Apartment 16 in the period you stayed in apartment 17 Avenfield. Do you confirm this fact?

Answer: As far as the Apartment 16 is concerned, I do confirm that I never saw any one live in that apartment at all during the period I have stayed in my apartment no 17 which is on the same floor.

JOINT INVESTIGATION TEAM PANAMA CASE

Question: How would you explain the fact that although your family did not utilize this apartment for over a decade yet kept on paying huge amount of money for its ground rent and services charges?

Answer: Keep the larger picture in your mind. You are talking to me about a business house which is worth in entirety in billion, so if an apartment worth a million pounds remains empty for five years what difference does it make?

Question: Did it never occur to you that you had possession and were paying the quarterly ground rent and service changes for apartment no 16 which remained unused?

Answer: It is a normal practice in London. I was only acting on the instruction of Hussain. He told me to pay and I was paying.

130

**Statement recorded by the JIT in pursuance of Honorable Supreme Court of Pakistan's order dated 20 April 2017 and 05 May 2017 in case CMA 29 of 2016 (panama paper)**

**Supplementary Statement of Mr. Hasan Nawaz Sharif s/o Mian Nawaz Sharif**

**recorded on 03 July 2017**

1. It is stated that as far as involvement of any member of my family in my business is concerned, I can confirm that they do not have any share held in any of my companies nor do they have any management function. I can also say positively that none of them has ever worked for any of my companies or provided any services of any kind whatsoever.

2. I have been shown the financial statement for the year, ended on 31 March 2007, of my firm Quint Limited which I had provided to the JIT during my previous appearance. This document says that "during the year the company incurred a fee amounting to GBP 188,000 relating to the disposal of the property which is included in cost of sales and in other creditors and it is payable to M Safdar, a person with whom H N Sharif has a family relationship".

3. I cannot say whether M Safdar refers to Capt Safdar, who is my brother in law, or to my sister Maryam Safdar. All I can say about this document is that perhaps it is a loan that I may have given to either of them. I have also seen another document, which I had submitted in my previous appearance, relating the financial statement for the year ending 31 March 2007 of my company Quint Eaton Place no 2 limited which reads, "Included in the cost of sales is a fee of GBP 170,000 relating to the disposal of the developed property. This fee is also included in other creditors and is payable to M Safdar, a person with whom HN Sharif has a family relationship". I can only say that neither Maryam nor Safdar has ever been engaged for the disposal of any of my developed property. Again, I can only say that it may be a loan that I returned or had loaned to them which has been reflected in this way by the accountant. As to whether I received loan from either Maryam or Safdar, I say that I have never received loan from them.

4. As far as the owning any offshore company is concerned I had in my previous statement stated that I had bought Hangon, a BVI company which owned part of 1 Park lane, for this very

JOINT INVESTIGATION TEAM PANAMA CASE

reason that I wanted to buy the property, it owned. I do not own any other offshore company and do not have any shares in any such company. As far as getting any loan from any BVI company for my businesses is concerned I have never got a loan from any BVI company.

5. As regards Allana services limited, I explain that it is a BVI company owned by a personal friend of mine, Mr Asim Mehmood who wanted to invest in property in United Kingdom in 2004. I think he at that time had come to United Kingdom from Dubai and after discussions we decided to set up two companies. One was Quint Eaton place 2 limited with 80 % shares owned by my company Que Holding limited and 20 % by Allana Services limited owned by Asim. Similarly another of my company Quint limited had a 70 % share holding of another of my company Que holding limited while Lamkin S.A, owned by Mr. Asim, had remaining 30 % shares.

6. I am asked to explain that my accounts statements that I provided in my last appearance show a loan of 188000 GBP from Allana, a BVI company to Quint Eaton place 2 limited and Lamkin S.A, another BVI company extended a loan of 191,000 GBP to my company Quint Limited. I explain that these companies were owned by my friend and got the shares of my company for the purpose of investment and if the accounts of my companies show these as a loan it is basically the shares owned by these companies and not direct loans. I had not researched about these companies and my solicitors would have satisfied themselves that everything was in order.

7. As far as my knowledge about Minerva is concerned I knew the director of this company Mr. Umesh Sahai before I started my businesses in 2000, maybe in 1999. I think that on his advice I had opened one or two offshore companies initially but they remained dormant companies and I did not use them. I do not even remember their names. I had introduced Hussain with Arrina limited, which is owned by my friend Faisal Tiwana, for providing services and I think that Arrina introduced Hussain to Minerva. As regards my knowledge that Minerva held the shares of Allana BVI and Lamkin BVI, which had shares in my companies I did not know that.

8. As regards whether I continue to receive money from Hussain after 2010 my answer is that whenever I required money I just ask him and he sends it to me. I think usually he sends it from his company Hill metal to my personal account and I use it wherever I require or in any

INVESTIGATION TEAM
PANAMA CASE

132

company that I need the money for. I think the last time I asked him to send the money was in 2015 when I had asked him to send money 4 or 5 times. I think that he had sent me in the range of 50,000 to 200,000 GBP making perhaps a total of 800,000 GBP for that year. I think that for the period 2010 to 2015 he would have sent me money perhaps 15 to 20 times. I also send him money whenever I feel that he needs money. I have sent him about 6 to 7 lac GBP perhaps a couple of months ago as I know that the steel business is not doing very well in Saudi Arabia these days.

9. As regards the law firm Freeman Box, I have obtained legal services from it since 2003-4. Since, Hussain does not have a business interest in United Kingdom but if he needs any services then I get that arranged for him.

10. I had mentioned in my previous statement that the only time I had sent money to any one in Pakistan was when I had sent some money for the benefit of my sister Maryam. I do not recall the exact amount that I had sent nor do I remember the circumstances in which I had sent it to her. As regards a sponsor loan that I extended to Chaudary sugar Mill of Rs 87.34 million in 2010, I do not remember this transaction at all.

**Statement recorded by the JIT in pursuance of Honorable Supreme Court of Pakistan's order dated 20 April 2017 and 05 May 2017 in case CMA 29 of 2016 ( panama paper)**

**Statement of Ms. Maryam Nawaz d/o Mian Nawaz Sharif**

**(recorded on 05 July 2017)**

I have brought with me the two original trust deeds, one for Nescol and Neilson and the second one for Coomber that I hand over to the JIT. These trust deeds have been in my possession as a trustee. The background of these trust deeds is that my brother Hussain while we were living in exile married a second time. I came to know about his second marriage in 2005 whereas he had married much earlier. He told me that he wanted to ensure that both of his wives get their due share in case of his death according to the Sharia and he wanted to make me a trustee. I agreed and after a few weeks some persons who worked in Hussain's office brought in the two trust deeds. It was the 2nd of February 2006 and I signed them as a trustee, and my husband, Capt. Safdar who had known about this trust beforehand signed them as a witness.

As regards the Coomber trust deed, I heard about it in family discussions that Hussain had made this company as he was thinking of making an investment in United Kingdom in property but it did not materialize and the company became defunct. I learnt that it had become defunct when it was discussed in the family. I do not know why there were only 49 shares that I was made trustee for. I did not see the details of this deed. I am also not aware of the technical details of whether the trustee is notified when the trust becomes defunct. As to whether I knew that it is going to be defunct I do not recall but maybe I was told. I did sign some papers as trustee of Coomber. I do not remember to have ever given instruction about Coomber on telephone or on email. In any case if I ever had signed as a trustee it was on behalf of my brother and on his instructions. I do remember that a loan by mortgaging the Avenfield properties was obtained after 2006 but it was done on the instructions of Hussain.

When we had been exiled to Saudi Arabia I could not travel outside for 2 to 3 years. I had gone to United Kingdom with my husband for his medical treatment for a couple of weeks but I do not remember the year. We had stayed with family friends and also with my brother in his apartment. Then I went again to UK about 3 to 4 months after my father had gone to United Kingdom but I do not remember the year. When I stayed in the Avenfield apartments before 2006 I knew that they were not ours. It is not for me to ask these questions about property anyways as it is not

JOINT INVESTIGATION TEAM
PANAMA CASE

appropriate to ask these question. I even do not know who owns the model town house although I lived in it.

As far as the paperwork of the Neilson and Nescol companies is concerned I did not sign any paperwork in United Kingdom. I was the representative of the beneficiary and I signed on the instructions of my brother Hussain who was the beneficiary. I remember that I signed some papers in Saudi Arabia. I have signed the papers on the instructions of Hussain whenever it was required. Usually it was when Hussain was travelling or was away. I do not recall when was the last time I signed on any papers related to Neilson and Nescol. I do not remember to ever have seen or posses the Bearer Certificates of Neilson and Nescol nor do I know when they were transferred as registered shares.

I did not go to any office of Minerva in United Kingdom to sign any papers. I do not remember to have filled any "know your customer" form although our office personnel had those details available with them and could have filled such forms. As far as authorizing change in service provider is concerned it was done by Hussain and not by me. I never spoke to Minerva directly. I do not remember to have given instructions to Minerva when the service provider was changed to JPCA. As regards to the letter of comfort by my bank in Jeddah to Minerva is concerned I recall that it was in December 2005 when it was needed in anticipation of ownership of the companies.

As far as the Panama leaked document of letter written by Mossack Fonseca to Financial Investigation Agency regarding Neilson and Nescol is concerned I would refer to the sentence written in the second last line. It says that please be informed that we are not in receipt of the names , contact details and physical address of the settler trustee and beneficiary of any trust connected to or concerned with the aforementioned company. This clearly mentions that the trust deed was not with them. I am asked about the claim in the document that I am the beneficial owner of the company; my response is that it is incorrect.

As far as why the properties in Pakistan were not included in the trust I did not ask this from Hussain. It must be understood that I found it inappropriate to ask the questions about property lest someone thinks that it is because of interest in my share. These matters in any case are not given any importance in our family. When in exile in Saudi Arabia my husband was not handling

JOINT INVESTIGATION TEAM
PANAMA CASE

any business affairs though he helped my grandfather at the factory site. All of our family members use to get fixed money and so did he. My husband has never worked in the United Kingdom. He has not worked for any firm of Hussain and neither have I. I am not aware of any companies by the name of Quint place or Quint limited.

As regards the interview that I gave to Sana Bucha in Nov 2011 that is played again and again on the media channel I would say that it is out of context. I explain that this program was on air and one participant displayed a list of about 25 to 30 properties. Some of them were said to be in central London and the participant was alleging me and my mother to have owned these properties and similar allegations were being leveled against my sister Asma. I felt really angry and since I knew Sana Bucha I called her and she took me on air. I explained that I did not own any property in Pakistan let alone abroad

I have never been directly involved in any business in any managerial or administrative capacity. I do not own any business outside Pakistan nor do I have any off shore company. I do not have any bank account outside Pakistan. I am not dependent on my father. My husband does contribute and my father also gifts me money out of love and affection. I live with my parents out of choice as I want to be close to them and take care of them. My father perhaps realizes that I did not, unlike other family members, opt for business just to take care of them and I think that is the reason that my father gives me gifts.

I have bought agricultural land from the gifts that my father gave me and I have declared them in my wealth statement. As far as the transaction that was discussed during the proceedings in the Supreme Court of Pakistan is concerned whereby my father bought land for me and also gave me money and I gifted the land back to him I do not know why it was done that way. I would check and send my response to the JIT.

I do not recall that my brother Hasan has ever sent me money. I do not remember to have ever got any loan from Hasan. I have been shown my wealth tax returns which show a loan I got from Hasan. I do not recall to have got a loan from him but I will check. I have also seen a draft from Chaudary Sugar Mills deposited in my account. I do not know how it has occurred but I will check and let the JIT know.

I also do not recall that Hussain or his company has ever sent me money. I have properties in my own name and I have declared them.

**Statement recorded by the JIT in pursuance of Honorable Supreme Court of Pakistan's order dated 20 April 2017 and 05 May 2017 in case CMA 29 of 2016 ( panama paper)**

**Statement of Mian Shahbaz Sharif s/o Mian Muhammad Sharif**

**Recorded on 17 June 2017**

1. First of all I want to highlight that I have no linkage with the Panama Papers Case, hence, my appearance is meaningless.

2. I was doing my masters in Economics Part I when our industrial units were nationalized on 02 Jan 1972. Before that the fall of Dacca, on 16 December 1971, had meant that we had already lost our industrial unit of Ittefaq, which had been set up in East Pakistan. My father had worked hard and his untiring efforts had resulted in Ittefaq Steel becoming the top unit for iron and steel in Pakistan. After nationalization we were left with very little means and I remember that the total cash the family had was Rs 90,000.

3. My father, Mian Sharif, however after taking loan from Grindlay's and other Banks established six factories including Nawaz Shahbaz, Javed Pervez, Idrees and Co., etc., in a short time of 18 months. Mian Sharif could have just focused on his own family but he instead chose to include all the brothers and named the factories accordingly. I was mostly looking after the affairs, like the procurement etc., of Nawaz Shahbaz factory. As far as the shares of this factory are concerned they were not exclusively in the name of my brother and me. In fact the shares of all the extended family were in all the units. We were all drawing salaries from these factories and I was drawing mine from Nawaz Shahbaz. As regards the distribution of profits we did not get any. I suppose that the profits were used by our father for expansion of the businesses.

JOINT INVESTIGATION TEAM
PANAMA CASE

4. Although my father had managed to establish six factories in a short time but Dr. Mubashir Hussain was threatening to hang the capitalists upside-down. My father decided to move to safety and establish a steel mill in Dubai in 1973-74 which was in the name of Tariq Shafi. As regards the other partner, Mohammad Hussain, he was my uncle and a British Citizen. I think my father had made him a partner for safety purposes for the very reason that he was a British citizen. I do not however know the advantage of involving a British citizen in the business. I do however recall that he had died soon afterwards. I do not know whether his heirs were given any money against their share in the partnership or otherwise. I also do not know about the equity share of Tariq Shafi and Muhammad Hussain in the business.

5. I had gone to Dubai in 1974 and at that time there was no electricity at the site. I visited Dubai several times in this period as my parents were living there. Unfortunately, the factory did not make profit and had to be sold in 1978. Although there were lawyers involved but my father had asked me to finalize the clauses of the agreement. I am aware that the sale proceeds of 75 % shares of Gulf steel in the 1978 agreement went towards the payment of the loan to the bank. I have seen that there appears a signature in Urdu saying Shahbaz Sharif as a witness on this sale document. I can neither contradict nor confirm this signature as mine as it is on a document about 40 years old. I am however surprised as I do not sign in Urdu and the way it is written is also different from my hand in the latter part of the name. I do not however recall to have been a witness of this sale.

6. The 25 percent of shares held by Tariq Shafi in the factory were also sold to Ahli in 1980. I have seen that my name appears at the beginning of the document as the authorized representative of Tariq Shafi and also in the signature block at the end of the document. However, I did not sign this document and did not execute this sale. My comment on clause 7 of the agreement, which mentions my name, as well as that of Tariq Shafi for provision of guarantees is that I do not remember to have received the guarantees from Ahli as required by this clause. As far as the liabilities of the Gulf Steel Mills are concerned I remember that Tariq Shafi had said something about meeting them from the profit and the sale of the scrap. If Tariq

JOINT INVESTIGATION TEAM PANAMA CASE

Shafi has stated that he does not know how these liabilities have been met I cannot comment as I do not know the details.

7. As regards the case filed by BCCI against me for default of payment of Gulf Steel Mills of AED 6.5 million I do not recall the details. The case of follow up of this loan in a Pakistani Court rings a bell but I do not remember the details.

8. The Gulf Steel Mills was the only factory or business in the Middle East set up by my father before 1980. In fact the only other factory that he set up in the Middle East was the Azizia factory that was established when we were forced to live in exile in Saudi Arabia. The only other investment in the Middle East by my father, which I can think of, is the investment of the sale proceeds of Gulf Steel Mills in 1980 with the Qatari Royal family. My father had told me about this investment at that time but it was not a detailed discussion. Tariq Shafi had also mentioned of this investment at the time. As far as the question of my father investing the sale proceeds of Gulf Steel Mills with the Qatari Royal family, instead of clearing the liabilities, is concerned, I do agree that it is totally out of character for him. He would always clear his liabilities as he was very strict on these issues. Even if there were any liabilities, Mr. Tariq Shafi being the owner and beneficiary of Gulf Steel Mills, was responsible for clearing the liabilities. However, this is a mere legal interpretation.

9. I am not aware of the details of the investment that was made with the Qataris. The only time I recall it being discussed was at the time of setting up of Azizia Steel Mills. I do not know in what form the sale proceeds of Gulf Steel Mills were handed over to the Qataris. I do not know of any other investment made by my father or family prior to this investment with the Qataris or later. As far as my own relations with the Qatari Prince Hamad bin Jasim is concerned I met him for the first time in 2010.

JOINT INVESTIGATION TEAM

10. As far as the Avenfield apartments are concerned Hussain Nawaz Sharif, Hasan Nawaz Sharif and my son Hamza lived in these apartments while they were studying in London in 1990s. Hamza used to live in 17A, and all expenses relating to his stay in UK were borne by my father. I think the first time I went and stayed was in Avenfield apartment 17 somewhere in the mid 1990s. Apartment 16 was exclusively used by Mian Nawaz Sharif whenever he visited London.

11. As regards the caution placed on these apartments by the Queen's Court in the al Towfeeq case against Hudabiya, I refuse to answer any questions related to Hudabiya as the investigations by FIA and NAB have been quashed by the High Court and therefore are closed and shut cases. Although I am made aware of the directions contained in para 3 of the Supreme Court's order dated 20 April 2017 regarding the FIA and NAB investigations my position is that I would not discuss it as the JIT is not authorized to probe it. In any case I was incarcerated in 2000 and not aware whether the Qataris had played a role in the settlement or otherwise.

12. The setting up of Azizia Steel Mills was the result of the forced exile of our family to Saudi Arabia in late 2000. After the Coup of 1999, Mian Nawaz Sharif, Abbas Sharif, Mian Sharif, Hussain Nawaz and I were all incarcerated till our exile. All our businesses in Pakistan were non-functional except Chaudary Sugar Mills which my son Hamza Shahbaz was looking after. I was suffering from cancer in 2001-2 at the time. I however do know that there were three shareholders; Hussain Nawaz Sharif, my daughter Rabia and my brother Abbas. It was an investment where all three brothers were represented. The equity from the share holders was from the Qatari investment. The Mill was not making profit and in 2004 there was some discussions that it should be sold. My father had indicated that in case the Mill was sold all sale proceeds would go to Hussain. I think at that time I was in the United States for treatment. As to the question that Hussain Nawaz Sharif is on record in a TV interview that he was not in favor of selling Azizia but was outnumbered by other shareholders I can only say that I was under treatment at that time and do not know the details. As to the question that if the sale proceeds of Azizia were to be given to Hussain only; who did not want it to be sold, then why would other

JOINT INVESTIGATION TEAM
PANAMA CASE

141

shareholders including my daughter Rabia insist on its sale and to what end, I offer no comments.

13. I do not own any offshore company nor have any offshore bank accounts. I do not own any property outside Pakistan save the one that I have declared. I have had no dealings with any offshore company. As far as the loan taken from Chadron limited BVI for Chaudary Sugar Mills it was a special arrangement made by Al Faysal Bank.

14. In October 2004 my father died and soon afterwards, in 2005, all the family sat together including my mother and a general agreement for settlement of the assets was agreed upon and signed. The agreement was however executed much later in 2009. In the settlement all assets, inland and abroad, were distributed.

**Questions & Answers**

Question: Why was the Qatari investment not even mentioned in the 2005 agreement?

Answer: I do not know why.

Question: If the execution of settlement agreement was done in 2009 then why the Avenfield Apartments, which are claimed to have come under the ownership of Hussain in 2006 as result of settlement of Qataris, were not even mentioned?

Answer: Probably it came in Hussain's share as he was in possession but I cannot give a specific answer, all I can say is that this is a very sharp observation.

Question: It is evident from the contents of the agreement that your mother and aunt have specifically made a mention of gifting the assets that they agreed to forego in favor of the male members of the family to fulfill the legal requirements. Yet it is strange to note that a similar

JOINT INVESTIGATION TEAM PANAMA CASE

142

provision was not made in favor of Hussain Nawaz Sharif while deciding the ownership of Qatari investment and Avenfield apartments in the said agreement. Please comment.

Answer: I can only say that I am much wiser leaving the room.

Question: Was leaving out the Avenfield apartments out of the final settlement in 2009 because everyone had forgot about it or was it by design?

Answer: I am not sure but the only plausible explanation that I can think of is that since it had gone to Hussain who had possession therefore no one raised the issue.

Question: Don't you think that in that case Hassan who has been living there all along would had been a more deserving candidate?

Answer: I can only comment that Hussain was the elder brother. In any case it must be understood that these questions are not raised in the family.

**Statement recorded by the JIT in pursuance of Honorable Supreme Court of Pakistan's order dated 20 April 2017 and 05 May 2017 in case CMA 29 of 2016 (panama paper)**

## Statement of Capt ( R ) Muhammad Safdar

I did my graduation B.A degree in 1984 from Abbotabad. I joined the Army in 1985 and got married in 1992. I joined the civil services in the period when I was ADC to Mr. Ghulam Mustafa Jatoi, who was the interim Prime Minister and I did my Specialized Training Program (STP) of DMG Group with 21st Common batch in 1993. I was however suspended and closed to the Establishment Division during the PPP period. I was reinstated and posted as AC UT Lahore and AC model town. I then served as PSO to the Prime Minister and was arrested and incarcerated for 5 months after the 12 October 1999 Army takeover.

After release I was asked but refused to join Baluchistan province. I was asked by DC Islamabad, against my wishes, to go Saudi Arabia in the flight that took the family of Mian Nawaz Sharif to Saudi Arabia. I was terminated from service in 2001. I stayed in Saudi Arabia till 2008. Later during the tenure of Prime Minister Yousef Raza Gillani, my order for termination from service was converted from removal from service to compulsory retirement.

As far as my ancestral agricultural property is concerned it is about 400 to 500 kanal of land which has remained undivided since 1872 and sufficient to cater for wheat for our own use but does not provide any cash income. During the exile in Saudi Arabia I did not have any support in way of pension from my government service. While living there I was receiving about 1500 riyals per month from Mian Sharif as pocket money. Mian Sharif had likewise fixed similar amounts for all the members of the family. This was in addition to the day to day expenses that he also provided for like clothing etc. All of the family members were like my wife and other in laws were also receiving similar amounts from Mian Sharif as pocket money.

JOINT INVESTIGATION TEAM
PANAMA CASE

144

I did not take any interest in the business of the family. I know that a steel factory was set up in 2000-01 by the family but I do not know any details of how it was set up or where the money came from. I only visited the factory on a few occasions like when the land was purchases. Usually when I went to Macca I would stop by for ablution. I did not have a job in the factory and do not know any details about who were the shareholders and how was it being run. I did not feel it was honorable for me to ask such questions from my in laws. I mostly spent my time daily in a room in Saroor Palace with friends reading newspapers.

As far as my visits to the United Kingdom are concerned I had first gone there to spend my honey moon in 1992. My friend Dr Tulsi , who is a friend, who had arranged a room in a hotel but since it was substandard we moved to his farm house. I like staying in open agricultural land which reminds me of my native landscape and therefore prefer to stay at the farm when I am in United Kingdom. I never stayed or visited the Avenfield apartments during my visits to United Kingdom which were in 1993, 2002 and 2007. The first time I ever stayed in Avenfield apartments was in late 2007 when Mian Nawaz Sharif had gone to UK just before he had tried to go back to Pakistan. I think I had stayed in UK for about 3 to 4 weeks in the trip in 2007. I had not done any work or business deal while I was in UK in any of my trips. My wife and family had also accompanied me in that trip. I had stayed in apartment 17 during the stay. I did not ask anyone who was the owner of the apartments as I did not think it right to interfere with the affairs of the family of my wife. I was not active in politics at that time and therefore did not participate in the political activities that were happening at that time.

As far as the Trust deed of Avenfield properties is concerned I have signed that document as a witness. The background of this document is that Hussain had married a second time but I do not know when. I remember that when this fact became public, the parents of the first had come to Saudi Arabia and I had gone to Macca and visited them and asked father and first wife of Mr. Hussain Nawaz Sharif that they should compromise in the larger interest of the family. I

JOINT INVESTIGATION TEAM
PANAMA CASE

145

remember that by that time Hasan already had two children from the second wife when this marriage became public. I do not remember after how much time but in 2006 my wife Marium brought to me the trust deed which she signed and I witnessed her signature. I do not remember what properties were mentioned in the trust deed. I remember that Hussain had made her a trustee so that the properties mentioned in the trust could be distributed between the two widows, in case of Hussain's death, according to Fiqah Hanafi. I do not remember what properties were mentioned in the trust deed. I remember that Hussain was not in Saudi Arabia at that time, maybe he was in Dubai or UK. I have no idea whether this trust was registered anywhere.

I did not follow the panama case in the media or newspapers and do not know what properties are the subject of the controversy. I have not followed the coverage of the case in the Supreme Court of Pakistan. I am not aware that I am a respondent in this case and have not signed any legal documents authorizing any legal Council to represent me. I do not know Mr Shahid Hamid , ASC, Syed Rafaqat Hussain Shah , Ms Ayesha Hamid and I have not appointed any of them as my council in the Supreme Court. I have seen my concise statement filed in the Supreme Court but I am not aware that I am a respondent and I will check about this matter.

As far as the income and resources of my wife are concerned I have not discussed them with her. I got a file of her assets when I made my declaration of assets and I did not even look at the file and attached it with my nomination papers. I do not have any business concern outside Pakistan. As far as I know my wife does not have any business relationship or dealing with her brothers. She has never mentioned getting any loans from the family.

I know that Hussain is now running a steel business in Saudi Arabia but I am not aware of the details. I do not know the name of the concern.

146

As far as the increase in my assets from 12 million to 25 million is concerned I do not know about this and would have to check my papers to be able to explain this increase.

**Statement of Mr. Ishaq Dar s/o Mr Channan Din Dar.**

**recorded on 03 July 2017**

It is stated that, I have been asked whether I have brought my income tax record with me, in this regard I had categorically asked FBR to provide all the information required by the JIT. I am shocked to learn that some of my tax returns have now been shown as not traceable. My income tax record before 2000 was taken by NAB and ISI after the 1999 takeover by the Army. The record since then should be available for the years that I have filed. I would look into the matter why some of my record has been shown as 'not traceable' and I would send the record as soon as possible.

I have been asked about Musa Ghani. He is my nephew and now lives in USA. He is a British Citizen. I have not met him for quite a long time and do not remember the last time we met.

I do not have any business interests outside Pakistan. I resigned from all positions on 23 March 2008. Before that I was acting as an advisor to Sheikh Nahyan of Abu Dhabi, a position I held from Feb 2002 to March 2008. However, I will not provide the details of the remunerations I got as this is privileged information.

As regards the company Baraq Holdings, I managed this company on behalf of the Highness Sh. Nahyan as his nominee. I cannot provide the details of the companies that belong to this group as it is privileged information. I can however say that it has no link or transaction with any Pakistani company.

As regards Mr. Saeed Ahmed, who is the President of National Bank of Pakistan, we were together in the Government college Lahore, as students and he is a gold medalist like me.

Regarding his bank account opened in his personal capacity, when he was the Director of Hajveri Modarba, and given me or any of my subordinates, the power of attorney to operate that account, it is stated that it seems improbable that he would give me the attorney to operate the account, as

being the Chief Executive, I had a lot of other business matters to deal with. I did not operate this account and I do not know anything about it. As far as the transfer of 102 million from the account of Hajveri Holding to the account of Saeed Ahmed in 1999 is concerned, which was withdrawn in cash, I do not remember what the background of this transaction was.

As regards his merit of being appointed as Deputy Governor State Bank of Pakistan and subsequent President National Bank of Pakistan, I had recommended him as he is an honest person and a gold medalist in the field of Actuary. I would have done it in 1999, if our government was not overthrown then.

Question: Are you aware, what Mr Saeed Ahmed was doing before he was appointed as Deputy Governor in the State Bank of Pakistan?

Answer: He was running a nursing home for elderly people in London for last many years. As a lot of people living in London do not have the time to take care of their elders. But he was a very qualified person and an actuary by profession.

# Statement Recorded by the JIT in Pursuance of the Honorable Supreme Court of Pakistan's Order dated April 20, 2017 and May 05, 2017 in case CMA 29 of 2016 ( Panama Papers)

## Statement of Javed Kiani s/o Fakhar uddin Kiyani

## Recorded on May 18, 2017

1. I am the Chairman of All Pakistan Sugar Mills Association. I started my first business in the year 1978. In 1981, I started a business of export of tents with my partner Mr. Sheikh Tahir which was quite profitable. I, in partnership with Mr. Sheikh Tahir, also set up two textile mills and in 1992/93 set up the Chanar Sugar Mill.

2. In 1992, my maternal uncle Sheikh Saeed, who lives in USA, asked me that he wanted to send two million dollars for converting them into Dollar Bearer Certificates (DBCs). When I checked the market the dealers were charging 2% on such conversions. I had an account in the Habib Bank AG Zurich, Lahore. One of the officers Mr. Saif ur Rahman, who worked in that bank had become a close friend as I had many bank related dealings with him. I asked him that I wanted to deposit this amount in my own account. He, however, advised me that it may create problems for me later on and it would be better to open new foreign currency accounts.

3. It was Saif ur Rahman who did all the paperwork for opening 3 foreign currency accounts in the names of Asghar Ali, Suleman Zia and Muhammad Ramzan. I do not know these people as in those days the national identity card was not required to open the accounts. Anyone could open an account in the name of 'A' or 'B'. My accountant Nawaz operated these accounts on my instructions. I admit that all the transactions made in the accounts were made on my directions but I did not sign any cheques myself. The accounts were closed in 1994.

4. In 1994, I left the country on advice of Mr. Sheikh Tahir, my partner and a lawyer by profession previously, as an investigation had started. I went to England and lived there for the next three years till 1997. I learnt that the FIA had registered cases and was investigating these accounts and that they were looking for me. Later on in 1997, the cases were quashed on the orders of the Court and I returned back to Pakistan. I know that FIA had during the investigation collected all the record relating to the accounts.

150

6. As far as the operations of the account is concerned, my uncle Saeed Sheikh used to instruct me about the transactions to be made in these accounts and I carried out those instructions through my accountant Nawaz. I did not ask my uncle why he was making these transactions.

6. I had two more accounts in the name of my wife and mother in the same branch. I do admit that I had transferred some amount from one of the three accounts into our accounts but they were not large sums of money, probably a few thousand dollars. I also recall sending approximately 250000 dollars to Sarah Sheikh, the daughter of Sheikh Saeed who was living in Alberta in those days, from the account of Asghar Ali, on the instructions of my uncle. I do not know why he had not sent the money directly in her account from his own account in the USA.

7. I also recall that I had executed certain transactions sending money to an overseas company namely; Shamrock Consulting on the instructions of my uncle from the fictitious account of Salman Zia. I do not know what was the purpose of that transaction. I have no knowledge about the accounts of the Qazi family and I had nothing to do with them.

8. As far as the Traveller's Cheques are concerned, an American by the name of Mr. Phil Barry, used to bring them from USA to me and meet me in my office. As far as my relationship with Mr. Phil Barry is concerned it dated back to the time when Mian Nawaz Sharif was the Chief Minister of Punjab. My uncle Sheikh Saeed had introduced Mr. Phil Barry to the CM as he wanted to bring some projects to Pakistan. I remember that there were proposal of setting up a theme park in Jallo Park as well as a project to build a toll road between Lahore and Faisalabad. He also attended my marriage ceremony which was held in 1988 and then Chief Minister Nawaz Sharif also attended with his family.

9. The Traveller's Cheques that Mr. Phil Barry transported were blank and unsigned in the denomination of US dollar one thousand each. I used to deposit them in the three ficititious accounts that I had opened in the name of Salman Zia, Asghar Ali and Muhammed Ramzan, against which I had DBCs issued. This used to be done on the same day and as per practice, I used to hand over the DBCs back to Mr. Phil Barry. He then used to take them in an official BMW belonging to the PM House, to the Model Town residence of Mian Muhammad Nawaz

151

Sharif. I did not know at that time what the purpose of those DBCs was although later on I learnt through the media reports that they had been used to raise loans for the Hudabiya Paper Mills.

10. Mr. Phil Barry came to me for at least 4 to 5 times in 1992 and also the same number in 1993. Sometimes he told me that he had met the Prime Minister Nawaz Sharif in Islamabad and then had come to Lahore to meet me. I also learnt that sometimes he came to Islamabad only, met the Prime Minister and went back to USA. Mr. Phil Barry had a close relationship with Mian Muhammad Nawaz Sharif since the time he was the Chief Minister of Punjab.

11. As far as the relationship between my Uncle Sheikh Saeed and Mian Muhammad Nawaz Sharif is concerned, my uncle told me that he had met him on a flight way back in 1969. I do not know how that relationship developed into a close friendship but I still remember as a child that in 1973 when my uncle came to Pakistan he was received by Mian Muhammad Nawaz Sharif at the airport. The relationship developed to the extent that they attended each other's family marriage ceremonies and even Mian Muhammad Nawaz Sharif had travelled to USA to attend the marriage ceremony of the daughter of Sheikh Saeed in 1996. I also attended that ceremony and Mr. Shahbaz Sharif was also there. Sheikh Saeed owns a shipping company but he has no business interests in Pakistan.

12. In the year 1992 to 1993, I recall that my Uncle Sheikh Saeed also came to Lahore several times. He used to stay in a hotel and on one occasion Mian Nawaz Sharif visited him at the hotel. However, Mr. Sheikh Saeed, during his stay, used to meet Mian Nawaz Sharif at his place on daily basis. Mr. Sheikh Saeed's visits to Pakistan, however, were always very short, usually not more than three or four days. He never brought Traveller's Cheques with him to me. I do not know why he sent them through Phil Barry and not brought by himself.

Question: It is a matter of record that some of the transactions were made from the accounts that you opened in the Habib Bank Zurich to the Qazi family accounts. Do you deny that it was you who had made those transactions?

Answer: I was giving the directions for all the transactions on the instructions of my Uncle Sheikh Saeed for the accounts of Salman Zia, Asghar Ali and Muhammed Ramzan and if any transaction is on record then I must have given it. I however do not remember any transaction to the accounts of the Qazi family.

JOINT INVESTIGATION TEAM PANAMA CASE

152

Question: Who is Mr Phil Barry and what is your relation with him?

Answer: My relation with Phil Barry is dated back to the time when my uncle Sheikh Saeed introduced him to Mian Nawaz Sharif (then CM, Punjab). Phil Barry brought a project of Five Star amusement park to be built in Jallo Park, Lahore and toll road between Lahore and Faisalabad (between 1985-88). He also attended my marriage ceremony (28 Dec 1988) at Lahore along with CM and my uncle. He used to visit Pakistan 2-4 times in a year. He does farming at Michigan and Florida, USA. I last met him in 1996, when i went to USA, on marriage ceremony of Sheikh Sahib's daughter. Nawaz Sharif/ Shehbaz Sharif and Moeen Qureshi were also present there.

Question: Mr. Phil Barry used to visit you alone or with someone else?

Answer: Mr. Phil Barry used to visit me alone less once when he brought along Mr Robert McPharlagne. In 1992, he came for some project and met Mian Muhammad Nawaz Sharif in Islamabad along with those Dollar bearer certificates. Probably they met in office situated on 7th Club road, Islamabad.

## Statement of Saeed Ahmed S/o Muhammad Shafi

## (Recorded on 30th May 2017)

1. It is stated that presently I am working as President, National Bank of Pakistan, since March 2017. Prior to that, I was working as Deputy Governor, State Bank of Pakistan since January 2013.

2. Today, I attended the office of JIT (Panama Case) at Judicial Academy Islamabad and I have been shown documents related to the accounts opened in my name in Bank of America, Al Baraka Bank, Al Towfeek Investment Bank and Emirates Bank.

3. In this regard, it is stated that I had only opened an account in Emirates Bank, Gulberg branch, Lahore, whereas I have no knowledge of the other three accounts as I never opened or operated them. It is correct that my NIC and Passports have been used to open these three accounts, but someone has used my documents to open these fake accounts in my name through fraud and forgery and I totally disown these accounts and banking transaction made therein.

4. Regarding my bank account in the Emirates Bank, Gulberg, Lahore it is stated that I was a non-Executive Director and Sponsor of Hajveri Modarba , which was primarily managed by Mr. Ishaq Dar. It is further stated that I was approached by Mr. Ishaq Dar to open a bank account in the Emirates Bank, which was to be used to facilitate the business of Hajveri Modarba through securing loans for onward lending to its clients. I therefore opened my account on the directions of Mr. Ishaq Dar in Emirates Bank and handed over the cheque book to Mr. Naeem, who was an employee of Hajveri Modarba, to operate my account under the instructions of Mr. Ishaq Dar for the benefit of the company as I was residing in London. Since I was not operating the account myself, I have no knowledge about the transactions carried out.

**Ques No. 1.** What is your Nationality?

**Ans. No.1** I am holding dual nationality. I am also a British National for last many decades.

**Ques No. 2.** Is it correct that you had been arrested on one occasion in Saudi Arabia? If so, give details.

JOINT INVESTIGATION TEAM PANAMA CASE

154

**Ans. No.2** Yes, in the 1980s, I was arrested by the Saudi authorities as my employer lodged a complaint against me that I have exceeded my authority in making some financial transactions on behalf of the company. I was arrested by Saudi Police and remained behind bars for about 15-20 days. Later on, I entered into a settlement with my employer and with the help of the British Embassy, I was released from jail and I left Saudi Arabia.

**Ques No. 3.** What is your Qualification?

**Ans. No. 3** I have qualification in the field of Actuarial science.

**Ques No. 4.** What is your address shown in NIC that you used for opening of Bank Account?

**Ans. No.4.** The address per my NIC was c/o Army Store, Junaghat, Karachi

**Ques No.5.** Why was your address so vague?

**Ans. No. 5.** Because I was in fact living in the United Kingdom mostly.

**Ques. No.6.** What were you doing prior to joining State Bank of Pakistan?

**Ans. No.6.** I was in United Kingdom (UK) for the last many years and I was running old-age homes in UK since 1998 till my appointment as Deputy Governor, State Bank of Pakistan in 2013.

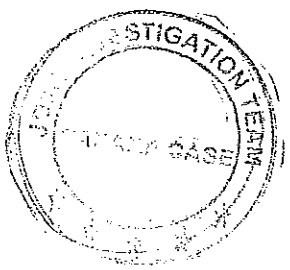
**Statement recorded by the JIT in pursuance of Honorable Supreme Court of Pakistan's order dated 20 April 2017 and 05 May 2017 in case CMA 29 of 2016 (-panama paper)**

**Statement of Lt. General ( R ) Syed Amjad Ali,**

I was the first Chairman of NAB about 17 years ago in 1999-2000.



Regarding the circumstances pertaining to Mr. Ishaq Dar's confessional statement in Hudabiya Paper Mills Case, it is recalled that it was conveyed by my staff, that Mr. Ishaq Dar is willing to give a confessional statement. I met him in the office of DG NAB, Punjab's office for about 15 minutes. I did not ask anything specific about the case. Basically I wanted to know that whether he has decided to give confessional statement with his free own will and also to ensure that he may not be forced in any way. After being satisfied, that it was not being done under any pressure or compulsion, I left and rest of the things like the arrangement of the magistrate etc was done by the Lahore chapter of the NAB. This was the only time that I met him. As to the reason that why he wanted to make that statement; the only plausible explanation is that he was well aware of his incriminating role and that he was in trouble as he had opened those fake accounts.

Although I am not an eye witness to when he recorded his statement, but from what I have heard, is that the magistrate, before Ishaq Dar started writing his statement, gave him ample time to think and satisfied himself that whether he was doing it on his free will or otherwise. As far as the contention of Mr. Dar that the statement was got recorded under compulsion, frankly, I was not surprised because considering his relationship with the Sharif family that is perhaps the only thing that he can say.

After the confessional statement of Mr. Ishaq Dar had been recorded I went to London to meet the Qazi family and corroborate that whatever Mr. Ishaq Dar had said about the opening of the account without their knowledge and consent and found it to be factually correct. They had absolutely no idea about the opening of the accounts in their names and they had not even visited Pakistan when the accounts were opened.

It was during my visit to Qazi's house I met Mr. Rehman Malik who was already present there and it was purely coincidence or maybe the Qazi family may have asked him to be there. As far as I am concerned it was just an exchange of greetings with him. Basically I was talking to Qazi's family. That is the only time I met Mr. Rahman Malik. I cannot say that if he had sent any material during the investigation of the case to my office.

Question: Sir, do you recall something by the name of Broad Sheet?

Answer: There was a company. One of things that we knew was that a lot of our money is lying abroad and we did not have the resources and means to recover that money. So we looked at 2/3 companies and then we selected Broad Sheet for the purpose and the deal was that whatever money they deliver in Pakistan, they get 20%. No payment by us in advance on anything. That 20% included whatever expenditures they had made from their own pocket.

Question: Was there anything known to you about Ansbacher and did Rahman Malik hand over any paper to you about this company or any company by the name of Shamrock?

Answer: No, not to me personally but as I have said, he could have handed over to somebody else in the NAB.

# Statement Recorded by the JIT in Pursuance of the Honorable Supreme Court of Pakistan's Order dated April 20, 2017 and May 05, 2017 in case CMA 29 of 2016 ( Panama Papers)

**Statement of Mr. Basharat Shahzad,**

**Director, FIA KPK**

**Recorded on May 17, 2017**

1. It is stated that in the year 2000, I was posted in FIA, SBC Lahore as Assistant Director. In this capacity, I was entrusted with the investigation of a case, received by FIA from National Accountability Bureau (NAB) against M/s Hudaibiya Papers Mill (Pvt) under the provisions of National Accountability Ordinance (NAO) 1999.

2. During the investigation I collected the related record from all the concerned quarters, recorded the statements of the witnesses u/s 161 Cr. P.C and seized the relevant record under proper seizure memos. The statement of one of the witnesses, Mr. Ishaq Dar was also got recorded u/s 164 Cr. P.C. It is further stated that all the legal procedures/ laws were strictly followed while recording statement of Mr. Muhammad Ishaq Dar in connection with the Hudaibiya case. Initially Mr. Muhammad Ishaq Dar voluntarily submitted a hand – written confessional statement on April 20, 2000 to then Chairman, National Accountability Bureau (NAB) and pleaded to become "Approver". Upon this the Chairman, NAB tendered him full pardon. I, being IO of the case, then took Mr. Muhammad Ishaq Dar to the Magistrate Mr. Tahir. The Magistrate independently examined/ interacted with Mr. Muhammad Ishaq Dar and recorded his statement under section 164 of Cr. P. C on April 25, 2000. It is further added that Mr. Muhammad Ishaq Dar was never ever coerced by me to give the confessional statement.

3. I prepared a detailed report dated 14.11.2000, of the investigation against M/s Hudabia Papers Mill (Pvt). Based on this investigation a reference was subsequently filed in the Accountability Court as reference No. 05/2000 by NAB.

158

4. Today I have been shown by the JIT, Panama Case the copies of my report, statements of the witnesses as well as the record of the reference. I hereby verify the contents of reference NO. 05/2000 as well as all its record/enclosures.

**Statement of Senator Rahman Malik**

**(recorded on 23 June 2017)**

I during my posting in Federal Investigation Agency conducted an enquiry which formed the basis of my report which is commonly known as Rehman Malik report which was submitted in the Honorable Supreme Court during the hearing of the Panama Case; I have seen and verify the contents of the report as correct and own it as my report.

As regards the any new documents in support of contention of my report I submit 3 charts which explain the various players and the connections and their role which came to light during the investigations. I also submit two additional documents described as below in addition to other documents that are already on record;

Question: On page 2 in the summary of your report you have stated that,

"Part of the laundered money, nearly $350,000 from the fake account of *Sulman Zia* was transferred by *Nawaz Sharif's* family in January/ February 1993 to *Shamrock Consulting Corporation (registered c/o Ansbacher (BVI) Limited*, PO Box 659, Road Town, Tortola BVI) through its account at *Lloyds Bank, Stock Exchange London.*

What is the Source of the information that *Shamrock Consulting Corporation was registered c/o Ansbacher (BVI) Limited*, PO Box 659, Road Town, Tortola BVI and is there any document available with you in support of this contention?

Answer: I had an inside source in the office of Ansbacher who provided me with this information. There was a document that I had obtained from other sources which provided the information that Shamrock Consulting Corporation was registered c/o Ansbacher and I had handed over this document to General Amjad, when he became the Chairman NAB.

Question: In the next para on page 2 in the summary of your report you have stated that,

JOINT INVESTIGATION TEAM PANAMA CASE

160

The $350,000 was then transferred from *Lloyds Bank* to one *Mr Hans Rudolf Wegmuller*, a Director of *Banque Paribas en Suisse Zurich* who is also a Director of *Ansbacher Switzerland*, a fiduciary company which acts on behalf of the *Sharif* family."

What is the Source of this information?

Answer: The same source in the office of Ansbacher had provided me with this information and there is no document available to corroborate it.

Question: In the summary at page 3 it is stated that

> "It has also come to light that the Sharif family, in order to acquire property in the UK, utilized the services of *Mr Urs Specker*, the General Manager of *Ansbacher Switzerland*. According to the records of HM Land Registry in the UK and other official documents it was established that this individual purchased for the *Sharif* family four luxury flats – 16, 16a, 17 and 17a Avenfield House, London situated in very costly and upmarket area, for a total sum of $ 5 million, equivalent to Rs 30 crores.

What is the source of this information and do you have any documents to support this contention?

Answer: This information was also provided by my source in the office of Ansbacher. I do not have any document to prove my contention.

Question: On page 12 of the report under the heading 'THE CORRUPT ACTIVITIES OF MIAN NAWAZ SHARIF's FAMILY' you have stated that

> "London solicitors *Dibb Lupton Broomhead*, manage these properties and pay utility bills and council rates. This is done on the instructions of *Mr Urs Specker* of *Ansbacher Trustees AG Zurich, Switzerland* – a nominees of both the aforesaid offshore companies. "

What is the source of this information and do you have any document available with you to support this contention?

Answer: As far as the payment of Council tax by Ansbacher Trustees AG is concerned, I remember that I had obtained a Council tax record showing that Ansbacher Trustees AG is the company instructing the payment of the bills. I had handed over this Council record to Gen Amjad, when he met me after becoming the Chairman of NAB in the year 2000. As regards information about Mr Urs Specker is

161

concerned it was based on the information provided by my source I have already mentioned. There was no document available to support this contention.

Question: In the same para on page 12 of the report under the heading 'THE CORRUPT ACTIVITIES OF MIAN NAWAZ SHARIF's FAMILY' you have stated that

> "He takes his directions from *Hans-Rudolph Wegnmuller* of Zurich, a Director of *Banque Paribas en Suisse* and *Ansbacher (Schweiz) AG*, who deals directly with Mian Sharif. Mr. Wegmuller manages Sharif's $50 million overseas investments."

What is the source of this information and do you have any document available with you to support this contention?

Answer: As regards this information if was also provided by my source I have already mentioned. There was no document available to support this contention.

Question: In the Annexture I of the report the following transactions have been shown:

| PAYMENT FROM SHAMROCK TO WEGMULLER | | DATES OF PURCHASE OF PROPERTIES | |
|---|---|---|---|
| DATES FROM BANK | AMOUNT TO BANK | DATES PURCHASED | NAME OF THE PROPERTIES |
| 3-2-93 | $200,000 | 1-6-93 | 17 |

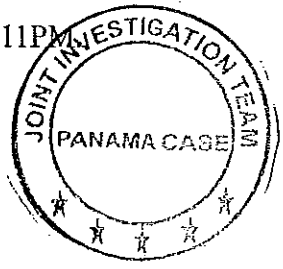
# Statement Recorded by the JIT in Pursuance of the Honorable Supreme Court of Pakistan's Order dated April 20, 2017 and May 05, 2017 in case CMA 29 of 2016 ( Panama Papers)

## Statement of Mr. Umar Cheema



## Recorded on May 17, 2017

1. I am the authorized representative of International Consortium for Investigative Journalists (ICJ) in Pakistan since 2014. During International award ceremony, I met ICIJ people who later approached me to form part of their organization. Although ICIJ exists since 1977, the focus of its activities changed when the current leadership of ICIJ started working on offshore companies which was initiated in 2014.

2. ICIJ has been working on Panama Case since 2015. It is one of the largest case in history, consisting 11.5 million documents which are related to 60 countries. I worked on the Pakistan chapter of Panama leaks on my own choice. During the Course of my work I came across documents relating to Respondents 6 and 7. As part of journalists' norms/ responsibility, I sent separate emails to Respondents No 6 and 7 on behalf of ICIJ in early March 2016. I also sent them a questionnaire provided by ICIJ to seek clarification/ view point of Respondents before publication of Panama Leak papers.

3. I did not receive response from Respondents, however, after three (3) months, one of their family members responded by stating that "he was not aware of the issue. He had bought another company but his parents did not have any connection with it". He clarified that "there was no illegal activity as it did not involve any parent company". Since the respondent had stated that the information was only for my consumption I can not reveal the identity of that respondent.

4. Hussain Nawaz Sharif had admitted in the programme of Shah Zeb Khanzada that he had received the emails but that the family had not responded. The news about Panama case was released internationally on 3rd April 2016 and in Pakistan the news broke at 11PM

5. As far as providing the copy of my email to Respondents to the JIT is concerned, I need to seek approval from ICIJ as these emails belonged to them and it may involve confidentiality issues.

6. I remember that I had already sent the email for response before Hussain gave his interview to Javid Chaudhary and the respondents were aware that Panama papers were being made public. The interview which was conducted before my sending the email had surprised me as at that time no one knew about the leaks and I was the only one working on it. I think that Respondents might also have come to know about work by ICIJ on Panama Case through some agencies.

ICIJ THE INTERNATIONAL CONSORTIUM OF INVESTIGATIVE JOURNALISTS A PROJECT BY THE CENTER FOR PUBLIC INTEGRITY

Washington, March 6, 2016

Mr Hussain SHARIF

Dear Sir,

I am a reporter with the International Consortium of Investigative Journalists, an independent network of reporters with headquarters in Washington, DC. Our investigations appear regularly in leading media organizations including Süddeutsche Zeitung (Germany), the BBC, The Guardian (UK), Le Monde (France), and many others. You can check our work here www.icij.org

We are writing because the International Consortium of Investigative Journalists, in concert with other media outlets including Süddeutsche Zeitung, is currently conducting a detailed investigation of the use of offshore companies in places such as Panama, the British Virgin Islands and other similar jurisdictions. It is not illegal to have offshore companies. But as you may know, it is a topic of considerable public debate, and several governments have been investigating the owners and formation agents of such companies.

We have seen records identifying you in connection to a company in the British Virgin Islands. Below you can find the physical or legal person linked to the company, the name of the entity/ies, and the dates:

1. Coomber Group Inc., was in a series of loan transactions. You are one of its signatories.
2. Nielsen Enterprises Limited, incorporated in 1993. Beneficial owner: Mariam Safdar.
3. Nescoll Limited, incorporated in 1994. Beneficial owner: Mariam Safdar.

The companies owned "a UK property each for use by the family" of the companies' owners. Your sister Mariam Safdar and you signed a document dated June 2007 that was part of a series of transactions in which Deutsche Bank Geneva lent up to $13.8 million to Nescoll, Nielsen and Coomber Group Inc.,, with their London properties as collateral. In July 2014, the two companies were transferred to a different agent.

We are particularly concerned to answer these questions:

- Why did you create a company in an offshore jurisdiction like the British Virgin Islands? What was the company used for?
- Does the company remain active?
- Have you declared this company to your tax authorities and other relevant authorities in your country? If not, why?

ICIJ and its media partners intend to publish the results of this investigation shortly in the US, Germany, the UK, France and several other countries.

As responsible journalists acting in the public interest, we would first like to give you the opportunity to comment.

If we do not hear from you by 18:00 EST on March 11, 2016 (preferably by email to this address), we shall proceed on the basis that you do not wish to comment on or amend our information.

We have approached you in a straightforward fashion and hope you will take this opportunity to respond if you wish. Your substantive responses to each of our questions will be careful considered and published if appropriate.

We are, of course, happy to discuss directly any concerns you may have.

We would be most grateful if you would acknowledge receipt of this letter.

Yours faithfully

ICIJ THE INTERNATIONAL CONSORTIUM OF INVESTIGATIVE JOURNALISTS A PROJECT BY THE CENTER FOR PUBLIC INTEGRITY

Washington, March 4, 2016

Ms Mariam SAFDAR (SHARIF)

Dear Madam,

I am a reporter with the International Consortium of Investigative Journalists, an independent network of reporters with headquarters in Washington, DC. Dear Mariam Nawaz,

This is Umar Cheema from The News. Apart from my affiliation with Jang Group, I am a member of Washington-based International Consortium of Investigative Journalists that is presently investigating the ownership of off-shore companies registered in Panama, BVI and similar other jurisdictions. My focus is on Pakistanis who own such businesses. Your name has figured among them.

Please find attached a file that will let you know about the investigative project and questions relating you to hear back not later than March 11.

ICIJ THE INTERNATIONAL CONSORTIUM OF INVESTIGATIVE JOURNALISTS A PROJECT BY THE CENTER FOR PUBLIC INTEGRITY

Washington, March 6, 2016

Mr Hussain SHARIF

Dear Sir,

I am a reporter with the International Consortium of Investigative Journalists, an independent network of reporters with headquarters in Washington, DC. Our investigations appear regularly in leading media organizations including Süddeutsche Zeitung (Germany), the BBC, The Guardian (UK), Le Monde (France), and many others. You can check our work here www.icij.org

We are writing because the International Consortium of Investigative Journalists, in concert with other media outlets including Süddeutsche Zeitung, is currently conducting a detailed investigation of the use of offshore companies in places such as Panama, the British Virgin Islands and other similar jurisdictions. It is not illegal to have offshore companies. But as you may know, it is a topic of considerable public debate, and several governments have been investigating the owners and formation agents of such companies.

We have seen records identifying you in connection to a company in the British Virgin Islands. Below you can find the physical or legal person linked to the company, the name of the entity/ies, and the dates:

1. Coomber Group Inc., was in a series of loan transactions. You are one of its signatories.
2. Nielsen Enterprises Limited, incorporated in 1993. Beneficial owner: Mariam Safdar.
3. Nescoll Limited, incorporated in 1994. Beneficial owner: Mariam Safdar.

The companies owned "a UK property each for use by the family" of the companies' owners. Your sister Mariam Safdar and you signed a document dated June 2007 that was part of a series of transactions in which Deutsche Bank Geneva lent up to $13.8 million to Nescoll, Nielsen and Coomber Group Inc.,, with their London properties as collateral. In July 2014, the two companies were transferred to a different agent.

We are particularly concerned to answer these questions:

- Why did you create a company in an offshore jurisdiction like the British Virgin Islands? What was the company used for?
- Does the company remain active?
- Have you declared this company to your tax authorities and other relevant authorities in your country? If not, why?

ICIJ and its media partners intend to publish the results of this investigation shortly in the US, Germany, the UK, France and several other countries.

As responsible journalists acting in the public interest, we would first like to give you the opportunity to comment.

If we do not hear from you by 18:00 EST on March 11, 2016 (preferably by email to this address), we shall proceed on the basis that you do not wish to comment on or amend our information.

We have approached you in a straightforward fashion and hope you will take this opportunity to respond if you wish. Your substantive responses to each of our questions will be careful considered and published if appropriate.

We are, of course, happy to discuss directly any concerns you may have.

We would be most grateful if you would acknowledge receipt of this letter.

Yours faithfully

We are writing because the International Consortium of Investigative Journalists, in concert with other media outlets including Süddeutsche Zeitung, is currently conducting a detailed investigation of the use of offshore companies in places such as Panama, the British Virgin Islands and other similar jurisdictions. It is not illegal to have offshore companies. But as you may know, it is a topic of considerable public debate, and several governments have been investigating the owners and formation agents of such companies.

We have seen records identifying you in connection to a company in the British Virgin Islands. Below you can find the physical or legal person linked to the company, the name of the entity/ies, and the dates:

1. Coomber Group Inc., was in a series of loan transactions. You are one of its signatories.
2. Nielsen Enterprises Limited, incorporated in 1993. Beneficial owner: Mariam Safdar.
3. Nescoll Limited, incorporated in 1994. Beneficial owner: Mariam Safdar.

The companies owned "a UK property each for use by the family" of the companies' owners. Your sister Mariam Safdar and you signed a document dated June 2007 that was part of a series of transactions in which Deutsche Bank Geneva lent up to $13.8 million to Nescoll, Nielsen and Coomber Group Inc.,, with their London properties as collateral. In July 2014, the two companies were transferred to a different agent.

We are particularly concerned to answer these questions:

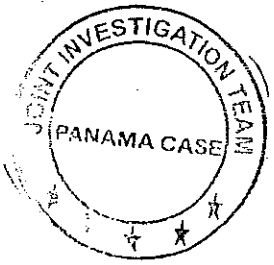
- Why did you create a company in an offshore jurisdiction like the British Virgin Islands? What was the company used for?
- Does the company remain active?
- Have you declared this company to your tax authorities and other relevant authorities in your country? If not, why?

ICIJ and its media partners intend to publish the results of this investigation shortly in the US, Germany, the UK, France and several other countries.

As responsible journalists acting in the public interest, we would first like to give you the opportunity to comment.

If we do not hear from you by 18:00 EST on March 11, 2016 (preferably by email to this address), we shall proceed on the basis that you do not wish to comment on or amend our information.

We have approached you in a straightforward fashion and hope you will take this opportunity to respond if you wish. Your substantive responses to each of our questions will be careful considered and published if appropriate.



We are, of course, happy to discuss directly any concerns you may have.

We would be most grateful if you would acknowledge receipt of this letter.

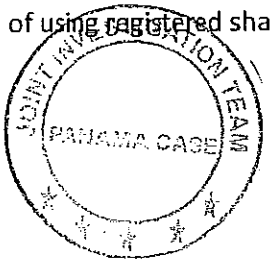
Washington, March 4, 2016

Ms Mariam SAFDAR (SHARIF)

Dear Madam,

I am a reporter with the International Consortium of Investigative Journalists, an independent network of reporters with headquarters in Washington, DC. Our investigations appear regularly in leading media organizations including Süddeutsche Zeitung (Germany), the BBC, The Guardian (UK), Le Monde (France), and many others. You can check our work here www.icij.org

We are writing because the International Consortium of Investigative Journalists, in concert with other media outlets including Süddeutsche Zeitung, is currently conducting a detailed investigation of the use of offshore companies in places such as Panama, the British Virgin Islands and other similar jurisdictions. It is not illegal to have offshore companies. But as you may know, it is a topic of considerable public debate, and several governments have been investigating the owners and formation agents of such companies.



We have seen records identifying you in connection to companies in the British Virgin Islands. Below you can find the physical or legal person linked to the company, the name of the entity/ies, and the dates:

1. Nielsen Enterprises Limited, incorporated in 1993. Beneficial owner: Mariam Safdar.
2. Nescoll Limited, incorporated in 1994. Beneficial owner: Mariam Safdar.

The companies owned "a UK property each for use by the family" of the companies' owners. Your brother Hussain and you signed a document dated June 2007 that was part of a series of transactions in which Deutsche Bank Geneva lent up to $13.8 million to Nescoll, Nielsen and another company, with their London properties as collateral. In July 2014, the two companies were transferred to a different agent.

We are particularly concerned to answer these questions:

- Why did you create companies in an offshore jurisdiction like the British Virgin Islands? What was the companies used for?
- Do the companies remain active?
- Have you declared this company to your tax authorities and other relevant authorities in your country? If not, why?
- Records we have seen show that you used bearer shares for your company Nescoll Limited from 1993 to 2006. Why did you use this ultra secretive share structure instead of using registered shares and your own name?

ICIJ and its media partners intend to publish the results of this investigation shortly in the US, Germany, the UK, France and several other countries.

As responsible journalists acting in the public interest, we would first like to give you the opportunity to comment.

If we do not hear from you by 18:00 EST on March 11, 2016 (preferably by email to this address), we shall proceed on the basis that you do not wish to comment on or amend our information.

We have approached you in a straightforward fashion and hope you will take this opportunity to respond if you wish. Your substantive responses to each of our questions will be careful considered and published if appropriate.

We are, of course, happy to discuss directly any concerns you may have.

We would be most grateful if you would acknowledge receipt of this letter.

Yours faithfully

Best regards,

Marcos García Rey

**Statement recorded by the JIT in pursuance of the orders of Honorable Supreme Court of Pakistan Dated April 20,2017 and May 05,2017 in CMA No. 29 of 2016**

**(Panama Papers)**

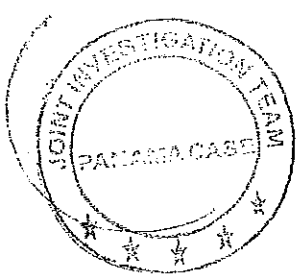
**Statement Recorded on 27th May, 2017**

**Statement of Ms. Maheen Fatima, Executive Director SECP**

1. It is stated that I was Director, Enforcement Department, SECP in the year 2011 when the Investigation pertaining to fraudulent transactions of Chaudhry Sugar Mills was initiated. The case was initiated on the instructions of then Chairman, SECP. I was pressurized by Mr. Tahir Mehmood, Commissioner on the directions of Chairman to lodge and pursue this case. Therefore, a letter pertaining to the said transactions was also written by SECP to the UK authorities which was signed by me. The investigation of this particular case was conducted by Mr. Tahir Mehmood, Ali Ahmed, Hamayun, Shahid Javed and Ali Adnan as well as myself.

2. There were two types of files that were being maintained in this case. One was related to correspondence being made with the UK central authorities and the other file was of correspondence being made within Pakistan. In 2012, the UK authorities informed SECP that the matter highlighted in the letter does not pertain to them. Later, the investigation was called off on the directions of Mr. Tahir Mehmood. We withdrew our letter to UK authorities in **May 2013**. I did held a meeting with Mr. Abid Hussain to discuss the under reference case before appearance before JIT.

**Questions and Answers**



Question On whose order did you write the letter to the UK Authorities?

Answer I was instructed by Mr. Tahir Mehmood, Commissioner to write a letter to the UK authorities. I was under pressure and was forced to write this letter.

Question Why did you withdraw the case?

Answer We had two options regarding information from the UK Central Authority, either to provide the evidence or withdraw the case. Since the evidence was not forthcoming, hence, we withdrew the case.

Question Can you produce the investigation report of the case?

237

Answer No investigation report was prepared for this case and it was closed on the noting portion of the file.

Question Please explain in detail how this case was closed.

Answer In June, 2016, a letter of SECP was shown in the electronic media pertaining to this case. The Chairman, SECP, Mr. Zafar ul Haq Hijazi, called a meeting in his office which I attended along with Mr. Abid Hussain (Executive Director) and Mr. Ali Azeem, Executive Director. Mr. Hijazi, perused the file of Chaudhry Sugar Mills case and pointed out that the matter is still open as it has not been closed on the noting portion of the file, or otherwise, as yet. He handed over the file to me, which I took to my office and put-up a note closing the investigation in back-date, that is, for "14th January, 2013" and handed over the file back to Mr. Abid Hussain.

Question Why did you select this particular date of January 2013?

Answer In my opinion, there was not much substance in the case and it was lying dormant, hence, the case was shown to be closed on this date just to give the impression that the matter was closed during the tenure of the previous government. It may be added that my superiors were in full knowledge when I closed the case in back-date and Mr. Ali Azeem also endorsed my noting on file.

PANAMA CASE

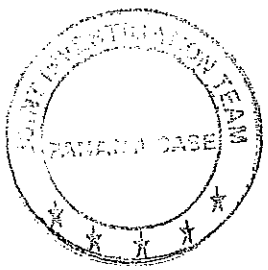
**Statement recorded by the JIT in pursuance of the orders of Honorable Supreme Court of Pakistan Dated April 20,2017 and May 05,2017 in CMA No. 29 of 2016**

**(Panama Papers)**

**Statement recorded on 27th May, 2017**



**Statement of Mr. Abid Hussain, Executive Director, SECP**

1. Stated that I joined SECP in August 2000 as Deputy Director. Presently, I am working as Executive Director, Corporate Supervision Department since January, 2016.

2. It is stated that in June/July 2016 I was called by Mr. Tahir Mehmood, Commissioner SECP who asked me to bring the case file of M/s. Chaudhry Sugar Mills. I asked for the said file but it was informed by my staff that the file was not available in record of my department. I conveyed the same to Mr. Tahir Mehmood who instructed me to check from Ms. Maheen Fatima, Director, Internal Audit and Mr. Ali Azeem, Executive Director, Insurance Department, as this case was dealt by them. I then asked Ms. Maheen Fatima about the file, who informed that the file is in her custody. She provided me the files of the case which comprised of two sets of Note sheet and Correspondence. One set was related to correspondence within Pakistan and the other set was related to correspondence with UK authorities.

3. I then informed Mr. Tahir that the files were with Ms. Maheen and the same have been handed over to me by her. He directed me to prepare a brief of the case for Chairman SECP, Mr. Zafar Ul Haq Hijazi. I asked Ms. Maheen Fatima, then Director CSD, to prepare a case brief which she prepared and handed over the same to me and also showed me the relevant pages of the file. I noted that the case was still under process as it was not closed at the time.

4. I took the brief to Mr. Tahir who after making certain amendments approved the brief and directed me to hand over the same to Mr. Hijazi, Chairman SECP, which I did. Mr. Hijazi took the file from me and after studying the same pointed out that the case has not yet been closed on the Note Sheet. He then called Ms. Maheen Fatima and Mr. Ali Azeem in his office and discussed the matter with them in my presence. Both Ms. Maheen and Mr. Ali were of the view that the case merits closure and no response has been received from the UK authorities as well. Mr. Hijazi pointed out that note sheet does not reflect this stance. He then directed them to

properly close the case by putting a note on note sheet in back-date to which I objected. Mr. Hijazi directed me to hand over the case files to Ms. Maheeen Fatima and leave the room, which I did.

5. After few hours Ms. Maheen Fatima handed me the file which showed that the case has been closed on note sheet in back date i.e **14 Jan 2013.** I brought the matter to the notice of Mr. Tahir and later placed the file in the locker in my room.

6. Later on, during the Panama case brief to National Assembly Finance Committee, Mr Asad Umar raised a question about proceedings of the case of Chaudhry Sugar Mills in SECP and asked for the relevant record. It was discussed, that the matter is subjudice in the court and whether the case record can be provided to the Committee. To obtain legal opinion from the Ministry of Law and Justice regarding provision of such record, a reference was sent which was prepared by Mr. Muzzafar Mirza and Adeel Peter. However, no answer was received from Ministry of Law and Justice in this regard.

7. Subsequently, a letter from JIT was handed over to me by Mr. Tahir whereby complete case file of Chaudhry sugar Mills was called for by the JIT. JIT also requisitioned record relating to any other inquiry/investigation conducted by SECP against Mr. Mian Muhammad Nawaz Shareef, Mrs. Marriam Safdar, Mr. Hassan Nawaz Sharif, Mr. Hussain Nawaz Shareef or Mr. Ishaq Dar in the Panama Case. I was directed by Mr. Tahir to provide the copy of case file of Chaudhry Sugar Mills. I asked Mr. Tahir regarding calling for information from all the departments, relating to any inquiry/investigation conducted by them in matters of Sharif family. He informed that Chairman has directed to keep the matter confidential. He then directed me to call information from only two departments. i.e.1). Registrar Modarba for getting information regarding First Hajvari Modarba as Ishaq Dar was Director/Shareholder in it in year 1999-2000 and 2). CRO Lahore for getting information regarding investigation conducted in the matter of Ramzan Sugar Mills which belonged to Sharif Family.

8. I directed Mr. Syed Ali Adnan Joint Director SECP to take the file of Chaudhry Sugar Mill and prepare a certified copy of it for providing the same to JIT. I also called Mr. Javed Hussain, Registrar Modarba and informed him about providing relevant record relating to

240

Hajveri Modarba to JIT. Similarly, CRO Lahore was also directed to provide the record relating to Ramzan Sugar Mills.

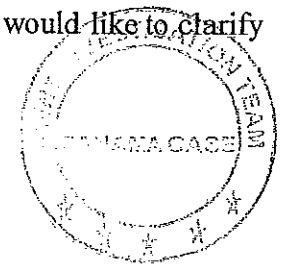
9. The complete case of Chuadhry Sugar Mills was photocopied and certified, and covering letter was prepared, and the matter was put up to Commissioner for approval on a note sheet. The Commissioner approved the letter but advised me to also show the letter to Chairman SECP. The Chairman approved the same and the record was delivered to JIT by Mr. Ali Adnan.

10. Furthermore, the Registrar Modarba informed that there is no record available with his department pertaining to First Hajveri Modarba. However, record from CRO Lahore comprising of investigation report relating to Ramzan Sugar Mills along with relevant Form A (1995-1996) reflecting Muhammad Nawaz Sharif, Hussain Nawan and Hassan Nawaz as shareholders and copy of relevant court orders were provided. This record along with a covering letter was also put up to Chairman through Commissioner who approved the same and the same was provided to JIT.

11. It is further stated that there is a possibility of availability of record with SECP of some other cases related to Sharif Family as information was not called from all departments of SECP.

**Question and Answers**

Question: Is it true that the case of Chaudhry Sugar Mills was closed on political pressure or was it due to the replies received from UK and the Company?



Answer: The case was basically conducted by Ms. Maheen Fatima and she informed me that it was made on political grounds because Nawaz Sharif was not in the ruling party and the sitting government was insisting to open the case. However, it is correct that the case was closed in 2016 by back-date entries.

Question: Where is the investigation report of this case?

Answer: There was no investigation report of this case available when I took over the case.

Question: When was the case opened?

Answer: The case was opened in 2011 and the first document is of the financial statement of 2010. It looks as if the case has been opened in 2010 but I would like to clarify

241

that the financial statements are generally acquired almost after 4-5 months after the audit. That is reason that case was opened in 2011 and given file no. of 2010.

Question: As you can see that in the documents related to Chaudhry sugar Mills the case number given inside the file is different from the one given on the outside. How would you justify that?

Answer: I don't know because this was not my case.

Question: You told that Chairman SECP directed Ms. Maheen to close the case on the note sheet. Did he categorically asked her to close the case in back dates?

Answer: Yes, the Chairman SECP directed to close the case in back dates. I advised him to close the case as of today and not to tamper the dates. He told me to leave the office and I left. Later when Ms. Maheen gave me the file back, entry for closure of the case was made in back-date.

Question: Did you and Ms. Maheen Fatima hold a meeting prior to your appearance before the JIT?

Answer: Yes, it is correct that we held a meeting to discuss the under reference case.

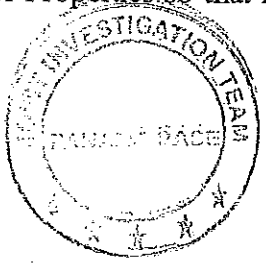
**Statement Recorded by the JIT in Pursuance of the Honorable Supreme Court of Pakistan's Order dated April 20, 2017 and May 05, 2017 in case CMA 29 of 2016 (Panama Papers)**

**Statement of Mr. Qamar Zaman Chaudhry , Chairman National Accountability Bureau**

**(Recorded on July 5, 2017)**



Stated that, I joined NAB as Chairman in the last quarter of year 2013, but due to certain issues, I could not actively initiate my duties. However, in February 2014, I took stock of the large number of pending and delayed cases of the NAB, with no tangible progress.

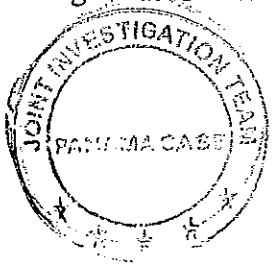
I formed a high level committee which was headed by Deputy Chairman NAB. The task of the committee was to review all old and pending cases. There were 285 cases related to Politicians pending at that time out of which 21 cases were related to Nawaz Sharif and Family and remaining 264 cases were of other politicians. This committee held 22 meetings in total wherein all these 285 cases were discussed and appropriate actions regarding their disposal were taken. In December, 2015 this pendency reduced to 56 cases which included 9 cases of Sharif Family and 47 cases related to other Politicians.

After I took over the charge as Chairman NAB I introduced an SOP whereby timelines have been defined for different stages of the ongoing case so that their progress could be monitored. As per time lines an investigation officer has to complete complaint verification in 2x months an inquiry in 4x months and investigation in 4x months. So in total 10x months are required to complete a case. These time lines have been ordered to be observed strictly.

The cases related to Nawaz Sharif and Family were pending right from the beginning due to the reason that the accused persons were not available in the country and their stance regarding the matters under investigation, could not have been taken.

The cases which are pending with NAB also include the case pertaining to Avenfield Properties. NAB Lahore is dealing with this case and it was informed to NAB HQ by NAB Lahore that no record is available with them other than one-pager complaint and no progress has been made on the case since its authorization. In February, 2015 NAB Lahore initiated a letter addressing NAB HQ to obtained certified copies of Avenfield Properties from UK through Mutual Legal Assistance (MLA). NAB Lahore was directed to get hold of details of Properties so that MLA

request be forwarded to the authorities in UK. However, in June 2016 NAB Lahore informed that details required for sending an MLA are not available with them. Therefore, this MLA request could not be initiated due to lack of information regarding the Avenfield properties, so far. However when this Panama issue arise, this case was placed on back burner due to the reason that initially the Honorable Lahore High Court and later the Apex Court have taken cognizance of the matter.



There was another case related to Sharif Trust which was pending when I took the charge as Chairman NAB. The case pertains to the allegation against Sharif Family that they received crores of rupees allegedly through underhand methods using Sharif Trust as pretext. The allegations further included that accounts of Sharif trust are not being subjected to audit and Sharif Family is keeping "benami" assets in the name of Trust. The case was initiated in year 2000 but files related to case do not show efforts for collection of any record pertaining to the matter.

Later on, the case was authorized to new IO in 2015 vide High level Committee decision dated 18.03.2015 and now the process of collection of record is underway. During the course of investigation, it has been revealed that Sharif Trust does not have any record related to the required period, as according to them it was taken over by Army in year 1999. However, the case is under process and efforts are in hand to get hold of the record from other sources.

Regarding the case against Nawaz Sharif pertaining to illegal appointments in FIA has been finalized by the NAB(Rawalpindi) and has been forwarded to NAB HQ for decision in Executive Board Meeting which is under scrutiny. There is another case against Mian Nawaz Sharif related to construction of Raiwand road which has also been finalized by NAB(Lahore) and forwarded to NAB HQ for decision however, some queries have been raised by NAB HQ which are being addressed by the Region.

There is also an inquiry and 2x investigations against Mian Muhammad Nawaz Sharif and Mian Shahbaz Sharif on the allegations of misuse of authority in allotment of LDA plot which are under process in NAB Lahore. In these cases, the relevant record is being collected and they shall be finalized soon.

Regarding the references related to Hudabiya Paper Mills, Willful Loan Default case and Raiwand Estate quashed by Lahore High Court, it is stated that I did not prefer to file an appeal before Honorable Supreme Court of Pakistan because I was advised by the then PGA (Prosecutor General Accountability) K.K Agha, who is currently a Judge in Sindh High Court, not to do so. PGA is an independent statutory office in NAB which has been established to give advice to

244

Chairman NAB on legal issues. It is PGA who determines that whether the prejudice has been caused to Prosecution in any decision of the court of not. He also ascertains the chances of success, if appeals were to be preferred against the orders of the court. Advice given by the PGA is binding on Chairman NAB in terms of section 32 A read with section 8 of NAO,1999 and I have to endorse whatever recommendations come from the legal team scrutinizing the case.

**Q.1. Why despite the NAB SOP, which requires of completing the cases in 10 months, as informed by you, the cases against Sharif family are still ongoing even after 17-18 years?**

Ans. When I took over, all the cases against Sharif family and other politicians were remained dormant since their initiation and remained pended by the previous chairmen, however when I took over I activated all the pending cases in February 2014. However, it is correct that some of the cases against Sharif family have not been completed so far.

**Q.2. The case of Avenfield properties was initiated in 2000, have the respondents / owners of the property ever been summoned?**

Ans. As per record, no summon has ever been issued to the owners of the property.

**Q.3. Why the MLA request has not been initiated regarding Avenfield properties, even when region requested for it in February 2015?**

Ans. It could not be initiated because basic information was missing.

**Q.4. Has NAB ever contacted the Sharif family / owners of the properties to get the basic information, since initiation of the case in 2000?**

Ans. As per record they have never been contacted.

**Q.5. What specific progress has been made in the Sharif Trust Case after you activated it in 2014?**

Ans. The case was re-authorized in 2015 and some record was obtained regarding the registration of Sharif trust from the Industries Department of Govt. of Punjab. Information has also been sought from the concerned Auditors of the company but they informed that the audit reports are with the Sharif Trust. Call notices were issued to the Accounts Officer of the Sharif Trust, one Mr. Abdul Razaque appeared and informed that record was taken away by the Army in 1999, so Audit reports prior to 1999 are not available. However, he promised to provide the reports for the period after 1999, which are still awaited.

245

**Q.6. When did Mr. Abdul Razaque appear?**

Ans. He appeared before NAB (L) in September 2016.

**Q.7. What action NAB initiated as despite passage of more than 9 months no record is so far provided?**

Ans. NAB has initiated correspondence with them. Recently I have instructed that Team may visit the Trust office and get the record.

**Q.8. Do you have any information regarding any case pertaining to Kulsum Trust?**

Ans. As per NAB record, there is no such case pending with NAB.

**Q.9. Do you have any information regarding the matter of Al-Towfeek or A-Baarka?**

Ans. It is not in my knowledge.

**Q.10. What is the status of Hudabiya Engineering Case?**

Ans. This case was merged with the case of Hudabiya Paper Mills Case.

**Q.11. But as per record provided by NAB, this is the case authorized in 2000, regarding an equity of about Rs. 69 Million and it was not merged?**

Ans. I have to check it.

**Q.12. As per record provided by NAB, there are documents of one Abdul Ghani Trust, through which collaterals were to be provided for loans to Business concerns of Sharif family. What is its status?**

Ans. There is a lot of record placed in sacks right from the beginning and the list of cases provided to JIT is the same which is available since 1999-2000. I will check and take note of it.

**Q.13. There was a reference pertaining to purchase of a Helicopter by Mr. Nawaz Sharif. In this case the Accountability Court convicted him with 14 years R.I. and fine of Rs. 20 Million. Later the Lahore High Court acquitted him. Why an appeal was not filed by the NAB?**

JOINT INVESTIGATION TEAM PANAMA CASE

Ans. Since this case does not pertain to my period, hence I have no knowledge.

**Q.14. Why no appeal was filed regarding the quashment of Hudabiya Paper Mills Case, which is a very strong case with clear documentary evidence?**

Ans. As per NAO 1999, the office of Prosecutor General Accountability (PGA) is an independent office and as per section 8 and 32 of NAO, the advice of PGA is binding upon me. Since the then PGA Mr. K. K. Agha, who is now a Judge of the Honorable Sindh High Court, and his team, including Additional Prosecutor General Accountability and Prosecutor, observed that though appeal can be filed but qualified their observation by listing the facts and circumstances rendering the decision to file an appeal of no avail, hence I have been left with no rational choice other than endorsing the recommendations coming on to the file as otherwise advice of PGA is binding upon the Chairman.

# Investigation Report of the Joint Investigation Team, Panama Case

## Volume III

### (Gulf Steel Mills)

*Joint Investigation Team Constituted by the*
*Implementation Bench of the Supreme Court of Pakistan*
*vide Order dated May 5, 2017*

*IR (III)/PC/10/7/2017*

**ISLAMABAD**

(Answers to Questions Raised by Honourable Supreme Court of Pakistan in its Order dated 5 May 2017 in case of C.M.A. No. 2939 of 2017 in Constitution Petition No. 29 of 2016 etc.)

## GULF STEEL MILLS

The Honourable Bench has directed the JIT to probe following five (5) questions related to Gulf Steel Mills;

i) How Gulf Steel Mills came into being?
ii) What led to its sale?
iii) What happened to its liabilities?
iv) Where did its sale proceeds end up?
v) How did they reach Jeddah, Qatar and UK?

### Back ground of the questions

1. Just before the publication of Panama Papers, Mr Hussain Nawaz Sharif, who otherwise did not appear much in media, gave a series of interviews to TV channels. After the publication of Panama Papers, where it was alleged that the Sharif family owned the Avenfield Apartments through offshore companies, the Prime Minister also addressed the nation on a number of occasions to answer these allegations. After the proceedings started in the Honourable Supreme Court of Pakistan, the Prime Minister and the members of his family became the Respondents and filed their defence. During all media interviews, addresses to the nation and the proceedings in the Honourable Supreme Court of Pakistan, the ownership of the apartments by the Sharif family was accepted. This, however, required the answer to the question as to what weres the sources of funds for the purchase of these apartments and how were those funds transferred abroad.

2. The Gulf Steel Mills became the cornerstone explanation as to the origin of funds that became available to the Sharif family, not only for the purchase of apartments, but also for other overseas businesses established by the family members of the Prime Minister including the Steel Mills in Kingdom of Saudi Arabia (KSA). With many shifting and sometimes conflicting positions, it was explained by the Respondents 7 & 8 that the sale proceeds of Gulf Steel Mills were invested, in cash and without paperwork, with the Al-Thani family of Qatar, and all subsequent ventures overseas including purchase of the apartments, setting up of the businesses in KSA and UK as well as out of court settlement with Al-Towfeek company were undertaken from the profits made from this investment.

**Methodology of Investigations - Gulf Steel Mills**

3. **Recording of Statements**:

a. **Recording of Statements**: JIT recorded statements of, i) Mr. Tariq Shafi, ii) Mian Muhammad Nawaz Sharif (Respondent No. 1), iii) Mian Muhammad Shahbaz Sharif, iv) Mr. Hussain Nawaz Sharif (Respondent No. 7) and, v) Mr. Hasan Nawaz Sharif (Respondent No. 8) for either being acquainted with the details of Gulf Steel Mills or having filed any document/ supporting evidence in Honourable Supreme Court of Pakistan during Panama Case proceedings. Excerpts of their statements related to Gulf Steel Mills are attached as ***Annexure A***.

b. **Significance of the Statement of Mr. Muhammad Tariq Shafi:** Mr. Tariq Shafi son of Mr. Muhammad Shafi is the only witness from the side of the Respondents, who, through two Affidavits dated November 12, 2016 and January 20, 2017, (attached as ***Annexure B***) attempted to provide answers to the Honourable Supreme Court of Pakistan about the questions related to Gulf Steel Mills.

4. **Request for Mutual Legal Assistance (MLA) to Government of United Arab Emirates (UAE)**: The JIT requested Ministry of Justice, Government of UAE under MLA for authentications/ certification of documents submitted by Mr. Hussain Nawaz Sharif (Respondent No. 7) along with the Affidavit of Mr. Tariq Shafi.

**Findings of the JIT**

5. **Provision of Documents/ Records by the Respondents:**

a. Despite prior notice, Mr. Muhammad Tariq Shafi and Respondents (No. 1, 6, 7 & 8) failed to provide any additional document/ record or evidence before the JIT to substantiate their stated position on Gulf Steel Mills. Following documents/ records (only photocopies are provided to JIT), attached with two Affidavits of Mr. Tariq Shafi (CMA 7531 and CMA 432), are basis of the defence of Respondents about Gulf Steel Mills:-

(1) License for establishment of Gulf Steel Mills

(2) Share Sale Agreement 1978

(3) Share Sale Agreement 1980

(4) LC for transportation of scrap machinery of Gulf Steel Mills from Dubai to Jeddah for Azizia Steel Mills.

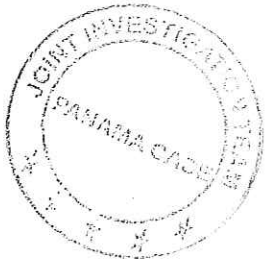
b. Mr. Tariq Shafi, Mian Muhammad Nawaz Sharif (Respondent No. 1), Mr. Hussain Nawaz Sharif (Respondent No. 7) and Mr. Hassan Nawaz Sharif

(Respondent No. 8) failed to provide any additional evidence/proof about ownership and financial status of the Mills to substantiate their stated position.

c. This non-provision of asked corroborative documents/ record and refusal to give "Data Disclosure Consent" to the JIT corroborate the fact that they were consciously veiling the evidence and possibility of its access by JIT, which they were otherwise required to produce before the JIT in the light of Articles 117, 119 & 129 of Qanoon-e-Shahadat 1984 and Section-9(a)(5) of National Accountability Ordinance 1999.

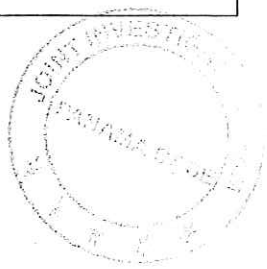
6. **Unreliability of Two Affidavits of Mr. Tariq Shafi, Produced by Respondent No. 7 and ratified by Respondents No, 1, 6 & 8**: The defense of Respondents No. 1, 6, 7 and 8 about seed money (12 Million Dirhams) for their businesses and properties (especially Avenfield Apartments) hinges upon the Affidavits (including attached documents) submitted by Mr. Muhammad Tariq Shafi. Therefore, the statement of Mr. Tariq Shafi (sole witness from the side of the Respondents) was cross-analyzed with the statement given by Mian Nawaz Sharif, Mian Shahbaz Sharif, Mr. Hussain Nawaz Sharif and Mr. Hassan Nawaz Sharif etc, especially in respect of a specific question raised by Justice Ijaz Ehsan in the Court Judgment that whether Affidavits of Mr. Tariq Shafi can be relied upon as evidence? (paragraph xiv, page 461 of the Court Judgement). The findings of the JIT are as under:-

a. The Affidavits along with the Annexures of Tariq Shafi were drafted by Barrister Salman Akram Raja on behalf of Mr. Tariq Shafi. The witness has not read or understood the Affidavit before signing, hence, has failed to justify contents of these Affidavits while attributing the anomalies to his lawyer. The JIT finds that these documents are factually incorrect, speculative, tampered and misleading, hence cannot be relied upon.



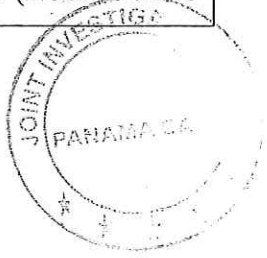
b. The witness was asked to read both Affidavits and to clarify his position on each issue. The anomalies and contradictions as identified in the Affidavits vis-à-vis Mr. Tariq Shafi's statements are as under:-

| Serial | Excerpts from Affidavits | JIT observations / contradictions |
|---|---|---|
| **Affidavit dated November 12th, 2016 (CMA 7531)** | | |
| (1) | **Paragraph 3**:<br>…….During this period, Late Mian Muhammad Sharif decided to establish, in partnership with one Muhammad Hussain, a company in Dubai,…….. under the name and style of Gulf Steel Mills (the Company)…….. | • He repeatedly stated that Mian Sharif was the sole owner of Gulf Steel Mills, which was established by acquiring 100% loan without any equity/ collateral on personal guarantee of Mr Muhammad Sharif.<br>• He repeatedly stated that he has never met Mr. Muhammad Hussain neither he has seen his signatures on any document of the Company including the "Application of the Trade License" and subsequent "Agreements".<br>• The available evidence/ documents do not indicate that profit/ liabilities of the Company were shared with Mr. Hussain.<br>• He failed to explain the role of |



| | | |
|---|---|---|
| | | Mr. Hussain in a business as a partner, which was running on 100% loan on personal guarantee of Mian Sharif.<br>• A word has been obliterated after the words "Gulf Steel Mills" which appears and about which the witness speculated it to be the word "Limited". This omission has serious implications on the limit of the liabilities of the Company referred to in subsequent agreements. |
| (2) | **Paragraph 4**:<br>In 1973, I was only 19 years old, and Late Mian Muhammad Sharif.....he gave my name, instead of his own, as a partner/shareholder in aforesaid business. | • He proceeded to Dubai in 1974 instead of 1973; he admitted it to be incorrect, terming it as a typographical error. Moreover, his age was not 19 years at the time, as stated.<br>• Contrary to his considered stance that Mian Sharif was the sole owner of this business, his assertion of being shareholder/partner is not in order. |
| (3) | **Paragraph 5**:<br>.....I signed this agreement being the ostensible owner to the | • He readily accepts himself to be *'Benamidar'* of only Mr. Muhammad Sharif. However, |

| | | |
|---|---|---|
| | extent of my Late Uncles' share in the Company. | he could not produce any evidence that could corroborate his assertion especially in the backdrop of Mr. Shahbaz Sharif's role in the management/ affairs of the Company (especially from 1978 to 1980) and mention of his name as authorized representative of Mr. Tariq Shafi in the sale agreement.<br>• He kept reiterating that it was a family business and Mian Sharif was head of the family. However, when confronted with his statement in the Affidavit, he altered his stance and stated that Mian Sharif was the sole owner while all other family members were employees of the Company.<br>• He could not explain the literal meaning of "ostensible owner" as well as "to the extent of my late Uncles' share", which substantiates the fact that either he did not read or understand contents of the Affidavit before signing or intentionally attempted to mislead the Honourable Court. |



| | | |
|---|---|---|
| | | • As the meanings were explained by JIT, he retracted to his initial position that Mr. Muhammad Sharif was the sole owner of the Company.<br>• He apprised that his lawyer, Barrister Salman Akram Raja, on his instruction drafted the Affidavit, but he only cursorily reviewed the document prior to signing it as he trusts his lawyer. |
| (4) | **Paragraph 6**:<br>Sometime after the establishment of the Company and commencement of its steel business, Mr. Muhammad Hussain, one of the partners of the Company expired, and pursuant to a cession letter by all his legal heirs, the entire business of the Company came to vest, along with all its obligations/ guarantees, in my name. | • He reiterated that Mian Sharif was the sole owner of the business and he neither knows nor has ever met Mr. Muhammad Hussain.<br>• He stated that Mr. Muhammad Hussain was the brother-in-law of Mian Sharif's wife (Mian Sharif's *humzulf*). However, he denied knowing Mr. Hussain or his family but subsequently mentioned the son of Mr. Hussain namely; Mr. Shahzad, who per his knowledge lives in Lahore. He claimed to have met Mr. Shahzad on a few occasions at family events but did not |

| | | |
|---|---|---|
| | | possess his contact details.<br>• He could not confirm the date of Mr Hussain's death indicating that Mr Hussain's status as partner was limited to his name on the documents and he was also a *Benamidar* for Mian Muhammad Sharif.<br>• He stated that he did not obtain the 'cession letter' from the family of Mr. Muhammad Hussain and had not personally confirmed the veracity of the contents of the 'cession letter' when it was provided to him by Mian Sharif.<br>• He failed to produce a copy of the 'cession letter' and could not elaborate the timeframe/ date of its signing.<br>• He could not explain the expression "the entire business of the Company came to vest, along with all its obligations/ guarantees, in his name" which is another attempt to mislead the Honourable Court. |
| (5) | **Paragraph 7:**<br>....the steel mill factory was set up | • He failed to produce any documentary record/ evidence |

| | | |
|---|---|---|
| | from finances generated from loans obtained from Bank of Commerce and Credit International (BCCI) in Dubai. Thus, no amounts/ sums of money were transferred or remitted from Pakistan for the purpose of financing or running of business. | to substantiate that the factory was established on 100% loan without any collateral/ equity; the statement is otherwise against banking and accounting rules/ norms. It becomes even more doubtful as there was another partner namely; Mr. Hussain whose role in the partnership remains unexplained. It has not been explained as to how shares of the company were issued and subsequently transferred when the Company has 0% paid-up capital (equity).<br>• He stated that there is no cutting or overwriting or deletion of any word while signing the Affidavit which is otherwise quite apparent. He attempted to explain, by stating that this may have been done by his lawyer subsequent to his signing.<br>• He repeatedly stated that he was only looking after administrative matters of the factory while financial matters were exclusively supervised by Mian Sharif (from 1974 to |

| | | |
|---|---|---|
| | | 78) and occasionally by Mr. Shahbaz Sharif (from 1978 to 80) assisted by his Bengali accountant namely; Mr. Shafi Alam.<br>• When confronted on the basis for making the emphatic assertion that no funds were transferred from Pakistan, especially in view of his young age and his own repeated claims that he had no knowledge of the financial dealings of Mian Sharif and his partner Mr. Hussain with the bank, he could not explain his position. He confessed that the facts have been wrongfully stated in the Affidavit regarding denial of transfer of funds from Pakistan, as he had no knowledge or access to related record/ information related to transfer of funds from Pakistan. |
| (6) | **Paragraph 8**:<br>In the year 1978, Late Mian Muhammad Sharif decided to sell off 75% of the shares of this | • The word "banks" implies that the loan was acquired from more than one bank (BCCI and possibly UBM due to |

| (7) | **Paragraph 9**:<br>…. With the execution of tri-partite agreement, it was agreed that the business of the factory henceforth will be run in the name of "Ahli Steel Mills Company", and that the capital of the new Company will be 28,500,000 Dirhams of which Mr. Abdallah Kayd Ahli will subscribe 75% share while remaining 25% of this capital, in the form of remaining part of the Company, would be treated as contributed by myself……<br>In pursuance thereof, afresh partnership agreement was executed which was signed by Mr. Abdallah Kaid Ahli and myself. | • He narrates the financial details (in UAE Dirhams) of the Company, which he himself stated that he was not privy to.<br>• Summary of transactions is given in subsequent paragraphs reflecting that there was a balance deficit to be settled by Tariq Shafi after payment to BCCI - AED 14,648,899.91. |
| (8) | **Paragraph 10**:<br>Thereafter, in the year 1980, Late Mian Muhammad Sharif decided to disengage himself from his steel business in Dubai and, as desired by him, an agreement was signed between Mr. Mohd Abdullah Kayed Ahli and myself on 14-04-1980, | • Ministry of Justice, Government of UAE has certified that Share Sale Agreement 1980 does not exist. Therefore, it is proved beyond doubt that story about sale proceeds worth 12 million Dirham is false and fabricated; |

| | | |

| | whereby remaining shares standing in my name but owned by my Late Uncle were sold to Mr. Mohd Abdullah Kayed Ahli against a total consideration of Dh. 12 million. | it is just a myth and not a reality.<br>• He stated that in 1978, Mian Sharif shifted to Lahore and retook the control of Ittefaq Group of Industries.<br>• From 1978 to 1980, the steel market in Dubai was in boom and the Company was earning good profit. However, following questions remained unanswered:-<br>o Why was the Company sold when it was earning good profits?<br>o Why he, in almost every paragraph, of his Affidavit, exclusively writes "as desired/instructed/directed by Mian Sharif".<br>o From 1978 to 1980, he spent most of his time in Pakistan as Mr. Abdallah Ahli took charge of the Company. However, he did not file any tax return/ wealth tax return in Pakistan nor did he declare his assets owned in Dubai. When asked, he failed to produce any record/ |

| | | |

| | | document in this connection. |
| (9) | **Paragraph 11**:<br>As per terms of the said agreement, a sum of Dh. 12 million was to be paid by Mr. Mohd Abdullah Kayed Ahli over a period of 6 months, the first installment of Dh 2 million to be payable on 15-5-1980, and the remaining Dh. 10 Million to be paid in 5 equal installments of Dh. 2 Million each, beginning one month from the date of first installment. | • In terms of the share sale agreement dated April 14, 1980 it was agreed that the net consideration of AED 12 M would be payable in, six installments of AED 2 M each, over a period of six months. The agreement is silent whether this consideration would be paid in cash or through normal banking channels. However, as stated in para 4 of the said agreement the entire payment of AED 12 M was to be secured against a bank guarantee issued by Union Bank of Middle East on behalf of Mr. Ahli in favor of Mr. Tariq Shafi.<br>• In his statement before the JIT, Mr. Tariq Shafi stated that he received the entire consideration of AED 12 million in six installments of AED 2 million each in cash from Mr. Ahli. He further added that no receipt was made out for these |

| | | |
|---|---|---|
| | | transactions.<br>• The above assertion made by Mr. Tariq Shafi does not correspond with the norms of commercial transactions keeping in view the fact that the entire sale consideration was to be secured against a bank guarantee mentioned in para 4 and the consequent actions mentioned in paras 7, 8, and 9 of the April 14, 1980 agreement. The main reason being the fact that the banking issuing the guarantee would require or insist upon some form of documentation in discharge of its obligations covered under the terms of guarantee.<br>• When this anomaly was pointed out to Mr. Tariq Shafi he shifted his stance by stating that no bank guarantee was arranged by Mr. Ahli and therefore the said agreement could not be acted upon. He further stated that consequently another agreement was signed between the parties wherein it |

| | | |
|---|---|---|
| | | was agreed that Mr. Ahli would be making six monthly installments of AED 2 M each in cash. He was asked to provide a copy of this agreement the following day but submitted a copy of the same agreement already produced in the Court earlier. |
| (10) | **Paragraph 12**:<br>…….. As regards the payment of Dh. 12 Million, the same was duly received by me and applied as per the instructions of Late Mian Muhammad Sharif. | • He does not clarify whether the payment was received in cash and its further disposal.<br>• Ostensibly, above details were consciously kept vague to leave room for any subsequent change in stated position.<br>• Subject Affidavit was signed by Mr. Tariq Shafi on 12 November 2016; about a week after Mr. Al-Thani filed his Affidavit claiming to have received<br>12 million Dirham from Mr. Tariq Shafi in 1980. Interestingly, Mr. Tariq Shafi's Affidavit makes no mention of Qatari Prince (Mr. Al-Thani) or cash payment to him. This in retrospect, it is fair to conclude that Qatari |

| (11) | **Date and Signatures of Deponent**: The Affidavit was signed on 12th day of November, 2016 by Mr Muhammad Tariq Shafi. | • His signature on the Affidavit are entirely different from his signatures on most of the Company documents including tri-partite agreements, deposited 'voluntarily' by him along with his Affidavit. This *per se* undermines the credibility of the Affidavit.<br>• Whereas signature block of Mr. Shahbaz Sharif, as authorized representative of Mr. Tariq Shafi, is provided on the agreement documents yet it bears the signatures of Tariq Shafi. |

He failed to produce any record/ receipt showing transfer of money from Mr. Ahli to him or from him to Al Thani. He claims that all payments were made |

7. **Authenticity of Documents Attached with Two Affidavits of Mr. Tariq Shafi:**

a. **Feedback of Ministry of Justice, UAE on MLA Requests:**

(1) In response to JIT's MLA, the Ministry of Justice, Government of UAE, after having scrutinized held record about Gulf Steel Mills have certified following facts vide their letter no. INA 68/2017 dated 28 Jun 2017 (certified true copy of letter is attached as ***Annexure C***):-

(a) There is case no 12/94 civil, the plaintiff/ BCCI – UAE, the defendants/ Muhammad Shafi Bin Mayan Muhammad Shafi executed against, whereas the court sentenced to oblige the defendants/ Muhammad Tariq Shafi as the owner of Al Omran

JOINT INVESTIGATION TEAM PANAMA CASES

Commercial; est, to pay an amount of AED 9.733.980.80 (nine million, seven hundreds and thirty two thousands, nine hundred and eight, eighty five) and interest of 9 percent from 2/2/1994 till the full payment and fees, and an amount of AED 500 for the lawyer fees and fix the attachment no. 340/94 9 date of sentence 15/8/2013.

(b) That share sale 25% agreement of 1980 of Ahli Steel Mills (erstwhile Gulf Steel Mills) dated on 14/4/1980 according to your request does not exist.

(c) That no transaction worth AED 12,000,000 (twelve million) as sale proceeds of 25% shares of Ahli Steel Mills (erstwhile Gulf Steel Mills) ever took place in name of Mr. Muhammad Tariq Shafi.

(d) That no record could be found which indicate that notarization of this document was done by Notary Public of Dubai Courts on 30/5/2016.

(e) After checking the Dubai Customs, it seemed that there wasn't any scrap machinery transported from Dubai to Jeddah in 2001-2002.

(2) **Conclusion**: The letter by the Ministry of Justice, Government of UAE, proves beyond doubt that the documents/ record produced by Respondents regarding 25% share sale agreement are unauthentic, unverified and, fake/ fabricated. Furthermore, attached Share Sales Agreement 1980 and LC for claimed transportation of scrap machinery from Dubai to Jeddah are fictitious. The only evidence produced by the defendants to support their contention that there were 12 million dirham, as sale proceed of the 25% shares, available for investment, has not been authenticated by the UAE

authorites. Resultantly there exists not a single document to provide the basis for any money trail for the purchase of Avenfield properties and businesses of sons of the Respondent no 1. Hence the documents produced are fabricated/ fake.

b. **JIT's Observations on Authenticity of Documents based on the Statements of Respondents and Mr. Tariq Shafi**: Although there is no requirement to discuss the documents provided by the Respondents with regards to Gulf Steel Mills in the wake of the MLA received, yet the dichotomies in statements alone are enough to undermine the credibility/ authenticity of the documents produced and negate the narrative developed around Gulf Steel Mills:-

(1) Following inconsistencies/ contradictions in statements of Mr. Tariq Shafi and Mr. Hussain Nawaz Sharif with reference to visit to Dubai for procurement/ notarisation/ attestation of provided documents by Notary Public Dubai and Pakistan Consulate Dubai seriously undermine the procedure (if any) adopted for notarization and attestation:-

(a) Neither did Mr. Tariq Shafi see the original documents nor did he have these notarised/ certified from Notary Public Dubai/ Pakistan Consulate, Dubai.

(b) Mr. Tariq Shafi stated that the documents were obtained by Mr. Hussain Nawaz Sharif who produced these documents as his defence. Mr. Hussain Nawaz Sharif, when asked for confirmation, plainly declined to confirm or name the individual, if any, who got these notarized/ certified. Hence, the notarization of the documents through legal means is questionable.

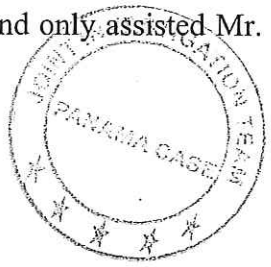
(c) Mr. Tariq Shafi stated that Mr. Hussain Nawaz Sharif accompanied him to Dubai in May/ June 2016 when they met Mr. Abdullah Kayed Ahli. Mr. Hussain Nawaz Sharif denied to have visited Dubai for purpose of notarization/ attestations.

(d) Mr. Tariq Shafi and Mr. Hussain Nawaz Sharif stated that they never visited Pakistan Consulate Dubai for attestation of said documents therefore, the process becomes questionable.

(e) Mr. Tariq Shafi stated that Mr. Hussain Nawaz Sharif did not know Mr. Ahli while Mr. Hussain Nawaz Sharif stated that they know each other.

(2) The permission letter (***Annexure D***) granted by the Government of Dubai is issued in favour of Mr. Tariq Shafi and Mr. Muhammad Hussain as partners/ shareholders of Gulf Steel Mills Limited as against the claims of Mr. Tariq Shafi about Mian Muhammad Sharif being the sole owner. The submitted document is neither attested nor notarized. The permission letter has been issued on April 28, 1974 whereas Mr. Tariq Shafi declared that he had not signed any application before June 1974, implying that the application for issuance of this letter was either signed by someone else or statement of Mr. Tariq Shafi is false.

(3) Professional License by Dubai Municipality (***Annexure E***) is also attested by Consular Attaché of Pakistan Consulate, Dubai (only signatures have been attested). However, Mr. Tariq Shafi stated that he never visited the Consulate for the purpose. Furthermore, he stated that he visited Dubai towards the end of May/ early June 2016 and it took between 1-2 weeks



for verification of these from the Notary Public, Dubai. The Pakistani Consulate attested the document on 30 May 2016, indicating that he visited Dubai, at the earliest, in the first or second week of May 2016. Travel Record of Mr Tariq Shafi is attached (***Annexure F***).

(4) Paragraph 3 of the Approval Letter by the Government of Dubai (***Annexure G***) shows that "the Government of Dubai shall be entitled to 10% of net profits of the project to be paid yearly according to the accounts audited by a recognized auditor". Mr. Tariq Shafi could not produce any record/ document in this regard especially during the claimed boom period (from 1978 to 1980). Furthermore, the document is neither certified by the Notary Public, Dubai nor signatures of the Ruler of Dubai (page 14) are legible.

(5) The Share Sale Contract 1978 (***Annexure H***) is the first document which contains details of the sale of 75% shares by Mr. Tariq Shafi to Mr. Abduallah Ahli. Page 2 of the document states "since the said share is registered in the name of second party and his partner Mr. Mohammad Hussain". It further enumerates the names of heirs of Muhammad Hussain (son Shahzad Hussain, widow and minors), who have signed a 'cession letter'. These are contrary to the statement of Mr. Tariq Shafi, who time and again, stated before the JIT that he never met Mr. Muhammad Hussain/ his heirs nor did he ever see the name or signature of Mr. Muhammad Hussain on any official document at the time of establishment of Gulf Steel Mill. Copy of cession letter was attached with original document but the same has not been provided by him as an annexure.

(6) It is worth noting that according to Mr Tariq Shafi, Mr Shahbaz Sharif was actively involved in the affairs of Gulf steel Mills especially from 1978 to 1980. Mr Shahbaz Sharif however distanced himself and stated that he did not play any role in functioning of Gulf Steel Mills and only assisted Mr.

Tariq Shafi on direction of Mian Muhammad Sharif with reference to preparation of Shares Sale Agreement in 1980 (***Annexure I***). He did not verify his signatures (in Urdu) on Shares Sale Agreement of 1978 or being witness in subject deed. This further dilutes the credibility/ authenticity of this document produced on behalf of Mr. Tariq Shafi by Respondent No. 7. Similarly, although he acknowledged that his name was shown as "authorized representative of Tariq Shafi" in the opening statement as well as the signature block at the end of the 1980 sale agreement, he was quick to point out that he had not signed this document or had executed this sale. This, too, is inconsistent to the statement made by Mr. Tariq Shafi according to whom the sale was executed by Mr. Shahbaz Sharif on the direction of Mian Muhammad Sharif as his representative. It would seem that both Mr Tariq Shafi and Mr Shahbaz Sharif wanted to steer away from the issue of sale of gulf steel.

(7) Mr. Tariq Shafi was made to verify/ certify each page of documents/ record, attached with his under reference Affidavit. He verified all the documents, less signatures on agreement of 1980. The assertion by Mr. Tariq Shafi that he has problem with his signatures proved a lie as he signed over 50 pages before the JIT without any difference/ variation/ discrepancy. Furthermore, his denial to certify 'signatures' on the provided documents with his Affidavits and expressed uncertainty about correctness of 'signatures on the documents' indicates that someone else has been signing these documents of Gulf Steel Mills on behalf of Mr. Tariq Shafi.

8. **Cash Payment by Mr. Tariq Shafi to Qatari Prince during 1980**:

a. The letter by the Ministry of Justice, Government of UAE, after having verified the record of State Bank of UAE (***Annexure C***) certified that "The only evidence produced by the defendants to support their contention that there was 12 million

dirham, as sale proceed of the 25% shares, available for investment in cash and 25% share sale agreement, have not been authenticated by the UAE authorities. Resultantly there exists not a single document to provide the basis for any money trail for the purchase of Avenfield properties and businesses of sons of the Respondent no 1. Moreover the statement of Mr. Tariq Shafi regarding receipt of the claimed cash received from Mr. Ahli and delivery of same to representatives of Mr. Thani is in stark contradiction to the one filed in Honourable Supreme Court in his Affidavit".

b. The statement of Mr. Tariq Shafi and his Affidavits; letters of the Mr. Al-Thani; and the Sale Agreement of Gulf Steel Mills produced by the Respondent are inconsistent with each other. The documentary and circumstantial evidence, when examined with provided record/ evidence, do not indicate any cash payment to Mr. Tariq Shafi by Mr. Ahli on account of sale of remaining 25% shares of Gulf Steel Mills in 1980.

(1) Accordingly, payment of 12 million Dirhams cash to Mr. Fahad Bin Jassim Bin Jaber Al Thani, which is claimed to be the source money for setting up the various businesses and ultimate ownership of Avenfield Apartments of the Sharif family, becomes a myth and not a reality.

(2) Furthermore, against the 12 million Dirhams received on account of sale of remaining 25% shares of Gulf Steel Mills (if any), there were liabilities to the tune of 14 Million Dirhams; hence, it is not plausible that this sum was transferred to Mr. Al-Thani for investment in Real Estate.

c. **Conclusion:** The inconsistencies in statements of witnesses when reviewed against available documentary evidence, definitively indicates that Mr. Tariq Shafi neither received 12 million Dirham from Mr. Ahli as sale proceeds of remaining 25% shares of Ahli Steel Mills (erstwhile Gulf Steel Mills) nor did he

hand over this claimed amount to Mr. Al-Thani during 1980. He in fact tried to mislead the Honourable Supreme Court.

8. **Stance of Mian Nawaz Sharif about Gulf Steel Mills and its Proceeds**: Mian Nawaz Sharif was visibly evasive about most of the questions related to Gulf Steel Mills. Despite repeated questions, he stated that neither does he know Mr. Muhammad Hussain nor his partnership in Gulf Steel Mills, which is unlikely. After two and half hours of the interview, he admitted only to the extent of knowing Mr. Muhammad Hussain, as his uncle (Khaloo). His stance on various occasions about Gulf Steel Mills was as under:-

a. **Address in National Assembly (16 May 2016)**

(1) Our father reached Dubai for the purpose of business and established a factory with the name of Gulf Steel comprising of 10 lac square feet of area.

(2) This factory, in 1980, was sold for 33.37 million Dirhams or for 9 million Dollars.

b. **Statement before the JIT**

(1) The Gulf steel Mill was setup mainly from loans.

(2) I have neither owned nor held any beneficial interest in Gulf Steel Mills. I was also never involved in the running or operation of any of the foreign companies.

(3) I do not want to discuss the details of the sale proceeds of Gulf steel as they were best known to my father. All I know is that they were used for the businesses set up outside Pakistan later.

(4) I cannot however say when was the sale proceed of Gulf steel handed over to Al-Thani family; whether immediately after the sale or later on.

c. **Conclusion**: Mian Nawaz Sharif's statement that this factory (Gulf Steel Mills), in 1980 was sold for 33.37 million Dirhams or for 9 million Dollars cannot be corroborated..

9. **Ownership (*Benami*) Status of Gulf Steel Mills**:

a. The question as to why Mr. Tariq Shafi and Mr. Muhammed Hussain (partners in Gulf Steel Mills Limited) were chosen, as ostensible owners of Gulf Steel Mills, has been answered differently by various witnesses.

b. As far as Tariq Shafi is concerned, the reason has ranged from affection of Mian Muhammad Sharif towards Mr. Tariq Shafi to consideration and care for the extended family etc. As far as Mr. Muhammad Hussain is concerned both Mr. Tariq Shafi and Mian Shahbaz Sharif have cited his British citizenship as the main reason for being a partner. Although both of them have not been able to provide the exact advantage likely to accrue from his being a British citizen, it seems that this arrangement might have been orchestrated to sever the link with Pakistan.

c. In his statement Mian Nawaz Sharif explained, at length, that Sharifs are well-knit, closely associated and a deeply interdependent monolithic family. Mian Sharif had been head of family, who solely decided about the shares of various family members in the businesses, and the entire family used to be the beneficiary. This is in line with the stated position of Mr. Tariq Shafi about Gulf Steel Mills as well. Therefore, it is fair to conclude that Gulf Steel Mills was also a family venture for the benefit of the whole family.

d. At the time of nationalization, stringent regulations were put in place like The Foreign Assets' (Declaration) Regulation, 1972 issued on 10th January, 1972. The section 7 of the regulation states that "Any person who in contravention of any law for the time being in force in Pakistan acquires or attempts to acquire any movable or immovable property in a country other than Pakistan after the commencement of this Regulation shall be punished with transportation for life and also with confiscation either of the whole or any part of his property in Pakistan."

e. It is in this perspective that the role of the two ostensible owners and partners can be better understood. Thus, it can be inferred that nomination of a *Benamidar* owner (an orphan aged 18 years, and a foreign national) was to distance himself and his immediate family members from prosecution under the above-mentioned Regulation.

f. Notwithstanding the merit of the case, the irony is that this regulation is still effective, albeit almost forgotten, but still included in the list of the scheduled offences of FIA Act 1974. Perhaps it is time that this superfluous regulation is repealed and taken off the schedule of FIA.

10. **Transfer of Scrap Machinery of Erstwhile Gulf Steel Mills from Dubai to Jeddah for Azizia Steel Mills in 2001**:

a. The letter of Ministry of Justice, Government of UAE proves that scrap machinery of Ahli Steel Mills (erstwhile Gulf Steel Mills) was never transported from Dubai to Jeddah.

b. The statement of Mr. Hussain Nawaz Sharif is inconsistent with LC attached with Affidavits of Mr. Tariq Shafi. Mr. Hussain Nawaz Sharif stated the scrap machinery of erstwhile Gulf Steel Mills was transported from Dubai to Jeddah for

Azizia Steel Mills in approximately 50 trucks. Contrarily, LC indicates that said machinery was transported in only two trucks.

c. **Conclusion**: Respondents have misstated about transportation of scrap machinery of Ahli Steel Mills (erstwhile Gulf Steel Mills) from Dubai to Jeddah. This also challenges their stated position about the establishment of Azizia.

11. **Decree of Dubai Court against Mr. Tariq Shafi;**

a. **Decree against Mr. Tariq Shafi**:

(1) In December 1994, Dubai Court passed a decree (copy is attached as ***Annexure J***) against Mr. Tariq Shafi for defaulting loans of BCCI. The court decided that the respondents would pay an amount of AED 11,014,297. Brief detail of the case is as under:-

(a) In Feb 1989, Mr. Tariq Shafi requested BCCI for Personal loan of AED 4 Million dirham and signed letter of Credit for 889,000 German Franks on behalf of Truth Shailer. On his request, loan of AED 6,917,421 was granted and Letter of Credit amounting AED 2,816,558.

(b) Mr. Tariq Shafi and Imran Trade Organization defaulted in returning loan to the bank. Advocate agencies Zaid Galdari & Associates on behalf of BCCI filed a petition in court against Mr. Tariq Shafi & Imran Trading in Dubai court for implementation. Mr. Tariq Shafi according to his statement was working for Mian Shafi who had asked him to apply for the loan. The machinery

reached Pakistan for Ittefaq group but LC but payment to Tariq Shafi was not made. This was because a dispute had started between the families over the businesses. When Tariq Shafi contacted Mian Shafi, the later told him that this transaction would be settled when the family settlement will take place.

(c) Bank of Credit & Commerce Luxemburg UAE (Abu Dhabi) requested the court to freeze all the accounts of Respondents. The Dubai Court placed name of Mr. Tariq Shafi on ECL and also order for attachment of his property.

(2) **Filing of Case against Mr. Tariq Shafi in Lahore High Court**: Government of Dubai filed a case in Lahore High Court against Mr. Tariq Shafi for defaulting bank loans. Later, Lahore High Court issued a "Stay Order" on the case.

(3) **Settlement of Liabilities**: BCCI petitioner requested the Dubai Court for stopping of implementation order of the case against Mr. Tariq Shafi and Imran Trading Organization in July 2012. Dubai Government requested the same from Dubai Court. Request of Dubai Government was approved with the file closure in August 2013.

b. **Findings of JIT**:

(1) As per banking rules, BCCI would not have given loan to Mr. Tariq Shafi until he cleared liabilities of erstwhile Gulf Steel Mills. Confronted with this evidence he accepted that he would not have been given loan if there had been liabilities against Gulf steel which he ostensibly owned. He however still did not disclose how the liabilities were cleared

(2) He failed to provide any evidence or money trail about equity related to his business. Therefore, it is fair to conclude that this new business might involve some part of sale proceeds of erstwhile Gulf Steel Mills.

(3) The settlement of loans by Dubai Court on the request of BCCI in August 2013, without any request or effort by Mr. Tariq Shafi, took place after assumption of power by Mian Muhammad Nawaz Sharif as the Prime Minister of Pakistan. This also coincided with the settlement between the Sharif and the Shafi family.

**Specific Answers of Questions Raised by Honourable Bench based on JIT's Findings**

12. **How Gulf Steel Mills came into being?** The respondents through the affidavits of Tariq Shafi claimed that the Gulf steel was established with zero equity and 100 % loan, a position that is not plausible. The underlying question is whether there was any money taken out of Pakistan to be used as equity in this business. The respondents were asked time and again to produce any document to support their contention that the business was started with 100 % loan. They did not however produce any document which they were required to produce before the JIT in the light of Articles 117, 119 & 129 of Qanoon-e-Shahadat 1984 and Section-9(a)(5) of National Accountability Ordinance 1999.

13. **What led to its sale?**

a. **Stated Position of Mr. Tariq Shafi and Respondents**: Mr. Tariq Shafi and Respondents claimed that the Gulf Steel Mills was sold as business situation in Pakistan improved and Mian Muhammad Sharif reassumed the possession of his businesses in Pakistan (especially Ittefaq Foundry), which were earlier nationalized.

b. **Findings of the JIT**: The Gulf Steel Mills remained in loss since its establishment/ incorporation. Therefore, the shares in Gulf Steel Mills were sold:

(1) to clear the liabilities; liabilities of 21 million Dirham settled in 1978 while remaining liabilities of 14 million Dirham were ostensibly settled between 1978 to 1986 after 25% share sale of erstwhile Gulf Steel Mills.

(2) To focus on refurbishing the business in Pakistan, Ittefaq Foundry which was denationalized or invest in some new business in UAE.

14. **What Happened to its liabilities?**

a. **Detail of Liabilities**: The sale agreement with Mr. Kayed Ahli in 1978 placed the responsibilities of clearing all the liabilities including the electricity bills on the first party i.e Mr. Tariq Shafi, acting on behalf of Mian Sharif. The question arises, that if the AED 12 million were handed over to Mr. Fahad Al-Thani, how were the liabilities cleared which ran into millions of Dirhams? A table highlighting the liabilities is as below (detailed calculation at *Annexure K*):

| | |
|---|---|
| Total Liability of Gulf Steel Mills on the date of Share Sale Contract (1978)- see page 35 of CMA | 36,023,899.91 |
| Amount settled by Mr. Abdallah Kaid Ahli | 21,375,000.00 |
| Balance Deficit to be settled by M Tariq Shafi after payment to BCCI by Buyer of 21,375,000 being 75 % share | 14,648,899.91 |
| Net Consideration received under agreement dated 14.4.1980 for balance 25 % Shares | 12,000,000.00 |

| | |
|---|---|
| **Balance Deficit of Gulf Steel** | **(2,648,899.91)** |

b. **Stance of Mr. Tariq Shafi:**

(1) The liabilities calculated as per the sale agreements stand to the tune of AED 14.65 million (refer to Table at *Annexure K*). There is an evident mismatch between the liabilities of the Company and the position assumed by Mr. Tariq Shafi pertaining to the sale value of the Company i.e., AED 12 million in 1980.

(2) Moreover, Mr. Tariq Shafi stated that this amount was not utilized for clearing the outstanding liabilities, leaving the question as to how these were cleared as Mian Sharif did not have any other overseas business at that time? Mr. Tariq Shafi, in response to this query, mentioned that between 1978 and 1980 Ahli Steel Mills generated a profit of AED 5 million against his shares (25%) - the mismatch with the liabilities remains unexplained.

(3) He admitted that he obtained loans from BCCI on his name (4 million Dirham) and on name of Al-Imran Trade Organization in 1987-88. These loans were also obtained on instructions of Mian Muhammad Sharif. As per banking rules, BCCI would not have given loan to Mr. Tariq Shafi until he cleared liabilities of erstwhile Gulf Steel Mills. Confronted with this evidence he accepted that he would not have been given loan if there had been liabilities against Gulf steel which he ostensibly owned. He however still did not disclose how the liabilities were cleared.

(4) The fact that the liabilities were promptly cleared is also evident from the fact that Tariq Shafi was put on ECL and warrants were issued against him

JOINT INVESTIGATION TEAM PANAMA CASE

when he defaulted in 1989. It is therefore clear that he would not have been able to work in Dubai if the liabilities of gulf steel, which he ostensibly owned, were not cleared in time.

c. **Stance of Mian Muhammad Shahbaz Sharif**:

(1) He stated that Mr. Tariq Shafi was the owner and beneficiary of Gulf Steel Mills, hence responsible for clearing of liabilities as well. This statement is explicitly inconsistent with the statements of Mr. Tariq Shafi, Mian Muhammad Nawaz Sharif and Mr. Hussain Nawaz Sharif, filed in the Court and recorded before the JIT, who stated that Mian Sharif was the beneficiary.

(2) When asked about the settlement of liabilities of Gulf Steel Mills, he declined to have any knowledge vis-à-vis their settlement. It is not logical that while he admits to have assisted Mr. Tariq Shafi in preparation of the Shares Sale Agreement (1980) yet he remained oblivious about liabilities and their settlement. Prima facie, he tried to conceal facts by denying knowledge about liabilities.

(3) He stated that it was not character of his father Mian Muhammad Sharif to start another business without clearing liabilities of old business.

d. **Conclusion by JIT**: It can be fairly concluded that liabilities of Gulf Steel Mills were cleared between 1978 to 1986, without which Mr. Tariq Shafi could not have obtained a new loan from BCCI. The fact that he started a new business in Dubai in 1981-82 is also indicative that the liabilities were cleared otherwise he would face proceedings similar to the ones he faced in 1990s. The JIT envisage following possibilities with reference to settlement of liabilities of Gulf Steel Mills by Mian Muhammad Sharif;

(1) **Possibility-1**: The liabilities (approximately 14 million Dirham in 1980) might have been settled through share sale proceeds (if any) of Ahli Steel Mills (erstwhile Gulf Steel Mills) in 80s.

(2) **Possibility-2**: Part of liabilities of Gulf Steel Mills was settled by portion of sale proceeds of 25% of Ahli Steel Mills (erstwhile Gulf Steel Mills).

(3) **Possibility-3**: Liabilities were settled by Mian Sharif through undeclared wealth, transferred illegally from Pakistan to Dubai during 80s.

15. **Where did its sale proceeds end up?**

a. 75% share sale proceeds (21 million Dirham) of Gulf Steel Mills were used by Mian Muhammad Sharif/ Mr. Tariq Shafi to settle part of liabilities in 1978.

b. Remaining 25% shares of Ahli Steel Mills (erstwhile Gulf Steel Mills) belonging to Sharif family were ostensibly sold between 1978 to 1986, and were used

(1) to clear remaining liabilities (14 million Dirhams).

(2) to invest in new business in Dubai, owned by Mian Muhammad Sharif and operated by Mr. Tariq Shafi from 1980-81 to 1994. Mr. Tariq Shafi later defaulted the loans obtained by him for this business.

16. **How did they reach Jeddah, Qatar and UK?**

a. The UAE government in response to the MLA sent by the JIT has not verified the sale document of 25 % shares of gulf steel. This is the only document that the respondents have relied upon to explain the money trail for investment in Qatar, which in turn provided money for businesses and properties in Jeddah and UK.

JOINT INVESTIGATION TEAM
PANAMA CASE

The respondents were asked to produce any documents to support their contention but did not do so despite the fact that they were required to produce this evidence before the JIT in the light of Articles 117, 119 & 129 of Qanoon-e-Shahadat 1984 and Section-9(a)(5) of National Accountability Ordinance 1999.

b. The clearance of liabilities of gulf steel as explained in the section above would have in any case wiped out almost all of the claimed proceeds of sale of gulf steel and therefore there was no money available to be invested in any case.

**Conclusive Findings by the JIT**

17. In view of the above, conclusive findings of the JIT are;

a. that Gulf Steel Mills was a family business; Mr. Tariq Shafi and Mr. Muhammad Hussain were the *Benami* owners, while Mian Muhammad Sharif was the actual owner, being head of the family. Mian Muhammad Sharif used the two *Benamidars* (an orphan aged 18 years, and a foreign national) presumably to distance himself and his immediate family members from prosecution under the Foreign Assets' (Declaration) Regulation, 1972 issued on 10th January, 1972;

b. that two Affidavits of Mr. Tariq Shafi, produced by Respondent No. 7 before the Honourable Supreme Court of Pakistan, are factually incorrect, speculative, tampered and misleading, hence cannot be relied upon;

c. As per information received from UAE Government, the Share Sale Agreement 1980 produced by the Respondents under an Affidavit in the Honorable Supreme Court of Pakistan, does not exist, hence the attached copy (*Annexure-I*) is unauthentic, fictitious, and fabricated. The notarization of the said document has also been proved to be fictitious and illegal;

d. that stated position of Respondents and Mr. Tariq Shafi about Gulf Steel Mills and proceeds thereto (12 million Dirham) is false, fabricated, inconsistent and factually incorrect, hence cannot be relied upon;

e. that Mian Muhammad Nawaz Sharif, during his address to the nation, stated that in 1980 this factory (Gulf Steel Mills) was sold for AED 33.37 million (US$ 9 million). This is not consistent with either the documents/ record provided by the Respondents themselves or the findings of the JIT;

f. that Mr. Tariq Shafi neither received AED 12 million from Mr. Ahli as sale proceeds of remaining 25% shares of Ahli Steel Mills (erstwhile Gulf Steel Mills) nor did he hand over this claimed amount to Mr. Al-Thani during 1980;

g. that Gulf Steel Mills had liabilities to the tune of AED 36.02 million; of these AED 21 million were cleared in 1978 while remaining AED 14 million were cleared after 1978, record or detail of which is not available;

h. that Mr. Tariq Shafi not only produced false and misleading affidavits in the Honorable Supreme Court but is also known to have a tainted reputation as he defaulted on loans of BCCI in 1987-88. Owing to his reputation and the fact that he remained an absconder from law and was placed on the exit control list by UAE authorities;

i. that Respondents have misstated about transportation of scrap machinery of erstwhile Gulf Steel to Jeddah. LC document of transportation of scrap machinery from Dubai to Jeddah is unauthentic and fictitious.

**Overall, the inconsistencies in the statements of Sharif family with reference to Gulf Steel Mills and the documents obtained from foreign jurisdiction by the JIT through Mutual legal Assistance legal conclusively prove that the story of**

**Respondents about Gulf Steel Mills is unauthentic, lacks substance and seems fabricated. The available and produced documents / record, circumstantial evidence and discrepancies / inconsistencies of Mr Tariq Shafi and Respondents also establish that the sale proceeds of Gulf Steel Mills *NEVER* reached Jeddah, Qatar or UK.**

JOINT INVESTIGATION TEAM PANAMA CASE

Excerpts of Statement of Mr. Tariq Shafi s/o Mian Shafi (Late)

(Recorded on May 16, 2017)

1. XXXXXXXXXXXX

2. In Dubai, Mian Sharif acquired a piece of land on rent-basis for establishment of a steel factory with the name and title of Gulf Steel Mills from the then Ruler Sheikh Rashid. I learned that Mian Sharif had managed to arrange a loan from BCCI on zero-equity basis, by providing personal guarantee as a sole security against the loan. I was in Pakistan at that time and was asked by Mian Sharif to sign a couple of documents, he also himself put my signatures on some documents while arranging for loan, trade licence and land acquisition. Mian Sharif arranged my visa for Dubai and I arrived at Dubai on 9 July, 1974. Prior to my arrival everything had already been arranged by my Uncle Mian Sharif.

3. The factory was established by Mian Sharif as sole owner using my name for documentation purposes. In fact, it was a family business and as Mian Sharif was head of the family so he could nominate anybody to run any of the family businesses. Additionally, many of the family members (Mian Bashir, Mian Iqbal Barkat, Mian Pervez Shafi and Mian Abbas Sharif) were part of this business. Later on I learned that one Mr. Hussain, brother-in-law of wife of Mian Sharif and his Humzulf was also shown as a partner, whom I had never seen or met. This arrangement was decided by Mian Sharif to which I never objected and simply complied with. All the loans/credit facilities were provided by the defunct BCCI being the sole bank of the company, without any collateral, solely on personal guarantee of Mian Sharif. Though it is correct that such loaning arrangement is not a banking norm and is considered an abnormal transaction but this is what I was informed by Mian Sharif and it is not in my knowledge how he arranged this loan without equity, as I was never associated with the financial matters of the company.

4. XXXXXXXXXXXX

5. The construction work of the Gulf Steel was started in 1974 and trial production started in 1976. However, it was in July 1977 that the factory was formally inaugurated by Sheikh Rashid, the Ruler of Dubai and the factory started its commercial production. Though I do not remember the exact dates but during that period, I was informed that Mr. Hussain, the other shareholder had died and in this regard I received a cession certificate from Pakistan purported to be given by the legal heirs of Mr. Hussain and I became the sole owner. I was unaware of the authenticity and contents of the said cession certificate and I did not personally meet any of the heirs to confirm the same. Again this arrangement was carried out by Mian Sharif as I have no clue as to what financial or any other arrangement was made between the heirs of Mr. Hussain and Mian Sharif. It is reiterated that I have never ever seen or met Mr. Hussain. I never saw his signature on any document of the company including the 'application of the trade license'.

6. In fact, all the financial matters were looked after by Mian Sharif himself and I was never made privy. I was receiving about AED 2,000 or so, as my personal expenses on a monthly basis. It is again added that I was only looking after the technical side and Mian Sharif never involved me in the financial issues of the factory which were totally managed by him. Though I signed some cheques of the factory but since I was the sole owner, on paper, hence, it was a legal requirement. I always signed the cheques on the instructions of Mian Sharif.

7. The major payments of higher amounts were always made through cheques. As far as my cash handling is concerned I usually handled cash of about AED 20,000. Only once do I recollect that I had gone to the bank and brought AED 60,000 and that is the maximum that I carried on my person at one time.

8. It is correct that I have no documentary evidence or proof which suggests that all the affairs of the Gulf Steel were managed by Mian Sharif and not by me. I was shown to be the owner in the documents of the factory, and therefore it can be said that I was the benamidar of Mian Sharif regarding Gulf Steel.

9. As I have stated earlier the Gulf Steel started its production in 1977, however, soon after the production started, steel business was badly affected by recession. The cost of electricity

provided to the factory also increased from Fils 7 to Fils 35 per unit. Due to these factors the cost of production increased from AED 80 to AED 300 per tonne. There was also a great fall in steel prices in the market as well. Since the factory was running in huge losses and was unable to repay the loans it acquired from the BCCI, it was decided to sell 75% of the shares of the factory to one Mr. Ahli, a local citizen of UAE.

10. In 1978, through a tri-partite agreement amongst Mr. Ahli, myself and BCCI, 75% shares were transferred to Mr. Ahli and payment of those shares were directly made to the bank and I did not receive a single Dirham from this transfer. It is correct that Gulf Steel was in total loss at the time with huge liabilities, the 75% of the shares of Gulf Steel were sold for a total consideration of about AED 21 million which as per agreement were paid directly by Mr. Ahli, the buyer, to the bank authorities. It is correct that even after the payment of aforementioned liabilities, still liabilities amounting to about AED 14 million remained outstanding against Gulf Steel, which as per agreement were our responsibilities to pay back and the buyer Mr. Ahli had no concern with it. No liability of Gulf Steel was transferred to Mr. Ahli who changed the name and style of Gulf Steel to Ahli Steel. However, I remained a shareholder of 25% of Ahli Steel after this arrangement/sale of Gulf Steel as per the agreement.

11. Immediately after the sale of our factory there was a boom in the steel market, the rates of electricity also were reduced and the factory became a profitable unit. However, since the management was with Mr. Ahli, therefore, I have no knowledge whatsoever regarding earnings of the factory, and the profitability, audits, profit/loss statements, board of directors or any other information relating to financial matters. As a matter of fact I came back to Pakistan in 1978 and went to Dubai only for a few trips for a few days. During that time Mian Sharif sahib had also came back to Pakistan. The affairs of the company were being looked after by Shafi Alam, a Bangladeshi. Mr Shahbaz Sharif occasionally went to Dubai to deal with the issues of Gulf steel. As per my knowledge during the boom period the factory made profits from which I calculate the share of Mian Sharif to be to the tune of AED 5 million in 2 years. It is also correct that after the sale Mr. Ahli held 75% of the shares of the factory. Though the factory was earning handsome profits in 1980 but Mian Sharif decided to sell the remaining 25% shares held by me and on his instructions I sold these shares to Mr. Ahli for a total consideration of AED 12 million

to be paid by Mr. Ahli to me in six equal installments. As per agreement, Mr. Ahli had to provide us with a bank guarantee to cover the payments of AED 12 million.

12. I do not know of any other business of Mian Sharif in the Middle East at that time. I do not know how the outstanding liabilities of Gulf Steel were settled by Mian Sharif.

13. After the sale of 25% of my shares I used to go to the office of Mr. Ahli to receive the payments of installments in cash, as and when directed by Mian Sharif. It is correct that the first agreement of sale of 25% shares is silent about the mode of payment but since there was some issue in the provision of bank guarantee by Mr. Ahli, I remember that another agreement of cash payment was signed between Mr. Ahli and myself, however, I do not possess a copy of this cash agreement with me.

14. On the instructions of Mian Sharif I used to receive the cash amount of AED 2 million each time from the office of Mr. Ahli, and carried it in a briefcase. I used to hand it over to the representatives of Mr. Fahad, a Qatari prince. On each occasion the representative of Mr. Fahad was a different person. All of them were total strangers to me and I had not seen them before the transaction were made nor have I seen them afterwards. I did not give a receipt for receiving the AED 2 million from Mr Ahli. Also I did not get a receipt from the representatives of Mr. Fahad. There were a total of six such occasions on which I received payments from Mr. Al Ahli and handed over the payments to the representatives of Mr. Fahad. The payments were made in different hotels. I never made any of the payments to Mr. Fahad directly or personally. I have never met him in person.

15. Regarding submission of documents of Gulf Steel before the Honorable Court it is stated that at the time of sale of Gulf Steel, I had handed over all the documents of the factory to Mr. Ahli and kept no document with me. Mr. Hussain Nawaz Sharif son of Mian Nawaz Sharif contacted me in May/June, 2016 and asked me to reach Dubai without informing the purpose of the visit. Once I was in Dubai, Mr. Hussain Sharif took me to the office of Mr. Ahli where Mr. Ahli, along with his team including Chief Accountant, Mr. Shafi Alam, a Bangladeshi national, who used to be an accountant in Gulf Steel were present. Since the sale of my shares to Mr. Ahli

I had no contact with him and it was Mr. Hussain who had confirmed the whereabouts of Mr. Ahli and arranged this meeting.

16. I had been asked to accompany Mr. Hussain as my presence being the previous owner was essential. During the meeting Mr. Hussain requested for some documents relating to the establishment of Gulf Steel and sale agreements from Mr. Ahli. After a week or so Mr. Ahli handed over some documents to Mr. Hussain Sharif. However, on the request of Mr. Hussain I got those documents notarized from the notary public at Dubai and handed them over to Mr. Hussain. I did not go to the Pakistan Consulate for getting attestation of the documents. To the best of my knowledge those documents are the same which have been submitted by Mr. Salman Raja, the lawyer of Mr. Hussain, who also happens to be my lawyer as well, before the Supreme Court of Pakistan.

17. Regarding my two affidavits submitted in the Supreme Court of Pakistan, it is stated that I voluntarily submitted these. However, after the JIT has pointed out the inconsistencies in the affidavits I now realize that there are some major omissions or misstatements in these affidavits. It is correct that my age has been wrongly cited. I had also stated earlier that there is no cutting on the Affidavit but now realize that there is cutting in paragraph 7 where the words, "and Union Bank of Middle East (UBM)" have been struck out and there omission of a word after the words, "Gulf Steel Mills..." in paragraph 3 which I believe is the word "Limited". I also now realize that there is also a visible cutting where the date of the Affidavit i.e., "12$^{th}$" has been struck through and "20" has been written. Further, I do not know the meaning of the word "ostensible" used in the affidavit as it was drafted by my lawyer Mr. Raja on my instructions. I had only cursorily reviewed the document before signing it as I trust my lawyer. It is also correct that I was never ever associated with the finances or accounts. Hence, the categorical statement, as reflected in my affidavit submitted before the Supreme Court of Pakistan, that no money was transferred or remitted from Pakistan for the purpose of financing or running this business is incorrect.

18. Though I agree with the grave mistakes and omissions in my affidavits submitted before the Honorable Supreme Court of Pakistan but they were drafted by my lawyer on information

provided by me and I relied upon his draft. Further, I need more time to submit the relevant documents as I am coming directly from Saudi Arabia in compliance of the summons issued by the JIT and had no time to collect the related documents.

**Excerpts of Supplementary Statement of Mr. Tariq Shafi son of Mian Muhammad Shafi**

**(Recorded on May 23, 2017)**

1. I had stated in my previous statement before the JIT on 16th May 2017 that I do not possess any additional documents / record with reference to Gulf Steel Mills that I can produce before the JIT. I had only provided two (2) Affidavits to lawyer of Respondent No.7 for submission in the Supreme Court of Pakistan. However, the Licence, agreements and other documents/ record attached with the Affidavits in CMA7531 and CMA 432 have not been provided by me.

2. I want to explain further that after the shares were sold to Mr. Abdullah Kayed Alhi, 75 % in 1978 and remaining 25% in 1980, the documents and other record were also transferred to Mr. Ahli. I also acknowledge that the documents/ records of Gulf Steel Mills, attached with my Affidavits, were neither acquired by me from Dubai Notary Republic nor got verified/ attested by me from any public or private office including Pakistan Consulate, Dubai. I am also unaware, who got the documents of Share Sale Contract of Gulf Steel Mill of 1978 and Final Sale Agreement of Gulf Steel Mill of 1980) attested/ certified from Pakistan Consulate, Dubai.

3. I have, during my appearance before the JIT today, seen, understood and signed/ verified the documents/ record of Gulf Steel Mills, comprising of 47 pages, which were attached by Respondent No.7 with my two Affidavits and acknowledge that these are the copies of the original documents of licence of Gulf Steel Mills as well as those which were signed during the sale of Gulf steel Mill in 1978 and 1980.

4. As far as the signatures on the original documents/ record of the sale agreements of 1978 and 1980 is concerned, I had myself signed only two agreements, Land Rent Agreement dated

12 June 1974 & Share Sale Contract of Gulf Steel Mill, for transfer of 75% in 1978 and 25% shares in 1980 to Mr. Ahli. I however recollect that at the time of finalization of the document, I was in Pakistan and therefore, had authorized Mr. Shahbaz Sharif as my authorised representative for signing the final agreement document. I have, during my appearance before the JIT today, seen the signatures on agreement of Final Sale Agreement of Gulf Steel Mill dated 14 April 1980 but do not acknowledge the veracity of the signature.

5. Real owner of Gulf Steel Mills was Mr. Mian Muhammad Sharif, whereas my name was used for documentation purposes only. I do understand that all the parties involved in the agreement signed and retained a set of signed documents with them. I do not know where our set of retained documents went. I am not in possession of any documents/ record of Gulf steel Mills which ceased to exit four decades ago.

6. The document/ record of the Gulf Steel Mills, if any, might be in possession of the Company which now cease to exist or with the heirs of Mian Sharif. As I had stated earlier that I was only looking after technical and administrative matters of the Company and never handled any financial aspects which were decided by Mian Sharif himself. At the time of sale of 25 % shares in 1980 I do not know how the liabilities were cleared by Mian Sharif, or whether they had been cleared at all.

8. In particular, I have neither owned nor held any beneficial interest in Gulf Steel Mills. I was not involved in any transaction by virtue of which the aforementioned company was acquired by their respective owner.

9 to 10. XXXXXXXXXXXX

11. Due to the war and then the nationalization of factories by the Bhutto government, my father, Mian Muhammad Sharif, decided to move and set up a steel mill in Dubai. Before setting up the factory in Dubai we had no business setup outside Pakistan.

12. After the factory was established I visited Dubai for a couple of times for very short stays, perhaps spanning a couple of days each time. I did not oversee any industrial unit in Pakistan myself at that time.

13. The Gulf Steel Mills was setup mainly from loans. I know that Tariq Shafi, who is my cousin, was assisting my father. As far as why Tariq Shafi was chosen to be the owner, instead of Shahbaz Sharif or me, it was the decision of my father. The distribution of the share in any investment amongst the family members was always the sole decision of my father which he always tried to do in an equitable manner.

JOINT INVESTIGATION TEAM PANAMA CASES

14. I remember that I participated in the inauguration ceremony of Gulf Steel Mills Dubai but I do not know who is Mr. Muhammad Hussain and whether he was present in the ceremony or not. I also do not have any knowledge about his role in Gulf Steel. These matters were dealt with by my father and I do not know any details about them. As far as my uncle Muhammad Hussain is concerned, he had died a long time ago and his family, who lives abroad, still visit us when they come to Pakistan.

15. As far as relationship between my father and the Al Thani family of Qatar is concerned, it dates back a long time. Sheikh Hamad was the first person who had met me in custody after the 1999 Coup. I do not want to discuss the details of the sale proceeds of Gulf Steel as they were best known to my father. All I know is that they were used for the businesses set up outside Pakistan later. As far as the letter of Prince Hamad Al Thani submitted in the Supreme Court is concerned I do remember that I had seen them but do not remember the details. I have been read out the letter of Prince Hamad Bin Jasim Al Thani dated 5 November 2016 and I confirm that I had the knowledge that beneficiary of the investment was to be Hussain Nawaz. I cannot however say when was the sale proceed of Gulf Steel handed over to Al Thani family; whether immediately after the sale or later on. I do not remember the details of the second letter of Prince Hamad dated 22 December 2016. As far as the worksheet, submitted in the Supreme Court of Pakistan, submitted by my sons, is concerned I do not recall having seen it or know of its contents. I can however say that this investment was the basis of subsequent businesses set up by Hasan and Hussain. I stand by all the submissions made by my sons and daughter before the Supreme Court of Pakistan during the proceedings of this case.

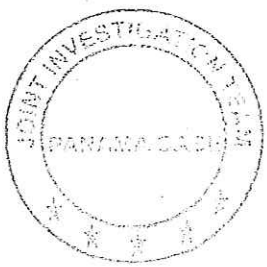
4. Although my father had managed to establish six factories in a short time but Dr. Mubashir Hussain was threatening to hang the capitalists upside-down. My father decided to move to safety and establish a steel mill in Dubai in 1973-74 which was in the name of Tariq Shafi. As regards the other partner, Mohammad Hussain, he was my uncle and a British Citizen. I think my father had made him a partner for safety purposes for the very reason that he was a British citizen. I do not however know the advantage of involving a British citizen in the business. I do however recall that he had died soon afterwards. I do not know whether his heirs were given any money against their share in the partnership or otherwise. I also do not know about the equity share of Tariq Shafi and Muhammad Hussain in the business.



5. I had gone to Dubai in 1974 and at that time there was no electricity at the site. I visited Dubai several times in this period as my parents were living there. Unfortunately, the factory did not make profit and had to be sold in 1978. Although there were lawyers involved but my father had asked me to finalize the clauses of the agreement. I am aware that the sale proceeds of 75 % shares of Gulf steel in the 1978 agreement went towards the payment of the loan to the bank. I have seen that there appears a signature in Urdu saying Shahbaz Sharif as a witness on this sale document. I can neither contradict nor confirm this signature as mine as it is on a document about 40 years old. I am however surprised as I do not sign in Urdu and the way it is written is also different from my hand in the latter part of the name. I do not however recall to have been a witness of this sale.

6. The 25 % of shares held by Tariq Shafi in the factory were also sold to Ahli in 1980. I have seen that my name appears at the beginning of the document as the authorized representative of Tariq Shafi and also in the signature block at the end of the document. However, I did not sign this document and did not execute this sale. My comment on clause 7 of the agreement, which mentions my name, as well as that of Tariq Shafi for provision of guarantees is that I do not remember to have received the guarantees from Ahli as required by this clause. As far as the liabilities of the Gulf Steel Mills are concerned I remember that Tariq Shafi had said something about meeting them from the profit and the sale of the scrap. If Tariq Shafi has stated that he does not know how these liabilities have been met I cannot comment as I do not know the details.

7. As regards the case filed by BCCI against me for default of payment of Gulf Steel Mills of AED 6.5 million I do not recall the details. The case of follow up of this loan in a Pakistani Court rings a bell but I do not remember the details.

8. The Gulf Steel Mills was the only factory or business in the Middle East set up by my father before 1980. In fact the only other factory that he set up in the Middle East was the Azizia factory that was established when we were forced to live in exile in Saudi Arabia. The only other investment in the Middle East by my father, which I can think of, is the investment of the sale proceeds of Gulf Steel Mills in 1980 with the Qatari Royal family. My father had told me about this investment at that time but it was not a detailed discussion. Tariq Shafi had also mentioned of this investment at the time. As far as the question of my father investing the sale proceeds of Gulf Steel Mills with the Qatari Royal family, instead of clearing the liabilities, is concerned, I do agree that it is totally out of character for him. He would always clear his liabilities as he was very strict on these issues. Even if there were any liabilities, Mr. Tariq Shafi being the owner and beneficiary of Gulf Steel Mills, was responsible for clearing the liabilities. However, this is a mere legal interpretation.

9. I am not aware of the details of the investment that was made with the Qataris. The only time I recall it being discussed was at the time of setting up of Azizia Steel Mills. I do not know in what form the sale proceeds of Gulf Steel Mills were handed over to the Qataris. I do not know of any other investment made by my father or family prior to this investment with the Qataris or later. As far as my own relations with the Qatari Prince Hamad bin Jasim is concerned I met him for the first time in 2010.

7. As far as the source of purchase of these apartments is concerned they came in our ownership as a result of settlement of money that was placed by my grandfather with Sheikh Jasim Althani who was the ruler of Qatar at that time. No paperwork or any kind of agreement was signed and it was a totally verbal arrangement. My grandfather was a man of action and averse to documentation. I first learnt about this arrangement from my grandfather, somewhere after the year 2000, when we were living in exile in Saudi Arabia. He told me that after deducting the amount of money taken back from the Sheikh for meeting essential requirements, I would be entitled to whatever is the residual amount. He did not mention about when this arrangement was to end and a settlement to be made.

8. I do not remember the exact date but sometime around March 2005 Nasir Khamees (a representative of Mr. Hamad Bin Jassim Bin Al-Thani) met me in Saudi Arabia along with some other persons in his team to discuss the terms of settlement of the money that had been placed by my grandfather. I was the only one who was representing our family. Nasir told me that the Prince Hamad bin Jasim Althani, wanted to reach a settlement on the arrangement of investment that had been made between my grandfather and his father. He did not provide any details of the amount that had been already used and the residual amount. In the next 6 months a couple of meetings were held and details were discussed. I think that it was in October 2005 that in a meeting the details of expenses were worked out between our teams. As far as the involvement of the Prince Hamad bin Jasim Althani in the negotiation process is concerned, I think during the time this negotiation was taking place, we met on some social event but this matter was never discussed with him.

JOINT INVESTIGATION TEAM
PANAMA CASE

9. Although I tried to ask for the details of the investment portfolio, but Nasir and his team politely presented the summary. I must emphasise that we were totally dependent on whatever calculations were made by Nasir and I was not in a position to challenge any of the calculations as there was no written agreement between my grandfather and Sheikh Jasim Althani. In any case if you consider the environment of Middle East, where the investors do not have much protection and rights, the settlement offer was a very noble initiative by the Qatari Prince, which can only be attributed to the sense of religious obligation to settle this longstanding investment fairly.

10. In the end we prepared the summary of investment made, the profit, the amount already returned from time to time, and the residual amount. This was a hand written document that formed the basis of the Excel worksheet. I do not remember when this work sheet which was presented in the Supreme Court was prepared. It must be understood, and I have already stated it, that there existed no written agreement for the investments made by my grandfather with the Qatari Ruler and therefore we practically had to agree whatever was being offered. I think the reason for not inking an agreement was to avoid future litigation by any party.

11. The residual amount calculated was 8 million USD, roughly equivalent to 4.8 million GBP. During the negotiations Nasir had offered and we accepted to adjust this amount against the Mayfair apartments. We did not get the proper evaluation of the flats done but I think that it was a fair assessment of their value.

12 to 20. XXXXXXXXXXXX

21. The land measuring 2 lac sq meter for the factory was purchased in 2001 for, as far as I remember, a few hundred thousand dollars. I managed to get the machinery of the Al ahli factory, Dubai , which we had sold to Al Ahli in 1980, at a very cheap rate. The cost of this

JOINT INVESTIGATION PANAMA CASE

55

machinery was USD 650,000 and an LC was opened in 2001. The machinery was transported in dozens of trucks. I think that about 60 trucks would have been employed to transport the machinery of the factory from Dubai to Jeddah.

22. We managed to refurbish the machinery and after completion of the construction, the factory went into production in mid 2002. I must mention here that most of the initial funding for this project was made available by Prince Hamad Bin Jasim Al-Thani. I do not remember which account was used to receive payment from the Prince or make payment for the land. There were multiple accounts, numbering about eight, that were maintained for the factory to facilitate the customers as accounts in the same bank meant the transactions could get completed quickly. The payments received from Mr. Hamad Al-Thani were made on the instructions of my late grandfather. My grandfather did not have his own account in Saudi Arabia.

23 to 30. XXXXXXXXXXXX

31. I am not going to answer the questions regarding the way the documents attached with the CMA regarding gulf steel were acquired and whether I had got them from Kaid Ahli myself or with the help of Tariq Shafi and who got them attested from Notary public and Pakistan High Commission? I am also not going to answer the question that are being asked regarding whether it was I or Tariq Shafi who brought these documents to Pakistan and attach them with CMAs for submission in the court.

9. As far as my knowledge about the settlement between Hussain and Prince Hamad bin Jasim Althani, in 2005-06, is concerned I was not involved in the process and did not know any of the details but knew of the bigger picture that Hussain is going to be the beneficial owner of those apartments. Although I had previously known of the close relations between our family and Althani family of Qatar, I became aware about the arrangement of investment between my grandfather and Althani family at the time of final settlement. Previously I had not come across any event that would have made me aware of Althani investment.

Affidavit

I, Muhammad Tariq Shafi, son of Mian Muhammad Shafi, resident of House No. 197182 H-Block, Model Town, Lahore, do hereby solemnly state, declare and affirm on oath as under that:

1. Late Mian Mohammad Sharif was my real uncle.

2. My father, Mian Mohammad Shafi, passed away on October 7, 1970 when I was only 15 years old. 62 years Nov)

3. After the forced nationalization in 1972, without payment of any consideration, of "Ittefaq Foundaries", a business set-up by my Late Uncle, Mian Muhammad Sharif, my Late Uncle moved to United Arab Emirates in the year 1973, and spent most of his time in Dubai, United Arab Emirates till the year 1978. During this period, Late Mian Muhammad Sharif decided to establish, in partnership with one Muhammad Hussain, a company in Dubai, United Arab Emirates, under the name and style of Gulf Steel Mills [illegible] (the "Company") essentially for the purpose of engaging in the business of production of steel, for which permission was accorded by Government of Dubai in the year 1974.

1973-78

4. In 1973, I was only 19 years old, and Late Mian Muhammad Sharif, who treated me like his own son, had taken me alongwith him to Dubai, United Arab Emirates. Out of pure love and affection for me, he gave my name, instead of his own, as a partner/shareholder in the aforesaid business.

5. Be that as it may, as per one set of terms and conditions of the permission accorded by Dubai Government, the owners of the Company were required to rent from Government of Dubai, a piece of land comprising of approximately 01 Million Square Feet, for a renewable term of 20 years. Accordingly, land rent agreement was executed with the Government of Dubai in the year 1974, and I signed this agreement, being the ostensible owner to the extent of my Late Uncle's share in the Company.

6. Some time after the establishment of the Company and commencement of its steel business, Mr. Muhammad Hussain, one of the partners of the Company expired, and pursuant to a cession letter by all his legal heirs, the entire business of the Company came to vest, alongwith all its obligations/guarantees, in my name.

7. It may be added that the Company was incorporated and the steel mill factory was set up from finances generated from loans obtained from Bank of Commerce and Credit International (BCCI) ~~and Union Bank of Middle East (UBME)~~ in Dubai.

Thus, no amounts/sums of money were transferred or remitted from Pakistan for the purposes of financing or running of this business.

8. In the year 1978, Late Mian Muhammad Sharif decided to sell off 75% of the shares of this Company to one, Mr. Abdallah Kaid Ahli, *inter alia,* to settle the Company's outstanding liabilities with the banks in Dubai. Consequently, in 1978, upon his instructions, I sold 75% shares of the Company to Mr. Abdallah Kayd Ahli through a tri-partite agreement, which is signed by Mr. Abdallah Kayd Ahli, BCCI Deira Dubai and myself. It is pertinent to mention that money realized from sale of these 75% share of the Company was utilized exclusively to settle the outstanding amounts due by the Company to BCCI, Deira Dubai.

9. Simultaneously, with the execution of the tri-partite agreement, it was agreed that the business of the factory henceforth will be run in the name of "Ahli Steel Mills Company", and that the capital of the new Company will be 28,500,000 Dirhams of which Mr. Abdallah Kayd Ahli will subscribe 75% share whilst the remaining 25% of this capital, in the form of remaining part of the Company, would be treated as contributed by myself. Needless to add, this arrangement was as per the instructions of Late Mian Muhammad Sharif. In this manner, Mr. Abdallah Kayd Ahli came to own 75% shares in the Company previously owned exclusively by Late Mian Muhammad Sharif, and its name thereafter changed to "Ahli Steel Mills Company". In pursuance thereof, a fresh partnership agreement was executed which was signed by Mr. Abdallah Kaid Ahli and myself.

10. Thereafter, in the year 1980, Late Mian Muhammad Sharif decided to disengage himself from his steel business in Dubai and, as desired by him, an agreement was signed between Mr. Mohd Abdullah Kayed Ahli and myself on 14-04-1980, whereby the remaining 25% share standing in my name but owned by my Late Uncle were sold to Mr. Mohd Abdullah Kayed Ahli against a total consideration of Dh. 12 million.

PANAMA CASE

60

11. As per the terms of the said agreement, a sum of Dh. 12 million was to be paid by Mr. Mohd Abdullah Kayed Ahli over a period of 6 months, the first installment of Dh 2 million to be payable on 15-5-1980, and the remaining Dh. 10 Million to be paid in 5 equal installments of Dh. 2 Million each, beginning one month from the date of first installment.

62

12. In this manner the steel business of Late Mian Muhammad Sharif in Dubai came to an end. As regards the payment of Dh. 12 Million, the same was duly received by me and applied as per the instructions of Late Mian Muhammad Sharif.

بالإشارة الى طلبات المساعدة القانونية والمقدمة من طرفكم والتي تتضمن عدة اسئلة قانونية بشأن السيد / محمد طارق شافي

نود احاطة سعادتكم بأنه تم مخاطبة الجهات المختصة بموافاتنا بردها بشأن الاسئلة الواردة من قبلكم وقد تم الرد علينا من قبل تلك الجهات بالاتي :

اولا :- بالنسبة للسؤال المتعلق يوجد قروض بنكية متعثرة على السيد / محمد طارق شافي في بنك الاعتماد والتجارة الدولي في دولة الامارات العربية المتحدة ؟

- نعم ، توجد قضية رقم 94/12 مدني كلي المدعي / بنك الاعتماد والتجارة الامارات والمدعي عليه/ محمد شافي بن ميان محمد شافي منفذ ضده حيث حكمة المحكمة بالزام المدعي عليه / محمد شافي ( بصفته مالك لمؤسسة العمران التجارية ) بأن يودي مبلغ 9.733.980.80 (تسعة ملايين وسبعمائة وثلاث وثلاثين الف وتسعمائة وثمانين درهم و ثمانين فلس ) والفائدة بواقع تسعه بالمئة من تاريخ 1994/2/2 م حتى تمام السداد والمصاريف و مبلغ 500 درهم مقابل اتعاب محاماة وتثبيت الحجز التحفظي رقم 94/340 (تاريخ الحكم 2013/8/15م ) مرفق نسخه من الحكم

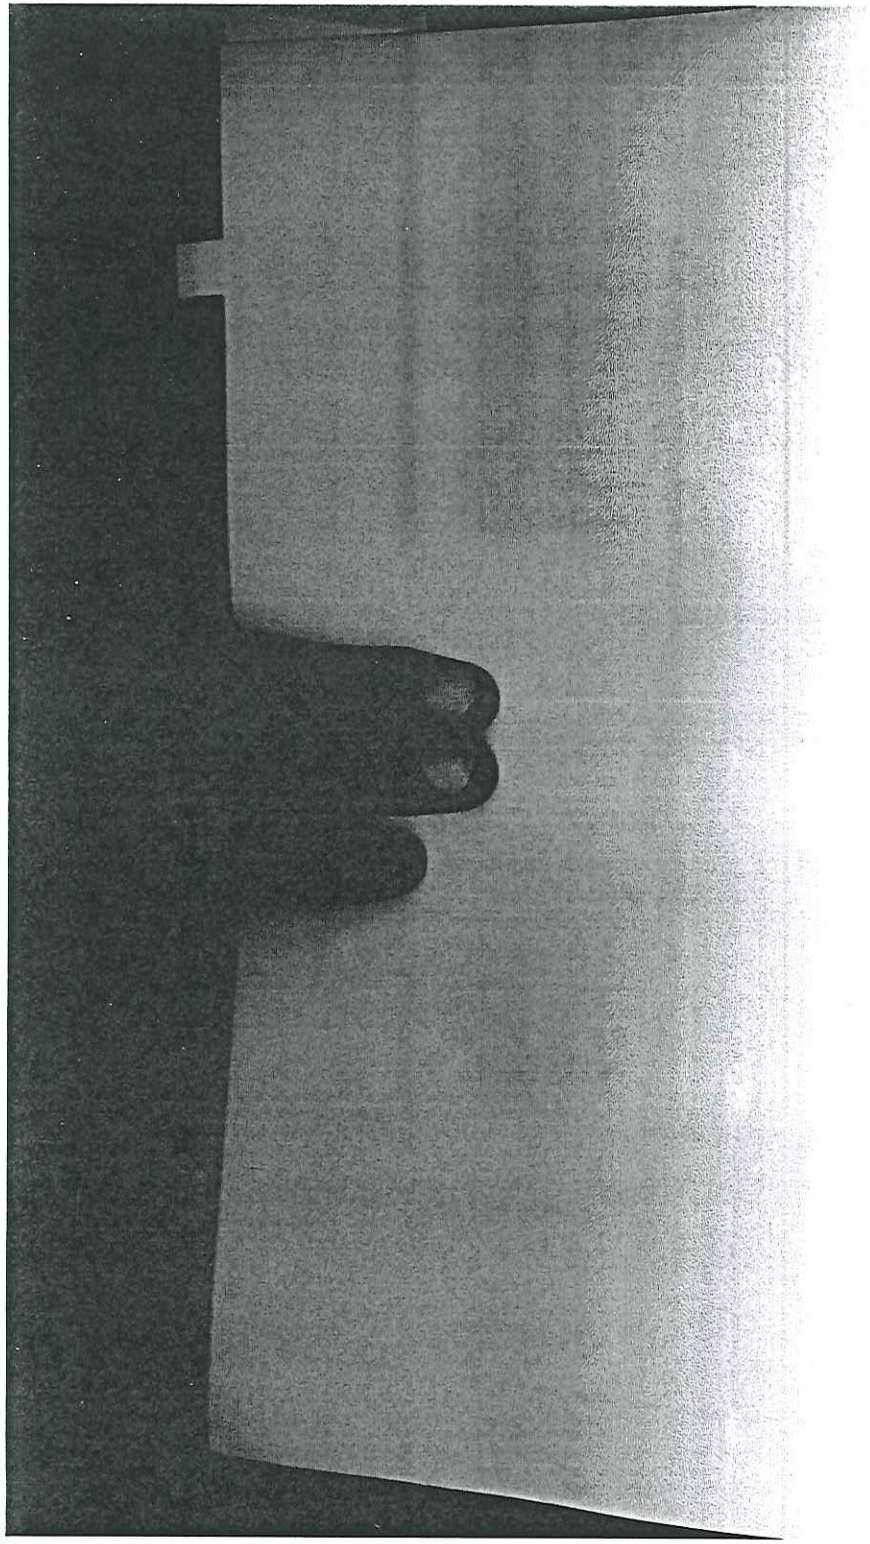
ثانيا :- بالنسبة للسؤال المتعلق بشأن هل يوجد عقد البيع الخاص بحصة السيد /محمد طارق شافي في مصنع الاهلي للحديد والمؤرخ في 1980/4/14 ام لا و هل هو حقيقي او مزور وهل تم التصديق على هذا العقد من قبل محاكم دبي بتاريخ 2016/5/30م ؟

- نود الاحاطة بأنه بعد البحث والتحري في سجلات انظمة محاكم دبي باسم مصنع الاهلي للحديد ( مصنع الخليج للحديد ) تم التأكد من الاتي :

1. الحصة المباعة بنسبة 25 بالمئة من عقد 1980 من مصنع الاهلي للحديد ( مصنع الخليج للحديد) المؤرخ في 1980/4/14م وفقا لطلبكم ليس لها وجود
2. لا توجد معاملة بقيمة ( 12.000.000) اثنى عشر مليون درهم حصيلة بيع نسبة 25 بالمئة من حصة مصنع اهلي للحديد ( مصنع الخليج للحديد ) تمت باسم / محمد طارق شافي
3. لا يوجد سجل يمكن الحصول عليه يشير الى تصديق تلك الوثيقة من قبل كاتب العدل بمحاكم دبي بتاريخ 2016/5/30م

ثالثا :- بالنسبة للسؤال المتعلق بشأن نقل الآت سكراب من مصنع الاهلي للفولاذ من دبي الى جدة لأنشاء مصنع العزيزية للمعادن خلال الفترة 2001-2002 ؟



- نود الاحاطة بأنه بعد التدقيق في سجلات جمارك دبي لم يتبين وجود الآت سكراب تم نقلها من دبي الى جدة خلال الفترة 2001-2002.

رابعا:- بالنسبة للسؤال الخاص بتحويل مبلغ ( 12.000.000 ) اثنى عشر مليون درهم من السيد / محمد طارق شافي الى السيد / فهد بن جاسم بن جبر ال ثاني او اي من ممثليه المعتمدين خلال الفترة من 1978-1981 و السؤال المتعلق بوجود سجل مصرفي على تسديد السيد / عبدالله كايد اهلي مبلغ ( 12.000.000 ) درهم الى السيد / محمد طارق شافي على حساب بيع مالا يقل عن 25 بالمئة من اسهم مصانع الاهلي للمعادن خلال الفترة 1978-1981 ؟

- افادنا المصرف المركزي بأنه لا توجد في سجلات المصرف المركزي اي تحويلات بشأن الطلب المذكور.

و تفضلوا بقبول فائق التقدير والاحترام

باسم صاحب السمو الشيخ مكتوم بن راشد آل مكتوم حاكم دبي

وبالجلسة العلنية المنعقدة يوم الاثنين ٢٤/رجب/١٤١٥هـ الموافق ١٩٩٤/١٢/٢٦م بمقر محكمة دبي الأبتدائية.

برئاسة القاضي: محمد خميس البسيوني

وعضوية كل من:

القاضي: هاني الرفاتي.

والقاضي: السيد عمر عبدالله متولي.

وحضور أمين السر: أيمن محمد.

في الدعوى رقم: ١٢ لسنة ١٩٩٤ مدني كلي.

المرفوعة من: بنك الاعتماد والتجارة الدولي.

ضد: ١) محمد طارق شافي بن ميان محمد شافي.

٢) مؤسسة العمراني التجارية.

أصدرت الحكم التالي:

بعد الاستماع للمرافعة والاطلاع على الأوراق والمداولة.

وحيث أنه توجز واقعة الدعوى كما هي مستخلصه من الأوراق أن المدعي عقد الخصومة مع المدعى عليهما بموجب صحيفة أودعها قلم الكتاب بتاريخ ٩٤/٢/٢ ابتغاء الحكم بالزام المدعى عليهما بالتضامن بأن يؤديا اليه مبلغ ٨٠, ٩٨٠, ٣٣٣, ٩ درهم والفائدة من تاريخ المطالبة وحتى تمام السداد والرسوم والمصاريف وأتعاب المحاماة وتثبيت الحجز التحفظي

رئيس الدائرة

أمين السر

محكمة دبي الأبتدائية　　تابع الحكم　　فى الدعوى رقم ١٢/٩٤ مدنى كلى

رقم ٣٤٠/٩٤ وقال شرحا للدعوى انه مصرف يباشر نشاطه المصرفى فى دولة الامارات العربيه المتحده وهو الأن تحت الحرسه القضائيـة وبحكم عملـه المصرفـى تقدم اليـه المدعى بطلبين منفصلين لمنحه تسهيلات مصرفيه اذ كان أحد الطلبين باسمه الشخصى والأخر باسم المدعى عليها الثانية المملوكة ملكية فرديه له، وبناء على طلبـه الشخصى تم منحـه تسهيلات مصرفيه بلغت مجموعها شامله الفوائد مبلـغ ٣٩, ٤٢١, ٩١٧, ٦ درهم كما منح تسهيلات أخرى باسم المدعى عليها الثانيـة بلغت مجموعهـا شاملة الفوائد مبلـغ ٤١, ٥٥٨, ٨١٦, ٢ درهم والناشىء عن تسديد قيمـة اعتمـادات ممـا أدى الـى أن ترصـد بذمتـه بصفتـه الشخصيه وبصفته مالكا للمدعى عليها الثانية المبلغ المدعى به ولما عجز عن سداده كانت هذه الدعوى.

ولاثبات دعواه قدم المدعى مستندات بلغه أجنبيه مترجمه أصولا وهى كالأتى:-

١) أصل طلب فتح حساب شخصى بتاريخ ٨٧/٧/٢٩ مذيل بتوقيع المدعى عليه الأول مع نموذج عن توقيع الأخير.

٢) أصل طلب فتح حساب تاريخ ٨٩/٦/٦ مذيل بتوقيع المدعى عليه الأول بصفته مالكا للمدعى عليها الثانية.

٣) أصل طلب فتح خطاب اعتماد تاريخ ٨٨/٦/١١ مذيل بتوقيع المدعىعليه الأول بصفته سالفة الذكر بمبلغ ٠٠٠, ٨٨٩ مارك المانى لصالح تروتز شيلر جى.ام.بى.

٤) أصل طلب قرض شخصى تاريخ ٨٩/٢/٢١ مذيل بتوقيع المدعى عليـه الأول لمنحه مبلغ أربعة ملايين درهم.

٥) كشف حساب برقم ١١٠٠٧٦٩٠ صادر عن المدعـى باسم المدعى عليه الأول مبين فيه أصل مبلغ التسهيلات الشخصيه والفوائد المترتبة عليه حتـى تـاريخ ٩٣/١٢/٢٩ والبـالغ ٣٩, ٤٢١, ٩١٧, ٦ درهم.

٦) كشف حساب برقم ١٠٤٧٥٨٤ صادر عن المدعى باسم المدعى عليها الثانية مبين فيـه أن

الأخيره فتحت لدى المدعى عدة اعتمادات بمبالغ مختلفه بلغت مجموعها شاملة الفوائد حتى تاريخ ٩٣/١٢/٢٩ مبلغ ٤١, ٥٥٨, ٨١٦, ٢ درهم.

وحيث أنه بعد انتهاء وكيل المدعى من تقديم مستنداته طلب حجز الدعوى للحكم فحجزت لجلسة ٩٤/١٢/٢٦.

وحيث أنه لما كان من المقرر أن المحرر العرفى يعتبر صادرا ممن وقعه مالم يطعن عليه بعدم صدوره عنه.

لما كان ذلك وكانت الأوراق خاليه من ثمة دفع أو دفاع يدحض أو يناقض المستندات التى قدمها المدعى اذ الثابت من تلك المستندات أن المدعى عليه بصفته الشخصيه وبصفته مالكا للمدعى عليها الثانية قدم الى المدعى طلبين منفصلين مذيلين بتوقيع منسوب اليه أحدهما باسمه الشخصى والأخر باسم المدعى عليها الثانية للحصول على موافقة المدعى لمنحه تسهيلات مصرفيه واستنادا الى ذلك تمت الموافقة على الطلبين فحصل المدعى عليه الأول على مبلغ اربعة ملايين درهم كتسهيلات مصرفيه على حسابه الشخصى رقم ١١٠٠٧٦٩٠ كما حصل على مبالغ أخرى متفرقه باسم المدعى عليها الثانية على حساب جارى برقم ١٠٤٧٥٨٤ والناشئة عن تسديد قيمه عدة اعتمادات ونتيجة الحركه فى الحسابين صعودا ونزولا وما ترتب عليها من فوائد ترصد بذمته فى حسابه الشخصى مبلغ ٣٩, ٤٢١, ٩١٧, ٦ درهم كما ترصد بذمته بصفته مالكا للمدعى عليها الثانية فى الحساب رقم ١٠٤٧٥٨٤ مبلغ ٤١, ٥٥٨, ٨١٦, ٢ درهم فأصبح المجموع مبلغ ٨٠, ٩٨٠, ٧٣٣, ٩ درهم مما يقتضى بالزام المدعى عليه بصفته الشخصيه وبصفته مالكا للمدعى عليها الثانية بأن يؤدى للمدعى مبلغ (تسعة ملايين وسبعمائة وثلاثة وثلاثين الف وتسعمائة وثمانين درهما وثمانين فلسا) والفائدة بواقع ٩٪ من تاريخ [illegible] السداد وتثبيت الحجز التحفظى رقم ٩٤/٣٤٠.

وحيث انه عن المصاريف فيلزم بها المدعى عليه الأول بصفته سالفة الذكر لخسرانه الدعوى عملا بالمادة ٢،١/١٣٣ من قانون الاجراءات المدنية.

لهذه الأسباب

حكمت المحكمة بمثابة الحضورى بالزام المدعى عليه الأول بصفته الشخصيه وبصفته مالكا للمدعى عليها الثانية بأن يؤدى للمدعى مبلغ ٨٠، ٩٨٠، ٧٣٣، ٩ (تسعة ملايين وسبعمائة وثلاثة وثلاثين الف وتسعمائة وثمانين درهما وثمانين فلسا) والفائدة بواقع ٩٪ من تاريخ ٩٤/٢/٢ وحتى تمام السداد والمصاريف ومبلغ خمسمائة درهم مقابل أتعاب محاماه وتثبيت الحجز التحفظى رقم ٩٤/٣٤٠.

المستدعى ضدهما :-

١/ محمد طارق شافي بن ميان محمد شافي / باكستاني
جواز سفر رقم ٠٠٢٨٠٤
٢/ مؤسسة العمران التجارية

الموضوع :-

طلب اصدار الامر بالقاء القبض بحق الاول ومنعه من السفر والتعميم على على كافة المطارات والنقاط الحدودية بالدولة ومخاطبة ادارة المرور والدائرة الاقتصادية واضافة قيمة الاعلان بواسطة النشر لقيمة التنفيذ

بما ان المستدعي اقام التنفيذ اعلاه مطالبا المستدعى ضدهما بسداد مبلغ وقدره =/١١٫٠١٤٫٣٩٦ درهم بالاضافة لمستجدات الفوائد ،

وحيث ان المستدعى ضدهما تبلغا السند التنفيذي حسب الاصول وانقضت المهلة القانونية ولم يراجعا محكمتكم الموقرة بشأن التنفيذ اعلاه ويجوز القاء القبض على المستدعى ضده الاول والتعميم عليه في كافة المطارات والنقاط الحدودية بالدولة ومخاطبة الجهات اعلاه للاستفسار عن ممتلكات المستدعى ضدهما ،

لذلك

يلتمس المستدعي من عدالة محكمتكم الموقرة اصدار الامر بالآتي :-

١/ اصدار الامر بالقاء القبض على المستدعى ضده الاول والتعميم عليه في كافة المطارات والنقاط الحدودية بالدولة خوفا من مغادرته الدولة مما يهدر حقوق المستدعي ،

٢/ مخاطبة ادارة المرور للاستعلام عن السيارات العائدة لهما ،

٣/ مخاطبة الدائرة الاقتصادية لتزويدنا بصورة من الرخصة التجارية للمستدعى ضدها الثانية ،

٤/ اضافة قيمة الاعلان بالسند التنفيذي بواسطة النشر وقدره=/٢٢٥ درهم للتنفيذ ،

2. Al-Imran Trade Company

Subject: **Request for Issuance of the Arrest of First and Prohibition of Travel and Circulating it to all International Border Points and to Address Traffic Department and Economic Department and Announcement of its Implementation**

As petitioner has demanded the execution to pay amount 11014396 Dirham alongwith 9% interest and expenditures by the respondent.

The petitioner demanded that respondent has not communicated with court for implementation of order.

So respondent may be arrested and all airports and border points may be circulated to stop him to leave the country and concerned authorities may be asked to consult respondent belongings.

Therefore;

The petitioner requests your honorable court to issue the following orders :-

a. Issuance of arrest orders of respondent and circulation of this order to all airports and all international border points fearing of respondent escaping which can endanger the petitioner right.
b. To direct the Traffic Police Department to inform the vehicle of them.
c. To direct Economic Department to provide us the copy of trade license for respondent number 2.

Our greetings,,,,

**Sub: Requests for mutual legal assistance of Pakistan , Re . Mr . Muhammad Tariq Shafi**

In relation to mutual legal assistance requests submitted from your side , contain some legal questions , re. Mr. Muhammad Tariq Shafi.

We would like to inform you that , we have addressed the competent authorities to get their response concerning the received questions from your side , we got the answers of these authorities as follows:

First: in relation to the question of defaulted bank loans of Mr. Muhammad Tariq Shafi in BCCI in the UAE?

Yes, there is case no. 12/94 civil , the plaintiff / BCCI – UAE , the defendant / Muhammad Shafi Bin Mayan Muhammad Shafi executed against , whereas the court sentenced to oblige the defendant / Muhammad Tariq Shafi as the owner of Al Omran Commercial est. to pay an amount of AED 9.733.980.80 ( nine millions , seven hundred and thirty three thousands , nine hundred and eight , eighty files ) and interest of 9 percent from 2/2/1994 till the full payment and fees , and an amount of AED 500 for the lawyer fees and fix the attachment no. 340/94 9 date of sentence 15/8/2013 . ( A copy of the sentence attached).

JOINT INVESTIGATION TEAM
PANAMA CASE

Second : in relation to the question , whether there is an agreement ( sale ) of the shares re. Mr. Muhammad Tariq Shafi in Ahli Steel Mills dated on 14/4/1980 ? Is it genuine or fake ? Is it notarized by Dubai Courts on 30/5/2016 ?

- We would like to inform that after search in record of Dubai Courts system in the name of Ahli Steel Mills (erstwhile Gulf Steel Mills) following is certified :
  1. That share sale 25% agreement of 1980 of Ahli Steel Mills ( erstwhile Gulf Steel Mills) dated on 14/4/1980 according to your request does not exist.
  2. That no transaction worth AED 12.000.000 ( twelve million Dirham) as sale proceed of 25 % shares of Ahli Steel Mills (erstwhile Gulf Steel Mills ) ever took place in name of Mr. Muhammad Tariq Shafi.
  3. That no record could be found which indicate that notarization of this document was ever done by Notary Public of Dubai Courts on 30/5/2016.

Third: in relation to the question of transport scrap machinery from Ahli Steel Mills from Dubai to Jeddah , to establish Al Azizia steel mills during 2001 – 2002 ?

- We would like to inform that after check in records of Dubai Customs , it seemed that there wasn't any scrap machinery transported from Dubai to Jeddah during 2001 – 2002.

Fourth: in relation the question of transfer an amount of AED (12.000.000) twelve million Dirhams from Mr. Muhammad Tariq Shafi to Mr. Fahad Bin Jasim Bin Jabar Bin Al Thani or any of authorized representative during 1978 – 1981 and the question regarding to a bank record with reference to payment of 12 million Dirhams by Mr. Abdullah Kaed Ahli to Tariq Shafi on account of sale of remaining 25 % shares of Ahli Steel Mills during 1978 – 1981?

- The central bank informed that there isn't any transfers in the records of the Central Bank in relation to the mentioned request.

# Investigation Report of the Joint Investigation Team, Panama Case Volume IV

## (Ownership of Avenfield Apartments)

*Joint Investigation Team Constituted by the Implementation Bench of the Supreme Court of Pakistan vide Order dated May 5, 2017*

*IR (IV)/PC/10/7/2017*

**ISLAMABAD**

**(Answers to Questions Raised by Honourable Supreme Court of Pakistan in its Order dated 5 May 2017 in case of C.M.A. No. 2939 of 2017 in Constitution Petition No. 29 of 2016 etc.)**

## OWNERSHIP OF AVENFIELD APARTMENTS

The Honourable Bench has directed the JIT to probe following three (3) questions related to Avenfield Apartments;

i. Whether Respondents No. 7 and 8 in view of their tender ages had the means in the early nineties to possess and purchase the flats?
ii. How bearer shares crystalized into flats?
iii. Who, in fact, is the real and beneficial owner of M/s. Nielson Enterprises Limited and M/s. Nescoll Limited?

### Back ground of the questions

1. The Panama Papers were released on 20th of April 2016 by ICIJ (International Consortium of Investigative Journalists). Prior to the publication of Panama Papers, Mr. Hussain Nawaz Sharif, who seldom appears in the media, gave a series of interviews to TV channels. Subsequent to the publication of the Panama Papers the Prime Minister also addressed the nation on a number of occasions to answer allegations that the Sharif family owns the Avenfield Apartments through offshore companies. After the legal proceedings started in the Honourable Supreme Court of Pakistan, the Prime Minister and the members of his family became the Respondents and filed their defence. During all media interviews, addresses to the nation and the proceedings in the Honourable Supreme Court of Pakistan, the ownership of the apartments by the Sharif family was admitted.

2. There however remained confusion as to who actually was the beneficial owner; Ms Maryam Safdar, who according to the leaked Panama Papers was identified as such by the

Financial Investigation Agency of British Virgin Islands or Mr. Hussain Nawaz who had publicly stated that he was the beneficiary of a trust of which his sister Maryam was the trustee. This, however, required an answer to the question as to what were the sources of funds for the purchase of these apartments and how were funds transferred abroad.

3. The family of Mian Sharif had taken over the possession of these apartments , soon after they were purchased in the period between 1993-96, through BVI companies, Neilson and Nescoll. The different media interviews by the Sharif family regarding the purchase and possession of the apartments throughout the period 1999 to 2016 and the addresses of the Prime Minister gave different versions which were often contradictory. During the proceedings of the case before the Honorable Supreme Court of Pakistan the respondent filed their responses which admitted not only possession but also the fact that the family had been paying some of the taxes like the ground rent etc., throughout. The main beneficiary of the apartments, however seemed to be Mr. Hussain Nawaz, who was the first occupier and Hasan Nawaz Sharif who continues to reside there. They however had started living in these apartments as students and the question arose how they were, despite their tender ages had the means in the early nineties to possess and purchase the flats.

4. The Qatari investment with Mr. Fahad Al-Thani became the primary explanation for the origin of funds that were available to the Sharif family, not only for the purchase of apartments, but also for other overseas businesses established by the family members of the Prime Minister including the steel mill in the Kingdom of Saudi Arabia (KSA). With many shifting and sometimes conflicting positions, it was explained by the Respondents 7 and 8 that the sale proceeds of the Gulf Steel Mills were invested, in cash terms and without documentation, with the Al-Thani family of Qatar, and all subsequent overseas ventures including purchase of the apartments, setting up of the businesses in KSA and UK were undertaken from the profits made from this investment.

5. The ownership however was admitted from 2006 onwards and it was claimed that the BVI companies who owned these apartments were purchased by the Qatari Al-Thani family who held the ownership through bearer certificates. It was further claimed that the ownership

changed hands through the handing over of bearer certificates as a result of final settlement between the Sharif family and Althani family.

**Methodology of Investigations**

6. **Recording of Statements**: The JIT recorded statements of, i) Mian Muhammad Nawaz Sharif (Respondent No. 1), ii) Mian Muhammad Shahbaz Sharif, iii) Ms. Maryam Safdar (Respondent No. 6), iv) Mr. Hussain Nawaz Sharif (Respondent No. 7), v) Mr. Hasan Nawaz Sharif (Respondent No. 8) and, vi) Captain (R) Muhammad Safdar ( Respondent no 9) for either being possibly acquainted with the details of Avenfield properties or having filed document(s)/ supporting evidence in the Honourable Supreme Court of Pakistan during the Panama Case proceedings as respondents. Excerpts of their statements related to Gulf Steel Mills are attached as ***Annexure A***.

7. **Request for Mutual Legal Assistance (MLA)**: The JIT requested the British Virgin Islands (BVI), United Kingdom (UK) and Switzerland, for authentications/ certification of documents that had surfaced during the Panama Leaks or had been submitted by the Respondents in the Honourable Supreme Court of Pakistan during Panama Case hearing.

8. **Money Trail Leading to Ownership of Avenfield Properties by Respondents**:

a. The Respondents claimed that M/s. Nielson Enterprises Limited and M/s. Nescoll Limited which were sole shareholders (bearer shares) of Avenfield Apartments (Flat # 16, Flat # 16A, Flat # 17 and Flat # 17A) belonged to Qatari Prince.

b. The Avenfield Apartments were in possession of Sharif family since 1993 till to-date. In early 2006, as consequence of the settlement[1] with Mr. Hamad Al-Thani, the bearer shares of M/s. Nielson Enterprises Limited and M/s. Nescoll Limited

[1] The Respondents claimed to have invested AED 12 million by Mian Muhammad Sharif in Qatari Real Estate business in 1980.

JOINT INVESTIGATION TEAM PANAMA CASE

were transferred to Mr. Hussain Nawaz Sharif in light of desire of late Mian Muhammad Sharif. Accordingly, Mr. Hussain Nawaz Sharif became the sole beneficial owner of M/s. Nielson Enterprises Limited and M/s. Nescoll Limited (owned Avenfield properties).

c. In 4 February 2006, a 'Trust Deed' was signed between Mr. Hussain Nawaz Sharif and Ms. Maryam Nawaz Sharif, declaring Ms. Maryam Nawaz Sharif as "Trustee" of Avenfield properties. Similarly, in 2008, another "Trust Deed" was signed between Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar. Ms. Maryam Safdar (Respondent No. 6) in response to specific summon to produce the original of i) Trust Deed document of M/s. Nielson Enterprises Limited and M/s. Nescoll Limited (***Annexure B***) and, ii) Trust Deed of Coomber Inc. (***Annexure C***) provided what she stated were the " Originals" but were in reality good quality photocopies of the originals.

**Documentary Evidence in the Case**

9. **Documents/ Record Provided by the Respondents**:

a. Despite prior notice, the Respondents (No. 1, 6, 7 & 8) and Mr. Hamad Al-Thani provided selected documents or record but failed to produce any additional document/ record or evidence before the JIT to substantiate their stated position on the ownership of the apartments. The following documents/ records (only photocopies provided to JIT) and the Honorable Supreme Court of Pakistan, attached with CMA 432, 7531 and 7511, are the main basis of the defence of the Respondents with regard to Avenfield properties:-

(1) Trust Deed; page 83-86 (CMA 7531, 7511)

(2) Share Certificates; Nescoll and Neilsen Enterprises; Page 63-72 (CMA 7531).

(3) Copy of Sheikh Hamad Bin Jasim Bin Jaber Al Thani letter; page 22 (CMA 432).

(4) Worksheet for settlement; page 63 (CMA 432).

10. **Documentary Evidence Acquired by the JIT**: There are two key documents which helped the JIT to draw conclusions about not only the ownership of the Apartments but also about nearly all the questions raised by the Honorable Supreme Court of Pakistan.

a. **Authentication of Letters of Mr. Errol George (Director, Financial Investigation Agency, BVI) and response thereto of Mossack Fonseca & Co. (BVI) ( released by ICIJ in Panama Papers)**:

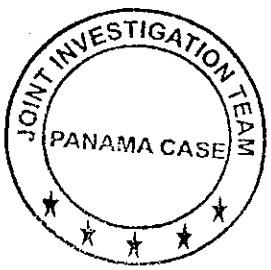
(1) In response to JIT's MLA, Mr. Errol George (Director, Financial Investigation Agency, BVI) has certified/ verified his correspondence with Ms. J. Nizbeth Maduro [Money Laundering Reporting Officer, Mossack Fonseca & Co. (BVI)] during June 2012 as true copies (copies of the said letter/ correspondence is attached as ***Annexure D***.

(2) In his letter addressed to the JIT, Mr. Errol George has confirmed the following:-

(a) That a letter dated 12 June, 2012 (bearing reference "SAR#1478") was issued by the Financial Investigation Agency of the British Virgin Islands ("the Agency") signed by Mr. Errol George, Director, raising various queries in relation to both Nescoll Limited

and Nielson Limited to Ms. J. Nizbeth Maduro, Money Laundering reporting Officer, Mossack Fonseca & Co. (BVI) Ltd.

(b) That the Agency received a reply dated 22 June, 2012 from Mossack Fonseca & Co.(BVI) Ltd, responding to queries raised by the Agency in relation to Nielson Enterprises Limited; and



(c) That the Agency received a reply dated 22 June, 2012 from Mossack Fonseca & Co. (BVI) Ltd, responding to queries raised by the Agency in relation to Nescoll Limited.

(3) The letters certified/ verified by Mr. Errol George in response to MLA request indicate that Ms. J. Nizbeth Maduro [Money Laundering Reporting Officer, Mossack Fonseca & Co. (BVI)], in her two letters dated 22nd June 2012, has provided following information to FIA, BVI:-

(a) **Re: Nielson Enterprises Limited – BC# 114856 (copy attached)**: Excerpts of the letter are as under:

i. The Beneficial Owner of the company is Maryam Safdar whose address is Saroor Palace, Bazoue al eman st. Ruwais, Jeddah, Kingdom of Saudi Arabia. Passport copy enclosed for ease of reference.

ii. Please be informed that we are not in receipt of the name(s), contact details and physical address of the Settler, Trustee and Beneficiary of any Trust(s) connected to or concerned with the aforementioned company.

(b) **Re: Nescoll Limited – BC# 77606 (copy attached)**: Excerpts of the letter are as under:

i. The Beneficial Owner of the company is Maryam Safdar whose address is Saroor Palace, bazoue al eman st. Ruwais, Jeddah, Kingdom of Saudi Arabia. Passport copy enclosed for ease of reference.

ii. Please be informed that we are not in receipt of the name(s), contact details and physical address of the Settler, Trustee and Beneficiary of any Trust(s) connected to or concerned with the aforementioned company.

(4) **Conclusions**: The authenticated documents render incorrect, into, the defence of Ms. Maryam Safdar (Respondent No. 6) and Mr. Hussain Nawaz Sharif (Respondent No. 7), taken before the Honourable Supreme Court of Pakistan and the JIT with respect to the beneficial ownership of the apartments and the Trust Deed submitted, as under:-.

(a) The authentication of above documents by Mr. Errol George and their receipt through formal official channels of Attorney General Office of BVI, prove beyond doubt that Ms. Maryam Safdar was the real and Beneficial Owner of Nielson and Nescoll offshore companies in 2012 and thus owned Avenfield properties.

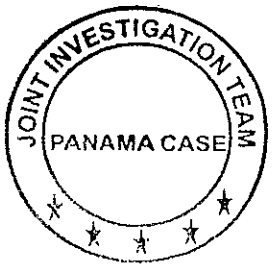
(b) It authenticates that there was no Trust/ Trustees associated with these companies.

(c) The address of Ms. Maryam Safdar as shown in the letters of Ms. J. Nizbeth Maduro (Mossack Fonseca & Co. BVI), is of Saroor

JOINT INVESTIGATION TEAM
PANAMA CASE

Palace, Jeddah. Therefore, it can be assumed, if not contradicted by any documentary evidence, that Ms. Maryam Safdar remained the real and Beneficial Owner of the Avenfield properties under Nielson and Nescoll offshore companies, since she was living in Saroor Palace, Jeddah (between 2000 to 2005).

(d) The analysis of tax returns of Ms. Maryam Safdar shows that she had never declared Avenfield Apartments, as her overseas properties,



b. **Letter of SAMBA Financial Group, Tahlia Ladies Branch dated 3rd December 2005 addressed to Minerva Financial Services Limited (copy attached as *Annexure E*** In her statement before the JIT and CMA--- (page 18), Ms. Maryam Safdar (Respondent No. 6) has authenticated this letter to be true copy. However, she has taken up the position that she was given this letter on her request since she was Trustee of Avenfield properties, which were being looked after by Minerva.

(1) Excerpts of this letter are as under:-

(a) This is to certify that Maryam Mohammad Safdar is one of our valued customer in SAMBA Al-Tahlia Branch since 2002. And she is well known to us.

(b) full address: Saroor Palace, Bazoue al eman st. Ruwais, Jeddah, Kingdom of Saudi Arabia.

(c) This certificate was given to Maryam Mohammad Safdar based on her request without any responsibility on our part.

(2) **Conclusions:**

(a) The accepted letter establishes link of Ms. Maryam Safdar with Minerva Service since December 2005.

(b) Same address (Saroor Palace) is given in the SAMBA and Mr. Errol George letters (referred above), which indicates the timeframe of the linkage of Ms. Maryam Safdar with Minerva Service (2005).

(c) The contention of Ms. Maryam Safdar, of being Trustee of Avenfield properties, and that being the reason for her linkage with Minerva Services and the SAMBA letter is rendered totally incorrect by the authenticated letters of Mr. Errol George that plainly prove that she was the Beneficial owner of these properties, which were managed by Minerva Services.

(3) **Conclusions**: Ms. Maryam Safdar has submitted fake/ falsified documents to the JIT, which is a criminal offence. These documents are decoys to manipulate facts and camouflage truth. Mr Hussain Nawaz and Capt (R) Safdar as well as Ms Maryam safdar have also signed these falsified and misleading documents. Mr Hasan Nawaz Sharif, having submitted these documents as Respondent No. 8 is also prima facie involved in manipulating and misleading the Honorable Supreme Court of Pakistan:

11. **QC's Legal Opinion on Validity of the Nescoll/Nielsen Declaration of Trust under English law**; The defence of the Respondents with reference to the ownership of Avenfield properties hinges on Trust Declaration (Nielson and Nescoll Companies, ***Annexure B***) between

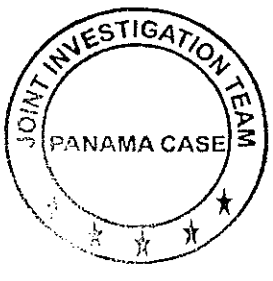
JOINT INVESTIGATION TEAM
PANAMA CASE

Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar, claimed to have been signed in 2006 and 2008 respectively.

12. The JIT has examined and considered the validity and authenticity of the Nescoll/Nielsen Declaration of Trust. With regard to its validity of the Nescoll/Nielsen Declaration of Trust, the JIT has considered the two "expert opinions" of English Queen's Counsel filed on behalf the Respondents No. 7 and 8 and by the Petitioner in CP 29/16 respectively. The "expert opinion" filed on behalf of the Respondents No. 7 and 8 is that of Stephen Moverley Smith QC dated 12-6-2017 is at page 107 of CMA 432/17 ***Annexure F***. The "expert opinion" filed on behalf of the Petitioner is of Gilead Cooper QC and is dated 13-2-2017. This was filed through a CMA and comprises of 22 pages. ***Annexure G***

13. The opinion of Stephen Moverley Smith QC is that there is no requirement, under either the laws of England and Wales, or under the laws of the British Virgin Islands, for trust instruments to be registered or filed with any authority and that there being no obligation to register or file a trust instrument, it becomes effective on the trustee agreeing by his signature to hold the assets of the trust on the terms of the written instrument. This opinion does not refer to either the Coomber Trust Declaration or the Nescoll/Nielsen Declaration of Trust nor does it state that the either was examined for the purposes of rendering that opinion. It is restricted to a general and broad statement of the English and BVI law as noted above.

14. The opinion of Gilead Cooper QC is substantially more detailed and refers at length to the pleadings of the Respondents No. 6 and 7 in CP 29/17 as well as specific provisions of the Nescoll/Nielsen Declaration of Trust. It also considers and comments on the opinion rendered by Stephen Moverley Smith QC. Upon examination of the said opinion the position that emerges under English law according to Gilead Cooper QC is that:



a. As a matter of English law, there are two methods by which a trust may be created: *either* a settlor may declare *himself* to be trustee of property belonging to him; or a settlor may *transfer* property to a trustee, who accepts the trust the case of bearer shares, the legal title is vested in whoever has physical possession of the

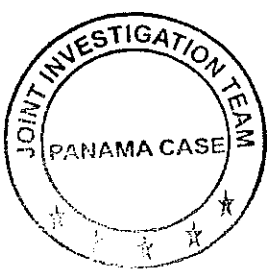
JOINT INVESTIGATION TEAM PANAMA CASE

share certificates, and in order for the trust to be fully constituted, the certificates must be physically handed to the trustee. There is no mention of the bearer shares in this case ever having been handed over to Respondent No. 6 in either the pleadings of Respondents No. 1, 6 or 7 nor in any statement made by them before the JIT. Consequently, "if this did not take place, there was no transfer, and consequently no trust." It is the opinion of this expert that neither the English nor the BVI jurisdiction will recognise a valid trust of which the Respondent No. 6 is the trustee unless there was physical delivery of the bearer shares to her.

b. The JIT having considered both "expert opinions" carefully is of the view that, on balance, the legal conclusions of Gilead Cooper QC appear to reflect the correct position as these have been reached by considering all of the available facts and are underpinned by English law. If this position is accepted, which the JIT tends to agree with, then the obvious consequence is that the Nescoll/Nielsen Declaration of Trust did not create any valid and lawful trust under English law.

c. The matter of the continued validity of the Nescoll/Nielsen Declaration of Trust does not, however, rest there. It is an admitted position as pleaded by the Respondents No. 6, 7 and 8 that the "bearer" shares of Nescoll Limited and Nielsen Enterprises Limited were "cancelled" in July 2006 and new "registered" shares were issued in the name of Minerva entities. Again, since to create a valid trust, English law requires the *transfer* of the trust property (in this case, after July 2006 being the "registered shares" of Nescoll Limited and Nielsen Enterprises Limited and not the "bearer" shares) to a trustee, who accepts the trust, the cancellation of the "bearer" shares would have terminated any trust that may have existed as it left Respondent No. 6 with nothing over which she could be a trustee: without the bearer shares, she had no interest in Nescoll Limited and Nielsen Enterprises Limited. Furthermore, by cancelling the bearer shares and giving instructions for the issue of new shares, it is the opinion of Gilead Cooper QC that Respondent No. 7 "was in effect exercising his right under *Saunders v Vautier* (1841) 4 Beav. 115. to wind up the trust as the absolute beneficial owner" and that

would have "discharged" Respondent No. 6 "from any duties or obligations she might have had under the" Nescoll/Nielsen Declaration of Trust. The JIT, on balance, tends to agree with this opinion, the consequence of which is that even if *assuming arguendo* there was a valid trust over the "bearer" shares with effect from the date of purported execution of the Nescoll/Nielsen Declaration of Trust in February 2006, it would have terminated in July 2006, when the bearer shares were cancelled. Therefore, with effect from the date of cancellation of the "bearer" shares there was no lawful and valid trust and neither is such trust continuing to-date, contrary to the pleadings of the Respondents No. 6 and 7 and their respective statements before the JIT.



15. **Authenticity of the Trust Document Produced**: The JIT during examination of the document observed inconsistencies in the document produced by the Respondents as Nielson/ Nescoll Trust Deed and Coomber Inc, Trust Deed. Foregoing, the JIT underwent an exhaustive examination regime to include seeking comments from the solicitor (Jeremy Freeman), who had authenticated this Trust Deed and also the handwriting experts.

a. Mr Freeman's response was limited. ***Annexure H***.

(1) He stated: *"...We are in receipt of your email dated 27th June 2017 sent at 13:36 to our Mr Freeman. On 4th February 2006 Mr Hussain Nawaz Sharif and Mr Waqar Ahmed attended at these offices bearing the original Declarations of Trust, copies of which were attached to your email under reply and neither of which had Mr Freeman seen previously.....we do not propose corresponding with you any further.."*

(2) It is material to note that Freeman:

(a) Claims to have seen the 'original' documents which are identical to "copies" attached to Quist's letter.

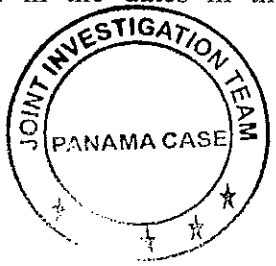
(b) He had not seen the documents until they were allegedly produced by Hussain Sharif.

(c) Confirms being one of two witnesses who also signed the document.

(d) Confirms the contents of his 5 January are allegedly correct.

(e) Refuses to give detailed answers to Quist's questions and to entertain any further correspondence.

(3) **Conclusion**: At the time we therefore concluded that the failure by Mr Freeman to respond in comprehensive terms to Quist's letter was strongly indicative of the fact that to do so, namely, provide full and honest replies, would have incriminated not only Hussain Sharif and Mariam Safdar but also the other respondents in addition to Mr Freeman himself.



b. **Expert Opinion by Document Examiner of "Trust Declarations" of Nescoll & Nielson Limited and Coomber Inc., Provided by Ms. Maryam Safdar to the JIT**;

(1) Ms. Maryam Safdar, during her appearance before the JIT, provided following two documents, claiming these to be "Original Copies"

(a) "Nescoll/Nielsen Declaration" (copy attached as ***Annexure B***);

(b) "Coomber Declaration" (copy attached as ***Annexure C***);

(2) It is worth mentioning that the JIT had, after noticing some obvious cuttings in the dates in the photocopied documents presented by the

respondents in the Court proceedings had already got an expert opinion from "The Radley Forensic Document Laboratory (Forensic Handwriting & Document Examination Experts), London and had obtained the first report which is at ***Annexure I***. The JIT also sent, what was presented by Ms Maryam Safdar as "Original Documents" to "The Radley Forensic Document Laboratory (Forensic Handwriting & Document Examination Experts), London for examination. After forensic examination, the said Laboratory submitted a comprehensive report duly signed by ROBERT W. RADLEY (Forensic Handwriting & Document Examiner), profile at ***Annexure J***, and copy of report is attached as ***Annexure K***. Summary of their opinion is as under:-

(a) Both certified Declarations are bound with a staple and an eyelet binder in the top left hand corner which enclosed the pages of the Declaration within a green triangular corner piece. I am firmly of the opinion that both of the documents have been unbound with the removal of the eyelet in each case and the removal a number of staples and then rebound using the same eyelets and a single staple per document.

(b) I have identified the type font used to produce both certified Declarations as "Calibri". However, Calibri was not commercially available before 31st January 2007 and as such, neither of the originals of the certified Declarations is correctly dated and happy to have been created at some later point in time.

(c) It is not possible to determine when these copies would have been made unless, possibly, ink dating is undertaken.

(3) **Conclusions**:

(a) The report prepared by the UK based (Forensic Handwriting & Document Examiner) proves, beyond any doubt that presented documents by respondents in the Supreme Court and the documents presented to the JIT by Ms. Maryam Safdar were falsified to mislead the Court to believe that they were signed in 2006, whereas they could not have been typed in that font in that year as it was not yet introduced.

(b) The report by the Forensic Handwriting & Document Examiner further corroborates and substantiates the certified letters of Mr. Errol George, which indicate that Ms. Maryam Safdar was Beneficial Owner of Neilson/ Nescoll offshore companies (sole shareholders of Avenfield properties) and there was no trust or "Trustee".

16. **Conclusive Findings with reference to Authentication of Documents**: Following facts are proved beyond doubt;-

a. Ms. Maryam Safdar had been the real and Beneficial Owner of Neilson and Nescoll Offshore Companies and owned Avenfield properties in 2012 and before. Her present status with reference to ownership of these properties could not be checked/ verified in absence of record/ evidence, which the Respondents were required to provide in line with Qanoon-e-Shahadat.

b. Trust Declaration documents, presented by Ms. Maryam Safdar to the JIT, as well as the photocopies of these documents submitted in the Honorable Supreme Court of Pakistan, are fake and fabricated documents. These documents are decoys to

mislead the Honourable Supreme Court of Pakistan, manipulate facts and camouflage truth.

c. The non-provision of requested corroborative documents/ record and refusal to give "Data Disclosure Consent" to the JIT by the Respondents, corroborate the fact that Respondents were consciously veiling the evidence and its access by JIT, which they were otherwise required to produce before the JIT in the light of Articles 117, 119 & 129 of Qanoon-e-Shahadat 1984 and Section-9(a)(5) of National Accountability Ordinance 1999.

**JIT's Findings on the bases of Statements of the Respondents**

17. **Possession of Avenfield Properties**: Although rendered almost inconsequential due to the documentary evidence presented above, the investigation by JIT about the possession of the apartments is discussed below.

a. It is an accepted fact that Avenfied Apartments (Flats No. 16, 16a, 17 & 17a) are in possession of Sharif family since 1993. Mr. Hussain Nawaz Sharif claimed to have taken possession of first apartment (Flat # 17) in 1993. Later his brother, Mr. Hasan Nawaz Sharif joined him in 1994, and also his cousins Mr. Hamza Shahbaz and Mr. Haroon. He claimed to have taken possession of Apartment No. 16 during 1995, which was earlier in use by an Arab family. He claimed to have also taken possession of Apartment 17 A in the period 1995- 96. Some discrepancies and inconsistencies in the statement of Respondents with reference to possession of apartments are as under;

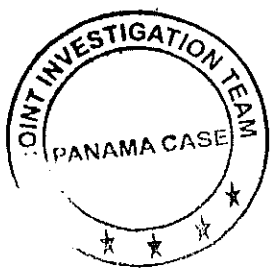
b. Mr. Hasan Nawaz Sharif has practically lived all of his adult life in the Avenfield apartment. He was however very evasive in answering the questions about the ownership of the apartments. He was asked about the interview that was aired in Tim Sabistian's BBC program "Hardtalk" attributed his answer to being very

young at that time and facing an anchor like Tim was not easy. He also said that the questions related to the Avenfield Apartments, in Hardtalk, were posed without any notice. He further stated that he should have stated the same thing that he has stated today before the JIT i.e he did not know who was paying the rent for the apartments. The claim of Mr. Hasan Nawaz Sharif, notwithstanding his age at that time, is not convincing as he did not acknowledge, in his statement before the JIT, that he had any knowledge, who owned Nielson and Nescoll at that time and even refused to acknowledge that he knew of these names at that time.

c. Mr. Hasan Nawaz Sharif (Respondent No. 8) contradicted the statement by Mr. Hussain Nawaz Sharif about possession of Avenfield Apartments, who had earlier stated that only Apartment No. 17 was in his possession in 1994. Contrarily, he confirmed that three Avenfield Apartments (No. 16, 16a & 17) were already in possession of Mr. Hussain Nawaz Sharif when he reached London in 1994 while they got possession of the fourth Apartment (No. 17a) over the next 6 months. It substantiates that Mr. Hussain Nawaz Sharif *prima facie* was not truthful to the JIT about possession of these Apartments.

d. Mian Nawaz Sharif distanced himself from the apartments and could not explain the timeframe and procedure adopted for obtaining possession of Avenfield Apartments by his sons namely; Mr. Hussain Nawaz Sharif and Mr. Hasan Nawaz Sharif and was even uncertain about which son claims the ownership of the flats now. He was unable to reply to questions with reference to possession of Avenfield Apartments vis-à-vis their management since 1993/94.

e. Mian Nawaz Sharif stated that he usually stayed in Apartment No. 16 (Avenfield) whenever he visited London. It is interesting to note that, except him, no one is ever stated to have lived in Apartment No. 16; the only exception was Mian Muhammad Sharif, who as per the statement of Mr. Hussain Nawaz Sharif stayed in this apartment while he was sick in nineties. This exclusive use of the



apartment makes him the sole beneficiary of the apartment as far as possession is concerned.

f. Mr. Hasan Nawaz Sharif stated that Mr. Hussain Nawaz Sharif had been paying for the ground rent and utilities of Avenfield Apartments from 1994 to 2000; thereafter he started himself paying it for which money also came from Mr. Hussain Nawaz Sharif. This contention is not consistent with the stance of Mr. Hussain Nawaz Sharif who stated that he did not pay these expenses after he left London in 1996. Both the brothers are supposed to be having firsthand knowledge about this aspect being personally involved in the said activity, hence cannot be given the benefit of doubt. Prime facie, either one or both of them has lied to hide some fact. On the other hand, Mian Nawaz Sharif was unable to reply to questions with reference to possession of Avenfield Apartments vis-à-vis their management since 1993/94.

g. Mr. Hussain Nawaz Sharif stated that he had been receiving money from his grandfather from the account of Ittefaq Group of Industries, 32 Empress Road Lahore for payment of ground rent and service charges for the Avenfield Apartments, which is in line with the statements of Mian Nawaz Sharif and Mian Shahbaz Sharif. Mian Nawaz Sharif reconfirmed that all expenses related to stay of Mr. Hasan Nawaz Sharif and Mr. Hussain Nawaz Sharif and the flats were being met by his father, Mian Muhammad Sharif. He stated that he knew that his family was paying the ground rent, service charges and utilities but did not know whether rent was being paid or not.

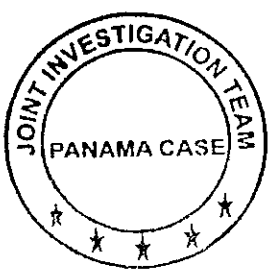
18. **Money Trail, as Claimed by the Respondents – Investment in Qatari Business by Mian Sharif and their Proceeds thereto**: The JIT, based on available documentary evidence and inconsistencies in the statements of the witnesses, has clearly concluded that the spreadsheet attached with Qatari letter (copy attached as ***Annexure L***) has been "*constructed*" as an afterthought to artificially connect missing dots in money trail of Sharif family with reference to the ownership of Avenfield Apartments. Therefore, the appearance of the two letters from Mr.

Al-Thani in the Honourable Supreme Court of Pakistan is a "Myth" and not a reality. Details along with corroborating evidence have been covered in Volume-IV (Qatari Letters) of the JIT's Investigation Report.

19. **Ownership of Avenfield Apartments and Trust Deed, as Claimed by the Respondents**: Although it has been proved beyond doubt that Ms. Maryam Safdar had been the owner of Avenfield properties and that documents filed by the Respondents (No. 6, 7 & 8) are fake and manipulated, yet, the statements by the Respondents/ witnesses have been analyzed as under, which further corroborate above referred authentic documentary evidence;

a. Mr. Hussain Nawaz Sharif stated that there was no written agreement prepared or signed between the parties about the settlement that was being made after about 25 years "to avoid future litigation by any party". This argument of not signing an agreement to settle an investment spread over decades and involving payments, for which no proof exists, is beyond comprehension and highly improbable.

b. Mian Nawaz Sharif was confronted with the relevant contents of his speech to the nation dated 5th April, 2016 and address in National Assembly dated 16th May, 2016. Initially, he claimed privilege of not replying but later gave vague answers stating that whatever he said was correct. He did not endorse the contents of interview by Mrs. Kalsoom Nawaz Sharif given to The Guardian newspaper in the year 2000 whereby she accepted ownership of Avenfield Apartments. He stated that she might not be in knowledge of actual situation. He also showed ignorance about claimed "Trust Deed" signed by Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar.



c. Mr. Hasan Nawaz Sharif stated that he first time came to know about "Trust Deed" with reference to Avenfield Apartments/ Nielson and Nescoll, in which Ms. Maryam Safdar was made "Trustee" by Respondent No.7. Furthermore, copy of this "Trust Deed" was not provided to Minerva (service provider Company) in 2006. The secrecy about the "Trust Deed" (if there was any) confirm about its

very existence in 2006. His answer to the question whether he knew if any member of his family was the beneficial owner of Nielson and Nescoll, the companies who owned the Avenfield apartments, during the period 1994 to 2006 was not a plain negation. He rather chose to answer the question in an indirect way by saying that he had no means of knowing whether his family was the beneficial owner of Nielson and Nescoll, the companies who owned the Avenfield apartments, during the period 1994 to 2006. Mr. Hasan Nawaz Sharif's lack of direct response seemed to be a tactic to avoid questioning on the issue. His statement in this regard was not plausible.

d. Mian Nawaz Sharif explained, at length, that Sharifs are closely knit, and an interdependent monolithic family. Mian Sharif had been head of family, who solely decided about the shares of various family members in the businesses, and the entire family used to be the beneficiary; he explained by stating that even educational expenses of his children were being paid by Mian Muhammad Sharif. Mr Shahbaz Sharif also corroborated the fact that the Sharifs are a monolithic family and stated that the expenses of Mr. Hamza Shahbaz Sharif in UK were also borne by Mian Sharif. This analogy is further corroborated by the utilization of the Avenfield Apartments where the beneficial ownership is claimed by Mr. Hussain Nawaz while the beneficiary in terms of longest possession and use is Mr. Hasan Nawaz Sharif.

e. Captain (R) Muhammad Safdar (Respondent No. 9) misstated that even today he did not know about owner of Avenfield Apartments. He, along with the family, had been visiting London since 1993, but neither stayed nor was in knowledge that Apartments were in possession of Sharif family. In late 2007, he along with family (including Mian Nawaz Sharif) once stated in Avenfield Apartments and learnt that Apartments were in possession of Sharif family. Following serious inconsistencies have been observed:-

(1) He claimed to have signed a "Trust Deed between Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar" as witness relating to Avenfield Apartments in 2006. Therefore, his contention that he was oblivious about owner of Avenfield Apartment is absolutely untrue.

(2) The ownership of Avenfield Apartments has remained under discussion in the media since 90s. It is implausible that a close family member like him was completely unaware about this issue.

(3) He narrated all events leading to the "Trust Deed between Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar", which he signed as a witness but neither did he remember the contents of the Trust Deed, nor its date/ year of signing since he had quickly gleaned the document. He declined to have known the relationship of Avenfield Apartments with the Trust Deed. When confronted with the Trust Deed filed by the Respondents in CMA ---- , he initially kept arguing it to be incomplete and photocopied document. However, later when exclusively indicated by the JIT, he verified it to be true copy. He also failed to recall any other "Trust Deed" signed by him as witness. Important conclusions are as under:-

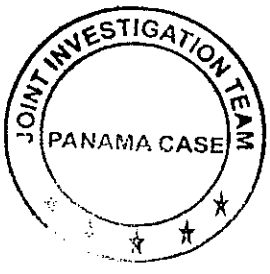
(a) His inability to recall contents of claimed "Trust Deed" vindicated that no trust deed existed. He might have been made to sign some document by the family which he signed without reading. A common pattern/ practice in Sharif family, whereby decision by head of family is blindly complied with. Following are few cases to cite:-

i. Mr. Tariq Shafi claimed that he had been signing different documents related to Gulf Steel Mills without even reading the contents, though, there are serious unanswered

questions about even genuineness of his signatures on these documents.

ii. Mr. Hasan Nawaz Sharif and Mr. Hussain Nawaz Sharif signed family "Assets' Settlement" document, but when asked, they refused to have even seen the document.

iii. Mian Muhammad Nawaz Sharif verified his signatures on family "Assets' Settlement" document, but failed to recall the contents of the documents or date/ year of its signing.



f. **Envisaged Reason of Conversion of Bearer Shares into Registered Shares of Nielson and Nescoll**:

(1) Government of BVI changed its policy with reference to bearer shares, whereby the bearer shares were required to be converted into registered shares by June 2006, hence there was no flexibility to go beyond 2006.

(2) In 2007, Avenfield Apartments were pledged and mortgaged by Coomber Inc, in 2007 and 2008 respectively.

20. **Physical Transfer of the Bearer Shares of Nielson and Nescoll Offshore Companies**: Although it has been established that Ms. Maryam Safdar was beneficial owner of Avenfield Apartments and that the story built by Mr. Hussain Nawaz Sharif and other Respondents is totally incorrect which have been attempted to be corroborated by false documents yet, the stated stance of Respondents is discussed below to highlight contradictions and inconsistencies in their statements.;

a. Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar stated that they never saw or possessed Bearer Shares of Nielson and Nescoll Offshore Companies after their

transfer as a consequence of settlement with Mr. Al-Thani. On other hand, Mian Muhammad Nawaz Sharif said that he did not know how the bearer certificates were transferred.

b. As claimed by Mr. Hussain Nawaz Sharif, in early 2006, these were sent in an envelope by Mr. Nasir Khamis (representative of Mr. Al-Thani. to Mr. Waqar Ahmed (representative of Mr. Hussain Nawaz Sharif and business manager of Mr. Hasan Nawaz Sharif), who in turn mailed this sealed envelope to Minerva.

c. Mr. Hussain Nawaz Sharif confirmed, when repeatedly asked, that neither he nor Mr. Waqar Ahmed ever saw the Bearer Shares themselves.

d. He also stated that he along with Ms. Maryam Safdar (Respondent No. 6) had filled "Know Your Customer (KYC)" forms in Minerva. Ms. Maryam Safdar, however, negated this stating that she never filed any KYC. ***Annexure M***

e. **Conclusions**:

(1) Repeated change in stance of Mr. Hussain Nawaz Sharif before the JIT and even from the reply submitted in Honourable Supreme Court of Pakistan indicates possible efforts to conceal the facts.

(2) As per one of the clauses of the Trust Deed signed between Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar) produced by him, the "Trustee (Ms. Maryam Safdar)" was required to "hold" Bearer Shares on behalf of Mr. Hussain Nawaz Sharif. In the event, when both of them have never even seen these Bearer Shares, the document (Trust Deed) becomes unauthentic/illegality.

JOINT INVESTIGATION TEAM
PANAMA CASE

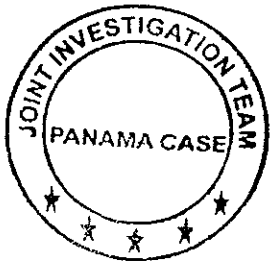
21. **Family Assets' Settlement**: Again, rendered almost inconsequential, another aspect that was investigated by the JIT is the Family asset settlement of the Sharif family. After the death of Mian Muhammad Sharif in 2004, Sharif family (sons, daughters and grandsons and granddaughters of Mian Sharif) reached a family assets settlement (copy attached as ***Annexure N***). However, the family asset settlement was executed in 2009 on an Affidavit, duly signed by all members of Sharif family;

a. Mian Nawaz Sharif stated that family "Assets Settlement" was agreed and executed after death of Mian Muhammad Sharif in 2005, which was inclusive of all properties and assets held by the family within Pakistan and abroad. He identified his signature on the "Assets Settlement" document accepting them to be his.

b. The said "Assets Settlement" document does not contain/ cover detail of any property outside Pakistan especially Avenfield Apartments. As per the statements of the Respondents, the apartments were transferred in the name of Sharif family (Mr. Hussain Nawaz Sharif) in 2006, much earlier than the execution of "Assets Settlement" document (signed in 2009) but there is no mention of these apartments in the document.

c. In the settlement document the female members of the family have surrendered their rights in favour of male members with reference to properties/ assets in Pakistan. It is however interesting to note that in case of apartments none of the legal heirs of Mian Muhammad Sharif including Mian Muhammad Nawaz Sharif and his brothers surrendered their claims on Avenfield Apartments in favour of Mr. Hussain Nawaz Sharif.

d. Mr Shahbaz sharif also verified "Assets Settlement" document, shown by the JIT as a true copy; the document was prepared in 2005 and executed in 2009 as shown on the Affidavit. Mian Shahbaz Sharif, however, also failed to justify non-



inclusion of Avenfield Apartments or investment with Mr. Al Thani in the said document.

**Al-Towfeek Case: Analysis of the English proceedings, the inclusion of Avenfield properties in proceedings and details of their ownership as held by the High Court, Queens Bench Division.**

22. Although the documentary evidence discussed above is conclusive the JIT investigated the Al Towfeek litigation (being case 1998-A-No. 991 before the Queens' Bench Division of the High Court of Justice (England) in which the Plaintiff was Al-Towfeek Company for Investment Funds Limited (Al-Towfeek) and Hudabiya Paper Mills Limited (Hudabiya), Mian Mohammad Shahbaz Sharif, Mian Mohammad Sharif and Mian Mohammad Abbas Sharif were arrayed as the First, Second, Third and Fourth Defendants respectively). The settlement of the litigation is an areas of investigation by the JIT in the context of identifying the true ultimate beneficial owners of the Mayfair apartments and assessing the veracity of the version presented before the Honourble Court with respect to these legal proceedings and the payment of US $ 8 million admittedly made to settle the same.

23. **Background of the Al-Towfeek Case:**

a. Proceedings were issued in London to recover a loan made by Al-Towfeek to Hudabiya Mills. Judgments were entered by the Plaintiff in the High Court on 20 October 1998 and 16 March 1999. On 26 October 1999, Mr. Shezi Nacqvi representing the Plaintiff filed witness statements with the High Court in support of an application for a charging order over the Mayfair apartments. His statements describe the interests of the Sharif family in the Mayfair apartments. On 5th November 1999 the High Court granted a "charging order nisi" over the Mayfair apartments in favour of the Plaintiff. The order expressly declared that " ...the second defendant, third defendant/or fourth defendant has a beneficial interest in the [Mayfair apartments details of which were set out] in the schedule [to the order]". ***Annexure O***

b. There is a reference in the proceedings to the ownership of Hudabiya by the Sharif family and personal outstanding liabilities. Details of the parties and the liabilities are:

| | | |
|---|---|---|
| Hudabiya Paper Mills Limited, | First defendant | |
| Mian Mohammad Shahbaz Sharif | Second Defendant | US$18,673,203.86 |
| Mian Mohammad Sharif | Third Defendant | US$15,504,732.37 |
| Mian Mohammad Abbas Sharif | Fourth Defendant | S$15,504,732.37 |

c. The Plaintiff was also given permission to serve the charging order and Mr Nackvi's witness statements on the defendants in Pakistan and the JIT has obtained record which proves that this was indeed done and that, inter alia, Mr. Shahbaz Sharif was duly served with the same. It was further ordered that a complete set of the application documents should be served on the BVI companies at their registered office at Ansbacher BVI PO Box 659, Road Town, Tortola, British Virgin Islands. It appears, from available information, that the Defendants failed to respond to the assertions concerning the details and basis of their interests in the Mayfair apartments or otherwise to challenge or deny the same in any other way.

d. It is further worth noting that despite the Defendants' incarceration a settlement was reached between the parties and accordingly a Consent Order was filed with the High Court on 25 January 2000. The Consent Order had annexed to it a settlement deed. The deed is sealed and not available for public scrutiny. However, we now have a draft copy of the Consent Order ***Annexure P***, which we comment on below. The JIT has also submitted a Request for International Mutual Legal Assistance to the UK Central Authority seeking record of the English High Court proceedings ***Annexure Q***.

e. The draft Consent Order states that the charging order nisi granted by Master Trench on 5 November 1999 be discharged forthwith upon payment in accordance with clause 3 of the said deed with no order as to costs.

f. The cautions registered against the Mayfair apartments, therefore, are not required to be removed until payment is made to satisfy judgment. The security and the caution remain in place until the defendants make payment. The cautions are removed almost a month later on 21st February 2000.

24. **Analysis by JIT**:

a. According to the records made available to the JIT by SECP, Hudabiya Paper Mills had the following directors at the time of commencement of business in March 1992:

(1) Mian Muhammad Sharif
(2) Mian Shahbaz Sharif s/o Mian Sharif
(3) Mian Abbas Sharif s/o Mian Sharif
(4) Hussain Nawaz Sharif s/o Mian Nawaz Sharif
(6) Hamza Shahbaz Sharif s/o Mian Shahbaz Sharif
(7) Mrs. Shamim Akhtar w/o Mian Sharif
(8) Mrs. Sabiha Abbas d/o Mian Abbass

b. After commencement of business there was no change in the above until 1995. In October 1996, Mrs. Maryam (Nawaz) Safdar, was made director in place of Mr. Muhammad Shahbaz Sharif; thereafter as per the records filed with SECP there was no change in the director's status until 30 December 2000.

c. In his statement before the JIT, Mr. Shahbaz Sharif refused to answer questions concerning the Al-Towfeek litigation and related issues of registration of cautions against the registered titles of the Mayfair apartments. He refused to answer any

JOINT INVESTIGATION TEAM
PANAMA CASE

questions relating to the English High Court proceedings involving Hudabiya in which he was personally arrayed as the Second Defendant (qua one of the Guarantors of the loan obtained by Hudabiya from Al-Towfeek) by claiming that the English High Court proceedings were quashed by the Pakistani High Court. This is a patently false and unsubstantiated statement belied by the available record which is to the contrary. Moreover, Mr. Shahbaz Sharif never produced the judgment of any High Court of Pakistan to this effect, nor is the JIT otherwise aware of any such judgment. Mr. Shahbaz Sharif, however, persisted that the JIT could not probe into this issue. Despite being made aware that JIT had been mandated in this regard by the Honorable Court, he remained adamant about not answering any questions concerning the placing of the caution over the Mayfair apartments. The said caution was placed in pursuance of the charging order of the English High Court on the basis that Nescoll Limited and Nielsen Enterprises Limited (the registered proprietors of the Mayfair apartments) were alleged to be vehicles for the Second, Third and Fourth Defendants in the said proceeding who were said to be the true beneficial owners. The emphatic and persistent refusal of Mr. Shahbaz Sharif to respond to this line of questions is construed by the JIT as an attempt to evade answering central questions about matters of which, according to the material on record discussed below, Mr. Shahbaz Sharif had due notice and knowledge. As it is now known that the English High Court proceedings were concluded through a Consent Order based on a Settlement Agreement to which all of the Defendants, including Mr. Shahbaz Sharif were a party, the nexus between: (a) Hudabiya, in which, at the relevant time, the interest of Respondent No. 1 was represented through Respondents No. 6 and No. 7 and the interests of the other two brothers was also directly or indirectly represented; and (b) the Mayfair apartments, which were the subject of a charge as a result of the English High Court proceedings, which was only vacated upon payment to Al-Towfeek on behalf of the Defendants of the settlement amount as per the Settlement Agreement executed between Al-Towfeek and the four Defendants in the High Court proceedings, consequently also stands clearly established.

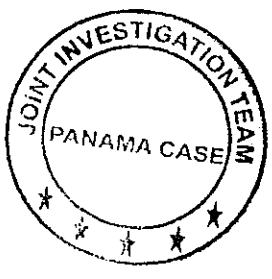
d. A similar pattern can be seen in the statement given by Hasan Nawaz Sharif (Respondent No. 8) who completely denied any knowledge concerning the payment in 2000 claimed by him and his brother Hussain Nawaz Sharif, before the Honorable Court through CMA 432/17, to have been made by the Al-Thani family to settle the Al-Towfeek litigation. This is in stark contradiction to the stance of both brothers in paragraph 8 of CMA 432/17 (submitted on behalf of Respondents No. 7 and No. 8) in which it was pleaded that the Respondent No. 7 was informed by the representative of the Al-Thani family that a sum of US $ 8 million has been paid during the year 2000 to the Al Towfeek Company for Investment Funds and that Respondent No. 7 was informed that this payment was made on the instructions of Mian Muhammad Sharif.

e. Mr. Hussain Nawaz Sharif's (Respondent No. 7) in his statement before the JIT also distanced himself from any knowledge of the English High Court proceedings and subsequent Settlement Agreement, while also explaining how Nasir Khamis, the representative of Mr. Thani, had recorded an expense of US $ 8 million representing the settlement payment in the Al Towfeek litigation. He maintained that his uncle, Mr. Shahbaz Sharif, who could otherwise have known about this payment was not present in Saudi Arabia at the relevant time and therefore he (Hussain) could not ask him to check the veracity of the details of the payment.

f. The Respondent No. 1, Mian Nawaz Sharif, also in his statement before the JIT - while acknowledging that he had heard about the Al Towfeek litigation - denied any knowledge of the details of the Settlement Agreement executed with Al-Towfeek.

g. We refer to the without prejudice draft of the Deed of Settlement and the Consent Order in respect of the English High Court proceedings marked 'Without prejudice - Draft 2, December 1999'("December 1999 draft consent order"). ***Annexure R***.

JOINT INVESTIGATION TEAM
PANAMA CASE



h. We do not believe it reflects the final terms reached and agreed upon by the parties to the Al-Towfeek Litigation, but it is nevertheless a helpful document as it underscores and proves the Defendants inaction when it comes to taking steps to dissociate themselves from having any nexus or beneficial ownership interest in the Mayfair apartments when they become aware of the English High Court proceedings, including the placing of a charge on the Mayfair apartments.

i. Nowhere in the December 1999 draft Consent Order - both in the draft Settlement Deed and the draft Consent Order - does it state that the Defendants do not have a beneficial interest in the Mayfair apartments.

j. The Mayfair apartments are not expressly excluded from being assets against which Al-Towfeek can enforce judgment in the event of a default by the Defendants to make payment.

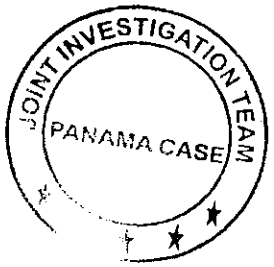
k. This significant omission - expressly excluding the Mayfair apartments in the course of negotiations from the scope of legal proceedings supports, corroborates and reinforces the JIT's analysis and conclusion that the Defendants retained an interest in the Mayfair apartments as also held by the High Court in the 5 November Charging Order. That position remained unchallenged throughout, until final settlement, whether by Hudabiya (in which Respondent No. 1 held interest through his daughter and son), the Second, Third and Fourth Defendants (being the brothers and father of the Respondent No. 1) or by any third party such as any member of the Al-Thani family.

l. The JIT's investigation and analysis of documents / news report attached reveal that the Defendants made an application to set aside an order issued on 4 September 1998 and failed. They were ordered to pay the Plaintiff's legal costs. Nevertheless the Defendants did not appeal against the ruling. Subsequently the Defendants did not seek at any stage to appeal or set aside any further order made

against them even though the High Court declared they had an interest in the Mayfair apartments.

m. The Settlement envisaged by the December 1999 draft consent order encompasses both sets of proceedings – 'the English Action' and 'the Pakistan Action'. *See paragraph D of Annexure P.*

n. Clause 2 of the draft Settlement Deed states that payment is to be made "from Hudabiya and/or the Guarantors in the sums particularised in clause 3 … in full and final settlement" of all worldwide claims "arising out of or in connection with the subject matter of the English Action".



o. Notably therefore, the parties to the draft Settlement Deed (being the same as the Plaintiff and Defendants in the English High Court proceedings) treat the basis of the claim as that set out in the English proceedings and not any proceedings in Pakistan. The Pakistani proceedings were, therefore, only tactical in nature and not a serious attempt to challenge the substantive Al-Towfeek claim fought in the proper jurisdiction where it succeeded and where matters concerning the ownership of the Mayfair apartments were more properly considered.

p. Furthermore, it is significant to note that clause 2 of the draft Settlement Deed refers to payment being made by the Defendants and not the Al-Thani family or any other third party.

q. Clause 7(3) of the draft Settlement Deed requires the Plaintiff to remove the cautions registered against the Mayfair apartments. In reality however, this clause does not seem to have been kept in the final signed version of the Consent Order and the Settlement deed.

r. The investigation reveals that it is likely that the final order by the High Court stated that the charging order nisi granted by Master Trench on November 5, 1999, be discharged forthwith ***upon payment*** in accordance with clause 3 of the said deed with no order as to costs.

s. Accordingly, we continue to rely on our conclusion that the charging order and the caution registered against the Mayfair apartments provided the Plaintiff with security until payment was discharged.

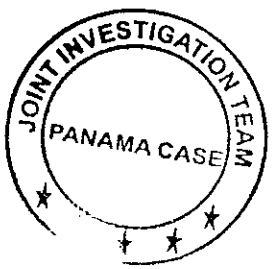
t. The parties agreed to keep the terms of the Settlement Deed confidential. *(Clause16)* We conclude that in all of the circumstances this was an essential requirement for the Respondent No. 1, his father and brothers so that they could mask details of both their personal liabilities and their beneficial interests in the Mayfair apartments.

u. We refer to the Orr, Dignam & Co. (Advocates) letter dated 29 June 2017 addressed to the JIT together with the affidavit of service dated 7 December 1999 provided by the said law firm. ***Annexure S***

v. The affidavit of service sworn by Mr. Mazhar Bangash confirms personal service of the 5 November 1999 Charging Order Nisi and Mr Nackvi's witness statements dated 26 October 1999 and 5 November 1999 - on 26 November 1999 on the Third and Fourth Defendants and on 27 November 1999 on the Second Defendant. Various banks and institutions were also served on other dates. Accordingly, this document itself conclusively proves that the refusal by Mr. Shahbaz Sharif and others to answer questions in relation to the Al-Towfeek litigation is intentionally evasive as the entire matter was formally in his notice. The conclusion that the Respondent No. 1, No. 6, No. 7 and No. 8 as well as Mr. Shahbaz Sharif were fully aware of the English High Court proceedings is further established by the fact that Hudabiya (in which Respondents No. 6 and No. 7 represented the Respondent No. 1's interest in 1999-2000) and Mr. Shahbaz Sharif along with his brother and father are all parties to the Settlement Agreement which was filed upon their instructions in the Queens Bench Division to seek disposal of the Al-Towfeek litigation upon payment of an amount of US $ 8 million to settle the claim of Al-Towfeek.

w. The affidavit as ***Annexure T*** exhibits a sealed copy of the 5 November 1999 charging order, which give details of a further hearing on 16 December 1999 before a judge, which provided an opportunity for the Defendants to challenge the declaration that they had an interest in the Mayfair apartments. Currently, there is no evidence to suggest that the Defendants or their legal representatives either attended that hearing or otherwise successfully set aside the Charging Order Nisi. Any such challenge is highly unlikely given our analysis set out above.

x. We also refer to the further explanatory note attached as ***Annexure U*** prepared by our UK legal advisors, Quist Solicitors.



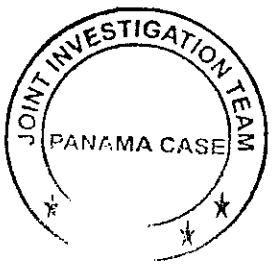
25. **Conclusive Findings**: In the final analysis, on the basis of the material before the JIT, we conclude that:

a. the 'true' owners of the Mayfair apartments at the time of the Al-Towfeek litigation in early 1999 were members of the Sharif family, which included most likely the Respondent No. 1, who seems to be employing his children and the two BVI entities to conceal his true ultimate beneficial ownership in the Mayfair apartments.

b. the available record of the English High Court proceedings also strongly support the conclusion that members of the Al-Thani family or indeed any other third party had no real interest or nexus with the Mayfair apartments as, *inter alia*, no individuals other than members of the Sharif family were represented in the legal proceedings and subsequent negotiations which culminated in the referenced Settlement Agreement, which makes not even an oblique reference to the Al-Thani family.

c. no actual evidence of the remittance and payment of the US $ 8 million by the Al-Thani family on the instructions of Mian Muhammad Sharif, as claimed and pleaded before the Honourable Court has been produced by any of the Respondents or other individuals interviewed by the JIT. The language of the draft Settlement Agreement also fully corroborates the view that the payment was excepted to be made by one of the Defendants to the Al-Towfeek litigation and that one of the underlying objectives to confidentially conclude the said legal English High Court proceedings was to have the charge placed on the Mayfair properties vacated without disclosing the identity of the Ultimate Beneficial Owners.

d. the absence of any established role, involvement or association of any member of the Al-Thani family in the ownership of the Mayfair apartments or of Nescoll Limited and Nielsen Enterprises limited even as far back as early 1999 is quite



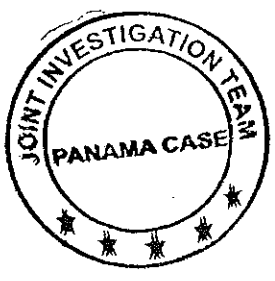
clearly established in the opinion of the JIT. The credibility of the version of events linking ownership of the Mayfair apartments and payment of the US $ 8 million settlement amount to the Al- Thani family is, therefore, further undermined and eroded by these proceedings, the conduct of the parties thereto and the available record relating to the same.

e. based on all the material and information now available with and before the JIT, it is quite evident that the Al-Thani family did not have any interest in the Mayfair apartments in 1999. Had that not been the case then the Al-Thani family or the BVI company agents and directors (upon whom the court orders and the Nacqvi witness statements were also served) would (it is a reasonable assumption by the JIT) have immediately applied to set aside the Charging Order on the basis that their interests had wrongly been interfered with, as the Al-Thani family admittedly had no nexus with the borrower of funds from Al-Towfeek (i.e. Hudaibia), the directors of the BVI entities were under a legal duty to take steps to protect the companies' assets. They also ran the real risk of the High Court ultimately ordering sales of the properties so that the proceeds could be applied to discharge the judgment debt. This however was not the case and a settlement was reached with the defendants without any contest by the Al-Thani family, whether directly or through Nescoll Limited and Neilson Enterprises Limited.

26. The obvious and very strong inference therefore is that the beneficial owners of the properties were not the Al-Thani family.

27. JIT has nevertheless moved a Request for Mutual Legal Assistance (MLA) to obtain specific details and record of the finally executed Settlement Agreement and Consent Order along with related record (update covered in Volume X). Another MLA has been issued to establish the real beneficiary and ultimate user of huge remittances made from fake/ fictitious bank accounts amounting to US$ 3,462,968 in favour of Shamrock (an offshore company) to Lloyd Banks in London during the period between January 1993 to December 1995 (update covered in Volume X). It is pertinent to mention that Shamrock was ostensibly being managed by Mr. Urspeaker who also owned/ managed Ansbachar "the company which managed the Avenfield properties in 90s". The details of this connection have been covered in Volume

pertaining to Hudabiya Case. Such request should however be kept confidential so as to prevent manipulation of record. Quist (Solicitors) are assisting JIT in efforts with the UK Central Authority. The UKCA has acknowledged receipt of the MLA and indicated that a reply to the MLA unfortunately would not be possible within the timeline set by the Honourable Court. Efforts to pursue the matter further are however underway.



**Specific Answers of Questions Raised by Honourable Bench based on JIT's Findings**

28. **Whether Respondents No. 7 and 8 in view of their tender ages had the means in the early nineties to possess and purchase the flats**?

a. Mr. Hasan Nawaz Sharif and Mr. Hussain Nawaz Sharif did not have any independent source of income/ businesses till 2000, and were dependent on their parents/ family. Their residence/ possession of Avenfield properties without payment of rent ostensibly was owing to ownership of the Sharif family at that time. It was only after 2001 that they claimed to have started independent businesses (Azizia Steel Mills and Flagship Investments respectively).

b. Hence it is conclusively established that Respondent No. 7 and 8 did not have any means to, individually or collectively, maintain, manage or purchase Avenfield properties. (answered in detailed in Assets Disproportionate Volume xx)

29. **How bearer shares crystalized into flats**? In light of the documentary evidence discussed in the sections above and the discussions in other volumes related to Gulf Steel sale, the letters of the Qatari prince, the issue of how bearer shares crystalised into flats is fully answered that such claim by the respondent is found totally false. The fabrication of evidence to create trust deed of 2006 and the authentication by BVI authorities of FIA documents showing Ms Maryam Safdar as beneficial owner of the companies make it clear that the issue of bearer

certificates crystallizing into flats is no more relevant. The flats were not the property of Qatari Prince and handing over of the bearer shares as settlement of Qatari investment is totally a myth.

30. **Who, in fact, is the real and beneficial owner of M/s. Nielson Enterprises Limited and M/s. Nescoll Limited?**

a. Mr. Hussain Nawaz Sharif who claims to be the ultimate beneficial owner of M/s. Nielson Enterprises and M/s. Nescoll Limited (owners of the properties) did not produce any document proving his ownership of the said companies/properties despite repeated demand by the JIT.

b. However, in the light of the authentication/ verification letters of Mr. Errol George (Director, FIA, British Virgin Islands) and Advocate General of BVI, it can be conclusively stated that Ms. Maryam Safdar was ( and probably still is) the real and ultimate beneficial owner of the Avenfield properties, through the ownership of by M/s. Nielson Enterprises Limited and M/s. Nescoll Limited (BVI Companies) and the claim of Ms Maryam Safdar being the "Trustee" was an attempt to mislead the Honorable Supreme Court of Pakistan by presenting falsified evidence.

## EXCERPTS FROM STATEMENTS OF RESPONDENTS

**Respondent No – 1 – Mian Nawaz Sharif**

1 to 7. XXXXXXXXXXXXXXXXXXXXX

8. In particular, I have neither owned nor held any beneficial interest in Gulf Steel Mills, Al Azizia Steel, Flagship Investments (Private) Limited, Hill Metals or Apartments No.16, 16A, 17 and17A Avenfield House, 118 Park Lane, London, United Kingdom or any other foreign company, including Nielsen Enterprises Limited and Nescoll Limited. I was not involved in any transaction by virtue of which the aforementioned companies or apartments were acquired by their respective owners.

9 to 16. XXXXXXXXXXXXXXXXXXXXXX

17. As far as my visits to United Kingdom are concerned, the first time I had gone there was in 1969. In the 1990s, I do not remember the exact year; I had gone and stayed in the Avenfield apartments. I knew that Hussain and then Hasan, who were studying in London, were living in those apartments. All the expenses related to their stay were met by the money my father used to send them. I know broadly that we were paying the ground rent, service charges and utilities but do not know whether rent was being paid or not. Hussain was dealing with these issues and he knows the most. I knew that it was an arrangement made by Mr. Al Thani and my father. I do not however know about how the bearer certificates were transferred.

18. As far as my not referring to the investment between the Qatari family and my grandfather in the speeches is concerned, I had at that time said that I would tell the details when the time comes. With regard to the international media interviews about the Avenfield apartments in the 1990s where we did not mention the Qatari investment in our responses; all I can say is that there is a story behind how that interview that you are referring to happened and who sponsored it. I do not want to discuss the details. In relation to the news report of the guardian which quoted my wife as saying that the Avenfield apartments were purchased for Hasan and Hussain in 2000 while they were studying in London; my response is that sometimes these things are said because of lack of knowledge.

19 to 20. XXXXXXXXXXXXXXXXXXXXX

**Respondent No – 9 - Capt Safdar**

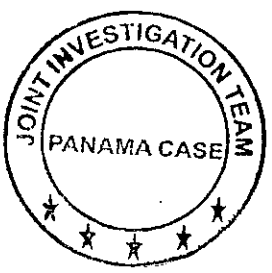
XXXXXXXXXXXXX

...I never stayed or visited the Avenfield apartments during my visits to United Kingdom which were in 1993 , 2002. The first time I ever stayed in Avenfield apartments was in late 2007 when Mian Nawaz Sharif had gone to UK just before he had tried to go back to Pakistan. I think I had stayed in UK for about 3 to 4 weeks in the trip in 2007. I had not done any work or business deal while I was in UK in any of my trips....

XXXXXXXXXXXXX

**Respondent No – 6 - Mariam Safdar**

XXXXXXXXXXXXX



...I do remember that a loan by mortgaging the Avenfield properties was obtained after 2006 but it was done on the instructions of Hussain.

When we had been exiled to Saudi Arabia I could not travel outside for 2 to 3 years. I had gone to United Kingdom with my husband for his medical treatment, I do not remember the year for a couple of weeks. We had stayed with family friends also with my brother in his apartment. Then I had gone again to UK about 3 to 4 months after my father had gone to United Kingdom but I do not remember the year. When I stayed in the Avenfield apartments before 2006 knew that they were not ours. It is not for me to ask these questions about property anyways as it is not appropriate to ask these question....

XXXXXXXXXXXXX

**Reposndent No – 7 - Hussain Nawaz Sharif s/o Mian Nawaz Sharif**

1. XXXXXXXXXXXXX

2. I am not sure about the exact time but after about one year of stay at the hostel, sometime in 1993,I moved into Park Lane flat no 17. A little earlier than that I had been asked by my grandfather, Mian Sharif, to get in touch with Mr. Harry Anderson and visit this apartment as I had to start living there. I found the apartment furnished but requiring some cleaning which was got done in a few days.

3. I do not know whether Mr Harry Anderson was a property dealer or a property manager. He did not have an office and worked from his house which I remember was close to the Park Lane Apartment building. In case there was a major repair work to be done or some other problem, he used to resolve the issues. I turned to the flats portal service for minor problems.

4. I was asked to pay the utilities bills and ground rent of the apartment. The utility bills were in the name of a company Nescol. I did not find this very unusual as in the year 1991 when our family had stayed in an apartment in London , while spending holidays, I had seen the utility bills of that apartment bore the name of a company and not a real person. I am not sure but I think the yearly ground rent was about 3 to 4 thousand pounds, which was paid on quarterly basis.

5. XXXXXXXXXXXXX

6. I lived in that apartment for the most part of the next year alone. Later my brother, Hasan joined me in 1994, and also my cousins Hamza and Haroon. I also remember that my grandfather Mian Sharif also stayed in that apartment for a few months in 1994 while he was in London to get medical treatment. We also used the apartment No 16 in 1995 which was in use by an Arab family previously. I think we also took possession of this apartment and apartment 17 A in the period 1995- 96. I paid the bills and ground rent for these apartments as well.

7. As far as the source of purchase of these apartments is concerned they came in our ownership as a result of settlement of money that was placed by my grandfather with Sheikh Jasim Althani who was the ruler of Qatar at that time. No paperwork or any kind of agreement was signed and it was a totally verbal arrangement. My grandfather was a man of action and averse to documentation. I first learnt about this arrangement from my grandfather, somewhere after the year 2000, when we were living in exile in Saudi Arabia. He told me that after deducting the amount of money taken back from the Sheikh for meeting essential requirements, I

JOINT INVESTIGATION TEAM PANAMA CASE

would be entitled to whatever is the residual amount. He did not mention about when this arrangement was to end and a settlement to be made. As to the question why he chose me over others to be the sole beneficiary of Azizia steel and the residual amount, it must be understood that, out of respect, no one in the family asked any question about his decisions.

8 to 10. XXXXXXXXXXXXXX

11. The residual amount calculated was 8 million USD, roughly equivalent to 4.8 million GBP. During the negotiations Nasir had offered and we accepted to adjust this amount against the Mayfair apartments. We did not get the proper evaluation of the flats done but I think that it was a fair assessment of their value. As far as the amounts that were shown to have been already paid to our family, I had the knowledge of the money provided for Azizia factory. As far as amounts paid to Hasan are concerned I think I had sent a mail or fax to him. I am not sure but I think he confirmed the amounts. As far as the amount shown to have been provided for settlement of Al toufeeq case is concerned, I had no means to verify it as I was alone at that time in Saudi Arabia and my uncle Shahbaz Sharif, who could had known about it, was not there.

12 to 31. XXXXXXXXXXXXXXX

**Respondent No – 8 - Hassan Nawaz Sharif s/o Mian Nawaz Sharif**

1. I studied in Atchison College from 1982 to 1994. After FSC I went to London in 1994 where I did my "A" levels and graduated from City University, London in the year 1999. I started living in 17 Avenfield Apartment in 1994 where my elder brother Hussain Nawaz Sharif had already been residing since 1993, also we had access and possession of apartment 16, which consisted of two titles 16 and 16 A. At that time Hussain was dealing with all the issues relating to the said apartments like payment of ground rent. About 2 years later, I think in 1996, Hamza Shahbaz also started living with us in Apartment 17. About 6 months later, he however shifted to Apartment 17 A, which had also come into our possession by that time. Hamza used that apartment till 1998. The apartment no.16 has not been in use by anyone over the years.

2 to 3. XXXXXXXXXXXXX.

4. As far as the details of apartments and approximate payments that were being made related to the apartments in 1994 is concerned it is stated that the Apartment 17 consisted of 3

JOINT INVESTIGATION TEAM PANAMA CASE

bedrooms with a quarterly ground rent of 1500 to 1800 GBP and a service charge of about 200 to 300 per quarter. Apartment 17 A consisted of 2 bedrooms with a quarterly ground rent of about 1000 to 1500 per quarter and service charges of about 200 to 300 GBP per quarter. The apartment 16 consisted of 4 bedrooms, later converted to 5 bed in 2003-4, with an approximate quarterly ground rent of 2000 GBP and service charges of about 300 GBP. In addition the council tax was also paid. I must however emphasize that these are my estimates based on my knowledge of property generally in London. I was not involved in the process of payments at that time and Mr. Hussain was dealing with these issues.

5. Although I did hear the names Neilson and Nescol but I did not see any bills in the name of these companies sent to our apartment . Though I was aware of the allegations surfacing in the news media in late 1990s regarding the ownership of these apartments through these companies, but I did not discuss these issues much with other family members. It must be understood that I was very young at that time, and allegations similar in nature had been leveled against our family in the past, too.

6. As far as my interview in the Hard Talk with Tim Sabistian is concerned it must be appreciated that I was very young at that time and facing an anchor like Tim was not easy and the questions related to the Mayfair Apartments were posed without any notice. I have stated today that I did not know who was paying the rent at that time and I should have said the same thing in the interview withTim Sabistian.

7. In or around the year 2000 I took over the responsibility of paying the quarterly ground rent and service charges for the apartments. It must be understood that it was not a big deal as it require spending few minutes on signing the cheques on quarterly basis. In the year 2003 I bought a one bedroom apartment 12 A, Avenfield, through my company Flagship Investment. This apartment has always been rented out. I think that in 2006 I gave the responsibility of settling the accounts, making the payments of ground rent etc of the apartments to Arrina limited.

8. XXXXXXXXXXXXXXXXXXXXXXX

9. As far as my knowledge about the settlement between Hussain and Prince Hamad bin Jasim Althani, in 2005-06, is concerned I was not involved in the process and did not know any

JOINT INVESTIGATION TEAM
PANAMA CASE

of the details but knew of the bigger picture that Hussain is going to be the beneficial owner of those apartments. Although I had previously known of the close relations between our family and Althani family of Qatar, I became aware about the arrangement of investment between my grandfather and Althani family at the time of final settlement. Previously I had not come across any event that would have made me aware of Althani investment. I am not aware that the bearer shares of Neilson and Nescol ever have been handed over to Waqar, who works as my assistant.

Dear Sir,

**Request for Mutual Legal Assistance & International Cooperation in relation to certain records of the Financial Investigation Agency, British Virgin Islands regarding Nescoll Limited (BC#77606) and Nielsen Enterprises Limited (BC#114856)**

Reference is made to your Letter of Request dated 23 June, 2017 with respect to the above subject matter.

As sought by your Letter of Request, this letter seeks to confirm the following:

a) That a letter dated 12 June, 2012 (bearing reference "SAR#1478") was issued by the Financial Investigation Agency of the British Virgin Islands ("the Agency") signed by Mr. Errol George, Director, raising various queries in relation to both Nescoll Limited and Nielsen Limited to Ms. J. # Stephen Moverley Smith QC

## Call: 1985 | Silk: 2002

tephen.moverley.smith@xxiv.co.uk

tephen specialises in litigation and arbitration in the fields of commercial, company, trusts and business aw. Clients refer to him as "as astute as they come, excellent with clients and has a reassuring manner" (Chambers & Partners).

With a background of high profile work for the DTI and Inland Revenue as junior counsel to the Crown Chancery) prior to taking silk in 2002, Stephen has developed an extensive practice in the fields of hostile corporate and trust litigation, insolvency, civil fraud and joint venture disputes (in both a corporate and partnership context), often for private clients.

Stephen has practiced in the regulatory field for many years and was appointed a Joint Inspector by the DTI (now BERR) to investigate allegations of market abuse. His on-going regulatory work includes cases is in the area of collective Investment schemes and land banking.

Stephen has an extensive off-shore practice, particularly in the British Virgin Islands (since 1995) and Cayman Islands. He is regularly involved in multi-jurisdictional disputes, advising on global strategy, interim remedies, conflicts of law and asset recovery and appearing before courts and arbitral tribunals in a wide variety of jurisdictions.

Recent notable cases include acting for the successful claimants in *Papadimitriou v Credit Agricole*, a

JOINT INVESTIGATION TEAM
PANAMA CASE

inal decision of the Privy Council establishing a new test for constructive notice of beneficial
rests; *Re: China Shanshui*, acting for the majority shareholders in successfully challenging the ability
directors to institute winding up proceedings without shareholder approval; *Re Fairfield Sentry*, acting
members seeking to establish distribution entitlements in the liquidation of Madoff's largest investor;
*MSF v Merrill Lynch*, a ground breaking decision of the Privy Council that a judgment creditor, for
hom Stephen acted, could obtain the appointment of receivers over a power of revocation of a
Cayman trust and for the Moscow patriachate in a dispute as to the ownership of the Russian Orthodox
Cathedral in London.

## Arbitration

Arbitration, both domestic and international, is a major feature of Stephen's practice. Whilst this work is, by its nature, confidential, publicised recent examples include:

- Danone -v- Wahaha : a high profile joint venture dispute concerning the operation of the largest drinks producer in China. It resulted in muliti-jurisdictional litigation with Stephen acting as lead counsel in proceedings in the British Virgin Islands and Samoa and eight SCC arbitrations in Stockholm
- Vee Networks Ltd -v- Econet Wireless International Ltd : a battle over the rights to construct and operate a mobile telephone network in Nigeria. The case involved a series of ICC arbitrations in which Stephen acted in London and Abuja and associated court proceedings in England and Nigeria.

## Banking and Financial Services

Stephen has considerable experience of fund and financial services work which forms a natural extension of his expertise in the international arena and in company, commercial litigation, fraud and insolvency work in particular. He is recommended by Legal 500/2011 and his recent cases include:

- Fairfield Sentry: Fairfield Sentry was the largest investor in Madoff. This is likely to become the leading case on the claw back of redemptions.
- Kingate: Another fund with billions invested in Madoff related companies. Stephen advised on the winding up of the fund and the appointment of a provisional liquidator.
- Tasarruf Mevduati Sigorta Fonu v Merrill lynch Bank & Trust Company (Cayman) Ltd & Ors [2011] UKPC 17 (Privy Council): The Privy Council has decided that a judgment debtor who has placed money in trust but retained a power of revocation over the trust can be forced to exercise the power for the benefit of his creditors.
- Zaria Investments Ltd v Isis Investments Ltd: Dispute with a subsidiary of the failed Kaupthing Bank about the proceeds arising from the sale of the Somerfield supermarket chain.
- GVEC IV: US$250m Taiwanese/US investment fraud involving the PEM Group involving litigation in the BVI.
- Michailidis v Caylon: Proceedings in Gibraltar for recovery of US$15m from a French bank on the

PANAMA CASE

grounds of knowing receipt.

Stephen advised on the operation of the Banking Business (Jersey) Law 1991.

Stephen acted in a financial services regulation case involving the prohibition of deposit taking in Jersey and what you needed to do to avoid benig labelled as a deposit taker.

Stephen is advising on a number of cases involving the financial services regulations and whether certain schemes qualify as collective investment schemes.

## Civil Fraud, Asset Tracing & Recovery

Stephen has appeared in numerous cases involving all aspects of civil fraud and asset tracing both in England and overseas. He has extensive experience of the conflict of law and cross-border recognition issues that frequently arise in such cases. Recommended in this area by both Legal 500 and Chambers UKPrs and described as "a proper team player, who is creative and innovative in his advice", recent examples of his practice in this area include:

- **Papadimitriou v Credit Agricole** a claim in Gibraltar to recover the proceeds of stolen art deco furniture from a bank that had failed to make appropriate enquiries. Stephen acted for the claimants who were successful in the Court of Appeal and Privy Council.

- Re : Westbond : acting in relation to the insolvency of an offshore bank

## International & offshore

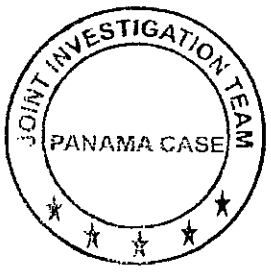
The "highly thought of" (Legal 500/2009) Stephen Moverley Smith has a well deserved reputation for excellence in international commercial Chancery work. His recent cases include:

- Danone -v- Wahaha Group (2007/2008 Ongoing) High profile joint venture dispute concerning the operation of the largest drinks producer in China. Muliti-jurisdictional litigation with proceedings in the British Virgin Islands and Samoa and a number of associated International Arbitrations.
- Kensington International Ltd -v- Montrow International (2008). $100 million soverign debt dispute litigated in the British Virgin Islands.
- Madoff investment fund – acting in the liquidation of this fund
- Re a Joint Venture Dispute: The operation and development of a mobile telephone network in Africa. Several US$100m are involved. Disputes are to be heard in Africa, England and Denmark.
- Re Norman Island: Dispute relating to the mooring rights of a private island.
- Vee Networks Ltd -v- Econet Wireless International Ltd [2005] 1 Lloyds Rep 192: Where there was an irregularity of procedure by the arbitrator under the Arbitration Act 1996 s.68, it was enough to

show that the irregularity caused the arbitrator to reach a conclusion unfavourable to the applicant that but for the irregularity, he might well never have reached, provided that the opposite conclusion was at least reasonably arguable. It was not normally appropriate for the court to try the material issue to ascertain whether substantial injustice had been caused.

- Wade v Wade [2003] AllER (D) 38: World wide freezing order against Defendant, who resided in Australia, over proceeds of sale of a company which were claimed to be covered by a written agreement in the divorce settlement. Injunction was discharged as it was unlikely the terms of the agreement could be shown to apply to the sale of the company and due to lack of evidence of dissipation.
- Watford Petroleum Ltd -v- Interoil Trading SA [2003] LTL 16/7/2003 : Large scale litigation (a section 459 Petition and four related claims) arising out of a joint venture for refining and selling oil in Ukraine.

## Real Estate Litigation



Stephen Moverley Smith is regularly involved in property related litigation of which his most notable recent cases include:

- Woods -v- Virgin Gorda Beach Club [2004] BVI High Court : A promise of leasehold land to the Claimants by the Defendant which later sought to go back on its promise, but was, it was argued, estopped from doing so in circumstances where the Claimants had relied on the promise to their detriment.
- Twenty Two A Property Investments Ltd -v- Simpson Curtis [2000] EG 140 Court of Appeal : The defendant solicitors were liable for damages after failing to monitor adequately the progress of a property transaction, the outcome of which had substantial financial consequences for their client.

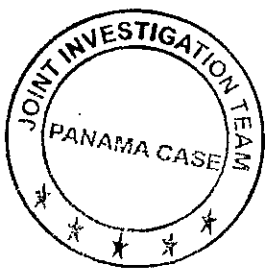
## Trusts, Probate & Estates

As a leading commercial Chancery barrister recommended by both the current editions of Chambers & Partners and Legal 500, Stephen has very considerable experience of trust, probate and estate matters. According to Legal 500, he "combines astonishing intellectual ability with sound judgement and approachability". While many of his cases are highly confidential, the following examples provide an indication of the scope of his practice:

- Tasarruf Mevduati Sigorta Fonu v Merrill Lynch Bank & Trust Company (Cayman) Ltd & Ors [2011] UKPC 17 (Privy Council): The Privy Council has decided that a judgment debtor who has placed money in trust but retained a power of revocation over the trust can be forced to exercise the power for the benefit of his creditors.
- Dean v Bowlby : a dispute as to whether the Russian Orthodox Cathedral in London is held on trust

for the Moscow or Constantinople patriachates. Stephen acted for the successful Moscow patriachate.

- Re G Trust : an application dealing with the licensing of protectors under the BVI Bank and Trust Companies Act 1990 and the consequences of acting without a licence.
- Re H Trust : an application in relation to the appointment of protectors of a family settlement and the requirement of independence in relation to that appointment
- Re DM Trust : advising in relation to distributions to be made by a employee benefit trust following the sale of the underlying business.
- Re B Trust : a dispute as to the liability of trustees of a family settlement in relation to a sale of trust assets. Stephen acted for the trustee
- Re: G : This cases relates to a number of offshore trusts in which an Asian dynasty had placed their wealth. It is possible that certain actions are invalid or ultra vires. There are US$13 billion tax consequences.
- Re Corbett : acting in relation to a series of issues concerning the administration of a large estate.
- Re R Trust : a proprietary claim to trust assets. Stephen acted for the trustee.
- T Choithram International SA -v- Pagarani & Ors : a seminal case which ultimately went to the Privy Council as to the ability of a settlor to gift shares to a charitable foundation by an oral declaration of trust.



## Recommendations

Legal 500 2015 recommends Stephen for banking & finance, commercial litigation, company, civil fraud, insolvency and private client (trusts and probate). He is recommended as 'an exceptional advocate' who is 'innovative, creative, and can often find a way for a client'. Clients rate the fact that he is 'easy to work with and has the confidence of his clients' and 'superb – extremely personable and a pleasure to work with'. He is noted for being 'very experienced in BVI matters and an extremely user-friendly barrister' and 'for any complex insolvency matter, no-one is more able'.

Chambers & Partners 2016 also recommends him for commercial chancery, company, insolvency and fraud work as well as his offshore practice. Described as being 'extremely astute at finding good arguments, even in the weakest of cases, and very responsive to solicitors', Stephen is praised for being 'hands-on with his work' and having 'very good rapport with clients and witnesses in cross-examination'. He is said to be 'a polished advocate who gives good advice and is easy to work with'.

Chambers Global 2016 recommends him for commercial chancery dispute resolution and offshore work. He is said to be 'a leading performer in the BVI Commercial Court' who 'commands the respect of the court and is very thorough'.

Citywealth Leaders 2015 also recommends Stephen as a leading barrister for Contentious Trusts and Who's Who Legal 2016 recommends him for civil fraud for his "thorough analysis" and "creative problem-solving".

OPINION

1. I am instructed on behalf of Imran Ahmed Khan Niazi to advise with regard to a question of English and/or BVI law that has arisen in the context of his litigation in the Pakistan Supreme Court against Mian Nawaz Sharif ("Nawaz Sharif"), the current Prime Minister of Pakistan. I have been provided with a summary of the broader issues in the case, but I do not need to set these out as they are not material to the narrow issue on which my advice is sought.
2. I understand that this Opinion may be provided to the court as expert evidence on the issues with which it deals. My professional qualifications are provided in a separate document.

**The question on which I am asked to advise**

3. The question in issue is the beneficial ownership of the shares in two BVI companies, Nielsen Enterprise Limited ("Nielsen") and Nescoll Limited ("Nescoll"): specifically, are the shares owned beneficially by Hussain Nawaz Sharif ("Hussain"), the son of Nawaz Sharif, or by Mariam Safdar ("Mariam"), the daughter of Nawaz Sharif?
4. Both Nielsen and Nescoll are special purpose vehicles set up to hold the legal titles to two valuable London properties (comprising four apartments), known as Nos. 16, 16-A, 17 and 17-A Avenfield House, 118-127 Park Lane (referred to more simply as "No 16" and "No 17" Avenfield House respectively, or together as "the Properties"). No 16 is held by Nielsen and No 17 by Nescoll,

**Chronology of events**

5. For the purposes of this Opinion I have been provided with a number of documents, to which I will refer. I have assumed the facts to be as recorded or stated in those documents except where it is clear that I am merely recording one side's version of events. Where I have assumed facts to be true, it is not be inferred that they are accepted or admitted by either or both parties: I am merely stating the factual assumptions I have made for the purposes of describing the relevant legal principles.

6. I take the following chronology of the relevant events primarily from a document entitled, "Further Statement on Behalf of Respondent No.7 and 8" ("the Statement"), which has been submitted in the court proceedings on behalf of Hussain and his brother, Hasan Nawaz Sharif.[1] I have also included information using some primary documents of which copies have been provided to me, and a statement served in the proceedings on behalf of Mariam dated 24 January 2017 ("Mariam's Statement").

   a. Nescoll was incorporated in the BVI on 27 January 1993, and its shareholding initially represented by a single bearer share issued on 29 April 1993.

   b. Nielsen was incorporated in the BVI on 4 August 1994, and its shareholding initially represented by a single bearer share issued on 22 November 1994.

[1] I am instructed that they are, respectively, Respondents No. 7 and 8 in the proceedings and that the Statement was filed in terms of a Civil Miscellaneous Application (CMA) bearing No. 432 of 2017 in Constitution Petition No. 29 of 2016

c. By a letter dated 3 December 2005, Samba Financial Service Limited ("Samba") wrote to a Jersey company, Minerva Financial Service Limited ("Minerva") certifying that Mariam[2] was well-known to them as one of their valued customers since 2002. The letter states that it had been provided at the request of Mariam, "without any responsibility" on the part of Samba. The reason for this letter, according to the Statement, was to provide information to Minerva as part of an arrangement between Hussain and Mariam that Mariam should act as "the authorised signatory/representative" in matters pertaining to the management of the companies. The Statement further explains that it had been decided (it is not clear by whom) to appoint Minerva Trust and Corporate Services Limited, Minerva Nominees Limited, Minerva Services Limited and Minerva Officer Limited as "the service providers" with respect to Nielsen and Nescoll.

d. In January 2006, the bearer shares were physically handed to a Mr Waqar Ahmed ("Mr Ahmed") in London. Mr Ahmed is said to have been "appointed to take physical transfer on behalf of" Hussain. I take this to mean that Mr Ahmed held the shares as nominee for Hussain.

e. The Statement then describes a meeting in London in January 2006 between Hussain and Minerva "in order to finalise the appointment of Minerva".

f. Next, the Statement says that Hussain requested Mariam to act as his authorised signatory and to communicate his instructions to Minerva. It is not explained why this was felt to be convenient, given that

[2] The name is spelt "Maryam" in the letter, and occasionally in other documents.

JOINT INVESTIGATION TEAM PANAMA CASE

Mariam was resident in Saudi Arabia, while Hussain was resident in London (in fact occupying one of the Properties). According to Mariam's Statement, Hussain "wanted to authorise her in relation to these properties so that in case of his demise [she] could ensure distribution of the properties as per Shariat law between his legal heirs."

g. At some point between January 2006 and February 2006 Hussain obtained physical possession of the bearer shares. The Statement does not specify the exact date, but I have been provided with a copy of a Declaration of Trust ("the Declaration of Trust") signed by Mariam on 2 February and by Hussain on 4 February 2006, which recites that Hussain is the "beneficial owner and holder" of the bearer shares, and goes on to declare that Mariam will hold them on trust for "the sole and absolute benefit and on behalf of" Hussain. The Declaration of Trust is central to the question with which this Opinion is concerned, and I will return to it in more detail later.

h. I have also been supplied with a document whose authenticity I understand from the Statement to be strongly contested. It is dated 7 February 2006, and it is, or purports to be, signed by Mariam. The document is stated to be "Effective as at 13th May 2004. I am instructed that this is the document referred to in paragraph 11 of the Statement as "a so-called declaration of beneficial interest", but in the interests of neutrality I will refer to it as "the February Resolution". On its face, the February Resolution purports to record a resolution by Nescoll accepting and approving the reappointment of LZ Nominees Limited as nominee director of the company, "and is hereby accepted

JOINT INVESTIGATION TEAM PANAMA CASE

and approved by the Company and the sole shareholder of the Company." Underneath the space for signature, Mariam is described as "Sole (barer) Shareholder" (sic).

i. On 4 July 2006 Hussain procured the cancellation of the bearer shares, and the issue of Ordinary Share Certificates, which were registered in the name of Minerva.[3] Again the exact date is not specified in the Statement, but I have taken it from copies of the Share Certificates that were provided with my Instructions.

j. The next document chronologically is dated 14 October 2011, and is a Personal Information Form headed Minerva Financial Services Limited. It appears to be a document completed as part of Minerva's "Know Your Client" requirements, and contains basic information confirming the identity of Mariam. In Mariam's Statement it is denied that the signature it bears is hers. It is also correctly pointed out that the rubric at the head of the form mentions several different categories of persons for whom the form is intended, including authorised signatories.

k. The next relevant event occurred on 12 June 2012, when the BVI Investigation Agency wrote to Mossack, Fonseca & Co (BVI) Limited ("Mossack Fonseca") asking for documents and information relating to Nescoll and Nielsen. In response, Mossack Fonseca carried out some internal enquires, and also contacted Michael Rossiter, the Trust Officer of Minerva Trust & Corporate Services Limited ("Mr Rossiter").

[3] To be precise, the registered shareholder in each case was Minerva Nominees Limited.

JOINT INVESTIGATION TEAM PANAMA CASE

l. In an email dated 22 June 2012, Mr Rossiter informed Mossack Fonseca that "Nielsen and Nescoll are owned by the same beneficial owner Mariam Safdar and I attach her KYC details." In an email the previous day, 21 June 2012, Mr Rossiter had stated that "There is no Trust connected." I interpret the two statements taken together as meaning that Minerva held the legal title to the shares as bare trustee for Mariam: in other words, Minerva was not aware of any formal trust, but Mariam was the sole beneficial owner.

m. In two letters dated 22 June 2012, Mossack Fonseca then reported back to the BVI Financial Investigation Agency, providing the information that had been requested. This included the statement that "the **Beneficial Owner** of the company is **Mariam Safdar**..."[4]

n. I should also record that I have been provided with a short statement by Mariam, undated and unsigned, which I understand to be in evidence before the court, in which Mariam says, "I am not and have never been the beneficial owner of the 4 London flats and have never derived any income or profit or financial benefit from those flats."[5]

o. The final event in the chronology occurred on 9 June 2014, when the Minerva Share Certificates were cancelled, and fresh Certificates issued in the name of Trustee Service Corporation ("TSC"), whose address is given in London. According to the Statement, this was again done on the instructions of Hussain, although no reason is given for the change.

[4] One letter was in respect of Nielsen, the other in respect of Nescoll. The bold type is as in the original.
[5] I am instructed that a version of this statement was subsequently signed on Mariam's behalf by her Counsel and submitted to the court in that form.

JOINT INVESTIGATION TEAM PANAMA CASE

**The Declaration of Trust**

7. The Declaration of Trust is made by Mariam, who is described as the "Trustee", and Hussain, who is described as "the Beneficiary". It was signed by Mariam in Jeddah on 2 February 2006, and by Hussain two days later, in London.

8. As I have already mentioned, the recitals to the Declaration state that "the Beneficiary" – not the Trustee – is the beneficial owner *and holder* of the bearer shares. This is consistent with the account given in the Statement, according to which the shares were held at this point in time in London.

9. However, the declaration of trust in clause 1 of the body of the Declaration is made by the Trustee, ie., Mariam. As a matter of English law (and I will deal later with whether English law applies), there are two methods by which a trust may be created: *either* a settlor may declare *himself* to be a trustee of property belonging to him, or a settlor may *transfer* property to a trustee, who accepts the trust.[6]

10. In the case of bearer shares, the legal title is vested in whoever has physical possession of the share certificates, and in order for the trust to be fully constituted, the certificates must be physically handed to the trustee. There is no mention of the bearer shares in this case ever having been handed over to Mariam. If this did not take place, there was no transfer, and consequently no trust.

11. Turning to the substantive provisions of the trust (assuming that it is valid), they are very brief. Clause 1 declares that Mariam will hold the shares "for the

[6] See *Lewin* on *Trusts* (2015) 19th edition, §3-004 and 3-008.

JOINT INVESTIGATION TEAM PANAMA CASE

sole and absolute benefit and on behalf of" Hussain. Clause 3 provides that the Properties shall remain in the exclusive use and possession of Hussain for so long as he requires. Clause 4 provides that in the event of Hussain's death, Mariam shall, after selling the Properties and paying off any debts, distribute the proceeds in accordance with the provisions of Sunni Sharia Law among those qualifying as Hussain's heirs. Clause 5 provides that on the death or incapacity of Mariam, the "rights conferred under this Trust" shall revert to Hussain. And finally, clause 6 authorises Mariam to appoint a professional third party to manage the companies.

12. In order to determine the validity of the Declaration of Trust, it is first necessary to decide the system of law under which that question is to be answered. As I explain below, the most plausible contenders are the law of the BVI and the law of England and Wales. In an attempt to be comprehensive, I have addressed in some detail which of those two systems should apply; however, for all practical purposes the question is academic, since there is no difference between the law of England and Wales and the law of the BVI on the principles applicable to the validity of the trust.

**Interpretation and Rectification**

13. The Declaration of Trust contains no express provision as to the proper law of the trust. This is not in itself remarkable, although one would have expected a professional trusts draftsman in these circumstances to have given some thought to the law that was intended to apply.

JOINT INVESTIGATION TEAM PANAMA CASE

14. However, as well as the documents relating to these Properties, I have also been provided with a second Declaration of Trust in virtually identical terms, also executed in Saudi Arabia on 2 February 2006 by Mariam and on 4 February 2006 in London by Hussain, which does contain an express governing law clause (applying English law). This document dealt with shares in a different company, Coomber Group Inc.

15. Both documents are stamped and signed by the same London solicitor, Jeremy Freeman of Freeman Box. It is difficult to think of any reason why the draftsman would have included such a clause in one deed but not the other. One possible explanation is a simple oversight. Mariam's Statement confirms that, "The reason for execution of the trust deed relating to Coomber Group Inc. was the same as for the shares of the Companies owing the London flats."

16. The rules of construction would probably not permit reference to one of the deeds as an aid to construing the other, although this cannot be entirely ruled out. In *Akers v Samba Financial Group*,[7] which is discussed elsewhere in this Opinion, there were seven transactions under consideration, four of which included express choice of law clauses. The judge at first instance considered that there were "strong grounds for concluding that the same law applied to the other transactions by implication." The Court of Appeal did not comment on this approach.[8]

17. If construction does not assist, and in the absence of any further evidence, an application for rectification on the grounds of mistake ought to have a strong chance of success.

[7] [2015] Ch 451, 642H.
[8] The Court of Appeal considered that there were six, rather than seven, relevant transactions, but this does not affect the point.

JOINT INVESTIGATION TEAM PANAMA CASE

18. There is, however, a logical difficulty. In order for the English court to have jurisdiction to grant the remedy of rectification, it must apply English law. And if it has already decided that English law applies, rectification is unnecessary; if it has not so decided, it cannot grant the relief making English law applicable.

19. It may nevertheless be possible to escape from this apparent impasse. The two most plausible contenders for the applicable law are (as I will explain below) England and Wales, or the BVI. If the BVI court were to decide that it had jurisdiction, it might rectify the deed to substitute the law of England and Wales.

**The Recognition of Trusts Act 1987 ("the 1987 Act")**

20. A system of rules for determining which law should apply in deciding the validity of a trust where different jurisdictions are involved is contained in the Hague Convention on the Law Applicable to Trusts and on their Recognition ("the Hague Convention").

21. The 1987 Act gave effect in England and Wales to the Hague Convention with effect from 1 August 1987.[9]

22. The Recognition of Trusts Act 1987 (Overseas Territories) Order 1989,[10] similarly applied the Hague Convention to a number of Territories, which included the BVI. It applies with effect from 1 June 1989.

23. The BVI Trustee Ordinance 1961[11] as amended includes in section 80 a slightly modified re-wording of the relevant provisions of the Hague

[9] SI 1987/1177.
[10] SI 1989/673.

JOINT INVESTIGATION TEAM PANAMA CASE

Convention. If there is any material difference for the purposes of the issues considered in this Opinion, the original wording of the Hague Convention would prevail, having been incorporated into BVI law by an Order in Council rather than under a local BVI Ordinance.

24. The result is that if the matter came before the courts either in England or in the BVI, the starting-point for determining the proper law of the trust would be the Hague Convention.

25. Article 4 of the Hague Convention is an important but difficult provision. It states –

> "The Convention does not apply to preliminary issues relating to the validity of wills or of other acts by virtue of which assets are transferred to the trustee."

I will return to this provision later in this Opinion.

26. Article 8 begins by stating that –

> "The law specified by Article 6 or 7 shall govern the validity of the trust, its construction, its effects and the administration of the trust."

27. Article 6 provides (in material part) that –

> "A trust shall be governed by the law chosen by the settlor. The choice must be express or be implied in the terms of the instrument creating or the writing evidencing the trust, interpreted, if necessary, in the light of the circumstances of the case."

(It is for that reason that I have devoted some paragraphs above to considering whether the Declaration of Trust contained or was intended to contain an express choice of law clause.)

---

[11] CAP. 303

JOINT INVESTIGATION TEAM PANAMA CASE

28. Article 7 then provides that –

> "Where no applicable law has been chosen, a trust shall be governed by the law with which it is most closely connected.
>
> In ascertaining the law with which a trust is most closely connected reference shall be made in particular to –
>
> (a) the place of administration of the trust designated by the settlor;
>
> (b) the situs of the assets of the trusts;
>
> (c) the place of residence or business of the trustee;
>
> (d) the objects of the trust and the places where they are to be fulfilled."

***Akers v Samba Financial Group* [2015] Ch 451**

29. The Hague Convention has recently been considered in detail in a Court of Appeal case, *Akers v Samba*, concerning a disputed trust of shares in Saudi Arabia in favour of a Cayman Islands company. The English Supreme Court has heard an appeal from the Court of Appeal's decision, and judgment is due to be handed down on Wednesday 1 February 2017. I refer to *Akers v Samba* at several points in this Opinion, but any propositions based upon the Court of Appeal's judgment will have to be re-examined in the light of the Supreme Court's decision next week. Although the issues in that case were very different from those in the present case, *Akers v Samba* involved a close analysis of the Hague Convention, and whatever the Supreme Court decides

JOINT INVESTIGATION TEAM PANAMA CASE

may have a bearing on one or more of the issues on which I am asked to advise.

**Applying the Hague Convention**

30. In *Akers v Samba*, the dispute concerned declarations of trust made by a settlor in Saudi Arabia over shares held in his name and listed on the Tadawul, the Saudi Arabian stock exchange. It was common ground that "the concept of a trust is unknown to Saudi Arabian law" and that Saudi Law did not recognize a distinction between legal and beneficial ownership.[12] There was also evidence that Saudi Arabian law contained restrictions against foreigners owning shares in Saudi Arabian companies.[13]

31. The central argument in the Court of Appeal was whether Article 4 of the Hague Convention, which applies to "preliminary issues", operated to exclude the application of the Convention to the declaration of trust. If it did, common law principles would have applied, and under those principles the ownership of shares is governed by the law of the place where the shares are situated: *Macmillan Inc v Bishopsgate Investment Trust plc (No 3).*[14] The Court of Appeal in *Akers v Samba* accepted this principle as correct.[15]

32. The consequence in *Akers v Samba* would have been that the English court would have had to apply Saudi Arabian law in deciding the validity of the "transfer" of the beneficial interest in the shares. However, the Court of Appeal rejected that argument, and held that the Hague Convention did apply.

[12] Paragraph 21 of the judgment.
[13] The Court of Appeal considered that this question could not be decided on a preliminary issue without the cross-examination of expert witnesses.
[14] [1996] 1 WLR 387.
[15] See paragraph 53 of the judgment.

JOINT INVESTIGATION TEAM PANAMA CASE

33. The facts in the present case are very different. The companies are BVI companies, and the shares in question are bearer shares. Thus, if Article 4 applies, the consequence will be that English law (or, as the case may be, BVI law) will look to the place where the shares are situated to decide the "preliminary issue" whether there was an effective transfer to the trustee.

34. If there was no effective transfer, that is an end of the matter. If there was an effective transfer, the next question is what law governs the trust. This involves a consideration of Articles 6 and 7.

35. In the present case the Declaration of Trust contains no express choice of applicable law. I have already dealt with the possibility that the omission of such a provision was a clerical error that might be rectified, but on the assumption that the document cannot be rectified, the question of applicable law falls to be determined in the manner provided by Article 7 of the Hague Convention. (Of course, if rectification were available, it would be clear that the governing law was that of England and Wales, pursuant to Article 6.)

36. Taking the factors set out in Article 7 in turn, the place of administration of the trust is debatable, because there is little, if anything, to be done by way of administration. There would be a very weak argument for saying that the place of administration is Saudi Arabia, because that is where Mariam was based; but since her trustee functions are barely distinguishable from those of a bare trustee, it would be stretching a point to argue that the trust was being "administered" in Saudi Arabia.[16]

[16] It would be surprising if anyone had intended Saudi Law to apply, and I do not think it is contended for by any of the parties. In *Akers v Samba*, the Court of Appeal considered the possibility of an express choice of law specifying a jurisdiction that did not recognise trusts (paragraph 30). I do not, of course, offer any advice on the law of Saudi Arabia, but it would be necessary to take such advice if there were any suggestion that the trust was intended to take effect under that law.

INVESTIGATION TEAM PANAMA CASE

37. More compelling claims for the "place of administration", insofar as there is one, can be made for either the BVI, where the companies are located, or for England, where the underlying assets are situated. The provisions of clause 3 of the Declaration of Trust, which gives Hussain the exclusive use and occupation of the Properties, lends weight to the argument that insofar as there is any "administration", it would be done in England.

38. Similar considerations apply to the "*situs* of the assets of the trust". Here, the assets are the bearer shares. The *situs* of bearer shares (in contrast with shares whose ownership is shown on the company register) is where the shares happen to be.[17] On the basis of the information described in the chronology set out in paragraph 6 above, I have assumed that the bearer shares were in England at the date of execution of the Declaration of Trust, and that they remained in England at least until their cancellation in July 2006.

39. This would mean that the law of England and Wales applies both to the "preliminary issue" of whether the assets ever became vested in Mariam as trustee, and to the validity and construction of the trust.

40. It might be argued that the relevant "assets" were the companies themselves, to which the shares were merely documents of title. On that view, the *situs* would clearly be the BVI. That argument becomes very much more compelling after the bearer shares had been cancelled: if the ownership of the shares had been recorded in the company's register, it would have been clear (a) whether or not Mariam had the legal title, and (b) that the *situs* of the assets was the BVI where the companies' register was located.[18] However, BVI law

[17] See *Lewin, Op. cit.*, §11-172 to §11-174.
[18] *Macmillan Inc v Bishopsgate Trust (No. 3)* [1996] 1 WLR 387, cited in *Akers v Samba, supra.*

INVESTIGATION TEAM
PANAMA CASE

would give the same answers as the law of England and Wales to the question whether any assets had been vested in Mariam.

41. Miriam's place of residence was, at the time, Saudi Arabia.[19] For the reasons already given, I consider that on the particular facts of this case, it is very unlikely that much weight would be given to this factor.

42. The fourth and final factor is "the objects of the trust and the places where they are to be fulfilled". This factor points strongly in favour of England, and consequently English law applying. The core purposes of this trust, it seems to me, was to hold the Properties – for which the companies are merely vehicles – for the exclusive use of Hussain during his lifetime, and on his death to sell and distribute the net proceeds to his Sharia Law heirs.

43. The general direction of Article 7 is to look for the jurisdiction with which "it" – ie., the trust – is "most closely connected". To my mind, the location of the bearer shares and the Properties makes England the most likely candidate, although I can see force in the argument that the *situs* of the companies should prevail.

44. However, it is unnecessary to reach a firm conclusion on this point, because the law of the BVI and the law of England and Wales are the substantively the same for the purposes of deciding whether the trust is valid in the first place.

**Does the Declaration of Trust create a valid trust?**

45. Whether the applicable law for determining the validity of the trust is that of England and Wales or the BVI, and whether or not Article 4 is engaged, the

[19] I understand that her presence in Saudi Arabia was connected with her father's exile, and that she has now returned to Pakistan.

JOINT INVESTIGATION TEAM PANAMA CASE

fundamental difficulty that I identified in paragraphs 9 and 10 above will be the same. [Neither jurisdiction will recognise as valid a trust of which Mariam is the trustee unless there was physical delivery of the bearer shares to her.]

46. I have been provided with a copy of the Opinion of Stephen Moverley Smith QC dated 12 January 2017, which is exhibited to the Statement[20]. I agree with Mr Moverley Smith that there is no requirement, either under the laws of England and Wales, or under the laws of the BVI, for trust instruments to be registered or filed with any authority, and that there is no authority in either jurisdiction at which such registration could take place. [This does not affect or alter the conclusions that I have reached, which do not depend on a failure to register.]

**The cancellation of the bearer shares**

47. The next step to be considered is the cancellation of the bearer shares in July 2006 and the issue of new shares that were registered in the name of Minerva.

48. According to the Statement, both the cancellation and the issue in favour of Minerva were effected by Hussain. [There is no mention of any involvement of Mariam at this stage, which is consistent with the assumption that the bearer shares had remained in London throughout this period.]

49. [The cancellation of the bearer shares would have terminated any trust that may have existed.] It left Mariam with nothing over which she could be a trustee: without the bearer shares, she had no interest in the companies. Furthermore, by cancelling the bearer shares and giving instructions for the issue of new

[20] I am instructed, as Annexure M at page 107 of the Statement.

JOINT INVESTIGATION TEAM PANAMA CASE

shares, Hussain was in effect exercising his right under *Saunders v Vautier*[21] to wind up the trust as the absolute beneficial owner. Again, that would have discharged Mariam from any duties or obligations she might have had under the Declaration of Trust.

**The registration of Minerva as shareholder**

50. The registration of Minerva as shareholder of the newly issued shares unquestionably constituted Minerva as trustee: the registration conferred legal title, and there is no question of there having been a gift to Minerva of the beneficial interest. The question is whether Minerva held as trustee for Mariam, or for Hussain.

51. The same principles under Article 7 of the Hague Convention as discussed above in relation to the Declaration of Trust would have applied in determining the proper law of this trust. This time, however, the assets were registered shares rather than bearer shares. The *situs* of the asset would therefore have been the BVI, where the registers of the companies were maintained. There would therefore have been a stronger case for regarding the trust as governed by BVI law. There would also be some possibility of arguing that the trust was governed by Jersey law, on the basis that Jersey was the place of administration, and Minerva as a professional trustee would have active functions in terms of reporting and record-keeping.

52. So far as the terms of the trust are concerned, the only relevant question is what was said to Minerva: in other words, on what terms did it accept the

[21] (1841) 4 Beav. 115.

JOINT INVESTIGATION TEAM PANAMA CASE

trusteeship? The only evidence to which my attention has been directed is the response given by Minerva when it was asked who held the beneficial interest: Mr Rossiter, who was or should have been in a position to know, replied that the beneficial owner was Mariam. Mr Rossiter also told Mossack Fonseca that there was "no trust", which appears to mean that Minerva was a bare trustee for Mariam.

53. According to the Statement, Mariam was merely the authorised signatory/representative of Hussain. It is, of course, possible that Minerva made a mistake, and it is not for me to express a view as to the likelihood of that having happened. But taking Minerva's response at face value, the only possible conclusion – assuming I am right that there was no prior trust – is that the beneficial interest was indeed held for Mariam.

54. Furthermore, if Mariam was merely a signatory or representative of Hussain, her authority would terminate on his death: the authority of an agent terminates on the death of the principal.[22] This arrangement could not, therefore, have been used to effect the distribution of any assets according to Sharia Law after Hussain's death. Her authority to deal with the assets would expire at the very moment that it was required.

55. Furthermore, if the intention had merely been to ensure that Hussain's Sharia heirs inherited, that intention could very simply and effectively have been achieved under English law by making a Will containing the appropriate gifts.

56. In Mariam's Statement she explains that Hussain decided not to tell Minerva about the Declaration of Trust "as there was no requirement to do so". Mariam is correct to the extent that (on my analysis) the Declaration of Trust was

[22] See *Chitty* on *Contracts*, 32nd edition, §31-166. Other events such as the bankruptcy or mental incapacity of the principal will also automatically terminate an agent's authority, at least from the date of the agent's knowledge of the event.

JOINT INVESTIGATION TEAM PANAMA CASE

never a validly constituted trust, or, if it was, it had ceased to apply when the bearer shares to which it related were cancelled. On the other hand, Minerva did have an obligation to ask about the ultimate beneficial ownership as part of its "Know Your Client" obligations, and my conclusions are based on the assumption that the information Minerva supplied to Mossack Fonseca reflected what Minerva had been told in response to its KYC enquiries.

57. I have not overlooked the point that, according to the Statement, the February Resolution is said to be a "fake", and I express no view as to the authenticity of the February Resolution. If it is authentic, it shows that Mariam believed or represented herself to be the owner of the bearer shares, but this would have no effect on the views I have expressed in this Opinion. If it is not authentic, it is irrelevant.

**Conclusions**

58. In summary –

a. The Hague Convention applies in both the BVI and in England and Wales.

b. The validity of the Declaration of Trust is governed by the law of one of those jurisdictions, more probably England and Wales than the BVI.

→ c. Both systems of law would hold that no valid trust had been created unless the bearer shares in Nielsen and Nescoll were physically handed to Mariam; this conclusion would be the same if the transfer of the shares is considered to be a "preliminary issue" falling outside the Hague Convention.

JOINT INVESTIGATION TEAM PANAMA CASE

d. If a valid trust had been created, it would have been terminated in July 2006, when the bearer shares were cancelled.

e. When new shares were issued and registered in the name of Minerva, a valid trust was created, of which Minerva was the trustee, and Hussain the settlor.

f. This trust was more likely to have been governed by BVI law, although there is also a case for English law applying; but in either case, there is no difference in the result.

g. It was a bare trust, and according to Minerva's records the sole beneficiary was Mariam.

h. Minerva would not have been bound by any arrangement between Hussain and Mariam of which it was not aware, and it had an obligation to enquire as to the ultimate beneficial ownership.

i. If Mariam was merely a signatory or representative of Hussain, her authority would terminate on his death, and she would be unable to give effect to any wishes he may have expressed about the devolution of his estate.

Dear Sirs

**Execution of Declarations of Trust Deeds executed by Hussain Nawaz Sharif**

We are in receipt of your email dated 27th June 2017 sent at 13:36 to our Mr Freeman.

On 4th February 2006 Mr Hussain Nawaz Sharif and Mr Waqar Ahmed attended at these offices bearing the original Declarations of Trust, copies of which were attached to your email under reply and neither of which had Mr Freeman seen previously.

Mr Hussain Sharif signed the two Declarations of Trust before Mr Ahmed and Mr Freeman who witnessed both the signatures of Mr Hussain and Mr Ahmed.

This was confirmed by Mr Freeman in his letter of 5th January 2017, which correctly set out the date that Mr Sharif signed the Declarations of Trust.

The above represents Mr Freeman's entire involvement with this matter and we do not propose corresponding with you any further in connection therewith.

We would be obliged if you would acknowledge receipt of this email.

Yours faithfully

Dear Mr Freeman,

**Execution of Declarations of Trust deeds by Hussian Nawaz Sharif**

We act on behalf of the Joint Investigation Team, Panama Case (JIT).

Supreme Court Proceedings are underway in Pakistan[1] to hear several Constitution Petitions.

JIT was established in the course of the Supreme Court Proceedings pursuant to Orders made by the court on 20 April 2017 and 5 May 2017.

JIT has been charged with undertaking an investigation to assist the Court with a determination of various issues arising in the Supreme Court Proceedings for which purpose JIT has been authorised to exercise a wide range of investigative powers.

The current serving Prime Minister, Nawaz Sharif, and members of his family (including his son Hussain Sharif) are the subject of serious allegations in the Supreme Court Proceedings which concern corruption, fraud and money laundering.

We have been provided with copies of your letter dated 5 January 2017 together with the Declarations of Trust referred to therein. We attach copies for ease of

[1] Constitution Petition Number 29 of 2016 between Imran Ahmad Khan Niazi and Mian Muhammad Nawaz Sharif, Prime Minister of Pakistan:
Constitution Petition Number 30 of 2016 between Sheikh Rasheed Ahmed and the Federation of Pakistan through the Secretary Law, Justice and Parliamentary division and others: and
Constitution Petition Number 03 of 2017 between Siraj ul Haq and Federation of Pakistan through the Ministry of Parliamentary Affairs, Islamabad and others (together 'the Supreme Court Proceedings').

reference. These documents have been adduced in evidence in the Supreme Court Proceedings.

We should be grateful if you would confirm:

1. Whether you prepared either of the Declarations of Trust:

2. Whether you provided any advice in relation to either of the Declarations of Trust to either or both of the parties:

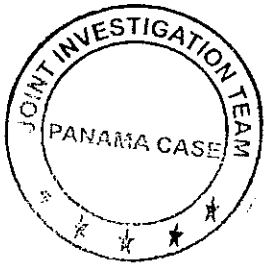
3. Whether you have acted for either of the parties at any time:

4. Whether it is possible that someone (without your authority) tampered with the documents and specifically the date "200[6]" without your knowledge following which they presented copies of the Declarations to you to obtain your 5 January 2017 letter:

5. In the circumstances whether the date given in your letter of 4 February 2017 is potentially an error:

6. If however, you maintain that the contents of your letter are correct then please provide material, for example, copies of your diary, emails, letters, attendance notes and a copy of a receipt and/or invoice in respect of your fees to provide your letter, to confirm:
   - The date and time arranged for Hussain Sharif to attend your office to sign the declarations
   - The date and time Hussain Sharif attended your office to sign the declarations
   - The presence of other individuals at the time the declarations were signed:

7. What documents were in your possession and what documents were provided to you and whom they were provided by before you prepared your 5 January 2017 letter:



8. How and by whom were you instructed to prepare your 5 January letter:

9. Please provide copies of the Declarations in your possession together with any related documents and correspondence:

10. When were the copies of Declarations retained by you.

Please note that JIT reserve their right to produce copies of this letter, your response, and any further communications, whether as part of a report produced by JIT or otherwise in the Supreme Court Proceedings.

JIT are required by an Order dated 22 June 2017 made by the Supreme Court to submit their final report following the conclusion of their investigation by 10 July

2017. We should therefore be grateful to receive your response by return of email to akhtarraja@quistlaw.com.

In the event a detailed response is not forthcoming, JIT further reserve their right to invite the Supreme Court to draw such inferences as may be appropriate.

We sincerely hope your full cooperation will be forthcoming. We look forward to hearing form you.

Yours faithfully,

## RE: JOINT INVESTIGATION TEAM: PANAMA PAPERS

**Re: Constitution Petition Number 29 of 2016 between Imran Ahmad Khan Niazi and Mian Muhammad Nawaz Sharif, Prime Minister of Pakistan: Constitution Petition Number 30 of 2016 between Sheikh Rasheed Ahmed and the Federation of Pakistan through the Secretary Law, Justice and Parliamentary division and others: and Constitution Petition Number 03 of 2017 between Siraj ul Haq and Federation of Pakistan through the Ministry of Parliamentary Affairs, Islamabad and others**

Whilst written instructions in this matter have been received from Quist Solicitors of London, this report is addressed to the Court for its consideration in the hearing of the above case.

---

I have been an independent expert in private practice for over 40 years. I hold the Diploma in Document Examination awarded by the Forensic Science Society. I have also been awarded the status of Registered Forensic Practitioner (specialising in the examination of handwriting and documents) from the Council for the Registration of Forensic Practitioners. The laboratory, shown on the cover page, is very well equipped for document examination and holds an extensive library. My Curriculum Vitae is appended to this report (see Appendix A).

The following documents have been presented for examination.

## DOCUMENTS PRESENTED

1. A copy three page Declaration of Trust said to have been signed on 2nd February 2006 with handwritten page numbers added "4 – 6". This document will be referred to as the "Nescoll/Nielsen Declaration".
2. A copy three page Declaration of Trust said to have been signed on 4th February 2006 with handwritten page numbers added "84 – 86". This document will be referred to as the "Coomber Declaration".

Photocopies of the documents are appended to this report (see Appendix B).

## INSTRUCTION

1. (i) To comment on the documents presented with respect to the structuring of the pages concerned.

2. (ii) To examine the altered dates relating to the solicitor's signatures on pages 5, 6, 85 and 86 in order to identify the nature of the original dates and the final partially overwritten dates.

## SUMMARY OF OPINION

3. Further to my examination of the documents in question, a more detailed outline of which follows, my findings and opinions are summarised below. A Glossary of Opinion is attached at Appendix C. It is strongly advised that the reader should study this in order to obtain a greater appreciation of the meanings of the terms of the scale of opinion that may be used.

4. (i) The two second pages (5 and 85) of the two Declarations of Trust presented are, effectively, identical in layout, signatures and handwritten details and as a result, one has to be a copy of the other or both are a copy of a further master document.

JOINT INVESTIGATION TEAM PANAMA CASE

5. (ii) Similarly, the two third pages of the two Declarations (6 and 86) are, effectively, identical in layout, signatures and handwritten details and as a result, one has to be a copy of the other or both are a copy of a further master document

6. (iii) It is not possible to identify which was the original Declaration completed with pen and ink and which has had copy second and third pages inserted into it from the other document. Only presentation of the original document in question will clarify this point.

7. (iv) The dates of the solicitor's signatures on pages 5 and 85 are, naturally, identical as these pages are copies one of another. I am of the opinion that the evidence strongly supports the proposition that the altered numeral was either originally a "4" altered to a "6" or alternatively, a "6" altered to a "4". Without the original document bearing this entry being produced, it is not clear, scientifically, which entry came first. However, with most overwritings, the overwritten figure is usually emphatic and legible. As a result, the relatively casual reproduction of the "4" leads me to the opinion that it is more likely than not that the original entry was 2004 modified to 2006 rather than vice versa.

8. (v) The same comment applies to the altered dates on pages 6 and 86.

# EXAMINATION

**The Questioned Documents**

9. Both of the Declaration of Trusts are presented in copy form. This does restrict the examination from a number of points of view.

10. Firstly, with features such as alterations of handwritten dates, microscopical examination of the original document coupled with examination utilising a Video Spectral Comparator (which will differentiate between different inks) is the preferred method of examination and can generally rapidly identify the original and the overwritten entry. These processes are not applicable to copies.

11. Secondly, the copies presented are possibly multi generation copies. As such, they may have their dimensions typically slightly changed due to the copying/scanning

JOINT INVESTIGATION TEAM ... NAMA CASE

processes. This slight modification by a few percent in both the horizontal and/or vertical direction is very common in such circumstances.

12. An additional difficulty which is apparent on the documents presented is that there are clearly slight distortions in the copying process which are most likely to be the result of documentation being copied or scanned without the document being held firmly in place against the glass platen of the copier. In these circumstances, slight distortions due to undulations, folds or creases in the paper will occur and indeed, evidence of this is observable on the documents presented.

13. However, whilst the above points slightly limit the examination, the main considerations can be undertaken on the material presented. However, it is always desirable to see the original documentation in due course, if indeed, it is in existence.

**Comparison of the Nescoll/Nielsen Declaration Pages 4, 5 and 6 with the Coomber Declaration Pages 84, 85 and 86**

Comparison of Pages 4 and 84

14. These obviously contain different texts and each shows a unique signature (and associated stamp impressions) of "Jeremy Freeman" in the bottom right hand corner.

Comparison of Pages 5 and 85

15. Comparing these side by side, they have the same printed text. It is also noted that the signatures and dates and other handwritten entries are identical when the slight change in size of the pages is taken into consideration. I append to this report at Appendix D the two pages side by side. It can be seen that the details of text, the style and design of the signatures are of an identical nature for all entries including that of the solicitor at the foot of the document and his associated stamp impression. One can also note on both pages that not only are the signatures, dates and writings obviously identical, but one can also see that, for instance, the signatures on both pages of Mrs Mariam Safdar show a long downstroke cutting through the "a" of the word "Mariam" on both pages whilst the other downstroke precisely touches the printed signature line in both documents i.e. signature and printed text are in identical positions.

JOINT INVESTIGATION TEAM PANAMA CASE

16. On both pages, the same comment can be made with respect to the other entries such as the downstroke of the signature "Hussain Nawaz Sharif" which cuts through the left hand section of the "u" of the name "Hussain" below and proceeds downwards through the right hand section of the "n" of "Presently", terminating slightly above and between the "d K" of "United Kingdom" below.

17. I have visually intercompared the entries on this page and am satisfied that they are, taking into account the slight differences in size and the deformation due to the pages not being held against the glass copier platen, identical i.e. these are not two different pages originating from two separately executed documents, one is a copy of the other or, alternatively, they are both copies of another version of that page.

18. It may be noted that no one individual ever signs two identical signatures let alone five different individuals signing identical signatures whilst maintaining the relative positions of signatures one to another and to the printed text on the same page.

19. This is conclusive evidence that pages 5 and 85 are not separately executed documents but are copies either one of the other or of a further single master document.

Comparison of Pages 6 and 86

20. The same comment, as above, applies with pages 6 and 86 either being copies of one of the other or are copies of a further single master page (the side by side comparison is also shown in Appendix D). They are not the result of separate executions of different documents.

21. I have considered whether it is possible to determine which is the master document and which may be the one incorporating the copy pages. I find no significant evidence to assist. Only the production of an original Declaration completed with pen and ink will show which document has been fully executed whilst, consequently, identifying the second document which has been created utilising copies of the second and third signature pages of the other Declaration.

**Consideration of the Alteration of the Date of the Solicitor's Signature**

22. Pages 5 and 85 show the solicitor's signature being dated "4th February with the last

JOINT INVESTIGATION TEAM PANAMA CASE

numeral of the date being overwritten. Similarly, on pages 6 and 86, the last numeral of the year date has, again, been overwritten.

23. I note that the signature of Mr Hussain Nawaz Sharif on both pages is dated 4th February 2006 and consequently, the amendment to the solicitor's signature date may have been amended to reflect the date which corresponds to that date above as I consider a "6" is clearly visible on both pages showing the altered entries.

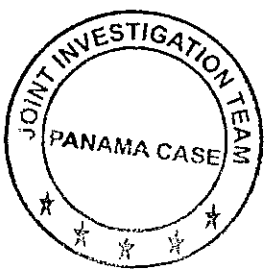
24. I have been requested to consider what the alteration may be and what the original entry may be.

25. Without the original document, which would enable an analysis of the inks and the ink lines to be made, one can only follow the procedure of working through the numerals 0 - 9 to see which of those numbers would fit the line structures that can be observed in the altered entry.

26. Clearly, in my opinion, the alterations on both pages could involve a "6". Considering what numeral could be overwritten with a "6", I consider there is only one realistic prospect, that being a "4".

27. I have enlarged the alterations on pages 5 and 6 (as these are the clearest entries relative to the same entries on pages 85 and 86) and at Appendix E, colouring the numeral red for ease of illustration. I have overwritten the images with my interpretations of the numeral forms. Referring to the alteration on Page 1 of Appendix E, illustration1 at the top (from page 5) shows the alteration on which I have written my interpretation of a "6", the terminal stroke of the numeral descending below the writing baseline. Illustration 2 on that page shows my interpretation of the structure of a "4" in diagrammatic form. Illustration 3 (from page 6) shows, again, my interpretation of a "6" whilst illustration 4 shows the structure of what I consider is a "4" which is written in a very rapid fashion with the terminal stroke slanting downwards towards the right. "Cleaned up" versions of those images are shown on page 2 of Appendix E, illustrations 5 to 8.

28. In my opinion, on considering what other numerals could be present, the only other alternative would be, on considering illustration number 9 on Page 3 of Appendix E



JOINT INVESTIGATION TEAM PANAMA CASE

that the elliptical portion of the "6" as marked at illustration 10 is the top portion of a "9". However, if this was a "9", it would be spaced well to the right of the preceding "0" whilst, at the same time, the elliptical portion of the "9" would sit on the imaginary writing baseline with the terminal downstroke descending well below the imaginary baseline. This would have to be a very unusual writing of the numerals concerned with respect to their alignment.

29. I can see no other realistic interpretations of what these alterations could be.

30. I have been asked to identify which was the original entry and to what that was subsequently altered. Whilst I am instructed that it is claimed the document was created in 2006 and therefore one might logically expect the **last** numeral to be written as a "6" as opposed to a "4", the question of the logic of the situation is for the Court to determine. That it is not my role as I deal specifically with the scientific evidence before me. From that point of view, it is not possible to determine technically, from the copies presented, whether the "4" overwrites the "6" or the "6" overwrites the "4". Only sight of the original document would enable this to be undertaken. However, I would comment that, generally when overwritings of this nature are made, the overwritten element is usually fairly emphatic and positively written so as to identify clearly to the reader, the structure of the intended numeral. In both cases, the "6" appears quite clear whereas the "4" structures are written in a relatively casual "cursive" fashion. From this point of view, the appearance of this numeral on both of the pages concerned leads me to the opinion that it is more likely than not that these pages bear dates of 2004 which have been overwritten to show 2006. Also, clearly the date of the solicitor's signature, if altered to "2006", is wholly in keeping with the signature date of Mr Hussain Nawaz Sharif above.

# DECLARATION

I, ROBERT WILLIAM RADLEY DECLARE THAT:

1. I understand that my duty in providing written reports and giving evidence is to help the Court, and that this duty overrides any obligation to the party by whom I am engaged or the person who has paid or is liable to pay me. I confirm that I have complied and will continue to comply with my duty.

2. I confirm that I have not entered into any arrangement where the amount or payment of my fees is in any way dependent on the outcome of the case.

3. I know of no conflict of interest of any kind, other than any which I have disclosed in my report.

4. I do not consider that any interest which I have disclosed affects my suitability as an expert witness on any issues on which I have given evidence.

5. I will advise the party by whom I am instructed if, between the date of my report and the trial, there is any change in circumstances which affects my answers to points 3 and 4 above.

6. I have shown the sources of all information I have used.

7. I have exercised reasonable care and skill in order to be accurate and complete in preparing this report.

8. I have endeavoured to include in my report those matters, of which I have knowledge or of which I have been made aware, that might adversely affect the validity of my opinion. I have clearly stated any qualifications to my opinion.

9. I have not, without forming an independent view, included or excluded anything which has been suggested to me by others, including my instructing lawyers.

10. I will notify those instructing me immediately and confirm in writing if, for any reason, my existing report requires any correction or qualification.

11. I understand that:

12. (i) my report will form the evidence to be given under oath or affirmation;

JOINT INVESTIGATION TEAM PANAMA CASE

13. (ii) questions may be put to me in writing for the purposes of clarifying my report and that my answers shall be treated as part of my report and covered by my Statement of Truth;

14. (iii) the Court may at any stage direct a discussion to take place between experts for the purpose of identifying and discussing the expert issues in the proceedings, where possible reaching an agreed opinion on those issues and identifying what action, if any, may be taken to resolve any of the outstanding issues between the parties;

15. (iv) the Court may direct that following a discussion between the experts that a statement should be prepared showing those issues which are agreed, and those issues which are not agreed, together with a summary of the reasons for disagreeing;

16. (v) I may be required to attend Court to be cross-examined on my report by a cross-examiner assisted by an expert;

17. (vi) I am likely to be the subject of public adverse criticism by the judge if the Court concludes that I have not taken reasonable care in trying to meet the standards set out above.

18. I have read Part 35 of the Civil Procedure Rules, the accompanying practice direction and the Guidance for the instruction of experts in Civil Claims and I have complied with their requirements.

19. I am aware of the practice direction on pre-action conduct. I have acted in accordance with the Code of Practice for Experts.

**STATEMENT OF TRUTH**

I confirm that I have made clear which facts and matters referred to in this report are within my own knowledge and which are not. Those that are within my own knowledge I confirm to be true. The opinions I have expressed represent my true and complete professional opinions on the matters to which they refer.

## *CURRICULUM VITAE*

Our Practice is the longest established independent laboratory in the UK dealing with the forensic examination of handwriting and documents. It was founded over 50 years ago and has always had an international reputation. The current Principal is Robert Radley MSc, C Chem, FRSC, FCSFS, FSSoc Dip, FAE, RFP. The Laboratory has been consulted in over 13,000 cases, with work emanating from all over the world.

Robert Radley was awarded the status of ***Registered Forensic Practitioner*** in 2004, re-awarded 2008, specialising exclusively in this field. He holds the Degrees of ***Bachelor of Science*** in Chemistry and ***Master of Science*** in Forensic Science. He also holds the ***Diploma of the Forensic Science Society*** in Document Examination and is a ***Chartered Chemist.***

Robert is an active Member of *The Forensic Science Society*, the *American Society of Questioned Document Examiners* and is also a *Fellow of the Academy of Experts* and a *Fellow of the Royal Society of Chemistry.* He successfully completed the Assessors Course for the Council of the Registration of Forensic Practitioners and was an examiner for the Forensic Science Society for 12 years with respect to their Diploma in Document Examination.

Robert has been instructed by a large number of solicitors in this country and abroad as well as all major clearing Banks in England and many other Banks and solicitors worldwide. Other clients include insurance and finance companies, Local Government Authorities, Trading Standards Departments, the British Armed Forces, various Building Societies, The Commissioner of the Metropolitan Police, the CPS and SFO, the US Department of Justice and a wide variety of private and public companies.

He has written numerous papers on a variety of aspects of questioned document examination and has presented these to scientific meetings which he regularly attends both in this country and abroad. He has been on the Editorial Board of the *International Journal of Forensic Document Examiners.*

Instructions are received from all over the world. These generally relate to the areas of signature authentication and/or handwriting identification whilst other casework dealt with on a routine basis includes non-destructive instrumental analysis of inks (and if necessary chemical analysis), alterations, document manipulation, erasures, typewriting/printing, writing impressions in documents (ESDA), photocopy examinations, paper, dating queries, etc.

He has undertaken single joint expert training and regularly deals with such cases.

He has given evidence on several hundred occasions in the courts throughout the UK, Republic of Ireland, Jersey, Cyprus, Germany, Switzerland, Australia, New Zealand, Brunei, Hong Kong, Singapore, Gibraltar, Malta, South Africa, Kenya, Canada, Trinidad and the British Virgin Islands.

The laboratory is extensively equipped with instrumentation for the forensic examination of documents together with specialised photographic facilities that may be required in such cases. The Practice has one of the best libraries in the country concerning handwriting and document examination including a vast collection of scientific papers.

# GLOSSARY OF OPINION TERMINOLOGY

Forensic document examiners often express opinions based on varying levels of confidence. The scale used by this Practice is as follows.

1. Conclusive evidence .....
2. Very strong evidence to support the proposition ....
3. Strong evidence to support the proposition.....
4. Moderate evidence to support the proposition.....
5. Inconclusive evidence

1. The highest level of confidence is an absolute or **conclusive opinion** where an examiner has no reservations or qualifications whatsoever and, an alternative explanation, in the opinion of the examiner, may be realistically disregarded.

2. Marginally below this level of confidence, an expression **"there is very strong evidence to support the proposition . . ."** may be used. It is a very narrow band of very high confidence of opinion which just falls short of the conclusive level. In this instance, it is highly unlikely that an alternative explanation represents the truth of the matter. There may be a minute restriction on the examination for one reason or another but no significant evidence to the contrary.

3. Another highly confident opinion, which again is a relatively narrow band slightly below that expressed above, is the phrase **"there is strong evidence to support the proposition" .** In this instance, it is unlikely that an alternative explanation represents the truth of the matter. There may be a small restriction on the examination for one reason or another e.g. copy material only etc but again no significant evidence to the contrary.

4. A lower level of confidence that covers a considerably broader spectrum of opinion would be denoted by the use of the phrase **"there is moderate evidence to support the proposition. . .".** This level of opinion is also, on occasions, described as **"limited positive evidence ..."** which may be used denoting there is a particular restriction on the examination. In such circumstances, the evidence could be regarded as being weaker relative to terms 1-3 above and far from conclusive. An alternative explanation for the facts may be a distinct possibility in representing the truth of the matter although at this level of opinion, the opinion offered is more likely than any converse possibility i.e. from the legal profession's point of view, it is still "over the balance of probability".

5. Where the weight of evidence does not incline an examiner one way or the other, an **"inconclusive"** opinion will be offered. It should be noted that there has to be a meaningful accumulation of evidence before an opinion other than inconclusive can be offered i.e. where there is minimal evidence pointing in one direction or another, this may not be adequate information on which to base a reliable positive (or negative) opinion. The "inconclusive" level of opinion may, in fact, cover a relatively broad band of evidence up to a point whereafter the evidence allows the expert to confidently offer an opinion in support of one proposition or the other. The levels of opinion abutting the "inconclusive" level are not regarded as "weak" but are of greater strength than may be commonly perceived by this term.

**Opinions expressed as conclusive, very strong and strong are all terms of high confidence.**

## *CURRICULUM VITAE*

Our Practice is the longest established independent laboratory in the UK dealing with the forensic examination of handwriting and documents. It was founded over 50 years ago and has always had an international reputation. For the last 40 years, Robert Radley MSc, C Chem, FRSC, FCSFS, FSSoc Dip, FAE, RFP has been the principal. The Laboratory has been consulted in over 13,000 cases, with work emanating from all over the world.

Robert Radley was awarded the status of ***Registered Forensic Practitioner*** in 2004, re-awarded 2008, specialising exclusively in this field. He holds the Degrees of ***Bachelor of Science*** in Chemistry and ***Master of Science*** in Forensic Science. He also holds the ***Diploma of the Forensic Science Society*** in Document Examination and is a ***Chartered Chemist.***

Robert is an active Member of *The Forensic Science Society*, the *American Society of Questioned Document Examiners* and is also a *Fellow of the Academy of Experts* and a *Fellow of the Royal Society of Chemistry.* He successfully completed the Assessors Course for the Council of the Registration of Forensic Practitioners and was an examiner for the Forensic Science Society for 12 years with respect to their Diploma in Document Examination.

Robert has been instructed by a large number of solicitors in this country and abroad as well as all major clearing Banks in England and many other Banks and solicitors worldwide. Other clients include insurance and finance companies, Local Government Authorities, Trading Standards Departments, the British Armed Forces, various Building Societies, The Commissioner of the Metropolitan Police, the CPS and SFO, the US Department of Justice and a wide variety of private and public companies.

He has written numerous papers on a variety of aspects of questioned document examination and has presented these to scientific meetings which he regularly attends both in this country and abroad. He has been on the Editorial Board of the *International Journal of Forensic Document Examiners.*

Instructions are received from all over the world. These generally relate to the areas of signature authentication and/or handwriting identification whilst other casework dealt with on a routine basis includes non-destructive instrumental analysis of inks (and if necessary chemical analysis), alterations, document manipulation, erasures, typewriting/printing, writing impressions in documents (ESDA), photocopy examinations, paper, dating queries, etc.

He has undertaken single joint expert training and regularly deals with such cases.

He has given evidence on several hundred occasions in the courts throughout the UK, Republic of Ireland, Jersey, Cyprus, Germany, Switzerland, Australia, New Zealand, Brunei, Hong Kong, Singapore, Gibraltar, Malta, South Africa, Kenya, Canada, Trinidad and the British Virgin Islands.

The laboratory is extensively equipped with instrumentation for the forensic examination of documents together with specialised photographic facilities that may be required in such cases. The Practice has one of the best libraries in the country concerning handwriting and document examination including a vast collection of scientific papers.

All work undertaken by the Laboratory is peer reviewed within the Practice to ensure accuracy and reliability.

## *CURRICULUM VITAE*

The Radley Forensic Document Laboratory is the longest established independent laboratory in the UK dealing with the forensic examination of handwriting and documents. It was founded over 50 years ago and has always had an international reputation. The current Principal is Robert Radley MSc, C.Chem, FRSC, FCSFS, FSSoc Dip, FAE, RFP. The Laboratory has been consulted in over 13,000 cases, with cases emanating from all over the world. Our Practice has one of the most extensive reference libraries on the subject in the UK.

Ellen is Robert's daughter and trained directly under him to become a co-examiner at the Laboratory. She holds the degree of Bachelor of Arts (Hons) and completed the Post Graduate Diploma in Law and the Legal Practice Course, both with Commendation, at the College of Law from 2000-2002.

She qualified as a solicitor in 2004 and worked for a Legal 500 firm. She subsequently accepted a position at another law firm as a senior supervising solicitor and obtained Higher Rights of Audience in 2009.

Following a successful career in law, Ellen joined the Radley Forensic Document Laboratory in 2012. She completed her two year training apprenticeship on a one to one basis with Robert, adopting the training criteria as outlined by ASTM International and SWGDOC. She also attended the training workshop of The American Society of Questioned Document Examiners, in Canada.

She accepts instructions in both civil and criminal matters and provides reports adhering to the Civil and Criminal Procedure Rules. She has been instructed by numerous firms of solicitors, The Crown Prosecution Service, companies, hospitals, Councils, schools etc. She is experienced in the preparation of joint reports and appointments as a Single Joint Expert.

Ellen's work in forensic document examination includes signature and handwriting identification, ESDA (ElectroStatic Document Analysis), ESDA Sequencing, non destructive ink analyses (infrared luminescence and reflectance), identification of thermochromic inks, deciphering obliterations, alterations, erasures, printing defects, non destructive paper examination for identification and comparison, document manipulations, font identification (and dating of the same), photocopy identification, identification of mass alterations (e.g. examination scripts) etc.

Ellen is the co-author with Robert and Dr Audrey Giles of the paper presented to the American Society of Questioned Document Examiners entitled "*Conclusion Terminology and Scales in the United Kingdom*" in Hawaii, USA, in 2014. She researched, wrote and presented a paper in Toronto, Canada, in 2015, to the American Society entitled "*A Study of Thermochromic Inks*".

She has contributed a section on Forensic Document Examination to a Law Society publication and has delivered lectures on the subject to various legal bodies and leading London Solicitors.

## RE: JOINT INVESTIGATION TEAM: PANAMA PAPERS

**Re: Constitution Petition Number 29 of 2016 between Imran Ahmad Khan Niazi and Mian Muhammad Nawaz Sharif, Prime Minister of Pakistan: Constitution Petition Number 30 of 2016 between Sheikh Rasheed Ahmed and the Federation of Pakistan through the Secretary Law, Justice and Parliamentary division and others: and Constitution Petition Number 03 of 2017 between Siraj ul Haq and Federation of Pakistan through the Ministry of Parliamentary Affairs, Islamabad and others**

Whilst instructions in this matter have been received from Quist Solicitors of London, this report is addressed to the Court for its consideration in the hearing of the above case.

Further to my report dated 4th July 2017, two further documents have been received. The documents presented were received in sealed envelopes which were delivered to my laboratory and were opened in my presence. The documents are returned in sealed envelopes with my report, all of which are sealed in a second envelope. The documents now presented are as follows:

## FURTHER DOCUMENTS PRESENTED

3. A certified true copy of a second version of the "Nescoll/Nielsen Declaration" as identified in my earlier report. This document will be referred to as the "Certified Nescoll/Nielsen Declaration"
4. A certified true copy of a second version of the "Coomber Declaration" as identified in my earlier report. This document will be referred to as the "Certified Coomber Declaration".

Photocopies of the documents are appended to this report (see Appendix F).

## INSTRUCTION

(i) Comment on the general format of the documents and their execution.

(ii) To examine the binding of the certified documents now presented in order to determine whether there is any evidence of tampering with the same.

(iii) To examine documents to determine whether there is any evidence relating to the dates of production.

## SUMMARY OF OPINION

(i) Whilst the Certified Nescoll/Nielsen Declaration is in the same format as the Nescoll/Nielsen Declaration as described in my earlier report, the certified Coomber Declaration now presented bears a different, single, signature page as opposed to the two signature pages of the initial Coomber Declaration presented.

(ii) Both certified Declarations are bound with a staple and an eyelet binder in the top left hand corner which enclosed the pages of the Declaration within a green triangular corner piece. I am firmly of the opinion that both of the documents have been unbound with the removal of the eyelet in each case and the removal of a number of staples and then rebound using the same eyelets and a single staple per document.

(iii) I have identified the type font used to produce both certified Declarations as "Calibri". However, Calibri was not commercially available before 31st January 2007 and as such, neither of the originals of the certified Declarations is correctly dated and have to have been created at some later point in time.

(iv) It is not possible to determine when these copies would have been made unless, possibly, ink dating is undertaken.

# EXAMINATION

**Format of the Certified Copies Now Presented**

8. Each copy has a cover sheet indicating it to be *"a true and exact copy of the original"*, signed in the name of Michael Robert Lindley and dated 7th November 2016. They also bears a red seal showing Mr Lindley's embossed seal impression which appears in a similar format to the black "NOTARY PUBLIC" impression to the left hand side of the embossed seal.

9. Both certification pages on these two documents bear an Apostille glued to the reverse of the certification sheet, both sheets also bearing a stamp impression including a handwritten date "09-11-2016". An embossing stamp has also been applied to the Apostille whilst in place on the reverse of the certification page and hence the front of the certification page shows a mirror image of the embossed impression applied to the Apostille.

10. The signature of Michael Lindley on both documents has been appended in a blue liquid ink.

**Certified Nescoll/Nielsen Declaration**

11. This is a three page document.

12. Pages 1, 2 and 3 of this Declaration correspond to pages labelled "4", "5" and "6" of the previously examined "Nescoll/Nielsen Declaration".

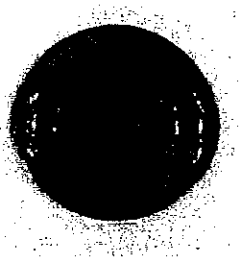
**Certified Coomber Declaration**

13. This is a two page document.

14. Page 1 of this document corresponds to page "84" of the "Coomber Declaration" previously examined. However, page 2, is a wholly different page to that previously presented. The initial version presented had pages numbered "85" and "86" attached (corresponding to pages 5 and 6 of the Nescoll/Nielsen Declaration).

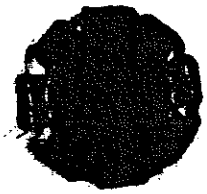
15. There is no page 3 in this certified copy.

16. Both certified copies now presented are colour laser photocopies of very good quality and clarity.



JOINT INVESTIGATION TEAM PANAMA CASE

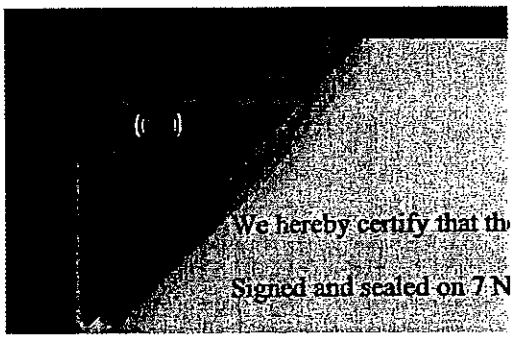
**Page Binding**

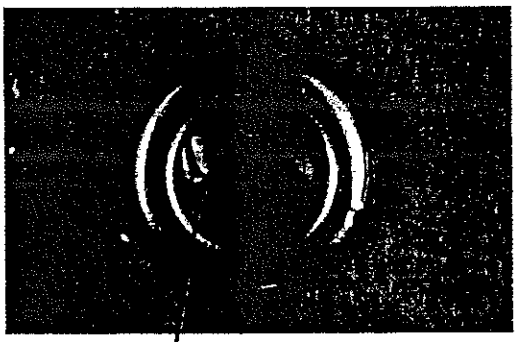


17. Both documents now presented are bound with a triangular green corner piece through which a staple has been driven together with a brass coloured eyelet binding. This type of binder is illustrated below.

Brass Eyelets

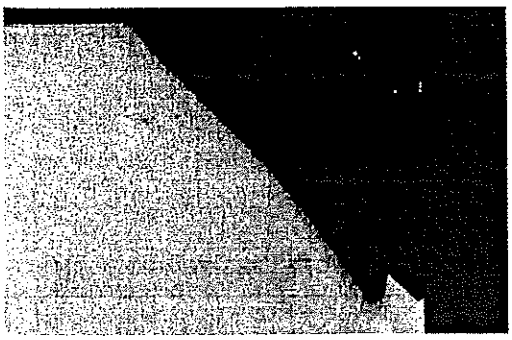
Typical top view of an eyelet binding





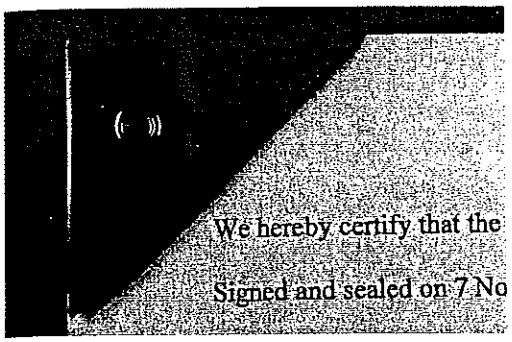
Typical rear view of an eyelet binding

18. These eyelets are punched through the pages whereupon the circular end of the brass tube portion hits an anvil on the punch which splays the tube on the reverse side of the document thus securing the pages together.

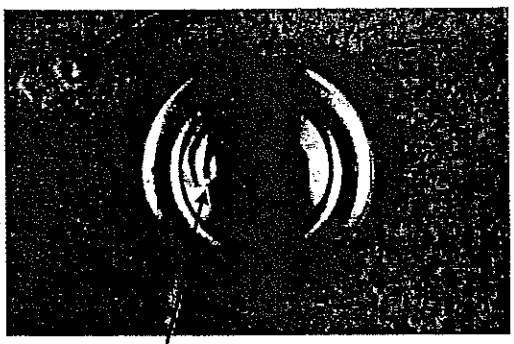


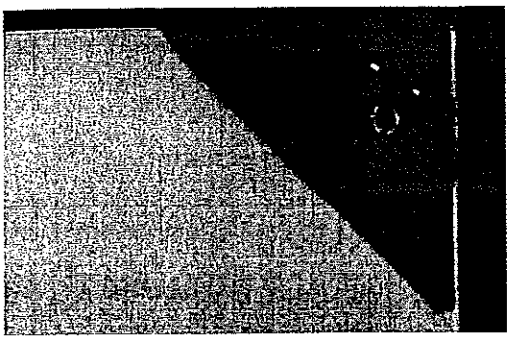
19. Photographs of both of the certified documents now presented are shown below.

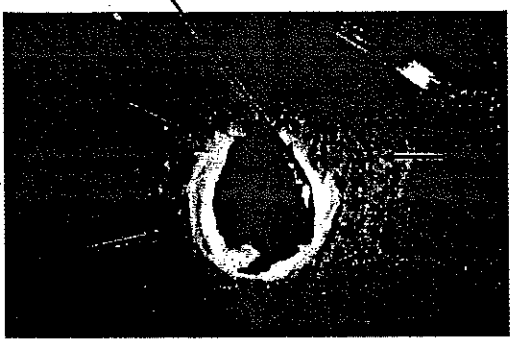
Front - Certified Coomber Declaration



Reverse - Certified Coomber Declaration



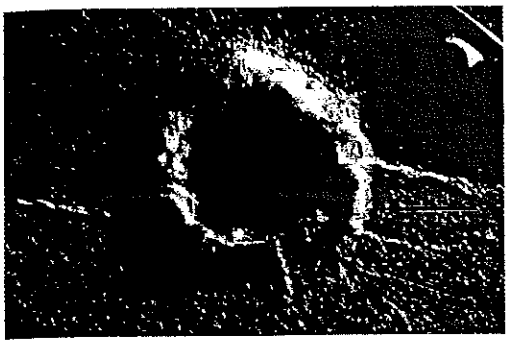




Front - Certified Nescoll/Nielsen Declaration

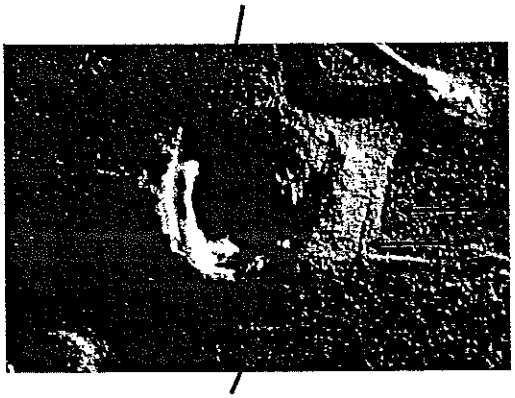
Reverse - Certified Nescoll/Nielsen Declaration

20. It can be seen from the photographs of the reverse that, in both cases, the eyelets are not binding properly, or, indeed, at all, on the corner piece. Indeed, the splayed end of the eyelets are deformed and partially broken off or appear to have been broken off. It is possible from the photographs of the front and reverse, to see where portions of the eyelet prongs have bent significantly into the centre of the eyelet. (see red arrows)



21. A further notable point from the photographs is that on the photographs of the reverse of the documents, there are clear indications that the eyelets were, at one time, firmly in the proper places with the end splayed so as to dig into the green card corner piece. (see blue arrows)

22. Shown over the page are photographs taken with oblique lighting where the light source is shining along the surface of the paper. This highlights the paper edges of the hole caused by the eyelet puncturing a hole in the green card. At the same time, the photos also show indentations in the paper due to a shadow cast into the



JOINT INVESTIGATION TEAM PANAMA CASE

impressions of "tool marks" where some object appears to have been used to bend up the splayed end of the eyelet to facilitate removal (see black arrows). One can also note on these photographs where the green card surface has been disrupted by the splayed ends of the eyelets digging into the paper.

Certified Coomber Declaration

Certified Nescoll/Nielsen Declaration

23. Similar impressions of some relatively sharp instrument are also seen with respect to the removal of at least one of the staples that had been previously applied to each of the certified documents now presented.

24. Indeed, it is noted that both corner pieces bear evidence of several staples having been punched through these corners and removed. With respect to the Certified Coomber Declaration, there have previously been two other staples punched through the document which have now been removed. With respect to the Certified Nescoll/Nielsen Declaration, there have been four staples that have been punched through the document at some point in time and removed.

25. It is not possible for me to properly examine all of the pages of the certified copies beneath the corner pieces to determine how many staple holes are present on the pages of the certified documents. This is an important point and if permission can be granted to remove these corner pieces (which would have to be undertaken further to any other expert's examination of the documents and in the presence of both experts), it may be possible to determine how many staple holes have been driven through the corner piece and how many through the intervening pages.

26. I am firmly of the opinion that the eyelets on both documents have been manually removed at some point in time by bending the securing splayed ends on the

JOINT INVESTIGATION TEAM PANAMA CASE

reverse. The process of bending the splayed ends at the back of the document has damaged them to such an extent that they have not been bent back into the correct position again on reassembling the document.

**Type Font Examination**

27. The quality of reproduction of the laser colour copies is very good showing the printed letters to be sharp and crisp and the signatures clearly copied even to the extent there are microscopic defects in ink flow that are nicely reproduced.

28. The quality of these copies allows a full examination to be undertaken of the type fonts on both documents for the purpose of font recognition.

29. Both documents are typed with the same font.

30. Utilising a computer program and the records within the laboratory, I have been able to conclusively identify the font used on the two certified Declarations.

31. The font used is known as Calibri which is what is referred to as a Humanist Sans-Serif font designed by Lucas de Groot. The font was released with the launch of Windows Visa on 31st January 2007 along with a number of other Microsoft fonts at that time. As a result, the documents in question, dated February 2006, could not be correctly dated but have been prepared at a later date after 31st January 2007. As such, the certified copy Declarations and the originals from which they are derived, are not truly dated.

32. Whilst the certified copy documents are fractionally reduced in size, I have typed the wording of the first page of the Certified Nescoll/Nielsen Declaration, for illustration purposes, and this is shown at Appendix G following a copy of the Certified Nescoll/Nielsen Declaration, page 1.

33. I am unable to determine when they were produced. However, possibly ink dating could be utilised which can potentially date a document up to 2 years old. Thereafter, the document would be said to be "more than two years old". Ink dating is not undertaken by this laboratory or any other laboratory in the United Kingdom. The document would have to be sent to America where facilities are available but

INVESTIGATION TEAM PANAMA CASE

this would entail removing small sections inkstrokes from signature lines for analysis.

# DECLARATION

I, ROBERT WILLIAM RADLEY DECLARE THAT:

1. I understand that my duty in providing written reports and giving evidence is to help the Court, and that this duty overrides any obligation to the party by whom I am engaged or the person who has paid or is liable to pay me. I confirm that I have complied and will continue to comply with my duty.

2. I confirm that I have not entered into any arrangement where the amount or payment of my fees is in any way dependent on the outcome of the case.

3. I know of no conflict of interest of any kind, other than any which I have disclosed in my report.

4. I do not consider that any interest which I have disclosed affects my suitability as an expert witness on any issues on which I have given evidence.

5. I will advise the party by whom I am instructed if, between the date of my report and the trial, there is any change in circumstances which affects my answers to points 3 and 4 above.

6. I have shown the sources of all information I have used.

7. I have exercised reasonable care and skill in order to be accurate and complete in preparing this report.

8. I have endeavoured to include in my report those matters, of which I have knowledge or of which I have been made aware, that might adversely affect the validity of my opinion. I have clearly stated any qualifications to my opinion.

9. I have not, without forming an independent view, included or excluded anything which has been suggested to me by others, including my instructing lawyers.

10. I will notify those instructing me immediately and confirm in writing if, for any reason, my existing report requires any correction or qualification.

11. I understand that:

12. (i) my report will form the evidence to be given under oath or affirmation;

JOINT INVESTIGATION TEAM PANAMA CASE

13. (ii) questions may be put to me in writing for the purposes of clarifying my report and that my answers shall be treated as part of my report and covered by my Statement of Truth;

14. (iii) the Court may at any stage direct a discussion to take place between experts for the purpose of identifying and discussing the expert issues in the proceedings, where possible reaching an agreed opinion on those issues and identifying what action, if any, may be taken to resolve any of the outstanding issues between the parties;

15. (iv) the Court may direct that following a discussion between the experts that a statement should be prepared showing those issues which are agreed, and those issues which are not agreed, together with a summary of the reasons for disagreeing;

16. (v) I may be required to attend Court to be cross-examined on my report by a cross-examiner assisted by an expert;

17. (vi) I am likely to be the subject of public adverse criticism by the judge if the Court concludes that I have not taken reasonable care in trying to meet the standards set out above.

18. I have read Part 35 of the Civil Procedure Rules, the accompanying practice direction and the Guidance for the instruction of experts in Civil Claims and I have complied with their requirements.

19. I am aware of the practice direction on pre-action conduct. I have acted in accordance with the Code of Practice for Experts.

**STATEMENT OF TRUTH**

I confirm that I have made clear which facts and matters referred to in this report are within my own knowledge and which are not. Those that are within my own knowledge I confirm to be true. The opinions I have expressed represent my true and complete professional opinions on the matters to which they refer.

and

The persons stated in Schedule 2 hereto (hereinafter referred to as "Shehbaz Family" which expression includes their legal heirs and successors-in-interest)

and

The persons stated in Schedule 3 hereto (hereinafter referred to as "Abbas Family" which expression includes their legal heirs and successors-in-interest)

and

Begum Shamim Akhtar, wife of (Late) Mian Muhammad Sharif, resident of Shamim Zarai Farms, Jati Umra, Raiwind Road, Lahore having NIC No. 35201-2125075-0 (hereinafter referred to as "Begum Shamim" which expression includes her legal heirs and successors-in-interest)

and

Begum Kausar Yousaf, daughter of (Late) Mian Muhammad Sharif, resident of 175-H Model Town, Lahore having NIC No. 35202-8823233-4 (hereinafter referred to as "Begum Kausar" which expression includes her legal heirs and successors-in-interest)

and

15/2/2016

Cornelius, Lane & Mufti, a partnership firm of advocates registered under the laws of Pakistan and having its registered office at Nawa-e-Waqt House, 4 Fatima Jinnah Road, Lahore (hereinafter referred to as the "Escrow Agent" which expression means its successors-in-interest and administrators)

Nawaz Family, Shehbaz Family and Abbas Family, Begum Shamim and Begum Kausar are hereinafter collectively referred to as the "Parties" and "Party" shall mean any one of them.

WHEREAS:

A. The Parties are all members of the family of (Late) Mian Muhammad Sharif and comprise of (i) his legal heirs, and (ii) off springs of his legal heirs.

B. The Parties and (Late) Mian Muhammad Sharif were the legal owners of, inter alia, the various properties and assets specified in Schedule 4 hereto (the "Assets"), to the extent and in the various shares stated against their name in Schedule 7 hereto. The Assets include shareholding in Chaudhry Sugar Mills Limited (which is also the successor-in-interest to Hamza Board Mills Limited and Mehraan Ramzan Textile Mills Limited) ("CSML"), Ramzan Sugar Mills Limted ("RSML"), Hudabiya Paper Mills Limited ("HPML") and Hudabiya Engineering Co. D. The Escrow Agent has agreed to act as escrow agent, in terms of this Agreement, for the purposes of the aforesaid settlement.

NOW, THEREFORE TO ACHIEVE THE AFORESAID FULL AND FINAL SETTLEMENT, THE PARTIES HAVE AGREED TO ENTER INTO THIS AGREEMENT (THIS "AGREEMENT"):

JOINT INVESTIGATION TEAM PANAMA CASE

I. AGREEMENT

1. The Parties agree and accept that the distribution and settlement shall take place on the basis of valuation specified in the final report (dated _____, as subsequently modified on _____) for division of the Assets prepared by A. F. Ferguson & Co. and initialed by all the Parties hereto (hereinafter referred to as the "Report").

2. As specified in Section 2 of the Report, the Assets are to be valued as of August 31, 2004. The Parties agree and accept that the basis for valuation is as set-out in Section 2 and Section 3 of the Report and they further agree and accept that the valuation of the Assets is as set-out in Schedule 6 of this Agreement.

3. Prior to demise of (Late) Mian Muhammad Sharif, ownership of the Assets by (Late) Mian Muhammad Sharif and the Parties was as set out in Schedule 7.

4. After the demise of (Late) Mian Muhammad Sharif, the Parties have agreed that their respective entitlement to his share of the Assets, in accordance with Islamic principles, is as set-out in Schedule 8.

5. Begum Shamim has agreed to gift and transfer the properties owned by her and comprised in the Assets, and to transfer all her rights under the First Case (including to and in the Disputed Shareholding), whether held in her own name or as legal heir of (Late) Mian Muhammad Sharif, to Nawaz Family, Shebaz Family and Abbas Family in the manner stated in Part 1 of Schedule 9. Begum Kausar has also agreed to transfer all her rights and interests in the Assets and under the First Case (including to and in the Disputed Shareholding), whether held in her own name or as legal heir of (Late) Mian Muhammad Sharif, to Nawaz Family, Shehbaz Family and Abbas Family (in the manner stated in Part 2 of Schedule 9) for valuable consideration that has been provided to her by Nawaz Family, Shehbaz Family and Abbas Family, receipt and adequacy of which is hereby acknowledged by Begum Kausar.

6. On the basis of the respective entitlements and gifts/transfers envisaged in Clauses [illegible] the [illegible] ownership of the Assets shall be as set-out in Schedule 10.

7. The Parties also claim ownership of 71.821 % of the shareholding in RSML (the "Disputed Shareholding"). The Disputed Shareholding is the subject matter of pending litigation (collectively the "First Case") inter se various other families and the Parties, as more particularly described in Schedule 5. Cases have also been filed under Section 271 of the Companies Ordinance, 1984, (the "Second Case" and collectively with the First Case, the "Cases"), as more particularly described in Schedule 5. It is expected that on final resolution of (i) the First Case, the Parties shall become entitled to the entire shareholding in RSML, and (ii) the Second Case, no administrators shall be appointed in RSML. However, till such time as a final resolution of the First Case, no transfer or change in shareholding of RSML is permissible. It is intended that to give effect to the various transfers envisaged in this Agreement, if at the time such transfer is required to be made the transfer cannot be made, then each Party that is required to transfer its shareholding shall, after the agreed date of transfer hold such respective shareholding in RSML on trust for the intended transferee thereof, until such time as actual transfers can take place or until such time as reversion of transfers is required to be made in terms of this Agreement, which ever occurs first. Where such transfers of shareholding in RSML are consideration for other transfers or payments, the holding in trust of such shareholding in accordance with the foregoing provisions shall be deemed to be sufficient consideration for the purposes of such other transfers or payments, as the case may be.

JOINT INVESTIGATION TEAM PANAMA CASE

8. With the intention that Nawaz Family, Shehbaz Family and Abbas Family shall have an equal share in the Assets (on the basis of the valuation set-out in Schedule 6 hereto), the Parties have agreed that ownership in the Assets shall (subject to Clause 7 above) be transferred/procured to be transferred inter se the Parties so that ownership of each Party in the Assets is as specified in Schedule 11 hereto.

9. The Parties have further agreed that, subsequent to the transfers envisaged in Clause 8 above,:

(a) Shehbaz Family shall transfer its entire shareholding in CSML to Nawaz Family and Abbas Family in equal shares in consideration of Nawaz Family and Abbas Family transferring (subject to clause 7 above) their entire shareholding in RSML to Shehbaz Family and making payment of Rs. 58,597,000.00 (Rupees Fifty-eight Million Five Hundred and Ninety-seven Thousand Only) each to Shehbaz Family (being in aggregate a sum of Rs. 117,194,000.00, i.e. the difference in value of the shares of RSML transferred to Shehbaz Family and the shares of CSML transferred by Shehbaz Family),

(b) Shehbaz Family shall transfer its entire shareholding in HPML and HECL to Nawaz Family and Abbas Family in equal shares in consideration of Nawaz Family and Abbas Family making payment of Rs. 78,609,500.00 (Rupees Seventy-Eight Million Six Hundred and Nine Thousand and Five Hundred Only) each to Shehbaz Family (being in aggregate a sum of Rs. 157,219,000.00 i.e. the value of the shares of HPML and HECL transferred by the Shehbaz Family), and

(c) Nawaz Family and Abbas Family shall transfer their entire entitlement to the Disputed Shareholding in consideration of Shehbaz Family making payments of Rs. 137,038,000.00 (Rupees One Hundred and Thirty-seven Million and Thirty-eight only) to Nawaz Family and Rs. 137,038,500.00 (Rupees One Hundred and Thirty-Seven Million Thirty-eight Thousand and Five Hundred Only) to Abbas Family (collectively being in aggregate a sum of Rs. 274,077,000.00, i.e. the value of their entitlement to the Disputed Shareholding),

(d) Nawaz Family, Shehbaz Family and Abbas Family have further agreed that instead of the various payments envisaged in Clause 9 (a), (b) and (c) above, Nawaz Family and Abbas Family shall make each make payment of Rs. 168,000.00 (Rupees One Hundred and Sixty-eight Thousand Only) to Shehbaz Family (being in aggregate a sum of Rs. 336,000.00) being the net amount due from Nawaz Family and Abbas Family to Shehbaz Family, i.e. the amount of payment due to Shehbaz Family pursuant to Clause 9 (a) above less the amount of payments due from Shehbaz Family pursuant to Clause 9 (b) and (c) above, and

(e) All directors of Shehbaz Family on the board of directors of CSML, HPML and HECL shall resign and shall be co-opted by directors nominated by Nawaz Family and Abbas Family and all directors of Nawaz Family and Abbas Family shall resign from the board of directors of RSML and shall be co-opted by directors nominated by Shehbaz Family

10. Nawaz Family and Abbas Family hereby agree to indemnify and hold harmless Shehbaz Family for any loss, costs, expenses, damages, fee, claims etc. suffered by the Shehbaz Family if the reversions stated in Clause 12 (a) are required to take place and do not take place for any reason whatsoever.

JOINT INVESTIGATION TEAM PANAMA CASE

11. If (i) the Parties become entitled to the entire Disputed Shareholding on final resolution of the First Case, and (ii) administrators are not appointed in RSML on final resolution of the Second Case, then

(a) (i) the transfer of shares and replacement of directors envisaged above in Clause 9 shall be remain effected, (ii) 100 % of the shareholding in RSML will vest in Shehbaz Family, and (iii) the payments to Shehbaz Family will remain effected,

(b) no Party shall have any other rights or interests in the Assets and under the First Case (including to the Disputed Shareholding) (whether as legal heirs of (Late) Mian Muhammad Sharif or otherwise) except as stated in Schedule 12 (except for Shehbaz Family who will be additionally be entitled to ownership of the entire Disputed Shareholding), and

(c) all Parties (other than Shehbaz Family) shall deposit with the Escrow Agent any share certificates received by them in respect of their respective entitlement to the Disputed Shareholding.

12. If (i) the Parties do not become entitled to the entire Disputed Shareholding on final resolution of the First Case, and/or (ii) administrators are appointed in RSML on final resolution of the Second Case, then

(a) (i) the transfer of shares and replacement of directors made pursuant to Clause 9 above shall be reversed/returned, i.e. each Party shall be obligated to return the shares of the Companies received pursuant to Clause 9 above, (ii) the replacement directors in the Companies appointed pursuant to Clause 9 (c) above shall resign and be replaced by the directors nominated by the respective Parties whose directors had resigned pursuant to 9 (e), with each Party getting equal representation on the respective board of directors, and (iii) reversion shall take place (as defined in Clause 29 (c) below),

(b) no Party shall have any other rights or interests in the Assets and under the First Case (including to the Disputed Shareholding) (whether as legal heirs of (Late) Mian Muhammad Sharif or otherwise) except as stated in Schedule 11.

13. This Agreement and the settlements envisaged herein are limited only to rights and interests of the Parties in or under the Assets described in Schedule 4 hereto and the First Case (including rights to the Disputed Shareholding). Nothing herein contained is intended to be nor shall be construed as relating to any other property or asset (including without limitation those specified in Schedule 13 hereto) that the Parties now or may become entitled to own in the future, (whether as legal heirs of (Late) Mian Muhammad Sharif or otherwise) or any right, title or interest of the Sharif Family Trust. For the avoidance of doubt, the Parties have entered into a separate arrangement in respect of the immovable properties owned by Begum Shamim.

JOINT INVESTIGATION TEAM PANAMA CASE

## II. ESCROW AGENT

14. To implement the joint and simultaneous compliance by the Parties of their respective obligations under this Agreement, the Parties have agreed on the appointment of the Escrow Agent, and the Escrow Agent hereby agrees to and accepts its appointment as Escrow Agent, in terms of the provisions of this Agreement.

(f) duly executed blank transfer deeds of their respective shareholdings in the Companies (verified by the respective Company Secretaries of the said Companies) that may be required to be retransferred pursuant to Clause 12 above, including in relation to the Disputed Shareholding.

28. On the Second Closing Date, the Escrow Agent shall, subject to receipt of all the documents specified in Clause 27 above, do the following (collectively the "Second Closing"):

(a) submit the relevant share transfer deeds and share certificates (deposited pursuant to Clause 27 above) to the respective Companies so as to give effect to the transfers envisaged in Clause 9, provided that in accordance with Clause 7 above, in case of shares in RSML, the blank transfer deeds and, where available, share certificates shall be held in trust by the Escrow Agent for the proposed transferees. The Parties shall ensure that all original share certificates related to such transfers are returned to the Escrow Agent, and shall thereafter be held by the Escrow Agent until Final Closing, at which time they shall be disposed off in accordance with Clause 30 below, and

(b) submit the relevant letters of resignation (received pursuant to Clause 27 (d) above) to the respective board of directors of the Companies so as to give effect to the resignations envisaged in Clause 9 (e) above.

JOINT INVESTIGATION TEAM PANAMA CASE

29. On the earliest to occur of the following: (i) Final Closing, (ii) final resolution of both Cases, where the Parties have become entitled to the Disputed Shareholding and administrators have not been appointed in RSML (the "First Scenario"), or (ii) final resolution of the First Case, where the Parties have not become entitled to the entire Disputed Shareholding on final resolution (the "Second Scenario"), or (iii) final resolution of the Second Case, where administrators have been appointed in RSML (the "Third

Scenario"), the Escrow Agent shall, subject to successful completion of the First Closing and/or the Second Closing, do the following (collectively the "Final Closing"):

(a) in the First Scenario, the Escrow Agent shall, after ensuring that the payments pursuant to Clause 9 (d) have been made by the Nawaz Family and the Abbas Family to the Shehbaz Family, fill in and submit the relevant share transfer deeds and share certificates in its possession to RSML, so as to give effect to the transfer of shares in RSML envisaged in Clause 9 above, or

(b) in either of the Second Scenario or the Third Scenario (as applicable), the Escrow Agent shall :

i. submit the relevant share transfer deeds and share certificates in its possession to RSML, so as to give effect to the transfer of shares in RSML envisaged in Clause 8 above;

ii. fill in and submit the relevant share transfer deeds and share certificates in its possession to the other Companies, so as to give effect to the reversal of transfers envisaged in Clause 12 above;

iii. submit the relevant letters of resignation (received pursuant to Clause 27 (e) above or Clause 30 (b)(iii) below) to the respective board of directors of the Companies so as to give effect to the reversal of replacement of directors envisaged in Clause 12 above.

Provided, however, that no transfer of shares in favour of Shehbaz Family shall take place in accordance with the aforesaid provisions of this Clause 29 unless reversion (as defined in sub-clause (c) below) shall have taken place,

(c) for the purposes of the aforesaid sub-clause (b) and Clause 12 (a), reversion and/or reversal shall mean payment from Shehbaz Family to Nawaz Family and Abbas Family of a sum of Rs. 168,000.00 (Rupees One Hundred and Sixty-eight Thousand Only) each, collectively being an amount of Rs. 336,000.00 (Rupees Three Hundred and Thirty-six Thousand Only), being the net amount paid by them pursuant to Clause 9 (d) above,

JOINT INVESTIGATION TEAM PANAMA CASE

30. After the Second Closing up till the Final Closing, each of Nawaz Family, Shehbaz Family and Abbas Family agree and accept that they shall not, without each others prior written permission,

(a) transfer, dispose off or in any manner encumber their respective shares in the Companies or increase the paid-up share capital of any Company,

(b) elect or cause to be elected any person to the board of directors of any Company, other than:

i. a person who is already a director of such Company as of the date of this Agreement, or

ii. a person who has submitted his/her undated written letter of resignation to the Escrow Agent pursuant to Clause 27 (e) above, or

iii. a person who agrees in writing to be bound by the terms of this Agreement and submits his/her undated written letter of resignation to the Escrow Agent.

31. After the Second Closing:

(a) in the First Scenario, Nawaz Family and Abbas Family shall be solely responsible for all tax liabilities, government dues etc. relating to CSML, HPML and HECL, to the entire exclusion of Shehbaz Family. Nawaz Family and Abbas Family hereby jointly and severally indemnify Shehbaz Family against all loss, damages or claim suffered by Shehbaz Family in relation to such tax liabilities, government dues etc. of CSML, HPML and HECL;

(b) in the Second Scenario or Third Scenario (as the case may be), Nawaz Family and Abbas Family shall, uptil the Final Closing, be solely responsible for all tax liabilities, government dues etc. relating to CSML, HPML and HECL to the entire exclusion of Shehbaz Family. Nawaz Family and Abbas Family hereby jointly and severally indemnify Shehbaz Family against all loss, damages or claim suffered by Shehbaz Family in relation to such tax liabilities, government dues etc. of CSML;

(c) in the First Scenario, Shehbaz Family shall be solely responsible for all tax liabilities, government dues etc. relating to RSML, to the entire exclusion of Nawaz Family and Abbas Family. Shehbaz Family hereby indemnifies Nawaz Family and Abbas Family against all loss, damages or claim suffered by Nawaz Family and Abbas Family in relation to such tax liabilities, government dues etc. of RSML;

(d) in the Second Scenario or Third Scenario (as the case may be), Shehbaz Family shall, uptil the Final Closing, be solely responsible for all tax liabilities, government dues etc. relating to RSML, to the entire exclusion of Nawaz Family and Abbas Family. Shehbaz Family hereby indemnifies Nawaz Family and Abbas Family against all loss, damages or claim suffered by Nawaz Family and Abbas Family in relation to such tax liabilities, government dues etc. of RSML.

32. In the Second Scenario, if the Parties are required by order of court to relinquish or repay any monies received from RSML (including profits and/or advances),:

(a) For amounts received between the Second Closing and Final Closing, Shehbaz Family shall be required to relinquish/repay all such amounts (to the exclusion of any other Party) and shall also be entitled to receive from Nawaz Family and Abbas Family such percentage of amounts that may have been received by them from CSML between the Second Closing and Final Closing that Shehbaz Family would otherwise have been entitled to receive if its shareholding in CSML during such period had been as stated in Schedule 11;

(b) For amounts received from April 1999 till the Second Closing, each Party shall be required to repay such amounts of required to

be so paid in the same proportion as they received such amounts during the aforesaid period.

33. After the Second Closing, (a) if the Parties have become entitled to the entire Disputed Shareholding on final resolution of the First Case and they are required by the Court to make payments to any other parties to the First Case, and/or (b) if the Parties are required to make payment of any fine or penalty on final resolution of the Second Case, then the Parties agree and accept that such payments shall be made by the Parties in the following manner:

| Party | %age of Amount to be Paid |
|---|---|
| Nawaz Family | 33.33 |
| Shehbaz Family | 33.33 |
| Abbas Family | 33.33 |
| Begum Shamim | 0.00 |
| Begum Kausar | 0.00 |

34. After the Second Closing, if the Parties are awarded any asset (other than the Disputed Shareholding) or payment by the Court on final resolution of the First Case, then the Parties agree and accept that such assets and/or payments shall be shared by the Parties in the following manner:

| Party | %age of Share in assets/payment |
|---|---|
| Nawaz Family | 33.33 |
| Shehbaz Family | 33.33 |
| Abbas Family | 33.33 |
| Begum Shamim | 0.00 |
| Begum Kausar | 0.00 |

35. Nawaz Family, Shehbaz Family and Abbas Family shall ratably share in and be equally liable for all undisclosed/undetermined liabilities relating to the Assets and/or the Companies that are accrued on or relate to the period prior to August 31, 2004. For the purposes of this Clause 35, "liabilities" mean all government dues and liabilities payable on or in respect of the Assets or payable by the Companies, including taxes, fines and penalties.

36. In respect of the certain liabilities and receivables of HPML and HECL specified in Schedule 14, Nawaz Family, Shehbaz Family and Abbas Family agree as follows:

(a) each of them shall ratably share in any such receivables recovered by HPML and HECL (and Nawaz Family and Abbas Family shall be responsible for making payment of the respective share to Shehbaz Family);

(b) each of them shall ratably be responsible for all such liabilities paid by HPML and HECL (and Shebaz Family shall be responsible for making payment of its respective share to each of Nawaz Family and Abbas Family in equal proportion); and

(c) at the expiry of three (3) years from the date of this Agreement, the net amount of the aforesaid liabilities and receivables shall be paid to or by Shehbaz Family (as the case may be) in the same proportion as specified in sub-clause (a) and (b) above.

IV. MISCELLANEOUS

JOINT INVESTIGATION TEAM PANAMA CASE

37. This Agreement and all provisions hereof shall be binding upon and inure to the benefit of the Parties and their respective successors, legal heirs and permitted assigns, but neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned by any of the Parties without prior written permission of the other Party.

38. The Parties undertake to perform their respective obligations under this Agreement in good faith.

39. This Agreement represents the entire understanding between the Parties and it is declared that there are no other understandings, written or otherwise, on matters covered by this Agreement.

Description of the Cases

In 1994, Miraj Family and Siraj Family filed Writ Petitions before the Lahore High Court, Lahore for the distribution of assets of Old Ittefaq Group as per following details:

- C.O. No 70/94 Khalid Siraj Industries Ltd
- C.O. No 71/94 Ittefaq Textile Mills Ltd
- C.O. No 81/94 Brothers Steel Limited
- C.O. No 85/94 Ittefaq Foundries (Pvt) Ltd
- C.O. No 86/94 Ramzan Sugar Mills Ltd
- C.O. No 87/94 Brothers Sugar Mills Ltd
- C.O. No 89/94 Brothers Textile Mills Ltd
- C.O. No 90\94 Ittefaq Brothers (Pvt) Ltd
- C.O. No 91-94 Ramzan Buksh Textile Mills Ltd
- C.O. No 92/94 Ittefaq Sugar Mills Ltd
- C.O. No 137\94 Khalid Siraj Textile Mills Ltd
- C.O. No 138/94 Ilyas Enterprises (Pvt) Ltd

These cases were heard by the then Company Judge, Mr Justice Malik Muhammad Qayyum who decided the cases on 10.03.1999 in main Civil Original No 87 of 1994 titled Mian Ilyas Miraj Vs Brothers Sugar Mills Limited.

During the pendancy of applications under section 292, Miraj and Siraj families applied for change of management as an interim measure. Application approved and the Company Judge Mr Justice Munir A. Sheikh passed the orders for removal of management of the companies including Ramzan Sugar Mills Ltd. The families affected to this judgment by-passed the Division Bench of the Lahore High Court and directly challenged the order in Supreme Court of Pakistan. Supreme Court remanded back to High Court to decide the appeals. The Division Bench granted stay order on the appeals.

The Chartered Accountants who were appointed for investigation into the affairs of the Companies [illegible] reports and on the basis of report of Brothers Sugar Mills Ltd and Ramzan Sugar Mills Ltd, the Corporate Law Authority filed Petitions for the change of management under section 271 of Companies Ordinance 1984. On these applications management of those two companies again removed. Once again the Companies took stay by the division bench of High Court. These Intra Court Appeals (ICAs) are still pending (ICA 9 & 10). This stay order was under section 290 of Companies Ordinance 1984.

The Order of Mr Justice Malik Muhammad Qayyum for distribution of assets was based on net worth of assets as of year 1990. The Company judge allocated Rs 218 million to each family. While allocating Ramzan Sugar to the Sharif Family, the Company Judge valued Ramzan Sugar at Rs 129.409 million and in addition Rs 68.727 million allocated to the Sharif Family, which was to be paid by Shafi family.

JOINT INVESTIGATION TEAM
[illegible] CASE

On 21.04.1999, before the division bench of Mr Justice Maulvi Anwar ul Haq and Mr Justice Ihsan ul Haq Chaudhry, twenty three Intra Court appeals filed by Mian Miraj ud Din, Mian Khalid Siraj, Mian Javed Shafi, Mian Yousuf Aziz and Mst. Shamim Begum against the order of Mr Justice Malik Muhammad Qayyum passed in C.O. 87 of 1994. The Judges on 13.5.1999 passed the order as follows:

> *"...in the interest of all the parties that they shall maintain their respective position of liability, rights and obligation as it is today,...."*

According to this order no family can change the shareholding of the Old Ittefaq Group Companies including Ramzan Sugar Mills Limited. Management of Ramzan Sugar Mills Limited, however, remains with the Sharif Family.

Sharif Group claims the entire shareholding in Ramzan Sugar Mills Ltd. As per the register of members of Ramzan Sugar Mills Limited the following four families have major shareholding,:

| | |
|---|---|
| Sharif Family | 28.179 % |
| Shafi Family | 28.180 % |
| Miraj Family | 28.180 % |
| Siraj Family | 15.461 % |

Therefore the status quo is being maintained by not changing the shareholding of Ramzan Sugar Mills Ltd.

The present Division Bench of Lahore High Court comprises of Mr Justice Naseem Sikandar and Mr Justice M. Sair Ali, started hearing on 14th April 2003 till 5th May 2003 on day to day basis. The cases are still pending and are being awaited for enlistment.

Home Office,
London.

Subject: - **MUTUAL LEGAL ASSISTANCE**

Dear Sir/Madam,

In continuation of our previous LOR (Reference No.JIT/PC/MOFA/002) I, Wajid Zia, Chairman, Joint Investigation Team (Panama Papers) constituted by the Honorable Supreme Court of Pakistan and duly authorized by the Government of Pakistan to seek legal assistance from foreign jurisdictions, very respectfully make this request for mutual legal assistance, as per detail given in the enclosed Letter of Request.

**1. Background**

The Honorable Supreme Court of Pakistan vide orders dated 20th April, 2017 and 5th May, 2017 in Constitution Petitions No. 29 of 2016, 30 of 2016 and 3 of 2017 arising out of allegations based on the documents recovered from the database of Mossack Fonseca & Co. (BVI) Ltd; a law firm operating in Panama and placed on the website of the International Council of Investigative Journalists (ICIJ), commonly referred to as the Panama Papers, constituted a Joint Investigation Team (JIT) headed by Mr. Wajid Zia (PSP), Additional Director General of Federal Investigation Agency (FIA) of Government of Pakistan, to investigate in addition to others, the real and beneficial ownership of four residential flats No.16, 16-a, 17 &

17-a, Avenfield House No.118, Park Lane, London (Mayfair Properties) and two limited offshore companies namely M/s 'Nielson Enterprises' and 'Nescoll' registered in British Virgin Iceland (BVI) as well as the mode of transfer of funds to UK. Copies of both legislations already provided as Annexure - A & B of our previous LOR (Reference No.JIT/PC/MOFA/002). The detailed Judgment of the apex court is available at *'http://www.supremecourt.gov.pk/web/user_files/File/Const.P._29_2016.pdf'*.

It may be added that the Supreme Court of Pakistan vide para-3 of its orders dated 20th April, 2017 has directed the JIT to investigate the matter which falls in the purview of corruption and corrupt practices as defined by Section 9 (a) of the National Accountability Ordinance 1999 which states that a holder of a public office, or any other person, is said to commit or to have committed the offence of corruption and corrupt practices if he or any of his dependents or benamidar owns, possesses, or has acquired right or title in any assets or holds irrevocable power of attorney in respect of any assets or pecuniary resources disproportionate to his known sources of income, which he cannot reasonably account for or maintains a standard of living beyond which is not commensurate with his known sources of income. The offence defined in Section 9 is punishable u/s-10 with imprisonment which may extend to 14 years, fine and forfeiture of illegally acquired assets. Furthermore, the Section 9 of the National Accountability Ordinance 1999 is borne on the schedule of Anti Money Laundering Act 2010 as a 'predicate offence' as defined in Sec: 2 (s) of the Act. Section 3 of the Act defines the offence of 'money laundering' whereas Sec 4 provides the punishment with imprisonment which may extend to 10 years, imposition of fine and forfeiture of the property involved in money laundering. Complete text of Section- 9 & 10 of the National Accountability Ordinance 1999 and Sec 2 to 4 with schedule of Anti Money Laundering Act 2010 already provided as Annexure - C & D of our previous LOR (Reference No.JIT/PC/MOFA/002).

## 2. Legal Authority

This request for mutual legal assistance draws its strength from following legal instruments: -

| b. | Section 21 of National Accountability Ordinance. |
| c. | Notification by Ministry of Law and Justice, Government of Pakistan dated 18th May, 2017 authorizing Mr. Wajid Zia, Chairman of the Joint Investigation Team (JIT) to exercise powers conferred by Section 21 of the National Accountability Ordinance, to lodge request for mutual legal assistance with Foreign States. Copy already provided as Annexure- 'E' of our previous request (Reference No.JIT/PC/MOFA/002). |

**3. Assistance Sought**

During the course of hearing before the Supreme Court of Pakistan, the respondents No. 1, 7 & 8 (Mr. Muhammad Nawaz Sharif, Mr. Hussain Nawaz Sharif and Mr. Hasan Nawaz Sharif) have claimed certain sources of income as resources for purchasing properties and setting up of various businesses. One of the sources they claimed is the money received from Sh. Hamad Bin Jassim Bin Jaber Al-Thani of Qatar as a return of business/ investment made by Mian Muhammad Sharif (father of Mr. Muhammad Nawaz Sharif). A part of the claimed payment received from Sh. Hamad Bin Jassim is an amount of US $ 8 million, which was paid by him to Al-Towfeek Company for Investment Fund to satisfy a decree issued by the London High Court against Hudaibiya Paper Mills Limited (HPML) owned by Sharif family and some of its Directors.

UK Central Authority is therefore requested to provide the relevant information/ documents mentioned in Section H.5 of the enclosed Letter of Request. Your prompt response and cooperation in this regard would be highly appreciated.

**4. Confidentiality**

The requesting authority undertook that the information requested will not be used for any purpose other than the matter in respect of which the request is being made.

**5. Urgency of the matter**

The apex court has granted time limit of 60 days for concluding the investigation and submitting report, which shall expire on 7th July 2017. As the information requested will further

Factual Summary

*Set out why the LOR has been issued, including: the nature of the offence, facts of the case*

*The Honorable Supreme Court of Pakistan vide orders dated 20th April, 2017 and 5th May, 2017 in Constitution Petitions No. 29 of 2016, 30 of 2016 and 3 of 2017 arising out of allegations based on the documents recovered from the database of Mossack Fonseca & Co. (BVI) LTD., a law firm operating in Panama and placed on the website of the International Council of Investigative Journalists (ICIJ), commonly referred to as the Panama Papers, constituted a Joint Investigation Team (JIT) headed by Mr. Wajid Zia (PSP) of Federal Investigation Agency of Government of Pakistan, to investigate the case and collect the evidence, if any, showing that Prime Minister Mr. Muhammad Nawaz Sharif or any of his dependents or benamidars owns, possesses or acquired assets or any interest therein disporoportionate to his known sources of income. The investigation inter alia include ascertaining the real and beneficial ownership of four residential flats No.16, 16-a, 17 & 17-a, Avenfield House No.118, Park Lane, London (Mayfair Properties) and M/s Nielson Enterprises Limited and Nescoll Limited, the two offshore companies having links with Mossack Fonseca & Co. (BVI) Ltd.*

*It may be added that during the course of hearing before the Supreme Court of Pakistan, the respondents No. 1, 7 & 8 (Mr. Muhammad Nawaz Sharif, Mr. Hussain Nawaz Sharif and Mr. Hasan Nawaz Sharif) have claimed certain sources of income as resources for purchasing properties and setting up of various businesses. One of the sources they claimed is the money received from Sh. *Clearly state how the evidence you have requested is linked to the crime*

*The evidence requested will be helpful in verifying the claim of respondents regarding receiving US $ 8 million from Sh. Hamad Bin Jassim of Qatar purportedly used in satisfaction of plaintiff's claim. As per our understanding, during the course of proceedings before the honorable High Court of Justice, Queen's Bench Division, the aforementioned apartments were placed under caution pending final resolution between the parties. The evidence requested is thus important for implicating or explicating the respondents with regard to the charges of money laundering.*———

**AFFIDAVIT OF SERVICE**

I, Mazhar Raza Khan Bangash, Advocate and Associate at Messrs. Orr, Dignam & Co., Advocates, Islamabad, son of Mr. N. M. Khan Bangash, Muslim, adult, residing at Flat No. 09, Taj Mahal Arcade, Sector F-10 Markaz, Islamabad, Pakistan do hereby state on oath as follows:

D-286

ATTESTED

That upon receipt of instructions by Orr, Dignam & Co., Advocates, Islamabad, Pakistan, from Mr. Robert Kearns, Solicitor of Kearns & Co., London, I, being an Associate of Orr, Dignam & Co. received instructions to effect personal service of the Order No. 1998-A-991 of The High Court of Justice, Queen's Bench Division

at London together with copies of the two Witness Statements of Mr. Shezi Nackvi on the Second Defendant, Third Defendant and Fourth Defendant and also on the Creditors named in paragraph 4 of Mr. Nackvi's Second Witness Statement.

2. Accordingly, I effected such personal service as follows:

A. **Third Defendant**

(i) That on Friday the 26 November 1999 I went to the address of the Third Defendant viz. Mr. Mian Muhammad Sharif at Sharif Farms, Raiwind, Lahore, Pakistan and personally served a true copy of the Order No. 1998-A-No. 991 issued by the High Court of Justice at London dated November 5, 1999, together with copies of two Witness Statements of Mr. Shezi Nackvi upon him. In witness thereof, Mr. Mian Muhammad Sharif duly signed in acknowledgement of receipt at the back of the Order in my presence. This is further witnessed by the signature of Mr. Mumtaz Ahmed Chaudhry, Magistrate 1st Class, Area Magistrate Police Station Raiwind, Lahore who also signed and affixed his designation rubber stamp at the back of the Order.

(ii) That upon my inquiry, Mian Muhammad Sharif, the Third Defendant, was identified by (1) Mr. Mumtaz Ahmed Chaudhry, Magistrate 1st Class, Area Magistrate Police Station Raiwind, Lahore, (2) Mr. Saud Aziz, Senior Superintendent Police, Lahore. (3) Lieutenant Colonel Saqib, Incharge Monitoring and Inspecting Team, Police, Lahore, and (4) Major Babar Abbasi, Duty Officer, Sharif Farms, Raiwind, Lahore who were all present at the time of the service of the above mentioned Order.

B. **Fourth Defendant**

C-286
ATTESTED

(i) That on Friday the 26 November 1999 I went to the address of the Fourth Defendant viz. QUIST SOLICITORS

**Annex G**

**December 1999 draft consent order**

This document is a 'draft' and not a copy of the final consent order and settlement terms. On the contrary, it appears that this document was very much ' work in progress' and the final terms seem to be more accurately described in the article published by Dawn newspaper carrying the title 'Law and Order".

The link for that article is https://www.dawn.com/news/1072293
A copy is also attached. ***Appendix I***.

The Dawn article appears to be reasonably accurate (apart from a typographical error with the figures) and therefore can be relied upon to describe in many material respects the terms of the final settlement reached in the Al Towfeeq case.

Notably, the draft does not expressly contradict the finding by the English High Court that any or all of the second, third and fourth defendants have an interest in the Mayfair properties.

On the contrary, paragraph 2 of the consent order which has been included as part of the ongoing process of settlement negotiations is written in manuscript and states:

***" (2) That in the event that a party to the deed does not comply with any of its terms in respect of another party, the other party shall without more be entitled to enforce judgement"***

This addition is revealing. It is likely to have been introduced by the plaintiff's solicitors while negotiations were ongoing. It should be emphasised that at that stage, in December 1999, there is no attempt to specifically exclude the Mayfair properties from the plaintiff's right to enforce judgement in the event the settlement terms are breached[1]. From the draft it

JOINT INVESTIGATION TEAM PANAMA CASE

[1] Note the Charging Order Nisi had been made by then (on 5 November 1999) and applications to register cautions had been lodged and registered with the Land Registry against all of the Mayfair properties.

QUIST
SOLICITORS

appears negotiations were fairly advanced and draft versions were being developed by lawyers. Given the size of the judgement careful attention would have been paid to terms and how and against which assets judgement could be enforced in the event of a default by any of the defendants. Solicitors would be carefully and cautiously advising their respective clients of their rights and obligations to observe terms and the consequences of not doing so. (Solicitors would themselves be potentially negligent if they failed to do so.)

By way of example, given the serious legal implications of allowing valuable properties to remain susceptible to enforcement proceedings if the defendants did not have an interest in the Mayfair properties, the defendants' lawyers could have required an amendment by the introduction of the following words at the end of paragraph 2 '... save against the properties in the Schedule to the Charging Order Nisi made by Master Trench on 5 November 1999'.

Paragraph 3 of the December 1999 draft consent order envisages that the 5 November Charging Order will be discharged, but once again, there is no prohibition on the plaintiff applying to the High Court for a further charging order against the Mayfair properties in the event any of the settlement terms are breached by the defendants.

The above analysis also helps understand the Sharifs stance as at December 1999 with regard to the ownership of the Mayfair properties. In short, they did not deny or challenge the finding made by the High Court that they had a beneficial interest in the properties. We have seen nothing to contradict this. Had the properties been owned by the Qataris and given the close relationship with the Sharifs, one would have thought the Sharifs would have bent over backwards while sparing no expense to exclude the properties from the scope of the proceedings as none of the royal family were defendants.

The draft settlement deed which also comprises the December 1999 draft consent order states in the recitals that judgement was entered against the first defendant, Hudabiya on 21 October 1998 and a further judgement was entered against the remaining three defendants – all of whom were the Sharifs on 16 March 1999. We have seen a copy of the 16 March judgement and this appears to be consistent with the recitals.

Although paragraph C of the recitals refers to interlocutory relief granted by a senior civil judge in proceedings commenced in Lahore referred to as 'the Pakistan Action' significantly, the Sharifs, as far as we are aware, never made any efforts to successfully stay the English proceedings or otherwise to appeal against any adverse order made by the High Court at any stage. The Pakistani proceedings – as they related to the English proceedings - from a practical and legal perspective did not affect or undermine the English court orders.

The Dawn article suggests that an intensive legal battle was fought between the parties with the benefit of legal representatives in the English proceedings between 4 September1998 and 5 February 1999. In the course of an application made on 5 February 1999 the Sharifs failed to set aside an order made on 4 September 1998 by the High Court.

The 4 September 1998 order conceivably dealt with issues such as whether the claim was arguable, the proper jurisdiction for the claim to be pursued in and service outside the jurisdiction of the of English proceedings. We do not have a copy of the order.

An extract from the Dawn article of the 5 February 1999 order reads:
*It is hereby ordered that: 1) the defendants' application under RSC Order 12 Rule 8*[2] *be refused. 2) Costs of this application be paid by the defendants to the plaintiff to be taxed if not agreed.*

---

[2] **Order 12, r 8 Dispute as to jurisdiction**
[(1) A defendant who wishes to dispute the jurisdiction of the court in the proceedings by reason of any such irregularity as is mentioned in rule 7 or on any other ground shall give notice of intention to defend the proceedings and shall, [within the time limited for service of a defence], apply to the Court for—
(a) an order setting aside the writ or service of the writ . . . on him, or
(b) an order declaring that the writ . . . has not been duly served on him, or
(c) the discharge of any order giving leave to serve the writ . . . on him out of the jurisdiction, or
(d) the discharge of any order extending the validity of the writ for the purpose of service, or
(e) the protection or release of any property of the defendant seized or threatened with seizure in the proceedings, or
(f) the discharge of any order made to prevent any dealing with any property of the defendant, or
(g) a declaration that in the circumstances of the case the court has no jurisdiction over the defendant in respect of the subject matter of the claim or the relief or remedy sought in the action, or
(h) such other relief as may be appropriate.
(2) . . .
(3) An application under paragraph (1) must be made—
(a) in an Admiralty action in rem, by motion;
(b) in any other action in the Queen's Bench Division, by summons;
(c) in any other action, by summons or motion,
and the notice of motion or summons must state the grounds of the application.

(4) An application under paragraph (1) must be supported by an affidavit verifying the facts on which the application is based and a copy of the affidavit must be served with the notice of motion or summons by which the application is made.

JOINT INVESTIGATION TEAM PANAMA CASE

During this period it seems the parties exchanged some 13 affidavits and were represented by Queens Counsel and solicitors.

All of this would strongly suggest that the Sharifs' case to challenge jurisdiction lacked sufficient merit. Also note that the 16 March 1999 judgement order states that "no notice of intention to defend [was] given" by the defendants.

The Sharifs did not subsequently pursue any appeals even on the solitary issue concerning the correct jurisdiction governing the dispute notwithstanding the size of the claims against them personally.

It therefore would be logical to conclude that the Pakistani litigation was a tactical manoeuvre launched in an effort to indirectly obstruct, albeit unsuccessfully, the English proceedings as they had no or little prospect of defending the English proceedings, and more significantly, challenging the finding concerning their beneficial interests.

At the very least, even if the substantive claim was indefensible there was nothing preventing the Sharifs at a later stage when the Mayfair properties became the subject of enforcement, from making it known that they did not have an interest in these assets and that any enforcement proceedings were therefore unlawful.

Clause 3 gives details of the payment to be made by the defendants, namely, US$8,700,000. Payment is to be made by 31 December 1999.

---

(5) Upon hearing an application under paragraph (1), the Court, if it does not dispose of the matter in dispute, may give such directions for its disposal as may be appropriate, including directions for the trial thereof as a preliminary issue.

[(6) A defendant who makes an application under paragraph (1) shall not be treated as having submitted to the jurisdiction of the Court by reason of his having given notice of intention to defend the action; and if the Court makes no order on the application or dismisses it, the notice shall cease to have effect, but the defendant may, subject to rule 6(1), lodge a further acknowledgement of service within 14 days or such other period as the Court may direct and in that case paragraph (7) shall apply as if the defendant had not made any such application.]

(7) Except where the defendant makes an application in accordance with paragraph (1), the acknowledgment by a defendant of service of a writ . . . shall, unless the acknowledgment is withdrawn by leave of the Court under Order 21, rule 1, be treated as a submission by the defendant to the jurisdiction of the Court in the proceedings.]

Quist 4

In reality the text of Clause 3 is bound to have changed by the time the final deed was agreed and signed. In reality, it is understood payment was made on a later date.

Clause 4 gives the plaintiff the right to enforce judgement in the event of a default in payment. Notably, as stated previously, the Mayfair properties are not excluded from attack.

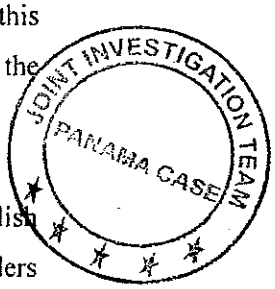
Clause 6 indicates that the defendants were at the time represented by the law firm Akin Gump Strauss Hauer & Feld – an international American firm with offices in London. There can be no doubt therefore that the defendants were receiving experienced legal advice. Furthermore even future disputes relating to the settlement deed resulting in further proceedings were to be served on this firm on behalf of the defendants. See clause 10(1).

Clause 7(3) requires the plaintiff to remove the cautions registered against the Mayfair properties. In reality however, this clause does not seem to have featured in the final signed version of the consent order and the settlement deed.

The Dawn article states that the consent order provided:

**"The charging order nisi granted by Master Trench on November 5, 1999, be discharged forthwith *upon payment* in accordance with clause 3 of the said deed with no order as to costs."**

The charging order and the cautions registered against the properties therefore appear to have remained in place until payment was made. This is important. It corroborates the assertion that neither the Sharifs nor the Qataris challenged the High Court's finding that the defendants had a beneficial interest in the Mayfair properties. It is highly unlikely that two British law firms would have allowed this fundamental point to form an integral basis of the settlement terms and any future enforcement action in the event of a breach of those terms notwithstanding a misrepresentation or misstatement of fact with regard to the ownership of the properties.



QUIST SOLICITORS

Clause 10 supports the view that the Pakistani proceedings were tactical and did not represent sound legal claims or arguments given that the parties agreed to submit exclusively to the English jurisdiction in relation to any dispute or matter arising out of the settlement deed. Had the defendants felt they had any legitimate rights or claims which only could be determined in accordance with Pakistani law in the Pakistani jurisdiction then such matters

would have been included in the settlement terms. The deed requires the Pakistani Action to be withdrawn. See clause 14.

The terms of the deed were confidential. (Clause16) Such a term would be necessary in order to prevent details of, amongst other things, the failure to challenge the court's ruling concerning the Sharifs' beneficial interests in the Mayfair properties and the reliance on this by the plaintiff as security until the judgement debt was discharged in full, falling into the public domain.

There can be little doubt that the defendants were legitimately sued in the English proceedings given the absence of any successful appeal or other challenge against the orders made by the High Court.

Also, under Clause 17 they "confirm, represent and warrant" they had authority to enter into the deed.

**Pakistani proceedings commenced by Hudaibia and the Sharifs: Civil Suit No 1101/1998**

The Sharifs maintained, amongst other things, in their submissions in the Pakistani proceedings:

Quist

QUIST SOLICITORS

- That they challenged the jurisdiction of the English courts[3]:
- Issues concerning the service of proceedings and applications issued in the English High Court:
- Having insufficient notice to respond or otherwise participate in the English proceedings as a result of which the orders dated 4 September 1998 and 21 October 1998[4] were made:
- That they "intend to move the court on 31.10.1998"

The various objections and protests by the Sharifs in the Pakistani proceedings were strategic in nature and represented tactical posturing to thwart the English proceedings, albeit unsuccessfully.

Undoubtedly the Sharifs commanded vast experience as international businesspersons. This is illustrated by the way in which they partnered or dealt with deeply experienced property business figures[5] from time to time. They were able to draw from a pool comprising an enviable wealth of experience held by a network of established and overwhelmingly successful property tycoons[6]. The Sharifs maintained interaction with a plethora of small and large firms of lawyers in numerous jurisdictions[7]. The Sharifs were therefore sophisticated

enough to recognise the perils of not engaging lawyers to participate in the substantive case throughout the duration of the English proceedings to rebut any unjustified allegations concerning their property interests. They failed to eliminate the Mayfair properties from the scope of the English proceedings - as in reality, it would in all of the circumstances be reasonable to conclude in the absence of any further evidence - they could not disprove their beneficial interests in the Mayfair properties.

The Sharifs hired a large experienced international firm of lawyers to represent them in the settlement negotiations to prevent their interests in the Mayfair properties from being unveiled as their attempts in the Pakistani litigation were ineffective in this regard.

* Given the analysis advanced in the JIT report it is reasonable to assume these firms also acted for the Sharifs or their companies with regard to the Mayfair properties

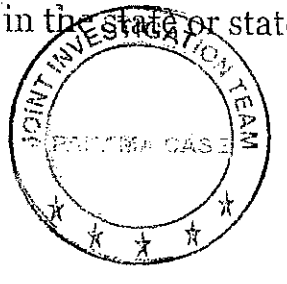
Hudabiya Paper Mills Ltd (first defendant), Mian Mohammad Shahbaz Sharif (second defendant), Mian Mohammad Sharif (third defendant) and Mian Mohammad Abbas Sharif (fourth defendant) , under English law and jurisdiction borrowed money from Investment Funds Ltd, operated by Al Towfeek Company (the plaintiff). Abiding by the Pakistani norm, they did not repay the loan. Al Towfeek went to court and the Order of Master Rose (The masters of the various divisions of the high court deal with routine matters) of September 4, 1998, was duly served upon Hudabiya and the three Mians of Lahore. Employing the usual delaying tactics, as applied in the land over which they misruled, the Mians filed an application in the court asking that the order and the service of the proceedings be set aside. The application was heard in chambers by Mr Justice Buckley of the Queen's Bench Division. He wrote a one-page order on February 5, 1999, (as opposed to a 100-page judgment) which reads as follows: "Upon the defendants' application for an order that the Order of Master Rose of 4 September 1998 and the service of proceedings be set aside pursuant to RSC Order 12 Rule 8 and that the plaintiffs do pay the defendants costs to be taxed forthwith and upon hearing leading counsel for the plaintiff and the defendants and upon reading the following affidavits : . . . . . [13 affidavits listed]

"It is hereby ordered that: 1) the defendants' application under RSC Order 12 Rule 8 be refused. 2) Costs of this application be paid by the defendants to the plaintiff to be taxed if not agreed."

On March 16, 1999, the court delivered its judgment ordering Hudabiya and the Mians to repay the loan. The amount due was not paid and on November 5, 1999, Master Trench by a one-page order ordered that the properties of the Mians be attached.

"Upon reading the witness statements of Shezi Nackvi filed herein on the



26th October, 1999l, and 5th November 1999 whereby it appears that by a judgment made on the 16th March 1999 in the High Court of Justice, Queen's Bench Division, the second defendant was ordered to pay to the plaintiff the sum of US$417,719,315.26 or its sterling equivalent of which US$418,673,203.86 remains due and unpaid as at 19th October, 1999, and the third defendant and fourth defendant were ordered to pay to the plaintiff the sum of US$414,712,912.18 or its sterling equivalent of which US$415,504,732.37 remains due and unpaid as at 19th October, 1999, and that the second defendant, third defendant and/or fourth defendant has a beneficial interest in the assets specified in the schedule hereto.

"It is ordered by Master Trench that unless sufficient cause to the contrary be shown before a judge in chambers in Room No. E101, Royal Courts of Justice, Strand, London on the... day of 1999, at o'clock, the second and third and the fourth defendant's interests in the said assets, to the extent of their respective interests, shall and it is ordered in the meantime it do, stand charged with the payment of US$418,673,203.86 or its sterling equivalent due on the said judgment as against the second defendant and US$415,504.732.37 or its sterling equivalent due on the said judgment as against the third and fourth defendants and interest thereon at the statutory rate together with the costs of this application.

"And it is further ordered that the plaintiff have permission to serve upon the second defendant, third defendant and fourth defendant in Pakistan a copy of this order together with a copy of the witness statements of Shezi Nackvi.

"And it is further ordered that this application and all documents supporing it be served on the companies named in para 16 of the first witness statement of Shezi Nackvi, as to which leave is granted to serve them in the British Virgin Islands, and also the creditors named in paragraph 4 of the said Mr Nackvi's second witness statement, as to which leave is granted to serve the same in Pakistan or in the state or states where any of them are

registered."

The schedule lists the four properties owned in London by the Mians of Lahore: 16, 16A, 17 and 17A Avenfield House, at 117-128 Park Lane, London.

End of story. The Mians paid up and settled with the lenders. Master Trench recorded the 'consent order' signed by the solicitors of both sides on January 25, 2000 which reads as follows :

"Upon the plaintiff and the first, second, third and fourth defendants having agreed to the terms of the deed referred to in the schedule hereto "And upon the plaintiff by its solicitors undertaking not to enforce or execute judgment, or take any further steps whatsoever, in the action against the first defendant, save insofar as permitted by and in accordance with such terms

"By consent it is ordered that:

1) All further proceedings in this action be stayed, on the terms more particularly set out in the deed described in the schedule to this order, as between the plaintiff and the first, second, third and fourth defendants except for the purpose of carrying this order and the said terms into effect for which purpose the parties are to be at liberty to apply, including in particular, to apply in accordance with this order to enforce judgment against the defendants in this action in the event of non-compliance with Clause 3 of the said deed.

"The charging order nisi granted by Master Trench on November 5, 1999, be discharged forthwith upon payment in accordance with Clause 3 of the said deed with no order as to costs."

To another matter, the power companies. HUBCO, KAPCO, and others have made shady deals involving, but not limited to, the companies themselves, the World Bank, other international lending agencies and our worthy 'democratic' prime ministers Benazir Bhutto and Nawaz Sharif aided by

their team-mates. However, what is signed by the government must be honoured unless it can be commercially resolved out of court. The contracts with the power companies provide for international arbitration and WAPDA and the Government of Pakistan (whether civil or military) are bound by this provision. No foreign investor will invest in Pakistan if he is denied international arbitration and is compelled to take disputes to the Pakistani courts which he does not trust and is convinced are government-controlled and manipulated. The power companies are well aware of what they have done and are inclined to settle out of court. A commercial settlement is beyond the competence of military men. Our Finance Minister Shaukat Aziz should be empowered to lead a delegation of competent men of integrity trusted by the people to settle the outstanding issues.

The Asia Society annual corporate conference held this month in Shanghai was attended by a thousand delegates from all over the world, western and eastern, and was addressed by the prime minister of China and 43 leading world personalities in the political and business fields. The presence of our ambasador in Beijing, Riaz Khokar, marked our existence. No mention of Pakistan was made by any speaker, the country might not have been a part of Asia - or even of the world.

Of the greatest concern now is the physical law and order situation in Karachi. The least that a military government can do is to use, if and when necessary, the force and power it has at its command to stop rioters and arsonists from killing people and destroying public and private property. Case in point : the ransacking and burning of the offices of the Business Recorder on May 18. This government cannot be forgiven for what happened. If it had the will (the wherewithal it has), the least it could have done was to have ensured that no such incident took place.

## RE: JOINT INVESTIGATION TEAM: PANAMA PAPERS

**Re: Constitution Petition Number 29 of 2016 between Imran Ahmad Khan Niazi and Mian Muhammad Nawaz Sharif, Prime Minister of Pakistan: Constitution Petition Number 30 of 2016 between Sheikh Rasheed Ahmed and the Federation of Pakistan through the Secretary Law, Justice and Parliamentary division and others: and Constitution Petition Number 03 of 2017 between Siraj ul Haq and Federation of Pakistan through the Ministry of Parliamentary Affairs, Islamabad and others**

Whilst written instructions in this matter have been received from Quist Solicitors of London, this report is addressed to the Court for its consideration in the hearing of the above case.

---

I have been an independent expert in private practice for over 40 years. I hold the Diploma in Document Examination awarded by the Forensic Science Society. I have also been awarded the status of Registered Forensic Practitioner (specialising in the examination of handwriting and documents) from the Council for the Registration of Forensic Practitioners. The laboratory, shown on the cover page, is very well equipped for document examination and holds an extensive library. My Curriculum Vitae is appended to this report (see Appendix A).

The following documents have been presented for examination.

## DOCUMENTS PRESENTED

1. A copy three page Declaration of Trust said to have been signed on 2nd February 2006 with handwritten page numbers added "4 – 6". This document will be referred to as the "Nescoll/Nielsen Declaration".
2. A copy three page Declaration of Trust said to have been signed on 4th February 2006 with handwritten page numbers added "84 – 86". This document will be referred to as the "Coomber Declaration".

Photocopies of the documents are appended to this report (see Appendix B).

## INSTRUCTION

1. (i) To comment on the documents presented with respect to the structuring of the pages concerned.

2. (ii) To examine the altered dates relating to the solicitor's signatures on pages 5, 6, 85 and 86 in order to identify the nature of the original dates and the final partially overwritten dates.

## SUMMARY OF OPINION

3. Further to my examination of the documents in question, a more detailed outline of which follows, my findings and opinions are summarised below. A Glossary of Opinion is attached at Appendix C. It is strongly advised that the reader should study this in order to obtain a greater appreciation of the meanings of the terms of the scale of opinion that may be used.

4. (i) The two second pages (5 and 85) of the two Declarations of Trust presented are, effectively, identical in layout, signatures and handwritten details and as a result, one has to be a copy of the other or both are a copy of a further master document.

JOINT INVESTIGATION TEAM PANAMA CASE

5. (ii) Similarly, the two third pages of the two Declarations (6 and 86) are, effectively, identical in layout, signatures and handwritten details and as a result, one has to be a copy of the other or both are a copy of a further master document

6. (iii) It is not possible to identify which was the original Declaration completed with pen and ink and which has had copy second and third pages inserted into it from the other document. Only presentation of the original document in question will clarify this point.

7. (iv) The dates of the solicitor's signatures on pages 5 and 85 are, naturally, identical as these pages are copies one of another. I am of the opinion that the evidence strongly supports the proposition that the altered numeral was either originally a "4" altered to a "6" or alternatively, a "6" altered to a "4". Without the original document bearing this entry being produced, it is not clear, scientifically, which entry came first. However, with most overwritings, the overwritten figure is usually emphatic and legible. As a result, the relatively casual reproduction of the "4" leads me to the opinion that it is more likely than not that the original entry was 2004 modified to 2006 rather than vice versa.

8. (v) The same comment applies to the altered dates on pages 6 and 86.

# EXAMINATION

**The Questioned Documents**

9. Both of the Declaration of Trusts are presented in copy form. This does restrict the examination from a number of points of view.

10. Firstly, with features such as alterations of handwritten dates, microscopical examination of the original document coupled with examination utilising a Video Spectral Comparator (which will differentiate between different inks) is the preferred method of examination and can generally rapidly identify the original and the overwritten entry. These processes are not applicable to copies.

11. Secondly, the copies presented are possibly multi generation copies. As such, they may have their dimensions typically slightly changed due to the copying/scanning

JOINT INVESTIGATION TEAM PANAMA CASE

processes. This slight modification by a few percent in both the horizontal and/or vertical direction is very common in such circumstances.

12. An additional difficulty which is apparent on the documents presented is that there are clearly slight distortions in the copying process which are most likely to be the result of documentation being copied or scanned without the document being held firmly in place against the glass platen of the copier. In these circumstances, slight distortions due to undulations, folds or creases in the paper will occur and indeed, evidence of this is observable on the documents presented.

13. However, whilst the above points slightly limit the examination, the main considerations can be undertaken on the material presented. However, it is always desirable to see the original documentation in due course, if indeed, it is in existence.

**Comparison of the Nescoll/Nielsen Declaration Pages 4, 5 and 6 with the Coomber Declaration Pages 84, 85 and 86**

Comparison of Pages 4 and 84

14. These obviously contain different texts and each shows a unique signature (and associated stamp impressions) of "Jeremy Freeman" in the bottom right hand corner.

Comparison of Pages 5 and 85

15. Comparing these side by side, they have the same printed text. It is also noted that the signatures and dates and other handwritten entries are identical when the slight change in size of the pages is taken into consideration. I append to this report at Appendix D the two pages side by side. It can be seen that the details of text, the style and design of the signatures are of an identical nature for all entries including that of the solicitor at the foot of the document and his associated stamp impression. One can also note on both pages that not only are the signatures, dates and writings obviously identical, but one can also see that, for instance, the signatures on both pages of Mrs Mariam Safdar show a long downstroke cutting through the "a" of the word "Mariam" on both pages whilst the other downstroke precisely touches the printed signature line in both documents i.e. signature and printed text are in identical positions.

JOINT INVESTIGATION TEAM PANAMA CASE

16. On both pages, the same comment can be made with respect to the other entries such as the downstroke of the signature "Hussain Nawaz Sharif" which cuts through the left hand section of the "u" of the name "Hussain" below and proceeds downwards through the right hand section of the "n" of "Presently", terminating slightly above and between the "d K" of "United Kingdom" below.

17. I have visually intercompared the entries on this page and am satisfied that they are, taking into account the slight differences in size and the deformation due to the pages not being held against the glass copier platen, identical i.e. these are not two different pages originating from two separately executed documents, one is a copy of the other or, alternatively, they are both copies of another version of that page.

18. It may be noted that no one individual ever signs two identical signatures let alone five different individuals signing identical signatures whilst maintaining the relative positions of signatures one to another and to the printed text on the same page.

19. This is conclusive evidence that pages 5 and 85 are not separately executed documents but are copies either one of the other or of a further single master document.

Comparison of Pages 6 and 86

20. The same comment, as above, applies with pages 6 and 86 either being copies of one of the other or are copies of a further single master page (the side by side comparison is also shown in Appendix D). They are not the result of separate executions of different documents.

21. I have considered whether it is possible to determine which is the master document and which may be the one incorporating the copy pages. I find no significant evidence to assist. Only the production of an original Declaration completed with pen and ink will show which document has been fully executed whilst, consequently, identifying the second document which has been created utilising copies of the second and third signature pages of the other Declaration.

**Consideration of the Alteration of the Date of the Solicitor's Signature**

22. Pages 5 and 85 show the solicitor's signature being dated "4th February with the last

JOINT INVESTIGATION TEAM PANAMA CASE

numeral of the date being overwritten. Similarly, on pages 6 and 86, the last numeral of the year date has, again, been overwritten.

23. I note that the signature of Mr Hussain Nawaz Sharif on both pages is dated 4th February 2006 and consequently, the amendment to the solicitor's signature date may have been amended to reflect the date which corresponds to that date above as I consider a "6" is clearly visible on both pages showing the altered entries.

24. I have been requested to consider what the alteration may be and what the original entry may be.

25. Without the original document, which would enable an analysis of the inks and the ink lines to be made, one can only follow the procedure of working through the numerals 0 - 9 to see which of those numbers would fit the line structures that can be observed in the altered entry.

26. Clearly, in my opinion, the alterations on both pages could involve a "6". Considering what numeral could be overwritten with a "6", I consider there is only one realistic prospect, that being a "4".

27. I have enlarged the alterations on pages 5 and 6 (as these are the clearest entries relative to the same entries on pages 85 and 86) and at Appendix E, colouring the numeral red for ease of illustration. I have overwritten the images with my interpretations of the numeral forms. Referring to the alteration on Page 1 of Appendix E, illustration1 at the top (from page 5) shows the alteration on which I have written my interpretation of a "6", the terminal stroke of the numeral descending below the writing baseline. Illustration 2 on that page shows my interpretation of the structure of a "4" in diagrammatic form. Illustration 3 (from page 6) shows, again, my interpretation of a "6" whilst illustration 4 shows the structure of what I consider is a "4" which is written in a very rapid fashion with the terminal stroke slanting downwards towards the right. "Cleaned up" versions of those images are shown on page 2 of Appendix E, illustrations 5 to 8.

28. In my opinion, on considering what other numerals could be present, the only other alternative would be, on considering illustration number 9 on Page 3 of Appendix E

JOINT INVESTIGATION TEAM PANAMA CASE

that the elliptical portion of the "6" as marked at illustration 10 is the top portion of a "9". However, if this was a "9", it would be spaced well to the right of the preceding "0" whilst, at the same time, the elliptical portion of the "9" would sit on the imaginary writing baseline with the terminal downstroke descending well below the imaginary baseline. This would have to be a very unusual writing of the numerals concerned with respect to their alignment.

29. I can see no other realistic interpretations of what these alterations could be.

30. I have been asked to identify which was the original entry and to what that was subsequently altered. Whilst I am instructed that it is claimed the document was created in 2006 and therefore one might logically expect the **last** numeral to be written as a "6" as opposed to a "4", the question of the logic of the situation is for the Court to determine. That it is not my role as I deal specifically with the scientific evidence before me. From that point of view, it is not possible to determine technically, from the copies presented, whether the "4" overwrites the "6" or the "6" overwrites the "4". Only sight of the original document would enable this to be undertaken. However, I would comment that, generally when overwritings of this nature are made, the overwritten element is usually fairly emphatic and positively written so as to identify clearly to the reader, the structure of the intended numeral. In both cases, the "6" appears quite clear whereas the "4" structures are written in a relatively casual "cursive" fashion. From this point of view, the appearance of this numeral on both of the pages concerned leads me to the opinion that it is more likely than not that these pages bear dates of 2004 which have been overwritten to show 2006. Also, clearly the date of the solicitor's signature, if altered to "2006", is wholly in keeping with the signature date of Mr Hussain Nawaz Sharif above.

# DECLARATION

I, ROBERT WILLIAM RADLEY DECLARE THAT:

1. I understand that my duty in providing written reports and giving evidence is to help the Court, and that this duty overrides any obligation to the party by whom I am engaged or the person who has paid or is liable to pay me. I confirm that I have complied and will continue to comply with my duty.

2. I confirm that I have not entered into any arrangement where the amount or payment of my fees is in any way dependent on the outcome of the case.

3. I know of no conflict of interest of any kind, other than any which I have disclosed in my report.

4. I do not consider that any interest which I have disclosed affects my suitability as an expert witness on any issues on which I have given evidence.

5. I will advise the party by whom I am instructed if, between the date of my report and the trial, there is any change in circumstances which affects my answers to points 3 and 4 above.

6. I have shown the sources of all information I have used.

7. I have exercised reasonable care and skill in order to be accurate and complete in preparing this report.

8. I have endeavoured to include in my report those matters, of which I have knowledge or of which I have been made aware, that might adversely affect the validity of my opinion. I have clearly stated any qualifications to my opinion.

9. I have not, without forming an independent view, included or excluded anything which has been suggested to me by others, including my instructing lawyers.

10. I will notify those instructing me immediately and confirm in writing if, for any reason, my existing report requires any correction or qualification.

11. I understand that:

12. (i) my report will form the evidence to be given under oath or affirmation;

JOINT INVESTIGATION TEAM PANAMA CASE

13. (ii) questions may be put to me in writing for the purposes of clarifying my report and that my answers shall be treated as part of my report and covered by my Statement of Truth;

14. (iii) the Court may at any stage direct a discussion to take place between experts for the purpose of identifying and discussing the expert issues in the proceedings, where possible reaching an agreed opinion on those issues and identifying what action, if any, may be taken to resolve any of the outstanding issues between the parties;

15. (iv) the Court may direct that following a discussion between the experts that a statement should be prepared showing those issues which are agreed, and those issues which are not agreed, together with a summary of the reasons for disagreeing;

16. (v) I may be required to attend Court to be cross-examined on my report by a cross-examiner assisted by an expert;

17. (vi) I am likely to be the subject of public adverse criticism by the judge if the Court concludes that I have not taken reasonable care in trying to meet the standards set out above.

18. I have read Part 35 of the Civil Procedure Rules, the accompanying practice direction and the Guidance for the instruction of experts in Civil Claims and I have complied with their requirements.

19. I am aware of the practice direction on pre-action conduct. I have acted in accordance with the Code of Practice for Experts.

**STATEMENT OF TRUTH**

I confirm that I have made clear which facts and matters referred to in this report are within my own knowledge and which are not. Those that are within my own knowledge I confirm to be true. The opinions I have expressed represent my true and complete professional opinions on the matters to which they refer.

## *CURRICULUM VITAE*

Our Practice is the longest established independent laboratory in the UK dealing with the forensic examination of handwriting and documents. It was founded over 50 years ago and has always had an international reputation. The current Principal is Robert Radley MSc, C Chem, FRSC, FCSFS, FSSoc Dip, FAE, RFP. The Laboratory has been consulted in over 13,000 cases, with work emanating from all over the world.

Robert Radley was awarded the status of ***Registered Forensic Practitioner*** in 2004, re-awarded 2008, specialising exclusively in this field. He holds the Degrees of ***Bachelor of Science*** in Chemistry and ***Master of Science*** in Forensic Science. He also holds the ***Diploma of the Forensic Science Society*** in Document Examination and is a ***Chartered Chemist.***

Robert is an active Member of *The Forensic Science Society*, the *American Society of Questioned Document Examiners* and is also a *Fellow of the Academy of Experts* and a *Fellow of the Royal Society of Chemistry.* He successfully completed the Assessors Course for the Council of the Registration of Forensic Practitioners and was an examiner for the Forensic Science Society for 12 years with respect to their Diploma in Document Examination.

Robert has been instructed by a large number of solicitors in this country and abroad as well as all major clearing Banks in England and many other Banks and solicitors worldwide. Other clients include insurance and finance companies, Local Government Authorities, Trading Standards Departments, the British Armed Forces, various Building Societies, The Commissioner of the Metropolitan Police, the CPS and SFO, the US Department of Justice and a wide variety of private and public companies.

He has written numerous papers on a variety of aspects of questioned document examination and has presented these to scientific meetings which he regularly attends both in this country and abroad. He has been on the Editorial Board of the *International Journal of Forensic Document Examiners.*

Instructions are received from all over the world. These generally relate to the areas of signature authentication and/or handwriting identification whilst other casework dealt with on a routine basis includes non-destructive instrumental analysis of inks (and if necessary chemical analysis), alterations, document manipulation, erasures, typewriting/printing, writing impressions in documents (ESDA), photocopy examinations, paper, dating queries, etc.

He has undertaken single joint expert training and regularly deals with such cases.

He has given evidence on several hundred occasions in the courts throughout the UK, Republic of Ireland, Jersey, Cyprus, Germany, Switzerland, Australia, New Zealand, Brunei, Hong Kong, Singapore, Gibraltar, Malta, South Africa, Kenya, Canada, Trinidad and the British Virgin Islands.

The laboratory is extensively equipped with instrumentation for the forensic examination of documents together with specialised photographic facilities that may be required in such cases. The Practice has one of the best libraries in the country concerning handwriting and document examination including a vast collection of scientific papers.

# APPENDIX C

## (Glossary of Terminology)

# GLOSSARY OF OPINION TERMINOLOGY

Forensic document examiners often express opinions based on varying levels of confidence. The scale used by this Practice is as follows.

1. Conclusive evidence .....
2. Very strong evidence to support the proposition ....
3. Strong evidence to support the proposition.....
4. Moderate evidence to support the proposition.....
5. Inconclusive evidence

1. The highest level of confidence is an absolute or **conclusive opinion** where an examiner has no reservations or qualifications whatsoever and, an alternative explanation, in the opinion of the examiner, may be realistically disregarded.

2. Marginally below this level of confidence, an expression **"there is very strong evidence to support the proposition . . ."** may be used. It is a very narrow band of very high confidence of opinion which just falls short of the conclusive level. In this instance, it is highly unlikely that an alternative explanation represents the truth of the matter. There may be a minute restriction on the examination for one reason or another but no significant evidence to the contrary.

3. Another highly confident opinion, which again is a relatively narrow band slightly below that expressed above, is the phrase **"there is strong evidence to support the proposition" .** In this instance, it is unlikely that an alternative explanation represents the truth of the matter. There may be a small restriction on the examination for one reason or another e.g. copy material only etc but again no significant evidence to the contrary.

4. A lower level of confidence that covers a considerably broader spectrum of opinion would be denoted by the use of the phrase **"there is moderate evidence to support the proposition. . ."**. This level of opinion is also, on occasions, described as **"limited positive evidence ..."** which may be used denoting there is a particular restriction on the examination. In such circumstances, the evidence could be regarded as being weaker relative to terms 1-3 above and far from conclusive. An alternative explanation for the facts may be a distinct possibility in representing the truth of the matter although at this level of opinion, the opinion offered is more likely than any converse possibility i.e. from the legal profession's point of view, it is still "over the balance of probability".

5. Where the weight of evidence does not incline an examiner one way or the other, an **"inconclusive"** opinion will be offered. It should be noted that there has to be a meaningful accumulation of evidence before an opinion other than inconclusive can be offered i.e. where there is minimal evidence pointing in one direction or another, this may not be adequate information on which to base a reliable positive (or negative) opinion. The "inconclusive" level of opinion may, in fact, cover a relatively broad band of evidence up to a point whereafter the evidence allows the expert to confidently offer an opinion in support of one proposition or the other. The levels of opinion abutting the "inconclusive" level are not regarded as "weak" but are of greater strength than may be commonly perceived by this term.

**Opinions expressed as conclusive, very strong and strong are all terms of high confidence.**

## RE: JOINT INVESTIGATION TEAM: PANAMA PAPERS

**Re: Constitution Petition Number 29 of 2016 between Imran Ahmad Khan Niazi and Mian Muhammad Nawaz Sharif, Prime Minister of Pakistan: Constitution Petition Number 30 of 2016 between Sheikh Rasheed Ahmed and the Federation of Pakistan through the Secretary Law, Justice and Parliamentary division and others: and Constitution Petition Number 03 of 2017 between Siraj ul Haq and Federation of Pakistan through the Ministry of Parliamentary Affairs, Islamabad and others**

Whilst instructions in this matter have been received from Quist Solicitors of London, this report is addressed to the Court for its consideration in the hearing of the above case.

Further to my report dated 4th July 2017, two further documents have been received. The documents presented were received in sealed envelopes which were delivered to my laboratory and were opened in my presence. The documents are returned in sealed envelopes with my report, all of which are sealed in a second envelope. The documents now presented are as follows:

## FURTHER DOCUMENTS PRESENTED

3. A certified true copy of a second version of the "Nescoll/Nielsen Declaration" as identified in my earlier report. This document will be referred to as the "Certified Nescoll/Nielsen Declaration"
4. A certified true copy of a second version of the "Coomber Declaration" as identified in my earlier report. This document will be referred to as the "Certified Coomber Declaration".

Photocopies of the documents are appended to this report (see Appendix F).

## INSTRUCTION

1. (i) Comment on the general format of the documents and their execution.

2. (ii) To examine the binding of the certified documents now presented in order to determine whether there is any evidence of tampering with the same.

3. (iii) To examine documents to determine whether there is any evidence relating to the dates of production.

## SUMMARY OF OPINION

4. (i) Whilst the Certified Nescoll/Nielsen Declaration is in the same format as the Nescoll/Nielsen Declaration as described in my earlier report, the certified Coomber Declaration now presented bears a different, single, signature page as opposed to the two signature pages of the initial Coomber Declaration presented.

5. (ii) Both certified Declarations are bound with a staple and an eyelet binder in the top left hand corner which enclosed the pages of the Declaration within a green triangular corner piece. I am firmly of the opinion that both of the documents have been unbound with the removal of the eyelet in each case and the removal of a number of staples and then rebound using the same eyelets and a single staple per document.

6. (iii) I have identified the type font used to produce both certified Declarations as "Calibri". However, Calibri was not commercially available before 31st January 2007 and as such, neither of the originals of the certified Declarations is correctly dated and have to have been created at some later point in time.

7. (iv) It is not possible to determine when these copies would have been made unless, possibly, ink dating is undertaken.

# EXAMINATION

**Format of the Certified Copies Now Presented**

8. Each copy has a cover sheet indicating it to be *"a true and exact copy of the original"*, signed in the name of Michael Robert Lindley and dated 7th November 2016. They also bears a red seal showing Mr Lindley's embossed seal impression which appears in a similar format to the black "NOTARY PUBLIC" impression to the left hand side of the embossed seal.

9. Both certification pages on these two documents bear an Apostille glued to the reverse of the certification sheet, both sheets also bearing a stamp impression including a handwritten date "09-11-2016". An embossing stamp has also been applied to the Apostille whilst in place on the reverse of the certification page and hence the front of the certification page shows a mirror image of the embossed impression applied to the Apostille.

10. The signature of Michael Lindley on both documents has been appended in a blue liquid ink.

**Certified Nescoll/Nielsen Declaration**

11. This is a three page document.

12. Pages 1, 2 and 3 of this Declaration correspond to pages labelled "4", "5" and "6" of the previously examined "Nescoll/Nielsen Declaration".

**Certified Coomber Declaration**

13. This is a two page document.

14. Page 1 of this document corresponds to page "84" of the "Coomber Declaration" previously examined. However, page 2, is a wholly different page to that previously presented. The initial version presented had pages numbered "85" and "86" attached (corresponding to pages 5 and 6 of the Nescoll/Nielsen Declaration).

15. There is no page 3 in this certified copy.

16. Both certified copies now presented are colour laser photocopies of very good quality and clarity.

JOINT INVESTIGATION TEAM PANAMA CASE

**Page Binding**

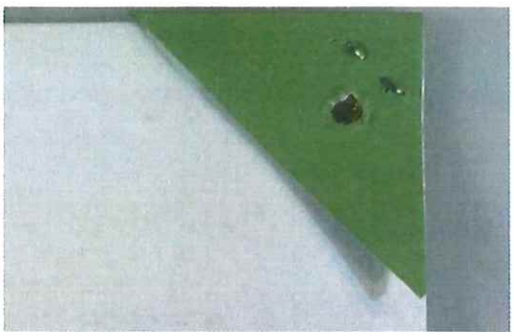
17. Both documents now presented are bound with a triangular green corner piece through which a staple has been driven together with a brass coloured eyelet binding. This type of binder is illustrated below.

Brass Eyelets

Typical top view of an eyelet binding

Typical rear view of an eyelet binding

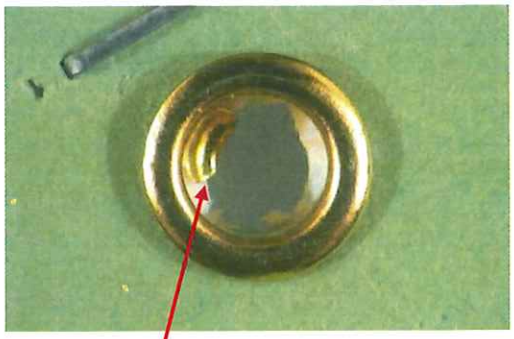
18. These eyelets are punched through the pages whereupon the circular end of the brass tube portion hits an anvil on the punch which splays the tube on the reverse side of the document thus securing the pages together.

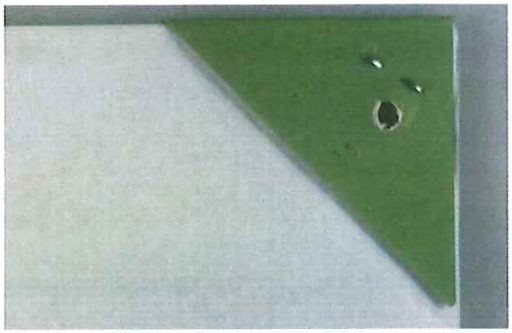


19. Photographs of both of the certified documents now presented are shown below.

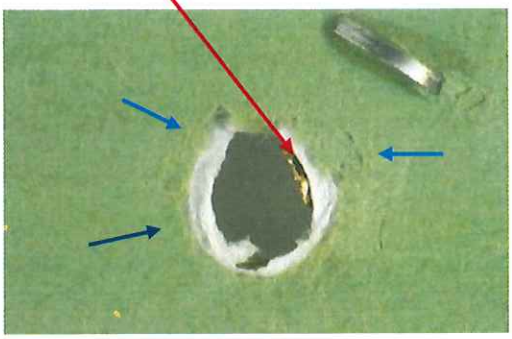
Front - Certified Coomber Declaration

Reverse - Certified Coomber Declaration





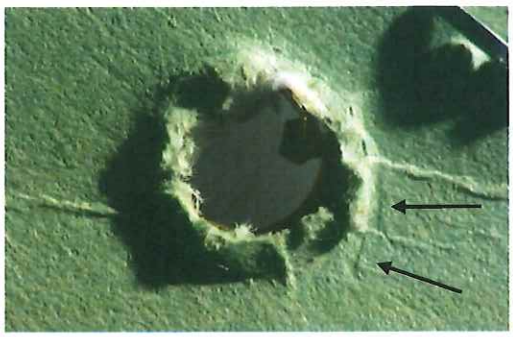
JOINT INVESTIGATION TEAM
PANAMA CASE



Front - Certified Nescoll/Nielsen Declaration

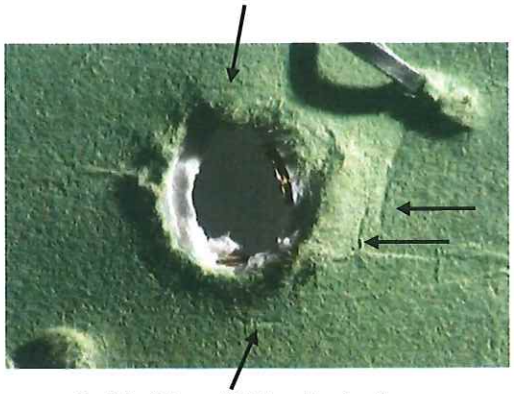
Reverse - Certified Nescoll/Nielsen Declaration

20. It can be seen from the photographs of the reverse that, in both cases, the eyelets are not binding properly, or, indeed, at all, on the corner piece. Indeed, the splayed end of the eyelets are deformed and partially broken off or appear to have been broken off. It is possible from the photographs of the front and reverse, to see where portions of the eyelet prongs have bent significantly into the centre of the eyelet. (see red arrows)



21. A further notable point from the photographs is that on the photographs of the reverse of the documents, there are clear indications that the eyelets were, at one time, firmly in the proper places with the end splayed so as to dig into the green card corner piece. (see blue arrows)

22. Shown over the page are photographs taken with oblique lighting where the light source is shining along the surface of the paper. This highlights the paper edges of the hole caused by the eyelet puncturing a hole in the green card. At the same time, the photos also show indentations in the paper due to a shadow cast into the



JOINT INVESTIGATION TEAM
PANAMA CASE

impressions of "tool marks" where some object appears to have been used to bend up the splayed end of the eyelet to facilitate removal (see black arrows). One can also note on these photographs where the green card surface has been disrupted by the splayed ends of the eyelets digging into the paper.

Certified Coomber Declaration

Certified Nescoll/Nielsen Declaration

23. Similar impressions of some relatively sharp instrument are also seen with respect to the removal of at least one of the staples that had been previously applied to each of the certified documents now presented.

24. Indeed, it is noted that both corner pieces bear evidence of several staples having been punched through these corners and removed. With respect to the Certified Coomber Declaration, there have previously been two other staples punched through the document which have now been removed. With respect to the Certified Nescoll/Nielsen Declaration, there have been four staples that have been punched through the document at some point in time and removed.

25. It is not possible for me to properly examine all of the pages of the certified copies beneath the corner pieces to determine how many staple holes are present on the pages of the certified documents. This is an important point and if permission can be granted to remove these corner pieces (which would have to be undertaken further to any other expert's examination of the documents and in the presence of both experts), it may be possible to determine how many staple holes have been driven through the corner piece and how many through the intervening pages.

26. I am firmly of the opinion that the eyelets on both documents have been manually removed at some point in time by bending the securing splayed ends on the

JOINT INVESTIGATION TEAM PANAMA CASE

reverse. The process of bending the splayed ends at the back of the document has damaged them to such an extent that they have not been bent back into the correct position again on reassembling the document.

**Type Font Examination**

27. The quality of reproduction of the laser colour copies is very good showing the printed letters to be sharp and crisp and the signatures clearly copied even to the extent there are microscopic defects in ink flow that are nicely reproduced.

28. The quality of these copies allows a full examination to be undertaken of the type fonts on both documents for the purpose of font recognition.

29. Both documents are typed with the same font.

30. Utilising a computer program and the records within the laboratory, I have been able to conclusively identify the font used on the two certified Declarations.

31. The font used is known as Calibri which is what is referred to as a Humanist Sans-Serif font designed by Lucas de Groot. The font was released with the launch of Windows Visa on 31st January 2007 along with a number of other Microsoft fonts at that time. As a result, the documents in question, dated February 2006, could not be correctly dated but have been prepared at a later date after 31st January 2007. As such, the certified copy Declarations and the originals from which they are derived, are not truly dated.

32. Whilst the certified copy documents are fractionally reduced in size, I have typed the wording of the first page of the Certified Nescoll/Nielsen Declaration, for illustration purposes, and this is shown at Appendix G following a copy of the Certified Nescoll/Nielsen Declaration, page 1.

33. I am unable to determine when they were produced. However, possibly ink dating could be utilised which can potentially date a document up to 2 years old. Thereafter, the document would be said to be "more than two years old". Ink dating is not undertaken by this laboratory or any other laboratory in the United Kingdom. The document would have to be sent to America where facilities are available but

JOINT INVESTIGATION TEAM PANAMA

this would entail removing small sections inkstrokes from signature lines for analysis.

# DECLARATION

I, ROBERT WILLIAM RADLEY DECLARE THAT:

1. I understand that my duty in providing written reports and giving evidence is to help the Court, and that this duty overrides any obligation to the party by whom I am engaged or the person who has paid or is liable to pay me. I confirm that I have complied and will continue to comply with my duty.

2. I confirm that I have not entered into any arrangement where the amount or payment of my fees is in any way dependent on the outcome of the case.

3. I know of no conflict of interest of any kind, other than any which I have disclosed in my report.

4. I do not consider that any interest which I have disclosed affects my suitability as an expert witness on any issues on which I have given evidence.

5. I will advise the party by whom I am instructed if, between the date of my report and the trial, there is any change in circumstances which affects my answers to points 3 and 4 above.

6. I have shown the sources of all information I have used.

7. I have exercised reasonable care and skill in order to be accurate and complete in preparing this report.

8. I have endeavoured to include in my report those matters, of which I have knowledge or of which I have been made aware, that might adversely affect the validity of my opinion. I have clearly stated any qualifications to my opinion.

9. I have not, without forming an independent view, included or excluded anything which has been suggested to me by others, including my instructing lawyers.

10. I will notify those instructing me immediately and confirm in writing if, for any reason, my existing report requires any correction or qualification.

11. I understand that:

12. (i) my report will form the evidence to be given under oath or affirmation;

JOINT INVESTIGATION TEAM PANAMA CASE

13. (ii) questions may be put to me in writing for the purposes of clarifying my report and that my answers shall be treated as part of my report and covered by my Statement of Truth;

14. (iii) the Court may at any stage direct a discussion to take place between experts for the purpose of identifying and discussing the expert issues in the proceedings, where possible reaching an agreed opinion on those issues and identifying what action, if any, may be taken to resolve any of the outstanding issues between the parties;

15. (iv) the Court may direct that following a discussion between the experts that a statement should be prepared showing those issues which are agreed, and those issues which are not agreed, together with a summary of the reasons for disagreeing;

16. (v) I may be required to attend Court to be cross-examined on my report by a cross-examiner assisted by an expert;

17. (vi) I am likely to be the subject of public adverse criticism by the judge if the Court concludes that I have not taken reasonable care in trying to meet the standards set out above.

18. I have read Part 35 of the Civil Procedure Rules, the accompanying practice direction and the Guidance for the instruction of experts in Civil Claims and I have complied with their requirements.

19. I am aware of the practice direction on pre-action conduct. I have acted in accordance with the Code of Practice for Experts.

**STATEMENT OF TRUTH**

I confirm that I have made clear which facts and matters referred to in this report are within my own knowledge and which are not. Those that are within my own knowledge I confirm to be true. The opinions I have expressed represent my true and complete professional opinions on the matters to which they refer.

## TWO LETTERS OF MR. HAMAD BIN JASSIM BIN JABER AL-THANI

The Honourable Bench, Supreme Court of Pakistan has directed the JIT to probe following question related to letters of Qatari Prince;

i) Whether sudden appearance of his letters is a myth or a reality?

## PART-I

### Back ground and Significance of Letters of Mr Hamad Al-Thani

1. Panama Papers were released on 20th of April 2016 by ICIJ (International Consortium of Investigative Journalists). Even before the release, the Sharif family through the interviews of Mr. Hussain Nawaz Sharif had accepted the ownership of the Avenfield apartments. Mr Hussain's explanations were followed by the addresses of Mian Muhammad Nawaz Sharif (the Prime Minister of Pakistan), which tried to explain the means that were used to purchase these apartments. In all the media interviews and addresses, there was no mention of an investment with the Royal family of Qatar after the claimed sale of Gulf Steel Mills in 1980. As a matter of fact, the proceedings in Honourable Supreme Court of Pakistan had been well under way and no mention of this investment was made in the concise statement of Respondent No 1. It was on 5th of November 2016 that the council for Respondent No 6, 7 and 8 presented the first letter from Mr. Hamad Al-Thani (copy attached as ***Annexure A***), followed by another letter on 22nd of December 2016 (copy attached as ***Annexure B***). The letters are important as they are the final defence and explanation of Respondents of how the sale proceeds of Gulf steel, invested with the Royal family of Qatar in 1980, not only resulted in the Avenfield apartments becoming the property of Sharif family, but practically all other businesses that were set up by the father or sons of the Prime Minister Mian Muhammad Nawaz Sharif, abroad, after two decades.

**Investigation Methodology**

2. **Recording of the statements of the witnesses**. The JIT recorded statements of, i) Mian Muhammad Nawaz Sharif (Respondent No. 1), ii) Mian Muhammad Shahbaz Sharif, iii) Mr. Hussain Nawaz Sharif (Respondent No. 7) and, iv) Mr. Hasan Nawaz Sharif (Respondent No. 8). Excerpts of their statements related to two Qatari letters are attached as ***Annexure C***.

3. **Acquisition of Documents/ Records by the Respondents**. Despite prior notices, the Respondents (No. 1, 6, 7 & 8) failed to produce any document/ record or evidence before the JIT to corroborate contents of Qatari letters, which they were otherwise required to produce before the JIT in the light of Articles 117, 119 & 129 of Qanoon-e-Shahadat 1984 and Section-9(a)(5) of National Accountability Ordinance 1999.

4. **Request for Mutual Legal Assistance (MLA) to Government of United Arab Emirates (UAE)**. The JIT initiated request for Mutual Legal Assistance (MLA) to British Virgin Island (BVI), United Kingdom (UK), United Arab Emirates (UAE) and Switzerland to obtain evidence to establish the ownership of Nielson and Nescoll Offshore Companies (shareholders of Avenfield Apartments) and to collect evidence that could corroborate or contradict the letters submitted by Althani; details are covered in Volume-9 of the JIT's Report.

**Findings of the JIT**

5. **Infirmities/ Contradiction in the two Qatari Letters**. The JIT analysed the two letters submitted by Althani in the Honorable Supreme Court of Pakistan, recorded and analysed the statements of the respondents, moved letters for mutual legal assistance to foreign jurisdiction. These are discussed as hereunder;

| Serial | Excerpts from Qatari Letters | JIT analysis/ contradictions |
|---|---|---|
| **Qatari Letter-1 (5 November 2016) (CMA 7638, A-13)** | | |
| a. | **Paragraph 2**:<br>....I was informed that during the year 1980, Mr. Mian Muhammad Sharif expressed his desire to invest a certain amount of money in real estate business of Al-Thani family in Qatar. | • *Hearsay;* no explanation has been given as to who informed him. |
| b. | **Paragraph 3**:<br>I understood at that time, that an aggregate sum of around 12 Million Dirhams (AED 12, 000, 000) was contributed by Mr. Mian Muhammad Sharif, originating from the sale of business in Dubai, UAE. | • *Hearsay*; |
| c. | **Paragraph 4**:<br>The properties Flat # 17, Flat # 17a, Flat # 16, Flat # 16a at Avenfield House, Park Lane, London were registered in the ownership of two offshore companies, bearer share certificates of which were kept during that time in Qatar. These were purchased from the proceeds of the real estate business. On account of relationship between the families, Mr. Mian Muhammad Sharif and his family used the Properties whilst bearing all expenses relating to the Properties, including the ground rent and service charges. | • *Hearsay*: did not mention how, when and from whom he learnt about this.<br>• The statement that the properties were purchased from the ***real estate business*** contradicts the position subsequently taken when a detailed investment on interest calculated at Libor was presented for calculation of profits.<br>• The claim that 'bearer shares' were kept in Qatar does not provide the details that who was the custodian of these shares at that time nor any record provided to support this claim. |
| d. | **Paragraph 5**:<br>I can recall that during his life time, Mr. Mian Muhammad Sharif wished that the beneficiary of his investment and returns in the real estate business is his Grandson, Mr. Hussain Nawaz Sharif. | • *Hearsay*: Does not provide who provided this information that is now being recalled.<br>• It is in contradiction to his subsequent letter dated 22 December 2016 wherein he introduced the "accruals and other distributions made over the term of the |

| | | |
|---|---|---|
| | | investment" which were later explained by introducing hand written notes and a worksheet. There is glaring contradiction as in the first letter Mr, Hussain Nawaz Sharif was supposed to be the sole beneficiary of the investment but the "distributions" made include payments made to Hasan Nawaz Sharif for setting up his business as well as payment made to settle the al Towfeek case in Queens Court, London. This raises serious doubts about the veracity of these letters. |
| **Qatari Letter-2 (22 December 2016)**<br>**(CMA 732, A-36)** | | |
| e. | **Paragraph 2**:<br>In response to such queries, I wish to clarify that in 1980, Mr. Mian Mohammad Sharif (Mr. Sharif), a longstanding and trusted business partner of my father, made an investment, (the Investment) of approximately twelve million AED in the real estate business of the Al-Thani family. This investment was made by way of provision of cash, which was common practice in the Gulf region at the time of the investment and also, given the longstanding relationship between my father and Mr. Sharif, a customary way for them to do business as between themselves. | • No details of the long standing partnership is made available or even explained. |
| f. | **Paragraph 3**:<br>At the end of 2005, after reconciling all accruals and other distributions made over the term of the Investment, it was agreed that an amount of approximately $ 8,000,000 was due to Mr. Sharif. In | • There is glaring contradiction as in the first letter Mr, Hussain Nawaz Sharif was supposed to be the sole beneficiary of the investment but the "distributions" made include payments made to Hassan Nawaz Sharif for setting up his business as well as |

| | accordance with Mr. Sharif's wishes, the amount due to him was settled in 2006 by way of the delivery to Mr. Hussain Nawaz Sharif's representatives of bearer shares of Nescoll Limited and Neilsen Enterprises Limited, which had been kept during that time in Qatar. | payment made to settle the al Towfeek case in Queens Court, London. This serious inconsistency in the stance casts serious doubts about the veracity of these letters. |

6. **The issue of lack of documentation of investment**. It was claimed that no documentation was made for the sizeable investment of AED 12 million made by Mian Sharif with the his father Mr. Fahad Al-Thani. Mr. Hussain Nawaz Sharif tried to explain that neither his grandfather believed in documentation nor was it a norm at that time in the Gulf for such documentation. This contention is, however, not tenable as documentation has been presented by the Respondents in their defence related to establishment and sale of Gulf Steel Mills, which is quite detailed and clearly shows that proper documentation about such investments was the norm. Keeping in view that Mian Sharif was the real owner of Gulf Steel Mills the contention that he was averse to any documentation also seems baseless. Regardless of what Mr Hussain Nawaz Sharif stated, lack of documentation for such a sizeable investment is implausible.

7. **The issue of Cash payment and transfer**. The statement of Mr. Tariq Shafi and his Affidavits; letters of the Mr. Al-Thani; and the Sale Agreement of Gulf Steel Mills (proved to be fake in response of MLA request) produced by the Respondents are inconsistent with each other. The documentary and circumstantial evidence, when examined with provided record/ evidence, do not indicate any cash payment to Mr. Tariq Shafi by Mr. Ahli on account of sale of remaining 25% shares of Gulf Steel Mills in 1980 for the following reasons;

a. In his statement before the JIT, Mr Tariq Shafi conceded that he neither had met Mr. Fahad Bin Jassim Bin Jaber Al Thani, especially during that period (1980) nor had ever made any direct payment to Al Thani. He stated that he used to receive

JOINT INVESTIGATION TEAM
PANAMA CASE

instructions from Mian Sharif to deliver installments to different representatives of Al Thani, whom he neither knew nor had seen earlier. His claim in the affidavit of handing over the cash payments to Mr Fahad Althani is totally contradicted by his statement. He failed to produce any record/ receipt showing transfer of money from Mr. Ahli to him or from him to Al Thani.

b. Mr. Tariq Shafi himself admitted that he was authorized to handle only small amounts of payments, largest being AED 60,000 that he ever handled in the period between 1974 to 1980. It would be therefore very unlikely that he was asked to handle 2 million in cash all of a sudden and to handle AED 12 million in cash over a 6 month period. It also became clear that the reference made in the affidavit about the general practice of dealing in cash in the Gulf in those times is not consistent with his own assertion in the statement that he used to issue cheques for larger amounts.

c. Mr. Tariq Shafi's claim of carrying and handing over cash of AED 2 million without any receipt or written acknowledgement is not plausible as it has been clearly mentioned in the sale agreement of 1980 that bank guarantees were kept for payment from Mr. Ahli to him. This also belies his claim that all payments were made on verbal instructions and trust.

d. Against AED 12 million received on account of sale of remaining 25% shares of Gulf Steel Mills (if any), there were liabilities to the tune of AED 14 million; hence, it is not plausible that this sum was transferred to Mr. Thani for investment in Real Estate.

e. **Conclusion:** The inconsistencies in statements of witnesses when reviewed against available documentary evidence submitted by the respondents in the Honorable Supreme Court of Pakistan, definitively indicates that Mr. Tariq Shafi neither received AED 12 million from Mr. Abdullah Kayed Ahli as sale proceeds of remaining 25% shares of Ahli Steel Mills (erstwhile Gulf Steel Mills) nor did

JOINT INVESTIGATION TEAM
PANAMA CASE

he hand over this claimed amount to Mr. Al-Thani during 1980. Moreover the documentary evidence procured as a result of MLA response by UAE government described later in this section conclusively rejects the possibility of any cash transfer.

8. **Failure of Mr. Hussain Nawaz to mention investment with Al-Thani family during TV interview with Javed Chaudhry**

a. Mr. Hussain Nawaz Sharif was asked by the JIT why, despite the fact that he had been asked about the sources of income that helped establish the factory in Jeddah, he had not mentioned in the interview that the major share came from part of the profit on the investment of AED 12 million; the sale proceeds of Gulf Steel Mills, which was placed with Mr. Al-Thani by his grandfather in 1980? Also he was categorically asked about any assistance that he received from any person(s) belonging to Qatar.

b. The response of Mr. Hussain Nawaz Sharif was that he felt that it would not have been appropriate to reveal this information to the media as it would have started unnecessary controversies.

c. This explanation, however, is not convincing at all because the stating of truth upfront would in fact resulted in staying away from the controversies that were faced by the Sharif family because of late introduction of this evidence. As a matter of fact, the Qatari connection found no mention in all subsequent media talks by Mr. Hussain Nawaz Sharif and the addresses of the Prime Minister.

d. **Conclusion**: This omission by the family to even hint at a Qatari investment, if it was the true source of purchase of the Avenfield Apartments and foreign investments, despite relentless media questioning for at least the next 6 months, is incomprehensible.

9. **Inconsistencies in Statements of Respondents**

a. **Material difference between the submissions of Respondent No. 7 and Respondent No. 1 in Honourable Supreme Court of Pakistan**. This important question was answered by Mr. Hussain Nawaz Sharif in an unconvincing manner. The text of questions and answers relating to the contradiction between the stances of Mr. Hussain Nawaz Sharif and his father are reproduced below as they do not need much comment:

**Question**: Did your father know when the settlement was made with Mr. Al-Thani in 2006 regarding the investment made by your grandfather and that as a result the Mayfair Apartments have been adjusted against the residual amount and ownership has been transferred in your name?

**Answer**: He had the knowledge of the settlement as these things are discussed in the family. I don't think that he knew the details like the amounts of disbursement made.

**Question**: How do you then account for the fact that he has made no mention in his submission before the Supreme Court of Pakistan during the proceedings of the Panama Case of the investment made by your grandfather with Mr. Al-Thani and the settlement resulting in the ownership of the Mayfair Apartments?

**Answer**: He had a different Counsel. I think that he under the advice of his Counsel did not consider it appropriate to mention these facts in the submissions made before the Supreme Court of Pakistan.

**Conclusion**. This shows that the submissions were not made truthfully by at least one of the Respondents and the whole truth was not put before the Honorable Supreme Court.

b. **Shifting Stance of Mian Muhammad Nawaz Sharif (Respondent No. 1) before the JIT.** Although Mian Nawaz Sharif confirmed, in his statement before the JIT, that he had the knowledge of the investment made by Mian Sharif with the royal family of Qatar but he hardly seemed to remember any details.

(1) Although saying that the sale proceeds of Gulf steel were used for the businesses setup by his sons he did not remember the details. He did not remember having seen the worksheet submitted by his sons with the CMA but in the end said that he stood by all the submissions made by his sons and daughters in the Supreme Court.

(2) He remained completely non-committal about the two letters submitted by Mr. Hammad Bin Jassim Bin Al-Thani in Honourable Supreme Court of Pakistan for defence of Respondents Nos. 6, 7 and 8. He initially declined to have read the under reference two letters but later stated that he might have seen these. He also endorsed the correctness of these two letters before the JIT, without being sure about the contents.

(3) **Conclusion**. His statement contradicted his stance taken in his submissions before the Honorable Supreme Court of Pakistan and seemed an effort to substantiate the stance taken by Mr. Hussain Nawaz Sharif and other respondents at this belated stage. Instead of lending any credence to the evidence (Qatari letters) his shifting of stance further weakened it.

c. **Implausible Stance of Mr. Muhammad Shahbaz Sharif.**

(1) In his statement before the JIT, he stated that he neither knew, nor could he confirm, when, by what means and how much money, did Mr. Tariq Shafi give to Mr. Al-Thani after the sale of Gulf Steel Mills. However, his father, Mian Sharif and Mr. Tariq Shafi did make mention about some investment in the '80s.

(2) Furthermore, he stated that he does not know whether proceeds from investment with Qatari Prince were used by Mr. Hassan Nawaz Sharif for establishment of his businesses in UK.

(3) **Conclusion**: The reluctance of key witnesses to discuss the details of this evidence seems to be a conscious effort to steer away from it to avoid further contradictions. This lack of knowledge about the investment with the Qatari family, by a witness so closely involved in the affairs of the family and the company.

10. **Discrepancy between first Qatari letter and Affidavit of Mr. Tariq Shafi submitted by the same respondent, a week apart**

a. The first letter of Mr. Hamad Al-Thani was submitted in the Honorable Supreme Court of Pakistan on 5 November 2016 by the Council representing Mr. Hussain Nawaz Sharif and other respondents, however, the first Affidavit of Mr. Tariq Shafi, again submitted on behalf of Mr. Hussain Nawaz Sharif dated 12/05/2017 did not find any mention of the Qatari investment.

b. This despite the fact that Mr Tariq Shafi and Mr. Hussain Nawaz Sharif, according to their statements, were together in Dubai soon after the release of ICIJ

Panama Papers, to get the documents of sale of gulf steel mill. Thus, they had plenty of time for consultation and preparation of the contents of the Affidavit.

c. **Conclusion**. This omission in the affidavit of Mr. Tariq Shafi to refer to the Qatari investment despite the fact that the first Qatari letter had already been submitted in the Honorable Supreme Court of Pakistan ,therefore, is perplexing.

11. **Physical Transfer of the Bearer Shares of Nielson and Nescoll Offshore Companies**.

a. Contradictory stance of Mr Hussain Nawaz.

b. Mr. Hussain Nawaz Sharif in the CMA and his first statement before the JIT had asserted that the bearer shares had been exchanged in early 2006 between Mr. Nasir Khamis, the representative of Mr. Al-Thani and Mr. Waqar Ahmed, the business manager of Hassan's firm without any receipt, He was also unable to clearly explain as to how the shares were sent to Minerva, which was the holding company of Nescoll and Nielson. He also asserted that as far as the necessity of instructions to Minerva from Mr. Al-Thani regarding the transfer of bearer shares of Nescoll and Nielson are concerned, he did not think they were required as it was the possession of bearer certificates that matters. Asked whether the possession of bearer shares by anyone like Waqar make him the owner Mr Hussain did not have any response.

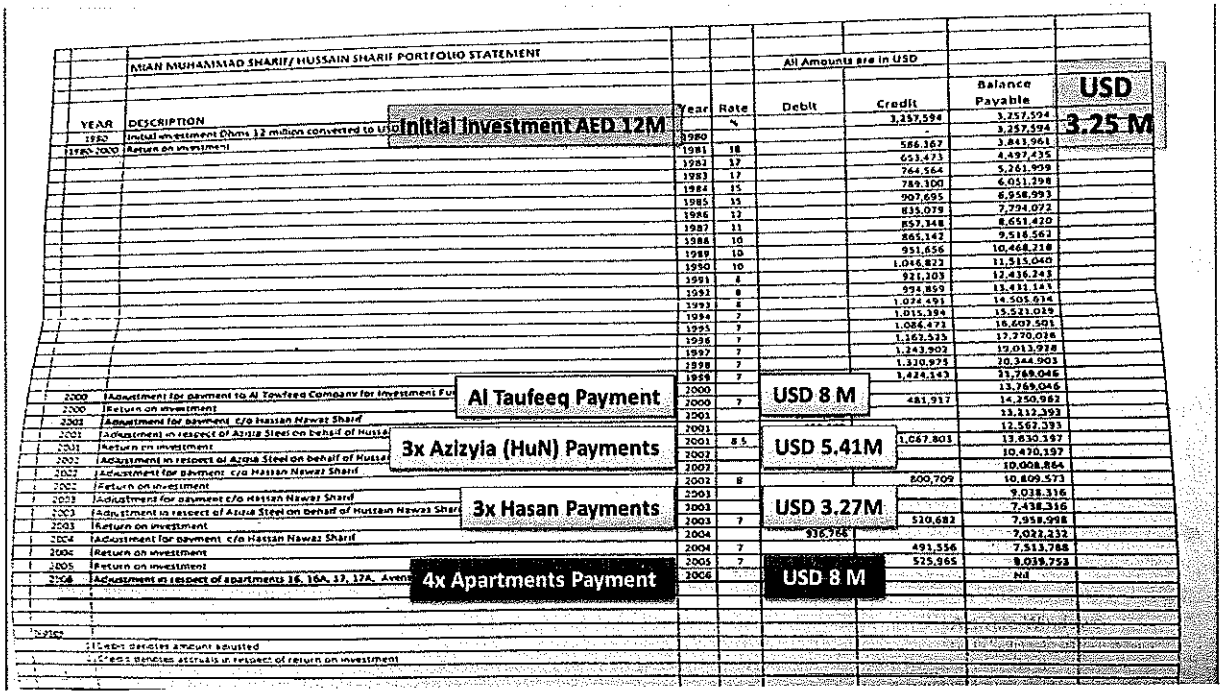
c. Mr Hussain, however, in his statement dated 03 June 2017, changed his stance now insisting that on his instructions Mr. Waqar Ahmed received the bearer shares by courier and send them by mail to Minerva.

d. He confirmed, when repeatedly asked, that neither he nor Mr. Waqar Ahmed ever saw the Bearer Shares themselves.

e. In the statement Ms Maryam Nawaz also denied to have ever seen or possessed the bearer certificates. As per one of the clauses of the Trust Deed signed

between Mr. Hussain Nawaz Sharif and Ms. Maryam Safdar) produced by him, the "Trustee (Ms. Maryam Safdar)" was required to "hold" Bearer Shares on behalf of Mr. Hussain Nawaz Sharif. In the event, when both of them have never even seen these Bearer Shares, as per their statement, the authenticity/legality of the document (Trust Deed) becomes doubtful. The expert opinion filed on behalf of the petitioners of Gilead Cooper QC dated 13-2-17, filed through CMA to Honourable Supreme Court of Pakistan also substantiate this legal contention (copy of the document is attached as ***Annexure D***).

f. **Conclusions**



(1) Repeated change in stance of Mr. Hussain Nawaz Sharif before the JIT and even departure from the reply submitted in Honourable Supreme Court of Pakistan indicates possible efforts to conceal the facts.

(2) If Ms Maryam Safdar did not see, let alone, hold the bearer certificates means that the she did not fulfill the requirement of being a trustee.

(3) The stances of both these witnesses clearly show that they could not satisfactorily explain how the bearer certificates were supposed to have been transferred from Althani to them. The fact that this whole episode is taken out of the equation because of the response received from BVI establishing Ms Maryam as the beneficial owner of the two companies, as detailed in volume 4 of this report, further reinforces JIT's conclusion that the story of bearer certificate being handed over from Althani to Sharif's is totally false and cooked up. The attempt to use falsified documents to hoodwink the Apex Court of the land, as established by the expert's report also in the Volume-IV, also establishes that the Qatari letter and the issue of bearer certificate is nothing more than an attempt to cover up the facts.

12. **Authenticity of Entries in Spreadsheet Attached with the Second Qatari Letter dated 22 December 2016**. Mr. Al-Thani, through this spreadsheet, has tried to own/ justify various investments made by sons of Respondent No. 1 in their businesses and properties from 2000 to 2006 (as under). However, neither he himself nor the Respondents could provide even one corroborating document/ record to prove any banking transaction or connect the missing links. Findings of the JIT with reference to various entries in attached spreadsheet are as under:

a. **Admissibility as Evidence**. The document cannot be accepted as evidence for not fulfilling Qanoon-e-Shahadat 1984. The JIT's observations are as under;

(1) This spreadsheet is not an official document; it is submitted without any letterhead, date, signatures or certification etc.

(2) The returns in Real Estate business are not linear. Contrarily, the pattern of the rate of annual interest shown in the spreadsheet is consistent and linear, hence seems artificial.

JOINT INVESTIGATION TEAM
PANAMA CASE

b. **Inconsistencies in Statements of Sharif Family**. The two key witnesses, Mr. Hussain Nawaz Sharif and Mr. Hassan Nawaz Sharif gave conflicting statements with regards to their knowledge about entries/contents of the spreadsheet (Excel sheet) attached with the letters of Mr. Al-Thani which essentially was used to plug the gaps identified in the money trail;

(1) Mr. Hassan Nawaz Sharif (Respondent No. 8) is on record stating that he neither saw nor is aware about the existence of the said spreadsheet, let alone its contents.

(2) On the other hand, Mr. Hussain Nawaz Sharif (Respondent No. 7) stated that it was in late 2005, that he came to know about the details of the transactions made previously on the instructions of Mian Muhammad Sharif during the process of so called settlement with Mr. Al-Thani. However, according to him, he had no means to check authenticity of this document neither representative of Mr. Al-Thani showed him any ledgers or record to corroborate the entries in the spreadsheet.

(3) This makes the transactions given in the spreadsheet seriously questionable, which could have only been explained by Al-Thani himself.

c. **Transactions shown for the Businesses/ Accounts of Mr. Hassan Nawaz Sharif (US $ 3.72 Million)**

(1) One of the expenditures that have been shown in the spreadsheet is the provision of money to Mr. Hassan Nawaz Sharif in the years when he was setting up his business in UK in the year 2000 to 2004.

(2) Mr Hassan Nawaz, in his statement before the JIT, explained that Mr. Hussain Nawaz Sharif had sent him about 2.4 million GBP to help him set up his business without disclosing the source where the money was

coming from. He also confirmed that he did not receive any money from anyone else.

(3) Mr. Hussain Nawaz Sharif, on the other hand in his statement, said that after discussion, of the expenditures already made, with Mr. Nasir Khamis (the representative of Mr. Al-Thani), he had sent a fax of the spreadsheet to Mr. Hassan Nawaz Sharif to confirm this transaction.

(4) Mr. Hassan Nawaz Sharif, in his statement however, assuredly stated that he never remained involved, saw or possessed any documents/ record, which related to Qatari Prince or Mayfair properties.

(5) The conflicting accounts of Mr. Hassan Nawaz Sharif and Mr. Hussain Nawaz Sharif clearly show that the investment with Mr. Al-Thani and its disbursement to Mr. Hassan Nawaz Sharif for setting up business in UK is not factually correct.

(6) **Conclusion**: In view of the non- production of any documents to corroborate the claims made in the letters, the JIT believes that the narration of the letters submitted by Mr. Al-Thani is not based on facts.

d. **Settlement of Al Towfeek Case (US $ 8 Million)**

(1) The spreadsheet also shows payment made for settlement of Al Towfeek Case, filed in Queens Bench Division (QBD), London. Mr Hussain Nawaz Sharif was asked whether he verified from someone in the family that this expenditure had been made. He stated that this verification could have been done by his uncle Mian Muhammad Shahbaz Sharif but such verification was not possible as he was not in Kingdom of Saudi Arabia at that time. This explanation also is not convincing.

(2) In audited accounts of Hudabiya Paper Mill Ltd for the year ended June 30, 2000, it was observed that an outstanding amount of Rs. 310.23 Million on June 30, 1999, on account of Liabilities Against Assets Subject to Finance Lease Payable to Al- Towfeek for Investment Funds, Bahrain and was settled and converted into a Long Term Loan of Rs.494.960 million during the year according to the audited accounts of the company.

As per accounts of the company filed with the SECP, the aforesaid liabilities against assets subject to finance lease of Al-Towfeek were settled for US $ 8,000,000 on January 5, 2000. The settlement amount of US$ 8 million was converted in to PKR @ Rs. 53.80/US Dollar prevailing on the date of settlement. The long term loan of Rs.494.960 million was booked against the settlement of liabilities against assets subject to finance lease. The audited accounts do not disclose the identity of the lender who provided this long term loan to the company for adjustment of settlement amount to Al-Towfeek. The status of this loan remained unchanged till the last accounts were filed with SECP pertaining to the period ended June 30, 2005. The above disclosures are at variance from the stated positions taken by Respondent No. 6, 7 and 8 in their CMAs. According to Respondent No. 7, he was informed by a representative of Al Thani family of Qatar that US 8 Million were paid by that family to Al Towfeek Company in January 2000, in connection with the Decree issued by the High Court of Justice- Queen's Bench and the settlement agreement between the parties. Respondent No. 7 further stated that he was informed by the representative of Al Thani family that the payment was made on the instructions of Mian Sharif out of the funds placed by him with them.

(3) **Conclusion**: If the above stance taken by the Respondents is correct, than in that case, the settlement of Al Towfeek Company was made out of the proceeds received from Althanis on the instructions of Mian Sharif, then in that case, under the norms of accounting disclosures, it should have been reflected in the accounts of Hudabiya Paper Mills Ltd. as a Loan from Directors, as Mian Sharif was a Director of the company at the date of substitution, instead of a Long Term Loan payable to an undisclosed lender.

The legal aspects of Al towfeek case are discussed in the Volume 4 of this report.

13. **Response of UAE Government to MLA regarding Gulf steel**. The whole defence of Respondents hinged on investment of AED 12 million, from sale proceeds of 25 % shares of erstwhile Gulf Steel Mills in 1980, with Mr. Fahad Bin Jassim Bin Jaber Al Thani by Mian Sharif. A copy of the sale deed dated 14 April 1980 which was claimed to have been notorised by notary public of Dubai courts on 30 May 2016 was submitted in the Honorable Supreme Court of Pakistan by the respondents 6, 7, 8. This stated position of Respondents has been found without any substance due to the following facts:-

a. In response to the Mutual Legal Assistance (MLA) request by the JIT, the Ministry of Justice, Government of UAE, through a letter (***Annexure E***) has,after having verified the record of of competent authorities of UAE, namely the Dubai Courts system certified that;

(1) **Paragraph 1**: That share sale 25% agreement of 1980 of Ahli Steel Mills (erstwhile Gulf steel Mills) dated on 14/4/80 according to your (JIT) request does not exist.

(2) "That no transaction worth AED 12,000,000 (twelve million dirham) as sale proceeds of 25% shares of Ahli Steel Mills (erstwhile Gulf Steel Mills) ever took place in name of Mr. Muhammad Tariq Shafi."

(3) **Paragraph 3**: "That no record could be found which indicate that notarization of this document was done by Notary Public of Dubai Courts on 30/5/2016."

(4) **Conclusion**: The document that the respondents submitted before the Honorable Supreme Court of Pakistan as sale document of 25% shares of Erstwhile Gulf steel mill and its notorisation having been proven by the response of UAE government is not true and is an attempt to present false evidence. The attempt to present such false evidence is matched by

presenting letters which are based on hearsay and not supported by any documentation. In any case the purported source of money for investing with the Qatari family does not have any document, genuine or false, to support it. All subsequent ventures like the setting up of the various businesses and ownership of Avenfield Apartments of the Sharif family also do not have any basis left.

14. **Specific Answer of the Question Raised by Honourable Bench based on JIT's Findings**

a. **Question**: Whether sudden appearance of his letters is a myth or a reality?

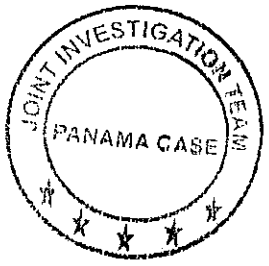
b. **Answer**: The facts that there were material contradictions in the statements of Respondents, the hearsay nature of the letters with no documents to support the contention, that the affidavits of Tariq Shafi were found totally wanting as evidence were in themselves quite sufficient to state that the letters seemed a myth rather than a reality. However the facts are that (1) the response by UAE authorities to the MLA sent by JIT establishes that the gulf steel agreement is a false document , which has been submitted in the Apex Court by respondent 6, 7 & 8 , (2) the response to the MLA by the Financial Investigation Agency, BVI establishing that the panama leak document released by ICIJ showing Ms Maryam Safdar as the beneficial owner of the companies is genuine (discussed in detail in Volume-IV of this report) and lastly as per report of the document expert (also discussed in detail in volume 4 of the report) establishes that falsified document of the two trusts have been prepared by respondent no 6, 7 and 9 and submitted in the Apex court to mislead it to believe that the trusts documents were signed in 2006. On the strength of the overwhelming documentary evidence it is concluded that the appearance of letters of Qatari prince are totally a myth.

JOINT INVESTIGATION TEAM
PANAMA CASE

15. **Conclusive Findings by the JIT**. In view of the above, conclusive findings of the JIT are:-

a. that evidence gathered establishes that even the question of Mr. Tariq Shafi handing over AED 12 Million to Mr. Fahad Al-Thani in 1980 does not arise

b. that the spreadsheet is not an official document; it is submitted without any letterhead, date, signatures or certification etc. This spreadsheet has been "*constructed*" as an afterthought to artificially connect missing dots in money trail.



c. That after having investigated the case in detail, examination of other witnesses and receipt of irrefutable evidence from foreign jurisdiction, recording of the statement of Mr. Hamad Al-Thani has become inconsequential.

d. That the appearance of the two letters from Mr. Al-Thani in the Honourable Supreme Court of Pakistan is totally a "Myth" and not a reality.

## Part II

16. **Efforts to Record Statement of Mr. Al-Thani for Verification of Qatari Letters**:

a. The JIT analyzed the two letters of Mr. Al-Thani minutely in light of the documents available to it and the statements of the witnesses. It was felt essential that Mr. Al-Thani be interviewed to ascertain the veracity of the contents of the letters submitted by him and acquire supporting documents/ record.

b. Special arrangements were made to ensure timely delivery of summons to Mr. Al-Thani. Contrarily, the response from Mr. Al-Thani remained wanting and lacked urgency. He was given adequate time and multiple opportunities to appear before JIT (even at Qatar), but to no avail.

c. Brief details along with of summons (copies attached as ***Annexure F***) issued to Mr. Al-Thani by the JIT and his responses (copies attached as ***Annexure G***) thereto are as under:-

| Ser | Date | Activities |
|---|---|---|
| (1) | Issue:13-5-2017<br><br>Received:17-5-17 | **First Summon issued by JIT**: Asked to appear before JIT on 24-5-2017 at Federal Judicial Academy, Islamabad |
| (2) | Issue:24-5-2017<br><br>Received:26-5-17 | **Second Summon issued by JIT**: Asked to appear before JIT on 01-6-2017 at Federal Judicial Academy, Islamabad |
| (3) | Issue:28-5-2017<br><br>Received:1-6-17 | **Response of Mr. Al-Thani to First Summon**: he did not appear stating that "I hereby confirm and verify that the two letters dated November 5, 2016 and December 22, 2016 respectively...were signed by me and I am pleased to reconfirm the contents thereof. In light of the above confirmation, there is no requirement for my attendance in the proceedings of the JIT." |
| (4) | Issue:11-6-2017<br><br>Received:19-6-17 | **Response of Mr. Al-Thani to Second Summon**: he did not appear stating that "Unfortunately it is not possible for me to visit due to unavoidable circumstances.....i suggest that the members of JIT may visit me in Doha at a mutually agreeable |

| (5) | Issue:22-6-2017<br><br>Received:23-6-17 | **Third Summon issued by JIT**: The JIT decided that due to the importance of this piece of evidence for the respondents it would travel to Qatar, despite the major contradictions, inconsistencies and legal infirmities that had come to light during the investigation. Despite the time constraints, it offered to record the statement of the Prince in Qatar on one of the two days i.e 28 or 29 of June 2017 in the Pakistan High Commission in Doha, Qatar. |
| (6) | Issue:26-6-2017<br><br>Received:28-6-17 | **Response of Mr. Al-Thani to Third Summon**: In his reply instead of confirming the dates for interview, he stated that "I wish to obtain an acknowledgement from you that I am not subject to the jurisdiction and the laws of Pakistan and that you confirm that I am not subject of any investigation or required to appear before any court of law or tribunal for any purpose whatsoever. However I have expressed my willingness to meet your team in Doha in order to allow you verify in person the contents of both my letters submitted to the JIT." |
| (7) | Issue:4-7-2017<br><br>Received:5-7-17 | **Fourth Summon issued by JIT**: A detailed response was sent to him explaining the legal issues The JIT asked him to respond in a timely manner as the report has to be submitted in the Honorable Supreme Court of Pakistan in time. |
| (8) | Issue:6-7-2017<br><br>Received:7-7-17 | **Response of Mr. Al-Thani to Fourth Summon**: In his reply he stated "I reiterate that I do not recognize, and am not subject to Jurisdiction of Pakistani laws and Pakistani courts in any manner whatsoever. Your statement that I have accepted and submitted to the jurisdiction of Pakistani laws |

| | | |
|---|---|---|
| | | and courts is inappropriate and factually incorrect. He again however asked the team to come and meet him |

d. **Legal Position on Response of Mr. Al-Thani to Fourth Summon**:(*Annexure H*)

(1) Mr. Thani, has adopted an evasive and evidently disingenuous stance with respect to his willingness to cooperate. His last letter was received, literally, less than 72 hours before the final report of the JIT.

(2) Besides employing dilatory tactics, Mr. Thani has also categorically refused to recognize to be subject to the "jurisdiction of Pakistani laws and Pakistani courts in any manner whatsoever".

(3) Mr. Thani has to-date also failed to formally confirm his acceptance of the proposed process and terms for the recording of his statement as set out in the JIT.

(4) In his letter dated 26-6-2017 (which reached the JIT on 3-7-2017) in which, for the first time, he raised a number of conditions, compliance with which was beyond the powers and remit of the JIT and which even otherwise were in conflict with and inimical to the proposed process and terms for the recording of his statement as set out in the JIT's letter of 22-6-2017.

(5) Significantly, Mr. Thani has never indicated that he has or will be providing any documentation to substantiate the contents of the Thani Letters. Instead, as is evident from the correspondence with him summarized above, he has simply "offered" to verify in person that he did

JOINT INVESTIGATION TEAM PANAMA CASE

sign the said letters and that he stands by their content but without any further elaboration at all.

(6) The legal status and utility of interviewing an individual in such circumstances, who had prior thereto, categorically refused to recognize, accept or submit to the courts and laws of Pakistan or "to appear before any court or tribunal for any purpose whatsoever", in the JIT's humble assessment also seemed inappropriate and, potentially, an exercise in futility as refusal to appear in a Court or Tribunal would have defeated the very underlying objective for which the JIT intended and needed to record his statement.

(7) Mr Thani despite the best efforts of the JIT, as are clear from the above paras, chose to delay his responses or sideline the issue of recording of statement, by first refusing to give a statement , then accepting and asking for a date, then raising the legal issues of jurisdiction of Pakistani courts and finally sending his response at the last moment without acceding to the jurisdiction of Pakistani law and courts, that too , when the JIT had already started preparing its final report. This whole episode of avoidance to record his statement and delay it to the extent that the time given by the Honorable Supreme Court of Pakistan practically expires can only be seen as a tactical move to keep the defence of the respondents alive.

(8) The JIT in its investigations has collected sufficient evidence as detailed in this section and elsewhere in this report to conclude that the appearance or non-appearance of Mr Thani is not as significant as was assessed earlier.

(9) It has been proved through the acquired authentic documentary evidence and inconsistencies in the statement of witnesses that Mr. Tariq Shafi

never handed over AED 12 million to father of Hamad Al-Thani. Hence, no question of any investment in Qatari business and proceeds thereto.

حمد بن جاسم بن جبر آل ثاني

5 November 2016

I, the undersigned, do hereby state the following:

1. My father had longstanding business relations with Mr. Mian Muhammad Sharif, which were coordinated through my eldest brother. Our Families enjoyed and continue to enjoy personal relations.

2. I was informed that during the year 1980, Mr. Mian Muhammad Sharif expressed his desire to invest a certain amount of money in real estate business of Al Thani family in Qatar.

3. I understood at that time, that an aggregate sum of around 12 Million Dirhams (AED 12,000,000) was contributed by Mr. Mian Muhammad Sharif, originating from the sale of business in Dubai, UAE.

4. The properties Flat # 17, Flat # 17a, Flat # 16, Flat # 16a at Avenfield House, Park Lane, London were registered in the ownership of two offshore companies, bearer share certificates of which were kept during that time in Qatar. These were purchased from the proceeds of the real estate business.

   On account of relationship between the families, Mr. Mian Muhammad Sharif and his family used the Properties whilst bearing all expenses relating to the Properties, including the ground rent and service charges.

5. I can recall that during his life time, Mr. Mian Muhammad Sharif wished that the beneficiary of his investment and returns in the real estate business is his Grandson, Mr. Hussain Nawaz Sharif.

6. In the year 2006, the accounts in relation to the above investment were settled between Mr. Hussain Nawaz Sharif & Al Thani family, who then delivered the bearer shares of the companies referred in para 4 above to a representative of Mr. Hussain Nawaz Sharif.

Hamad Bin Jassim Bin Jaber Al-Thani

حمد بن جاسم بن جبر آل ثاني

22 December 2016

It has come to my attention that certain queries have been raised with respect to my statement dated 5 November 2016.

In response to such queries, I wish to clarify that in 1980, Mr. Mian Mohammad Sharif (**Mr. Sharif**), a longstanding and trusted business partner of my father, made an investment (the **Investment**) of approximately twelve million AED in the real estate business of the Al-Thani family. This investment was made by way of provision of cash, which was common practice in the Gulf region at the time of the investment and also, given the longstanding relationship between my father and Mr. Sharif, a customary way for them to do business as between themselves.

At the end of 2005, after reconciling all accruals and other distributions made over the term of the Investment, it was agreed that an amount of approximately $ 8,000,000 was due to Mr. Sharif. In accordance with Mr. Sharif's wishes, the amount due to him was settled in 2006 by way of the delivery to Mr. Hussain Nawas Sharif's representative of bearer shares of Nescoll Limited and Neilsen Enterprises Limited, which had been kept during that time in Qatar.

This statement is private and confidential; it cannot be used or disclosed to any party without my prior written consent, except to the benefit of the courts and regulators of the Islamic Republic of Pakistan.

15. As far as relationship between my father and the Al Thani family of Qatar is concerned, it dates back a long time. Sheikh Hamad was the first person who had met me in custody after the 1999 Coup. I do not want to discuss the details of the sale proceeds of Gulf Steel as they were best known to my father. All I know is that they were used for the businesses set up outside Pakistan later. As far as the letter of Prince Hamad Al Thani submitted in the Supreme Court is concerned I do remember that I had seen them but do not remember the details. I have been read out the letter of Prince Hamad Bin Jasim Al Thani dated 5 November 2016 and I confirm that I had the knowledge that beneficiary of the investment was to be Hussain Nawaz. I cannot however say when was the sale proceed of Gulf Steel handed over to Al Thani family; whether immediately after the sale or later on. I do not remember the details of the second letter of Prince Hamad dated 22 December 2016. As far as the worksheet, submitted in the Supreme Court of Pakistan, submitted by my sons, is concerned I do not recall having seen it or know of its contents. I can however say that this investment was the basis of subsequent businesses set up by Hasan and Hussain. I stand by all the submissions made by my sons and daughter before the Supreme Court of Pakistan during the proceeding of this case.

16 to 17. XXXXXXXXXXXXXXXXXXXXX

18. As far as my not referring to the investment between the Qatari family and my grandfather in the speeches is concerned, I had at that time said that I would tell the details when the time comes. With regard to the international media interviews about the Avenfield apartments in the 1990s where we did not mention the Qatari investment in our responses; all I

JOINT INVESTIGATION TEAM

can say is that there is a story behind how that interview that you are referring to happened and who sponsored it. I do not want to discuss the details. In relation to the news report of the guardian which quoted my wife as saying that the Avenfield apartments were purchased for Hasan and Hussain in 2000 while they were studying in London; my response is that sometimes these things are said because of lack of knowledge.

8. The Gulf Steel Mills was the only factory or business in the Middle East set up by my father before 1980. In fact the only other factory that he set up in the Middle East was the Azizia factory that was established when we were forced to live in exile in Saudi Arabia. The only other investment in the Middle East by my father, which I can think of, is the investment of the sale proceeds of Gulf Steel Mills in 1980 with the Qatari Royal family. My father had told me about this investment at that time but it was not a detailed discussion. Tariq Shafi had also mentioned of this investment at the time. As far as the question of my father investing the sale proceeds of Gulf Steel Mills with the Qatari Royal family, instead of clearing the liabilities, is concerned, I do agree that it is totally out of character for him. He would always clear his liabilities as he was very strict on these issues. Even if there were any liabilities, Mr. Tariq Shafi being the owner and beneficiary of Gulf Steel Mills, was responsible for clearing the liabilities. However, this is a mere legal interpretation.

9. I am not aware of the details of the investment that was made with the Qataris. The only time I recall it being discussed was at the time of setting up of Azizia Steel Mills. I do not know in what form the sale proceeds of Gulf Steel Mills were handed over to the Qataris. I do not know of any other investment made by my father or family prior to this investment with the Qataris or later. As far as my own relations with the Qatari Prince Hamad bin Jasim is concerned I met him for the first time in 2010.

10. XXXXXXXXXXXXXXXXXXXXXXXXXX

11. As regards the caution placed on these apartments by the Queen's Court in the al Towfeeq case against Hudabiya, I refuse to answer any questions related to Hudabiya as the investigations by FIA and NAB have been quashed by the High Court and therefore are closed and shut cases. Although I am made aware of the directions contained in para 3 of the Supreme Court's order dated 20 April 2017 regarding the FIA and NAB investigations my position is that I would not discuss it as the JIT is not authorized to probe it. In any case I was incarcerated in 2000 and not aware whether the Qataris had played a role in the settlement or otherwise.

12. The setting up of Azizia Steel Mills was the result of the forced exile of our family to Saudi Arabia in late 2000. After the Coup of 1999, Mian Nawaz Sharif, Abbas Sharif, Mian Sharif, Hussain Nawaz and I were all incarcerated till our exile. All our businesses in Pakistan were non-functional except Chaudary Sugar Mills which my son Hamza Shahbaz was looking after. I was suffering from cancer in 2001-2 at the time. I however do know that there were three shareholders; Hussain Nawaz Sharif, my daughter Rabia and my brother Abbas. It was an investment where all three brothers were represented. The equity from the share holders was from the Qatari investment. The Mill was not making profit and in 2004 there was some discussions that it should be sold. My father had indicated that in case the Mill was sold all sale proceeds would go to Hussain. I think at that time I was in the United States for treatment. As to the question that Hussain Nawaz Sharif is on record in a TV interview that he was not in favor of selling Azizia but was outnumbered by other shareholders I can only say that I was under treatment at that time and do not know the details. As to the question that if the sale proceeds of Azizia were to be given to Hussain only; who did not want it to be sold, then why would other shareholders including my daughter Rabia insist on its sale and to what end, I offer no comments.

7. As far as the source of purchase of these apartments is concerned they came in our ownership as a result of settlement of money that was placed by my grandfather with Sheikh Jasim Althani who was the ruler of Qatar at that time. No paperwork or any kind of agreement was signed and it was a totally verbal arrangement. My grandfather was a man of action and averse to documentation. I first learnt about this arrangement from my grandfather, somewhere after the year 2000, when we were living in exile in Saudi Arabia. He told me that after deducting the amount of money taken back from the Sheikh for meeting essential requirements, I would be entitled to whatever is the residual amount. He did not mention about when this arrangement was to end and a settlement to be made. As to the question why he chose me over others to be the sole beneficiary of Azizia steel and the residual amount, it must be understood that, out of respect, no one in the family asked any question about his decisions.

8. I do not remember the exact date but sometime around March 2005 Nasir Khamees (a representative of Mr. Hamad Bin Jassim Bin Al-Thani) met me in Saudi Arabia along with some other persons in his team to discuss the terms of settlement of the money that had been placed by my grandfather. I was the only one who was representing our family. Nasir told me that the Prince Hamad bin Jasim Althani, wanted to reach a settlement on the arrangement of investment that had been made between my grandfather and his father. He did not provide any details of the amount that had been already used and the residual amount. In the next 6 months a couple of meetings were held and details were discussed. I think that it was in October 2005 that in a meeting the details of expenses were worked out between our teams. As far as the involvement of the Prince Hamad bin Jasim Althani in the negotiation process is concerned, I think during the

time this negotiation was taking place, we met on some social event but this matter was never discussed with him.

9. Although I tried to ask for the details of the investment portfolio, but Nasir and his team politely presented the summary. I must emphasise that we were totally dependent on whatever calculations were made by Nasir and I was not in a position to challenge any of the calculations as there was no written agreement between my grandfather and Sheikh Jasim Althani. In any case if you consider the environment of Middle East, where the investors do not have much protection and rights, the settlement offer was a very noble initiative by the Qatari Prince, which can only be attributed to the sense of religious obligation to settle this longstanding investment fairly.

10. In the end we prepared the summary of investment made, the profit, the amount already returned from time to time, and the residual amount. This was a hand written document that formed the basis of the Excel worksheet. I do not remember when this work sheet which was presented in the Supreme Court was prepared. It must be understood, and I have already stated it, that there existed no written agreement for the investments made by my grandfather with the Qatari Ruler and therefore we practically had to agree whatever was being offered. I think the reason for not inking an agreement was to avoid future litigation by any party.

6. As far as the handing over of the bearer shares is concerned I do not remember the exact dates but somewhere around end of 2005 or early 2006 I called Waqar Ahmed, who works in the office of Hassan and told him that Mr. Nasir Khamees, the representative of Prince Hamad Al-Thani would be sending the bearer shares through a courier service and instructed him to send them to Minerva by post. I think that Waqar confirmed that he had received the envelope from Nasir and had sent it to Minerva. I do not think that he had opened the envelope. I am not aware if there was anything else that was sent by Nasir. I think that I received a phone call from Minerva confirming that they had received the shares. I am not sure whether they had sent any email or written communication to confirm receipt.

9. As far as my knowledge about the settlement between Hussain and Prince Hamad bin Jasim Althani, in 2005-06, is concerned I was not involved in the process and did not know any of the details but knew of the bigger picture that Hussain is going to be the beneficial owner of those apartments. Although I had previously known of the close relations between our family and Althani family of Qatar, I became aware about the arrangement of investment between my grandfather and Althani family at the time of final settlement. Previously I had not come across any event that would have made me aware of Althani investment. I am not aware that the bearer shares of Neilson and Nescol ever have been handed over to Waqar, who works as my assistant.

JOINT INVESTIGATION TEAM
PANAMA CASE

OPINION

1. I am instructed on behalf of Imran Ahmed Khan Niazi to advise with regard to a question of English and/or BVI law that has arisen in the context of his litigation in the Pakistan Supreme Court against Mian Nawaz Sharif ("Nawaz Sharif"), the current Prime Minister of Pakistan. I have been provided with a summary of the broader issues in the case, but I do not need to set these out as they are not material to the narrow issue on which my advice is sought.
2. I understand that this Opinion may be provided to the court as expert evidence on the issues with which it deals. My professional qualifications are provided in a separate document.

**The question on which I am asked to advise**

3. The question in issue is the beneficial ownership of the shares in two BVI companies, Nielsen Enterprise Limited ("Nielsen") and Nescoll Limited ("Nescoll"): specifically, are the shares owned beneficially by Hussain Nawaz Sharif ("Hussain"), the son of Nawaz Sharif, or by Mariam Safdar ("Mariam"), the daughter of Nawaz Sharif?
4. Both Nielsen and Nescoll are special purpose vehicles set up to hold the legal titles to two valuable London properties (comprising four apartments), known as Nos. 16, 16-A, 17 and 17-A Avenfield House, 118-127 Park Lane (referred to more simply as "No 16" and "No 17" Avenfield House respectively, or together as "the Properties"). No 16 is held by Nielsen and No 17 by Nescoll.

JOINT INVESTIGATION TEAM PANAMA CASE

**Chronology of events**

5. For the purposes of this Opinion I have been provided with a number of documents, to which I will refer. I have assumed the facts to be as recorded or stated in those documents except where it is clear that I am merely recording one side's version of events. Where I have assumed facts to be true, it is not be inferred that they are accepted or admitted by either or both parties: I am merely stating the factual assumptions I have made for the purposes of describing the relevant legal principles.

6. I take the following chronology of the relevant events primarily from a document entitled, "Further Statement on Behalf of Respondent No.7 and 8" ("the Statement"), which has been submitted in the court proceedings on behalf of Hussain and his brother, Hasan Nawaz Sharif.[1] I have also included information using some primary documents of which copies have been provided to me, and a statement served in the proceedings on behalf of Mariam dated 24 January 2017 ("Mariam's Statement").

    a. Nescoll was incorporated in the BVI on 27 January 1993, and its shareholding initially represented by a single bearer share issued on 29 April 1993.

    b. Nielsen was incorporated in the BVI on 4 August 1994, and its shareholding initially represented by a single bearer share issued on 22 November 1994.

[1] I am instructed that they are, respectively, Respondents No. 7 and 8 in the proceedings and that the Statement was filed in terms of a Civil Miscellaneous Application (CMA) bearing No. 432 of 2017 in Constitution Petition No. 29 of 2016

JOINT INVESTIGATION TEAM PANAMA CASE

c. By a letter dated 3 December 2005, Samba Financial Service Limited ("Samba") wrote to a Jersey company, Minerva Financial Service Limited ("Minerva") certifying that Mariam[2] was well-known to them as one of their valued customers since 2002. The letter states that it had been provided at the request of Mariam, "without any responsibility" on the part of Samba. The reason for this letter, according to the Statement, was to provide information to Minerva as part of an arrangement between Hussain and Mariam that Mariam should act as "the authorised signatory/representative" in matters pertaining to the management of the companies. The Statement further explains that it had been decided (it is not clear by whom) to appoint Minerva Trust and Corporate Services Limited, Minerva Nominees Limited, Minerva Services Limited and Minerva Officer Limited as "the service providers" with respect to Nielsen and Nescoll.

d. In January 2006, the bearer shares were physically handed to a Mr Waqar Ahmed ("Mr Ahmed") in London. Mr Ahmed is said to have been "appointed to take physical transfer on behalf of" Hussain. I take this to mean that Mr Ahmed held the shares as nominee for Hussain.

e. The Statement then describes a meeting in London in January 2006 between Hussain and Minerva "in order to finalise the appointment of Minerva".

f. Next, the Statement says that Hussain requested Mariam to act as his authorised signatory and to communicate his instructions to Minerva. It is not explained why this was felt to be convenient, given that

[2] The name is spelt "Maryam" in the letter, and occasionally in other documents.

JOINT INVESTIGATION TEAM
PANAMA CASE

Mariam was resident in Saudi Arabia, while Hussain was resident in London (in fact occupying one of the Properties). According to Mariam's Statement, Hussain "wanted to authorise her in relation to these properties so that in case of his demise [she] could ensure distribution of the properties as per Shariat law between his legal heirs."

g. At some point between January 2006 and February 2006 Hussain obtained physical possession of the bearer shares. The Statement does not specify the exact date, but I have been provided with a copy of a Declaration of Trust ("the Declaration of Trust") signed by Mariam on 2 February and by Hussain on 4 February 2006, which recites that Hussain is the "beneficial owner and holder" of the bearer shares, and goes on to declare that Mariam will hold them on trust for "the sole and absolute benefit and on behalf of" Hussain. The Declaration of Trust is central to the question with which this Opinion is concerned, and I will return to it in more detail later.

h. I have also been supplied with a document whose authenticity I understand from the Statement to be strongly contested. It is dated 7 February 2006, and it is, or purports to be, signed by Mariam. The document is stated to be "Effective as at 13th May 2004. I am instructed that this is the document referred to in paragraph 11 of the Statement as "a so-called declaration of beneficial interest", but in the interests of neutrality I will refer to it as "the February Resolution". On its face, the February Resolution purports to record a resolution by Nescoll accepting and approving the reappointment of LZ Nominees Limited as nominee director of the company, "and is hereby accepted

JOINT INVESTIGATION TEAM PANAMA CASE

and approved by the Company and the sole shareholder of the Company." Underneath the space for signature, Mariam is described as "Sole (barer) Shareholder" (sic).

i. On 4 July 2006 Hussain procured the cancellation of the bearer shares, and the issue of Ordinary Share Certificates, which were registered in the name of Minerva.[3] Again the exact date is not specified in the Statement, but I have taken it from copies of the Share Certificates that were provided with my Instructions.

j. The next document chronologically is dated 14 October 2011, and is a Personal Information Form headed Minerva Financial Services Limited. It appears to be a document completed as part of Minerva's "Know Your Client" requirements, and contains basic information confirming the identity of Mariam. In Mariam's Statement it is denied that the signature it bears is hers. It is also correctly pointed out that the rubric at the head of the form mentions several different categories of persons for whom the form is intended, including authorised signatories.

k. The next relevant event occurred on 12 June 2012, when the BVI Investigation Agency wrote to Mossack, Fonseca & Co (BVI) Limited ("Mossack Fonseca") asking for documents and information relating to Nescoll and Nielsen. In response, Mossack Fonseca carried out some internal enquires, and also contacted Michael Rossiter, the Trust Officer of Minerva Trust & Corporate Services Limited ("Mr Rossiter").

[3] To be precise, the registered shareholder in each case was Minerva Nominees Limited.

JOINT INVESTIGATION TEAM PANAMA CASE

l. In an email dated 22 June 2012, Mr Rossiter informed Mossack Fonseca that "Nielsen and Nescoll are owned by the same beneficial owner Mariam Safdar and I attach her KYC details." In an email the previous day, 21 June 2012, Mr Rossiter had stated that "There is no Trust connected." I interpret the two statements taken together as meaning that Minerva held the legal title to the shares as bare trustee for Mariam: in other words, Minerva was not aware of any formal trust, but Mariam was the sole beneficial owner.

m. In two letters dated 22 June 2012, Mossack Fonseca then reported back to the BVI Financial Investigation Agency, providing the information that had been requested. This included the statement that "the **Beneficial Owner** of the company is **Mariam Safdar**..."[4]

n. I should also record that I have been provided with a short statement by Mariam, undated and unsigned, which I understand to be in evidence before the court, in which Mariam says, "I am not and have never been the beneficial owner of the 4 London flats and have never derived any income or profit or financial benefit from those flats."[5]

o. The final event in the chronology occurred on 9 June 2014, when the Minerva Share Certificates were cancelled, and fresh Certificates issued in the name of Trustee Service Corporation ("TSC"), whose address is given in London. According to the Statement, this was again done on the instructions of Hussain, although no reason is given for the change.

[4] One letter was in respect of Nielsen, the other in respect of Nescoll. The bold type is as in the original.
[5] I am instructed that a version of this statement was subsequently signed on Mariam's behalf by her Counsel and submitted to the court in that form.

JOINT INVESTIGATION TEAM PANAMA CASE

**The Declaration of Trust**

7. The Declaration of Trust is made by Mariam, who is described as the "Trustee", and Hussain, who is described as "the Beneficiary". It was signed by Mariam in Jeddah on 2 February 2006, and by Hussain two days later, in London.

8. As I have already mentioned, the recitals to the Declaration state that "the Beneficiary" – not the Trustee – is the beneficial owner *and holder* of the bearer shares. This is consistent with the account given in the Statement, according to which the shares were held at this point in time in London.

9. However, the declaration of trust in clause 1 of the body of the Declaration is made by the Trustee, ie., Mariam. As a matter of English law (and I will deal later with whether English law applies), there are two methods by which a trust may be created: *either* a settlor may declare *himself* to be a trustee of property belonging to him, or a settlor may *transfer* property to a trustee, who accepts the trust.[6]

10. In the case of bearer shares, the legal title is vested in whoever has physical possession of the share certificates, and in order for the trust to be fully constituted, the certificates must be physically handed to the trustee. There is no mention of the bearer shares in this case ever having been handed over to Mariam. If this did not take place, there was no transfer, and consequently no trust.

11. Turning to the substantive provisions of the trust (assuming that it is valid), they are very brief. Clause 1 declares that Mariam will hold the shares "for the

[6] See *Lewin* on *Trusts* (2015) 19th edition, §3-004 and 3-008.

JOINT INVESTIGATION TEAM PANAMA CASE

sole and absolute benefit and on behalf of" Hussain. Clause 3 provides that the Properties shall remain in the exclusive use and possession of Hussain for so long as he requires. Clause 4 provides that in the event of Hussain's death, Mariam shall, after selling the Properties and paying off any debts, distribute the proceeds in accordance with the provisions of Sunni Sharia Law among those qualifying as Hussain's heirs. Clause 5 provides that on the death or incapacity of Mariam, the "rights conferred under this Trust" shall revert to Hussain. And finally, clause 6 authorises Mariam to appoint a professional third party to manage the companies.

12. In order to determine the validity of the Declaration of Trust, it is first necessary to decide the system of law under which that question is to be answered. As I explain below, the most plausible contenders are the law of the BVI and the law of England and Wales. In an attempt to be comprehensive, I have addressed in some detail which of those two systems should apply; however, for all practical purposes the question is academic, since there is no difference between the law of England and Wales and the law of the BVI on the principles applicable to the validity of the trust.

**Interpretation and Rectification**

13. The Declaration of Trust contains no express provision as to the proper law of the trust. This is not in itself remarkable, although one would have expected a professional trusts draftsman in these circumstances to have given some thought to the law that was intended to apply.

JOINT INVESTIGATION TEAM PANAMA CASE

14. However, as well as the documents relating to these Properties, I have also been provided with a second Declaration of Trust in virtually identical terms, also executed in Saudi Arabia on 2 February 2006 by Mariam and on 4 February 2006 in London by Hussain, which does contain an express governing law clause (applying English law). This document dealt with shares in a different company, Coomber Group Inc.

15. Both documents are stamped and signed by the same London solicitor, Jeremy Freeman of Freeman Box. It is difficult to think of any reason why the draftsman would have included such a clause in one deed but not the other. One possible explanation is a simple oversight. Mariam's Statement confirms that, "The reason for execution of the trust deed relating to Coomber Group Inc. was the same as for the shares of the Companies owing the London flats."

16. The rules of construction would probably not permit reference to one of the deeds as an aid to construing the other, although this cannot be entirely ruled out. In *Akers v Samba Financial Group*,[7] which is discussed elsewhere in this Opinion, there were seven transactions under consideration, four of which included express choice of law clauses. The judge at first instance considered that there were "strong grounds for concluding that the same law applied to the other transactions by implication." The Court of Appeal did not comment on this approach.[8]

17. If construction does not assist, and in the absence of any further evidence, an application for rectification on the grounds of mistake ought to have a strong chance of success.

---

[7] [2015] Ch 451, 642H.

[8] The Court of Appeal considered that there were six, rather than seven, relevant transactions, but this does not affect the point.

JOINT INVESTIGATION TEAM PANAMA CASE

18. There is, however, a logical difficulty. In order for the English court to have jurisdiction to grant the remedy of rectification, it must apply English law. And if it has already decided that English law applies, rectification is unnecessary; if it has not so decided, it cannot grant the relief making English law applicable.

19. It may nevertheless be possible to escape from this apparent impasse. The two most plausible contenders for the applicable law are (as I will explain below) England and Wales, or the BVI. If the BVI court were to decide that it had jurisdiction, it might rectify the deed to substitute the law of England and Wales.

**The Recognition of Trusts Act 1987 ("the 1987 Act")**

20. A system of rules for determining which law should apply in deciding the validity of a trust where different jurisdictions are involved is contained in the Hague Convention on the Law Applicable to Trusts and on their Recognition ("the Hague Convention").

21. The 1987 Act gave effect in England and Wales to the Hague Convention with effect from 1 August 1987.[9]

22. The Recognition of Trusts Act 1987 (Overseas Territories) Order 1989,[10] similarly applied the Hague Convention to a number of Territories, which included the BVI. It applies with effect from 1 June 1989.

23. The BVI Trustee Ordinance 1961[11] as amended includes in section 80 a slightly modified re-wording of the relevant provisions of the Hague

[9] SI 1987/1177.
[10] SI 1989/673.

JOINT INVESTIGATION TEAM PANAMA CASE

Convention. If there is any material difference for the purposes of the issues considered in this Opinion, the original wording of the Hague Convention would prevail, having been incorporated into BVI law by an Order in Council rather than under a local BVI Ordinance.

24. The result is that if the matter came before the courts either in England or in the BVI, the starting-point for determining the proper law of the trust would be the Hague Convention.

25. Article 4 of the Hague Convention is an important but difficult provision. It states –

> "The Convention does not apply to preliminary issues relating to the validity of wills or of other acts by virtue of which assets are transferred to the trustee."

I will return to this provision later in this Opinion.

26. Article 8 begins by stating that –

> "The law specified by Article 6 or 7 shall govern the validity of the trust, its construction, its effects and the administration of the trust."

27. Article 6 provides (in material part) that –

> "A trust shall be governed by the law chosen by the settlor. The choice must be express or be implied in the terms of the instrument creating or the writing evidencing the trust, interpreted, if necessary, in the light of the circumstances of the case."

(It is for that reason that I have devoted some paragraphs above to considering whether the Declaration of Trust contained or was intended to contain an express choice of law clause.)

---

[11] CAP. 303

28. Article 7 then provides that –

> "Where no applicable law has been chosen, a trust shall be governed by the law with which it is most closely connected.
>
> In ascertaining the law with which a trust is most closely connected reference shall be made in particular to –
>
> (a) the place of administration of the trust designated by the settlor;
>
> (b) the situs of the assets of the trusts;
>
> (c) the place of residence or business of the trustee;
>
> (d) the objects of the trust and the places where they are to be fulfilled."

***Akers v Samba Financial Group* [2015] Ch 451**

29. The Hague Convention has recently been considered in detail in a Court of Appeal case, *Akers v Samba*, concerning a disputed trust of shares in Saudi Arabia in favour of a Cayman Islands company. The English Supreme Court has heard an appeal from the Court of Appeal's decision, and judgment is due to be handed down on Wednesday 1 February 2017. I refer to *Akers v Samba* at several points in this Opinion, but any propositions based upon the Court of Appeal's judgment will have to be re-examined in the light of the Supreme Court's decision next week. Although the issues in that case were very different from those in the present case, *Akers v Samba* involved a close analysis of the Hague Convention, and whatever the Supreme Court decides

JOINT INVESTIGATION TEAM PANAMA CASE

may have a bearing on one or more of the issues on which I am asked to advise.

**Applying the Hague Convention**

30. In *Akers v Samba*, the dispute concerned declarations of trust made by a settlor in Saudi Arabia over shares held in his name and listed on the Tadawul, the Saudi Arabian stock exchange. It was common ground that "the concept of a trust is unknown to Saudi Arabian law" and that Saudi Law did not recognize a distinction between legal and beneficial ownership.[12] There was also evidence that Saudi Arabian law contained restrictions against foreigners owning shares in Saudi Arabian companies.[13]

31. The central argument in the Court of Appeal was whether Article 4 of the Hague Convention, which applies to "preliminary issues", operated to exclude the application of the Convention to the declaration of trust. If it did, common law principles would have applied, and under those principles the ownership of shares is governed by the law of the place where the shares are situated: *Macmillan Inc v Bishopsgate Investment Trust plc (No 3).*[14] The Court of Appeal in *Akers v Samba* accepted this principle as correct.[15]

32. The consequence in *Akers v Samba* would have been that the English court would have had to apply Saudi Arabian law in deciding the validity of the "transfer" of the beneficial interest in the shares. However, the Court of Appeal rejected that argument, and held that the Hague Convention did apply.

[13] The Court of Appeal considered that this question could not be decided on a preliminary issue without the cross-examination of expert witnesses.
[14] [1996] 1 WLR 387.
[15] See paragraph 53 of the judgment.

JOINT INVESTIGATION TEAM PANAMA CASE

33. The facts in the present case are very different. The companies are BVI companies, and the shares in question are bearer shares. Thus, if Article 4 applies, the consequence will be that English law (or, as the case may be, BVI law) will look to the place where the shares are situated to decide the "preliminary issue" whether there was an effective transfer to the trustee.

34. If there was no effective transfer, that is an end of the matter. If there was an effective transfer, the next question is what law governs the trust. This involves a consideration of Articles 6 and 7.

35. In the present case the Declaration of Trust contains no express choice of applicable law. I have already dealt with the possibility that the omission of such a provision was a clerical error that might be rectified, but on the assumption that the document cannot be rectified, the question of applicable law falls to be determined in the manner provided by Article 7 of the Hague Convention. (Of course, if rectification were available, it would be clear that the governing law was that of England and Wales, pursuant to Article 6.)

36. Taking the factors set out in Article 7 in turn, the place of administration of the trust is debatable, because there is little, if anything, to be done by way of administration. There would be a very weak argument for saying that the place of administration is Saudi Arabia, because that is where Mariam was based; but since her trustee functions are barely distinguishable from those of a bare trustee, it would be stretching a point to argue that the trust was being "administered" in Saudi Arabia.[16]

[16] It would be surprising if anyone had intended Saudi Law to apply, and I do not think it is contended for by any of the parties. In *Akers v Samba*, the Court of Appeal considered the possibility of an express choice of law specifying a jurisdiction that did not recognise trusts (paragraph 30). I do not, of course, offer any advice on the law of Saudi Arabia, but it would be necessary to take such advice if there were any suggestion that the trust was intended to take effect under that law.

37. More compelling claims for the "place of administration", insofar as there is one, can be made for either the BVI, where the companies are located, or for England, where the underlying assets are situated. The provisions of clause 3 of the Declaration of Trust, which gives Hussain the exclusive use and occupation of the Properties, lends weight to the argument that insofar as there is any "administration", it would be done in England.

38. Similar considerations apply to the "*situs* of the assets of the trust". Here, the assets are the bearer shares. The *situs* of bearer shares (in contrast with shares whose ownership is shown on the company register) is where the shares happen to be.[17] On the basis of the information described in the chronology set out in paragraph 6 above, I have assumed that the bearer shares were in England at the date of execution of the Declaration of Trust, and that they remained in England at least until their cancellation in July 2006.

39. This would mean that the law of England and Wales applies both to the "preliminary issue" of whether the assets ever became vested in Mariam as trustee, and to the validity and construction of the trust.

40. It might be argued that the relevant "assets" were the companies themselves, to which the shares were merely documents of title. On that view, the *situs* would clearly be the BVI. That argument becomes very much more compelling after the bearer shares had been cancelled: if the ownership of the shares had been recorded in the company's register, it would have been clear (a) whether or not Mariam had the legal title, and (b) that the *situs* of the assets was the BVI where the companies' register was located.[18] However, BVI law

[17] See *Lewin, Op. cit.*, §11-172 to §11-174.
[18] *Macmillan Inc v Bishopsgate Trust (No. 3)* [1996] 1 WLR 387, cited in *Akers v Samba, supra.*

JOINT INVESTIGATION TEAM PANAMA CASE

would give the same answers as the law of England and Wales to the question whether any assets had been vested in Mariam.

41. Miriam's place of residence was, at the time, Saudi Arabia.[19] For the reasons already given, I consider that on the particular facts of this case, it is very unlikely that much weight would be given to this factor.

42. The fourth and final factor is "the objects of the trust and the places where they are to be fulfilled". This factor points strongly in favour of England, and consequently English law applying. The core purposes of this trust, it seems to me, was to hold the Properties – for which the companies are merely vehicles – for the exclusive use of Hussain during his lifetime, and on his death to sell and distribute the net proceeds to his Sharia Law heirs.

43. The general direction of Article 7 is to look for the jurisdiction with which "it" – ie., the trust – is "most closely connected". To my mind, the location of the bearer shares and the Properties makes England the most likely candidate, although I can see force in the argument that the *situs* of the companies should prevail.

44. However, it is unnecessary to reach a firm conclusion on this point, because the law of the BVI and the law of England and Wales are the substantively the same for the purposes of deciding whether the trust is valid in the first place.

**Does the Declaration of Trust create a valid trust?**

45. Whether the applicable law for determining the validity of the trust is that of England and Wales or the BVI, and whether or not Article 4 is engaged, the

[19] I understand that her presence in Saudi Arabia was connected with her father's exile, and that she has now returned to Pakistan.

JOINT INVESTIGATION TEAM PANAMA CASE

fundamental difficulty that I identified in paragraphs 9 and 10 above will be the same. [Neither jurisdiction will recognise as valid a trust of which Mariam is the trustee unless there was physical delivery of the bearer shares to her.]

46. I have been provided with a copy of the Opinion of Stephen Moverley Smith QC dated 12 January 2017, which is exhibited to the Statement[20]. I agree with Mr Moverley Smith that there is no requirement, either under the laws of England and Wales, or under the laws of the BVI, for trust instruments to be registered or filed with any authority, and that there is no authority in either jurisdiction at which such registration could take place. [This does not affect or alter the conclusions that I have reached, which do not depend on a failure to register.]

**The cancellation of the bearer shares**

47. The next step to be considered is the cancellation of the bearer shares in July 2006 and the issue of new shares that were registered in the name of Minerva.

48. According to the Statement, both the cancellation and the issue in favour of Minerva were effected by Hussain. [There is no mention of any involvement of Mariam at this stage, which is consistent with the assumption that the bearer shares had remained in London throughout this period.]

49. [The cancellation of the bearer shares would have terminated any trust that may have existed.] It left Mariam with nothing over which she could be a trustee: without the bearer shares, she had no interest in the companies. Furthermore, by cancelling the bearer shares and giving instructions for the issue of new

[20] I am instructed, as Annexure M at page 107 of the Statement.

JOINT INVESTIGATION TEAM PANAMA CASE

shares, Hussain was in effect exercising his right under *Saunders v Vautier*[21] to wind up the trust as the absolute beneficial owner. Again, that would have discharged Mariam from any duties or obligations she might have had under the Declaration of Trust.

**The registration of Minerva as shareholder**

50. The registration of Minerva as shareholder of the newly issued shares unquestionably constituted Minerva as trustee: the registration conferred legal title, and there is no question of there having been a gift to Minerva of the beneficial interest. The question is whether Minerva held as trustee for Mariam, or for Hussain.

51. The same principles under Article 7 of the Hague Convention as discussed above in relation to the Declaration of Trust would have applied in determining the proper law of this trust. This time, however, the assets were registered shares rather than bearer shares. The *situs* of the asset would therefore have been the BVI, where the registers of the companies were maintained. There would therefore have been a stronger case for regarding the trust as governed by BVI law. There would also be some possibility of arguing that the trust was governed by Jersey law, on the basis that Jersey was the place of administration, and Minerva as a professional trustee would have active functions in terms of reporting and record-keeping.

52. So far as the terms of the trust are concerned, the only relevant question is what was said to Minerva: in other words, on what terms did it accept the

[21] (1841) 4 Beav. 115.

JOINT INVESTIGATION TEAM PANAMA CASE

trusteeship? The only evidence to which my attention has been directed is the response given by Minerva when it was asked who held the beneficial interest: Mr Rossiter, who was or should have been in a position to know, replied that the beneficial owner was Mariam. Mr Rossiter also told Mossack Fonseca that there was "no trust", which appears to mean that Minerva was a bare trustee for Mariam.

53. According to the Statement, Mariam was merely the authorised signatory/representative of Hussain. It is, of course, possible that Minerva made a mistake, and it is not for me to express a view as to the likelihood of that having happened. But taking Minerva's response at face value, the only possible conclusion – assuming I am right that there was no prior trust – is that the beneficial interest was indeed held for Mariam.

54. Furthermore, if Mariam was merely a signatory or representative of Hussain, her authority would terminate on his death: the authority of an agent terminates on the death of the principal.[22] This arrangement could not, therefore, have been used to effect the distribution of any assets according to Sharia Law after Hussain's death. Her authority to deal with the assets would expire at the very moment that it was required.

55. Furthermore, if the intention had merely been to ensure that Hussain's Sharia heirs inherited, that intention could very simply and effectively have been achieved under English law by making a Will containing the appropriate gifts.

56. In Mariam's Statement she explains that Hussain decided not to tell Minerva about the Declaration of Trust "as there was no requirement to do so". Mariam is correct to the extent that (on my analysis) the Declaration of Trust was

[22] See *Chitty* on *Contracts*, 32nd edition, §31-166. Other events such as the bankruptcy or mental incapacity of the principal will also automatically terminate an agent's authority, at least from the date of the agent's knowledge of the event.

JOINT INVESTIGATION TEAM PANAMA CASE

never a validly constituted trust, or, if it was, it had ceased to apply when the bearer shares to which it related were cancelled. On the other hand, Minerva did have an obligation to ask about the ultimate beneficial ownership as part of its "Know Your Client" obligations, and my conclusions are based on the assumption that the information Minerva supplied to Mossack Fonseca reflected what Minerva had been told in response to its KYC enquiries.

57. I have not overlooked the point that, according to the Statement, the February Resolution is said to be a "fake", and I express no view as to the authenticity of the February Resolution. If it is authentic, it shows that Mariam believed or represented herself to be the owner of the bearer shares, but this would have no effect on the views I have expressed in this Opinion. If it is not authentic, it is irrelevant.

**Conclusions**

58. In summary –

a. The Hague Convention applies in both the BVI and in England and Wales.

b. The validity of the Declaration of Trust is governed by the law of one of those jurisdictions, more probably England and Wales than the BVI.

→ c. Both systems of law would hold that no valid trust had been created unless the bearer shares in Nielsen and Nescoll were physically handed to Mariam; this conclusion would be the same if the transfer of the shares is considered to be a "preliminary issue" falling outside the Hague Convention.

JOINT INVESTIGATION TEAM PANAMA CASE

d. If a valid trust had been created, it would have been terminated in July 2006, when the bearer shares were cancelled.

e. When new shares were issued and registered in the name of Minerva, a valid trust was created, of which Minerva was the trustee, and Hussain the settlor.

f. This trust was more likely to have been governed by BVI law, although there is also a case for English law applying; but in either case, there is no difference in the result.

g. It was a bare trust, and according to Minerva's records the sole beneficiary was Mariam.

h. Minerva would not have been bound by any arrangement between Hussain and Mariam of which it was not aware, and it had an obligation to enquire as to the ultimate beneficial ownership.

i. If Mariam was merely a signatory or representative of Hussain, her authority would terminate on his death, and she would be unable to give effect to any wishes he may have expressed about the devolution of his estate.

No. JIT PANAMA/17/ Dated: June 20, 2017

The Honorable Implementation Bench,
Supreme Court of Pakistan,
ISLAMABAD.

**SUBJECT:** **CMA NO. 2939 OF 2017 JIT, PANAMA CASE, PAKISTAN – RESPONSE OF H.E. SHEIKH HAMAD BIN JASSIM BIN JABER AL-THANI OF QATAR TO JIT'S LETTER**

Your Lordships,

It is to bring into your kind notice that the JIT had written to H.E. Sheikh Hamad Bin Jassim Bin Jaber Al-Thani of Qatar on May 13, 2017, to appear before the JIT for recording his statement in pursuance of the Orders of the Honorable Supreme Court of Pakistan with regard to the two letters that he had submitted in the Panama Papers Case. Since he did not appear on the due date, a second letter was sent on May 24, 2017 for appearance on June 1, 2017. The JIT received a letter from H.E. Sheikh Hamad expressing his inability to appear before the JIT stating that he confirms and owns the contents of his letters and therefore there is no need to appear.

2. In this regard, the JIT has now received another letter from H.E. Sheikh Hamad, dated June 11, 2017, on June 19, 2017 stating that he cannot appear due to unavoidable circumstances. However, he has offered to meet the JIT in Doha, Qatar on any mutually agreed date subject to provision of a questionnaire in advance.

3. Foregoing in view, the JIT has considered two options as follows:

i) The request to appear before the JIT at Doha be regretted and the need to verify the contents of the letters through personal appearance be emphasized once again, giving a subsequent date for appearing before the JIT in Pakistan; or

JOINT INVESTIGATION TEAM PANAMA CASE

ii) All members of JIT may travel to Doha for recording the statement of H.E. Sheikh Hammad, being a cardinal witness of the Respondents, subject to the following preconditions:

a. The investigation proceedings will be held at the Pakistan High Commission, Doha, Qatar;
b. No questionnaire will be provided in advance;
c. The medium of investigation will be English language;
d. The proceedings will be recorded for accuracy of transcription;
e. No persons to accompany/assist the witness during the investigation including lawyers/accountants; and
f. H.E. Sheikh Hamad should be available for investigation sessions which may extend up to several hours;

4. The JIT requests the Honorable Bench for advice and guidance for adopting one of the options above.

outdoors any other item which DHL decides cannot be carried safely or legally or
packaging is defective or inadequate

**Delivering & Undeliverables**
unless deemed to be delivered to PO boxes or postal codes. Shipments are deli
d to the Receiver's address given by Shipper (which in the case of mail ser-
s shall be deemed to be the last receiving postal service) but not necess
to be opened/Receiver personally. Shipments to addresses with a rental
ering area will be delivered to that area. If Receiver refuses delivery or to
be delivered or the Shipment is deemed to be unacceptable, or it has been
ained for customs purposes, or Receiver cannot be reasonably identified
rded, DHL shall use reasonable efforts to return the Shipment to Shipper at
per's cost, failing which the Shipment may be released, disposed of or sold by
without incurring any liability whatsoever to Shipper or anyone else, with the
costs incurred against service charges and related administrative costs,
the balance of the proceeds of a sale to be returned to Shipper.

**Inspection**

**Shipment Charges & Billing**
Shipment charges are established according to the higher of Scale or Actual
ht. Shipment may be re-weighed and re-measured by DHL
ation thereof. Shipper shall pay in accordance DHL for all Shipment
e charges, Duties and taxes owed for service as provided by DHL

**6. DHL's Liability**
DHL contracts with Shipper on the basis that DHL's liability is strictly limited to direct loss only and to the per kilo/lb limits in this Section 6. All other types of loss or damage are excluded (including but not limited to lost profits, income, interest, future business), whether such loss or damage is special or indirect, and even if the risk of such loss or damage was brought to DHL's attention before or after acceptance of the Shipment since special risks can be insured by Shipper. If a Shipment contains carriage by air, DHL's liability in respect of any one Shipment transported, without prejudice to Sections 7-11, is limited to its actual cash value and shall not exceed,

$US 25.00/kilogram or $US 11.34/lb for Shipments transported by air or other non-road mode of transportation; or

$US 12.00/kilogram or $US 5.44/lb for Shipments transported by road.

Claims are limited to one claim per Shipment, settlement of which will be full and final settlement for all loss or damage in connection therewith. If Shipper regards these limits as insufficient it must make a special declaration of value and request insurance as described in Section 8 (Shipment Insurance) or make its own insurance arrangements, failing which Shipper assumes all risks of loss or damage.

**7. Time Limits for Claims**
All claims must be submitted in writing to DHL within thirty (30) days from the date that DHL accepted the shipment, failing which DHL shall have no liability whatsoever.

**8. Shipment Insurance** (Not available for mail services)
DHL can arrange insurance for Shipper covering the actual cash value in respect of loss of or physical damage to the Shipment, provided the Shipper completes the insurance section on the front of the waybill or requests it via DHL's automated systems and pays the applicable premium. Shipment insurance does not cover indirect loss or damage or loss or damage caused by delays.

**9. Delayed Shipments and Money-Back Guarantee**
DHL will make every reasonable effort to deliver the Shipment according to DHL's regular delivery schedules, are not binding and do not form part of the contract. Certain services have a money back guarantee which provides for a credit in relation to delay of all or part of the Shipment's transport charges in some cases. The Money Back Guarantee Terms and Conditions are available on the DHL website (www.dhl.com.pk) or from DHL Customer Service.

**10. Circumstances Beyond DHL's Control**
DHL is not liable for any loss or damage arising out of circumstances beyond DHL's control. These include but are not limited to: electrical or magnetic damage to or erasure of electronic or photographic images, data or recordings; Shipper, Receiver, third party, customs or other government official; "Force Majeure" - e.g. earthquake, cyclone, storm, flood, fog, war, plane crash or embargo; and civil commotion, industrial action.

**11. International Conventions**
If the Shipment is transported by air and involves an ultimate destination or stop in a country other than the country of departure the Montreal Convention or the Warsaw Convention as applicable, governs or international road transportation, the Convention for the International Carriage of Goods by Road (CMR) may apply. These conventions limit DHL's liability for loss or damage.

**12. Shipper's Warranties and Indemnity**
Shipper shall indemnify and hold DHL harmless for any loss or damage arising out of Shipper's failure to comply with any applicable laws or regulations and for Shipper's breach of the following warranties and representations:
- all information provided by Shipper or its representatives is complete and accurate.
- the Shipment was prepared in secure premises by Shipper's employees
- Shipper employed reliable staff to prepare the Shipment
- Shipper protected the shipment against unauthorized interference during preparation, storage and transportation to DHL.
- the Shipment is properly marked and addressed and packed to ensure safe transportation with ordinary care in handling.
- all applicable customs, import, export and other laws and regulations have been complied with and
- the waybill has been signed by Shipper's authorised representative and the Terms and Conditions constitute binding and enforceable obligations of Shipper

**13. Routing**
Shipper agrees to all routing and diversion including the possibility that the Shipment may be carried via intermediate stopping places.

**14. Governing Law**
Any dispute arising under or in any way connected with these Terms and Conditions shall be subject to the benefit of DHL to the non-exclusive jurisdiction of the Courts of and governed by the law of the country of origin of the Shipment and Shipper irrevocably submits to such jurisdiction unless contrary to applicable law.

**15. Severability**
The invalidity or unenforceability of any provision shall not affect any other

No. JIT/PN/Sum. 01/12/17/120 Dated: 04-07-2017

To: H. E. Sheikh Hamad Bin Jassim Bin Jaber Al-Tahni
Doha
Qatar

**Our References:** Our letters dated 13-5-2017 (bearing No. JIT/PN/Sum. 01/12/17/003), 24-5-2017 (bearing No. JIT/PN/Sum. 01/12/17/018) and 22-6-2017 (bearing No. JIT/PN/Sum. 01/12/17/118).

**Your References:** Your letters dated 24-5-2017, 11-6-2017 and 22-6-2017.

**Subject:** **Recording of your statement by the Joint Investigation Team constituted by the Honourable Supreme Court of Pakistan in Constitution Petition No. 29 of 2016**

Your Excellency,

1. This is with reference and further to our exchange of correspondence (cited above) in relation to the captioned subject resting with your latest letter, which is dated 26-6-2017 but was only received by the Joint Investigation Team (JIT) on 3-7-2017. This is in spite of the specific request in our previous letter of 22-6-2017 seeking your response through email by no later than 26-6-2017 given the extreme urgency of the matter. Similarly, your earlier letter was dated 11-6-2017 but was not received by the JIT until 19-6-2017. The delay in receipt of your replies has led to unnecessary loss of the very limited time granted to the JIT by the Honourable Supreme Court of Pakistan to complete its investigation and report thereon. We,

JOINT INVESTIGATION TEAM PANAMA CASE 1

therefore, again request you to kindly correspond *via* facsimile transmission or email, which may be followed up by couriering signed originals.

2. Having considered the contents of your letter dated 26-6-2017, our response is as under:

(i) The JIT is unable to furnish the "acknowledgement" sought in your letter under reply (with regard to jurisdiction and the application of the laws of Pakistan) as it is of the considered view that, by voluntarily signing and providing your letters dated 5-11-2016 and 22-12-2016 for submission before the Honourable Supreme Court of Pakistan in support of the replies and stance adopted by the Respondents No. 7 (i.e. Hussain Nawaz Sharif) and No. 8 (i.e. Hassan Nawaz Sharif) in terms of, *inter alia*, their Civil Miscellaneous Applications No. 7638 of 2016 and 432 of 2017 in Constitution Petition No. 29 of 2016, you have already formally and irrevocably accepted and submitted to the jurisdiction of the Honourable Supreme Court of Pakistan and, concomitantly, the jurisdiction of the JIT. As a corollary, you have also accepted extension and application of the relevant laws of Pakistan.

This conclusion flows inevitably not only from your aforementioned acts and conduct but is further reinforced by the contents of both of your aforementioned letters of 5-11-2016 and 22-12-2016 which have been formally placed on the record of the Honourable Supreme Court of Pakistan through the Civil Miscellaneous Applications referred to above. Specifically, each of the said letters expressly states that it is intended and submitted for "use" and "disclosure" to and for the "benefit of the courts and regulators of the Islamic Republic of Pakistan". The language employed therein by your Excellency is unequivocal and conveys an unconditional submission to the jurisdiction of the Honourable Supreme Court of Pakistan and, concomitantly, application of the applicable laws of Pakistan.

The JIT, as you are aware, has been constituted under the express directions of the Honourable Supreme Court of Pakistan and is conducting its investigation under its aegis. Submission to jurisdiction once conceded or volunteered cannot subsequently be unilaterally withdrawn. Moreover, please also note that, should your Excellency now seek to assert this position, it would impact on the

admissibility, evidentiary, probative value and standing of the contents of your letters dated 5-11-2016 and 22-12-2016, which otherwise remain unsubstantiated.

(ii) Similarly, the JIT is unable to provide the "confirmation" (regarding your "appearance before any court of law or tribunal for any purpose whatsoever") as:

(a) the JIT, which has been constituted for a specific investigative purpose by the Honourable Supreme Court of Pakistan, is not legally competent nor has the jurisdiction to provide such an all encompassing "confirmation"; and

(b) without prejudice to the foregoing, for your guidance and information, kindly take note that, should the Honourable Supreme Court of Pakistan pass any order(s) for the filing of a criminal reference against any person(s) connected with the alleged crime under Section 9(a)(v) read with Section 14(c) of the National Accountability Ordinance, 1999 (as contemplated and provided for in the "Order" of the Honourable Supreme Court of Pakistan handed down in Constitution Petition No. 29 of 2016), the possibility of your Excellency being required to appear before the concerned Accountability Court undertaking the trial of the alleged offense(s) cannot be ruled out. However, as clarified above, this would be a matter for the court of competent jurisdiction and the prosecution and defence in any such trial. The JIT cannot, therefore, furnish any definitive "confirmation" in this regard and nor would it be appropriate or within its remit to do so.

(iii) With reference to the "offer" in your letter 22-6-2017 to "meet" the JIT in Doha "in order to verify in person the contents of" both your "letters submitted to the JIT", kindly note that the JIT originally requested you to make it continent to record your statement before it through its letter dated 13-5-2017. This was followed up by further requests through its letters of 24-5-2017 and 22-6-2017. The stated purpose and background was to enable the JIT to "verify" and "investigate" the contents of your letters dated 5-11-2016 and 22-12-2016, which have been submitted with your express acquiesce by the Respondents No. 7 and 8 through the aforementioned Civil Miscellaneous Applications before the Honourable Supreme Court of Pakistan and to

"record your statement" in relation thereto and not merely for "verification" of both your "letters submitted to the JIT" as mentioned in your letter under reply. The scope and remit of the "investigation" and recording of your "statement" as intended and sought by the JIT is, therefore, materially broader and different than that which has been "offered" in your latest letter. This is also self evident from the contents of our letter dated 22-6-2017.

3. In the circumstances, we respectfully again urge you to kindly clarify your position *vis-à-vis* the matters explained above by return fax or by return email, failing which, in view of the impending terminal date for submission of its final report to the Honourable Supreme Court of Pakistan, the JIT shall proceed further without any further recourse to your Excellency and shall report accordingly to the Honourable Supreme Court of Pakistan.

Dear Sirs,

I am in receipt of your second letter dated 24 May 2017, Reference No. JIT/PN/Sum.01/12/17/018.

I have already verified the contents of my two letters by way of my response to your earlier letter dated 13th May, 2017.

Unfortunately it is not possible for me to visit you due to unavoidable circumstances. However, if you still insist to meet me in person -and as a show of good faith and willing cooperation- I suggest that the members of the JIT may visit me in Doha at a mutually agreeable date. In such instance, I would kindly ask you to provide me in advance with a questionnaire prior to the visit of the JIT.

I look forward to hearing from you.

Yours sincerely,

**Reference your letter No. JIT/PN/Sum.01/12/17/120 dated 04-07-2017 on the subject.**

**I reiterate that I do not recognize, and am not subject to, jurisdiction of Pakistani laws and Pakistani courts in any manner whatsoever. Your statement (with reference to my earlier letters) that I have accepted and submitted to the jurisdiction of Pakistani laws and courts is inappropriate and factually incorrect. My earlier two letters which were submitted in your Supreme Court provided certain factual information and do not in any manner depict that I have accepted any such jurisdiction as indicated by you.**

**The issue of jurisdiction as stated in your letter is taking discussion in an irrelevant direction. Therefore, it is not appropriate to enter into any further discourse or argument on the question of jurisdiction since my stance on the matter is very clear. I also stand by the statement made by me in the earlier letters, have already confirmed as such to you and have also expressed my willingness to do so (subject to my above stated position as to jurisdiction) in person in a meeting with your team in Doha.**

**In view of the above, you may provide a date for the meeting alongwith names of your team members who will be traveling to Doha for the meeting.**

Subject: **CMA No. 2939 of 2017 JIT, PANAMA CASE, PAKISTAN – LETTER TO H.E. SHEIKH HAMAD BIN JASSIM BIN JABER AL-THANI OF DOHA, QATAR**

Dear Madam,

The Honourable supreme court of Pakistan's orders dated 20.0402017 and 05/05/17 in CMA No. 2939 of 2017 in constitution petitions No. 29 of 2016 etc (Panama Case), the Joint Investigation Team (JIT) has been constituted and has been delegated the authority to call any person/information having any nexus with the case.

2. In this regards, the Ministry of Foreign Affairs is requested to ensure delivery of the attached letter through facsimile, while maintaining confidentiality, to H.E. Sheikh Hamad Bin Jassim Bin Jaber Al-Thani. A copy of the same letter is also enclosed in a sealed envelope for delivery through courier. Please confirm delivery through both modes latest by 5 July 2017.

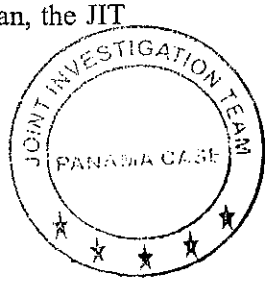
**Wajid Zia, (PSP)**
**Head of the JIT**

## Legal Position on Response of Mr. Al-Thani to Fourth Summon

1. In order to verify and investigate the matters set out in and the contents of the letters date 5-11-2016 and 22-12-2016 of Mr. Thani (collectively the (Thani Letters)) as submitted on behalf of the Respondents No. 7 and 8 before the Hon'ble Court during the proceedings of Constitution Petition No. 29/2016, the JIT sent a letter dated 13-5-2017 to Mr. Thani requesting him "to attend the proceedings of the JIT to verify the contents of" the Thani Letters and to "record" his statement at Islamabad on 24-5-2017. As the JIT had not receive any response from Mr. Thani by 24-5-2017 (and neither did he appear before the JIT on the specified date), the JIT again requested Mr. Thani to attend the proceedings of the JIT and record his statement at Islamabad by its letter dated 24-5-2017.

2. Subsequently, on 1-6-2017 (i.e. after the date Mr. Thani was required to appear before the JIT as per its first letter to him) the JIT received a letter which was dated 24-5-2017 in which he stated that he confirms and verifies that the Thani Letters were "signed by me and I am pleased to reconfirm the contents thereof". Mr. Thani then went on to state in the same reply that "in light of the above confirmation, there is no requirement for my attendance in the proceedings of the JIT". In view of this obviously unsatisfactory response, the JIT through its letter dated 24-5-2017 again requested Mr. Thani to appear before the JIT at Islamabad and record his statement on 1-6-2017. Mr. Thani failed to appear before the JIT on the 1-6-2017 also.

3. Thereafter, on 19-6-2017 the JIT received a letter from Mr. Thani which was dated 11-6-2017 in which Mr. Thani stated that he has "already verified" the contents of the Thani Letters by way of his letter dated 13-5-2017 and that "unfortunately it is not possible for" him appear before the JIT due to "unavoidable circumstances". He went on to state that if the JIT "still" insists to "meet" him in person, it may visit him in Doha "at a mutually agreeable date" provided that he is provided "in advance with a questionnaire".



4. The JIT wrote to Mr. Thani again on 22-6-2017 in which it agreed to record his statement at Doha on 29-6-2017 or 30-6-2017 being "the only time slot available" to the JIT. In the same letter it was also conveyed that the "investigation session at Doha would be governed" by the following: (i) the investigation proceedings will be held at the Pakistan

JOINT INVESTIGATION TEAM PANAMA CASE

Embassy, Doha, Qatar; (ii) no questionnaire will be provided in advance; (iii) the medium of investigation will be English; (iv) the proceedings would be recorded for accuracy of transcript; (v) no person shall accompany or assist the witness during the investigation; and that (vi) the investigation session is expected to last for several hours. Mr. Thani's confirmation was then sought through email by no later than 26-6-2017 for one of the abovementioned dates so timely travel arrangement could be made by the JIT accordingly.

5. Again, after the only dates on which the JIT could have visited Doha for recording the statement of Mr. Thani (as conveyed to him) had passed, the JIT on 3-7-2017 received a letter which was dated 26-6-2017 from Mr. Thani. In this letter, for the first time, Mr. Thani took the position that in order to enable him to confirm the "meeting date and venue" so as to "allow" the JIT to verify in person the contents of both of his letters "submitted to the JIT", he first wished to "obtain an acknowledgment" from the JIT that he is "not subject to the jurisdiction and laws of Pakistan" and a further "confirmation" that he is "not subject to any investigation or required to appear before any court of law or tribunal for any purpose whatsoever".

6. The JIT responded to Mr. Thani's letter dated 26-6-2017 on 4-7-2017 i.e. within one day of its receipt, through which he was informed that: (a) his failure to timely respond to the earlier requests of the JIT through email has resulted in unnecessary loss of the very limited time granted to the JIT by the Hon'ble Court; and (b) the JIT was unable to furnish the "acknowledgment" sought by him as by acquiescing to the submission by the Respondents No. 7 and No. 8 of the Thani Letters to the Hon'ble Court and by stating therein that these were intended for "use" and "disclosure" to and for the "benefit of the courts and regulators of the Islamic Republic of Pakistan", he had unequivocally and irrevocably, submitted to the jurisdiction of the Hon'ble Court and, concomitantly, of the JIT and relevant laws of Pakistan. Similarly, it was conveyed that the JIT was not legally competent nor had the jurisdiction to provide such an all encompassing "conversation" asked for by Mr. Thani. Finally, it was also conveyed that in his last letter he had limited his "offer" to meet the JIT simply to "in order to verify in person the contents of" both his "letters submitted to the JIT" whereas the JIT was seeking to record his statement with respect to and verify the contents of the Thani Letters. Mr. Thani was again asked to confirm his position in view of the foregoing by return email fax or email on 4-7-2017, failing which, in view of the impending terminal date for submission of its final report to the Honourable Supreme Court of Pakistan, the JIT

would proceed without any further notice to him and shall report accordingly to the Honourable Supreme Court of Pakistan. Mr. Thani again failed to respond as requested by 4-7-2017.

7. Instead, virtually at the eleventh hour, on the morning of 7-7-2017 the JIT received a letter dated 6-7-2017 from Mr. Thani in which Mr. Thani emphatically conveyed that "I do not recognise, and am not subject to, jurisdiction of Pakistani laws and Pakistani courts in any manner whatsoever". He also denied that by having allowed the filing of the Thani Letters before the Hon'ble Court he had submitted to the jurisdiction of the "Pakistani laws and courts". He then went on to state, significantly, without confirming or agreeing to the proposed process and terms for the recording of his statement as set out in the JIT's letter of 22-6-2017, that he was willing to meet with the JIT and asked for a date for such meeting.

8. The comments and conclusions of the JIT on the above chronology of events, the conduct of Mr. Thani and need to record his statement in respect of the contents of the Thani Letters is are under:

a. Mr. Thani, since inception, has adopted an evasive and evidently disingenuous stance with respect to his willingness to cooperate and enable recording of his statement and production of supporting record *vis-à-vis* the contents of the Thani Letters. In the opinion of the JIT, he has deliberately delayed each and every response (by failing to correspond through fax and email) resulting in the passage of the limited time available with the JIT. His last letter was received, literally, less than 72 hours before the final report of the JIT was due, of which he was well aware. In this context, it is also relevant to underscore that the first request to Mr. Thani was sent on 13-5-2017.

b. Besides employing dilatory tactics, as noted above, Mr. Thani has also categorically refused to recognise or be subject to the "jurisdiction of Pakistani laws and Pakistani courts in any manner whatsoever".

c. Mr. Thani has to-date also failed to formally confirm his acceptance of the proposed process and terms for the recording of his statement as set out in the JIT's letter of 22-6-2017, which were considered to be essential to enable the JIT

to have an meaningful and useful investigative session with Mr. Thani; so as it enable the JIT to objectively and comprehensively interview and record the statement of Mr. Thani keeping in view the question framed by the Hon'ble Court in respect of the Thani Letters for investigation by the JIT.

d. Mr. Thani was made aware on 22-6-2017 that the only available slot in the tight schedule of the JIT to visit Doha was 29-6-2017 or 30-6-2017 but he waited, the JIT believes intentionally, until well after that date had passed before sending his letter dated 26-6-2017 (which reached the JIT on 3-7-2017) in which, for the first time, he raised a number of conditions, compliance with which was beyond the powers and remit of the JIT and which even otherwise were in conflict with and inimical to the proposed process and terms for the recording of his statement as set out in the JIT's letter of 22-6-2017. It is underscored that Mr Thani has failed to confirm acceptance of the said proposed terms for his interview at Doha.

e. Significantly, Mr. Thani has never indicated that he has or will be providing any documentation to substantiate the contents of the Thani Letters. Instead, as is evident from the correspondence with him summarised above, he has simply "offered" to verify in person that he did sign the said letters and that he stands by their content but without any further elaboration at all. Indeed, his opening and unilateral position was that, since he had reaffirm the fact that he signed the Thani Letters and confirmed its contents (by a bare statement to that effect in his letter dated 24-5-2017), "there was no requirement for" his "attendance in the proceedings of the JIT". Thereafter, in his second letter (dated 11-6-2017) he refused to visit Pakistan and asked for a questionnaire with the JIT's queries in advance of his interview at Doha. In his third letter, he introduced a new element for the first time being his express refusal to recognise, accept or submit to the courts and laws of Pakistan. This position, as repeated more emphatically in his last letter, received by the JIT on 7-7-2017. By this date he JIT was heavily preoccupied in drafting, compiling and completing its final report for the Hon'ble Court, which it may kindly be appreciated was a time consuming and intensive exercise requiring the presence of all of the members of the JIT at Islamabad working into very late hours each day before the deadline of 10-7-2017. Mr. Thani was well aware of the time constraints and narrow window of availability of the

JIT to visit Doha. Acting disingenuously, Mr. Thani has deliberately delayed matters and raised objections in a manner so as to effectively preclude the JIT from making a timely visit to Doha to interview Mr. Thani at the Pakistan Embassy as per the proposed terms.

f. Whilst ostensibly continuing to offer a "meeting" at Doha, Mr. Thani has also narrowed down the scope of his interview in his penultimate letter (of 26-6-2017) by only offering to meat the JIT to verify the contents of his two earlier letters to the JIT. This is materially different from the request made by the JIT which was to conduct an investigative session with Mr. Thani with regard to the matters set out in the Thani Letters. Although this was expressly underscored by the JIT and a a clarification was specifically sought thereon by it on 4-7-2017 from Mr. Thani, any discussion or reference to this issue is conspicuous by its absence in the last letter received from him by the JIT.

g. Accordingly, based on the chronology of events, contents of the correspondence with Mr. Thani and his above noted conduct, it is the considered view of the JIT that, although it was even otherwise completely impracticable to viably organise a visit to Doha after receipt of the last letter from Mr. Thani on 7-7-2017, in the absence of agreement of the latter to the JIT's proposed terms of the interview at the Pakistan Embassy, Doha and his limited offer simply to confirm in person the contents of his two letters to the JIT (as opposed to the Thani Letters), any visit literally at the eleventh hour to Doha would have been meaningless and unlikely to achieve the objects for which the interview was required by the JIT. The legal status and utility of interviewing an individual in such circumstances, who had prior thereto, categorically refused to recognise, accept or submit to the courts and laws of Pakistan or "to appear before any court or tribunal for any purpose whatsoever", in the JIT's humble assessment also seemed inappropriate and, potentially, an exercise in futility keeping in view the underlying objective for which the JIT intended and needed to record the statement of Mr. Thani.

h. Notwithstanding the foregoing, it is further submitted that the foundational basis for the need to interview and record the statement of Mr. Thani arose because its is the stance and, indeed principal explanation, of the Respondent No. 1, 6, 7 and

8 (which, in turn is sought to be affirmed by Mr. Thani through the Thani Letters) is that in 1980, the consideration of AED 12 million from the sale of 25% shares of Gulf Steel Mills (GSM) was entrusted to the Al-Thani family of Doha, Qatar to invest in the real estate business of the Al-Thani family. However, as reported elsewhere in the final report of the JIT, the concerned authorities of the Government of Dubai, UAE have confirmed in response to a formal International Mutual Legal Assistance Request . In view of this categorical confirmation, in the humble view of the JIT, the entire credibility, standing, probative value and intended effect of the contrary version set out in the Thani Letters stands undermined, negated and belied. In other words, the entire superstructure (being the contents of the Thani Letters) is built upon the premise that AED 12 million being the sale proceeds from the sale of the remaining 25% interest in GSM were invested with the family of Mr. Thani. This superstructure stands demolished by the aforementioned reply of the Government of Dubai, UAE. Hence, subject to the above earlier comments of the JIT, even otherwise in these particular circumstances no material prejudice appears to have been caused to the investigation by the the non-recording of the statement of Mr. Thani, in spite of good faith efforts and endeavours by the JIT to do so within the limited time available with it.

*IR (VI)/PC/10/7/2017*

**ISLAMABAD**

**(Answers to Questions Raised by Honourable Supreme Court of Pakistan in its Order dated 5 May 2017 in case of C.M.A No. 2939 of 2017 in Constitution Petition No. 29 of 2016 etc)**

## HILL METAL ESTABLISHMENT (HME)

The Honourable Bench has directed the JIT to probe following two (2) questions related to Hill Metal Establishment (HME):-

i) How did Hill Metal Establishment (HME) come into existence? Where did its working capital come for?

ii) Where do the huge sums running into millions gifted by Respondent No. 7 to Respondent No. 1 drop in from?

### Background of the question

1. This Report deals with the subject of Hills Metals Establishment which was introduced into the Panama Case proceedings at a later stage when the issue of hundreds of millions of rupee gifts from Respondent No. 7 to Respondent No. 1 were being discussed. It was claimed that this was a successful concern and is generating huge amount of profits out of which he sends certain sums to Respondent No. 1 by way of gifts.

2. Being very pertinent, Para 79 from the separate declaration of Justice Ejaz Afzal Khan in the CP 29 of 2016 is quoted here:

> "*....The record is completely silent on the question how and when Hill Metals Establishment was set up by Respondent No.7, who are its shareholders, what was the source of funds which were used to set up this business and why such huge amounts of money are being circulated through the said company. It has also not been explained whether or not Respondent No.1 who is the recipient of these funds has any direct, indirect, overt or covert nexus or connection with the said company. In today's world of offshore companies, dummy directors and elaborate devices to hide and camouflage financial transactions, as has been seen in this case, direct evidence is seldom found. However, there are telltale signs that may point towards*

JOINT INVESTIGATION TEAM
PANAMA CASE

*the possibility of legal, beneficial or equitable interests in financial resources or assets.*

*Receipt and use of financial benefits is one such sign. Therefore, owing to admitted receipt of sums in excess of Rs.840 Million between 2011 to 2015 by Respondent No.1 from Respondent No.7, the possibility of a beneficial interest of Respondent No.1 in assets ostensibly held in the name of Respondent No.7 cannot be ruled out. As a corollary, if it is found that there is any such interest of Respondent No.1 in Hill Metals Establishment, his failure to declare the same in the Nomination Papers and Tax Returns could attract the provisions of Articles 62 and 63 of the Constitution for disqualification of Respondent No.1*" (Pg 526 to 528 Justice Ijaz Ul Hasan).

3. Relevant Para from Court Judgment into the matter is reproduced below, highlighting questions relating to HME:

*"By a majority of 3 to 2 (Asif Saeed Khan Khosa and Gulzar Ahmed, JJ) dissenting, who have given separate declarations and directions, we hold that the questions how did Gulf Steel Mill come into being; what led to its sale; what happened to its liabilities; where did its sale proceeds end up; how did they reach Jeddah, Qatar and the U.K.; whether respondents No. 7 and 8 in view of their tender ages had the means in the early nineties to possess and purchase the flats; whether sudden appearance of the letters of Hamad Bin Jassim Bin Jaber Al-Thani is a myth or a reality; how bearer shares crystallized into the flats; who, in fact, is the real and beneficial owner of M/s Nielsen Enterprises Limited and Nescoll Limited,* ***how did Hill Metal Establishment come into existence; where did the money for*** *Flagship Investment Limited and other* ***companies set up****/taken over by respondent No. 8 come from, and* ***where did the Working Capital for such companies come from and where do the huge sums running into millions gifted by respondent No. 7 to respondent No. 1 drop in from****, which go to the heart of the matter and need to be answered."*

4. The first two questions are interlinked. The third question is also related, being linked to the claimed income of HME. The first two questions are, therefore, reported upon cumulatively and below after which the third question is addressed.

5. **Recording of Statements.** With regard to HME, JIT recorded the statements of following:-

a. Respondent No 1
b. Respondent No 7
c. Respondent No 8
d. Mr Rehman Malik
e. Mr Shahbaz Sharif

6. **Request for Mutual Legal Assistance (MLA) to Government of KSA** The JIT requested the government of KSA on 31 May 2005 to provide documents regarding ASCL and HME.

7. **Documents produced / acquired by JIT**

a. **Respondent No 7**. In his appearance before the JIT on 3 June, he produced the following additional documents, not filed with the Honorable Supreme Court of Pakistan, for the first time:

(1) Brief Answer to the Question How did Hill Metal Establishment come into existence? Where did the working capital come from? (***Annexure A***)
(2) Copy of the Agreement dated March 20, 2005 between ASCO and Al-Tuwarqi. (***Annexure B***)

b. **Sourced Documents.** The expression "sourced document" whenever employed in this Section refers to documents which have been obtained by the JIT as part of its investigations through employing the services of a consultant law firm (Guernica International Justice Chambers) engaged for the purpose. The terms on and process through which a document referred to as a "sourced document" was obtained by the said law firm is set out in a letter dated 30-6-2017 which is appended herewith as ***Annexure I***. The JIT respectfully refers the Honourable Supreme Court to the said letter so as to take note of the source and status of the "sourced document". In this context, it may be noted that law firm has confirmed to the JIT that documents have been obtained from a number of open and confidential sources and that the documents are copies of originals and their contents have been properly and extensively verified. In its analysis the JIT treats these documents as being of authentic whilst acknowledging that their direct and formal admissibility and evidentiary value would be subject to applicable law and the further process mentioned in the said letter.

8. **Stance of the Respondents No. 7 and No. 8 before the Honourable Supreme Court in CP 29/2016 in relation to HME and remittances to Respondent No. 1 through HME or Respondent No. 7**

a. In the pleadings of the Respondent No. 7 and No. 8 before the Honourable Supreme Court, HME is averred to briefly through Paragraph 15 of CMA No. 432 of 2017 in the following terms:

*"In 2006 the Respondent No. 7 set up a new steel manufacturing business in Jeddah, Saudi Arabia by utilizing the sale proceeds of the Azizia Steel Company Limited. The annual cash flow and retained earnings from this business have enabled the Respondent No. 7 to send remittances to his father in Pakistan. Reference may kindly be made to an auditor's certificate placed herewith as* ***Annexure*** *- Q. The purpose of these remittances has been to free his father from any financial constraints, given his full time involvement in politics. It has been in the knowledge of the Respondent No. 7 that his father has used the gift remittances sent by Respondent No. 7 to equitably strengthen the financial position of his sister, Respondent No.6."*

b. The only document produced before the Honourable Supreme Court of Pakistan (Honourable Court) in support of the above statement by the Respondent No. 7 and 8 with regard to the source of funding for establishing HME was Annexure F to

JOINT INVESTIGATION TEAM PANAMA CASE

CMA No. 432 of 2017, being a photocopy of a Sale and Purchase Agreement dated 20-3-2005 (SPA) between Al Aziza Steel Company Limited (ASCL) and Al-Ittefaq Steel Products Company Limited (Purchaser)[1] ***(Annexure B)***.

c. In considering the question of establishment of HME it is pertinent to note the context that setting up HME was a project to set up a steel mill which, by its nature, required very substantial initial capital expenditure accompanied by construction and commissioning of a moderately large and complex industrial facility. Such a project is both expensive and time consuming besides requiring specific skills and expertise. The initial stages of setting up HME included without limitation the acquisition of land for the steel mill and labour colony, procurement, erection and commissioning of the plant and machinery followed by commercial operations.

9. **Documents produced by Respondent No. 7 before the JIT with respect to HME**

a. At the time of his appearance for recording his statement before the JIT, Respondent No. 7 produced the following documents:

(1) A brief typed and unsigned response to the above mentioned three queries of the Honourable Court ***(Annexure A)***. This response to the extent that it relates to to the first two queries is reproduced below:

*"1. Hill Metals Establishment (HME) came into existence from funding from the following sources:*
*(a) Sponsor funding (HNS).*
*(b) Short term funding from friends and business associates.*
*(c) Saudi Industrial Development Fund (SIDF), a KSA Government Development Financial Institution in Saudi Arabia.*
*(d) National Commercial Bank, Saudi Arabia, the largest commercial bank in the region.*
*(e) Other commercial banks in Saudi Arabia.*

*2. The funds provided by the Sponsor were sourced from sale proceeds of Al-Aziza Steel Company Limited (ASCO). ASCO was sold in 2005 by way of Agreement of 20th March 2005 between ASCO and the Al-Twarqi Group of Companies, KSA. (Agreement **Annexure**ed)*

*3. The total amount of Sale proceeds were SR 63.100 million equivalent to USD 16.827 million. Pay orders in favor of ASCO are listed below and attached as **Annexure**ed.*

| *Saudi Hollandi Bank* | | |
|---|---|---|
| *Pay order no.* | *Date* | *Amount (SR) Million* |
| *000018629* | *14.3.2005* | *21.235* |

[1] The terms and conditions of the SPA and the transaction contemplated therein are relevant to the explanation(s) and statements of the Respondent No. 7 with respect to the source of funds employed to set up HME and will be examined at some length below to consider the veracity of the explanation provided in the first sentence of Paragraph 15 of CMA No. 432 of 2017.

10. **Statement of Respondent No. 7 before the JIT with respect to HME**

a. The summary of statements and replies of the Respondent No. 7 being in addition to the abovementioned documents and as recorded by the JIT for the Honourable Court are appended herewith as ***Annexure DD***.

b. A summary of the substance of the key statements made and replies given by him before the JIT, germane to the first two queries under consideration is given below:

(1) That the sole source of the "sponsor funding" portion of the funds utilized for setting up and establishing HME[2] was the sale proceeds of the assets and properties of ASCL covered by the SPA, which assets and properties were handed over to the Purchaser in March 2005.

(2) That the entire net sale proceeds were received by the Respondent No. 7 for his sole benefit and the amount was SAR 63.100 million.

[2] As also stated in paragraph 1a of the unsigned document at **Annex A**.

(3) The decision to sell ASCL was his grand father's and neither he nor other family members (who he later admitted had an interest and share in HME) were keen on its sale.

(4) That he conceived of the idea and embarked upon the project for setting up of HME as a steel mill after the sale of ASCL.

(5) That the land acquired for and on which the facilities of ASCL were erected and set up was barren agricultural land converted or permitted especially as a concession by the Kingdom of Saudi Arabia to be employed for industrial use which was purchased at a relatively low price by the Respondent No. 7.

c. It will be noted that, except for a few elaborations and deviations (and subject to some material contradictions that came in replies to questions from the JIT) the statements of the Respondent No. 7 broadly follow the content and contours of the information given and position set out in the unsigned document submitted by him before the JIT (i.e. the document appended herewith as ***Annexure A).***

11. **Statements of Respondents No. 1 and 8 in relation to source of funding of HME and any direct or indirect funding of HME.** In the context of the queries under examination it is pertinent to mention that the JIT also questioned the Respondents No. 1 and 8 in relation to HME[3]. The said Respondents denied having, directly or indirectly, provided any funding to HME whether for its establishment or for working capital requirements.

12. **Analysis by the JIT** With regard to the claimed source of funding for establishment, commissioning and operations of HME as a steel mill, the JIT's analysis, comments and findings are under:

a. **Establishment of ASCL**

(1) **Setting up of Azizia Steel Mills Limited**

(a) Mr. Hussain Nawaz Sharif failed to produce important documents such as the Memorandum and Articles of Association, documents of loans from the banks, the financial statements, etc., which are essential to ascertain the sources that were used to set up this factory

[3] There was, however, a significant admission with respect to the ownership interest of the other two brothers of the Respondent No. 1 by three separate individuals including the Respondent No. 7 which is also discussed in the analysis below.

JOINT INVESTIGATION TEAM
PANAMA CASE

in 2001. He, however, while explaining the availability of funds for setting up of the Azizia steel factory provided the following approximate figures of 2001 without any documentary support.

| Year | Expense detail | Amount | Remarks |
|---|---|---|---|
| 2001 | Purchase of land | A few hundred thousand dollars | Despite repeated questions, did not give even an approximate figure |
| 2001 | Cost of machinery | USD 0.65 Million | Purchased from Al Ahli |
| 2001 | Paid up capital | USD 5.3 Million | Eq to 20 Million riyals at 3.75 SAR eq to 1 USD ( historical rate in 2001) |
| 2001 | Construction /infrastructure | USD 0.05 Million | Under construction |
| | Total expenditure in 2001 | Over USD 6.00 Million plus a few hundred thousand Dollars as cost of land | |

(b) Mr. Hussain Nawaz Sharif claimed that most of the initial funding for this project was made available by Mr. Al-Thani. The amounts provided by Mr. Al-Thani for 2001 and the loans that he mentioned from his unnamed friend are as below:

| Year | Source of loan | Amount | Remarks |
|---|---|---|---|
| 2001 | Qatari adjustment 1 | USD 0.65 Million | No documentation provided, no names provided |
| 2001 | Loan from unnamed Saudi friend | USD 0.8 Million max | |
| Total | | USD 1.45 Million | |

(c) While there is no documentary/circumstantial evidence to substantiate the provision of funds by Mr. Al-Thani and the Saudi friend in 2001, even the loan amount calculated, hypothetically, still falls short of the amount spent in the year 2001 by USD 4.55 million. If the unspecified amount of hundreds of thousands dollars for cost of land is included then this gap would further increase.

JOINT INVESTIGATION TEAM
PANAMA CASE

(2) **Transportation of Machinery to Jeddah.** The claim that the machinery for ASCL was brought from Dubai does not hold good as according to his statement the machinery from Dubai was loaded on 50-60 trucks. However when the letter of credit was submitted by Hussain Nawaz in the same amount of money was for two truck load of machinery which proves that either ASCL was never established or it was established by money other than the one claimed. The story of setting up ASCL from scrapped machinery is false. This conclusion is proved by the response of UAE government to MLA forwarded by JIT requesting for confirmation of this transportation. The UAE government has categorically denied any such transportation. Document attached with volume iii (Gulf steel mill) of JITs report.

b. **Ownership of ASCL.** Although it has been claimed that the sole source of the "sponsor funding" portion of the funds utilized for setting up and establishing HME (or for "bringing it into existence") was the sale proceeds of ASCL, the following factors seriously contradict and materially undermine this stance and claimed version:

(1) The foundational basis for this claim is the SPA and the terms and conditions thereof relating to the sale and purchase of the assets and properties of the ASCL along with copies of three cheques referenced above. On this basis, it is claimed that, as a result of the transaction contemplated in the SPA, a net amount of SAR 63.10 million was received by Respondent No. 7 for his sole benefit, whose proceeds he invested as the "sponsor funding" portion of the funds required to set up HME as an operational steel mill.

(2) However, during the recording of statements of Respondents No. 1, 7, 8 and Mr. Shahbaz Sharif an admission was made by each of the said individuals to the effect that Respondent No. 7 was not the sole and exclusive owner of the entire interest and share in ASCL. Instead, to the extent of two-thirds of the total share and interest in HME, he was holding the same effectively as a benami (or only ostensible owner) for and on behalf of the brother of the Respondent No. 1, Mr. Abbas Sahrif and Ms. Rabia Sharif, the daughter of

JOINT INVESTIGATION TEAM
PANAMA CASE

the other brother of the Respondent No. 1 who were the real beneficial owners of all interest and share in ASCL to the extent of one-third each.

(3) This admission suggests and indicates that, in reality and in substance, Respondent No. 1 and his two brothers all had an equal share in ASCL which was held on their behalf through their respective children in the case of Respondent No. 1 and Mr. Shahbaz Sharif. In view of this admission the Respondent No. 7 was also queried by the JIT as to how could claim and justify being solely entitled to the entire claimed sale proceeds of ASCL since the sale proceeds would also have been liable to have been shared pro rata according to the respective agreed shares of the other two family members, to which his reply was that he was authorized to do so under a power of attorney document. However, in spite of a request for the same by the JIT, no such document to substantiate this statement was produced before the JIT.

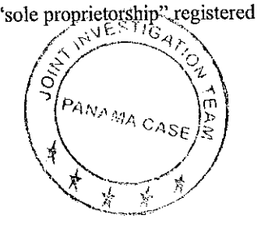
(4) Unless there is an express waiver by the other two admitted beneficial owners of ASCL, the consequence of this admission is that, at most, Respondent No. 7 would have been entitled to only one-third of the net proceeds from the sale of ASCL. This, if the net proceeds are accepted to be SAR 63.10 million, would amount to SAR 21 million. If the net proceeds are taken to be SAR 42.470 million, the one-third share of Respondent No. 7 would amount to SAR 14.160 million. In either case, the net amount available to the Respondent No. 7 for funding the "sponsor funding" portion of the monies utilized to set up and establish HME as a steel mill reduces significantly and results in a material contradiction in the claim of the Respondent No. 7 with regard to the source of fund for setting up of HME. This also then gives rise to the question whether this potion was funded through other undisclosed sources and by the other undisclosed persons.

(5) Notwithstanding the abovementioned factors and their consequences on the credibility of the related claims and statement of the relevant Respondents, according to the investigation of the JIT and the sourced documents[4]

[4] The expression "sourced document" whenever employed in this Section refers to documents which have been obtained by the JIT as part of its investigations through employing the services of a consultant law firm (Guernica

JOINT INVESTIGATION TEAM PANAMA CASE

obtained by the JIT, it appears that the total net proceeds from the sale of ASCL paid by the Purchaser under the SPA was SAR 42.470 million rather than SAR 63.10 million. Whilst the Respondent No. 7 has maintained before the Honourable Court and the JIT that he received SAR 63.10 million through the three cheques mentioned in the unsigned document at ***Annexure A***, the investigation of the JIT and the sourced documents obtained by it shows that the Respondent No. 7 has concealed the existence and knowledge by him of three further agreements and instruments in relation to the sale and transfer of the assets of ASCL pursuant to the SPA to the Purchase.



(6) These documents conclusively establish that the net proceeds actually received by the Respondent No. 7 were only SAR 42.470 million. The first of these documents is an Amending Agreement dated 6-6-2005 amending the terms of the SPA which bears the signatures of the Respondent No. 7 on behalf of ASCL (the Seller[5] under the SPA), which is at ***Annexure R***. The second document is a Mandate to Act as an Attorney in Fact also dated 6-6-2005 (Attorney Mandate) which too bears the signatures of the Respondent No. 7 on behalf of ASCL), which is at ***Annexure R-1***. The third instrument is a Mandate to Act as Escrow Agent (Escrow Mandate) also signed on 6-June-2005 by the Respondent No. 7 on behalf of ASCL which is at ***Annexure R-2***.

(7) Upon a cumulative reading of the Preamble and Clauses 3 and 4 of the Amending Agreement, it is evident that, subsequent to the execution of the SPA, the Respondent No. 7 (qua Seller) agreed with the Purchaser that the two parties shall jointly instruct the Escrow Agent holding the two cheques

International Justice Chambers) engaged for the purpose. The terms on and process through which a document referred to as a "sourced document" was obtained by the said law firm is set out in a letter dated 30-6-2017 which is appended herewith as Annex I. The JIT respectfully refers the Hon'ble Court to the said letter so as to take note of the source and status of the a "sourced document". In this context, it maybe noted that law firm has confirmed to the JIT that documents have been obtained from a number of open and confidential sources and that the documents are copies of originals and their contents have been properly and extensively verified. In its analysis the JIT treats these documents as being of authentic whilst acknowledging that their direct and formal admissibility and evidentiary value would be subject to applicable law and the further process mentioned in the said letter at Annex I.

[5] The expression Seller is defined to mean ASCL rather than Respondent No.7 as essentially an 'asset sale" took place under the SPA, although ASCL is described in SIDF documents as a "sole proprietorship" registered under the laws of KSA.

both dated 14-3-2005 and bearing No. 18629 for SAR 21,235,000 and No. 18630 also for SAR 21,235,000 to the Respondent No. 7. However, significantly, with regard to the third cheque bearing No. 18717 for SAR 20,630,000 dated 20-3-2005, Clause 3 of the Amending Agreement specifically provides that the same shall be released to the Seller and, in exchange, simultaneously the Seller will make available to the Purchaser a certified cheque of equivalent value of SAR 20,630,000. Moreover, the Escrow Mandate confirms that the Escrow Agent did indeed release all of the cheques under and in accordance therewith. The Amending Agreement (in Clause 2) and the Attorney Mandate confirm that risk and title in the assets and properties of ASCL covered by the SPA stood vested in the Purchaser on 6-6-2005.

(8) These source documents, if accepted, completely negate and contradict the stance of the Respondent No. 7 with respect to the net amount received by him from the sale of ASCL and, hence, also the claimed amount of funds that were available for investing in the establishment of HME as the "sponsor funding". These three documents also contradict the statement of the Respondent No. 7 before the JIT to the effect that the assets and properties of ASCL covered by the SPA were handed over to the Purchaser in March 2005. Moreover, these three documents prove as incorrect and misleading the statement of the Respondent No. 7 before the JIT to the effect that, except for the SPA produced by him, there was no other documents relating to the sale of ASCL, besides the fact that the Respondent No. 7 with a view to overstating the net proceeds received from the sale of the assets and properties of ASCL covered by the SPA, deliberately concealed the existence of the Amending Agreement, the Attorney Mandate and the Escrow Mandate even though all three of which bear his signature.

(9) In this context, it is also pertinent that the Respondent No. 7 was unable to produce before the JIT the relevant books of account and bank account statements showing the actual amounts credited in his favour or as received by him on account of the sale proceeds actually paid by the Purchaser to the Seller under the SPA. Additionally, it is relevant to underscore that the copy

of the SPA provided to the JIT was neither the original nor a complete copy thereof in as much as Schedule 5 (referred to in Clause 1.1 of the SPA and which sets out details of the "Assets" to be sold and transferred under the SPA) and Schedule 7 (referred to in Clause 15.1 of the SPA and which sets out definitions employed in the SPA) - which are obviously integral and important parts of the SPA - have been withheld and neither produced before the Honourable Court nor the JIT. This raises further suspicions and undermines the credibility of the version and statements of the Respondent No. 7 vis-à-vis the SPA, its terms and implementation of the transaction and manner and mode of settlement of payments contemplated therein.

c. Although it has been claimed that the source of the "debt" or "borrowed" portion of the funds utilized for setting up and establishing HME (or "brining it into existence") was: (a) short term funding from friends and business associates; (b) SIDF, NCB and other commercial banks in KSA, the following factors appear to seriously contradict and materially undermine this claim:

(1) No documentary proof to substantiate or quantify the "short term funding from friends and business associates" claimed to have been obtained and utilized in "bringing it into existence" or setting up and commission of HME was ever produced before the JIT. No such document was produced before the Honourable Court during the hearing of CP 29/16 either. Hence, to this extent, the claim remains a bare and unsubstantiated statement of the Respondent No. 7. However, some further sourced documents throw light on this aspect which is discussed further below.

(2) **SIDF Loan.** As regards reliance on utilization of funds received under loans from SIDF for establishing and setting up of HME, the Respondent No. 7 has produced before the JIT following :-

(a) A Loan Agreement No. 2131 dated 3-1-2010 ***(Annexure D)*** which contemplates provision of a loan by SIDF of up to SR 90,000,000 to "Hussain Mohammad Nawaz Sharif Hill Metal Industry for Metal Establishment" a sole proprietorship establishment and organized under the laws of KSA and registered on 18-6-2005; and

(b) A further Loan Agreement ***(Annexure E)*** dated 2-7-2012 under which SIDF has agreed to lend a further sum of SAR 59,400,000 to "Hussain Mohammad Nawaz Sharif Hill Metal Industry for Metal Establishment", thereby makes the total loan amount of SAR 149,400,000.

(c) Whilst there is no further documentary proof provided by the Respondent No. 7 of actual disbursement and utilization of the loans contemplated in these two documents, in Paragraph 15 of CMA 432, the Respondents No. 7 and 8 submitted that HME was set up "in 2006" as a "new steel mill", the preamble of both of the SIDF Loan Agreement state that HME was registered with the Commercial Registration of Jeddah on 16 Feb 2005.

(d) In any event, whether the "new steel mill" was set up in 2005 or 2006, either way, since the SIDF loans did not become available to Respondent No. 7 and HME until at least some time in 2010 (as regards the first loan of SAR 90,0000,000) and until after July 2012 (as regards the second loan of SAR 59,400,000), this statement and claim is contradicted and negated by the documents produced by the Respondent No. 7 himself before the JIT.

(e) It is also pertinent to mention that the signed originals of neither of the two SIDF Loan Agreement referred to above was submitted to the JIT. The documents provided were mere uncertified photocopies under cover of the unsigned document.

(3) **Al Rajhi Bank**

(a) As regards the source of "working capital" funding for HME, the Respondent No. 7 has claimed through the unsigned document at ***(Annexure A)*** that HME had, amongst others, access to a facility of SAR 35 million from Al-Rajhi Bank. However, during the course of investigation JIT discovered that the said loan was sanctioned in

2008 ***(Annexure H)*** and according to a source document ***(Annexure T)*** (being a copy of a signed letter from Al-Rajhi Bank) addressed to HME, this facility was canceled on or around 27-10-2009 and the security therefore being charged on: (i) factory land # 9709 in Jeddah; and (ii) residential villa in Al Hamra District was released. Hence, the impression being given of availability of working capital through above mentioned loan is selective narration to generate a false perception.

(b) Accordingly, at least to this extent a false or misleading impression has been sought to be created by the Respondent No. 7 with regard to the available sources of "working capital" for a project such as an operational steel mill, which requires large amounts of working capital to sustain itself

(4) **Non Provision of Audited Financial Statements of HME**

(a) A credible and useful source of authentic evidence regarding the source and quantum of equity and debt actually employed to set up, establish and operate HME is the audited financial statements of HME. These would also be relevant in verifying the contents of the response and replies of the Respondent No. 7 including the contents of and position depicted through the unsigned statement at ***Annexure A***.

(b) The audited financial statements would also shed light on the quantum source of initial funds and actual debt and equity portions and the actual project cost and allied matters. It is undeniable that the audited financial statements of HME are indeed prepared and exist as these are referred to in the document appended by Respondents No. 7 and No. 8 at Annexure Q to CMA 432/16[6]. The

[6] At page 133 of CMA 432/16. This is a "Statement of Cash Balances and Net Profit After Tax for the Years Ended 31 December 2010 to 31 December 2014" in which the figures have been "traced" from respective "audited financial statement".

SIDF loan agreements also specifically require HME to maintain accounts.

(c) However, in spite of repeated requests by the JIT, the Respondent No. 7 failed and declined to produce certified true copies of the same before the JIT. The JIT draws a negative inference from such failure, which appears intentional with the object of avoiding the complete truth from being discovered by the JIT regarding the source and quantum of funds, assets, liabilities and actual profitability of and dividends declared by HME. The absence of and failure to produce the audited financial statements of HME may also lead to undermining the credibility of the other limited information regarding the source of funds, assets, liabilities and actual profitability of HME furnished by the Respondent No. 7 or No. 8 before the Honourable Court or the JIT.

(d) The audited financial statements would also have revealed the actual and true cost of setting up of HME and then enabled verification of whether the claimed sources of funds were indeed even sufficient to completely fund such setting up and establishment of a steel mill. In this context, based on a source document ***Annexure J***, the acquisition cost of 59, 101 square meters of industrial land in Khumrah District, Jeddah was SAR 11.1 million, another 1, 750 square, meters of land was acquired for the labour colony at a cost of SAR 0.277 million, the cost of just one "shredder" for Jeddah was SAR 10 million. This does not include cost of civil works and cost of other plant, equipment, machinery and vehicles. If all of the costs mentioned in this document are accepted and taken into account, these far exceed the funds claimed to have been available to Respondent No. 7 to set up HME.

d. In addition to the above, during its investigations the JIT has also obtained two further sourced documents which tend to further undermine and contradict the statements and stance of the concerned Respondents *vis-à-vis* the source of funds

employed to set up and operate HME. Each of these documents and its implications *vis-à-vis* the questions of the Honourable Court and the stance of the concerned Respondents is given below.

e. **Hill Metal Establishment: Source of Funds**

(1) Appended as ***Annexure K***, this unsigned document shows that:

(a) During the period 21-9-2009 and 25-11-2008 HME received funds amounting to SAR 59,999,860 million (or US $ 15,999,963 million) in nine separate tranches from one Mr. Saeed Sheikh.

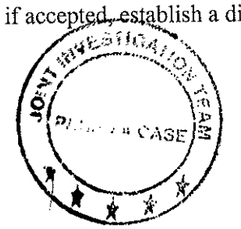
(b) There is reference to a "MD NCB's Account" which during the period 5-10-2009 to 16-3-2010 shows movement of SAR 36,456,741 (or US $ 9, 721, 797) in this account.

(c) A net amount of SAR 38,289,000 (or US $ 10,210,400) received by HME as SIDF Loan disbursements.

(2) With regard to the amount of SAR 59,999,860 million (or US $ 15,999,963 million) stated to have been received from Mr. Saeed Sheikh:

(a) The Respondent No. 7 did not mention this during any of his appearances before the JIT. Mr. Saeed Sheikh according to investigation of the JIT is the maternal uncle of Mr. Javed Kiyani. According to further investigation by the JIT into the matters reported in the "Rehman Malik Report" and statement of Javed Kiyani made before JIT, this same individual was involved in sending substantial amounts in traveler cheques to Mr. Javed Kiyani from outside Pakistan through a personal courier (Mr Phil Berry), which were deposited and converted into United States Dollar Bearer Certificates and liquidated and handed over to Sharif family at Model town. In addition large amounts were deposited in "fake accounts" opened in the names of Salman Zia, Asghar Ali and Mohammad Rizwan. These deposits in "fake accounts" were then employed as collateral to raise loans for the companies of Sharif family.

(b) This is a very substantial amount of funding and its terms are not entirely clear. However, it appears that this "loan" is linked to another source document in (i.e. Guaranty dated 16-9-2009 at (Guaranty) apparently issued by Respondent No. 7 in favour of Colebrook Investments Limited (Colebrook) incorporated and existing under the laws of St. Vincent & the Grenadines. It appears that this "Guaranty" may have been issued by Respondent No. 7 to Colebrook to secure the amount of US $ 15,999,963 advanced to HME possibly by the (unnamed) owner of Colbrook. A related source document connected to the Guaranty is a Convertible Promissory Note also dated 16-9-2009 of US $ 10,000,000, at ***Annexure L***. The "Guaranty" provides option for conversion of loan into equity of HME or equivalent by the owner of Colebrook. The Balance Sheet of HME as of 31-7-2011 (another source document, at ***Annexure M*** shows a 'convertible borrowing' of SAR 60,000,000 which is may well be the same transaction.



f. **MD NCB's Account**

(1) With regard to the "MD NCB's Account" which during the period 5-10-2009 to 16-3-2010 shows movement of SAR 36,456,741 (or US $ 9, 721, 797) in this account, when the Respondent No. 7 was queried about the same, he denied knowledge thereof.

(2) However, according to the JIT's investigation, this apparently refers to Respondent No. 7's personal bank account with NCB which is also used to inject funds (of unknown and undisclosed source) into HME by Respondent No. 7.

g. **Direct Nexus between HME and Respondent No 1**

(1) In the context of the "source of funds" for establishing or operating HME, there are two further source documents which, if accepted, establish a direct

link between Respondent No. 1 personally and funding of HME and its operations.

(2) The first of these documents, at ***Annexure N***, is (an unsigned) copy of instructions dated 20-9-2010 issued by Respondent No. 1 to the "Private Banking" section of Al Raji Bank, Jeddah in terms of which the Respondent No. 1 is instructing "immediate" transfer of an amount of SAR 750,000 from his account No. 462 60801 3344552 to the account of Respondent No. 7 also maintained with Al Raji Bank.

(3) This second related source document, at ***Annexure O***, is (an unsigned) copy of instructions dated 20-9-2010 issued by Respondent No. 7 to Al Raji Bank instructing transfer of SAR 750,000 from the account of Respondent No. 7 to the account of HME maintained with Al Raji Bank.

(4) These two documents, if accepted, establish a direct nexus and link between HME and the Respondent No. 1 in which Respondent No. 7 is being employed as a conduit. This not only undermines and contradicts the statements and stance of the concerned Respondents with respect to the "source of funds" to establish and operate HME but is also relevant in the context of the massive remittances made by HME (or Respondent No. 7) to Respondent No. 1 during the period 2009, which aspect is discussed whilst addressing the third of the three queries being examined and addressed in this Section.

h. **Receipts & Payments Account**

(1) Another source document, at ***Annexure U***, is the "Receipts & Payments Account" of HME for the period 1-7-2009 to 17-8-2010. This document contains a table bearing the heading "Funds Returned" and which, amongst others, contains the following entries:

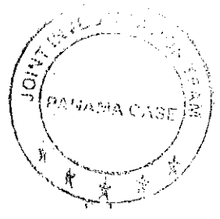
(a) Entry showing payment of SAR 903,834 to Pakistani Consultancy Firm, Sidat Hyder Morshed, Associates for SAP License & Maintenance7.

(b) Entry showing payment of £ 6000 to Flagship Investments Limited with comments "On Director's Current Account".

(c) Entry showing payment SAR 1,912,500 to "Hassan" with comment "Indsys".

(d) Entry showing payment of SAR 1,875,000 to HDS (Owned by Ali Dar son in law of Respondent No 1 and son of Respondent No 10) with comment "Indsys".

(e) Entry showing payment of SAR 560,000 to HDS with comment "Indsys".



(f) Entry showing payment of SAR 3, 752, 300 (or US $ 1,000,613) to CFZ.

(2) These entries, if accepted, belie the statements and claims of the concerned Respondents in respect of not having any nexus with HME as the entries show that HME has borrowed or otherwise received funds which it has repaid (during the period to which the table relates) from the personal account of Respondents No. 7 and 8 besides Flagship Investments Limited (wholly owned by Respondent No. 8) and the amounts during the relatively brief period covered by this document.

(3) Moreover, the reference to "CFZ" in this document showing that an amount of SAR 3, 752, 300 (or US $ 1,000,613) has been returned or repaid to it by HME during 1-7-2009 to 17-8-2010 is also significant. The reference by "CFZ" in the view of the JIT is likely a reference to Capital FZE (Jabel Ali Free Zone entity) owned by Hassan Nawaz Sharif, regarding which the honaourable Justice Ijaz ul Ahsan had raised his concerns and had directed the JIT to collect evidence with regards to its business activities and role in transfer of funds to different entities controlled by Respondent 7 & 8. JIT during its investigation found out that the Chairman of the board of Capital FZE was Mian Nawaz Sharif (Respondent No 1).

---

[7] From the payment of SAR 903,834 for SAP, it appears that HME has one of the sophisticated Financial software SAP even then full details (as well as audited accounts) are not provided.

(4) Copies of the following documents as certified by the Jabel Ali Free Zone Authority which have been obtained by the JIT as part of its investigation are appended herewith:

(a) Employment letter of Nawaz Sharif. ***Annexure X***

(b) Employment Contract of Nawaz Sharif with Capital FZE. ***Annexure Y***

(c) Employment Contract Amendment of Nawaz Sharif with Capital FZE ***Annexure Z***

(5) The above documents of Capital FZE and along with a copy of the resident visa ***Annexure P*** for the United Arab Emirates issued to Respondent No. 1 for the period 2009/20015 and which describes him as the Chairman of the Board of Directors of Capital FZE along with the employment agreements and amendments thereto which show that Respondent No. 1 was paid a salary of AED 10,000 per month by Capital FZE all cumulatively taken (along with the entries in "Receipts & Payments Account" of HME) prove and establish:

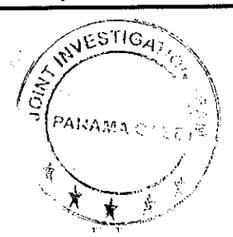
(a) That HME, Capital FZE, Flagship Investments Limited and HDS are linked and associated.

(b) The Respondents No. 1, 7,8 and 10 each are interconnected, they have common business interests which are undisclosed

(c) The Respondent No. 1 has direct, indirect, overt and covert association with and interest in businesses and entities which have not been declared or acknowledged in Pakistan by the Respondent No. 1; and that

(d) Respondent No. 1, Capital FZE and HME are interlinked and have nexus with each other.

(6) All of the foregoing, contradicts the statements of the Respondents No. 1, 7 and 8 in this regard.



13. **Stance of the Respondents No. 1, No. 7 and No. 8 before the Honourable Supreme Court in CP 29/2016 in relation to remittances to Respondent No. 1 through HME or Respondent No. 7**

a. In the pleadings of the Respondent No. 7 and No. 8 before the Honourable Supreme Court, this aspect is also covered, albeit briefly in Paragraph 15 of CMA No. 432 of 2017, which has been reproduced above. The stated purpose of these remittances or "gifts" was to free the Respondent No. 1 from any financial constraints, given his full time involvement in politics. Essentially, the stance taken was that in 2006 the Respondent No. 7 set up HME and that "the annual cash flow and retained earnings from this business have enabled the Respondent No. 7 to send remittances to his father in Pakistan".

b. **Aldar Audit Bureau**. In support of this instead of the complete audited financial statements of HME, a so called "Statement of Cash Balances and Net Profits after Tax of HME for the years 2010-2014" prepared by Aldar Audit Bureau (Abdullah AlBasri & Co.) dated 19-1-2017 (HME Cash and Profit Statement) ***Annexure S***. The HME Cash and Profit Statement is misleadingly referred to in Paragraph 15 of CMA 432/17 as an "auditor's certificate", which in actual fact simply and only "traces" figures in the audited financial statements of HME for the period 2010 to 2014. The HME Cash and Profit Statement (at page 134 of CMA 432/17) only contain the claimed figures for "net profit after tax" and "cash and bank" balances in each year.

c. In the unsigned statement ***Annexure DD*** under cover of which various documents were submitted by the Respondent No. 7 to the JIT, a reply to the above question is also given, the material parts of which are reproduced below:

> "1. Chart showing funds received 2009-16 from Respondent No. 7's (HNS) owned Hill Metal Establishment, KSA by Respondent No. 1 (MNS) is attached. …
>
> 7. The funds transferred by MNS to MS were largely used to purchase landed property for herself by MS and are disclosed in her FBR returns for year to year.
>
> 8. These funds from HNS transferred to MNS did not 'drop in' from anywhere. These funds were transferred by Hills Metals Establishment owned 100% by HNS in KSA.
>
> 9. Hill Metal Establishment is a Steel Mill in KSA which manufactures and sells Reinforced Rebars. The establishment generates sufficient funds as evidenced by Certificates issued by Aldar Audit Bureau - A member firm of Grant Thornton, Chartered Accountants, KSA to be able to transfer valuable foreign currency to Pakistan."

**A brief analysis of the documents provided is depicted in the chart below**

14. **Gifts by Respondent No.7 to Respondent No.1**

a. Starting from year 2010, Respondent No.1 is receiving gifts and remittances from his son Respondent No.7 and his business entity named M/s Hill Metals Establishment (HME) from Saudi Arabia. Up to May 2017, Respondent No.1 received Euro 1.267 million and US$ 10.148 million from Respondent No.7 & HME. The Rupee equivalent of these foreign currency receipts, come to around Rs.1.166 billion. In addition, to these, Respondent No. 7 also made remittances of around Rs.69.228 million to, his sister, Respondent No.6 (Mrs. Mariam Safdar (MS) from HME in 2008 and 2009.

b. As per statement of Respondent No.7 submitted at the Honorable Supreme Court of Pakistan, the amounts were transferred by him to Respondent No.1 as to free his father from any financial constraints, given his full time involvement in politics. However the scrutiny of Respondent No.1, bank records in Pakistan, revealed that more than 70% of the gifts received by Respondent No.1, were in turn gifted to Respondent No.6 as gifts. Moreover a substantial amount of Rs.100 million was given as donation to PML (N) in 2013.

c. Further, hefty amounts almost, 25% of the gifts received from Respondent No.7 were withdrawn in cash by respondent No.1.

d. **Comments.** Major observations related to transactions in the bank accounts of Respondent No.1 and Respondent No.6 are given below:

(1) Around 88% of total net profit earned by M/s HME during 2010 to 2015 was sent to MNS through gifts and remittances indicating his close association or beneficial interest in the company.

(2) A total amount of Rs.1,165 million was sent by Respondent No.7 to Respondent No.1 as gifts and remittances from 2010 till May 2017. Out of this amount, Rs.822.725 million were gifted by Respondent No.1 to Respondent No.6 during the same period ***(Annexure V)***. Apparently Respondent No. 6 used the gifts received to acquire land. The declared land holding of Respondent No.6 increased from zero in 2010 to Rs.804.424 million in 2016 as per her tax returns filed with FBR.

(3) Rs.45 million were transferred from PML(N) account to Respondent No.1 on 10-Jun-2013. Considerations against this payment were not available on record.

(4) The amounts of gifts received by Respondent No.1 significantly increased after 2012-13.

(5) Till the year 2012-13, the gifts received by Respondent No.1 from Respondent No.7 & HME were declare as gifts whereas, the same amounts were termed as remittances after the year 2013-14 in tax returns of Respondent No.1 after he assumed charged as Prime Minister.

(6) Declared gifts were also used to repay the amounts to the person who gifted those amounts i.e. from Respondent No.6 (Rs.24.851M) to Respondent No.1 and from Respondent No.1 (Rs.19.460M) to Respondent No.7.

(7) The detailed pattern of transactions in bank accounts of Respondent No.1 and Respondent No.6 along with declared gifts and position of properties purchased is explained in flow chart at ***(Annexure AA & BB).***

15. **Analysis by JIT.** The analysis and comments of the JIT on the above are as under:

a. Contrary to the averments of the Respondent No. 7 at Para 15 of CMA 432/17, which attributed the "annual cash flows" and "retained earnings" from HME as the source of funds enabling the remittances to Respondent No. 1, the supporting evidence produced (i.e. HME Cash and Profit Statement) is neither the cash flows nor the retained earnings position of HME. Instead, as requested by the Respondent No. 7, the accounting firm has simply "traced" the yearly figures relating to "net profit after tax" and "cash and bank balances" at the respective year ends. In the absence of detailed financial statements disclosing, other vital information on the health and financial viability including its ability by having sufficient balances in the "retained earnings", mere year end cash and bank balances are insufficient (and irrelevant) to accurately establish and verify the fact whether, after disbursement through remittances of the lions share of the available cash of HME in any given year as gifts to Respondent No. 1, there was enough working capital left to sustain and operate the usual business of HME.

b. Similarly, the "yearly net profit after tax" is certainly not a substitute for the "yearly retained earning" position of a business entity. The "retained earning position" reflects the cumulative position of the undistributed profits net of the accumulated losses, if any, as of a particular date. A business cannot distribute profits to the owners unless there is a balance available here. The HME Cash and Profit Statement, in other words, simply does not contain all of the necessary and relevant information and figures to enable due and proper verification of facts. The information is incomplete and inapt for the purpose for which it has ostensibly been submitted.

c. It is pertinent to note that while Respondent No.1 has shown these remittances were received as gifts from his son Respondent No.7, the records obtained from Respondent No.1 bank accounts in Pakistan ***(Annexure V)*** revealed that the above

remittances included the payments made from the accounts of HME; a business entity8 as opposed to Respondent No. 7 personally.

d. Respondent No. 7, was unable to produce any banking record or relevant documents of the source at KSA, which may shed light on the so called huge gifts given to Respondent No.1.

e. Starting from year 2010, Respondent No.1 is receiving gifts and remittances from his son Respondent No.7 and his business entity i.e. HME from KSA. Up to May 2017, Respondent No.1 received Euro 1.267 million and US$ 10.148 million from Respondent No.7 and HME. The Rupee equivalent of these foreign currency receipts, come to around Rs.1.166 billion. In addition, to these, Respondent No. 7 also made remittances of around Rs.69.228 million to, his sister, Respondent No.6 from HME in 2008 and 2009.

f. As per statement of Respondent No.7 in CMA 432/17 the amounts were gifted by him to Respondent No.1 so as to free his father from any financial constraints, given his full time involvement in politics. However the scrutiny of Respondent No.1, bank records in Pakistan, revealed that more than 70% of the gifts received by Respondent No.1, were in turn gifted to Respondent No.6 as gifts. Moreover a substantial amount of Rs.100 million was given as donation to PML (N) in 2013. Moreover, approximately 25% of the "gifts" received from Respondent No.7 were withdrawn in cash by Respondent No.1.

g. Most significantly, around 88% of total net profit earned by HME during 2010 to 2015 was remitted as "gifts" to Respondent No. 1 directly from a bank account of HME or through Respondent No. 7. Since 88% of the total net profit, during the six years from 2010 to 2015 by HME was transferred to Respondent No. 1, it left just 12% for the purported sole owner i.e. Respondent No 7, based in the KSA to maintain and support his lifestyle and that of his immediate family. This figure of 89% give rise to a strong presumption or inference that in substance and in reality, the Respondent No. 1 has a beneficial and proprietary interest in HME. This view is further buttressed and reinforced if consideration and weight is given to the source documents: (a) at ***Annexure N***, being (an unsigned) copy of instructions dated 20-9-2010 issued by Respondent No. 1 to the "Private Banking" section of Al Raji Bank, Jeddah in terms of which the Respondent No. 1 is instructing "immediate" transfer of an amount of SAR 750,000 from his account No. 462 60801 3344552 to the

[8] HME as aforesaid is described in the SIDF loan documents as a "sole proprietorship" under the laws of KSA.

account of Respondent No. 7 also maintained with Al Raji Bank; and (b) at ***Annexure O***, being (an unsigned) copy of instructions dated 20-9-2010 issued by Respondent No. 7 to Al Raji Bank instructing transfer of SAR 750,000 from the account of Respondent No. 7 to the account of HME maintained with Al Raji Bank. These two documents, if accepted, establish a direct nexus and link between HME and the Respondent No. 1 in which Respondent No. 7 is being employed as a conduit and give much credence to the view that the Respondent No. 1 has significant beneficial interest in HME and that, contrary to the claimed position, Respondent No. 7 is not the true and sole owner of HME but a nominee or ostensible owner only with limited, if any, actual beneficial interest in HME.

h. Another source document being the Management Report of HME ***(Annexure O)*** for the quarter ended 31-3-2010 establishes that "after a long period of stress and strained performance" HME "finally came out of the red" in this quarter for the first time. Accordingly, this also creates doubts about the claimed success and profitability of HME to such as level as to enable it to remit an amount equivalent to Rs. 1,165.655 million over a period of six years.

i. Yet another factor which tends to throw the claimed source of the funds which were remitted as gifts to Respondent No. 1 (i.e. profits of HME) into serious doubt are, amongst others, the express restrictive covenants contained in the SIDF Loan Agreement dated 3-1-2010 expressly restrict maximum dividend to "the lessor of 25% of the paid in capital" or the total repayment of installments during the same fiscal year". An identical covenant is also found in the second SIDF Loan Agreement dated 2-7-2012. Moreover, even the maximum annual capital expenditure is also capped by a covenant. In terms of Clause 9, HME is even restricted from creating any encumbrance on the revenue or assets of HME without the prior approval of SIDF. It is axiomatic that the quantum of funds of HME claimed to have been 'gifted' to Respondent No. 1 would, if true, result in default by HME under the SIDF Loan Agreements. Accordingly, this factor too, tends to call into question the veracity of the claimed source of the 'gifts' remitted to Respondent No. 1 from KSA.

j. A total amount of Rs.1,165 million was sent by Respondent No.7 to Respondent No.1 as gifts and remittances from 2010 till May 2017. Out of this amount, Rs.822.725 million were gifted by Respondent No.1 to Respondent No.6 during the same period. Apparently, Respondent No. 6 used the gifts received to acquire land.

The declared land holding of Respondent No.6 increased from zero in 2010 to Rs.804.424 million in 2016 as per her tax returns filed with FBR. During 2008-2009, an amount of Rs.69.228 million was directly remitted by HME to Respondent No.6.

k. Rs.45 million were transferred from PML(N) account to Respondent No.1 on 10-6-2013 and considerations against this payment were not available on record.

l. The amounts of gifts received by Respondent No.1 significantly increased after 2012-13.

1. **Conclusion.** The evidence brought on record by the Respondent, at best, is selective, incomplete, partial and inconclusive to form an objective conclusion by JIT on the veracity of the stance taken. In any case, if the SIDF loan agreements are taken at their face value, Respondent No. 7 did not produce any evidence or means establishing his personal capacity of meeting the SAR 90.4 M equity requirement as his share in the sale proceeds of Al Azizia Steel Company fell well short of this requirement.

2. Despite repeated requests, Respondent No. 7 did not produce the relevant corporate/business records. It is therefore not possible to ascertain:

a. The legal status of Hill Metals Establishment (HME) whether it's a sole proprietorship, partnership or a company limited by shares.

b. The sole beneficial status of Hussain Nawaz Sharif; whether he is the only owner, partner or in case of a limited company the only shareholder.

c. The actual equity injected in HME and the banking records showing that he has the means to inject that equity.

d. Though, the SIDF loan agreements clearly stipulate that HME has to get its accounts duly audited every year, the Respondent did not produce the audited financial statements, repeatedly requested by JIT. In the absence of audited financial statements since establishment of HME in 2006 to date it is not possible to quantify and place a monetary value on :

(1) Owner's equity injection.

(2) Actual status of borrowings from SIDF; the project financier.

(3) Borrowings from friends and business associates.

(4) Borrowings from National Commercial Bank, Saudi Arabia.

(5) Borrowings from other commercial banks in Saudi Arabia.

(6) Operating results after HME went into commercial operations.

JOINT INVESTIGATION TEAM
PANAMA CASE

3. Respondent No. 7, in the light of above, was found not to be forthcoming with truthful disclosure as to the sources and actual utilization of the funds and could not therefore establish the lawful means for his ownership of HME.

16. Similarly as regards the gifts extended, it is not possible to conclusively comment on the financial health of HME and its ability to extend such lavish gifts in the absence of the relevant corporate/business and banking records.

17. Therefore, in the absence of audited financial statements since establishment of HME till to date, it is not possible to conclusively quantify and place a monetary value on:

a. Owner's equity injection and status of the Retained Earning's from where the possibility of sending large monetary gifts can be established.

b. Operating results after HME went into commercial operations.

c. Accounting treatment and disclosure of the amounts remitted as gifts to Respondent No. 1 in the financial statements. This is essential in terms of understanding the nature of remittances. Whether they were owner's share of profit or shown as an expense in the books of accounts? If they were an expense eg. Fee or Commission than in that case Respondent No.1 who is a tax payer in Pakistan would be liable to all the applicable taxes.

   (1) Whether the cash flows of the HME support the payments of gifts to Respondent No. 1.

   (2) Whether the retained earnings account balances support the payments of gifts to Respondent No. 1 and are in compliance with the loan covenants entered into with the lenders of HME, in particular, SIDF.

d. The pattern and the manner in which these remittances were made by between 2010 till May 2017 by Respondent No. 7 to Respondent No. 1, prima facie cannot be characterized as gifts from a son to a father. They keep coming at regular intervals, at times on a monthly basis, as if they were a regular source of income, without which, Respondent No. 1 would not be able to maintain his livelihood.

e. Respondent No. 1 on the other hand, recipient of these ostensible gifts, given to him "to free him from any financial constraints, given his full time involvement in politics", utilizes these hefty remittances in making equally hefty gifts to his daughter i.e. Respondent No. 6 who goes on to acquire huge land holdings to "equitably strengthen her financial position".

f. During the six years 2010 to 2015, 23 remittances, aggregating to US $ 8,913,301 million were made. The annual amounts of remittances bore no correlation with the profits of HME in that year. For example the Net Profit for the Year 2010 was US 588,589 but the remittance for that year was US $ 1,718,500. Similarly US $ 2,161,416 were remitted in the year 2015 in which HME incurred a loss of US $ 1,576,688.

g. On the basis the Aldar Audit Bureau's Statement produced by Respondent No 7 and the disclosure of Remittances Received in the Tax Returns and the entries in the bank statements of Respondent No. 1, it transpires that almost 88% of the total net profit made, during the six years from 2010 to 2015, by HME was transferred to Respondent No. 1. Leaving just 12% remaining profits for the purported sole owner i.e. Respondent No 7, based in the KSA to maintain and support his affluent lifestyle and that of his immediate family. The sheer quantum of the profits going to Respondent No. 1 in actual effect make him the significant beneficial owner of the business, ostensibly owned by his son – Respondent 7, practically reduced to the status of his *Benamidar*.

## QUESTION

**How did Hill Metals Establishment come into existence?**
**Where did the working capital come from?**

1. Hill Metals Establishment (HME) came into existence from funding from the following sources:
   a. Sponsor funding (HNS)
   b. Short term funding from friends and business associates.
   c. Saudi Industrial Development Fund (SIDF), a KSA Government Development Financial Institution in Saudi Arabia.
   d. National Commercial Bank, Saudi Arabia, the largest commercial bank in the region.
   e. Other Commercial Banks in Saudi Arabia.

2. The funds provided by the Sponsor were sourced from the sale proceeds of Al-Azizia Steel Company Limited (ASCO). ASCO was sold in 2005 by way of Agreement on 20th March 2005 between ASCO and the Al-Tuwarqi Group Of Companies, KSA.
   (Agreement Annexed)

3. The total amount of Sale proceeds were SR 63.100 million equivalent to USD 16.827 million. Pay orders in favor of ASCO are listed below and attached as Annexed.

4. The SIDF sanctioned a Project Loan of SR 149.4 million(USD 39 m) for HME as evidenced by the Loan Agreements Annexed. This loan was used for project funding.
5. Working Capital Loans of HME were sanctioned by the following Banks in Saudi Arabia.

| Bank | Amount | |
|---|---|---|
| Al- Rajhi Bank | SR 35 million | 2008 |
| Bank Muscat | SR 40 Million | 2013 |

BETWEEN:

**Al Azizia Steel Company Limited,** (the ***Seller)*** a private company limited by capital, incorporated in Saudi Arabia whose head office 104086 Jeddah 21331. The Seller is the sole legal and beneficial owner of the Properties and Assets.

AND

**Al-Ittefaq Steel Product Company Limited,** (the ***Purchaser***) a private company limited by capital, part of the Al-Tuwairqi Group of Companies, incorporated under the laws of Saudi Arabia whose Head office is at P.O. Box 2705, Dammam 31461.

WHEREAS:

(A) The Seller has agreed to sell, and the Purchaser has agreed to purchase the Assets and Properties on the terms and subject to the conditions set out in this agreement.

(B) Words and expressions used in this agreement shall have the meanings set out in Schedule 7 unless the context otherwise requires.

IT IS AGREED as follows:

1.0 SALE AND PURCHASE

1.1 Subject to and in accordance with this agreement the Seller shall sell and transfer, and the Purchaser shall purchase, the Properties and Assets with effect from Closing on terms that the same covenants shall be deemed to be given by the Seller on Closing in relation to the Properties and Assets set out in Schedule 4 and 5.

2. PRICE

2.1. The total price for the Properties and Assets shall be SAR 63,100,000 (SIXTY THREE MILLION ONE HUNDRED THOUSAND SAUDI RIYALS), less the sum of SAR 20,630,000 (TWENTY MILLION SIX HUNDRED THIRTY THOUSAND SAUDI RIYALS) representing the first Tranche drawn down under the Loan Agreement.

2.2. The Purchaser shall, immediately upon signing this contract, deposit in the view of payment SAR 42,470,000 (FORTY TWO MILLION FOUR HUNDRED SEVENTY THOUSAND SAUDI RIYALS) by two certified cheques of equal amounts to the Escrow Agent. Within one week of the signing of the present agreement, further certified cheque(s) for the amount of SAR 20,630,000.

(TWENTY MILLION SIX HUNDRED THIRTY THOUSAND SAUDI RIYALS) shall be deposited with the Escrow Agent but shall only become payable in the event that the Loan Agreement is not assigned to the Purchaser.

## 3.0 UNDERTAKINGS OF THE PARTIES

3.1. The parties undertake to submit a joint application to the SIDF for the assignment of the Loan Agreement to the Purchaser and it shall be the sole responsibility of the Purchaser to follow up such application and comply with ensuing formalities. The Seller shall, wherever necessary, provide reasonable assistance to the Purchaser in this regard.

3.2. In the event the Loan Agreement is successfully assigned to the Purchaser, and the Seller and guarantors are fully released from all obligations under the Loan Agreement, then the Escrow Agent shall return, on Closing, the certified cheque(s) of SAR 20,630,000 (TWENTY MILLION SIX HUNDRED THIRTY THOUSAND SAUDI RIYALS) in its possession to the Purchaser. Consequently, the Purchaser shall assume the liabilities under the Loan Agreement and any Encumbrances over the Assets and Properties in favour of the SIDF.

3.3. In the event that the Loan Agreement is not assigned for any reason whatsoever, the Seller shall then take all measures it feels are appropriate for the transfer of the Properties and Assets free from all Encumbrances. Upon receipt of evidence that the titles of ownership relating to the Properties and Assets were transferred into the name of the Purchaser or its nominee, clear of all Encumbrances, the Escrow Agent shall then remit, on Closing, to the Seller, payment of the full amount of the Purchase price, amounting to SAR 63,100,000 (SIXTY THREE MILLION ONE HUNDRED THOUSAND SAUDI RIYALS).

3.4. The Seller and the Purchaser shall collaborate in all procedures necessary for the transfer of the Assets and Properties' ownership, and meet their respective obligations under this contract.

3.5. The Purchaser realizes, having been explained the same by the Seller, that all necessary approvals, permissions, entitlements, licenses etc. including but not limited to the allocation of power by the Saudi Electricity Company and building permissions from the relevant municipalities, pertaining to the Properties and Assets vested in the Seller. However, the Purchaser shall, in its sole discretion, purchase the Assets on the basis that no liability or responsibility of any kind shall be attributable to the Seller, under any circumstances, with respect to the consequences of any application to the relevant authorities for the transfer of such approvals, permissions, entitlements, licenses etc. to the Purchaser or any third party thereof.

3.6. All vehicles belonging to the Seller shall not form part of this agreement and shall continue to remain the property of the Seller after Closing.

3.7. The parties shall provide each other within a week of the signing of the present agreement, with a resolution passed unanimously by their shareholders approving the terms and conditions contained herein.

4. CLOSING

4.1 Closing shall occur when the Escrow Agent obtains the transfer of the titles pertaining to the Properties and Assets into the Purchaser's name or its nominee, and remits the certified cheques in accordance with Sections 3.2 and 3.3.

Closing never occurred

4.2 At Closing, the Seller shall hand over possession of the Properties and Assets to the Purchaser and the Purchaser shall take possession.

5.0 WARRANTIES AND INDEMNITIES

5.1 The Parties represent and warrant to each other as at the date of this agreement in the terms of the Warranties set out in Schedules 1 and 2. The Warranties set out in the separate paragraphs of Schedules 1 and 2 shall be separate and independent and (except as expressly otherwise provided) no Warranty shall be limited by reference to any other Warranty.

Warranties Schedule 1 & 2

5.2 The parties entered into this agreement on the basis of and in reliance upon the Warranties provided by each other.

5.3 The parties undertake to notify each other in writing promptly if they become aware of any circumstance arising after the date of this agreement which would cause any Warranty (if the Warranties were repeated with reference to the facts and circumstances then existing) to become untrue or inaccurate or misleading.

Change in warranties to be notified

5.4 Subject to other provisions of this Agreement, the Seller undertakes to the Purchaser to indemnify and hold harmless the Purchaser against any and all reasonable costs suffered or incurred by the Purchaser to the extent that any of the same arise or result from any Encumbrance over the Properties and Assets where such Encumbrance is not fully released and discharged by Closing.

Seller to be liable if Encumbrance encountered

6.0 THE PARTIES RIGHT TO TERMINATE

6.1 If at any time before Closing:

(a) any Material Adverse Change occurs; or

(b) there is a material breach of any of the Warranties as given on the date of this agreement;

7.0 INSURANCE

The Seller shall, continue in force and comply with all/ any policies of insurance in respect of the Company's business and assets until (and including) the Closing date which thereafter the Purchaser shall be responsible for insurance cover of the Properties and Assets.

8.0 FORCE MAJEURE

For the purposes of this Contract, "*force majeure*" shall mean the parties shall not be liable for delay in performing or for failure to perform their obligations if the delay or failure results from any of the following: (i) Acts of God, (ii) outbreak of hostilities, riot, civil disturbance, acts of terrorism, (iii) the act of any government or authority (including revocation of any license or consent), (iv) fire, explosion, flood, fog or bad weather, (v) any cause or circumstance whatsoever beyond the reasonable control of each party.

The Parties must promptly inform each other of the occurrence of one of the above acts or events.

9.0 FURTHER ASSURANCES

9.1 Each of the parties agrees to perform (or procure the performance of) all further acts and things and execute and deliver (or procure the execution and delivery of) such further documents, as may be required by law or as may be necessary or reasonably required to implement and give effect to this agreement for the purpose of vesting in the Purchaser the full benefit of the Properties, Assets, rights and benefits to be transferred to the latter (including the execution of all deeds and documents, procuring the convening of all meetings, the giving of all necessary waivers and consents and the passing of all resolutions and otherwise exercising all powers and rights available to them).

9.2 In the absence of specific agreement to the contrary, each party shall be responsible for its own costs and expenses incurred in giving effect to the provisions of clause 9.1

9.3 Except as otherwise provided in this agreement, each of the Seller and the Purchaser shall be responsible for its own costs, charges and other expenses (including notarisation and/or registration fees) incurred in connection with the negotiation, preparation, entering into and completion of this agreement and the other Transaction Documents.

10.0 NOTICES

## 11.0 CONFLICT WITH OTHER AGREEMENT

In the event of any conflict between this agreement and any other agreement relating to the Proposed Transaction (including any Local Agreement), this agreement shall prevail (as between the parties to this agreement unless;

(a) Such other agreement expressly states that it (or any part of it) overrides this agreement in any respect and the Seller and the Purchaser are either also parties to that other agreement or otherwise expressly agree in writing that such other agreement shall override this agreement in that respect; or

(b) The contrary is expressly provided elsewhere in this agreement.

## 12.0 ENTIRE AGREEMENT

12.1 This agreement and the other Transaction Documents set out the entire agreement and understanding between the parties in respect of the sale and purchase of the properties and assets. This agreement supersedes all prior agreements, understandings or arrangements. It is agreed that:

(a) No party has entered into this agreement or any other Transaction Document in reliance upon, nor shall any party have any claim or remedy in respect of, any statement, representation, warranty, undertaking, assurance; collateral contract or other provision made by or on behalf of any other party other than those expressly set out or referred to in this agreement or any other Transaction Document; and

(b) Except for any liability which a party has under or in respect of any breach of this agreement or any of the other Transaction Documents, no party shall owe any duty of care or have any liability in tort or otherwise to any other party in respect of, arising out of, or in any way relating to the Proposed Transaction.

12.2 This clause 12 shall not exclude any liability for, or remedy in respect of, fraudulent misrepresentation.

## 13.0 WAIVERS, RIGHTS AND REMEDIES

13.1 No failure or delay by the Parties in exercising any right or remedy provided by law or under or pursuant to this agreement or any of the Transaction Documents shall impair such right or remedy or operate or be construed as a waiver or variation of it or preclude its exercise at any subsequent time and no single or partial exercise of any such right or remedy shall preclude any further exercise of it or the exercise of any other remedy.

13.2 The rights and remedies of the Parties under or pursuant to this agreement and under or pursuant to the other Transaction Documents are cumulative, may be exercised as often as they considers appropriate and are in addition to their respective rights and remedies under general law.

13.3 The rights and remedies of the Purchaser under this agreement shall not be affected, and the liabilities of the Seller under this agreement shall not be released, discharged or impaired, by (i) Closing, (ii) any investigation made into the affairs of the Seller or any knowledge held or gained of any such affairs by or on behalf of the Purchaser (except, in respect of the Warranties only), (iii) subject to compliance with the notice requirements in the expiry of any limitation period prescribed by law in relation to a Claim, or (iv) any event or matter whatsoever, other than a specific and duly authorised written waiver or release by the Purchaser.

**14.0 GENERAL**

14.1 Notwithstanding Closing:

(a) Each provision of this agreement and the other Transaction Documents not performed at or before Closing but which remains capable of performance;

(b) The Warranties; and

(c) All covenants, indemnities and other undertakings and assurances contained in or entered into pursuant to this agreement or the other Transaction Documents;

Shall remain in full force and effect and (except as otherwise expressly provided).

14.2 This agreement may be executed in any number of copies and by the parties to it on separate counterparts, each of which is an original but all of which taken together shall constitute one and the same instrument.

14.3 No amendment, variation or waiver of this agreement (or of any of the other Transaction Documents) shall be valid unless it is in writing and duly executed by or on behalf of all of the parties to it. The expression ***variation*** shall include any variation, supplement, deletion or replacement howsoever effected. Unless expressly agreed, no variation shall constitute a general waiver of any provision of this agreement, nor shall it affect any rights, obligations or liabilities under or pursuant to this agreement which have already accrued up to the date of variation, and the rights and obligations under or pursuant to this agreement shall remain in full force and effect, except and only to the extent that they are specifically varied.

14.4 Each of the provisions of this agreement and the other Transaction Documents is severable. If any such provision is held to be or becomes illegal, invalid or unenforceable in any respect under the law of any jurisdiction;

(a) So far as it is illegal, invalid or unenforceable, it shall be given no effect and shall be deemed not to be included in this agreement or the relevant Transaction Document but it shall not affect or impair the legality, validity or enforceability in that jurisdiction of any other provisions of this agreement or the relevant Transaction Document (or of the provisions of this agreement or that other Transaction Document in any other jurisdiction); and

JOINT INVESTIGATION TEAM
PARLIAMENT

NOW IT IS HEREBY AGREED as follows: -

**Clause 1.(Firstly) : The introduction of this agreement will be considered an integral part of it.**

**(Secondly) DEFINITIONS AND INTERPRETATION**

(1) The main terms used in this agreement, will unless otherwise explicitly contradicting with the context mean :-

(A) "Business Day" means any day other than Thursday, Friday and the official holidays in Saudi Arabia.

(B) "Drawdown Period" means the period commencing on the date hereof and ending on the Drawdown Termination Date (stated on page 1) both dates inclusive.

(C) "Loan" means the aggregate principal amount borrowed hereunder and for the time being outstanding.

(D) "Mortgage Note" means the Mortgage Note in the form annexed hereto (Exhibit C).

(E) "Note" or "Notes" means the Order Note or Notes executed by the Borrower delivered pursuant to the Fund pursuant to this Agreement in the form annexed hereto (Exhibit B).

(F) "Office of the Fund" means the office of the Fund in Riyadh, Saudi Arabia.

(G) "Project" means the project described in Exhibit A hereto and "Project Description" means such description in the said Exhibit A.

(2) In this Agreement, unless the context otherwise dictates, words denoting the singular shall include the plural and *vice versa*, words denoting any gender shall include the other gender and the headings herein are for the purpose of reference only and shall not affect the construction hereof

**Clause 2. AGREEMENT**

Upon and subject to the terms and conditions of this Agreement, the Fund agrees to lend and the Borrower agrees to borrow, an aggregate principal amount of up to but not exceeding the Maximum Loan stated on page 1. There is no obligation on the Fund's part to disburse the entire amount of the loan unless the terms and conditions regarding disbursement have been complied with.

In this regard the Fund has the right either to suspend the loan disbursement until the Borrower fulfills the Fund's required conditions to accept the financeable costs or to reduce the loan to the limit of such accepted costs.

**Clause 3. DRAWDOWN**

(1) Disbursement will be made from time to time to compensate the Borrower for project costs incurred and paid all in accordance with the Fund's disbursement policies. The Fund shall be satisfied that the costs incurred by the Borrower are true and valid.

(2) The Borrower should, wherever he decides to draw a portion of the loan amount subject to the terms and conditions of this agreement, send to the Fund, five Business days before the date he propose for such a drawing, within the Draw-dawn period, a written notice, by mail, Fax or telex, valid on delivery, setting forth the amount and date proposed for such drawing.

(3) Each drawing shall be paid by the Fund against the issue and delivery by the Borrower in favor of the Fund of a Note in an amount equal to the drawing concerned and with a maturity falling on the Drawdown Termination Date stated on page 1. Such Notes are hereinafter called "the Interim Notes" Upon the Drawdown Termination Date each Interim Note shall be surrendered at the Office of the Fund and cancelled against issue and delivery by the Borrower in favor of the Fund of a series of Notes ("the Final Notes") which remain in the Fund's possession with aggregate face value equal to the aggregate face value of the surrendered Interim Notes and such series of Final Notes being in amounts and with maturities corresponding precisely to the repayment installments on the Loan to become due under Clause 4 below

Clause 4. REPAYMENT

The Borrower will repay the aggregate principal amount of the Loan outstanding at the expiration of the Drawdown Period on installments on the dates and in the amounts shown on page 2, each such payment being made against surrender of the Final Note maturing on that date, provided that the amounts so shown shall be reduced ***pro rata*** in the event that the Maximum amount of the Loan is not drawn or the Loan outstanding is reduced by one or more prepayments during the Drawdown Period.

Clause 5. PREPAYMENT ( FREMATURED PAYMENT )

The Borrower may on any Business Day prepay the Loan in whole or in part without any penalty. However, amounts so prepaid may not be reborrowed hereunder. Such amounts prepaid during the Drawdown Period shall be applied *pro rata* against the repayment installments referred to in Clause 4 above but such amounts prepaid after the Drawdown Period shall be applied against such installments in inverse order of maturity. Each prepayment shall be made against surrender and cancellation of such Interim or Final Notes as may be appropriate, and if the prepayment covers part only of any Note (whether Interim or Final) the Borrower shall at the time of making the payment, issue and deliver to the Fund a substitute Note for the part not so covered.

Clause 6. ENCOURAGING THE PRIVATE SECTOR

The Borrower shall, during the construction phase of the project and later during the production phase until full repayment of the Fund's loan observe and comply with the following:

(1) Purchase all building materials and equipment required for the project from Saudi Manufacturers whenever locally available, in accordance with offers presented and approved in the Project's Study.

(2) Award supervision on all or portions of construction of the project and preparation of needed technical studies to Saudi Consulting Firms, as much as if technical expertise is available at such firms.

(3) Retain only licensed Saudi Certified Accountants to review and prepare its project's financial statements

Clause 7. PAYMENTS

(7) **Insurance**

The Borrower shall take out and maintain at its own expense with insurers acceptable to the Fund such insurance's in such amounts against such risks and with only such restrictions and exclusions as may be satisfactory to the Fund. The policies relating to the said insurance's shall contain or be endorsed with loss payee clauses in favour of the Fund if so requested by the Fund and such policies together with the premium receipts and any insurance certificates shall on demand be available for the Fund to inspect and take copies In the event of any sums of money being received under any insurance in respect of any of the property and assets of the Borrower such sums shall be applied in replacing, restoring or reinstating the property or assets destroyed or damaged unless the Fund otherwise direct in writing.

(8) **Rentals**

The Borrower shall not incur obligations in respect of leases or rents requiring expenditures during any financial year of the Borrower aggregating to more than the Maximum Rental Sum stated on the introduction;

(9) **Over obligation**

The Borrower shall not (other than as provided in the Mortgage Deed and unless otherwise consented to by the Fund) create, incur or suffer the existence of any mortgage, charge, lien, pledge or other encumbrance on any of its property, revenue or assets now owned or hereafter acquired;

(10) **Merger**

The Borrower shall not unless otherwise consented to by the Fund (a) merge or consolidate with or into any person or corporation (b) sell, lease, transfer or otherwise dispose of (whether by a single transaction or by a number of transactions, whether independent or consolidated) the whole or a substantial part of its project or (except in the ordinary course of trading) its assets, whether now owned or hereafter acquired; or (c) acquire or assume all or substantially all of the assets and/or liabilities of any person or corporate,

(11) **Substantial Changes**

The Borrower shall not make any substantial change in the Project as described in the Project Description without the written consent of the Fund;

(12) **Working Capital**

The Borrower shall at all times after the commencement of the commercial operation of the Project maintain a ratio of Current Assets of the Borrower to Current Liabilities of the Borrower of not less than the Working Capital Ratio stated on the introduction. For this purpose "Current Assets" and "Current Liabilities" shall be determined in accordance with generally accepted accounting principles and practices consistently applied but also include any principal repayments on any indebtedness for borrowed money becoming due within 12 (twelve) months of the date when the accounts should be made (including repayments in respect of the Loan);

(13) **Total Liabilities to Tangible Net worth Ratio**

The Borrower shall at all times after the commencement of the commercial operation of the Project, maintain a ratio of Total Liabilities of the Borrower to Tangible Net Worth of

the Borrower of no more than Leverage Ratio stated on the introduction. For this purpose "Total Liabilities" shall mean all liabilities of the Borrower which would, in accordance with generally accepted accounting principles consistently applied, be classified as liabilities but specifically including full provision for all contingent liabilities but excluding any indebtedness of the Borrower subordinated in a manner satisfactory to the Fund. Also for this purpose "Tangible Net Worth" which shall be ascertained in accordance with generally accepted accounting principles consistently applied shall mean the current amount for the time being of the paid up share capital of the Borrower plus any indebtedness of the Borrower subordinated in a manner satisfactory to the Fund plus or minus the current amount represents balance of the Reserve Accounts and Profit and Loss Account of the Borrower minus any amount attributable to goodwill or other intangible assets or to the revaluation of assets;

(14) **Dividends & other distributions**

Dividends will be distributed after deducting the accumulated losses but the Borrower shall not declare, pay or make any dividend or other distributions of a similar nature to its shareholders except in the following cases :-

(A) If an event of default as specified in Clause 11 below or an event which with the giving of notice, lapse of time or other conditions would constitute such an event of default has occurred and is continuing; or

(B) Prior to the first maturity under Clause 4 above of a Final Order Note; or

(C) If and to the extent that the aggregate amount of all such payments, dividends and distributions in relation to any financial year of the Borrower (the "Relevant Year") exceeds the aggregate of (1) the Maximum Dividend percentage (stated on the introduction) of the paid up share capital of the Borrower at the end of its preceding financial year and (2) an amount equal to any prepayment made to the Fund in the Relevant Year under Clause 5 above.

(15) **Capital Expenditure**

The capital expenditures by the Borrower in any financial year after the year in which commercial operation of the Project commences shall not exceed the Maximum Capital Expenditure stated on the introduction;

(16) **Management**

The Borrower will at all times maintain management level acceptable to the Fund.

(17) **Change of Entity or Proprietorship**

No change in the legal entity of the Borrower or the persons constituting the Borrower shall occur without the prior written consent of the Fund.

## Clause 11. EVENTS OF DEFAULT

The Borrower will be considered defaulting, if any of the following events set forth hereinafter shall occur, and any of them will be deemed as an "event of default":-

(1) Default by the Borrower in the payment, when due, of any principal in respect of the Loan or the Order Notes or other amount payable hereunder.

(2) Default by the Borrower in the performance of observance of any provisions contained herein or in the Order Notes (not being a default within paragraph (1) of this Clause) or in the Mortgage Note, provided that in any such case in which the default is in the opinion of the Fund liable to prompt remedy but not have been remedied within a period of 30 (thirty) days after notice to the Borrower requiring such remedy;

(3) Any presentation or warranty made by the Borrower hereunder or in the Order Notes or the Mortgage Note or in any statement or certificate furnished pursuant to this loan Agreement or these documents shall prove to have been incorrect in any material respect;

(4) Any indebtedness for money borrowed or for a deferred purchase price of property for which the Borrower is or may become liable, as principal obligor, guarantor or otherwise, becomes due and payable or is liable of being declared due and payable prior to its stated maturity or any such indebtedness not paid on the stated maturity or at the expiration of any applicable grace period therefore;

(5) The Borrower shall *(a)* apply for or consent to the appointment of a receiver, trustee or liquidator of itself, or of its property, *(b)* be unable, or admit in writing its inability to pay its debts as they mature; *(c)* make a general assignment for the benefit of creditors; *(d)* be adjudicated as bankrupt or insolvent; or *(e)* have a liquidator or other guardian of the Borrower appointed; (f) file a voluntary petition in bankruptcy; or (g) the Borrower ceases individually or collectively, to be partner or sole proprietor as the case may be without the consent of the Fund, such consent not to be unreasonably withheld;

(6) The Project shall be abandoned at any time or commercial operation of the Project shall not commence prior to the Operation Date stated on the introduction;

Therefore, and in any such event, the Fund may, immediately terminate its obligations of the Fund hereunder, by Mail, Cable, Telex or Facsimile Notice to the Borrower, declaring the Loan hereunder and under the Order Notes (to be forthwith) payable by the Borrower, whereupon all other amounts matured under this agreement and other related documents shall be forthwith due and payable, without need to further demand, to the Borrower or before any competent authority, protest or other notice whatsoever, as all of claim these are hereby waived by the Borrower.

## Clause 12. JURISDICTION AND APPLICABLE LAW

This agreement, the Order Notes and the Mortgage Deed are subject to, governed by and shall be construed in accordance with both the substantive and procedural laws and regulations of the Kingdom of Saudi Arabia. The Saudi courts of justice shall be the only competent courts to deal with any question arising from this Agreement, the Order Notes or the Mortgage Deed; except on occurrence of any of the events of default provided in Clause-11 herein where the Fund shall collect the amount of the loan pursuant to the "Public Funds Collection Act' and the preceding and subsequent amendments thereto or any other Regulations as may be decided by the Fund".

## Clause 13. MISCELLANEOUS

(1) No failure on the part of the Fund to exercise, and no delay in exercising or partial exercise of, any right hereunder or under the Order Notes or the Mortgage Note shall operate as a waiver thereof. The remedies provided herein and therein are cumulative and not exclusive of any remedies provided by law or regulation

(2) Except as otherwise specified herein, all notices, requests and demands shall be deemed to have been sufficiently given to or made upon either party hereto by the other party when sent

by mail, full postage prepaid, addressed to such party at its address set forth above or at such other address with notified to the other party for the purpose of this paragraph.

(3) The Borrower hereby expressly consents and agrees that the books and records of the Fund (in addition to the executed outstanding Order Notes) shall at all times be conclusive evidence of the facts and matters stated therein with regard to the Loan.

(4) If any payment to be made by the Borrower shall become due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day.

(5) This Agreement shall be binding upon and shall exist for the benefit of the parties hereto and that of their respective heirs, successors and assigns, provided that the Borrower may not assign any of its rights or obligations hereunder without the prior written consent of the Fund.

(6) The Borrower agrees to pay all costs and expenses in connection with the preparation, execution, delivery and enforcement of this Agreement, the Order Notes and the Mortgage Deed including without limitation the performance of the Mortgage Deed and the furnishing of such documents, as the Fund may reasonably request.

(7) In the event of conflict between the Arabic and English versions of this Agreement, the Order Notes or the Mortgage Note the Arabic version shall in all cases prevail but the English version shall be used to assist in any interpretation.

NOW IT IS HEREBY AGREED as follows: -

**Clause 1.(Firstly) : The introduction of this agreement will be considered an integral part of it.**

**(Secondly) DEFINITIONS AND INTERPRETATION**

(1) The main terms used in this agreement, will unless otherwise explicitly contradicting with the context mean :-

(A) "Business Day" means any day other than Thursday, Friday and the official holidays in Saudi Arabia.

(B) "Drawdown Period" means the period commencing on the date hereof and ending on the Drawdown Termination Date (stated on page 1) both dates inclusive.

(C) "Loan" means the aggregate principal amount borrowed hereunder and for the time being outstanding.

(D) "Mortgage Note" means the Mortgage Note in the form annexed hereto (Exhibit C).

(E) "Note" or "Notes" means the Order Note or Notes executed by the Borrower delivered pursuant to the Fund pursuant to this Agreement in the form annexed hereto (Exhibit B).

(F) "Office of the Fund" means the office of the Fund in Riyadh, Saudi Arabia.

(G) "Project" means the project described in Exhibit A hereto and "Project Description" means such description in the said Exhibit A.

(2) In this Agreement, unless the context otherwise dictates, words denoting the singular shall include the plural and *vice versa*, words denoting any gender shall include the other gender and the headings herein are for the purpose of reference only and shall not affect the construction hereof.

**Clause 2. AGREEMENT**

Upon and subject to the terms and conditions of this Agreement, the Fund agrees to lend and the Borrower agrees to borrow, an aggregate principal amount of up to but not exceeding the Maximum Loan stated on page 1. There is no obligation on the Fund's part to disburse the entire amount of the loan unless the terms and conditions regarding disbursement have been complied with.

In this regard the Fund has the right either to suspend the loan disbursement until the Borrower fulfills the Fund's required conditions to accept the financeable costs or to reduce the loan to the limit of such accepted costs.

**Clause 3. DRAWDOWN**

(1) Disbursement will be made from time to time to compensate the Borrower for project costs incurred and paid all in accordance with the Fund's disbursement policies. The Fund shall be satisfied that the costs incurred by the Borrower are true and valid.

(2) The Borrower should, wherever he decides to draw a portion of the loan amount subject to the terms and conditions of this agreement, send to the Fund, five Business days before the date he propose for such a drawing, within the Draw-dawn period, a written notice, by mail, Fax or telex, valid on delivery, setting forth the amount and date proposed for such drawing.

(3) Each drawing shall be paid by the Fund against the issue and delivery by the Borrower in favor of the Fund of a Note in an amount equal to the drawing concerned and with a maturity falling on the Drawdown Termination Date stated on page 1. Such Notes are hereinafter called "the Interim Notes". Upon the Drawdown Termination Date each Interim Note shall be surrendered at the Office of the Fund and cancelled against issue and delivery by the Borrower in favor of the Fund of a series of Notes ("the Final Notes") which remain in the Fund's possession with aggregate face value equal to the aggregate face value of the surrendered Interim Notes and such series of Final Notes being in amounts and with maturities corresponding precisely to the repayment installments on the Loan to become due under Clause 4 below.

JOINT INVESTIGATION TEAM PANAMA CASE

**Clause 4. REPAYMENT**

The Borrower will repay the aggregate principal amount of the Loan outstanding at the expiration of the Drawdown Period on installments on the dates and in the amounts shown on page 2, each such payment being made against surrender of the Final Note maturing on that date, provided that the amounts so shown shall be reduced *pro rata* in the event that the Maximum amount of the Loan is not drawn or the Loan outstanding is reduced by one or more prepayments during the Drawdown Period.

**Clause 5. PREPAYMENT ( PREMATURED PAYMENT )**

The Borrower may on any Business Day prepay the Loan in whole or in part without any penalty. However, amounts so prepaid may not be reborrowed hereunder. Such amounts prepaid during the Drawdown Period shall be applied *pro rata* against the repayment installments referred to in Clause 4 above but such amounts prepaid after the Drawdown Period shall be applied against such installments in inverse order of maturity. Each prepayment shall be made against surrender and cancellation of such Interim or Final Notes as may be appropriate, and if the prepayment covers part only of any Note (whether Interim or Final) the Borrower shall at the time of making the payment, issue and deliver to the Fund a substitute Note for the part not so covered.

**Clause 6. ENCOURAGING THE PRIVATE SECTOR**

The Borrower shall, during the construction phase of the project and later during the production phase until full repayment of the Fund's loan observe and comply with the following:

(1) Purchase all building materials and equipment required for the project from Saudi Manufacturers whenever locally available, in accordance with offers presented and approved in the Project's Study.

(2) Award supervision on all or portions of construction of the project and preparation of needed technical studies to Saudi Consulting Firms, as much as if technical expertise is available at such firms.

(3) Retain only licensed Saudi Certified Accountants to review and prepare its project's financial statements.

**Clause 7. PAYMENTS**

All payments to be made by the Borrower hereunder shall be made in immediately available funds and in legal money of Saudi Arabia without any deduction or withholding whatsoever either to the Office of the Fund or (if the Fund shall from time to time so specify) to such bank account as may be so specified with direct telex/telegraphic or Fax advice to the Fund.

**Clause 8. CONDITIONS PRECEDENT**

The obligation of the Fund to make the Loan available hereunder is subject to the conditions precedent that the Fund shall have received all of the following in the form and substance satisfactory to the Fund.

(I) At or before signing this Agreement:

(A) A Copy of the Commercial Registration, Articles of Association and copy of the Industrial License for the Project or other corporate documentation of the Borrower as may be requested by the Fund;
